

PRELIMINARY OFFICIAL STATEMENT DATED OCTOBER 1, 2025

NEW ISSUE - FULL BOOK-ENTRY

RATING: Moody's: "Aa2"

See "RATING" herein.

In the opinion of Jones Hall LLP, San Mateo, California, Bond Counsel, subject, however to certain qualifications described herein, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax, and such interest may be subject to the corporate alternative minimum tax. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes. See "TAX MATTERS."

\$11,000,000*

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT **(Santa Cruz County, California)** **2025 Refunding General Obligation Bonds**

Dated: Date of Delivery

Due: As shown on inside front cover.

Authority and Purposes. The above-captioned bonds (the "Bonds") of the Scotts Valley Unified School District (the "District") of Santa Cruz County (the "County"), State of California (the "State") are being issued pursuant to applicable provisions of the State Government Code and a resolution of the Board of Trustees of the District adopted on March 11, 2025 (the "Bond Resolution"). The Bonds are being issued for the purpose of refinancing certain outstanding general obligation bonds of the District on a current basis, and to pay related costs of issuance. See "THE REFINANCING PLAN" and "THE BONDS – Authority for Issuance."

Security. The Bonds are general obligations of the District payable solely from *ad valorem* property taxes levied on taxable property within the District and collected by the County. The County Board of Supervisors is empowered and is obligated to annually levy *ad valorem* property taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). See "SECURITY FOR THE BONDS."

Payments. The Bonds are dated the date of delivery. The Bonds accrue interest at the rates set forth on the inside cover page hereof payable semiannually on each February 1 and August 1 until maturity or earlier redemption, commencing on February 1, 2026. Payments of principal of and interest on the Bonds will be paid by U.S. Bank Trust Company, National Association, Los Angeles, California, the designated paying agent, registrar and transfer agent (the "Paying Agent"), to DTC for subsequent disbursement to Direct Participants who will remit such payments to the beneficial owners of the Bonds. See "THE BONDS - Description of the Bonds."

Redemption.* The Bonds are subject to optional and mandatory sinking fund redemption prior to maturity as described herein. See "THE BONDS – Optional Redemption" and "-Mandatory Sinking Fund Redemption."

Book-Entry Only. The Bonds will be issued in book-entry form only and initially issued and registered in the name of Cede & Co., nominee of The Depository Trust Company ("DTC"). Purchasers will not receive physical certificates representing their interests in the Bonds. See "THE BONDS" and "APPENDIX F – DTC AND THE BOOK-ENTRY ONLY SYSTEM."

MATURITY SCHEDULE

(See inside cover)

Cover Page. This cover page contains certain information for general reference only. It is not a summary of all the provisions of the Bonds. Prospective investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The Bonds will be offered when, as and if issued, subject to the approval as to legality by Jones Hall LLP, San Mateo, California, Bond Counsel to the District, and subject to certain other conditions. Jones Hall LLP is also serving as Disclosure Counsel to the District. Aparicio Law, Pasadena, California, is serving as Underwriter's Counsel. It is anticipated that the Bonds, in book-entry form, will be available for delivery through the facilities of DTC, on or about October 22, 2025.*

GENERAL INFORMATION ABOUT THIS OFFICIAL STATEMENT

Use of Official Statement. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not a contract between any bond owner and the District or the Underwriter.

No Offering Except by This Official Statement. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or to make any representations other than those contained in this Official Statement and, if given or made, such other information or representation must not be relied upon as having been authorized by the District or the Underwriter.

No Unlawful Offers or Solicitations. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor may there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

Information in Official Statement. The information set forth in this Official Statement has been furnished by the District and other sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness.

Estimates and Forecasts. When used in this Official Statement and in any continuing disclosure by the District in any press release and in any oral statement made with the approval of an authorized officer of the District or any other entity described or referenced herein, the words or phrases "will likely result," "are expected to," "will continue," "is anticipated," "estimate," "project," "forecast," "expect," "intend" and similar expressions identify "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to any implication that there has been no change in the affairs of the District or any other entity described or referenced herein since the date hereof.

Involvement of Underwriter. The Underwriter has provided the following statement for inclusion in this Official Statement: The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Stabilization of and Changes to Offering Prices. The Underwriter may overallocate or take other steps that stabilize or maintain the market prices of the Bonds at levels above those that might otherwise prevail in the open market. If commenced, the Underwriter may discontinue such market stabilization at any time. The Underwriter may offer and sell the Bonds to certain securities dealers, dealer banks and banks acting as agent at prices lower than the public offering prices stated on the inside cover page of this Official Statement, and those public offering prices may be changed from time to time by the Underwriter.

Document Summaries. All summaries of the Bond Resolution or other documents referred to in this Official Statement are made subject to the provisions of such documents and qualified in their entirety to reference to such documents, and do not purport to be complete statements of any or all of such provisions.

No Securities Laws Registration. The Bonds have not been registered under the Securities Act of 1933, as amended, in reliance upon exceptions therein for the issuance and sale of municipal securities. The Bonds have not been registered or qualified under the securities laws of any state.

Effective Date. This Official Statement speaks only as of its date, and the information and expressions of opinion contained in this Official Statement are subject to change without notice. Neither the delivery of this Official Statement nor any sale of the Bonds will, under any circumstances, give rise to any implication that there has been no change in the affairs of the District, the County, the other parties described in this Official Statement, or the condition of the property within the District since the date of this Official Statement.

Website. The District maintains a website. However, the information presented on the website is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds.

OFFICIAL STATEMENT

\$11,000,000*

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT **(Santa Cruz County, California)** **2025 Refunding General Obligation Bonds**

The purpose of this Official Statement, which includes the cover page, inside cover page and attached appendices, is to set forth certain information concerning the sale and delivery of above-captioned bonds (the “**Bonds**”) by the Scotts Valley Unified School District (the “**District**”) of Santa Cruz County (the “**County**”), State of California (the “**State**”).

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement and the documents summarized or described in this Official Statement. A full review should be made of the entire Official Statement. The offering of Bonds to potential investors is made only by means of the entire Official Statement.

The District. Located in the west hills of the Santa Cruz mountains, the District covers an area of approximately 21 square miles, encompassing an estimated population of 11,816 residents. The District is primarily residential, with territory which covers all of the City of Scotts Valley (the “**City**”), portions of unincorporated Santa Cruz County, and a very small portion of the City of Santa Cruz. The District consists of two elementary schools, one middle school and one high school. Three of the District’s schools are located in the City. The fourth District school is located in an unincorporated portion of the County. Total enrollment in the District for fiscal year 2025-26 is budgeted for 2,128 students. The total assessed value of the District in fiscal year 2025-26 is over \$6.1 billion.

For more information regarding the District and its finances, see APPENDIX A and APPENDIX B hereto. See also APPENDIX C for demographic and other statistical information regarding the City and the County.

Purposes. The net proceeds of the Bonds will be used to provide funds to refinance on a current basis certain outstanding general obligation bonds of the District, and to pay related costs of issuance. See “THE REFINANCING PLAN” herein.

Authority for Issuance of the Bonds. The Bonds are being issued pursuant to certain provisions of the Government Code of the State, commencing with Section 53506 thereof, and a resolution adopted by the Board of Trustees of the District on March 11, 2025 (the “**Bond Resolution**”). See “THE BONDS - Authority for Issuance” herein.

Payment and Registration of the Bonds. The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee for DTC. Purchasers will not receive physical certificates representing their interest in the Bonds. See “THE BONDS” and “APPENDIX F – DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

Redemption*. The Bonds are subject to optional and mandatory sinking fund redemption prior to maturity as described herein. See “THE BONDS – Optional Redemption” and “– Mandatory Sinking Fund Redemption.”

Security and Sources of Payment for the Bonds. The Bonds are general obligation bonds of the District payable solely from *ad valorem* property taxes levied on taxable property located in the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except with respect to certain personal property which is taxable at limited rates). See “SECURITY FOR THE BONDS.”

The District has other series of general obligation bonds outstanding that are payable from *ad valorem* property taxes levied on taxable property in the District. See “DEBT SERVICE SCHEDULES” and APPENDIX A under the heading “DISTRICT FINANCIAL INFORMATION – Existing Debt Obligations – General Obligation Bonds”.

Legal Matters. Issuance of the Bonds is subject to the approving opinions of Jones Hall LLP, San Mateo, California, as bond counsel (“**Bond Counsel**”), to be delivered in substantially the forms attached hereto as APPENDIX D. Jones Hall LLP, San Mateo, California, will also serve as Disclosure Counsel to the District (“**Disclosure Counsel**”). Payment of the fees of Bond Counsel and Disclosure Counsel is contingent upon issuance of the Bonds.

Tax Matters. Assuming compliance with certain covenants and provisions of the Internal Revenue Code of 1986, in the opinion of Bond Counsel, subject, however to certain qualifications described herein, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes. See “TAX MATTERS” herein. See also APPENDIX D hereto for the form of Bond Counsel’s opinion to be delivered concurrently with the Bonds.

Continuing Disclosure. The District has covenanted and agreed that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate executed in connection with the Bonds. The form of the Continuing Disclosure Certificate is included in APPENDIX E hereto. See “CONTINUING DISCLOSURE” herein.

Cyber Risks. The District, like other governmental and business entities, faces significant risks relating to the use and application of computer software and hardware for educational, operational and management purposes. The District collects, processes, and distributes an enormous amount of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. As the custodian of such information, the District may face cybersecurity threats, attacks or incidents from time to time. No assurance can be given that future cyber threats or attacks against the District or third-party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District’s continuing disclosure undertakings, described in more detail herein. See “CYBERSECURITY RISKS” herein.

*Preliminary; subject to change.

Other Information. This Official Statement speaks only as of its date, and the information contained in this Official Statement is subject to change. Copies of documents referred to in this Official Statement and information concerning the Bonds are available from the District from the Superintendent's Office at 108 Whispering Pines Drive, Suite 115 Scotts Valley, CA 95066. The District may impose a charge for copying, mailing and handling. The District also maintains a website where public information is regularly made available. See www.proudtobe.pusd.org. The information contained in the District web site is not incorporated herein by reference.

This Official Statement is not to be construed as a contract with the purchasers of the Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact. The summaries and references to documents, statutes and constitutional provisions referred to herein do not purport to be comprehensive or definitive, and are qualified in their entirety by reference to each of such documents, statutes and constitutional provisions.

The information set forth herein has been obtained from official sources which are believed to be reliable but it is not guaranteed as to accuracy or completeness, and is not to be construed as a representation by the District. The information and expressions of opinions herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds and may not be reproduced or used, in whole or in part, for any other purpose.

END OF INTRODUCTION

THE REFINANCING PLAN

Purpose of the Bonds

As described herein, the net proceeds of the Bonds will be used to refund certain outstanding maturities of the following bonds:

- Scotts Valley Unified School District (Santa Cruz County, California) General Obligation Bonds, Election of 2014, Series A issued on January 29, 2015, in the aggregate original principal amount of \$15,000,000 (the "**2014 Series A Bonds**").

More particularly, the following table identifies the 2014 Series A Bonds expected to be refunded with the proceeds of the Bonds (the "**Refunded 2014 Series A Bonds**").

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT Identification of Refunded 2014 Series A Bonds*

Maturity Date (August 1)	Principal Amount	Interest Rate	CUSIP (810233)	Redemption Date	Redemption Price (%)
2026	\$440,000	5.000%	CS2		100.0%
2028 -T	1,030,000	5.000	CT0		100.0
2030 -T	1,245,000	4.000	CU7		100.0
2035 -T	4,080,000	3.250	CV5		100.0
2039 -T	4,455,000	4.000	CW3		100.0

Deposit in Escrow Fund

The District will deliver the net proceeds of the Bonds to U.S. Bank Trust Company, National Association, as escrow bank (the "**Escrow Agent**"), for deposit in an escrow fund (the "**Escrow Fund**") established under an escrow agreement (the "**Escrow Agreement**"), between the District and the Escrow Agent, relating to the proceeds of the Bonds. The Escrow Agent will hold such funds in cash and/or invest such funds in certain United States Treasury notes, bonds, bills or certificates of indebtedness, or obligations issued by any agency or department of the United States which are secured, directly or indirectly, by the full faith and credit of the United States ("**Escrow Fund Securities**") and will apply such funds, together with interest earnings on the investment of such funds in Escrow Fund Securities, to pay the principal of and interest on the Refunded 2015 Series A Bonds, as set forth above.

Sufficiency of the deposits in the Escrow Fund for the foregoing purposes will be verified by Causey Public Finance, LLC, Denver, Colorado (the "**Verification Agent**"). See "VERIFICATION OF MATHEMATICAL ACCURACY" herein. As a result of the deposit of funds with the Escrow Agent on the date of issuance of the Bonds, the Refunded Bonds will be legally defeased and will be payable solely from amounts held for that purpose under the Escrow Agreement, and will cease to be secured by *ad valorem* property taxes levied in the District.

The Escrow Fund Securities and cash held by the Escrow Agent in the Escrow Fund are pledged solely to the payment of the Refunded 2014 Series A Bonds, and will not be available for the payment of debt service with respect to the Bonds.

SOURCES AND USES OF FUNDS

The estimated sources and uses of funds with respect to the Bonds are as follows:

[Remainder of page intentionally left blank.]

THE BONDS

Authority for Issuance

The Bonds will be issued under the provisions of Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code of the State of California, commencing with Sections 53550 and 53580 of said Code, and under the Bond Resolution.

Description of the Bonds

The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company ("**DTC**"). See "-Book-Entry Only System" below and "APPENDIX F – DTC AND THE BOOK-ENTRY ONLY SYSTEM."

The Bonds accrue interest at the interest rates set forth on the inside cover hereof computed on the basis of a 360-day year consisting of twelve 30-day months, which is payable on a current basis. The Bonds shall be issued in the denominations of \$5,000 principal amount each or any integral multiple thereof. Interest on the Bonds is payable semiannually on each February 1 and August 1, commencing February 1, 2026 (each, an "**Interest Payment Date**"). Each Bond will bear interest from the Interest Payment Date next preceding the date of registration and authentication thereof unless (i) it is authenticated as of an Interest Payment Date, in which event it will bear interest from such date, or (ii) it is authenticated prior to an Interest Payment Date and after the close of business on the fifteenth (15th) day of the month preceding the Interest Payment Date (each, a "**Record Date**"), in which event it will bear interest from such Interest Payment Date, or (iii) it is authenticated prior to January 15, 2026 in which event it will bear interest from the date of delivery of the Bonds identified on the cover page hereof. Notwithstanding the foregoing, if interest on any Bond is in default at the time of authentication thereof, such Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon. Payments of principal of and interest on the Bonds will be paid by U.S. Bank Trust Company, National Association, Santa Cruz, California, as agent for the Treasurer and Tax Collector of Santa Cruz County, California, will act as the registrar, transfer agent, and paying agent for the Bonds (the "**Paying Agent**") to DTC for subsequent disbursement to Direct Participants who will remit such payments to the Beneficial Owners of the Bonds.

Book-Entry Only System

The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York ("**DTC**"). Purchasers of the Bonds (the "**Beneficial Owners**") will not receive physical certificates representing their interest in the Bonds. Payments of principal of and interest on the Bonds will be paid by the Paying Agent to DTC for subsequent disbursement to Direct Participants which will remit such payments to the Beneficial Owners of the Bonds.

As long as DTC's book-entry method is used for the Bonds, the Paying Agent will send any notice of redemption or other notices to owners only to DTC. Any failure of DTC to advise any Direct Participant, or of any Direct Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the redemption of the Bonds called for redemption or of any other action premised on such notice. See "APPENDIX F – DTC AND THE BOOK-ENTRY ONLY SYSTEM."

The Paying Agent, the District, and the Underwriter of the Bonds have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership, of interests in the Bonds.

Optional Redemption*

The Bonds maturing on or before August 1, 20__, are not subject to optional redemption prior to maturity. The Bonds maturing on or after August 1, 20__, are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as shall be designated by the District and by lot within a maturity, from any available source of funds, on August 1, 20__, or on any date thereafter, at a price equal to 100% of the principal amount thereof, without premium, together with accrued interest thereon to the redemption date.

For the purpose of selection for optional redemption, the Bonds will be deemed to consist of \$5,000 portions principal amount and any such portion may be separately redeemed. Whenever less than all of the outstanding Bonds of any one maturity are designated for redemption, the Paying Agent shall select the outstanding Bonds of such maturity to be redeemed by lot in any manner deemed fair by the Paying Agent. For purposes of such selection, each Bond will be deemed to consist of individual bonds of \$5,000 principal amounts. The Bonds may all be separately redeemed.

Mandatory Sinking Fund Redemption*

The Bonds maturing on August 1, 20__ (the “**Term Bonds**”), are subject to mandatory sinking fund redemption on August 1 of each year in accordance with the schedule set forth below. The Term Bonds so called for mandatory sinking fund redemption shall be redeemed in the sinking fund payments amounts and on the dates set forth below, without premium.

\$_____ Term Bonds Maturing August 1, 20__	
Redemption Date (August 1)	Sinking Fund Redemption
_____	_____

If any Term Bonds are redeemed pursuant to the optional redemption provisions described above, the total amount of all future sinking fund payments with respect to such Term Bonds will be reduced by the aggregate principal amount of such Term Bonds so redeemed, to be allocated among such payments on a pro rata basis in integral multiples of \$5,000 principal amount (or on such other basis as the District may determine) as set forth in written notice given by the District to the Paying Agent.

Notice of Redemption

The Paying Agent is required to give notice of the redemption of the Bonds, at the expense of the District, at least 20 days but not more than 60 days prior to the date fixed for redemption. Such notice may be a conditional notice of redemption and subject to rescission as described below. Notice of any redemption of the Bonds shall identify the redemption date and the redemption price and, if less than all of the then outstanding series of Bonds are to be called for redemption, shall

**Preliminary; subject to change.*

designate the serial numbers of the Bonds to be redeemed by giving the individual number of each Bond or by stating that all Bonds between two stated numbers, both inclusive, or by stating that all of the Bonds of one or more maturities have been called for redemption, and shall require that such Bonds be then surrendered at the office of the Paying Agent for redemption at the said redemption price, giving notice also that further interest on such Bonds will not accrue from and after the redemption date.

Neither the failure to receive or send any notice of redemption nor any defect in any such redemption notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds.

Partial Redemption

Upon the surrender of any Bond redeemed in part only, the Paying Agent shall execute and deliver to the Owner thereof a new Bond or Bonds of like series, tenor and maturity and of authorized denominations equal in transfer amounts to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner, and the County and the District shall be released and discharged thereupon from all liability to the extent of such payment.

Right to Rescind Notice of Redemption

The District has the right to rescind any notice of the optional redemption of the Bonds by written notice to the Paying Agent on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption. The District and the Paying Agent have no liability to the Bond owners or any other party related to or arising from such rescission of redemption. The Paying Agent shall give notice of such rescission of redemption in the same manner as the original notice of redemption was given under the applicable Bond Resolution.

Registration, Transfer and Exchange of Bonds

If the book entry system is discontinued, the District shall cause the Paying Agent to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds.

If the book entry system is discontinued, the person in whose name a Bond is registered on the Bond Register shall be regarded as the absolute owner of that Bond. Payment of the principal of and interest on any Bond shall be made only to or upon the order of that person; neither the District, the County nor the Paying Agent shall be affected by any notice to the contrary, but the registration may be changed as provided in the applicable Bond Resolution.

Bonds may be exchanged at the principal corporate trust office of the Paying Agent in Santa Cruz, California for a like aggregate principal amount of Bonds of authorized denominations and of the same series and maturity. Any Bond may, in accordance with its terms, but only if (i) the District determines to no longer maintain the book entry only status of the Bonds, (ii) DTC determines to discontinue providing such services and no successor securities depository is named or (iii) DTC requests the District to deliver Bond certificates to particular Direct Participants, be transferred, upon the books required to be kept pursuant to the provisions of the applicable Bond Resolution, by the person in whose name it is registered, in person or by their duly authorized attorney, upon

surrender of such Bond for cancellation at the office of the Paying Agent, accompanied by delivery of a written instrument of transfer in a form approved by the Paying Agent, duly executed.

No exchanges of Bonds shall be required to be made (a) fifteen days prior to an Interest Payment Date or the date established by the Paying Agent for selection of Bonds for redemption until the close of business on the Interest Payment Date or day on which the applicable notice of redemption is given or (b) with respect to a Bond after such Bond has been selected or called for redemption in whole or in part.

Defeasance

Each series of the Bonds, respectively, may be paid by the District, in whole or in part, in any one or more of the following ways:

- (a) by paying or causing to be paid the principal or redemption price of and interest on such Bonds, as and when the same become due and payable;
- (b) by irrevocably depositing, in trust, at or before maturity, money or securities in the necessary amount (as provided in the applicable Bond Resolution) to pay or redeem such Bonds; or
- (c) by delivering such Bonds to the Paying Agent for cancellation by it.

Whenever in the applicable Bond Resolution it is provided or permitted that there be deposited with or held in trust by the Paying Agent money or securities in the necessary amount to pay or redeem any Bonds, the money or securities so to be deposited or held may be held by the Paying Agent or by any other fiduciary. Such money or securities may include money or securities held by the Paying Agent in the funds and accounts established under the applicable Bond Resolution and will be:

- (i) lawful money of the United States of America in an amount equal to the principal amount of such Bonds and all unpaid interest thereon to maturity, except that, in the case of Bonds which are to be redeemed prior to maturity and in respect of which notice of such redemption is given as provided in the applicable Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice, the amount to be deposited or held will be the principal amount or redemption price of such Bonds and all unpaid interest thereon to the redemption date; or
- (ii) Federal Securities (not callable by the issuer thereof prior to maturity) the principal of and interest on which when due, in the opinion of a certified public accountant delivered to the County and the District, will provide money sufficient to pay the principal or redemption price of and all unpaid interest to maturity, or to the redemption date, as the case may be, on the Bonds to be paid or redeemed, as such principal or redemption price and interest become due, provided that, in the case of Bonds which are to be redeemed prior to the maturity thereof, notice of such redemption is given as provided in the applicable Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice.

Upon the deposit, in trust, at or before maturity, of money or securities in the necessary amount (as described above) to pay or redeem any outstanding Bond (whether upon or prior to its

maturity or the redemption date of such Bond), then all liability of the County and the District in respect of such Bond will cease and be completely discharged, except only that thereafter the owner thereof will be entitled only to payment of the principal of and interest on such Bond by the District, and the District will remain liable for such payment, but only out of such money or securities deposited with the Paying Agent for such payment.

As defined in each Bond Resolution, the term “**Federal Securities**” means (a) any direct general non-callable obligations of the United States of America, including obligations issued or held in book entry form on the books of the Department of the Treasury of the United States of America; (b) any obligations the timely payment of principal of and interest on which are directly or indirectly guaranteed by the United States of America or which are secured by obligations described in the preceding clause (a); (c) the interest component of Resolution Funding Corporation strips which have been stripped by request to the Federal Reserve Bank of New York in book-entry form; and (d) bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by any of the following federal agencies: (i) direct obligations or fully guaranteed certificates of beneficial ownership of the U.S. Export-Import Bank; (ii) certificates of beneficial ownership of the Farmers Home Administration; (iii) participation certificates of the General Services Administration; (iv) Federal Financing Bank bonds and debentures; (v) guaranteed Title XI financings of the U.S. Maritime Administration; (vi) project notes, local authority bonds, new communities debentures and U.S. public housing notes and bonds of the U.S. Department of Housing and Urban Development; and (vii) obligations of the Federal Home Loan Bank (FHLB).

APPLICATION OF BOND PROCEEDS

Debt Service Fund

As further described herein under the heading “SECURITY FOR THE BONDS - Debt Service Funds,” the County will establish a debt service fund for the Bonds (the “**Debt Service Fund**”). Interest earnings on the investment of monies held in the Debt Service Fund will be retained in the Debt Service Fund and used to pay the principal of and interest on the Bonds when due. Pursuant to the Bond Resolution, the District has pledged funds on deposit in the Debt Service Fund to the payment of the Bonds. Any moneys remaining in the Debt Service Fund after the Bonds including the interest thereon have been paid, will be transferred to any other interest and sinking fund for general obligation bond indebtedness of the District, and in the event there is no such debt outstanding, will be transferred to the District’s general fund upon the order of the County Auditor, as provided in Section 15234 of the Education Code.

Escrow Fund

A portion of the proceeds of the Bonds will be deposited in the Escrow Fund to provide for the defeasance and redemption of the Refunded 2014 Series A Bonds on the applicable redemption date. See “THE REFINANCING PLAN - Deposits in the Escrow Fund” herein.

Investment of Proceeds of Bonds

All moneys held in any of the funds or accounts established with the County under the Bond Resolution will be invested in Authorized Investments (as defined in the Bond Resolution) consisting generally of the County Investment Pool, the Local Agency Investment Fund or any investments authorized pursuant to Sections 53601 and 53635 of the California Government Code, in accordance with the investment policies of the County, as such policies exist at the time of investment. Obligations purchased as an investment of moneys in any fund or account will be

deemed to be part of such fund or account. All interest or gain derived from the investment of amounts in any of the funds or accounts established under the respective Bond Resolution will be deposited in the fund or account from which such investment was made, and will be expended for the purposes thereof.

In accordance with Government Code Section 53600 *et seq.*, the Santa Cruz County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, counties are required to establish their own investment policies which may impose limitations beyond those required by the Government Code. See "APPENDIX G – SANTA CRUZ COUNTY INVESTMENT POLICY AND INVESTMENT REPORT."

*For purposes of the Preliminary Official Statement, includes debt service on the Prior Bonds. See "THE REFINANCING PLAN."

SECURITY FOR THE BONDS

Ad Valorem Taxes

Bonds Payable from Ad Valorem Property Taxes. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes levied on taxable property within the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates).

The District has other series of general obligation bonds outstanding. See “DEBT SERVICE SCHEDULES” above and in APPENDIX A under the heading “GENERAL AND FINANCIAL INFORMATION FOR THE SCOTTS VALLEY UNIFIED SCHOOL DISTRICT – DISTRICT FINANCIAL INFORMATION - Existing Debt Obligations.”

In no event is the District obligated to pay principal of and interest on the Bonds out of any funds or properties of the District other than from *ad valorem* taxes levied upon all taxable property in the District; provided, however, nothing in the Bond Resolution prevents the District from making advances of its own moneys howsoever derived to any of the uses or purposes permitted by law.

Other Debt Payable from Ad Valorem Property Taxes. In addition to the Bonds and the District’s other outstanding general obligation bonds, there is other debt issued by entities within the jurisdiction of the District, which is payable from *ad valorem* taxes levied on parcels in the District. See “PROPERTY TAXATION – Tax Rates” and “– Direct and Overlapping Debt Obligations” below.

Levy, Collection and Pledge of Taxes. The County will levy and collect such *ad valorem* taxes in such amounts and at such times as are necessary to ensure the timely payment of debt service on the Bonds. Such taxes, when collected, will be deposited into the respective Debt Service Funds for the Bonds, which are maintained by the County and which are irrevocably pledged for the payment of principal of and interest on the respective series of Bonds when due.

District property taxes are assessed and collected by the County in the same manner and at the same time, and in the same installments as other *ad valorem* taxes on real property, and will have the same priority, become delinquent at the same times and in the same proportionate amounts, and bear the same proportionate penalties and interest after delinquency, as do the other *ad valorem* taxes on real property.

Statutory Lien on Ad Valorem Tax Revenues. Pursuant to Senate Bill 222 effective January 1, 2016, voter-approved general obligation bonds which are secured by *ad valorem* tax collections, including the Bonds, are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien attaches automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the school district or community college district, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act.

Annual Tax Rates. The amount of the annual *ad valorem* tax levied by the County to repay the Bonds will be determined by the relationship between the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds. Fluctuations in the annual

debt service on the Bonds and the assessed value of taxable property in the District may cause the annual tax rate to fluctuate.

Economic and other factors beyond the District's control, such as economic recession, pandemic, deflation of property values, a relocation out of the District or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire, drought or other natural disaster, could cause a reduction in the assessed value within the District and necessitate a corresponding increase in the annual tax rate. See "PROPERTY TAXATION – Historic Assessed Valuations – Factors Relating to Increases/Decreases in Assessed Value."

Pledge of the Debt Service Fund

The County will establish a Debt Service Fund (the "**Debt Service Funds**") for the Bonds, which will be established as a separate fund to be maintained distinct from all other funds of the County. All taxes levied by the County for the payment by the District of the principal of and interest on the Bonds will be deposited in the Debt Service Fund by the County promptly upon its receipt. The Debt Service Fund is pledged by the District for the payment by it of the principal of and interest on the Bonds when and as the same become due. The County will transfer amounts in the Debt Service Fund to the Paying Agent to the extent necessary to enable the District to pay the principal of and interest on the Bonds as the same becomes due and payable.

If, after payment in full of the Bonds, any amounts remain on deposit in the Debt Service Fund, the County shall apply such amounts to pay debt service on other outstanding general obligation bond indebtedness of the District, and in the event there is no such debt outstanding, shall be transferred to the general fund of the District, to be applied solely in a manner which is consistent with the requirements of applicable state and federal tax law.

Not a County Obligation

No part of any fund or account of the County is pledged or obligated to the payment of the Bonds. The Bonds are payable solely from the proceeds of an *ad valorem* tax levied and collected by the County, for the payment by the District of principal of and interest on the Bonds. Although the County is obligated to collect the *ad valorem* tax for the payment of the Bonds, the Bonds are not a debt (or a pledge of the full faith and credit) of the County.

PROPERTY TAXATION

Property Tax Collection Procedures

Generally. In California, property which is subject to *ad valorem* taxes is classified as “secured” or “unsecured.” The “secured roll” is that part of the assessment roll containing (1) state assessed public utilities’ property and (2) property the taxes on which are a lien on real property sufficient, in the opinion of the county assessor, to secure payment of the taxes. A tax levied on unsecured property does not become a lien against such unsecured property, but may become a lien on certain other property owned by the taxpayer. Every tax which becomes a lien on secured property has priority over all other liens arising pursuant to State law on such secured property, regardless of the time of the creation of the other liens. Secured and unsecured property are entered separately on the assessment roll maintained by the county assessor. The method of collecting delinquent taxes is substantially different for the two classifications of property.

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year. If unpaid, such taxes become delinquent after December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. In addition, property on the secured roll with respect to which taxes are delinquent is declared tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and a delinquency penalty, plus a redemption penalty of 1-1/2% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property is subject to sale by the county in which the property is located.

Property taxes are levied for each fiscal year on taxable real and personal property situated in the taxing jurisdiction as of the preceding January 1. A bill enacted in 1983, Senate Bill 813 (Statutes of 1983, Chapter 498), however, provided for the supplemental assessment and taxation of property as of the occurrence of a change of ownership or completion of new construction. Thus, this legislation eliminated delays in the realization of increased property taxes from new assessments. As amended, Senate Bill 813 provided increased revenue to taxing jurisdictions to the extent that supplemental assessments of new construction or changes of ownership occur subsequent to the January 1 lien date and result in increased assessed value.

Property taxes on the unsecured roll are due on the January 1 lien date and become delinquent if unpaid on the following August 31. A 10% penalty is also attached to delinquent taxes in respect of property on the unsecured roll, and further, an additional penalty of 1-1/2% per month accrues with respect to such taxes beginning the first day of the third month following the delinquency date. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the local superior court clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the county recorder’s office, in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee. The exclusive means of enforcing the payment of delinquent taxes in respect of property on the secured roll is the sale of the property securing the taxes for the amount of taxes which are delinquent.

Disclaimer Regarding Property Tax Collection Procedures. The property tax collection procedures described above are subject to amendment based on legislation or executive order which may be enacted by the State legislature or declared by the Governor from time to time. The District cannot predict whether future amendments or orders will occur, and what impact, if any, said future amendments or orders could have on the procedures relating to the levy and collection of property taxes, and related interest and penalties.

Taxation of State-Assessed Utility Property

The State Constitution provides that most classes of property owned or used by regulated utilities be assessed by the State Board of Equalization (“SBE”) and taxed locally. Property valued by the SBE as an operating unit in a primary function of the utility taxpayer is known as “unitary property”, a concept designed to permit assessment of the utility as a going concern rather than assessment of each individual element of real and personal property owned by the utility taxpayer. State-assessed unitary and “operating nonunitary” property (which excludes nonunitary property of regulated railways) is allocated to the counties based on the situs of the various components of the unitary property. Except for unitary property of regulated railways and certain other excepted property, all unitary and operating nonunitary property is taxed at special county-wide rates and tax proceeds are distributed to taxing jurisdictions according to statutory formulae generally based on the distribution of taxes in the prior year.

Historic Assessed Valuations

General. The assessed valuation of property in the District is established by the Assessor of the County, except for public utility property which is assessed by the State Board of Equalization, as described above. Assessed valuations are reported at 100% of the “full value” of the property, as defined in Article XIII A of the California Constitution. For a discussion of how properties currently are assessed, see APPENDIX A under the heading “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS.” Certain classes of property, such as churches, colleges, not-for-profit hospitals, and charitable institutions, are exempt from property taxation and do not appear on the tax rolls.

The following table sets forth historical assessed value in the District.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT Assessed Valuations of All Taxable Property Fiscal Years 2015-16 to 2025-26

Fiscal Year	Local Secured	Utility	Unsecured	Total	% Change

Factors and Risks Relating to Increases/Decreases in Assessed Value. Economic Conditions; Natural or Manmade Disasters. As indicated in the previous table, assessed valuations are subject to change in each year. Increases or decreases in assessed valuation result from a variety of factors including but not limited to general economic conditions, outbreaks of disease, supply and demand for real property in the area, government regulations such as zoning, and man-

made or natural disasters which include but are not limited to earthquakes, fires/wildfires, floods, drought, mudslides and the consequences of climate change such as heat waves, droughts, sea level rise, extreme rain and floods, which could have an impact on assessed values. The State including the region in which the District is located has in recent years experienced significant natural disasters such as earthquakes, droughts, mudslides, wildfires and floods. Public health disasters such as the COVID-19 pandemic could also have direct and indirect impacts on economic conditions and property values.

Fire Risk and Recent Fire Events. In recent years there have been significant and generally unpredictable fire events within and around District boundaries. Fire and related events can cause damage and destruction to properties and cause assessed valuations to be reduced at times significantly, if not offset by assessed value increases.

Risk of Drought and Dry Conditions. The State has in recent years experienced periods of drought. Drought can result in limitations on water usage, as well as lead to dry conditions conducive to fires. According to the U.S. Drought Monitor, the County, and most of northern California, is currently not experiencing abnormally dry or drought conditions.

Earthquake Risk. The District is in a region with several earthquake fault lines. Earthquakes can cause significant property damage particularly to unretrofitted buildings. Such events cannot be predicted.

Global Pandemic/Outbreak of Disease. The outbreak of COVID-19 and the related pandemic of 2020 resulted in an economic recession that could cause general marked declines in property values. The District cannot predict other outbreaks of disease or pandemics which could occur in the future.

Future Conditions Unknown. The District cannot predict or make any representations regarding the effects that any disasters and related conditions, have or may have on the value of taxable property within the District, or to what extent the effects said disasters might have had on economic activity in the District or throughout the State.

For a description of the assessed value appeal process in the State and related legislation, see also “-Reassessment and Appeals of Assessed Values” below.

Assessed Value by Jurisdiction

The following table shows assessed value by jurisdiction in the District for fiscal year 2025-26.

Reassessments and Appeals of Assessed Value

There are general means by which assessed values can be reassessed or appealed that could adversely impact property tax revenues within the District.

Appeals may be based on Proposition 8 of November 1978, which requires that for each January 1 lien date, the taxable value of real property must be the lesser of its base year value, annually adjusted by the inflation factor pursuant to Article XIII A of the State Constitution, or its full cash value, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property or other factors causing a decline in value. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the California Constitution" in APPENDIX A.

Under California law, property owners may apply for a Proposition 8 reduction of their property tax assessment by filing a written application, in form prescribed by the State Board of Equalization, with the County board of equalization or assessment appeals board. In most cases,

the appeal is filed because the applicant believes that present market conditions (such as residential home prices) cause the property to be worth less than its current assessed value.

Any reduction in the assessment ultimately granted as a result of such appeal applies to the year for which application is made and during which the written application was filed. These reductions are subject to yearly reappraisals and are adjusted back to their original values, adjusted for inflation, when market conditions improve. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIII A.

A second type of assessment appeal involves a challenge to the base year value of an assessed property. Appeals for reduction in the base year value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

Teeter Plan; Property Tax Collections

The Board of Supervisors of the County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “**Teeter Plan**”), as provided for in Section 4701 *et seq.* of the California Revenue and Taxation Code. Under the Teeter Plan, each entity levying property taxes in the County may draw on the amount of uncollected secured taxes credited to its fund, in the same manner as if the amount credited had been collected. The District participates in the Teeter Plan, and thus receives 100% of secured property taxes levied in exchange for foregoing any interest and penalties collected on delinquent taxes.

So long as the Teeter Plan remains in effect, the District’s receipt of revenues with respect to the levy of *ad valorem* property taxes will not be dependent upon actual collections of the *ad valorem* property taxes by the County. However, under the statute creating the Teeter Plan, the Board of Supervisors can under certain circumstances terminate the Teeter Plan in part or in its entirety with respect to the entire County and, in addition, the Board of Supervisors can terminate the Teeter Plan with respect to the District if the delinquency rate for all *ad valorem* property taxes levied within the District in any year exceeds 3%. In the event that the Teeter Plan were terminated, the amount of the levy of *ad valorem* property taxes in the District would depend upon the collections of the *ad valorem* property taxes and delinquency rates experienced with respect to the parcels within the District.

The current practice of the County under the Teeter Plan is to pay the District 100% of the *ad valorem* taxes payable annually to the District in connection with general obligation bond indebtedness and to retain any penalties or delinquencies collected to offset such gross payment. However, the District cannot predict the impact, if any, that changes or modifications to property tax collection procedures might have on the County’s Teeter Plan.

Finally, the ability of the County to maintain the Teeter Plan may depend on its financial resources and may be affected by future property tax delinquencies. Property tax delinquencies may be impacted by economic and other factors beyond the District’s or the County’s control, including the ability or willingness of property owners to pay property taxes during an economic recession or depression. An economic recession or depression could be caused by many factors outside the control of the District, including high interest rates, reduced consumer confidence, reduced real wages or reduced economic activity as a result of the spread of COVID-19 or other outbreak of disease or natural or manmade disaster.

The following table shows secured tax charges and delinquencies for secured property in the District for property within the District for fiscal years 2019-20 through 2023-24 without regard to the Teeter Plan. Figures for 2024-25 are not yet available.

Top 20 Property Owners

The 20 taxpayers in the District with the greatest combined assessed valuation of taxable property on the fiscal year 2025-26 tax roll, and the assessed valuations thereof, are shown below.

The more property (by assessed value) which is owned by a single taxpayer in the District, the greater amount of tax collections are exposed to weaknesses in the taxpayer's financial situation and ability or willingness to pay property taxes. Each taxpayer listed below is a unique name listed on the tax rolls. The District cannot determine from County assessment records whether individual persons, corporations or other organizations are liable for tax payments with respect to multiple properties held in various names that in aggregate may be larger than is suggested by the table below.

Direct and Overlapping Debt Obligations

Set forth below is a direct and overlapping debt report (the “**Debt Report**”) prepared by California Municipal Statistics, Inc. with respect to debt as of October 1, 2025. The Debt Report is included for general information purposes only. The District has not reviewed the Debt Report for completeness or accuracy and makes no representation in connection therewith.

The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District in whole or in part. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT **Statement of Direct and Overlapping Bonded Debt** **as of October 1, 2025**

TAX MATTERS

Federal Tax Status. In the opinion of Jones Hall LLP, San Mateo, California, Bond Counsel, subject, however to the qualifications set forth below, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax.

The opinions set forth in the preceding paragraph are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended (the "**Tax Code**") that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

Tax Treatment of Original Issue Discount and Premium. If the initial offering price to the public at which a Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes "original issue discount" for purposes of federal income taxes and State of California personal income taxes. If the initial offering price to the public at which a Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes "original issue premium" for purposes of federal income taxes and State of California personal income taxes. *De minimis* original issue discount and original issue premium are disregarded.

Under the Tax Code, original issue discount is treated as interest excluded from federal gross income and exempt from State of California personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such Bonds to determine taxable gain upon disposition (including sale, redemption (if applicable), or payment on maturity) of such Bond. The Tax Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the Bonds who purchase the Bonds after the initial offering of a substantial amount of such maturity. Owners of such Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering to the public at the first price at which a substantial amount of such Bond is sold to the public.

Under the Tax Code, original issue premium is amortized on an annual basis over the term of the Bond (said term being the shorter of its maturity date or its call date). The amount of original issue premium amortized each year reduces the adjusted basis of the owner of the Bond for purposes of determining taxable gain or loss upon disposition. The amount of original issue premium on a Bond is amortized each year over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). Amortized premium is not deductible for federal income tax purposes. Owners of premium Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to State of California personal income tax and federal income tax consequences of owning such Bond.

California Tax Status - The Bonds. In the further opinion of Bond Counsel, interest on the Bonds described herein is exempt from California personal income taxes.

Other Tax Considerations. Current and future legislative proposals, if enacted into law, clarification of the Tax Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Tax Code or court decisions may also affect the market price for, or marketability of, the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, such legislation would apply to bonds issued prior to enactment.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of such opinion, and Bond Counsel has expressed no opinion with respect to any proposed legislation or as to the tax treatment of interest on the Bonds, or as to the consequences of owning or receiving interest on the Bonds, as of any future date. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Owners of the Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may have federal or state tax consequences other than as described above. Other than as expressly described above, Bond Counsel expresses no opinion regarding other federal or state tax consequences arising with respect to the Bonds, the ownership, sale or disposition of the Bonds, or the amount, accrual or receipt of interest on the Bonds.

Form of Opinion. A copy of the proposed form of the opinion of Bond Counsel is attached hereto as APPENDIX D.

[Remainder of page intentionally left blank.]

CERTAIN LEGAL MATTERS

Legality for Investment

Under provisions of the California Financial Code, the Bonds are legal investments for commercial banks in California to the extent that the Bonds, in the informed opinion of the bank, are prudent for the investment of funds of depositors, and under provisions of the California Government Code, the Bonds are eligible to secure deposits of public moneys in California.

Absence of Material Litigation

Absence of Pending or Threatened Litigation Relating to the Bonds. No litigation is pending or threatened, nor is any audit or investigation premised on any assertion, concerning or contesting the validity of the Bonds or the District's ability to receive *ad valorem* property taxes and to collect other revenues, or contesting the District's ability to issue and retire the Bonds. The District is not aware of any litigation pending or threatened, nor is any audit or investigation premised on any assertion, questioning the political existence of the District or contesting the title to their offices of District officers who will execute the Bonds or District officials who will sign certifications relating to the Bonds, or the powers of those offices. A certificate (or certificates) to that effect will be furnished to the Underwriter (defined herein) at the time of the original delivery of the Bonds.

Absence of Material Litigation. The District is subject to lawsuits and claims that arise in the regular course of operating a public school district. In the opinion of the District, the aggregate amount of uninsured liabilities of the District under existing lawsuits and claims will not materially affect the financial position or operations of the District. The District maintains property and liability coverage and workers' compensation coverage. For more information on the District's insurance coverages, see APPENDIX A under the heading "GENERAL DISTRICT INFORMATION – Risk Management; Insurance."

Compensation of Certain Professionals

Payment of the fees and expenses of Jones Hall LLP, San Mateo, California, as Bond Counsel and Disclosure Counsel to the District, Isom Advisors, a Division of Urban Futures, Inc., as municipal advisor to the District (the "**Municipal Advisor**"), and Aparicio Law, Pasadena, California, as Underwriter's Counsel, is contingent upon issuance of the Bonds.

CYBERSECURITY RISKS

The District, like other public and private entities, relies on computer and other digital networks and systems to conduct its operations. As a recipient and provider of personal, private or other electronic sensitive information, the District may be the subject of cyber threats and/or fraud including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized remote access to District or other third-party systems related to the District for the purposes of misappropriating assets or information, causing operational disruption or damage, demanding ransom for restored access to files or information. The District could also be the subject of cyber fraud events.

The District has taken steps to reduce the risk of cyber losses or events including partnering with the County Office of Education regarding cyber risk prevention precautions, off site back ups,

updating software, and requiring staff participation in phishing training. The District has not in the previous five years had a major cyber breach to its systems. No assurance can be given that the District's current efforts to manage cyber threats and security will, in all cases, be successful. The District cannot predict what future cyber security events may occur, if any, with respect to it and what impact said events could have on its operations or finances.

The District relies on other entities and service providers in the course of operating the District, including the County Office of Education for certain purposes, and the County with respect to its servers and systems for accounting and other matters, as well as other trustees, fiscal agents, dissemination agents and project management firms. No assurance can be given that future cyber threats and attacks against other third party entities or service providers will not directly or indirectly impact the District and the owners of the Certificates, including the possibility of impacting the timely payment of Lease Payments and corresponding payments of debt service on the Certificates, or timely filings pursuant to the Continuing Disclosure Certificate.

CONTINUING DISCLOSURE

The District will execute a Continuing Disclosure Certificate in connection with the Bonds in the form attached hereto as APPENDIX E. The District has covenanted therein, for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the District to the Municipal Securities Rulemaking Board (an **"Annual Report"**) not later than nine months after the end of the District's fiscal year (which currently ends on June 30 of each year), commencing by March 31, 2026 with the report for the 2024-25 Fiscal Year, and to provide notices of the occurrence of certain enumerated events. Such notices will be filed by the District with the Municipal Securities Rulemaking Board. The specific nature of the information to be contained in an Annual Report or the notices of enumerated events is set forth in "APPENDIX E – FORM OF CONTINUING DISCLOSURE CERTIFICATE." These covenants have been made in order to assist the Underwriter in complying with S.E.C. Rule 15c2-12(b)(5) (the **"Rule"**).

The District has existing disclosure undertakings that have been made pursuant to the Rule in connection with the issuance of its outstanding debt. A review has been made of the District's undertakings and filings made in the previous five years and instances of non-compliance in said period are that a rating upgrade by Standard & Poor's which was released on July 29, 2022 was not timely filed. A remedial filing was made.

The District has engaged Isom Advisors, a Division of Urban Futures, Inc., to serve as its dissemination agent to assist it with its undertakings, including the undertaking in connection with the Bonds.

Neither the County nor any other entity other than the District shall have any obligation or incur any liability whatsoever with respect to the performance of the District's duties regarding continuing disclosure.

VERIFICATION OF MATHEMATICAL ACCURACY

The Verification Agent, upon delivery of the Bonds, will deliver a report of the mathematical accuracy of certain computations, contained in schedules provided to them on behalf of the District, relating to the sufficiency of the anticipated amount of proceeds of the Bonds and other funds available to pay, when due, the principal and interest requirements of the Bonds, respectively. See "THE REFINANCING PLAN." With respect to the Bonds which are issued on a federally tax-exempt basis, the Verification Agent will perform certain calculations to ensure that the Bonds are not arbitrage bonds within the meaning of the Tax Code.

The report of the Verification Agent will include the statement that the scope of their engagement is limited to verifying mathematical accuracy, of the computations contained in such schedules provided to them, and that they have no obligation to update their report because of events occurring, or data or information coming to their attention, subsequent to the date of their report.

RATING

Moody's Investors Service ("**Moody's**") has assigned a rating of "Aa2" to the Bonds. Such rating reflects only the views of Moody's and an explanation of the significance of such rating may be obtained only from Moody's. The District has provided certain additional information and materials to Moody's (some of which does not appear in this Official Statement because it has been considered not material to making an investment decision in the Bonds). There is no assurance that such rating will continue for any given period of time or that the rating will not be revised downward or withdrawn entirely by Moody's, if in its judgment, circumstances so warrant. Any such downward revision or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds are being purchased by Stifel, Nicolaus & Company, Incorporated (the "**Underwriter**"). The Underwriter has agreed to purchase the Bonds at the price of \$_____, which is equal to the initial principal amount of the Bonds of \$_____, plus [net] original issue premium of \$_____, less an Underwriter's discount of \$_____.

The purchase contracts relating to the Bonds provide that the Underwriter will purchase all of the Bonds (if any are purchased), and provide that the Underwriter's obligation to purchase is subject to certain terms and conditions, including the approval of certain legal matters by counsel.

The Underwriter may offer and sell Bonds to certain securities dealers and others at prices lower than the offering prices stated on the inside cover page hereof. The offering prices may be changed by the Underwriter.

The Underwriter has reviewed the information in this Official Statement in accordance with industry due diligence standards but does not independently verify the accuracy of the information provided by the District. The Underwriter assumes no liability for any misstatements, omissions, or changes in financial condition subsequent to the date of this document.

ADDITIONAL INFORMATION

The discussions herein about the Bond Resolution, the Escrow Agreement and the Continuing Disclosure Certificate are brief outlines of certain provisions thereof. Such outlines do not purport to be complete and for full and complete statements of such provisions reference is made to such documents. Copies of these documents mentioned are available from the Municipal Advisor and following delivery of the Bonds will be on file at the offices of the Paying Agent in Los Angeles, California.

References are also made herein to certain documents and reports relating to the District; such references are brief summaries and do not purport to be complete or definitive. Copies of such documents are available upon written request to the District.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or Owners of any of the Bonds.

[Remainder of page intentionally left blank.]

EXECUTION

The execution and delivery of this Official Statement have been duly authorized by the District.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT

By: _____
Superintendent

APPENDIX A

GENERAL AND FINANCIAL INFORMATION FOR THE SCOTTS VALLEY UNIFIED SCHOOL DISTRICT

*The information in this and other sections concerning the Scotts Valley Unified School District's (the "**District**") operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the General Fund of the District. The Bonds are payable solely from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof. See "SECURITY FOR THE BONDS" in the front half of the Official Statement.*

GENERAL DISTRICT INFORMATION

General Information

Located in the west hills of the Santa Cruz mountains, the District covers an area of approximately 21 square miles, encompassing an estimated population of 11,816 residents. The District is primarily residential, with territory which covers all of the City of Scotts Valley (the "**City**"), portions of unincorporated Santa Cruz County, and a very small portion of the City of Santa Cruz. The District consists of two elementary schools, one middle school and one high school. Three of the District's schools are located in the City. The fourth District school is located in an unincorporated portion of the County. Total enrollment in the District for fiscal year 2025-26 is budgeted for 2,128 students.

Administration

Board of Education. The District is governed by a five-member Board of Education (the "**Board**"), each member of which is elected to a four-year term. Elections for positions to the Board are held every two years, alternating between two and three available positions. Current members of the Board, together with their office and the date their term expires, are listed below:

BOARD OF EDUCATION Scotts Valley Unified School District

Name	Position	Term Expires
Roger Snyder	President	December 2026
Lucia Rocha-Nestler	Vice President	December 2026
Stephanie Espinola	Clerk	December 2028
Erica Turzak	Trustee	December 2028
Gary Redenbacher	Trustee	December 2028

Superintendent and Administrative Personnel. The Superintendent of the District, appointed by the Board of Education, is responsible for management of the day-to-day operations and supervises the work of other District administrators. Tanya Krause is currently serving as the Superintendent and DeWayne D. Davis, Ed.D., serves as the District's Chief Business Official. Below is a brief biography of the Superintendent.

Tanya Krause, Superintendent. Ms. Krause assumed the position of Superintendent of the District in July of 2016. Prior to serving as Superintendent, Ms. Krause served as Acting Superintendent at Campbell Union High School District, Deputy Superintendent, Human Resources at Campbell Union High School District and Assistant Superintendent, Human Resources at Santa Cruz City Schools. She earned her Bachelor of Arts degree from the University of California, Santa Cruz and her Master's degree at Santa Clara University.

Recent Enrollment and Average Daily Attendance

The following table shows recent enrollment history and average daily attendance ("ADA") for the District, including charter schools.

ANNUAL ENROLLMENT Fiscal Years 2017-18 through 2025-26 (Budgeted) Scotts Valley Unified School District

School Year	Enrollment [†]	% Change	Funded ADA	%Change
2017-18	2,470	--%	2,362	--%
2018-19	2,421	(2.0)	2,345	(0.7)
2019-20	2,445	1.0	2,349	0.2
2020-21*	2,237	(8.5)	2,353	0.2
2021-22	2,182	(2.5)	2,039	(13.3)
2022-23	2,168	(0.6)	1,989	(2.5)
2023-24	2,107	(2.8)	1,971	(0.9)
2024-25 ⁽¹⁾	2,112	0.2	2,013	2.1
2025-26 ⁽¹⁾	2,128	0.7	2,011	(0.1)

[†] Figures presented in chart exclude enrollment of students at independent charter school sponsored by the District described below.

*The COVID-19 pandemic commenced during the 2019-20 fiscal year in approximately March 2020.

(1) Unaudited Actual/Budgeted.

Source: Scotts Valley Unified School District.

There is one independent charter school operating in and sponsored by the District, being California Connections Academy Monterey Bay (Charter No. 2056). This is a wholly virtual charter school operating since 2019, serving grades K-12. California Online Public Schools operates the network of six public online schools of which the charter is a part.

Employee Relations

In fiscal year 2025-26 the District is budgeted for 116.0 full time equivalent (“FTE”) certificated employees, 54.0 FTE classified employees and 15.0 management/Supervisor/Confidential FTE employees.

Certificated, non-management employees, are represented by the bargaining unit shown below.

BARGAINING UNIT Scotts Valley Unified School District

Bargaining Unit	Employee Type Represented*	Contract Expiration Date
Scotts Valley Education Association	Certificated, Non-Management	June 30, 2027

Source: Scotts Valley Unified School District.

Classified employees and management employees belong to non-union bargaining groups which negotiate by “meet and confer.”

Risk Management; Insurance; JPAs

The District has a risk management program in place to minimize potential losses from certain events.

The District participates in four joint powers agreements (“JPA’s”): Santa Cruz County Schools Health Insurance Group, the Santa Cruz-San Benito County Schools Insurance Group, Self-Insured Schools of California, and the Southern Peninsula Region Insurance Group. The relationship between the District and the JPA’s are such that the JPA’s are not a component unit of the District for financial reporting purposes.

The Southern Peninsula Region Insurance Group arranges for and provides coverage for property and liability claims and secures excess liability coverage from School’s Association for Excess Risk. The District pays premiums commensurate with the level of coverage requested.

The Santa Cruz-San Benito County School Insurance Group provides for the payment of workers compensation claims.

The Santa Cruz County Schools Health Insurance Group arranges for and provides vision and dental insurance benefits for its member school districts. The District pays a premium commensurate with the level of coverage requested. The Self-Insured Schools of California Insurance Group arranges and provides medical insurance benefits. The District has recently amended the insurance coverage provided to employees which include caps on District contributions. The District expects to realize financial savings as a result estimated at \$85,000 per annum.

Each JPA is governed by a board consisting of a representative from each member district. The board controls the operations of its JPA, including selection of management and approval of operating budgets, independent of any influences by the member districts beyond their representation on the board.

DISTRICT FINANCIAL INFORMATION

The information in this and other sections concerning the District's operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal and accreted value of or interest on the Bonds is payable from the general fund of the District. The Bonds are payable from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof.

Education Funding Generally

School districts in California (the “**State**”) receive operating income primarily from two sources: the State funded portion which is derived from the State’s general fund, and a locally funded portion, being the district’s share of the one percent general *ad valorem* tax levy authorized by the California Constitution. As a result, decreases or deferrals in education funding by the State could significantly affect a school district’s revenues and operations.

From 1973-74 to 2012-13, California school districts operated under general purpose revenue limits established by the State Legislature. In general, revenue limits were calculated for each school district by multiplying (1) the Average Daily Attendance (“**ADA**”) for such district by (2) a base revenue limit per unit of ADA. The revenue limit calculations were adjusted annually in accordance with a number of factors designated primarily to provide cost of living increases and to equalize revenues among all California school districts of the same type. Funding of a district’s revenue limit was provided by a mix of local property taxes and State apportionments of basic and equalization aid. Generally, the State apportionments amounted to the difference between the District’s revenue limit and its local property tax revenues. Districts which had local property tax revenues that exceeded their revenue limit entitlements were deemed a “Basic Aid District” and received full funding from local property tax revenues, and were entitled to keep those tax revenues which exceeded their revenue limit funding entitlement. A district which was not a Basic Aid District was known as a “Revenue Limit District.”

The fiscal year 2013-14 State budget replaced the previous K-12 finance system with a new formula known as the Local Control Funding Formula (the “**LCFF**”). Under the LCFF, revenue limits and most state categorical programs were eliminated. School districts instead receive funding based on the demographic profile of the students they serve and gain greater flexibility to use these funds to improve outcomes of students. The LCFF creates funding targets based on student characteristics. For school districts and charter schools, the LCFF funding targets consist of grade span-specific base grants plus supplemental and concentration grants that reflect student demographic factors. The LCFF includes the following components:

- A base grant for each local education agency per unit of ADA, which varies with respect to different grade spans. The base grant is \$2,375 more than the average revenue limit provided prior to LCFF implementation. The base grants will be adjusted upward each year to reflect cost-of-living increases. In addition, grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in grades K-3 and the provision of career technical education in grades 9-12.

- A 20% supplemental grant for English learners, students from low-income families and foster youth to reflect increased costs associated with educating those students.
- An additional concentration grant of up to 65% (which was increased from 50% as part of the State's trailer bill to the 2021-22 State Budget - Assembly Bill 130) of a local education agency's base grant, based on the number of English learners, students from low-income families and foster youth served by the local agency that comprise more than 55% of enrollment.
- An economic recovery target to ensure that almost every local education agency receives at least their pre-recession funding level, adjusted for inflation, at full implementation of the LCFF.

The LCFF was implemented for fiscal year 2013-14 and was phased in gradually. Beginning in fiscal year 2013-14, an annual transition adjustment was required to be calculated for each school district, equal to each district's proportionate share of the appropriations included in the State budget (based on the percentage of each district's students who are low-income, English learners, and foster youth ("**Targeted Students**")), to close the gap between the prior-year funding level and the target allocation at full implementation of LCFF. In each year, districts had the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of a district's funding gap. The legislation implementing LCFF also included a "hold harmless" provision which provided that a district or charter school would maintain total revenue limit and categorical funding at least equal to its 2012-13 level, unadjusted for changes in ADA or cost of living adjustments.

In 2021, legislation was passed that requires school districts operating a kindergarten program to also provide a transitional kindergarten ("**TK**") program for all 4-year-old children by fiscal year 2025–26. Funding levels used in the LCFF entitlement calculations for fiscal year 2025-26 are set forth in the following table.

**Fiscal Year 2025-26 Base Grant Funding* Under LCFF
by Grade Span**

Entitlement Factor	TK/K-3	4-6	7-8	9-12
A. 2024-25 Base Grant per ADA	\$10,025	\$10,177	\$10,478	\$12,144
B. 2025-26 COLA for LCFF (A x 2.30%)	\$231	\$234	\$241	\$279
C. 2025-26 Base Grant per ADA before Grade Span Adjustments (A+B)	\$10,256	\$10,411	\$10,719	\$12,423
D. Grade Span Adjustments (TK-3: C x 10.4%; 9-12: C x 2.6%)	\$1,067	n/a	n/a	\$323
E. 2025-26 Base Grant/Adjusted Base Grant per ADA (C + D)	\$11,323	\$10,411	\$10,719	\$12,746

*Add-ons to the Base Grant, as may be applicable, are: (1) Supplemental Grant: For the supplemental grant funding entitlement, for each grade span, the calculation is the base grant or adjusted base grant per ADA, times total funded ADA, times Unduplicated Pupil Percentage, times 20%, (2) Concentration Grant: For the concentration grant funding entitlement, the calculation is the base grant or adjusted base grant per ADA, times total funded ADA, times portion (of Unduplicated Pupil Percentage that exceeds 55%, times 65%, and (3) Transitional Kindergarten Add-On: For the TK add-on funding, the amount is the rate of \$5,545 times the school district's current year TK ADA.

Source: California Department of Education.

The LCFF includes an accountability component. Districts are required to increase or improve services for English language learners, low income, and foster youth students in proportion to supplemental and concentration grant funding received. All school districts, county offices of education, and charter schools are required to develop and adopt local control and accountability plans, which identify local goals in areas that are priorities for the State, including pupil achievement, parent engagement, and school climate.

County superintendents review and provide support to the districts under their jurisdiction, and the Superintendent of Public Instruction performs a corresponding role for county offices of education. In addition, the State Budget for fiscal year 2013-14 created the California Collaborative for Education Excellence to advise and assist school districts, county offices of education, and charter schools in achieving the goals identified in their plans. Under the LCFF and related legislation, the State will continue to measure student achievement through statewide assessments, produce an Academic Performance Index for schools and subgroups of students, determine the contents of the school accountability report card, and establish policies to implement the federal accountability system.

Basic Aid or Community Supported districts are school districts which have local property tax revenues which exceed such district's funding entitlement under LCFF. As such, in lieu of State funding under LCFF, Basic Aid districts are entitled to keep the full share of local property tax revenues, even the amount which exceeds its funding entitlement under LCFF. The District's funding formula is currently determined pursuant to LCFF, and not as a Basic Aid district.

District Accounting Practices

The accounting practices of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts.

District accounting is organized on the basis of fund groups, with each group consisting of a separate set of self-balancing accounts containing assets, liabilities, fund balances, revenues and expenditures. The major fund classification is the general fund which accounts for all financial resources not requiring a special fund placement. The District's fiscal year begins on July 1 and ends on June 30.

District expenditures are accrued at the end of the fiscal year to reflect the receipt of goods and services in that year. Revenues generally are recorded on a cash basis, except for items that are susceptible to accrual (measurable and/or available to finance operations). Current taxes are considered susceptible to accrual. Revenues from specific state and federally funded projects are recognized when qualified expenditures have been incurred. State block grant apportionments are accrued to the extent that they are measurable and predictable. The State Department of Education sends the District updated information from time to time explaining the acceptable accounting treatment of revenue and expenditure categories.

The Governmental Accounting Standards Board ("**GASB**") published its Statement No. 34 "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments" on June 30, 1999. Statement No. 34 provides guidelines to auditors, state and local governments and special purpose governments such as school districts and public

utilities, on new requirements for financial reporting for all governmental agencies in the United States. Generally, the basic financial statements and required supplementary information should include (i) Management's Discussion and Analysis; (ii) financial statements prepared using the economic measurement focus and the accrual basis of accounting, (iii) fund financial statements prepared using the current financial resources measurement focus and the modified accrual method of accounting and (iv) required supplementary information.

Financial Statements

General. The District's general fund finances the legally authorized activities of the District for which restricted funds are not provided. General fund revenues are derived from such sources as State school fund apportionments, taxes, use of money and property, and aid from other governmental agencies. The District's June 30, 2024 Audited Financial Statements were prepared by Christy White, Inc., San Diego, California and are attached hereto as APPENDIX B. Audited financial statements for the District for prior fiscal years are on file with the District and available for public inspection at Scotts Valley Unified School District, 108 Whispering Pines Drive, Suite 115 Scotts Valley, CA 95066. The District has not requested, and the auditor has not provided, any review or update of such Financial Statements in connection with inclusion in this Official Statement. Copies of such financial statements will be mailed to prospective investors and their representatives upon written request to the District. This District may impose a charge for copying, mailing and handling.

District Budget and Interim Financial Reporting

Budgeting and Interim Reporting Procedures. State law requires school districts to maintain a balanced budget in each fiscal year. The State Department of Education imposes a uniform budgeting and accounting format for school districts.

Under current law, a school district governing board must adopt and file with the county superintendent of schools a tentative budget by July 1 in each fiscal year. The District is under the jurisdiction of the Santa Cruz County Superintendent of Schools (the "**County Superintendent**"). The County Superintendent is separate from the County, and is not an official of the County.

The County Superintendent must review and approve or disapprove the budget no later than August 15. The County Superintendent is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Trustees and identify technical corrections necessary to bring the budget into compliance with the established standards. If the budget is disapproved, it is returned to the District with recommendations for revision. The District is then required to revise the budget, hold a public hearing thereon, adopt the revised budget and file it with the County Superintendent no later than September 8. Pursuant to State law, the County Superintendent has available various remedies by which to impose and enforce a budget that complies with State criteria, depending on the circumstances, if a budget is disapproved. After approval of an adopted budget, the school district's administration may submit budget revisions for governing board approval.

Subsequent to approval, the County Superintendent will monitor each district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the district can meet its current or subsequent year financial obligations. If the County Superintendent determines that a district cannot meet its current or subsequent year obligations, the County Superintendent will notify the district's governing board of the determination and may then do either or both of the following: (a) assign a fiscal advisor to enable the district to meet those obligations or (b) if a study and recommendations are made and a district fails to take appropriate action to meet its financial obligations, the County Superintendent will so notify the State Superintendent of Public Instruction, and then may do any or all of the following for the remainder of the fiscal year: (i) request additional information regarding the district's budget and operations; (ii) after also consulting with the district's board, develop and impose revisions to the budget that will enable the district to meet its financial obligations; and (iii) stay or rescind any action inconsistent with such revisions. However, the County Superintendent may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the County Superintendent assumed authority.

A State law adopted in 1991 ("**A.B. 1200**") imposed additional financial reporting requirements on school districts, and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200, each school district is required to file interim certifications with the County Superintendent (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The County Superintendent reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and the subsequent two fiscal years. A negative certification is assigned to any school district that is

deemed unable to meet its financial obligations for the remainder of the current fiscal year or the subsequent fiscal year. A qualified certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or the two subsequent fiscal years.

Under California law, any school district and office of education that has a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the district, unless the applicable county superintendent of schools determines that the district's repayment of indebtedness is probable.

District's Budget Approval/Disapproval and Certification History. Each of the District's interim reports in the previous five fiscal years have been certified as positive. Copies of the District's budget, interim reports and certifications may be obtained upon request from the Scotts Valley Unified School District, 108 Whispering Pines Drive, Suite 115 Scotts Valley, CA 95066.

District Reserves. The District's ending fund balance is the accumulation of surpluses from prior years. This fund balance is used to meet the State's minimum required reserve of 3% of expenditures, plus any other allocation or reserve which might be approved as an expenditure by the District in the future. The District maintains an unrestricted reserve which meets the State's minimum requirements.

Under State law (Education Code Section 42127.01), there are certain restrictions on the amount of reserves that can be maintained by school districts under certain circumstances. This reserve cap requirement does not apply to small school districts (ADA of fewer than 2,501 students) or school districts funded as Basic Aid school districts. When applicable, the reserve cap requires that a school district's adopted or revised budget shall not contain a combined

assigned or unassigned ending general fund balance of more than 10% of those funds. The applicability of the reserve cap is based on the balance in the State's Public School System Stabilization Account and is triggered in a fiscal year when the balance is equal to or exceeds 3% of the combined total of general fund revenues appropriated for school districts. A county superintendent of schools may grant a school district under its jurisdiction an exemption from the requirements for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multiyear infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that is in excess of the reserve cap.

The reserve cap was triggered in fiscal years 2022-23 and 2023-24 but was not triggered for fiscal year 2024-25 or fiscal year 2025-26. The District is exempt from the reserve cap because as a small school district its ADA is below the applicable limit.

Attendance - Revenue Limit and LCFF Funding

Funding Trends per ADA. As previously described, prior to fiscal year 2013-14, school districts in the State derived most State funding based on a formula which considered a revenue limit per unit of ADA. With the implementation of the LCFF, commencing in fiscal year 2013-14, school districts receive base funding based on ADA, and may also be entitled to supplemental funding, concentration grants and funding based on an economic recovery target. The following table sets forth total LCFF funding and ADA for the District in recent years.

AVERAGE DAILY ATTENDANCE AND FUNDING TRENDS Scotts Valley Unified School District Fiscal Years 2020-21 through 2025-26 (Budgeted)

Fiscal Year	ADA	Total LCFF Funding
2020-21	2,353	\$20,183,870
2021-22	2,039	22,325,654
2022-23	1,989	23,736,773
2023-24	1,971	24,919,216
2024-25 ⁽¹⁾	2,013	23,871,045
2025-26 ⁽¹⁾	2,011	24,282,100

Unduplicated Pupil Count. The District has a Target Student unduplicated count of approximately 20.58%. Because this percentage is under 55%, the District does not qualify for concentration grant funding under LCFF.

Revenue Sources

The District categorizes its general fund revenues into four sources, being LCFF, Federal Revenues, Other State Revenues and Local Revenues. Each of these revenue sources is described below.

LCFF Sources. District funding is provided by a mix of (1) local property taxes and (2) State apportionments of funding under the LCFF. Generally, the State apportionments will

amount to the difference between the District's LCFF funding entitlement and its local property tax revenues.

Beginning in 1978-79, Proposition 13 and its implementing legislation provided for each county to levy (except for levies to support prior voter-approved indebtedness) and collect all property taxes, and prescribed how levies on county-wide property values are to be shared with local taxing entities within each county.

The principal component of local revenues is the school district's property tax revenues, i.e., the district's share of the local 1% property tax, received pursuant to Sections 75 and following and Sections 95 and following of the California Revenue and Taxation Code. Education Code Section 42238(h) itemizes the local revenues that are counted towards the base revenue limit before calculating how much the State must provide in equalization aid. Historically, the more local property taxes a district received, the less State equalization aid it is entitled to.

Federal Revenues. The federal government provides funding for several District programs, including special education programs, programs under Every Student Succeeds, the Individuals with Disabilities Education Act, and specialized programs such as Drug Free Schools.

In January 2025, the federal government announced possible cuts to federal funding for educational agencies. President Trump has also signed an executive order aimed at terminating the United States Department of Education. In a move which some pundits claim effectively terminates the United States Department of Education, the Supreme Court granted the Trump administration's request to temporarily pause an order by a lower federal judge that would have required the Department of Education to reinstate nearly 1,400 employees who were fired by President Trump's executive order. Furthermore, on July 1, 2025, President Trump announced that it would withhold \$6.2 billion in grants already allocated to school districts to support English learners (\$811 million of which was allocated for California schools), although on July 25, 2025, the government announced it was releasing \$5.5 billion of such education funding. The District is monitoring the current situation with respect to federal funding. Other than what is described in the foregoing sentences, the District cannot predict the types of possible federal funding cuts that may occur, the extent of such cuts, if any, and the impact on the District's finances or operations as a result of a termination of the Department of Education or other changes or reductions in federal funding.

Other State Revenues. As discussed above, the District receives State apportionment of basic and equalization aid in an amount equal to the difference between the District's revenue limit and its property tax revenues. In addition to such apportionment revenue, the District receives other State revenues.

The District receives State aid from the California State Lottery (the "**Lottery**"), which was established by a constitutional amendment approved in the November 1984 general election. Lottery revenues must be used for the education of students and cannot be used for non-instructional purposes such as real property acquisition, facility construction, or the financing of research. Moreover, State Proposition 20 approved in March 2000 requires that 50% of the increase in Lottery revenues over 1997-98 levels must be restricted to use on instruction material.

For additional discussion of State aid to school districts, see “STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS.”

Other Local Revenue; Parcel Tax Revenues. In addition to local property taxes, the District receives additional local revenues from items such as interest earnings and other local sources, and from a voter-approved parcel tax the revenues of which can be used for the educational purposes described in the measure.

The District’s parcel tax, originally approved by District voters on November 6, 2018 in the amount of \$108 per parcel for five years, was renewed by District voters on October 24, 2023 for a term of seven years in the amount of \$168 per parcel. The District receives approximately \$1 million per year from its renewed parcel tax.

District Retirement Systems

Qualified employees of the District are covered under multiple-employer defined benefit pension plans maintained by agencies of the State. Certificated employees are members of the State Teachers’ Retirement System (“**STRS**”) and classified employees are members of the Public Employees’ Retirement System (“**PERS**”). Both STRS and PERS are operated on a Statewide basis. *The information set forth below regarding the STRS and PERS programs, other than the information provided by the District regarding its annual contributions thereto, has been obtained from publicly available sources which are believed to be reliable but are not guaranteed as to accuracy or completeness, and should not be construed as a representation by either the District or the Underwriter.*

STRS. All full-time certificated employees participate in STRS, a cost-sharing, multiple-employer contributory public employee retirement system. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. The plan is funded through a combination of investment earnings and statutorily set contributions from three sources: employees, employers, and the State. The benefit provisions and contribution amounts are established by State laws, as amended from time to time.

Prior to fiscal year 2014-15, contribution rates were constant and not subject to annual variations. K-14 school districts were required by statute to contribute 8.25% of eligible salary expenditures, and participants contributed 8% of their respective salaries. In September 2013, however, STRS projected that the plan would be depleted in 31 years if existing contribution rates continued and other actuarial assumptions were realized, largely due to significant investment losses.

Assembly Bill 1469 was adopted as part of the State’s fiscal year 2014-15 budget (“**AB 1469**”), aimed at fully funding the unfunded actuarial obligation of STRS with respect to service credited to member of STRS prior to July 1, 2014, within 32 years, by increasing contribution rates of members, K-14 school district employers, and the State. Under AB 1469, employer contributions were proposed to steadily increase over seven years. However, several modifications to the schedule were undertaken in connection with State budgets. Contribution rates for the most recent five years are summarized in the following table:

STRS EMPLOYER CONTRIBUTION RATES
Effective Dates of July 1, 2021 through July 1, 2025

Effective Date	Employer Contribution Rate
July 1, 2021	16.92%
July 1, 2022	19.10
July 1, 2023	19.10
July 1, 2024	19.10
July 1, 2025	19.10

Source: STRS.

The State also continues to contribute to STRS, and its contribution rate in fiscal year 2023-24 was 8.328% and will be 8.328% in fiscal year 2024-25 and will remain at 8.328% in fiscal year 2025-26.

The District's recent contributions to STRS including the current budgeted fiscal year are set forth in the following table. These contributions represent 100% of the required contribution for each year.

STRS Contributions
Scotts Valley Unified School District

Fiscal Year	Amount*
2021-22	\$1,528,618
2022-23	2,005,969
2023-24	2,201,059
2024-25 ⁽¹⁾	3,274,749
2025-26 ⁽¹⁾	3,168,172

*Increases attributed to increase in contribution rates and modified accounting reporting requirements, which include reporting the District's proportionate share of the plan's net pension liability and recognizing on-behalf STRS contributions in governmental funds.

(1) Unaudited Actual/Budgeted.

Source: Scotts Valley Unified School District.

The STRS defined benefit program continues to have an unfunded actuarial liability estimated at approximately \$86.7 billion, based on a market value of assets basis, and approximately \$85.5 billion, based on a market value assets basis, as of June 30, 2024, which is the date of the last actuarial valuation.

PERS. All full-time and some part-time classified employees participate in PERS, an agent multiple-employer contributory public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State. PERS provides retirement, disability, and death benefits to plan members and beneficiaries. The District is part of a cost-sharing pool within PERS known as the "Schools Pool." Benefit provisions are established by State statutes, as legislatively amended. Contributions to PERS are made by employers and employees. Each fiscal year, employers are required to contribute an amount based on an actuarially determined employer rate, and employees make contributions which vary based on their date of hire.

Like the STRS program, the PERS program has experienced an unfunded liability in recent years. To address this issue, the PERS board has taken a number of actions, including

changes to the PERS amortization and smoothing policy intended to reduce volatility in employer contribution rates and adopting changes in actuarial assumptions. In November 2015, PERS adopted a funding risk mitigation policy incrementally lowering its discount rate (its assumed rate of investment return) in years of good investment returns, to help pay down the pension fund's unfunded liability, and provide greater predictability and less volatility in contribution rates for employers. SB 90, and Assembly Bill 84/Senate Bill 111 (“**AB 84**”) of June 2020, directed contributions of \$430 million and \$330 million in satisfaction of portions of employer contribution rates in fiscal years 2020-21 and 2021-22, respectively. Recent employer contribution rates are set forth in the following table.

EMPLOYER CONTRIBUTION RATES (PERS)
Fiscal Years 2021-22 through 2025-26⁽¹⁾

Fiscal Year	Employer Contribution Rate⁽¹⁾
2021-22	22.910%
2022-23	25.370
2023-24	26.680
2024-25	27.050
2025-26	26.810

(1) Expressed as a percentage of covered payroll.

The District’s employer contributions to PERS for recent fiscal years are set forth in the following table.

PERS Contributions
Scotts Valley Unified School District

Fiscal Year	Amount
2021-22	574,107
2022-23	803,853
2023-24	901,652
2024-25 ⁽¹⁾	864,596
2025-26 ⁽¹⁾	817,968

(1) Unaudited Actual/Budgeted.
Source: Scotts Valley Unified School District.

PERS continues to have an unfunded liability which, on a market value of assets basis, was approximately \$40.8 billion, based on a market value of assets, as of June 30, 2024, which is the date of the last actuarial valuation.

California Public Employees’ Pension Reform Act of 2013. On September 12, 2012, the Governor signed into law the California Public Employees’ Pension Reform Act of 2013 (“**PEPRA**”), which impacted various aspects of public retirement systems in the State, including the STRS and PERS programs. In general, PEPRA (i) increased the retirement age for public employees depending on job function, (ii) capped the annual pension benefit payouts for public employees hired after January 1, 2013, (iii) required public employees hired after January 1, 2013 to pay at least 50% of the costs of their pension benefits (as described in more detail below), (iv) required final compensation for public employees hired after January 1, 2013 to be determined based on the highest average annual pensionable compensation earned over a

period of at least 36 consecutive months, and (v) attempted to address other perceived abuses in the public retirement systems in the State. PEPRA applies to all public employee retirement systems in the State, *except* the retirement systems of the University of California, and charter cities and charter counties whose pension plans are not governed by State law. PEPRA's provisions went into effect on January 1, 2013 with respect to new State, school, and city and local agency employees hired on or after that date; existing employees who are members of employee associations, including employee associations of the District, have a five-year window to negotiate compliance with PEPRA through collective bargaining.

PERS has predicted that the impact of PEPRA on employees and employers, including the District and other employers in the PERS system, will vary, based on each employer's current level of benefits. As a result of the implementation of PEPRA, new members must pay at least 50% of the normal costs of the plan, which can fluctuate from year to year. To the extent that the new formulas lower retirement benefits, employer contribution rates could decrease over time as current employees retire and employees subject to the new formulas make up a larger percentage of the workforce. This change would, in some circumstances, result in a lower retirement benefit for employees than they currently earn.

With respect to the STRS pension program, employees hired after January 1, 2013 will pay the greater of either (1) fifty percent of the normal cost of their retirement plan, rounded to the nearest one-quarter percent, or (2) the contribution rate paid by then-current members (i.e., employees in the STRS plan as of January 1, 2013). The member contribution rate could be increased from this level through collective bargaining or may be adjusted based on other factors. Employers will pay at least the normal cost rate, after subtracting the member's contribution.

The District is unable to predict the amount of future contributions it will have to make to PERS and STRS as a result of the implementation of PEPRA, and as a result of negotiations with its employee associations, or, notwithstanding the adoption of PEPRA, resulting from any legislative changes regarding the PERS and STRS employer contributions that may be adopted in the future.

Additional Information. Additional information regarding the District's retirement programs is available in Note 11 to the District's audited financial statements attached hereto as APPENDIX B. In addition, both STRS and PERS issue separate comprehensive financial reports that include financial statements and required supplemental information. Copies of such reports may be obtained from STRS and PERS, respectively, as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; and (ii) PERS, 400 Q Street, Sacramento, California 95811. More information regarding STRS and PERS can also be obtained at their websites, www.calstrs.com and www.calpers.ca.gov, respectively. *The references to these Internet websites are shown for reference and convenience only and the information contained on such websites is not incorporated by reference into this Official Statement. The information contained on these websites may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

Other Post-Employment Retirement Benefits

Plan Description. The District's defined benefit OPEB plan, Scotts Valley Unified School District Retiree Benefit Plan (the "**Plan**") is described below. The Plan is a single-employer defined benefit plan administered by the District. The medical plan options for actives and retirees under 65 include Blue Cross, California Care, and Kaiser Permanente. Medicare

coverage for retirees over 65 is provided through Blue Cross, California Care, and Companion Care. Delta Dental and VSP vision insurance are offered to both active employees and retirees of the District. Medical coverage is self-insured on a pooled basis through the Self-Insured Schools of California (“SISC”). No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. Membership of the Plan consists of 13 retirees and beneficiaries currently receiving benefits and 154 active Plan members.

Contribution Information. For the measurement period, the District contributed \$81,301 to the Plan, all of which was used for current premiums.

Actuarial Assumptions and Other Inputs. The District’s total OPEB liability of \$1,352,102 was measured as of June 30, 2024 and was determined by an actuarial valuation as of July 1, 2023, using several actuarial assumptions.

Changes in OPEB Liability of the District. The changes in OPEB liability of the District as of June 30, 2024, is shown in the following table:

CHANGES IN TOTAL OPEB LIABILITY Scotts Valley Unified School District June 30, 2023 to June 30, 2024	
	Total OPEB Liability
Service Cost	\$54,108
Interest	52,159
Changes of benefit terms	134,530
Difference between expected and actual experience	(367,584)
Changes of assumptions	(58,167)
Benefit payments	<u>(81,301)</u>
Net changes	(266,255)
Total OPEB liability - beginning	1,618,357
Total OPEB liability - ending	<u>\$1,352,102</u>

Source: Scotts Valley Unified District Audit Report.

OPEB Expense. For the year ended June 30, 2024, the District recognized an OPEB expense of \$149,087.

For more information regarding the District’s OPEB, see Note 10 of APPENDIX B to the Official Statement.

Existing Debt Obligations

In addition to the District’s ongoing obligations with respect to retirement plans and OPEB described above, the District has outstanding general obligation bond indebtedness, as well as certificates of participation and long-term leases payable from the general fund, as summarized below.

General Obligation Bonds. The District has outstanding general obligation bonds or refunding bonds, each of which is secured by *ad valorem* taxes upon all property subject to taxation by the District, as summarized in the following table and as more particularly described below.

**Summary of Outstanding General Obligation Bond Debt
Scotts Valley Unified School District**

Dated Date	GO Bonds Series Designation	Original Principal Amount	Final Maturity Date	Outstanding Oct. 1, 2025
09/19/2013	2013 General Obligation Refunding Bonds	\$15,145,000	08/01/2027	\$2,675,000
01/29/2015	Election of 2014 General Obligation Bonds, Series A ⁽¹⁾ (2)	15,000,000	08/01/2039	11,250,000
08/03/2017	Election of 2014, General Obligation Bonds, Series B ⁽¹⁾	20,000,000	08/01/2032	10,080,000
05/14/2025	General Obligation Bonds, 2024 Election, Series A-1 (Tax-Exempt)	22,830,000	08/01/2055	22,830,000
05/14/2025	General Obligation Bonds, 2024 Election, Series A-2 (Federally Taxable)	7,170,000	08/01/2035	7,170,000
Total		\$80,145,000		\$54,005,000

(1) Issued pursuant to Measure A approved by District voters on June 3, 2014 which authorized up to \$35 million in general obligation bonds for school facilities projects. The bonding authority pursuant to Measure A has been fully utilized and there remains no authorized but unissued bonds under Measure A.

(2) Expected to be refinanced with the proceeds of the Bonds described in this Official Statement.

Source: District Audited Financial Statement; the Financial Advisor.

Debt service on outstanding general obligation bonds, including refunding bonds, are payable from an *ad valorem* tax levied and collected by the County on assessed property in the District.

2017 Lease Financing (Private Placement). On October 10, 2017 the District delivered a Lease and Sublease Agreement (the “**2017 Lease**”) in order to obtain financing in the principal amount of \$4,190,000 to refinance 2007 Certificates of Participation. The financing was obtained on a private placement basis. Lease payments are required to be made semi-annually through September 1, 2036 from any lawfully available source of funds, including the District’s general fund. As of this date \$2,460,000 principal amount is outstanding under the 2017 Lease.

Compensated Absences. Total unpaid employee compensated absences as of June 30, 2024 amounted to \$70,577. This amount is included as part of long-term liabilities in the government-wide financial statements.

Investment of District Funds

In accordance with Government Code Section 53600 *et seq.*, the Santa Cruz County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, counties are required to establish their own investment policies which may impose limitations beyond those required by the Government Code. See “APPENDIX G – SANTA CRUZ COUNTY INVESTMENT POLICY AND INVESTMENT REPORT.”

Effect of State Budget on Revenues

Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. California school districts generally receive the majority of their operating revenues from various State sources. The primary source of funding for school districts is LCFF funding, which is derived from a combination of State funds and local property taxes (see “—Education Funding Generally” above). State funds typically make up the majority of a district’s LCFF funding. School districts also receive funding from the State for some specialized programs such as special education.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” below), the condition of the State economy (which affects total revenue available to the State general fund), and the annual State budget process. The District cannot predict how education funding may further be changed in the future, or the state of the economy which in turn can impact the amounts of funds available from the State for education funding. See “STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS” below.

STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS

The information in this section concerning the State’s budget or budgets has been compiled from publicly-available information provided by the State or the Legislative Analyst’s Office (the “LAO”). Neither the District, the Underwriter nor the County is responsible for the information provided in this section.

State Budgeting for Education Generally

The State requires that from all State revenues there first shall be set apart the moneys to be applied for support of the public school system and public institutions of higher education. Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. The primary source of funding for school districts are revenues under the LCFF, which are a combination of State funds and local property taxes (see “DISTRICT FINANCIAL INFORMATION - Education Funding Generally” above). State funds typically make up the majority of a district’s LCFF allocation, although Basic Aid school districts derive most of their revenues from local property taxes. School districts also receive substantial funding from the State for various categorical programs.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” below), the condition of the State economy (which affects total revenue available to the State’s general fund), and the annual State budget process. Decreases in State revenues may significantly affect appropriations made by the legislature to school districts.

The Budget Process

The State’s fiscal year begins on July 1 and ends on June 30. The annual budget is proposed by the Governor by January 10 of each year for the next fiscal year (the “**Governor’s Budget**”). Under State law, the annual proposed Governor’s Budget cannot provide for

projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor's Budget, the Legislature takes up the proposal.

Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the Budget Act as approved by the Legislature and signed by the Governor. The Budget Act must be approved by a majority vote of each house of the Legislature. The Governor may reduce or eliminate specific line items in the Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each house of the Legislature.

Appropriations also may be included in legislation other than the Budget Act. Bills containing appropriations (including for K-14 education) must be approved by a majority vote in each house of the Legislature, unless such appropriations require tax increases, in which case they must be approved by a two-thirds vote of each house of the Legislature and be signed by the Governor. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution.

Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt.

Available Public Resources

Certain information about the State budgeting process and the State budget is available through several State sources. Convenient sources of information include:

- www.treasurer.ca.gov: The California State Treasurer internet home page, under the link to "Bond Finance" and sub-heading "-Public Finance Division", includes links to recent State official statements and various State financial documents which includes information regarding State budgets and finances.
- www.dof.ca.gov: The California Department of Finance's (the "**DOF**") internet home page, under the link to "California Budget", includes the text of proposed and adopted State Budgets.
- www.lao.ca.gov: The LAO's internet home page includes a link to "-The Budget" which includes analyses and commentary on fiscal outlooks.

The above references to internet websites shown are shown for reference and convenience only. The information contained within the websites may include outdated information and has not been reviewed for accuracy by the District or the Underwriter. Such information is not incorporated herein by reference.

The 2025-26 State Budget

On June 27, 2025, the Governor signed the fiscal year 2025-26 State Budget (the "**2025-26 State Budget**"). Despite continued uncertainty driven by recent federal policy changes, including broad-based tariffs that have slowed economic growth, the 2025-26 State Budget outlines a balanced fiscal plan while maintaining significant reserves.

The 2025-26 State Budget reflects a decrease of \$11.0 billion in General Fund revenues from 2024-25 (\$215.7 billion in 2025-26 compared to \$226.7 billion in 2024-25) primarily due to projected decreases in corporation and personal income tax collections. The 2025-26 State Budget reflects a decrease in General Fund expenditures of \$5.2 billion from 2024-25 (\$228,366 billion in 2025-26 compared to \$233.5 billion in 2024-25) primarily reflecting broad spending decreases for all major spending categories with the exception of expenditures for health and human services, which sees a significant funding increase driven by the expansion of Medi-Cal.

Regarding the State's reserves and fund balances, the 2025-26 State Budget continues the drawing down of the State's Budget Stabilization account that began in fiscal year 2024-25 with a withdrawal of \$7.1 billion and completes the drawdown of the Public School System Stabilization Account with a withdrawal of the remaining \$0.4 billion.

The 2025-26 State Budget projects an \$11.8 billion General Fund shortfall after accounting for reserves drawdowns, driven by rising costs due to growth in Medi-Cal and other core State programs. The 2025-26 State Budget addresses the shortfall primarily through spending reductions and structural reforms, while maintaining support for key programs. The specific solutions used to close the budget gap include the following:

- *Medi-Cal Enrollment Freeze* - \$77.9 million reduction in fiscal year 2025-26, increasing to \$3.3 billion by fiscal year 2028-29.
- *Medi-Cal Premium Collection For Certain Adults* – Initial cost of \$30 million in fiscal year 2026-27, shifting to \$675 million in savings in fiscal year 2028-29 due to collection of Medi-Cal premiums from undocumented adults.
- *Medi-Cal Asset Limit Implementation* – \$61.3 million in fiscal year 2025-26, rising to \$827.4 million by fiscal year 2028-29.
- *Programmatic Reductions* – Reductions in rural health clinics, specialty drug coverage, and pharmacy rebates totaling over \$3.5 billion by fiscal year 2028-29.
- *Ongoing Reductions* – \$221.7 million annually beginning in fiscal year 2026-27 for Quality Incentive Payment Program changes.

The 2025-26 State Budget raises an estimated \$7.8 billion in additional resources, including \$1.3 billion from Medi-Cal rate increase in fiscal year 2025-26, \$4.4 billion in loans from the Medical Providers Interim Payment Fund, \$1.5 billion in loans from additional special funds and interfund borrowing, and a \$7.1 billion withdrawal from the Budget Stabilization Account, as authorized by the prior fiscal year.

Additional balancing measures comprise \$1.2 billion in funding shifts primarily related to the costs of CalFIRE operations moving from the General Fund to the Greenhouse Reduction Fund for Forestry and Fire Protection. The 2025-26 State Budget also makes two future commitments (subject to appropriation) totaling \$457.1 million in fiscal year 2027-28, growing to \$163.2 million in fiscal year 2028-29, for California Food Assistance Program expansion and \$338.9 million in fiscal year 2027-28, growing to \$522.1 million in fiscal year 2028-29, for payment to the State's foster care tiered rate structure.

The 2025-26 State Budget projects total resources available in fiscal year 2024-25 of approximately \$268.7 billion, including revenues and transfers of approximately \$226.7 billion

and a prior year balance of approximately \$42.0 billion, and total expenditures in fiscal year 2024-25 of approximately \$233.6 billion. The 2025-26 State Budget projects total resources available for fiscal year 2025-26 of approximately \$250.9 billion, inclusive of revenues and transfers of approximately \$215.7 billion and a prior year balance of approximately \$35.1 billion. The 2025-26 State Budget projects total expenditures in fiscal year 2025-26 of approximately \$228.4 billion, inclusive of non-Proposition 98 expenditures of approximately \$147.6 billion and Proposition 98 expenditures of approximately \$80.7 billion. The 2025-26 State Budget projects total reserve balances of \$15.7 billion at the end of fiscal year 2025-26. This includes \$11.2 billion in the State Rainy Day Fund, \$4.5 billion in the State's SFEU, and \$0 in the Proposition 98 Rainy Day Fund. The 2025-26 State Budget includes total funding of \$137.6 billion for all K-12 education programs, including \$80.5 billion from the State's general fund and \$57.1 billion from other funds. The 2025-26 State Budget reflects significant Proposition 98 funding that enables increased support for core programs such as the LCFF, special education, transitional kindergarten, nutrition, and preschool.

Certain budgeted programs and adjustments for K-12 education set forth in the 2025-26 State Budget include:

Proposition 98 Minimum Guarantee. The 2025-26 State Budget reflects updated estimates of general fund revenues, which result in adjustments to the Proposition 98 minimum guarantee. The revised minimum guarantee for TK-14 schools is estimated at \$98.5 billion for 2023-24, \$119.9 billion for 2024-25, and \$114.6 billion for 2025-26, an increase of approximately \$3.9 billion over the three-year period relative to the 2023-24 State Budget. Because the minimum guarantee for 2024-25 will not be finalized until the fiscal year is certified in calendar year 2026, the 2025-26 State Budget proactively appropriates the 2024-25 minimum guarantee at \$118 billion, establishing a \$1.9 billion "settle up" to avoid over-appropriation. The 2025-26 State Budget expresses intent to apply any realized settle-up funds toward reducing ongoing TK-14 deferrals and safeguarding core program funding for school districts and community colleges, including funding for growth and cost-of-living adjustments.

The minimum guarantee remains in a Test 2 for 2023-24, though suspended at \$98.5 billion, and shifts to a Test 1 in both 2024-25 and 2025-26. In Test 1 years, the guarantee equals approximately 40 percent of general fund revenues, in addition to local property tax revenues. Under Proposition 98, this calculation is not adjusted for enrollment, which results in increased per-pupil funding. The guarantee is "rebenched" to reflect both the continued implementation of universal TK and property tax backfills resulting from the January 2025 wildfires in Los Angeles County. As a result, the applicable Test 1 percentage increases from 39.2 percent to 39.6 percent of general fund revenues.

Proposition 98 Rainy Day Fund. The 2025-26 State Budget maintains the full withdrawal of the \$8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24. The May Revision to the 2024-25 State Budget Proposal, released on May 10, 2024, included a mandatory deposit of \$540 million into the Rainy Day Fund. However, revised capital gains revenue projections reduce that deposit to \$455 million in fiscal year 2024-25. A year-over-year decrease in the Proposition 98 minimum guarantee triggers a mandatory withdrawal of \$455 million in fiscal year 2025-26, fully exhausting the remaining fund balance.

Proposition 98 Funding Split. In prior years, 10.93 percent of the general fund amounts rebench into the Proposition 98 minimum guarantee for transitional kindergarten expansion were allocated to the community colleges budget, consistent with the statutory Proposition 98 funding split. Over the three-year budget window, this resulted in \$492.4 million being directed to community colleges, leaving TK-12 schools without an equivalent amount to support transitional kindergarten expansion. Beginning in fiscal year 2025-26, the 2025-26 State Budget shifts the full amount of transitional kindergarten expansion funding (\$232.9 million) to the TK-12 portion of the Proposition 98 budget.

Local Control Funding Formula. The 2025-26 State Budget includes a 2.3 percent cost-of-living adjustment to LCFF. Combined with population growth adjustments, this results in an additional \$2.1 billion in discretionary funding for local educational agencies (“LEAs”) relative to the 2024-25 State Budget. To fully fund LCFF costs in fiscal year 2025-26, the 2025-26 State Budget withdraws approximately \$405.3 million from the Proposition 98 Rainy Day Fund.

Deferrals. The 2025-26 State Budget fully repays \$246.6 million in TK-12 education deferrals from fiscal year 2024-25. However, in order to maintain principal apportionment levels in 2025-26, the 2025-26 State Budget defers \$1.9 billion in LCFF funding from June 2026 to July 2026.

Universal Transitional Kindergarten. To support full implementation of universal transitional kindergarten by September 1, 2025, the 2025-26 State Budget provides \$2.1 billion in ongoing Proposition 98 general fund resources, inclusive of all prior years’ investments. An additional \$1.2 billion in ongoing Proposition 98 general fund resources is included to reduce the average student-to-adult ratio from 12:1 to 10:1.

Before School, After School, and Summer School. To increase access to the Expanded Learning Opportunities Program, the 2025-26 State Budget provides \$515.1 million in ongoing funds, broadening eligibility from LEAs with a 75 percent unduplicated pupil rate to those with a 55 percent rate. Additionally, \$10.4 million is provided to increase the minimum grant per LEA from \$50,000 to \$100,000.

Literacy Instruction. The 2025-26 State Budget allocates \$480 million to enhance literacy instruction aligned with the English Language Arts/English Language Development Framework for all students.

Teacher Professional Development and Preparation. To support teachers and strengthen the educator pipeline, the 2025-26 State Budget provides \$300 million in one-time Proposition 98 general fund resources for a Student Teacher Stipend Program, which will offer grants to teacher candidates completing student teaching between 2026-27 and 2028-29. An additional \$70 million of one-time Proposition 98 general fund resources supports teacher residency programs, and \$30 million in one-time Proposition 98 general fund resources extends the National Board Certification Incentive Program to encourage placement of certified teachers in high-poverty schools.

Student Support and Professional Development Discretionary Block Grant. The 2025-26 State Budget provides \$1.7 billion in one-time Proposition 98 general fund resources for the Student Support and Professional Development Discretionary Block Grant to assist LEAs with rising costs and advancing statewide priorities.

State Preschool Program. To enhance early childhood education, the 2025-26 State Budget includes approximately \$19.3 million of Proposition 98 general fund resources and \$10.2 million in non-Proposition 98 general fund resources for the California State Preschool Program. It further authorizes the Department of Education to expand State Preschool Program provider contracts for three-year-olds by 10 percent, implement prospective pay, and automate contract payments.

Other Significant Budget Adjustments. The 2025-26 State Budget includes \$378.6 million in one-time Proposition 98 general fund resources for learning recovery initiatives through 2027-28, \$150 million for career technical education and pathways programs pending legislation, and \$145 to improve school meal infrastructure. An additional \$10 million is allocated for school food service workforce requirement and \$5 million for a study of ultra-processed foods offered in State school meals.

Further allocations include \$30 million over three years for Special Olympics programs in Northern and Southern California; \$30 million for the Mathematics Professional Learning Partnership; \$21.9 million in ongoing funding for the SUN Bucks Program, which provides summer nutrition support; and \$20 million to implement the Children and Youth Behavioral Health Initiative's all-payer fee schedule.

The 2025-26 State Budget also provides approximately \$10 million for a pilot program, administered by the California Collaborative of Educational Excellence, to support middle and high school redesign and peer learning. Another \$10 million to the California Department of Education supports the development of a screener to identify multilingual learners in transitional kindergarten and authorizes the State Superintendent of Public Instruction to adopt a screening instrument for children ages 3-4 enrolled in transitional kindergarten classrooms. Finally, \$7.5 million is available through the 2026-27 fiscal year to offset potential LCFF apportionment reductions caused by the recent exemption of transitional kindergarten students from the English language proficiency assessment.

Disclaimer Regarding State Budgets. The execution of State budgets may be affected by numerous factors, including but not limited to: (i) shifts in costs from the federal government to the State, (ii) national, State and international economic conditions, (iii) litigation risks, (iv) rising health care costs and/or other unfunded liabilities, such as pension or OPEB, and (v) numerous other factors, all or any of which could cause the revenue and spending projections included in such budgets to be unattainable. The District cannot predict the impact that the 2024-25 State Budget or subsequent State budgets, or future changes (if any) in the budget due to shifts in the economy or other factors, will have on its own finances and operations. However, the Bonds described herein are secured by *ad valorem* property taxes levied and collected on taxable property in the District, without limit as to rate or amount, and are not secured by a pledge of revenues of the District or its general fund.

The State has not entered into any contractual commitments with the District, the County, the Underwriter or the Owners of the Bonds to provide State Budget information to the District or the owners of the Bonds. Although the sources of information provided herein are known to be reliable, neither the District nor the Underwriter assume any responsibility for the accuracy of the budget information set forth or referred to in this Official Statement or incorporated herein.

Legal Challenges to State Funding of Education

The application of Proposition 98 and other statutory provisions relating to education funding in the State has been the subject of various legal challenges in the past. The District cannot predict if or when there will be changes to education funding or legal challenges which may arise relating thereto, and how such events could impact the District and its finances.

[Remainder of page intentionally left blank.]

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Principal of and interest on the Bonds are payable from the proceeds of an *ad valorem* property tax levied by the County for the payment thereof. Articles XIII A, XIII B, XIII C, and XIII D of the State Constitution, Propositions 62, 98, 111 and 218, and certain other provisions of law discussed below, are included in this section to describe the potential effect of these Constitutional and statutory measures on the ability of the District to levy taxes and spend tax proceeds for operating and other purposes, and it should not be inferred from the inclusion of such materials that these laws impose any limitation on the ability of the District to levy taxes for payment of the Bonds. The tax levied by the County for payment of the Bonds was approved by the District's voters in compliance with Article XIII A and all applicable laws.

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues, there shall be first set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. School districts receive a significant portion of their funding from State appropriations. As a result, decreases and increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIII A of the California Constitution

Basic Property Tax Levy. On June 6, 1978, California voters approved Proposition 13 ("Proposition 13"), which added Article XIII A to the State Constitution ("Article XIII A"). Article XIII A limits the amount of any *ad valorem* property tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* property taxes may be levied to pay debt service on (a) indebtedness approved by the voters prior to July 1, 1978, (b) (as a result of an amendment to Article XIII A approved by State voters on June 3, 1986) bonded indebtedness for the acquisition or improvement of real property which has been approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness, and (c) (as a result of an amendment to Article XIII A approved by State voters on November 7, 2000) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the District, but only if certain accountability measures are included in the proposition. Article XIII A defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under full cash value, or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment". This full cash value may be increased at a rate not to exceed 2% per year to account for inflation.

Article XIII A has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula

among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the annual adjustment not to exceed 2% are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

Inflationary Adjustment of Assessed Valuation. As described above, the assessed value of a property may be increased at a rate not to exceed 2% per year to account for inflation. On December 27, 2001, the Orange County Superior Court, in *County of Orange v. Orange County Assessment Appeals Board No. 3*, held that where a home's taxable value did not increase for two years, due to a flat real estate market, the Orange County assessor violated the 2% inflation adjustment provision of Article XIII A, when the assessor tried to "recapture" the tax value of the property by increasing its assessed value by 4% in a single year. The assessors in most California counties, including the County, use a similar methodology in raising the taxable values of property beyond 2% in a single year. The State Board of Equalization has approved this methodology for increasing assessed values. On appeal, the Appellate Court held that the trial court erred in ruling that assessments are always limited to no more than 2% of the previous year's assessment. On May 10, 2004, a petition for review was filed with the California Supreme Court. The petition has been denied by the California Supreme Court. As a result of this litigation, the "recapture" provision described above may continue to be employed in determining the full cash value of property for property tax purposes.

Article XIII B of the California Constitution

Article XIII B ("**Article XIII B**") of the State Constitution, as subsequently amended by Propositions 98 and 111, respectively, limits the annual appropriations of the State and of any city, county, school district, authority or other political subdivision of the State to the level of appropriations of the particular governmental entity for the prior fiscal year, as adjusted for changes in the cost of living and in population and for transfers in the financial responsibility for providing services and for certain declared emergencies. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year under the provisions of Article XIII B, as amended.

The appropriations of an entity of local government subject to Article XIII B limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain state subventions to that entity. "Proceeds of taxes" include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues.

Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIIB includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. However, in the event that a school district's revenues exceed its spending limit, the District may in any fiscal year increase its appropriations limit to equal its spending by borrowing appropriations limit from the State.

Article XIIB also includes a requirement that 50% of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be transferred and allocated to the State School Fund under Section 8.5 of Article XVI of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions ("**unitary property**"). Under the State Constitution, such property is assessed by the State Board of Equalization ("**SBE**") as part of a "going concern" rather than as individual pieces of real or personal property. State-assessed unitary and certain other property is allocated to the counties by SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

Articles XIIC and XIID of the California Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the California Constitution Articles XIIC and XIID (respectively, "**Article XIIC**" and "**Article XIID**"), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIIC establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds vote under Article XIII A, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIIC to expand the definition of "tax" to include "any levy, charge, or exaction of any kind imposed by a local government" except the following: (a) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or

granting the privilege; (b) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (c) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (d) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (e) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (f) a charge imposed as a condition of property development; and (g) assessments and property-related fees imposed in accordance with the provisions of Article XIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity.

Article XIID deals with assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIC or XIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

While the provisions of Proposition 218 may have an indirect effect on the District, such as by limiting or reducing the revenues otherwise available to other local governments whose boundaries encompass property located within the District (thereby causing such local governments to reduce service levels and possibly adversely affecting the value of property within the District), the District does not believe that Proposition 218 will directly impact the property tax revenues available to pay debt service on the Bonds.

Proposition 98

On November 8, 1988, California voters approved Proposition 98, a combined initiative constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "**Accountability Act**"). Certain provisions of the Accountability Act have, however, been modified by Proposition 111, discussed below, the provisions of which became effective on July 1, 1990. The Accountability Act changes State funding of public education below the university level and the operation of the State's appropriations limit. The Accountability Act guarantees State funding for K-12 school districts and community college districts (hereinafter referred to collectively as "K-14 school districts") at a level equal to the greater of (a) the same percentage of general fund revenues as the percentage appropriated to such districts in 1986-87, and (b) the amount actually appropriated to such districts from the general fund in the previous fiscal year, adjusted for increases in enrollment and changes in the cost of living. The Accountability Act permits the Legislature to suspend this formula for a one-year period.

The Accountability Act also changes how tax revenues in excess of the State appropriations limit are distributed. Any excess State tax revenues up to a specified amount would, instead of being returned to taxpayers, be transferred to K-14 school districts. Any such transfer to K-14 school districts would be excluded from the appropriations limit for K-14 school districts and the K-14 school district appropriations limit for the next year would automatically be increased by the amount of such transfer. These additional moneys would enter the base funding calculation for K 14 school districts for subsequent years, creating further pressure on

other portions of the State budget, particularly if revenues decline in a year following an Article XIII B surplus. The maximum amount of excess tax revenues which could be transferred to K 14 school districts is 4% of the minimum State spending for education mandated by the Accountability Act.

Proposition 111

On June 5, 1990, the voters approved Proposition 111 (Senate Constitutional Amendment No. 1) called the "Traffic Congestion Relief and Spending Limit Act of 1990" ("**Proposition 111**") which further modified Article XIII B and Sections 8 and 8.5 of Article XVI of the State Constitution with respect to appropriations limitations and school funding priority and allocation.

The most significant provisions of Proposition 111 are summarized as follows:

Annual Adjustments to Spending Limit. The annual adjustments to the Article XIII B spending limit were liberalized to be more closely linked to the rate of economic growth. Instead of being tied to the Consumer Price Index, the "change in the cost of living" is now measured by the change in California *per capita* personal income. The definition of "change in population" specifies that a portion of the State's spending limit is to be adjusted to reflect changes in school attendance.

Treatment of Excess Tax Revenues. "Excess" tax revenues with respect to Article XIII B are now determined based on a two-year cycle, so that the State can avoid having to return to taxpayers excess tax revenues in one year if its appropriations in the next fiscal year are under its limit. In addition, the Proposition 98 provision regarding excess tax revenues was modified. After any two-year period, if there are excess State tax revenues, 50% of the excess are to be transferred to K-14 school districts with the balance returned to taxpayers; under prior law, 100% of excess State tax revenues went to K-14 school districts, but only up to a maximum of 4% of the schools' minimum funding level. Also, reversing prior law, any excess State tax revenues transferred to K-14 school districts are not built into the school districts' base expenditures for calculating their entitlement for State aid in the next year, and the State's appropriations limit is not to be increased by this amount.

Exclusions from Spending Limit. Two exceptions were added to the calculation of appropriations which are subject to the Article XIII B spending limit. First, there are excluded all appropriations for "qualified capital outlay projects" as defined by the Legislature. Second, there are excluded any increases in gasoline taxes above the 1990 level (then nine cents per gallon), sales and use taxes on such increment in gasoline taxes, and increases in receipts from vehicle weight fees above the levels in effect on January 1, 1990. These latter provisions were necessary to make effective the transportation funding package approved by the Legislature and the Governor, which expected to raise over \$15 billion in additional taxes from 1990 through 2000 to fund transportation programs.

Recalculation of Appropriations Limit. The Article XIII B appropriations limit for each unit of government, including the State, is to be recalculated beginning in fiscal year 1990-91. It is based on the actual limit for fiscal year 1986-87, adjusted forward to 1990-91 as if Proposition 111 had been in effect.

School Funding Guarantee. There is a complex adjustment in the formula enacted in Proposition 98 which guarantees K-14 school districts a certain amount of State general fund

revenues. Under prior law, K-14 school districts were guaranteed the greater of (a) 40.9% of State general fund revenues (the “**first test**”) or (b) the amount appropriated in the prior year adjusted for changes in the cost of living (measured as in Article XIIB by reference to *per capita* personal income) and enrollment (the “**second test**”). Under Proposition 111, schools will receive the greater of (a) the first test, (b) the second test, or (c) a third test, which will replace the second test in any year when growth in *per capita* State general fund revenues from the prior year is less than the annual growth in California per capita personal income (the “**third test**”). Under the third test, schools will receive the amount appropriated in the prior year adjusted for change in enrollment and *per capita* State general fund revenues, plus an additional small adjustment factor. If the third test is used in any year, the difference between the third test and the second test will become a “credit” to schools which will be paid in future years when State general fund revenue growth exceeds personal income growth.

Proposition 39

On November 7, 2000, California voters approved an amendment (commonly known as “**Proposition 39**”) to the California Constitution. This amendment (a) allows school facilities bond measures to be approved by 55% (rather than two-thirds) of the voters in local elections and permits property taxes to exceed the current 1% limit in order to repay the bonds and (b) changes existing statutory law regarding charter school facilities. As adopted, the constitutional amendments may be changed only with another Statewide vote of the people. The statutory provisions could be changed by a majority vote of both houses of the Legislature and approval by the Governor, but only to further the purposes of the proposition. The local school jurisdictions affected by this proposition are K-12 school districts, community college districts, including the District, and county offices of education. As noted above, the California Constitution previously limited property taxes to 1% of the value of property. Prior to the approval of Proposition 39, property taxes could only exceed this limit to pay for (a) any local government debts approved by the voters prior to July 1, 1978 or (b) bonds to acquire or improve real property that receive two-thirds voter approval after July 1, 1978.

The 55% vote requirement authorized by Proposition 39 applies only if the local bond measure presented to the voters includes: (a) a requirement that the bond funds can be used only for construction, rehabilitation, equipping of school facilities, or the acquisition or lease of real property for school facilities; (b) a specific list of school projects to be funded and certification that the school board has evaluated safety, class size reduction, and information technology needs in developing the list; and (c) a requirement that the school board conduct annual, independent financial and performance audits until all bond funds have been spent to ensure that the bond funds have been used only for the projects listed in the measure. Legislation approved in June 2000 places certain limitations on local school bonds to be approved by 55% of the voters. These provisions require that the tax rate levied as the result of any single election be no more than \$60 (for a unified school district), \$30 (for an elementary school district or high school district), or \$25 (for a community college district), per \$100,000 of taxable property value. These requirements are not part of this proposition and can be changed with a majority vote of both houses of the Legislature and approval by the Governor.

The 2020A Bonds described in this Official Statement were authorized pursuant to the provisions of Proposition 39 and will be issued in compliance with Proposition 39 and its related legislation. The 2023 Refunding Bonds will refund bonds issued pursuant to the provisions of Proposition 39.

Proposition 1A and Proposition 22

On November 2, 2004, California voters approved Proposition 1A, which amended the State constitution to significantly reduce the State's authority over major local government revenue sources. Under Proposition 1A, the State cannot (a) reduce local sales tax rates or alter the method of allocating the revenue generated by such taxes, (b) shift property taxes from local governments to schools or community colleges, (c) change how property tax revenues are shared among local governments without two-thirds approval of both houses of the State Legislature or (d) decrease Vehicle License Fee revenues without providing local governments with equal replacement funding. Under Proposition 1A, beginning in 2008-09, the State may shift to schools and community colleges a limited amount of local government property tax revenue if certain conditions are met, including: (a) a proclamation by the Governor that the shift is needed due to a severe financial hardship of the State, and (b) approval of the shift by the State Legislature with a two-thirds vote of both houses. Under such a shift, the State must repay local governments for their property tax losses, with interest, within three years. Proposition 1A does allow the State to approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also amended the State Constitution to require the State to suspend certain State laws creating mandates in any year that the State does not fully reimburse local governments for their costs to comply with the mandates. This provision does not apply to mandates relating to schools or community colleges or to those mandates relating to employee rights.

Proposition 22, a constitutional initiative entitled the "Local Taxpayer, Public Safety, and Transportation Protection Act of 2010," approved on November 2, 2010, superseded many of the provisions of Proposition 1A. This initiative amends the State constitution to prohibit the legislature from diverting or shifting revenues that are dedicated to funding services provided by local government or funds dedicated to transportation improvement projects and services. Under this proposition, the State is not allowed to take revenue derived from locally imposed taxes, such as hotel taxes, parcel taxes, utility taxes and sales taxes, and local public transit and transportation funds. Further, in the event that a local governmental agency sues the State alleging a violation of these provisions and wins, then the State must automatically appropriate the funds needed to pay that local government. This Proposition was intended to, among other things, stabilize local government revenue sources by restricting the State's control over local property taxes. Proposition 22 did not prevent the California State Legislature from dissolving State redevelopment agencies pursuant to AB 1X26, as confirmed by the decision of the California Supreme Court decision in *California Redevelopment Association v. Matosantos* (2011).

Because Proposition 22 reduces the State's authority to use or reallocate certain revenue sources, fees and taxes for State general fund purposes, the State will have to take other actions to balance its budget, such as reducing State spending or increasing State taxes, and school and college districts that receive Proposition 98 or other funding from the State will be more directly dependent upon the State's general fund.

Proposition 30 and Proposition 55

The Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment, also known as "**Proposition 30**", temporarily increased the State Sales and Use Tax and personal income tax rates on higher incomes. Proposition 30 temporarily imposed an additional tax on all retailers, at the rate of 0.25% of gross receipts from the sale of all tangible personal property sold in the State from January 1, 2013 to December 31, 2016. Proposition 30 also imposed an

additional excise tax on the storage, use, or other consumption in the State of tangible personal property purchased from a retailer on and after January 1, 2013 and before January 1, 2017. This excise tax was levied at a rate of 0.25% of the sales price of the property so purchased. For personal income taxes imposed beginning in the taxable year commencing January 1, 2012 and ending December 31, 2018, Proposition 30 increases for such period the marginal personal income tax rate by: (a) 1% for taxable income over \$250,000 but less than \$300,000 for single filers (over \$340,000 but less than \$408,000 for head of household filers and over \$500,000 but less than \$600,000 for joint filers), (b) 2% for taxable income over \$300,000 but less than \$500,000 for single filers (over \$408,000 but less than \$680,000 for head of household filers and over \$600,000 but less than \$1,000,000 for joint filers), and (c) 3% for taxable income over \$500,000 for single filers (over \$680,000 for head of household filers and over \$1,000,000 for joint filers). Proposition 55 (described below) extended said increases to personal income rates through the end of 2030.

The revenues generated from the temporary tax increases will be included in the calculation of the Proposition 98 minimum funding guarantee for school districts and community college districts. See “Proposition 98” and “Proposition 111” above. From an accounting perspective, the revenues generated from the temporary tax increases will be deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the “EPA”). Pursuant to Proposition 30, funds in the EPA will be allocated quarterly, with 89% of such funds provided to school districts and 11% provided to community college districts. The funds will be distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than \$200 per unit of ADA and no community college district will receive less than \$100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that, the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing boards are prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

The California Children's Education and Health Care Protection Act of 2016, also known as Proposition 55, was a proposed constitutional amendment initiative that was approved on the November 8, 2016 general election ballot in California. Proposition 55 extends the increases to personal income tax rates for high-income taxpayers that were approved as part of Proposition 30 through the end of 2030, instead of the scheduled expiration date of December 31, 2018. The extensions did not apply to the sales tax and excise taxes imposed by Proposition 30. Tax revenue received under Proposition 55 is to be allocated 89% to K-12 schools and 11% to community colleges.

California Senate Bill 222

Senate Bill 222 (“**SB 222**”) was signed by the California Governor on July 13, 2015, and became effective on January 1, 2016. SB 222 amended Section 15251 of the California Education Code and added Section 52515 to the California Government Code to provide that voter approved general obligation bonds which are secured by *ad valorem* property tax collections are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien shall attach automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the issuer, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without

the need for any further act. The effect of SB 222 is the treatment of general obligation bonds, such as the Bonds, as secured debt in bankruptcy due to the existence of a statutory lien.

Proposition 19

On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment (“**Proposition 19**”), which amends Article XIII A to (i) expand as of April 1, 2021 special rules that govern the transfer of a residential property’s tax base value to a replacement residence for homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home anywhere within the State, (ii) narrows as of February 16, 2021 existing special rules for the valuation of inherited real property due to a transfer between family members, and (iii) allocates most resulting State revenues and savings (if any) to fire protection services and reimbursing local governments for taxation-related changes. The District cannot predict whether the implementation of Proposition 19 will increase, decrease or have no overall impact on the District’s assessed values.

Proposition 2 (2024)

The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024, also known as “Proposition 2”, was approved by State voters at the November 5, 2024 statewide election, and authorizes the sale and issuance of \$10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools (including charter schools), community colleges and career technical education programs, including the improvement of health and safety conditions and classroom upgrades.

Proposition 2 includes \$3.3 billion for the construction of new K-12 facilities and an additional \$4 billion for the modernization of existing K-12 facilities. Up to 10% of the allocation for new constructions and modernization will be reserved for school districts with an enrollment of fewer than 2,501 students. Of the \$4 billion assigned for modernization of existing K-12 facilities, up to \$115 million will be allocated for the remediation of lead in water at school facilities. Generally, K-12 school districts will be required to pay for 50% of the new construction costs and 40% of the modernization costs with local revenues. However, some districts that have lower assessed property values and meet certain other socio-economic criteria will be required to pay as low as 45% and 35% of new construction costs and modernization costs, respectively. In addition, a total of \$1.2 billion will be available for the modernization and new construction of charter school facilities (\$600 million) and technical education facilities (\$600 million). The State will award funds to technical education and charter school through an application process, and charter schools must be deemed financially sound before project approval.

Future Initiatives

Article XIII A, Article XIII B, Article XIII C and Article XIII D of the California Constitution and Propositions 98, 22, 26, 30 and 39 were each adopted as measures that qualified for the ballot under the State’s initiative process. From time to time other initiative measures could be adopted further affecting District revenues or the District’s ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

Governing Board
Scotts Valley Unified School District
Scotts Valley, California

Report on the Audit of the Financial Statements***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Scotts Valley Unified School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Scotts Valley Unified School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Scotts Valley Unified School District, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Scotts Valley Unified School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Scotts Valley Unified School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Scotts Valley Unified School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Scotts Valley Unified School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis, budgetary comparison information, schedule of changes in total OPEB liability and related ratios, schedules of proportionate share of net pension liability, and schedules of district contributions for pensions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Scotts Valley Unified School District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Local Education Agency Organization Structure but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 25, 2025 on our consideration of the Scotts Valley Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Scotts Valley Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Scotts Valley Unified School District's internal control over financial reporting and compliance.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

Our discussion and analysis of Scotts Valley Unified School District's (District) financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2024. It should be read in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's net position was \$29,497,700 at June 30, 2024. This was an increase of \$1,824,062 from the prior year.
- Overall revenues were \$37,830,341, which exceeded expenses of \$36,006,279.

OVERVIEW OF FINANCIAL STATEMENTS

Components of the Financial Section

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
FOR THE YEAR ENDED JUNE 30, 2024**

OVERVIEW OF FINANCIAL STATEMENTS (continued)

Components of the Financial Section (continued)

This annual report consists of three parts – Management's Discussion and Analysis (this section), the basic financial statements, and required supplementary information. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives:

- ▶ **Government-wide financial statements**, which comprise the first two statements, provide both short-term and long-term information about the entity's overall financial position.
- ▶ **Fund financial statements** focus on reporting the individual parts of District operations in more detail. The fund financial statements comprise the remaining statements.
 - ▶ **Governmental Funds** provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The basic financial statements are followed by a section of required and other supplementary information that further explain and support the financial statements.

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it has changed. Net position is one way to measure the District's financial health. Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.

The government-wide financial statements of the District include governmental activities. All of the District's basic services are included here, such as regular education, food service, maintenance and general administration. Local control formula funding and federal and state grants finance most of these activities.

FOR THE YEAR ENDED JUNE 30, 2024**

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE

Net Position

The District's net position was \$29,497,700 at June 30, 2024, as reflected in the table below. Of this amount, \$(8,530,108) was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the Governing Board's ability to use that net position for day-to-day operations.

	Governmental Activities		
	2024	2023	Net Change
ASSETS			
Current and other assets	\$ 32,489,608	\$ 28,440,871	\$ 4,048,737
Capital assets	57,827,734	56,541,884	1,285,850

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE (continued)

Changes in Net Position

The results of this year's operations for the District as a whole are reported in the Statement of Activities. The table below takes the information from the Statement and rearranges it slightly, so you can see our total revenues and expenses for the year.

	Governmental Activities		
	2024	2023	Net Change
REVENUES			
Program revenues			
Charges for services	\$ 39,357	\$ 142,411	\$ (103,054)
Operating grants and contributions	4,725,679	8,129,002	(3,403,323)
General revenues			
Property taxes	24,208,008	22,824,670	1,383,338
Unrestricted federal and state aid	6,376,883	6,667,595	(290,712)
Other	2,480,414	(156,647)	2,637,061
Total Revenues	37,830,341	37,607,031	223,310
EXPENSES			
Instruction	18,158,706	14,822,250	3,336,456
Instruction-related services	4,349,757	3,282,555	1,067,202
Pupil services	3,793,738	3,146,533	647,205
General administration	2,598,427	2,269,763	328,664
Plant services	3,365,080	2,695,851	669,229
Ancillary and community services	512,826	477,957	34,869
Debt service	1,097,772	1,225,712	(127,940)
Other outgo	299,524	3,370	296,154
Depreciation	1,830,449	1,718,813	111,636
Total Expenses	36,006,279	29,642,804	6,363,475
Change in net position	1,824,062	7,964,227	(6,140,165)
Net Position - Beginning	27,673,638	19,709,411	7,964,227
Net Position - Ending	\$ 29,497,700	\$ 27,673,638	\$ 1,824,062

The cost of all our governmental activities this year was \$36,006,279. The amount that our taxpayers ultimately financed for these activities through taxes was \$24,208,008 because the remaining costs were paid by other governments and organizations who subsidized certain programs with grants and contributions.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
FOR THE YEAR ENDED JUNE 30, 2024**

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE (continued)

Changes in Net Position (continued)

In the table below, we have presented the net cost of each of the District's functions. Net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

	Net Cost of Services	
	2024	2023
Instruction	\$ 15,839,577	\$ 11,221,869
Instruction-related services	4,105,125	3,108,460
Pupil services	2,621,222	401,559
General administration	2,536,368	1,268,602
Plant services	3,174,159	2,637,800
Ancillary and community services	196,877	169,981
Debt service	1,097,772	1,225,712
Transfers to other agencies	(160,306)	(381,405)
Depreciation	1,830,449	1,718,813
Total	\$ 31,241,243	\$ 21,371,391

FINANCIAL ANALYSIS OF THE DISTRICT'S MAJOR FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed this year, its governmental funds reported a combined fund balance of \$28,043,333, which is more than last year's ending fund balance of \$23,599,180. The District's General Fund balance decreased by \$347,373 during the year ended June 30, 2024, reporting an ending fund balance of \$14,626,101. In addition, the District's Special Reserve Fund for Capital Outlay Projects had \$2,697,929 less in operating revenues than expenditures for the year ended June 30, 2024 but experienced a net increase in fund balance of \$4,802,061 for the year due to net financing sources in the amount of \$7,499,990. The District's Bond Interest and Redemption Fund experienced a net increase in fund balance of \$69,809.

CURRENT YEAR BUDGET 2023-2024

During the fiscal year, budget revisions and appropriation transfers are presented to the Board for their approval on a periodic basis to reflect changes to both revenues and expenditures that become known during the year. In addition, the Board of Education approves financial projections included with the Adopted Budget, First Interim, and Second Interim financial reports. The Unaudited Actuals reflect the District's financial projections and current budget based on State and local financial information.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
FOR THE YEAR ENDED JUNE 30, 2024**

CAPITAL ASSETS AND LONG-TERM LIABILITIES

Capital Assets

By the end of 2023-2024 the District had invested \$57,827,734 in capital assets, net of accumulated depreciation.

	Governmental Activities		
	2024	2023	Net Change
CAPITAL ASSETS

Less: current portion of long-term liabilities	(3,203,322)	(3,007,415)	(195,907)
Total	\$ 57,751,134	\$ 51,970,898	\$ 5,780,236

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
FOR THE YEAR ENDED JUNE 30, 2024**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Several economic factors could impact California school district funding and the District's budget in the next fiscal year:

Long-term Declining Enrollment: Lower birth rates and increased migration out of state have resulted in long-term declining enrollment across California schools. Enrollment can fluctuate due to factors such as population growth, competition from private and parochial schools, inter-district transfers in or out, economic conditions, and housing values. Losses in enrollment will cause a school district to lose operating revenues without necessarily permitting the district to adjust fixed operating costs.

Revenue Uncertainties: Proposition 98 guarantees have improved over the 2023-24 fiscal year, but the prior 2022-23 revenues fell short of estimates, reducing the guarantee and resulting in the use of Proposition 98 reserves. California faced a significant budget deficit due to a severe revenue decline in 2022-23, driven mainly by lower income tax collections and economic downturns. However, recent tax forecasts show that actual revenues surpass projections. Surpluses could help fund more Proposition 98 revenue for school districts.

Underfunded Pension Liabilities: The District participates in state employee pension plans, California State Teachers' Retirement System (CalSTRS) and California Public Employees' Retirement System (CalPERS) and both are underfunded. The District's proportionate share of the liability is reported in the Statement of Net Position as of June 30, 2024. The amount of the liability is material to the District's financial position. The CalSTRS projected employer contribution rate for 2024-25 is 19.10 percent. The CalPERS projected employer contribution rate for 2024-25 is 27.05 percent. The projected increased pension costs to school employers remain a significant fiscal factor.

Economic Downturn: Higher borrowing costs and reduced investment have slowed economic activity, particularly affecting sectors like technology and startups, which are crucial to California's economy. The unemployment rate is up but might reverse with future jobs in the technology and aerospace industries.

Federal Reserve Actions: The Federal Reserve's interest rate hikes have increased borrowing costs, reducing investment and economic growth.

Stock Market Performance: The steep decline in the stock market in prior years has negatively impacted income tax collections from high-income Californians and corporations. Overall, market performance in 2024 is trending in a positive direction.

These factors contribute to a challenging fiscal environment, potentially affecting the state's ability to maintain or increase funding for school districts. All these factors were considered in preparing the District's 2024-25 fiscal year budget.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the Business Office of Scotts Valley Unified School District at 108 Whispering Pines Drive, Suite #115, Scotts Valley, California 95066.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET
POSITION
JUNE 30, 2024

Total Fund Balance - Governmental Funds **\$ 28,043,333**

Amounts reported for assets and liabilities for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets:

In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation:

Capital assets	\$ 78,036,875	
Accumulated depreciation	<u>(20,209,141)</u>	57,827,734

Unmatured interest on long-term debt:

In governmental funds, interest on long-term debt is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred. The additional liability for unmatrued interest owing at the end of the period was:

(614,628)

Long-term liabilities:

In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:

Total general obligation bonds	\$ 31,636,257	
Total certificates of participation	9,328,138	
Compensated absences	70,577	
Total OPEB liability	1,352,102	
Net pension liability	<u>18,567,382</u>	(60,954,456)

Deferred outflows and inflows of resources relating to pensions:

In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported.

Deferred outflows of resources related to pensions	\$ 7,246,287	
Deferred inflows of resources related to pensions	<u>(1,479,952)</u>	5,766,335

Deferred outflows and inflows of resources relating to OPEB:

In governmental funds, deferred outflows and inflows of resources relating to OPEB are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to OPEB are reported.

Deferred outflows of resources related to OPEB	\$ 91,782	
Deferred inflows of resources related to OPEB	<u>(662,400)</u>	(570,618)

Total Net Position - Governmental Activities	<u>\$ 29,497,700</u>

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2024**

Net Change in Fund Balances - Governmental Funds **\$ 4,444,153**

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay:

In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

Expenditures for capital outlay:	\$	3,116,299	
Depreciation expense:		(1,830,449)	1,285,850

Debt service:

In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were:

2,790,000

Debt proceeds:

In governmental funds, proceeds from debt are recognized as Other Financing Sources. In the government-wide statements, proceeds from debt are reported as increases to liabilities. Amounts recognized in governmental funds as proceeds from debt, net of issue premium or discount, were:

(6,868,138)

Unmatured interest on long-term debt:

In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period, was:

61,758

Compensated absences:

In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amount earned. The difference between compensated absences paid and compensated absences earned, was:

24,272

Postemployment benefits other than pensions (OPEB):

In governmental funds, OPEB expenses are recognized when employer OPEB contributions are made. In the statement of activities, OPEB expenses are recognized on the accrual basis. This year, the difference between OPEB expenses and actual employer OPEB contributions was:

(67,786)

(continued on the following page)

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES, continued
FOR THE YEAR ENDED JUNE 30, 2024

Pensions:

In governmental funds, pension costs are recognized when employer contributions are made. In the government-wide statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and employer contributions was: (63,462)

Amortization of debt issuance premium or discount:

In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an Other Financing Source or an Other Financing Use in the period it is incurred. In the government-wide statements, the premium or discount is amortized over the life of the debt. Amortization of premium or discount for the period is: 217,415

Change in Net Position of Governmental Activities	<u>\$ 1,824,062</u>
--	---------------------

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The Scott Valley Unified School District (the “District”) accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

The District operates under a locally elected Board form of government and provides educational services to grades K-12 as mandated by the state. A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student-related activities.

B. Component Units

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. The District has no such component units.

C. Basis of Presentation

Government-Wide Statements. The statement of net position and the statement of activities display information about the primary government (the District). These statements include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenue for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reserved for the statement of activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting of operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements. The fund financial statements provide information about the District's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Governmental funds are used to account for activities that are governmental in nature. Governmental activities are typically tax-supported and include education of pupils, operation of food service and child development programs, construction and maintenance of school facilities, and repayment of long-term debt.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Presentation (continued)

Major Governmental Funds

General Fund: The General Fund is the main operating fund of the District. It is used to account for all activities except those that are required to be accounted for in another fund. In keeping with the minimum number of funds principle, all of the District's activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. A District may have only one General Fund.

Special Reserve Fund for Capital Outlay Projects: This fund exists primarily to provide for the accumulation of General Fund moneys for capital outlay purposes (*Education Code Section 42840*).

Bond Interest and Redemption Fund: This fund is used for the repayment of bonds issued for the District (*Education Code Sections 15125–15262*). The board of supervisors of the county issues the bonds. The proceeds from the sale of the bonds are deposited in the county treasury to the Building Fund of the District. Any premiums or accrued interest received from the sale of the bonds must be deposited in the Bond Interest and Redemption Fund of the District. The county auditor maintains control over the District's Bond Interest and Redemption Fund. The principal and interest on the bonds must be paid by the county treasurer from taxes levied by the county auditor-controller.

Non-Major Governmental Funds

Special Revenue Funds: Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The District maintains the following special revenue funds:

Student Activity Fund: This fund may be used to account for student body activities that do not meet the fiduciary criteria established in GASB Statement No. 84.

Cafeteria Fund: This fund is used to account separately for federal, state, and local resources to operate the food service program (*Education Code Sections 38090–38093*). The Cafeteria Fund shall be used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code Sections 38091 and 38100*).

Capital Project Funds: Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Building Fund: This fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code Section 15146*) and may not be used for any purposes other than those for which the bonds were issued. Other authorized revenues to the Building Fund are proceeds from the sale or lease-with-option-to-purchase of real property (*Education Code Section 17462*) and revenue from rentals and leases of real property specifically authorized for deposit into the fund by the governing board (*Education Code Section 41003*).

Capital Facilities Fund: This fund is used primarily to account separately for moneys received from fees levied on developers or other agencies as a condition of approving a development (*Education Code Sections 17620–17626*). The authority for these levies may be county/city ordinances (*Government Code Sections 65970–65981*) or private agreements between the District and the developer. Interest earned in the Capital Facilities Fund is restricted to that fund (*Government Code Section 66006*).

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Presentation (continued)

Non-Major Governmental Funds (continued)

Debt Service Funds: Debt service funds are established to account for the accumulation of resources for and the payment of principal and interest on general long-term debt.

D. Basis of Accounting – Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Net Position equals assets and deferred outflows of resources minus liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The net position should be reported as restricted when constraints placed on its use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities results from special revenue funds and the restrictions on their use.

Governmental Funds

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Governmental funds use the modified accrual basis of accounting.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Available” means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Generally, “available” means collectible within the current period or within 60 days after year-end. However, to achieve comparability of reporting among California school districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for school districts as collectible within one year.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting – Measurement Focus (continued)

Revenues – Exchange and Non-Exchange Transactions (continued)

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from the grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Certain grants received that have not met eligibility requirements are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position

Cash and Cash Equivalents

The District's cash and cash equivalents consist of cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county and State investment pools are determined by the program sponsor.

NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position (continued)

Inventories

Inventories are recorded using the purchases method in that the cost is recorded as an expenditure at the time the individual inventory items are requisitioned. Inventories are valued at historical cost and consist of expendable supplies held for consumption.

Capital Assets

The accounting and reporting treatment applied to the capital assets associated with a fund is determined by its measurement focus. Capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their acquisition value as of the date received. The District maintains a capitalization threshold of \$5,000. The District does not own any infrastructure as defined in GASB Statement No. 34. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. All reported capital assets, except for land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets.

Depreciation is computed using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings and Improvements	20-50 years
Furniture and Equipment	5-20 years

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Due from other funds/Due to other funds." These amounts are eliminated in the governmental activities columns of the statement of net position.

Compensated Absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide financial statements. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resource. These amounts are recorded in the fund from which the employees who have accumulated leave are paid.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken because such benefits do not vest, nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position (continued)

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and deferred inflows of resources related to OPEB, and OPEB expense have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	July 1, 2023
Measurement Date	June 30, 2024
Measurement Period	July 1, 2023 to June 30, 2024

Gains and losses related to changes in total OPEB liability are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The amortization period differs depending on the source of gain or loss. The difference between projected and actual earnings is amortized on a straight-line basis over five years. All other amounts are amortized on a straight-line basis over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) at the beginning of the measurement period.

Premiums and Discounts

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

Deferred Outflows/Deferred Inflows of Resources

In addition to assets, the District will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the District will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the defined benefit pension plans (the Plans) of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position (continued)

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification reflects amounts that are not in spendable form. Examples include inventory, lease receivables (net of related deferred inflows), prepaid items, the long-term portion of loans receivable, and nonfinancial assets held for resale. This classification also reflects amounts that are in spendable form but that are legally or contractually required to remain intact, such as the principal of a permanent endowment.

Restricted - The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Governing Board. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. In contrast to restricted fund balance, committed fund balance may be redirected by the government to other purposes as long as the original constraints are removed or modified in the same manner in which they were imposed, that is, by the same formal action of the Governing Board.

Assigned - The assigned fund balance classification reflects amounts that the government *intends* to be used for specific purposes. Assignments may be established either by the Governing Board or by a designee of the governing body and are subject to neither the restricted nor committed levels of constraint. In contrast to the constraints giving rise to committed fund balance, constraints giving rise to assigned fund balance are not required to be imposed, modified, or removed by formal action of the Governing Board. The action does not require the same level of formality and may be delegated to another body or official. Additionally, the assignment need not be made before the end of the reporting period, but rather may be made any time prior to the issuance of the financial statements.

Unassigned - In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements. Interfund transfers are eliminated in the governmental activities columns of the statement of activities.

G. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

H. Budgetary Data

The budgetary process is prescribed by provisions of the California Education Code and requires the governing board to hold a public hearing and adopt an operating budget no later than July 1 of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For purposes of the budget, on-behalf payments have not been included as revenue and expenditures as required under generally accepted accounting principles.

I. Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County Auditor-Controller bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. New Accounting Pronouncements

GASB Statement No. 99 – In April 2022, GASB issued Statement No. 99, *Omnibus 2022*. The objectives of this statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The statement addresses various practice issues, including: (a) clarification of provisions in Statement No. 87, *Leases*, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives, (b) disclosures related to nonmonetary transactions; clarification of provisions in Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, as amended, related to the focus of the government-wide financial statements, (c) terminology updates related to certain provisions of Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and (d) terminology used in Statement 53 to refer to resource flows statements. A portion of this statement was effective upon issuance, while the remaining portions of this statement were effective for periods beginning after June 15, 2022 and for periods beginning after June 15, 2023. The District has fully implemented this Statement as of June 30, 2024.

GASB Statement No. 100 – In June 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections* – an amendment of GASB Statement No. 62. The primary objective of this statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This statement is effective for periods beginning after June 15, 2023. The District has fully implemented this Statement as of June 30, 2024.

GASB Statement No. 101 – In June 2022, GASB issued Statement No. 101, *Compensated Absences*. The objective of this statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This statement is effective for periods beginning after December 15, 2023. The District has not yet determined the impact on the financial statements.

GASB Statement No. 102 – In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. This statement is effective for periods beginning after June 15, 2024. The District has not yet determined the impact on the financial statements.

GASB Statement No. 103 – In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. This Statement also addresses certain application issues. The statement is effective for periods beginning after June 15, 2025. The District has not yet determined the impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 2 – CASH AND INVESTMENTS

A. Summary of Cash and Investments

	Governmental Activities
Investment in county treasury	\$ 26,666,428
Fair value adjustment	(653,357)
Cash on hand and in banks	135,398
Cash with fiscal agent	4,283,722
Total	\$ 30,432,191

B. Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the state; U.S. Treasury instruments; registered state warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; collateralized mortgage obligations; and the County Investment Pool.

Investment in County Treasury – The District maintains substantially all of its cash in the County Treasury in accordance with *Education Code Section 41001*. The Santa Cruz County Treasurer’s pooled investments are managed by the County Treasurer who reports on a monthly basis to the board of supervisors. In addition, the function of the County Treasury Oversight Committee is to review and monitor the County’s investment policy. The committee membership includes the Treasurer and Tax Collector, the Auditor-Controller, Chief Administrative Officer, Superintendent of Schools Representative, and a public member. The fair value of the District’s investment in the pool is based upon the District’s pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Cash with Fiscal Agent – This amount represents cash held by U.S. Bank as a trustee for activity relating to the 2023 COP issuance.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 2 – CASH AND INVESTMENTS (continued)

C. General Authorizations

Except for investments by trustees of debt proceeds, the authority to invest District funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website. The table below identifies the investment types permitted by California Government Code.

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U. S. Treasury Obligations	5 years	None	None
U. S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The District maintains a pooled investment with the County Treasury with a fair value of approximately \$26,013,071. The average weighted maturity for this pool is 411 days.

E. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investments in the County Treasury are not required to be rated.

F. Custodial Credit Risk – Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2024, the District's bank balance was not exposed to custodial credit risk.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 2 – CASH AND INVESTMENTS (continued)

G. Fair Value

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, either directly or indirectly.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonable available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Santa Cruz County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share. Investments held with the county treasury with a fair value totaling \$26,013,071 as of June 30, 2024 were considered uncategorized.

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2024 consisted of the following:

	General Fund	Non-Major Governmental Funds	Governmental Activities
Federal Government			
Categorical aid	\$ 1,231,677	\$ 21,023	\$ 1,252,700
State Government			
Apportionment	218,611	-	218,611
Categorical aid	43,978	85,364	129,342
Lottery	144,613	-	144,613
Local Government			
Other local sources	6,000	-	6,000
Total	\$ 1,644,879	\$ 106,387	\$ 1,751,266

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT

Furniture & equipment	591,824	182,197	-	774,021
Total accumulated depreciation	18,378,692	1,830,449	-	20,209,141
Total capital assets being depreciated, net	52,636,884	(1,603,933)	-	51,032,951
Governmental Activities				
Capital Assets, net	\$ 56,541,884	\$ 1,285,850	\$ -	\$ 57,827,734

NOTE 5 – INTERFUND TRANSACTIONS

During the year ended June 30, 2024, there was a transfer from the Debt Service Fund to the Special Reserve Fund for Capital Outlay Projects to support energy project activity in the amount of \$631,852.

NOTE 6 – ACCRUED LIABILITIES

Accrued liabilities at June 30, 2024 consisted of the following:

	General Fund	Special Reserve Fund for Capital Outlay Projects	Non-Major Governmental Funds	District-Wide	Governmental Activities
Payroll	\$ 470,575	\$ -	\$ -	\$ -	\$ 470,575
Construction	-	70,744	-	-	70,744
Vendors payable	1,559,715	-	32,421	-	1,592,136
Due to grantor government	1,863,863	-	-	-	1,863,863
Due to other agencies	239,644	-	-	-	239,644
Unmatured interest	-	-	-	614,628	614,628
Total	\$ 4,133,797	\$ 70,744	\$ 32,421	\$ 614,628	\$ 4,851,590

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 7 – UNEARNED REVENUE

The District reported an unearned revenue balance of \$209,313 in the General Fund at June 30, 2024. This amount consisted of \$112,147 in federal sources and \$97,166 in state sources.

NOTE 8 – LONG-TERM LIABILITIES

A schedule of changes in long-term liabilities for the year ended June 30, 2024 consisted of the following:

	Balance July 01, 2023	Additions	Deductions	Balance June 30, 2024	Balance Due In One Year
Governmental Activities					
General obligation bonds	\$ 32,475,000	\$ -	\$ 2,630,000	\$ 29,845,000	\$ 2,830,000
Unamortized premium	2,008,672	-	217,415	1,791,257	217,415
Total general obligation bonds	34,483,672	-	2,847,415	31,636,257	3,047,415
Certificates of participation	-	6,950,000	-	6,950,000	-
Unamortized discount	-	(81,862)	-	(81,862)	(4,093)
Subtotal certificates of participation	-	6,868,138	-	6,868,138	(4,093)
Direct placement certificates of participation	2,620,000	-	160,000	2,460,000	160,000
Total certificates of participation	2,620,000	6,868,138	160,000	9,328,138	155,907
Compensated absences	94,849	-	24,272	70,577	-
Total OPEB liability	1,618,357	-	266,255	1,352,102	-
Net pension liability	16,161,435	2,405,947	-	18,567,382	-
Total	\$ 54,978,313	\$ 9,274,085	\$ 3,297,942	\$ 60,954,456	\$ 3,203,322

- Payments for general obligation bonds are made in the Bond Interest and Redemption Fund.
- Payments on certificates of participation are made in the Special Reserve Fund for Capital Outlay Projects and the Debt Service Fund.
- Payments for compensated absences are typically liquidated in the General Fund and the Non-Major Governmental Funds.

A. Compensated Absences

Total unpaid employee compensated absences as of June 30, 2024 amounted to \$70,577. This amount is included as part of long-term liabilities in the government-wide financial statements.

B. Other Postemployment Benefits

The District's beginning total OPEB liability was \$1,618,357 and decreased by \$266,255 during the year ended June 30, 2024. The ending total OPEB liability at June 30, 2024 was \$1,352,102. See Note 10 for additional information regarding the total OPEB liability.

C. Net Pension Liability

The District's beginning net pension liability was \$16,161,435 and increased by \$2,405,947 during the year ended June 30, 2024. The ending net pension liability at June 30, 2024 was \$18,567,382. See Note 11 for additional information regarding the net pension liability.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 8 – LONG-TERM LIABILITIES (continued)

D. General Obligation Bonds

The outstanding general obligation bonded debt of the District as of June 30, 2024 is as follows:

Series	Issue Date	Maturity Date	Interest Rate	Original Issue	Bonds Outstanding July 01, 2023	Additions	Deductions	Bonds Outstanding June 30, 2024
2013 Refunding Bond	9/5/2013	8/1/2027	2.00% - 5.00%	\$ 15,145,000	\$ 6,305,000	\$ -	\$ 1,155,000	\$ 5,150,000
Election of 2014, Series A	1/29/2015	8/1/2039	3.00% - 5.00%	15,000,000	12,335,000	-	325,000	12,010,000
Election of 2014, Series B	8/3/2017	8/1/2032	2.00% - 5.00%	20,000,000	13,835,000	-	1,150,000	12,685,000
Total					\$ 32,475,000	\$ -	\$ 2,630,000	\$ 29,845,000

The annual requirements to amortize these bonds and the remaining outstanding balance are as follows:

Year Ended June 30,	Principal	Interest	Total
2025	\$ 2,830,000	\$ 1,098,956	\$ 3,928,956
2026	3,010,000	982,156	3,992,156
2027	2,960,000	854,406	3,814,406
2028	3,185,000	713,303	3,898,303
2029	2,000,000	596,950	2,596,950
2030 - 2034	9,600,000	1,890,646	11,490,646
2035 - 2039	5,025,000	763,719	5,788,719
2040	1,235,000	24,700	1,259,700
Total	\$ 29,845,000	\$ 6,924,836	\$ 36,769,836

E. Certificates of Participation

On October 10, 2017 the District issued \$3,110,000 in 2017 Refunding Certificates of Participation, payable in installments from March 1, 2018 through September 1, 2036. The certificates of participation are being executed and delivered in order to refinance the acquisition, construction and improvement of education facilities of the District. The District and the Scotts Valley Schools Financing Corporation have previously entered into a lease agreement dated as of January 1, 2007 (2007 COP).

The outstanding 2017 direct placement certificates of participation of the District as of June 30, 2024 are as follows:

Year Ended June 30,	Principal	Interest	Total
2025	\$ 160,000	\$ 74,416	\$ 234,416
2026	165,000	69,419	234,419
2027	180,000	64,268	244,268
2028	180,000	58,732	238,732
2029	185,000	53,198	238,198
2030 - 2034	1,020,000	175,737	1,195,737
2035 - 2037	570,000	26,593	596,593
Total	\$ 2,460,000	\$ 522,363	\$ 2,982,363

On November 8, 2023, the District issued \$6,950,000 in 2023 Certificates of Participation, payable in installments from March 1, 2024 through September 1, 2053. The certificates of participation are being executed and delivered in order to provide financing for solar and energy efficiency project at District facilities.

NOTE 10 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

A. Plan Description

The Scotts Valley Unified School District's defined benefit OPEB plan, Scotts Valley Unified School District Retiree Benefit Plan (the Plan) is described below. The Plan is a single-employer defined benefit plan administered by the District. The medical plan options for actives and retirees under 65 include Blue Cross, California Care, and Kaiser Permanente. Medicare coverage for retirees over 65 is provided through Blue Cross, California Care, and Companion Care. Delta Dental and VSP vision insurance are offered to both active employees and retirees of the District. Medical coverage is self-insured on a pooled basis through the Self-Insured Schools of California (SISC). No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

B. Benefits Provided

The eligibility requirements and benefits provided by the Plan are described below:

Certificated employees who retire between the ages of 50 and 65 and have completed at least 15 years of continuous service with the District are eligible for District-paid retiree health benefits. Benefits continue for the earlier of 5 years or until the retiree turns age 65.

Classified employees hired on or after 7/1/1988 who retire between the ages of 50 and 65, have completed at least 10 years of continuous service with the District, and are employed more than 75% of the fiscal year at time of retirement, are eligible for District-paid retiree health benefits. Benefits continue for 5 years.

Retiree benefits for both Certificated and Classified employees are subject to the following annual cap, based on years of District service.

Years of District Service	Annual Amount Applied for Health Benefits
10 - 14	\$2,300*
15 - 19	\$2,500
20 - 24	\$3,000
25+	\$3,500

*Classified retirees only

For retirements after July 1st, 2023: Certificated employees who retire between the ages of 55 and 65 and have completed at least 15 years of continuous service with the District are eligible for District-paid retiree health benefits. Benefits continue for the earlier of five years or until the retiree turns age 65.

Years of District Service	Annual Amount Applied for Health Benefits
20 - 24	\$5,650
25+	\$7,150

NOTE 10 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

C. Contributions

For the measurement period, the District contributed \$81,301 to the Plan, all of which was used for current premiums.

D. Plan Membership

Membership of the Plan consisted of the following:

	<u>Number of participants</u>
Inactive employees receiving benefits	13
Inactive employees entitled to but not receiving benefits*	-
Participating active employees	154
Total number of participants**	167

*Information not provided

**As of the July 1, 2023 valuation date

E. Total OPEB Liability

The Scotts Valley Unified School District's total OPEB liability of \$1,352,102 was measured as of June 30, 2024 and was determined by an actuarial valuation as of July 1, 2023.

F. Actuarial Assumptions and Other Inputs

The total OPEB liability as of June 30, 2024 was determined by an actuarial valuation as of July 1, 2023 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Economic assumptions:

Salary increases	3.00%
Discount rate	3.97%
Inflation rate	2.50%
Healthcare cost trend rates	5.50% for 2024, 5.25% for 2025-2029, 5.00% for 2030-2039, 4.75% for 2040-2049, 4.50% for 2050-2069, and 4.00% for 2070 and later years; Medicare ages: 4.50% for 2024-2029 and 4.00% for 2030 and later years.

Non-economic assumptions:

Pre-retirement mortality rates were based on the CalSTRS and CalPERS Experience Analysis Studies. Post-retirement mortality rates were also based on the CalSTRS and CalPERS Experience Analysis Studies.

Actuarial assumptions used in the July 1, 2023 valuation were based on a review of plan experience during the period of July 1, 2021 to June 30, 2023.

The discount rate was based on the Bond Buyer 20 Bond Index.

J. OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2024, the Scotts Valley Unified School District recognized OPEB expense of \$149,087. At June 30, 2024, the Scotts Valley Unified School District reported deferred outflows of resources and inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 6,229	\$ 470,407
Changes in assumptions	85,553	191,993
Total	<u>\$ 91,782</u>	<u>\$ 662,400</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ended June 30,</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
2025	\$ 30,572	\$ 122,282
2026	30,572	119,579
2027	23,999	103,514
2028	5,598	64,500
2029	1,041	59,902
Thereafter	-	192,623
Total	<u>\$ 91,782</u>	<u>\$ 662,400</u>

NOTE 11 – PENSION PLANS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS), and classified employees are members of the California Public Employees' Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflow of resources, and deferred inflow of resources for each of the above plans as follows:

	Net pension liability	Deferred outflows related to pensions	Deferred inflows related to pensions	Pension expense
STRS Pension	\$ 12,612,260	\$ 4,718,264	\$ 1,398,612	\$ 1,955,106
PERS Pension	5,955,122	2,528,023	81,340	1,211,067
Total	\$ 18,567,382	\$ 7,246,287	\$ 1,479,952	\$ 3,166,173

A. California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the California State Teachers' Retirement System (CalSTRS); a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7919 Folsom Blvd., Sacramento, CA 95826.

Benefits Provided

The CalSTRS defined benefit plan has two benefit formulas:

1. CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS. CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor, known as the career factor. The maximum benefit with the career factor is 2.4 percent of final compensation.
2. CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS. CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 11 – PENSION PLANS (continued)

A. California State Teachers' Retirement System (CalSTRS) (continued)

Contributions

Active plan CalSTRS 2% at 60 and 2% at 62 members are required to contribute 10.25% and 10.205% of their salary for fiscal year 2024, respectively, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2024 was 19.10% of annual payroll. The contribution requirements of the plan members are established by state statute. Contributions to the plan from the District were \$2,201,059 for the year ended June 30, 2024.

On-Behalf Payments

The District was the recipient of on-behalf payments made by the State of California to CalSTRS for K-12 education. These payments consist of state general fund contributions of approximately \$966,555 to CalSTRS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$	12,612,260
State's proportionate share of the net pension liability associated with the District		6,042,998
Total	\$	<u>18,655,258</u>

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2022 and rolling forward the total pension liability to June 30, 2023. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2023, the District's proportion was 0.017 percent, which was an increase of 0.001 percent from its proportion measured as of June 30, 2022.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 11 – PENSION PLANS (continued)

A. California State Teachers' Retirement System (CalSTRS) (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2024, the District recognized pension expense of \$1,955,106. In addition, the District recognized pension expense and revenue of \$(87,756) for support provided by the State. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between projected and actual earnings on plan investments	\$ -	\$ 53,986
Differences between expected and actual experience	991,116	674,820
Changes in assumptions	73,030	-
Changes in proportion and differences between District contributions and proportionate share of contributions	1,453,059	669,806
District contributions subsequent to the measurement date	2,201,059	-
Total	<u>\$ 4,718,264</u>	<u>\$ 1,398,612</u>

The \$2,201,059 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
2025	\$ 490,614	\$ 845,866
2026	462,567	1,067,767
2027	462,568	(795,345)
2028	438,224	240,746
2029	438,223	39,578
2030	225,009	-
Total	<u>\$ 2,517,205</u>	<u>\$ 1,398,612</u>

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 11 – PENSION PLANS (continued)

A. California State Teachers' Retirement System (CalSTRS) (continued)

Actuarial Assumptions

The total pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2022, and rolling forward the total pension liability to June 30, 2023 using the following actuarial assumptions, applied to all periods included in the measurement:

Consumer Price Inflation	2.75%
Investment Rate of Return*	7.10%
Wage Inflation	3.50%

* Net of investment expenses, but gross of administrative expenses.

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on MP-2016 series tables adjusted to fit CalSTRS experience.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance–PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in January 2023 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS' independent consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of expected 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class as of June 30, 2023, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return*
Public Equity	38%	5.25%
Real Estate	15%	4.05%
Private Equity	14%	6.75%
Fixed Income	14%	2.45%
Risk Mitigating Strategies	10%	2.25%
Inflation Sensitive	7%	3.65%
Cash/Liquidity	2%	0.05%
	<u>100%</u>	

*Real return is net of assumed 2.75% inflation.

NOTE 11 – PENSION PLANS (continued)

A. California State Teachers’ Retirement System (CalSTRS) (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increases per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
District's proportionate share of the net pension liability	\$ 21,156,060	\$ 12,612,260	\$ 5,515,639

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalSTRS financial report.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 11 – PENSION PLANS (continued)

B. California Public Employees' Retirement System (CalPERS)

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS); a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95811.

Benefits Provided

The benefits for the defined benefit plan are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years of credited service.

Contributions

Active plan members who entered into the plan prior to January 1, 2013, are required to contribute 7.0% of their salary. The California Public Employees' Pension Reform Act (PEPRA) specifies that new members entering into the plan on or after January 1, 2013, shall pay the higher of fifty percent of normal costs or 8.0% of their salary. Additionally, for new members entering the plan on or after January 1, 2013, the employer is prohibited from paying any of the employee contribution to CalPERS unless the employer payment of the member's contribution is specified in an employment agreement or collective bargaining agreement that expires after January 1, 2013.

The District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2024 was 26.68% of annual payroll. Contributions to the plan from the District were \$901,652 for the year ended June 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the District reported a liability of \$5,955,122 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2022 and rolling forward the total pension liability to June 30, 2023. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2023, the District's proportion was 0.016 percent, which an increase of 0.002 percent from its proportion measured as of June 30, 2022.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT

NOTE 11 – PENSION PLANS (continued)

B. California Public Employees’ Retirement System (CalPERS) (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2024, the District recognized pension expense of \$1,211,067. At June 30, 2024, the District reported deferred outflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between projected and actual earnings on plan investments	\$ 636,092	\$ -
Differences between expected and actual experience	217,319	81,340
Changes in assumptions	274,350	-
Changes in proportion and differences between District contributions and proportionate share of contributions	498,610	-
District contributions subsequent to the measurement date	901,652	-
Total	<u>\$ 2,528,023</u>	<u>\$ 81,340</u>

The \$901,652 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
2025	\$ 527,052	\$ 36,282
2026	452,360	45,058
2027	627,164	-
2028	19,795	-
Total	<u>\$ 1,626,371</u>	<u>\$ 81,340</u>

NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 11 – PENSION PLANS (continued)

B. California Public Employees’ Retirement System (CalPERS) (continued)

Actuarial Assumptions

The total pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2022, and rolling forward the total pension liability to June 30, 2023 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Discount Rate	6.90%
Salary Increases	Varies by Entry Age and Service

CalPERS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are derived using CalPERS’ membership data for all funds. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 80% of scale MP 2020.

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study for the period from 2000 through 2019.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, both short-term and long-term market return expectations as well as the expected pension fund cash flows were taken into account. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds’ asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 11 – PENSION PLANS (continued)

B. California Public Employees’ Retirement System (CalPERS) (continued)

Actuarial Assumptions (continued)

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	Assumed Asset Allocation	Real Return Years 1 – 10*
Global Equity – cap-weighted	30.0%	4.54%
Global Equity – non-cap-weighted	12.0%	3.84%
Private Equity	13.0%	7.28%
Treasury	5.0%	0.27%
Mortgage-backed securities	5.0%	0.50%
Investment grade corporates	10.0%	1.56%
High yield	5.0%	2.27%
Emerging market debt	5.0%	2.48%
Private debt	5.0%	3.57%
Real assets	15.0%	3.21%
Leverage	(5.0)%	(0.59)%
	<u>100.0%</u>	

*An expected inflation of 2.30% used for this period. Figures are based on the 2021-22 CalPERS Asset Liability Management Study

Discount Rate

The discount rate used to measure the total pension liability was 6.90 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Schools Pool. The results of the crossover testing for the Schools Pool are presented in a detailed report that can be obtained at CalPERS’ website.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90 percent) or 1-percentage-point higher (7.90 percent) than the current rate:

	1% Decrease (5.90%)	Current Discount Rate (6.90%)	1% Increase (7.90%)
District's proportionate share of the net pension liability	\$ 8,609,568	\$ 5,955,122	\$ 3,761,284

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPERS financial report.

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued
JUNE 30, 2024

NOTE 12 – COMMITMENTS AND CONTINGENCIES

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2024.

B. Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2024.

NOTE 13 – PARTICIPATION IN JOINT POWERS AUTHORITIES

The District participates in four joint ventures under joint powers authorities (JPAs), the Santa Cruz County Schools Health Insurance Group, Santa Cruz San Benito County School Insurance Group, Self-Insured School of California, and the Southern Peninsula Region Insurance Group. The relationships between the District and the JPAs are such that the JPAs are not component units of the District for financial reporting purposes.

The JPAs have budgeting and financial reporting requirements independent of member units, and their financial statements are not presented in these financial statements. However, fund transactions between the JPAs and the District are included in these statements. The audited financial statements are generally available from the respective entities.

NOTE 14 – DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

A. Pension Plans

Pursuant to GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, the District recognized deferred outflows of resources related to pensions and deferred inflows of resources related to pensions in the District-wide financial statements. Further information regarding the deferred outflows of resources and deferred inflows of resources can be found at Note 11. At June 30, 2024, total deferred outflows related to pensions was \$7,246,287 and total deferred inflows related to pensions was \$1,479,952.

B. Other Postemployment Benefits

Pursuant to GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the District recognized deferred outflows of resources related to other postemployment benefits and deferred inflows of resources related to other postemployment benefits in the District-wide financial statements. Further information regarding the deferred outflows of resources and deferred inflows of resources can be found at Note 10. At June 30, 2024, total deferred outflows related to other postemployment benefits was \$91,782 and total deferred inflows related to other postemployment benefits was \$662,400.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2024**

NOTE 1 – PURPOSE OF SCHEDULES

Budgetary Comparison Schedule

This schedule is required by GASB Statement No. 34 as required supplementary information (RSI) for the General Fund and for each major special revenue fund that has a legally adopted annual budget. The budgetary comparison schedule presents both (a) the original and (b) the final appropriated budgets for the reporting period as well as (c) actual inflows, outflows, and balances, stated on the District's budgetary basis. A separate column to report the variance between the final budget and actual amounts is also presented, although not required.

Schedule of Changes in Total OPEB Liability and Related Ratios

This 10-year schedule is required by GASB Statement No. 75 for all sole and agent employers that provide other postemployment benefits (OPEB). Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 75 was applicable. The schedule presents the sources of change in the total OPEB liability, and the components of the total OPEB liability and related ratios, including the total OPEB liability as a percentage of covered-employee payroll.

Changes in Benefit Terms

Changes in benefit terms for retirements occurring after July 1, 2023 have changed since the previous valuation for OPEB. A summary of benefits provided to retirees is included in Note 11.

Changes in Assumptions

The discount rate has changed since the previous valuation for OPEB from 3.86% to 3.97%. The inflation rate assumption decreased from 3.00% to 2.50% since the previous valuation for OPEB.

Schedule of the District's Proportionate Share of the Net Pension Liability

This 10-year schedule is required by GASB Statement No. 68 for each cost-sharing pension plan. Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 68 was applicable. The schedule presents the District's proportion (percentage) of the collective net pension liability, the District's proportionate share (amount) of the collective net pension liability, the District's covered payroll, the District's proportionate share (amount) of the collective net pension liability as a percentage of the employer's covered payroll, and the pension plan's fiduciary net position as a percentage of the total pension liability.

Changes in Benefit Terms

There were no changes in benefit terms since the previous valuations for CalSTRS or CalPERS.

Changes in Assumptions

There were no changes in economic assumptions since the previous valuations for CalSTRS or CalPERS.

Schedule of District Contributions

This 10-year schedule is required by GASB Statement No. 68 for each cost-sharing pension plan. Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 68 was applicable. The schedule presents the District's statutorily or contractually required employer contribution, the amount of contributions recognized by the pension plan in relation to the statutorily or contractually required employer contribution, the difference between the statutorily or contractually required employer contribution and the amount of contributions recognized by the pension plan in relation to the statutorily or contractually required employer contribution, the District's covered payroll, and the amount of contributions recognized by the pension plan in relation to the statutorily or contractually required employer contribution as a percentage of the District's covered payroll.

SCHEDULE OF FINANCIAL TRENDS AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2024**

	2025 (Budget)	2024	2023	2022
General Fund - Budgetary Basis**				
Revenues And Other Financing Sources	\$ 28,738,675	\$ 32,555,571	\$ 33,482,601	\$ 29,589,837
Expenditures And Other Financing Uses	32,313,025	33,113,586	31,557,147	27,009,522
Net change in Fund Balance	\$ (3,574,350)	\$ (558,015)	\$ 1,925,454	\$ 2,580,315
Ending Fund Balance	\$ 10,072,769	\$ 13,647,119	\$ 13,909,808	\$ 12,451,875
Available Reserves*	\$ 7,165,811	\$ 9,316,923	\$ 8,572,443	\$ 6,418,946
Available Reserves As A Percentage Of Outgo	22.18%	28.14%	27.16%	23.77%
Long-term Liabilities	\$ 57,751,134	\$ 60,954,456	\$ 54,978,313	\$ 51,727,365
Average Daily Attendance At P-2	1,931	1,974	1,978	2,050

The General Fund ending fund balance has increased by \$1,195,244 over the past two years. However, the fiscal year 2024-25 budget projects a decrease of \$3,574,350. For a District this size, the State recommends available reserves of at least 3% of General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating surpluses in two of the past three years but anticipates incurring an operating deficit during the 2024-25 fiscal year. Total long-term obligations have increased by \$9,227,091 over the past two years.

Average daily attendance has decreased by 76 ADA over the past two years. A further decrease of 43 ADA is anticipated during the 2024-25 fiscal year.

*Available reserves consist of all unassigned fund balance within the General Fund.

**The actual amounts reported in this schedule are for the General Fund only, and do not agree with the amounts reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances because the amounts on that schedule include the financial activity of Deferred Maintenance Fund and the Special Reserve Fund for Other Than Capital Outlay Projects in accordance with the fund type definitions promulgated by GASB Statement No. 54.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
NOTES TO SUPPLEMENTARY INFORMATION
JUNE 30, 2024**

NOTE 1 – PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The District has not elected to use the 10 percent de minimis indirect cost rate.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the article 8 (commencing with section 46200) of chapter 2 of part 26 of the *Education Code*.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Annual Financial and Budget Report Unaudited Actuals to the audited financial statements.

Schedule of Charter Schools

This schedule lists all charter schools chartered by the District and displays information for each charter school on whether or not the charter school is included in the District audit.

Combining Statements – Non-Major Funds

These statements provide information on the District's non-major funds.

OTHER INDEPENDENT AUDITORS' REPORTS

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**Independent Auditors' Report

Governing Board
Scotts Valley Unified School District
Scotts Valley, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Scotts Valley Unified School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Scotts Valley Unified School District's basic financial statements, and have issued our report thereon dated February 25, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Scotts Valley Unified School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Scotts Valley Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Scotts Valley Unified School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as Findings #2024-001, #2024-002, and #2024-003 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Scotts Valley Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Scotts Valley Unified School District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Scotts Valley Unified School District's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Scotts Valley Unified School District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**Independent Auditors' Report

Governing Board
Scotts Valley Unified School District
Scotts Valley, California

Report on Compliance for Each Major Federal Program***Opinion on Each Major Federal Program***

We have audited Scotts Valley Unified School District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Scotts Valley Unified School District's major federal programs for the year ended June 30, 2024. Scotts Valley Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Scotts Valley Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Scotts Valley Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program. Our audit does not provide a legal determination of Scotts Valley Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Scotts Valley Unified School District's federal programs.

Auditor's Responsibilities for the Audit for Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Scotts Valley Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the report on compliance about Scotts Valley Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Scotts Valley Unified School District's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Scotts Valley Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Scotts Valley Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Report on Internal Control Over Compliance (continued)

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in blue ink that reads "Christy White, Inc." in a cursive script.

San Diego, California
February 25, 2025

**REPORT ON STATE COMPLIANCE AND ON INTERNAL CONTROL
OVER COMPLIANCE FOR STATE PROGRAMS**Independent Auditors' Report

Governing Board
Scotts Valley Unified School District
Scotts Valley, California

Report on State Compliance***Opinion on State Compliance***

We have audited Scotts Valley Unified School District's compliance with the requirements specified in the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* applicable to Scotts Valley Unified School District's state program requirements as identified in the table in the Auditor's Responsibilities for the Audit of State Compliance section of our report for the year ended June 30, 2024.

In our opinion, Scotts Valley Unified School District complied, in all material respects, with the laws and regulations of the applicable laws and regulations of the applicable state programs for the year ended June 30, 2024.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* (the K-12 Audit Guide). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

We are required to be independent of Scotts Valley Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of Scotts Valley Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Scotts Valley Unified School District's state programs.

Auditor's Responsibilities for the Audit of State Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Scotts Valley Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Scotts Valley Unified School District's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, and the K-12 Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Scotts Valley Unified School District's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances;
- Obtain an understanding of Scotts Valley Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of Scotts Valley Unified School District's internal control over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine Scotts Valley Unified School District's compliance with the state laws and regulations applicable to the following items:

PROGRAM NAME	PROCEDURES PERFORMED
Local Education Agencies Other Than Charter Schools	
Attendance	Yes
Teacher Certification and Misassignments	Yes
Kindergarten Continuance	Yes
Independent Study	No
Continuation Education	Not Applicable
Instructional Time	Yes

Annual Instructional Minutes - Classroom Based	Not Applicable
Charter School Facility Grant Program	Not Applicable

We did not perform testing for independent study because program ADA is not material.

The term "Not Applicable" is used above to mean either the District did not offer the program during the current fiscal year, the District did not participate in the program during the current fiscal year, or the program applies to a different type of local education agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control Over Compliance (continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of State Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the K-12 Audit Guide. Accordingly, this report is not suitable for any other purpose.

Internal Control

FINDING #2024-001: INTERNAL CONTROL OVER FINANCIAL REPORTING (30000)

Criteria: Management is responsible for the design, implementation, and maintenance of internal controls to ensure the financial statements are free from material misstatement, whether due to error or fraud. Such internal controls should include a review of all adjusting entries, reclassifying entries, conversion entries, and bank reconciliations used in the preparation of the District's financial statements. The District should ensure that all applicable accounting principles are adhered to when preparing the financial statements.

Condition: During our substantive testing of balances reported in the District's financial statements, we noted several material errors in the financial statements that required adjustment. The errors impacted the balances reported in the Special Reserve Fund for Capital Outlay Projects, specifically related to the 2023 COP issuance activity and proceeds that are deposited in trustee accounts with U.S. Bank. During our review of activity within these accounts, it was noted that bank reconciliations are not prepared, and the related activity is not reconciled and posted to the general ledger. These errors resulted in the District not preparing financial statements in accordance with generally accepted accounting principles.

Effect: Audit adjustments were required due to material misstatements within the unaudited financial statements prepared by the District. These adjustments are outlined in the Reconciliation of Annual Financial and Budget Report with the Audited Financial Statements.

Cause: The conditions appear to be due to deficiencies in processes related to the preparation of the District's financial statements, caused by general oversight and turnover in management and staffing.

Repeat Finding: This is a repeat of Finding #2023-001.

Recommendation: We recommend management evaluate the internal control structure and consider changes as necessary that will ensure that the financial statements are free from potential misstatements and allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. Activity within the aforementioned bank accounts should be reconciled to the general ledger to ensure that the financial statements are presented accurately.

Corrective Action Plan: Business office staff assignments and workflow is being restructured in the 2024-25 fiscal year as the full-time Chief Business Official remains vacant. The bank statement reconciliation process is under review. A master list of bank accounts has been produced as of June 30, 2024. This list will be updated to reflect 2024-25 accounts and authorized signers. A reconciliation form is being developed. Each account will be assigned to a member of the business office fiscal team to complete the monthly reconciliation and ensure ties the General Ledger, when applicable, with review by a second member of the team.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
FINANCIAL STATEMENT FINDINGS, continued
FOR THE YEAR ENDED JUNE 30, 2024**

FINDING #2024-002: JOURNAL ENTRY INTERNAL CONTROLS (30000)

Criteria: Proper internal accounting controls include segregation of duties that require journal entries to be reviewed by secondary individual prior to posting to the general ledger. Journal entries should also be accompanied by appropriate supporting documentation.

Condition: Journal entries created and posted by the Chief Business Official do not appear to be reviewed by a second individual prior to posting. Additionally, we found that support for one (1) out of seven (7) journal entries selected for testing could not be located.

Effect: Without an appropriate journal entry review process in place, there is an increased risk that an inappropriate entry may be recorded to the District's general ledger either by mistake or intentionally and not be detected by a District employee performing their regular duties.

Cause: The District does not have a policy requiring a documented secondary review of journal entries.

Repeat Finding: This is not a repeat finding.

Recommendation: The review of each journal entry by a second knowledgeable person should be documented prior to posting. A copy of each entry should be printed and filed with supporting documentation attached.

Corrective Action Plan: A process has been put in place in the 2024-25 fiscal year to ensure all journal entries have a second review by a member of the business office team. When the need to create a journal entry is identified all documentation related to the entry is compiled. A journal entry template is then used to properly construct the entry. The template is retained in a master file. Once a journal entry is entered into Escape it is saved, not posted. A second member of the team reviews each entry for accuracy before posting. Once posted, the ledger report, journal entry template and backup documentation is scanned and uploaded to both the shared Drive and Escape. The paper version of the entry, with all documentation, is then retained in a journal entry binder.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
FINANCIAL STATEMENT FINDINGS, continued
FOR THE YEAR ENDED JUNE 30, 2024**

FINDING #2024-003: INTERNAL CONTROLS OVER CASH DISBURSEMENTS (30000)

Criteria: Expenditures processed through the warrant disbursement process should include proper pre-approval prior to the expense being incurred, including adherence to any District policies related to procurement and contracts. Funds should be encumbered for proper budgetary purposes prior to purchases of goods or services.

Condition: During our testing of internal control procedures related to cash disbursements at the district level we noted deficiencies in internal controls regarding strong budgetary practices. We noted six (6) out of 25 disbursements tested had purchase orders dated after the invoice date.

Effect: The possibility to circumvent the procurement process without proper pre-approval and not encumber funds or obtain required approvals. Potential for misappropriation of District funds and errors in accounting records related to expenditures.

Cause: Inadequate controls and monitoring over the cash disbursement cycle. Supporting documentation for expenditures was kept in multiple locations within the District Office rather than one centralized location.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that all purchases be substantiated by approved purchase orders prior to the expense being incurred, including adherence to District policies related to procurement and contract approvals.

Corrective Action Plan: The procurement process will be reviewed with all admin staff with instructions to follow the proper pre-approval requirements to ensure encumbrance of funds align to budget. Vendors will also be reminded that purchase requisitions are required prior to providing goods and services. Supporting documentation will be retained in Escape in the vendor record. Paper versions will be maintained in the business office.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2024**

FINDING #2023-001: INTERNAL CONTROL OVER FINANCIAL REPORTING (30000)

Criteria: Management is responsible for the design, implementation, and maintenance of internal controls to ensure the financial statements are free from material misstatement, whether due to error or fraud. Such internal controls should include a review of all adjusting entries, reclassifying entries, and conversion entries used in the preparation of the District's financial statements. The District should ensure that all applicable accounting principles are adhered to when preparing the financial statements.

Condition: During our substantive testing of balances reported in the District's financial statements, we noted several material errors in the financial statements that required adjustment. The errors impacted the following balances reported in the financial statements:

- Accounts receivable
 - Cafeteria monthly reimbursement claims
- Prepaid expenditures
- Accounts payable
 - Reconciliation of prior year accruals to confirm all amounts clear in the subsequent year.

These errors resulted in the District not preparing financial statements in accordance with generally accepted accounting principles.

Effect: Audit adjustments were required due to material misstatements within the unaudited financial statements prepared by the District. These adjustments are outlined in the Reconciliation of Annual Financial and Budget Report with the Audited Financial Statements.

Cause: The conditions appear to be due to deficiencies in processes related to the preparation of the District's financial statements, caused by general oversight and turnover in management and staffing.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend management evaluate the internal control structure and consider changes as necessary that will ensure that the financial statements are free from potential misstatements and allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

Corrective Action Plan: During the District's monthly review of bank reconciliations, the District will review not only the reconciliation but the backup of the deposits as well to ensure accuracy of the accounts they are coded to. Payables and receivables will be reviewed monthly during this process as well, to ensure they have cleared in the financial system and if necessary, make adjustments. The District will note the month's cafeteria reimbursement on the deposit form and in the financial system as a way to track which month's receivable were received.

Current Status: Partially implemented. See Finding #2024-001.

**SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS, continued
FOR THE YEAR ENDED JUNE 30, 2024**

FINDING #2023-002: HOME-TO-SCHOOL TRANSPORTATION PLAN (40000)

Criteria: Pursuant to California Education Code Section 39800.1(a), all local educational agencies receiving Home-to-School Transportation Reimbursement funding were required to adopt a transportation plan for the apportioned funds by April 1, 2023.

Condition: Based on audit inquiries and our review of board meeting documents, the District did not adopt a transportation plan during the year ended June 30, 2023.

Effect: The District was not in compliance with the applicable section of Education Code.

Cause: Administrative oversight.

Questioned Costs: \$122,352, the amount of the Home-to-School Transportation Reimbursement for the year ended June 30, 2023.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that the District develop and adopt a transportation plan for board approval as soon as possible, ahead of the April 1, 2024 deadline for the 2023-2024 fiscal year.

Corrective Action Plan: The District plans on developing a home-to-school transportation plan before the April 1 deadline.

Current Status: Implemented.

APPENDIX C

ECONOMIC AND DEMOGRAPHIC INFORMATION FOR THE CITY OF SCOTTS VALLEY AND SANTA CRUZ COUNTY

The following information concerning the City of Scotts Valley (the “City”) and the County of Santa Cruz (the “County”) is included only for the purpose of supplying general information regarding the area of the District. The Bonds are payable solely from the sources described herein (see “SECURITY FOR THE BONDS” in the front section of this Official Statement). The Bonds are not a debt of the City, the County, the State of California (the “State”) or any of its political subdivisions, and neither the City, the County, the State nor any of its political subdivisions is liable therefor.

General Information about the City and County

The City. The City of Scotts Valley is located in Santa Cruz County, located six miles north of the City of Santa Cruz. The City lies in the west hills of the Santa Cruz Mountains. The City is accessed from State Route 17, which connects Santa Cruz and San Jose.

The City was incorporated on August 2, 1966 and operates under the council-manager form of government and as a general law city, with five council members who are elected to serve four-year terms. Each year, the council selects one member to serve as mayor and one member to serve as city manager.

The County. Santa Cruz County is the second smallest county by area in California, containing a total of 440 square miles. Two-thirds of the County is considered to be forest land by the U.S. Department of Agriculture. It is located on the Pacific Ocean between the San Francisco Bay Area and the Monterey Peninsula. San Mateo County, which was originally part of Santa Cruz County, borders the county on the north. It is bordered by Santa Clara County on the east and by San Benito and Monterey counties on the south. The County’s diverse topography has shaped the County’s economy in terms of agricultural uses and tourism. In recent years the County has experienced growth in service industries and light manufacturing.

The County was incorporated in 1850 as one of the original 27 counties of the State with the City of Santa Cruz as the County seat. It has a general law form of government. A five-member Board of supervisors elected to four-year terms serves as the legislative body. Also elected are the Assessor, Auditor-Controller, County Clerk-Recorder, District Attorney-Public Administrator, Sheriff-Coroner, and Treasurer-Tax Collector. The County Administrative Officer and County Counsel are appointed by the Board of Supervisors.

Population

The following table lists population estimates for the City, County and the State for the last five calendar years, as of January 1.

Employment and Industry

The District is included in the Santa Cruz-Watsonville Metropolitan Statistical Area (“MSA”), which consists of the County. The unemployment rate in Santa Cruz County was 5.6 percent in August 2025, down from a revised 6.1 percent in July 2025, and above the year-ago estimate of 5.5 percent. This compares with an unadjusted unemployment rate of 5.8 percent for California and 4.5 percent for the nation during the same period.

The following table lists employment by industry group for the Santa Cruz-Watsonville Metropolitan Statistical Area for the years 2020 to 2024.

Effective Buying Income

“Effective Buying Income” is defined as personal income less personal tax and nontax payments, a number often referred to as “disposable” or “after-tax” income. Personal income is the aggregate of wages and salaries, other labor-related income (such as employer contributions to private pension funds), proprietor’s income, rental income (which includes imputed rental income of owner-occupants of non-farm dwellings), dividends paid by corporations, interest income from all sources, and transfer payments (such as pensions and welfare assistance). Deducted from this total are personal taxes (federal, state and local), nontax payments (fines, fees, penalties, etc.) and personal contributions to social insurance. According to U.S. government definitions, the resultant figure is commonly known as “disposable personal income.”

The following table summarizes the median household effective buying income for the City, the County, the State and the United States for the period 2021 through 2025.

SANTA CRUZ COUNTY Median Household Effective Buying Income 2021 through 2025

	2021	2022	2023	2024	2025
City of Scotts Valley	\$100,625	\$118,158	\$101,170	\$109,076	\$104,576

 2025 Refunding General Obligation Bonds

Members of the Board of Trustees:

We have acted as bond counsel to the Scotts Valley Unified School District (the "District") in connection with the issuance by the District of \$_____ principal amount of Scotts Valley Unified School District (Santa Cruz County, California) 2025 Refunding General Obligation Bonds (the "Bonds"), dated the date hereof, under the provisions of Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Sections 53550 and 58580 of such Code (the "Refunding Bond Law"), and Resolution No. 3974 of the Board of Trustees of the District (the "Board") adopted on March 11, 2025 (the "Resolution"). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Board contained in the Resolution and in the certified proceedings and other certifications and opinions furnished to us, without undertaking to verify such facts by independent investigation.

Based upon our examination, we are of the opinion, under existing law, as follows:

1. The District is a duly created and validly existing unified school district with the power to issue the Bonds pursuant to the Refunding Bond Law, and to perform its obligations under the Resolution and the Bonds.

2. The Resolution has been duly adopted by the Board, and constitutes a valid and binding obligation of the District enforceable against the District in accordance with its terms.

3. The Bonds have been duly authorized, executed and delivered by the District, and are valid and binding general obligations of the District.

4. The Board of Supervisors of Santa Cruz County is obligated to levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation as to rate or amount.

5. The interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. The opinions set forth in the preceding sentence are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended, relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

6. The interest on the Bonds is exempt from personal income taxation imposed by the State of California.

We express no opinion regarding any other tax consequences arising with respect to the ownership, sale or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE

\$11,000,000*

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT
(Santa Cruz County, California)
2025 Refunding General Obligation Bonds

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is dated the date set forth below and is executed and delivered by the Scotts Valley Unified School District (the "District") in connection with the issuance of the above-captioned bonds (the "Bonds"). The Bonds are being issued under a resolution of the Board of Trustees of the District adopted on March 11, 2025 (the "Bond Resolution").

The District hereby covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with S.E.C. Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth above and in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" means any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4.

"Annual Report Date" means the date not later than nine months after the end of each fiscal year of the District (currently ending June 30th), or March 31.

"Dissemination Agent" means, Isom Advisors, a Division of Urban Futures, Inc., or any other third-party Dissemination Agent designated in writing by the District and which has filed with the District and the Paying Agent a written acceptance of such designation.

"Listed Events" means any of the events listed in Section 5(a).

"MSRB" means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule, or any other repository of disclosure information which may be designated by the Securities and Exchange Commission as such for purposes of the Rule in the future.

"Official Statement" means the final official statement executed by the District in connection with the issuance of the Bonds.

“Paying Agent” means U.S. Bank Trust Company, National Association, Santa Cruz, California, as agent for the Treasurer-Tax Collector of Santa Cruz County or any successor thereto.

“Participating Underwriter” means Stifel, Nicolaus & Company, Incorporated, the original Underwriter of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Rule” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than the Annual Report Date, commencing by March 31, 2026 with the report for the 2024-25 fiscal year, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report that is consistent with the requirements of Section 4. Not later than 15 Business Days prior to the Annual Report Date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If by 15 Business Days prior to the Annual Report Date the Dissemination Agent (if other than the District) has not received a copy of the Annual Report, the Dissemination Agent shall contact the District to determine if the District is in compliance with the previous sentence. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 4; provided that the audited financial statements of the District may be submitted separately from the balance of the Annual Report, and later than the Annual Report Date, if not available by that date. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c). The District shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by the District hereunder.

(b) If the District does not provide (or cause the Dissemination Agent to provide) an Annual Report by the Annual Report Date, the District shall provide (or cause the Dissemination Agent to provide) notice to the MSRB, in a timely manner, in an electronic format as prescribed by the MSRB, with a copy to the Paying Agent.

(c) With respect to each Annual Report, the Dissemination Agent shall:

- (i) determine each year prior to the Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and
- (ii) if the Dissemination Agent is other than the District, file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided.

Section 4. Content of Annual Reports. The District’s Annual Report shall contain or incorporate by reference the following:

(a) Audited financial statements of the District, prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time

by the Governmental Accounting Standards Board. If the District's audited financial statements are not available by the Annual Report Date, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) Unless otherwise provided in the audited financial statements filed on or before the Annual Report Date, the District shall include in its Annual Report the following information with respect to the most recently completed fiscal year:

- (i) Total assessed value of taxable property in the jurisdiction of the District;
- (ii) Assessed value of the top twenty secured property taxpayers in the District;
- (iii) Property tax collection delinquencies in the District, but only if such information is available from the County; and
- (iv) The District's most recently adopted budget or interim report showing budgeted figures available at the time of filing the Annual Report.

(c) In addition to any of the information expressly required to be provided under paragraphs (a) and (b) of this Section, the District shall provide such further information, if any, as may be necessary to make the specifically required statements, in the light of the circumstances under which they are made, not misleading. In addition, if more current information than the most recently completed fiscal year is available at the time of filing the Annual Report, the filing of such information satisfies the requirements of paragraph (b) of this Section.

(d) Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which are available to the public on the MSRB's Internet web site or filed with the Securities and Exchange Commission. The filing of information with respect to (b)(i) through (iii) shall be deemed satisfied if information which is filed is more recent at the time of filing than information relating to the most recently completed fiscal year.

Section 5. Reporting of Significant Events.

(a) The District shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to the Bonds:

- (1) Principal and interest payment delinquencies.
- (2) Non-payment related defaults, if material.
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (5) Substitution of credit or liquidity providers, or their failure to perform.

- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.
- (7) Modifications to rights of security holders, if material.
- (8) Bond calls, if material, and tender offers.
- (9) Defeasances.
- (10) Release, substitution, or sale of property securing repayment of the securities, if material.
- (11) Rating changes.
- (12) Bankruptcy, insolvency, receivership or similar event of the District.
- (13) The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material.
- (15) Incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material.
- (16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall, or shall cause the Dissemination Agent (if not the District) to, file a notice of such occurrence with the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event.

(c) The District acknowledges that the events described in subparagraphs (a)(2), (a)(7), (a)(8) (if the event is a bond call), (a)(10), (a)(13), (a)(14) and (a)(15) of this Section contain the qualifier "if material" and that subparagraph (a)(6) also contains the qualifier "material" with respect to certain notices, determinations or other events affecting the tax status of the Bonds. The District shall cause a notice to be filed as set forth in paragraph (b) above with respect to any such event only to the extent that it determines the event's occurrence is material for purposes of U.S. federal securities law. Whenever the District obtains knowledge of the occurrence of any of these Listed Events, the District will as soon as possible determine if such event would be material under applicable federal securities law. If such event is determined to be material, the District will cause a notice to be filed as set forth in paragraph (b) above.

(d) For purposes of this Disclosure Certificate, any event described in paragraph (a)(12) above is considered to occur when any of the following occur: the appointment of a receiver,

fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(e) For purposes of Section 5(a)(15) and (a)(16), the term “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule.

Section 6. Identifying Information for Filings with the MSRB. All documents provided to the MSRB under the Disclosure Certificate shall be accompanied by identifying information as prescribed by the MSRB.

Section 7. Termination of Reporting Obligation. The District’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(c).

Section 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any Dissemination Agent, with or without appointing a successor Dissemination Agent. Any Dissemination Agent may resign by providing 30 days’ written notice to the District and the Paying Agent.

Section 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) if the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the District with respect to the Bonds, or type of business conducted;

(b) the undertakings herein, as proposed to be amended or waived, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) the proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Resolution for amendments to the Resolution with the consent of holders, or (ii) does not, in the opinion of nationally

recognized bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds.

If the annual financial information or operating data to be provided in the Annual Report is amended pursuant to the provisions hereof, the first annual financial information filed pursuant hereto containing the amended operating data or financial information shall explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

If an amendment is made to the undertaking specifying the accounting principles to be followed in preparing financial statements, the annual financial information for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to investors to enable them to evaluate the ability of the District to meet its obligations. To the extent reasonably feasible, the comparison shall be quantitative. A notice of the change in the accounting principles shall be filed in the same manner as for a Listed Event under Section 5(c).

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 11. Default. If the District fails to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent.

(a) The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities arising from, caused by, or materially related to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent shall not be deemed to be acting in any fiduciary capacity for the District, the Bondholders or any other party. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

(b) The Dissemination Agent shall be paid compensation by the District for its services provided hereunder in accordance with its schedule of fees as amended from time to time, and shall be reimbursed for all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder.

Section 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and holders and beneficial owners from time to time of the Bonds and shall create no rights in any other person or entity.

APPENDIX F

DTC AND THE BOOK-ENTRY ONLY SYSTEM

The following description of the Depository Trust Company ("DTC"), the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, interest and other payments on the Bonds to Direct Participants or Beneficial Owners, confirmation and transfer of beneficial ownership interest in the Bonds and other related transactions by and between DTC, the Direct Participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters and neither the Direct Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the Direct Participants, as the case may be.

Neither the District nor the Paying Agent take any responsibility for the information contained in this Section.

No assurances can be given that DTC, Direct Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) Bonds representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Bonds, or that they will so do on a timely basis, or that DTC, Direct Participants or DTC Indirect Participants will act in the manner described in this Appendix. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with Direct Participants are on file with DTC.

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (in this Appendix, the "Bonds"). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity of each series of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC. If, however, the aggregate principal amount of any maturity exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned

subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. *The information contained on this Internet site is not incorporated herein by reference.*

3. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive Bonds representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

4. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

6. Redemption notices will be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting

rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from District or Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, Paying Agent, or District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to District or Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bonds are required to be printed and delivered.

10. The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

11. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that District believes to be reliable, but District takes no responsibility for the accuracy thereof.

County of Santa Cruz

STATEMENT OF INVESTMENT POLICY

Under the laws of the State of California, it is the responsibility of the County Treasurer, at the direction of the Board of Supervisors, to secure and protect the public funds of the County and the participants of the Investment Pool, and to establish proper safeguards, controls, and procedures to maintain these funds in a lawful, rational and auspicious manner. Said maintenance shall include the prudent and secure investment of those funds that are deemed temporarily available for investment, in a manner anticipated to provide additional benefit to the people of the County of Santa Cruz. In addition, the County Treasurer acts as the Treasurer, cash manager, and investor for a sizable number of public agencies within the County rather than each entity having to locate and hire a knowledgeable person to handle the entity's banking, investments, and other financial duties separately. This pooling of public funds eliminates duplication of expenses, smooths out cash flow, permits cost savings through higher volume, and attracts more professional service providers.

This Statement of Investment Policy will be provided annually for the review of the Treasury Oversight Commission and the approval of the Board of Supervisors in an open public meeting.

COUNTY TREASURER

The County Treasurer referred to in the Statement of Investment Policy is the County Auditor-Controller-Treasurer-Tax Collector.

SCOPE

This Statement of Investment Policy pertains to those temporarily excess funds under the control of the Treasurer, designated for the daily ongoing operations of the County and pool participants; and concerns the deposit, maintenance, and safekeeping of all such funds, and the investments made with these funds. This Policy does not apply to pension moneys, deferred compensation funds, trustee, and certain other non-operating funds not participating in the County Investment Pool.

PURPOSE OF POLICY STATEMENT

The purpose of this Statement of Investment Policy is to provide the Board of Supervisors, the Treasury Oversight Commission, those entities invested in the County Investment Pool, those involved in servicing the investment requirements of the County, and any other interested party, a clear understanding of the regulations and internal guidelines that will be observed in maintaining and investing those pooled funds deemed temporarily excess.

TREASURY OBJECTIVES

The primary objective of the Treasurer is to protect the safety of the principal of the County Investment Pool through the judicious purchase of those legal investments permitted to local agencies, as defined in the State of California Government Codes, consistent with current conditions and the other dominant objectives pursuant to managing a local agency portfolio, namely:

Safety: It is the primary responsibility of the Treasurer to maintain the safe return of all principal placed in investments by avoiding decisions that might result in losses through either fraud, default, or adverse market conditions. Import is also accorded the protection of accrued interest earned on any investment instrument.

Liquidity: It is imperative that most investments be in items that are immediately negotiable, as the portfolio is a cash management fund. It shall always be assumed that all investments could require immediate liquidation in order to meet unexpected cash calls.

Availability: Due to the nature of a public funds portfolio, it is mandatory that moneys be available to meet the monetary requirements inherent to operating a public entity. Thus funds need to be invested in such a manner that money will always be available to pay normal cash requirements. A sufficient portion of all funds shall be invested in securities providing a high degree of liquidity and availability, that is, in securities easily sold or converted to cash in a timely manner, with little or no loss of interest earnings.

Yield: While it is considered desirable to obtain a yield commensurate to current market conditions, yield shall not be the driving force in determining which investments are to be selected for purchase. Yield is definitely considered to be of much lesser importance than safety, liquidity or availability.

The Treasurer places investments with the objective of obtaining a yield commensurate to current market conditions, not attempting to maximize yield at the expense of safety, liquidity, or availability, yet not totally ignoring those factors within the marketplace that may be indicative of either favorable or hazardous conditions. The portfolio will be managed very conservatively, but actively enough to avert avoidable losses due to adverse market conditions.

PRUDENCE

The Treasurer is subject to the “Prudent Investor Standard” whenever making a decision regarding the investment of the County’s funds. This rule states in principle:

“When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent investor acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency.”

The Treasurer, and those acting for the Treasurer, are considered to have a fiduciary, trustee, relationship with the public for the public funds, and all investment decisions will be made in a manner sustaining this responsibility.

DELEGATION OF AUTHORITY

In accordance with Government Code section 27000.1 and County of Santa Cruz Ordinance 2.10.030, the County Treasurer has been delegated the authority to invest and reinvest the funds of the County and the funds of other depositors in the County Pool.

While the Treasurer has final responsibility for all investment decisions, other Treasury personnel may aid in the day-to-day operations. Those staff members, in addition to the Treasurer, currently authorized to act on behalf of the County, as of the date entered on this Policy, are listed below. This list is subject to change, and those parties involved in transactions with the Treasurer’s department should always obtain a current Trading Authorization and Agreement form, and be verbally introduced by a known Treasury employee, prior to accepting unconfirmed verbal instructions from any previously unknown Treasury staff member.

Authorized Personnel

Senior Department Administrative Analyst

Investment Officer

Senior Accounting Technician – Treasury Division

Other persons, both inside and outside County employment, may act in the role of assistant or advisor to aid in the timely and proper settlement of investment transactions. While these persons may provide information or aid in the expedient delivery of securities, they may not authorize, approve, or initiate any trading activities. **Only the Treasurer and the persons listed on the current *Trading Authorization and Agreement* may initiate trading activity.**

SECURITIES CUSTODY

The Treasurer has established a third party custody and safekeeping account to which all negotiable instruments shall be delivered upon purchase on a payment versus delivery basis. No negotiable or deliverable securities or investments will be left in the custody of any brokerage firm or issuing party, including any collateral from Repurchase Agreements.

DESIGNATED SERVICE BANK

The Treasurer shall designate a State or Federally chartered bank operating within the State of California to serve as the County's Primary Service Bank. The Treasury shall use this bank as a clearinghouse for all funds.

AUTHORIZED INVESTMENTS AND LIMITATIONS

The Government Codes of the State of California, primarily within sections 53600 et. seq., establish the legality of certain types of investment vehicles for a California local agency's portfolio. Thereby, under no circumstances is the Treasurer permitted to purchase an investment that is not specifically authorized for a local agency under these, or other code sections that may apply, or might later be enacted, pertaining to local agency investments. Investment professionals dealing with the County should possess a complete understanding of these Code sections.

An attached Exhibit A briefly describes the types of securities that are legal within the Government Code sections noted above and outlines the various limitations included in these sections. Excepting the restrictions noted below in this section, all legally permitted investment options described in the Government Code are authorized at this time. Funds placed in the State's Local Agency Investment Fund (LAIF) shall follow the limitations placed on these deposits by the State and may change in accordance with these restrictions.

Though these Government Code sections define the investment types and terms permissible to the Treasurer, **the Treasurer will not:**

- Invest in any security or investment with a stated or potential final maturity longer than five years, unless it contains a non-retractable "put" exercisable within five years. In other words, such a security cannot be purchased by the Treasurer unless it permits the investor the unrestricted choice of selling the security back to the issuer at par, or above, at a time prior to five years.
- Invest in any security or investment wherein, by the terms of the investment, interest might not be earned during any period the security or investment exists.
- Purchase floating rate securities containing an inherent yield structure that could result in a return substantially below rates available for similar maturity periods on the dates the coupon changes.

- Enter into a reverse repurchase agreement.
- Purchase any Collateralized Mortgage Obligations.
- Lend securities.
- Invest in futures or options.

Nothing in the preceding prohibitions is intended to preclude the purchase of authorized investments that are callable.

In addition to the limitations provided in State law and this Statement of Investment Policy, various temporary and more restrictive constraints may at times be beneficial due to transient conditions within the marketplace. These flexible constraints are not part of this Policy but are presented in a document prepared by the Treasurer entitled “Temporary Constraints and Restrictions on Investments”, and will change on an “as needed” basis. The attached Exhibit B is the “Temporary Constraints and Restrictions on Investments” that were in effect when the Board of Supervisors approved this policy. When these constraints and restrictions change, a copy will be immediately sent to members of the Treasury Oversight Commission and the Board of Supervisors. These constraints or restrictions may only be *more* restrictive than those of the Policy but may *not* be less restrictive. Investment professionals should be aware of these temporary conditions in order to save time and best serve the County.

AUTHORIZED DEALER LIST

It is prohibited for a transaction to be entered into with any securities broker, dealer or bank investment department or subsidiary prior to that entity being designated an Authorized Dealer, and placed on the Authorized Dealer List. For a firm to become authorized it must first demonstrate that it will add value to the Treasurer’s efforts to best manage the cash portfolio, as well as fulfill certain other minimum requirements. Preference will be given to primary dealers or others who possess a strong capital capacity and willingness to make a market in the various fixed income securities that the County holds. To qualify for Authorized Dealer status, a brokerage firm or bank must be one of the following:

- 1) Be a dealer operation properly licensed to deal with local agencies in California and have a minimum of \$50 million in capital or;
- 2) Be a Primary Dealer of the Federal Reserve Bank of New York or;
- 3) Be a department or subsidiary of an insured bank with minimum assets of \$500 million that the County has a comprehensive banking relationship with or;
- 4) Be a broker operation properly licensed to deal with local agencies in California that has capital of not less than \$5 million, that is not directly involved in the actual custody, and transfer of money or securities purchased or sold by the County, but that represents established accounts opened in the County name at those firms meeting the requirements of this section,

wherein all dealings would be the responsibility of the dealer operation, and wherein all deliveries, payments, written confirmation, etc. will originate with the qualified dealer operation and are sent directly to the County.

If meeting the above requirements, a salesperson may apply to become an Authorized Dealer by sending to the Treasurer their most recent annual and interim audited financial statements and a letter furnishing:

- 1) Their reasons for believing they would add value to the present coverage; and,
- 2) A general roster of those markets they participate in, and specifics on those types of securities they as a firm, regularly issue or regularly hold dealer trading positions in; and,
- 3) A list of five references, at least three being California local agency treasurers, including telephone numbers and email addresses that the Treasurer or his representative may contact.

The Treasurer will initiate an investigation of the applying salesperson and the firm through various sources, including the Financial Industry Regulatory Authority (FINRA), to determine market participation, knowledge, reputation, and financial stability. All salespeople and their supervisors will be expected to have a working knowledge of the appropriate sections of the State of California Government Code, sufficient experience in covering public entities, a willingness to well serve their customers, a complete and total understanding of this Investment Policy, and demonstrate an ongoing ability to work with the Treasurer and staff. The Treasurer will review all new requests annually, and if the decision is made that additional dealers would be beneficial to best service the portfolio's needs, those dealers selected will be informed of their addition to the Authorized Dealer List. All dealers are subject to removal from the Authorized Dealer List at any time, solely at the discretion of the Treasurer.

The Treasurer, or Treasury staff, are prohibited from dealing with a salesperson, broker, or account executive from any broker, dealer or bank investment department or subsidiary until the Acknowledgment form found on the last page of the *Trading Authorization and Agreement* is signed by all parties and received by the Treasurer. The *Trading and Authorization Agreement* is sent to all approved dealers and is an integral part of this Policy Statement for Broker/Dealers, etc. doing investment business with the County Treasurer or Treasury staff.

Similar restrictions and forms will be required of those firms doing business with the County through retained financial advisors or managers. Certain selected firms may be chosen or appointed by the Treasurer to render specific services the Treasurer determines they are uniquely qualified to provide, wherein some of the requirements of this section may be waived.

Neither the Treasurer, nor any member of the Treasurer's staff, may accept any gift, honoraria, gratuity or service of value in violation of the regulations set forth by the Fair Political Practices Commission, the Government Codes, additional limitations set forth by County ordinance, or internal requirements of the Treasurer. The Treasurer and all members of the Treasury staff are prohibited from conducting any business with any broker, dealer, or securities firm that has made a political contribution within any consecutive 48 month period beginning January 1, 1996, in an amount exceeding the limitation contained in Rule G37 of the Municipal Securities Rulemaking Board, to the County Treasurer or any member of the Board of Supervisors, or any candidate for these offices.

THE COUNTY TREASURY OVERSIGHT COMMISSION

In accordance with Government Code section 27130 et seq. and County Ordinance 4433, there shall be a Treasury Oversight Commission of five members appointed from the following:

- a) An appointed representative of the Board of Supervisors.
- b) The County Superintendent of Schools, or designee.
- c) A representative selected by a majority of the presiding officers of the governing bodies of the school districts and community college districts of the County.
- d) A representative selected by a majority of the presiding officers of the legislative bodies of the special districts within the County that are required or authorized to deposit money in the County Investment Pool.
- e) A public member who shall have expertise in, or an academic background in, public finance.

Restriction of Members - All members of the Treasury Oversight Commission are restricted as follows:

- A member may not be employed by an entity that has (a) contributed to the campaign of a candidate for the office of local treasurer; or (b) contributed to the campaign of a candidate to be a member of a legislative body of any local agency that has deposited funds in the county treasury, in the previous three years or during the period that the employee is a member of the commission.
- A member may not directly or indirectly raise money for a candidate for local treasurer or a member of the governing board of any local agency that has deposited funds in the county treasury while a member of the commission.
- A member may not secure employment with, or be employed by, bond underwriters, bond counsel, security brokerages or dealers, or financial services firms, with whom the treasurer is doing business during the period that the person is a member of the commission or for one year after leaving the commission.
- Members may not receive honoraria, gifts, gratuities or service of value from advisors, brokers, dealers, bankers, or other persons with whom the county treasury conducts business.

The Treasurer will annually provide a copy of the Investment Policy for review and monitoring by the Treasury Oversight Commission. The Treasurer will provide a report quarterly to the Board of Supervisors and the Treasury Oversight Commission, identifying all investments held in the County Investment Pool, or elsewhere by the Treasurer. The Treasury Oversight Commission shall, via this report and other appropriate means, monitor the activities of the Treasurer, and cause to be performed an annual audit to determine the Treasurer's compliance with this Investment Policy, and other appropriate regulations.

Commission meetings shall be open to the public and in compliance with the appropriate sections of the Ralph M. Brown Act. By Code, all costs related to the duties of the Treasury Oversight Commission will be considered normal charges against earnings of the Investment Pool.

The Treasury Oversight Commission shall have no authority to direct the process or daily operation of any portion of the Treasury department, nor shall the Commission play any role in determining which banks, firms, or individuals the Treasurer does business with, nor shall the Commission be involved in determining which investments the Treasurer purchases, but shall act only to review the actions of the Treasurer to determine that they are in accordance with the Investment Policy and all other legal requirements or regulations.

TERMS FOR FUNDS INVESTED WITH THE COUNTY INVESTMENT POOL

The Government Code requires the County Treasurer to define the limits and conditions under which local agencies having their money in the Investment Pool may deposit and withdraw their funds. The Government Codes confer upon the Treasurer the final authority as to how funds for which the Treasurer is held responsible for overseeing, are to be invested. The Treasurer must take into account the current financial condition of the sum total of the Pools' agencies, the conditions of the marketplace, as well as the cash flow projections and the potential for changes in the Pool's cash needs. The Treasurer must protect the earnings of each individual local agency in the Pool, and also see that no decision will reward a particular agency or group of agencies within the Pool at the expense of another or others within the Pool. If the Treasurer determines that a request for a withdrawal of funds for a specific or outside investment is not, in the Treasurer's opinion, in the best interest of a particular agency, or is overly detrimental to the Pool as a whole, the Treasurer must legally deny the request, or find a means of neutralizing the harm to all those affected.

Any funds deposited in accounts that are consolidated into the County Investment Pool that are not immediately required to meet cash flows of the Pool will be invested by the Treasurer or the Treasurer's staff. All Pool entities agree that by placing funds in such accounts that they agree to proportionately participate in all investments within the Investment Pool.

FUNDS OF AGENCIES REQUIRED TO INVEST WITHIN THE POOL

Funds will be accepted at all times, in the manner prescribed, from those local agencies where the County Treasurer is also the Treasurer for the local agency, or from any agencies that by statute must place their money in the County Investment Pool. Funds will earn interest based on the average daily balance distributed on a monthly basis.

Should a legislative body of a local agency determine that certain funds will not be required by the local agency for a period of at least one year, the local agency may petition the County Treasurer to invest that portion of the local agency's excess funds in a specific investment under the control of the County Treasurer. Such a petition should state the nature of the funds the legislative body wishes to invest specifically, and the reasons why the legislative body believes a specific investment is a preferable and viable alternative to the general Pool participation. Should the Treasurer determine that the request for a specific investment is valid and not overly counter-productive to the Pool as a whole, the Treasurer will consult with the local agency's legislative body, or its appointed representative, to suggest and determine exactly what investment(s) should be purchased to fulfill the needs of the local agency. The Treasurer will then purchase the specific investment(s) upon receipt of a written resolution, issued by the legislative body of the local agency, requesting the specific investment. The resolution must acknowledge that the local agency's legislative body takes

full responsibility for the decision to purchase the specific investment(s), and that should conditions change requiring a sale prior to maturity of the specific investment(s), any loss that might be suffered as a result, will be solely that of the local agency, and that this loss shall not be shared by the Pool as a whole, nor by the County.

Under language added to the Government Code in 1995, it is not permissible for local agency legislative bodies, required to have their funds within the Pool, to withdraw funds from the Pool in order to invest outside the County Pool in any manner, at any time without specific permission of the Treasurer. Any such investments shall be either terminated and all funds returned to the Pool, or the securities so purchased must be transferred to the custody of the County Treasurer immediately. Upon receipt of any such securities by the Treasurer, the Treasurer shall at the Treasurer's option, place the investment in the Pool, terminate the investment at the current market value and credit the local agency with the proceeds, or place the security in the name of the local agency as a specific investment.

MONEY VOLUNTARILY INVESTED WITH THE COUNTY INVESTMENT POOL

By Code, the County Treasurer shall limit the amounts and set conditions under which money from local agencies, not required to have their funds in the Investment Pool, may deposit and withdraw voluntarily invested funds. Local agencies from outside the County will not be permitted to deposit funds in the County Pool. Funds from local agencies within the County, voluntarily wishing to participate in the Pool, will not be accepted under normal conditions unless the Treasurer is assured that these funds are in lieu of longer-term investments. Such deposits are subject to withdrawal restrictions for a set minimal term as to be agreed to, prior to the funds being accepted into the Pool. Total amount of deposited funds may not be withdrawn at any time without a minimum of thirty days notice of "intent to withdraw."

Before a local agency withdraws monies from the Fund, it must submit a withdrawal request a minimum of 2 working days prior to the desired withdrawal date. Although not encouraged, shorter notice may be honored at the discretion of the County Treasurer's Office if the withdrawal does not cause the Fund to fall out of compliance with its maturity policy or jeopardize its ability to meet cash flow requirements.

Under normal conditions, voluntary money withdrawn from the Pool will be disbursed on a dollar for dollar basis, plus appropriate interest, but under adverse market conditions, when the Treasurer deems the withdrawal of voluntary funds would cause undue losses or significantly lower earnings for those local agencies remaining within the Pool, the Treasurer may require one or more of three remedies:

1) restrict the percentage of funds that may be withdrawn in any given month 2) restrict the rate at which the funds may be withdrawn, or 3) require the local agency withdrawing their funds to accept their funds based on the current market value of the overall Pool.

These terms will be agreed to and contracts signed prior to any voluntary money being accepted into the County Investment Pool. Such terms may exceed minimum requirements set forth in the Government Codes.

Specific investments are not normally permitted with voluntary funds, though on a cost recovery basis and under circumstances that dictate such activity, exceptions may be permitted.

POOLING FUNDS AND DISTRIBUTING EARNINGS

Funds available from all sources may be pooled in order to achieve greater investment potential. The earnings from the pooled investments shall be deposited in a dedicated fund. Each month, accrued interest will be distributed to each participant in the Pool proportional to their average daily balance in the pool during the month.

Funds placed in specific investments earn the yield of the investment, not the return earned by the Pool. Earnings on specific investments will be distributed within thirty days of receipt. The Treasury will charge the cost of administration against the earnings of the specific investment.

CALCULATING AND APPORTIONING COSTS

The County Treasurer, following the criteria outlined by the Federal Office of Management and Budget Circular A-87, will determine the “administrative cost” of investing or handling of funds as well as the cost of equipment which expedites processing. This cost shall be deducted prior to interest apportionment and shall be shared proportionately by all pooled and specific investments.

REPORTING

The Treasurer will report to the Board of Supervisors and the Treasury Oversight Commission on a quarterly basis the holdings, status, and earnings of the portfolio. The Statement of Investment Policy will be reviewed by the Treasury Oversight Commission and adopted by the County Board of Supervisors annually. Should circumstances require revision within this Policy during the year, the changes will be presented to the Treasury Oversight Commission, and approval obtained from the Board of Supervisors prior to these alterations being adopted.

The Treasurer reports monthly to the County Board of Supervisors all investment transactions completed in the prior month.

The Auditor reports quarterly to the County Board of Supervisors the results of their regular cash audit of the Treasury.

EXHIBIT B

Temporary Constraints and Restrictions on Santa Cruz County Investments

A. Bonds issued by the County or County Agencies. The Treasurer may purchase debt issued by the County or its agencies, but any such debt purchased will normally be obtained only directly from the issuing agency and not in the secondary market. Such issues, along with issues from 'C' and 'D' below, shall not exceed 10% of the total portfolio.

B. US Treasury obligations. The Treasurer currently invests in US Treasury obligations. US Treasuries provide the greatest liquidity in the market and should be a preferred investment for their very strong liquidity and high credit quality. There is no limit on the percentage of the portfolio in US Treasuries.

C. State of California Obligations. The Treasurer may invest in state obligations, including notes, bonds, or other instruments of the State of California. Interest bearing state issued warrants as an investment alternative are permissible investments. Such issues, along with issues from 'A' and 'D' below, shall not exceed 10% of the total portfolio.

D. Obligations of another California local agency. The Treasurer does not currently purchase these securities due to tax considerations, but may purchase taxable issues. The total of such issues, along with issues from 'A' and 'C' above, shall not exceed 10% of the overall portfolio. LAIF investments (see 'U' below) shall not be included when calculating this percentage, nor shall investments in joint powers authority pools (see 'T' below) that resemble money market mutual funds such as CAMP and CALTRUST. Maximum investments in LAIF shall be governed by the maximum permitted by the State. Neither of these limits shall include specific investments or individual local agency's investments of bond proceeds not made through the pool.

E. Obligations of the various Federal Agencies. The Treasurer currently does not invest in any long-term pooled securities issued by GNMA, FHLMC, SBA, or any federal agency with a maturity based on average life calculations. Due to the frequent concerns for the safety and liquidity levels of many agency obligations, the Treasurer monitors and may restrict the purchase of any particular agency's securities at any time. No single Government Sponsored Enterprise (GSE) will account for more than 25% of the portfolio at this time. The total of all GSEs may compose 100% of the portfolio. The GSEs referred to above include FHLMC, FNMA, FHLB and FFCB.

F. Bankers Acceptance. The Treasurer currently purchases bankers acceptances from those banks rated "AA" or higher by both Moody's and Standard and Poor's rating agencies. Additionally, the Treasurer monitors, and therefore may possibly eliminate those banks whose marketability and liquidity may be considered suspect due to their pricing within the secondary markets. Foreign banks shall be headquartered in certain Western European countries, Canada, or Japan. For additional potential restrictions see section 'AA' below.

EXHIBIT B

G. Commercial Paper (Non-Pooled Funds under \$100,000,000 of investments). The Treasurer currently does not allow the percent of commercial paper of non-pooled funds under \$100,000,000 of investments to exceed 25% of the total portfolio. The Treasurer is currently only purchasing commercial paper with maturities of 90 days or less.

H. Commercial Paper (Pooled Funds). The Treasurer currently does not allow the percent of commercial paper of pooled funds under \$100,000,000 of investments to exceed 40% of the total portfolio. The Treasurer is currently only purchasing commercial paper with maturities of 90 days or less.

I. Negotiable Certificates of Deposit (NCD). The Treasurer currently purchases those types of NCD permitted by the Government Codes only from banks with a long-term rating of "A" and short-term rating of A1 / P1 or better from both Moody's and Standard and Poor's rating agencies. Additionally, the Treasurer monitors, and therefore may possibly eliminate those banks whose marketability and liquidity may be considered suspect due to their pricing within the secondary markets. NCD issued by S&Ls, savings banks and credit unions are not currently purchased. The Treasurer currently is not purchasing NCD with maturities greater than one year.

J. Non-Negotiable Certificates of Deposit. The Treasurer may invest in Non-Negotiable Certificates of Deposit. Please see section 'AA' below for additional restrictions on non-negotiable Certificates of Deposit (CD) purchases.

K. Placement Service Deposits. The Treasurer may invest or participate in Placement Services. See section 'AA' below for restrictions on time deposits.

L. Placement Service Certificates of Deposit. The Treasurer may invest or participate in CD Placement Services. See section 'AA' below for restrictions on time deposits.

M. Repurchase Agreements. Repurchase agreements will only be entered into with Primary Dealers, and all collateral will be delivered to a third party designated by the Treasurer, as per state law. Due bills are not acceptable, nor, except in cases of extreme emergency, are substitutions of collateral on agreements under thirty days. The Treasurer will constantly monitor the market value of all collateral and shall require additional collateral if the market value falls to a level of 100% of the cash value invested, when Treasury Notes and Bonds are the collateral, and at higher levels for other types of collateral. Treasury Notes and Bonds will be collateralized at a minimum of 102% of market at the start of the repo, for short-term repos, and possibly at higher levels for longer-term repos, (percentage determined by market conditions, etc.). Repo agreements with Treasury Bills or other discounted securities as collateral will be priced to market and collateralized at a minimum of 102% of market, (actual percentage to be determined by collateral type, conditions, etc.). Collateral with maturities beyond five years are not acceptable, (except in certain limited cases where unrestricted 'puts' are included with the issue), and all collateral must meet the same requirements as purchased securities. Repurchase Agreements will not be entered into for periods longer than ninety days. Repurchase Agreement contracts will be on file for any dealer with which the County does Repos. See section 'S' below for other potential restrictions on Repo collateral.

EXHIBIT B

N. Reverse Repurchase Agreements and Securities Lending Agreements. The County Investment Policy does not allow the Treasurer to enter into reverse repurchase agreements, or lend securities.

O. Medium Term Notes. The Treasurer currently purchases medium term notes with a rating of "A" or higher from both Moody's and Standard and Poor's rating agencies. See section 'AA' below for additional potential restrictions on medium term notes. Medium term notes shall not exceed 30% of the portfolio.

P. Mutual Funds and Money Market Mutual Funds. The Treasurer currently imposes no additional restrictions on mutual fund purchases beyond those in the Codes.

Q. Collateralized Bank Deposits. The Treasurer currently imposes no additional restrictions on collateralized bank deposits beyond those in the Codes.

R. Mortgage Pass-Through Securities and Asset Backed Securities. The Treasurer does not invest in Mortgage pass-through securities nor in any collateralized mortgage investments. The Treasurer may purchase asset backed commercial paper with a maturity of less than or equal to 90 days and a short term rating of A1 / P1 / F1. The Treasurer currently does not purchase medium term notes issued by structured investment vehicles.

S. County Pooled Investment Funds. The Treasurer does not invest in County Pooled Investment Funds.

T. Joint Powers Authority (JPA) Pool. Investments in JPA investment funds shall not exceed 25% of the pool's portfolio.

U. Local Agency Investment Fund (LAIF). The Treasurer does invest in LAIF up to the current limit determined by the State Treasurer.

V. Voluntary Investment Program Fund. Any investment made shall require prior written approval of the Treasurer.

W. Supranational Obligations. The Treasurer may purchase United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank eligible for purchase and sale within the United States. The issue shall be rated "AA" or better by an NRSRO* and shall not exceed 30 percent of the portfolio.

X. Public Bank Obligations. Any investment made shall require prior written approval of the Treasurer.

EXHIBIT B

AA. Exposure Limits. Presently the total exposure to any one issuer, when totaling all types of securities shall not exceed 10% of the total portfolio on date of purchase. Exceptions to this limit shall include US Treasury issues, federal agency or government sponsored enterprise issues, and funds in LAIF. Repurchase agreement collateral shall not be excluded from this calculation unless the repurchase agreement is for 5 business days or less. Exposure to the overall credit of individual foreign countries shall be monitored and maintained at prudent levels.

BB. Futures and Options. The County Investment Policy does not allow the Treasurer to invest in futures or options. The purchase of callable securities is permitted.

CC. Maturities over Three Years. Any investment made with a maturity exceeding three years shall require prior written approval of the Treasurer. The Treasurer may provide temporary exemptions for specific employees for a period not to exceed one year such that each individual investment shall not require specific approval.

DD. Calculating Limits. State law states that all required percentages included within investment related sections of the Government Codes are only binding on the day the investment is made, and that future changes in the size of the portfolio do not require the Treasurer to readjust the total percentage of each security type within the portfolio to reflect the change in size. Neither is it necessary to sell an investment when changes occur such that the security no longer meets the minimum requirements of the Codes or the Codes are changed such as to no longer include certain current holdings. The Treasurer shall weigh the change in risk and determine whether or not a security should be sold within the portfolio after a change in conditions or the Codes result in a particular security no longer meeting existing or new regulations.

*** NRSRO (“Nationally Recognized Statistical Ratings Organization”)** An NRSRO is a credit rating agency that provides an assessment of the creditworthiness of a firm or financial instrument(s) that is registered and approved by the Securities and Exchange Commission (SEC).

The Office of the Santa Cruz County Auditor-Controller-Treasurer-Tax Collector (ACTTC) is included in the County's annual financial audit process. The County's Audit Committee selects an external audit firm to perform the annual audit which includes a review of the internal controls of the County and the ACTTC. Additionally, in compliance with Section 26920 of the Government Code of the State of California, four quarterly audits are performed by the county auditor to review the Treasurer's statement of assets in the county treasury. These audits include manual cash counts, verification of records, and a report to the Board of Supervisors in accordance with the appropriate professional standards, as determined by the ACTTC.

Subject: **CERTIFICATION OF LIQUIDITY**

Dear Members of the Board:

This report shows the investment activity for the quarter ending June 30, 2025 of pooled funds on deposit with the Treasurer and that it is in compliance with California Government Code Sections 27000 et seq., 53600 et seq., and the County's 2025 Investment Policy.

Attached are summaries of the Portfolio Structure, Investment Details, Securities Activity by Brokers, and other information to provide a better understanding of the investment activity that has occurred through June 30, 2025.

Pursuant to Government Code § 53646(b)(3), I certify that because of the liquidity of the pool and the county's issuance of Teeter Notes and TRANs, the county has the ability to meet the pool's expenditure requirements for the next six months.

Respectfully submitted,

A handwritten signature in cursive script, reading "Edith Driscoll", is written over a horizontal line.

EDITH DRISCOLL
Auditor-Controller-Treasurer-Tax Collector

Maturity Distribution

June 30, 2025

Maturity Classification and Liquidity Review

Investment breakdown based on maturity, as of June 2025. Upon maturity date, the portfolio will receive the investment's face value in cash. These values inherently effect the portfolio's WAM (Weighted Average Maturity) calculated in days, as well as the overall Duration. As of June 30, 2025, the portfolio's average investment takes approximately 431 days to mature.

Category:	Current Reported Values:	Historic Values: <i>Last Quarter Last Year Last 2 yrs.</i>		
	June 30, 2025	3/31/25	6/30/24	6/30/23

2 - 90	17.38%	9.66%	20.70%	21.12%
91-360	20.90%	34.56%	17.06%	28.79%
361 - 720	11.28%	11.27%	17.06%	12.48%
721 +	29.86%	26.79%	23.00%	9.32%
WAM	431	427	425	229
Duration	1.2	1.19	1.18	0.63

Portfolio Maturity Distribution

Current allocation of maturities as of June 2025. Most fixed-income investments mature within the age range of 91 - 360 days. The County Investment Pool is currently very liquid, holding around 38.0% of Cash, and Cash-Equivalent securities (bonds and other investments maturing within 90 days).

County of Santa Cruz Investment Pool

Credit Quality

June 30, 2025

Credit Rating Composition

Safety is the primary objective within the County Investment Pool, and CA state codes 27000.5 and 53600.5. As of June 2025, 78% of the portfolio is invested in the highest rated securities (AAA for long term, and A1 / P1 / F1 for short term). Counties within the State of California have strict investment standards and can only invest in highly rated, investment grade securities.

Credit Breakdown

Current and historic values based on credit rating and outstanding cash accounts. The State of California's LAIF fund is unrated, but is governed by the same investment restrictions as the County Investment Pool, per CA government codes 16430 and 16480.4.

Rating Category	Current Reported Values:		Historic Values: Last Quarter Last Year Last 2 yrs.

County of Santa Cruz Investment Pool

Source of Funds

June 30, 2025

Source of Funds Composition

The County Investment Pool is composed of four main participants: County School Districts, Special Districts within Santa Cruz County, County Funds, and Cities within Santa Cruz County.

Funds Breakdown

The largest participant with the highest deposited funds is the Schools category. This category holds 55% of the County Investment Pool. The second largest participant is the County category, which consists of around 30% of the County Investment Pool.

Participant Category	Current Reported Values:	Historic Values: Last Quarter Last Year Last 2 yrs.

Cities	0.38%	0.04%	0.31%	0.31%

DETAILED LIST OF INVESTMENTS OUTSTANDING

As of June 30, 2025

REPORT DESCRIPTION

The **Detailed List of Investments Outstanding** lists active investments in the portfolio on a specific date providing information on the market values, book values, interest rates and yields. It is arranged so that the securities of the same type are grouped together. What follows is a description of the abbreviations used in the report.

CUSIP – The CUSIP number is a 9-character alphanumeric code which identifies a North American financial security for the purposes of facilitating clearing and settlement of trades.

INVESTMENT NUMBER – This is a unique system-generated number assigned to the security. Assigned by the County for internal identification purposes.

ISSUER – The issuer named is the name of the institution which issued the bond.

PURCHASE DATE – This is the date on which the security was purchased.

PAR VALUE – The nominal or face value of a bond. This is the amount that will be received at maturity with accrued interest. It is also the amount that is used in calculating the interest received on the bond.

MARKET VALUE – Market value is the dollar amount the security could have been sold for on the report date. By comparing this number to the book value one is able to determine what, if any, loss or gain we would realize if we were to sell the bond in the open market.

BOOK VALUE – The original cost for each investment adjusted for amortization of premiums or accretions of discounts to the date of the report. Amortizations and accretions are calculated on a straight line basis.

STATED RATE – In most cases this is the coupon rate (rate of interest) set on a bond at the issue date by the issuer. If the security has no coupon (discount note, UST Bill or CP) then the stated rate is the yield to maturity on the date that the bond is purchased. The stated rate is not intended for comparing yields between different investments because the item may have been purchased at a discount or premium to par.

YTM – This is the Yield to Maturity. This is what the yield will be on the bond if it is held to maturity.

DAYS TO MATURITY – This is the number of days remaining between the report date and the maturity date.

MATURITY DATE – The maturity date is the date when a bond matures. On the maturity date an issuer of a security will pay the holder of the security the par value plus any accrued interest earned on the security from the date of last distribution.

Current Rate varies based on security:

- Unless otherwise stated below, **Current Rate** is equivalent to the security's **Coupon Rate** (fixed interest paid by issuer)
- Treasury Discounts report the Discount Rate (a simplified yield calculation, while the yield to maturity (YTM) provides a more accurate and comprehensive measure of return)
- Money Market / Mutual Funds, and Negotiable CDs report the Yield to Maturity (total rate of return if held to maturity)

Run Date: 07/09/2025 - 15:30

ACCRUED INTEREST REPORT

As of June 30, 2025

REPORT DESCRIPTION

The **Accrued Interest Report** shows the amount of interest earned, but not yet received, for each active investment within the portfolio. Within the date range, the report displays the amount of interest accrued as of the report beginning date, the amount of interest earned during the reporting period, the amount of interest recorded as received, and the ending accrued interest. What follows is a description of the report's headings.

ISSUER – Issuer is the name of the institution which issued the investment.

INVESTMENT NUMBER – The investment number is a unique number that identifies the investment position.

SECURITY TYPE – This heading is a three-character code assigned by the program to identify each type of investment.

PAR VALUE – The nominal or face value of the security.

MATURITY DATE – The maturity date is the date on when an investment will mature.

CURRENT RATE – For coupon instruments, the current rate is the coupon or interest rate at the time of purchase. For discount instruments, the current rate is the yield to maturity.

BEGINNING ACCRUED INTEREST – This column displays the amount of interest earned, but not yet received, as of the report beginning date.

INTEREST EARNED – This column shows the amount of interest earned during the selected reporting period.

INTEREST RECEIVED – This column includes the amount of interest posted as received during the selected reporting period.

ENDING ACCRUED INTEREST – This column displays the amount of interest earned, but not yet received, as of the report ending date.

* Beginning Accrued may not include investments that redeemed in the previous month that had outstanding accrued interest.

DESCRIPTION OF INVESTMENT INSTRUMENTS (1/3)

The investment activities of County Treasurers are restricted by state law to a select group of government securities and prime money market instruments. To reduce the risk inherent in any one instrument, state law further limits the percentage of the county's portfolio that can be invested in any one type of security.

The types of securities available to the County Treasurer can be divided into three main categories: 1) U.S. Treasury bills, notes and bonds. They are guaranteed by the U.S. Government and are considered to have no credit risk. They also typically have the lowest yield of the securities available for investing. 2) Securities issued by U.S. Government Agencies and Instrumentalities. These securities consist mostly of notes and debentures of agencies and government sponsored corporations. They are not guaranteed by the U.S. government and therefore have some credit risk. Their yield is typically higher than U.S. Treasury securities. 3) Prime money market securities. These consist of securities such as bankers' acceptances, certificates of deposit, commercial paper and municipal bonds. The yield is typically higher than the other types of securities in which the county invests but the risk is also higher. Through diversification and purchasing only highly rated paper, the credit risk is kept to an acceptable minimum. Each of the securities in these three categories is subject to market risk if sold prior to maturity.

What follows is a brief description of the different securities used by the County Treasurer:

U.S. Treasury Notes and Bonds are long term obligations of the U.S. government, which bear coupons. Interest is payable every six months at a rate of one-half the annual coupon. Treasury bonds and notes trading is conducted by the same securities dealers who trade T bills. In the secondary market, prices are quoted in thirty-seconds of 1 percent. Except for their maturities, notes and bonds are identical regardless of their label. Notes are issued for original maturities of one to 10 years. Bonds are issued with original maturities of more than 10 years.

U.S. Treasury Bills are unusual instruments because they bear no specific interest rate. Rather, they are issued originally at a discount from its ultimate maturity (par) value. Because T Bills are issued and traded at a discount, investors receive their returns at maturity or on subsequent resale, which ordinarily will be at prices higher than the original discount.

Federal Farm Credit Bank (FFCB) Discount Notes. FFCB is an instrumentality of the U.S. Government. The notes are the consolidated obligations of the 37 Farm Credit Banks issued on a discount basis with maturities of one year or less. Although not as risk free as Treasury notes, most experts believe the U.S. government has a moral commitment to the farm credit system.

DESCRIPTION OF INVESTMENT INSTRUMENTS (2/3)

Federal Farm Credit Bank (FFCB) debentures are consolidated obligations of the 37 Farm Credit Banks issued with a fixed coupon rate with maturities ranging from 6 months to 20 years. A debenture is a bond secured only by the general credit of the issuer.

Federal Home Loan Bank (FHLB) Discount notes are consolidated obligations of 12 District banks issued with a fixed coupon rate with maturities ranging from one to ten years. Although the FHLB operates under federal charter with government supervision, the securities are not guaranteed by the U.S. government. However, the banks are required to maintain a considerable reserve pledged against the outstanding debt. They are therefore considered relatively risk free.

Federal National Mortgage Association (Fannie Mae) Discount notes are consolidations of government chartered private corporations issued on a discount basis with maturities under one year. They are guaranteed by the corporations, but not by the U.S. government. Many investors consider the securities a moral obligation of the U.S. government and believe Congress would intervene before allowing default.

Federal National Mortgage Association (Fannie Mae) debentures are obligations issued by the Association with a fixed coupon rate and various maturities. A debenture is a bond secured only by the general credit of the issuer.

Local Agency Investment Fund (LAIF) is the state sponsored investment fund. LAIF is an excellent cash management tool to help meet most of the unexpected cash demands. Currently the state limits the county's investment in this pool to \$65,000,000.

Federal Home Loan Mortgage Corporation (Freddie Mac) Participation Notes are issues of the Federal Home Loan Mortgage Corporation representing undivided interests in conventional mortgages underwritten and previously purchased by it. The corporation guarantees the timely payment of interest at the certificate rate and full return of principal. Participation Certificates have original final payment dates of 30 years.

Government National Mortgage Association (Ginnie Mae) Pass Through are issues of the wholly owned government corporation within the Department of Housing and Urban Development. Principal and interest payment collected on mortgages in specified pools are passed through to holders of GNMA Guaranteed certificates after deduction of servicing and guaranty fees. GNMA's have original stated maturities of 12 to 40 years. For Santa Cruz County, these are used only as collateral for overnight repurchase agreements.

Municipal Securities (Notes and Bonds) Debt securities issued by state and local governments and their agencies are referred to as municipal securities. Such securities can be divided into two broad categories: bonds issued to finance capital projects and short term notes sold in anticipation of the receipt of other funds, such as taxes or proceeds from a bond issue.

DESCRIPTION OF INVESTMENT INSTRUMENTS (3/3)

Banker's Acceptances. Briefly stated, the function of the bankers' acceptance is as follows: A borrower may, under certain circumstances, obtain short-term credit by arranging for his bank to accept a time draft upon it. The bank stamps its official accepted across the face of the draft and converts it into a bankers' acceptance. The instrument, now being a bank obligation, may be sold to an acceptance dealer who, in turn, may sell it to an investor. Most BAs arise out of transactions involving the trade of manufactured goods or commodities. Maturities range from one to 180 days.

Commercial Paper is a short-term promissory note issued by a company to finance current transactions. All commercial paper is negotiable, but most commercial paper sold to investors is held to maturity. Commercial paper is issued not only by industrial and manufacturing firms but also by finance companies. Notes are sold on a discount or interest-bearing basis with maturities not exceeding 270 days.

Medium Term Notes are obligations that have maturities of less than 5 years and are issued by corporations or depositories organized and operating in the U.S.

Negotiable Certificate of Deposit (NCD). It is a receipt for deposit of a stated sum in the bank on a given date, together with a promise to redeem this sum plus interest at the indicated rate on a designated date. The instrument is negotiable because it is payable either to bearer or to the order of the depositor.

Repurchase Agreements (RP or Repos). A holder of securities sells securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. Repurchase agreements are usually for short periods of time (one to five days), when large sums are received that will be needed in the next day or two. As a result, they are often called overnight repos. From the point of view of investors, overnight repos offer several attractive features. First, by rolling overnight repos, investors can keep surplus funds invested without losing liquidity or incurring a price risk. Second, because repo transactions are secured by top quality paper, investors expose themselves to little or no risk.

Guaranteed Investment Contract (GIC). This is a fixed income agreement offered by insurance companies. GICs offer to pay a specific interest rate over a period of time. Some GICs are eligible for early redemption, with or without penalty, which eliminates market risk if interest rates rise. In Santa Cruz County it is only used for the investment of secured indebtedness and only if the note documentation permits such an investment.

Money Market (Mutual) Fund. A money market mutual fund is a pooled fund that invests in a number of money market vehicles (CD's, CP, T-Bills, etc.). These funds are designed to pay the investor interest, as well as provide full liquidity. Maturities of the underlying investments are 13 months or less.
