In the opinion of Modrall, Sperling, Roehl, Harris & Sisk, P.A., Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2025 Bonds (as defined below) is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the “Code”). In the further opinion of Bond Counsel, interest on the Series 2025 Bonds is not a specific preference item for purposes of the federal alternative minimum tax; however, interest on the Series 2025 Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Bond Counsel is also of the opinion based on existing laws of the State of New Mexico as enacted and construed that interest on the Series 2025 Bonds is exempt from all taxation by the State of New Mexico or any political subdivision thereof. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Series 2025 Bonds. See “TAX MATTERS” herein.

Dated: Date of Delivery

Due: August 1, as shown on inside cover

The Albuquerque Municipal School District No. 12, Bernalillo and Sandoval Counties, New Mexico, General Obligation School Bonds, Series 2025A (the “Series 2025A Bonds”) and General Obligation Refunding Bonds, Series 2025B (the “Series 2025B Bonds,” and together with the 2025A Bonds, the “Series 2025 Bonds”) are being issued as fully registered bonds to be sold in denominations of \$5,000 or any integral multiple thereof. The Depository Trust Company New York, New York (“DTC”) will act as securities depository for the Series 2025 Bonds through its nominee, Cede & Co. One fully registered bond equal to the principal amount of each maturity of each series of the Series 2025 Bonds will be registered in the name of Cede & Co. Individual purchases of Series 2025 Bonds will be made in book-entry form only and beneficial owners of the Series 2025 Bonds will not receive physical delivery of bond certificates, except as described herein. Upon receipt of payments of principal and interest, DTC will remit such payments to its participants for subsequent disbursement to the beneficial owners of the Series 2025 Bonds.

Principal of and interest on the Series 2025 Bonds will be payable to DTC, or its nominee, as owner of the Series 2025 Bonds, by BOKF, NA, as Paying Agent and Registrar for the Series 2025 Bonds. Interest on the Series 2025 Bonds will be payable semi-annually on each February 1 and August 1, commencing August 1, 2025 until maturity or prior redemption.

See Inside Cover Page for Maturity Dates, Principal Amounts, Interest Rates or Yields and CUSIPs.

The Series 2025A Bonds will be subject to optional redemption prior to maturity as described herein. The 2025B Bonds will not be subject to optional redemption prior to maturity.

As more specifically described herein, the Series 2025 Bonds are being issued for the purposes of (i) financing the cost of erecting, remodeling, making additions to, furnishing and purchasing school facilities, (ii) refunding certain outstanding general obligation bonds of the District as set forth in Schedule I attached hereto, and (iii) paying expenses related to the issuance of the Series 2025 Bonds.

The Series 2025 Bonds constitute general obligation indebtedness of the District, payable from property taxes levied against all taxable property in the District, without limitation of rate or amount, and the full faith and credit of the District is pledged for the payment of the Series 2025 Bonds.

In connection with the issuance of the Series 2025 Bonds, the District will commit to provide certain annual information and notice of certain events as described herein under the caption “CONTINUING DISCLOSURE UNDERTAKING.”

This Cover Page, including the inside cover page, contains information for convenient and quick reference only. It is not a summary of this Official Statement. Investors must read this entire Official Statement to obtain information essential and material to the making of an informed investment decision.

Certain legal matters will be passed on by Modrall, Sperling, Roehl, Harris & Sisk, P.A., Albuquerque, New Mexico, as Bond Counsel. Certain legal matters will also be passed on for the District by Taft Stettinius & Hollister LLP, Albuquerque, New Mexico, as Disclosure Counsel to the District. Delivery of the Series 2025 Bonds is also subject to the delivery of an approving opinion of the Attorney General of the State of New Mexico. The Underwriters are being represented by McCall, Parkhurst & Horton L.L.P., Dallas, Texas. RBC Capital Markets, LLC, Albuquerque, New Mexico, serves as Municipal Advisor to the District. It is expected that the Series 2025 Bonds will be available for delivery through the facilities of DTC on or about May 21, 2025.

For purposes of compliance with Rule 15c2-12 (“Rule 15c2-12”) of the United States Securities and Exchange Commission (the “SEC”), this document constitutes an Official Statement of the District with respect to the Series 2025 Bonds that has been “deemed final” by the District as of its date, except for the omission of no more than the information permitted by Rule 15c2-12.

No dealer, salesperson or other person has been authorized by Albuquerque Municipal School District No. 12, Bernalillo and Sandoval Counties, New Mexico (the “District”) to give any information or to make any statements or representations, other than those contained in this Official Statement, and, if given or made, such other information, statements or representations must not be relied upon as having been authorized. This Official Statement does not constitute an offer to sell or solicitation of an offer to buy any of the Series 2025 Bonds in any jurisdiction in which such offer or solicitation is not authorized, or in which any person making such offer or solicitation is not qualified to do so, or to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction. This Official Statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions or that they will be realized.

The information contained in this Official Statement has been obtained from the District and other sources which are deemed to be reliable. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information. The information in this Official Statement is subject to change without notice, and neither the delivery of this Official Statement nor any sale hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or others since the date hereof.

This Official Statement contains statements relating to future results that are “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995, as amended. When used in this Official Statement, the words “estimate,” “anticipate,” “forecast,” “project,” “intend,” “propose,” “plan,” “expect” and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty and risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and actual results; those differences could be material.

The Series 2025 Bonds have not been registered under the Securities Act of 1933, as amended, in reliance upon exemptions contained in such Act, nor have the Series 2025 Bonds been registered or qualified in any state. Neither the SEC nor any other federal, state, municipal or other governmental entity, nor any agency or department thereof, has passed upon the merits of the Series 2025 Bonds or the accuracy or completeness of this Official Statement. Any representation to the contrary may be a criminal offense.

INTRODUCTION

Generally

This Official Statement, which includes the cover page, Schedule I and appendices hereto, provides certain information in connection with the offer and sale by the Albuquerque Municipal School District No. 12, Bernalillo and Sandoval Counties, New Mexico (the “District”) of its General Obligation School Bonds, Series 2025A in the original aggregate principal amount of \$50,000,000* (the “Series 2025A Bonds”) and its General Obligation Refunding Bonds, Series 2025B in the original aggregate principal amount of \$49,150,000* (the “Series 2025B Bonds” and together with the 2025A Bonds, the “2025 Bonds”). On April 16, 2025, the District’s Board of Education (the “Board”) delegated, pursuant to a Delegation of Authority Resolution (the “Delegation Resolution”) permitted by Section 6-14-10.2, NMSA 1978, pricing of the Series 2025 Bonds and certain other matters to the District’s Superintendent and Chief Financial Officer, who will approve the final terms of the Series 2025 Bonds set forth in the Pricing Certificate (together with the Delegation Resolution, the “Bond Resolution”).

This introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page, Schedule I and appendices hereto, and the documents summarized or described herein. A full review should be made of the entire Official Statement. The offering of Series 2025 Bonds to potential investors is made only by means of the entire Official Statement.

The District

The District is a political subdivision of the State of New Mexico (the “State”) organized for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries. The District encompasses almost all of Bernalillo County and a portion of Sandoval County (the “Counties”). Both Counties are centrally located in New Mexico. The District’s boundaries encompass all of the City of Albuquerque and the Villages of Tijeras, Los Ranchos and Corrales. The District’s 2024 assessed valuation is \$21,888,177,219. The District had an enrollment of 68,902 students for the 2023-24 school year based on the 80/120 day average count. There are 29 charter schools operating within the District’s boundaries with 9,258 students attending in the 2023-24 school year based on the 80/120 day average count. The District’s powers are subject to regulations adopted by the New Mexico Public Education Department (“PED”). See “THE DISTRICT.” For financial and other information concerning the District, see Appendix B – “ECONOMIC, DEMOGRAPHIC AND FINANCIAL INFORMATION.” The District’s Fiscal Year ends June 30 and is referred to in this Official Statement as the “Fiscal Year.”

* Preliminary, subject to change.

Purpose of the Series 2025A Bonds

Proceeds from the sale of the Series 2025A Bonds will be used to finance the cost of (i) erecting, remodeling, making additions to and furnishing school buildings; purchasing or improving school grounds; purchasing computer software and hardware for students in the District; providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act; or any combination of those purposes (collectively, the “Improvement Projects”) and (ii) paying expenses related to issuance of the Series 2025A Bonds. See “PLAN OF FINANCING – The Improvement Projects.” The Series 2025A Bonds represent \$50 million* of \$200 million in bonds authorized by voters at an election held on November 2, 2021 (the “2021 Bond Election”). After the issuance of the Series 2025A Bonds, there will be no remaining* authorization under the 2021 Bond Election.

Purpose of the Series 2025B Bonds

Proceeds from the sale of the Series 2025B Bonds will be used to finance the cost of (i) refunding, refinancing and defeasing the District’s General Obligation School Building Bonds, Series 2015 (the “Series 2015 Bonds”) maturing on and after August 1, 2026 (the “Refunding Project”) on the date of issuance of the Series 2025B Bonds, and (ii) paying expenses related to issuance of the Series 2025B Bonds. At the time of issuance of the Series 2025B Bonds, the District will deposit a portion of the proceeds of the Series 2025B Bonds to an escrow fund (the “Escrow Fund”) held with BOKF, N.A. (the “Escrow Agent”) pursuant to an Escrow Agreement (the “Escrow Agreement”) by and between the District and the Escrow Agent, resulting in the defeasance of the Series 2015 Bonds. Causey, Demgen & Moore, P.C., Certified Public Accountants, Denver, Colorado (the “Verification Agent”), will provide a verification report with respect to the adequacy of amounts deposited to the Escrow Fund to defease and redeem the Refunded Bonds. See “PLAN OF FINANCING – The Refunding Project,” “VERIFICATION OF MATHEMATICAL COMPUTATIONS,” and “SCHEDULE I – REFUNDED BONDS.”

Authority for Issuance

The Series 2025 Bonds are being issued under the authority of and pursuant to the Constitution and laws of the State, including Sections 22-18-1 through 22-18-13 NMSA 1978, Sections 6-14-9 and 6-14-10.2 NMSA 1978 and Sections 6-15-3 through 6-15-13 NMSA 1978, as amended, and all enactments of the District Board relating to the issuance of the Series 2025 Bonds, including the Bond Resolution. The New Mexico Attorney General will provide an approval as to the form and legality with respect to the Series 2025 Bonds as required under Section 22-18-9 NMSA. The Series 2025A Bonds are also being issued pursuant to authorization received at the 2021 Bond Election.

Sources of Payment for the Series 2025 Bonds

The Series 2025 Bonds are general obligations of the District and payable from ad valorem taxes that are levied against all taxable property within the District without limitation as to rate or amount. Neither the State nor the Counties have any responsibility to pay the debt service on the Series 2025 Bonds. See “SECURITY AND SOURCES OF PAYMENT.”

The Series 2025 Bonds are additionally secured by the New Mexico School District Enhancement Program as discussed in more detail under “SECURITY AND SOURCES OF PAYMENT – New Mexico School District Enhancement Program” herein.

* Preliminary, subject to change.

Terms of the Series 2025 Bonds

Payments

The Series 2025 Bonds will be dated their date of initial delivery to the Underwriters. Interest on the Series 2025 Bonds is payable on February 1 and August 1, commencing August 1, 2025 until maturity or prior redemption. The Series 2025 Bonds will be issued in the aggregate principal amounts and will mature on the dates and in the amounts shown on the inside cover page of this Official Statement. Payments on the Series 2025 Bonds will be made by BOKF, NA, as the initial Paying Agent and Registrar for the Series 2025 Bonds (the “Paying Agent/Registrar”).

Denominations

The Series 2025 Bonds are issuable in denominations of \$5,000 or integral multiples thereof.

Book-Entry System

Individual purchases will be made in book-entry form only and purchasers of the Series 2025 Bonds will not receive physical delivery of bond certificates except as more fully described herein. Payments of principal of and interest on the Series 2025 Bonds will be made directly to The Depository Trust Company, New York, New York (“DTC”) or its nominee, Cede & Co., by the Paying Agent/Registrar, so long as DTC or Cede & Co. is the sole registered owner. Upon receipt of such payments, DTC is to remit such payments to DTC participants for subsequent disbursement to the beneficial owners of the Series 2025 Bonds, all as more fully described in Appendix E – “BOOK-ENTRY ONLY SYSTEM.”

In reading this Official Statement, it should be understood that while the Series 2025 Bonds are in book-entry only form, references in other sections of this Official Statement to owners of the Series 2025 Bonds should be read to include the person for whom the Participant (as hereinafter defined) and indirect participants acquire an interest in the Series 2025 Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry only system as described more fully herein, and (ii) notices that are to be given to owners by the District or the Paying Agent/Registrar will be given only to DTC.

Redemption of Series 2025A Bonds

The Series 2025A Bonds are subject to optional redemption prior to maturity as provided herein. See “THE SERIES 2025 BONDS – Optional Redemption Prior to Maturity.”

No Redemption of Series 2025B Bonds

The Series 2025B Bonds are not subject to optional redemption prior to maturity.

Commitment to Provide Continuing Disclosure

The District will agree for the benefit of the owners of the Series 2025 Bonds that, so long as the Series 2025 Bonds remain outstanding, the District will provide its annual audited financial statements and certain other financial information and operating data with the Municipal Securities Rulemaking Board (“MSRB”) using its Electronic Municipal Market Access System (“EMMA”) in conformity with Rule 15c2-12 of the United States Securities and Exchange Commission (the “Rule”), and will file notice of certain specific events with the MSRB, or as otherwise requested by the MSRB, as described in “CONTINUING DISCLOSURE UNDERTAKING” and Appendix D hereto.

Risk Factors

Climate Change and Natural Disasters

The State could experience, and is susceptible to additional, weather events and natural disasters that could be deemed extreme including, without limitation, periods of heat, droughts, floods, mud slides, tornadoes and other wind conditions and wildfires, which could result in negative economic impacts on the State and the District. Such effects may be exacerbated by a longer term shift in the climate over several decades, commonly referred to as climate change. Numerous scientific studies on climate change show that, among other effects on the global ecosystem, extreme temperatures may become more common, and extreme weather events may become more frequent as a result of increasing global temperatures attributable to atmospheric pollution. As a result, the District could lose tax revenues and many residents, businesses, and governmental operations could be displaced. Additionally, climate change concerns have led, and may continue to lead, to new laws and regulations at the federal and state levels (including but not limited to air, water, hazardous substances and waste regulations) that could have a material adverse effect on the operations and/or financial condition of the District. The District cannot predict the occurrence or extent of any future extreme weather events or natural disasters or the economic impacts that the occurrence of any such events may have on the State or the District.

Cybersecurity Risks

The District, like other public and private entities, relies on computer and other digital networks and systems to conduct its operations. As a recipient and provider of personal, private or other electronic sensitive information, the District may be the subject of cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized remote access to the District's systems for the purposes of misappropriating assets or information or causing operational disruption or damage, or demanding ransom for restored access to files or information. No assurance can be given that the District's current efforts to manage cyber threats and security will, in all cases, be successful. The District cannot predict what future cyber security events may occur and what impact said events could have on its operations or finances.

The District relies on other entities and service providers in the course of operating the District, including the Counties with respect to the levy and collection of ad valorem property taxes, as well as other trustees, fiscal agents and dissemination agents. No assurance can be given that future cyber threats and attacks against other third-party entities or service providers will not impact the District and the owners of the Series 2025 Bonds, including the possibility of impacting the timely payments of debt service of the Series 2025 Bonds or timely filings pursuant to the Continuing Disclosure Undertaking.

Public Health Emergencies

Regional, national or global public health emergencies could have materially adverse regional, national or global economic and social impacts causing, among other things, the promulgation of local or state orders limiting certain activities, extreme fluctuations in financial markets and contraction in available liquidity, prohibitions of gatherings and public meetings in such places as entertainment venues, extensive job losses and declines in business activity across important sectors of the economy, impacts on supply chain and availability of resources, declines in business and consumer confidence that negatively impact economic conditions or cause an economic recession. The District cannot predict the extent to which its operations or financial condition may decline nor the amount of increased costs, if any, that may be incurred by the District associated with operating during any public health emergencies, including, but not limited to, the amount of (1) costs to clean, sanitize and maintain its facilities, (2) costs to hire substitute employees, (3) costs to acquire supporting goods and services, or (4) costs to operate remotely and support the

employees of the District. Accordingly, the District cannot predict the effect any public health emergencies will have on the finances or operations of the District or whether any such effects will have a material adverse effect on its ability to pay debt service on the Series 2025 Bonds.

Constitutional Amendments Impacting Property Exemptions

Voters approved two Constitutional Amendments in November 2024 expanding existing property exemptions related to veterans which could have an impact of the assessed value within the District. The economic impact of the two Constitutional Amendments on the District cannot be predicted at this time. See PROPERTY TAXES – Property Subject to Taxation and Recent Property Tax Amendments.

Forward-Looking Statements

This Official Statement contains statements relating to future results that are “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995, as amended. When used in this Official Statement, the words “estimate,” “anticipate,” “forecast,” “project,” “intend,” “propose,” “plan,” “expect” and similar expressions identify forward-looking statements. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material.

Professionals Involved in the Offering

At the time of the issuance and sale of the Series 2025 Bonds, Modrall, Sperling, Roehl, Harris & Sisk, P.A., Albuquerque, New Mexico, as Bond Counsel, will deliver a bond opinion with respect to each series of the Series 2025 Bonds, the form of which is included in Appendix C hereto. Certain legal matters will be passed upon for the District by the New Mexico Attorney General and by Taft Stettinius & Hollister LLP, Denver, Colorado, as Disclosure Counsel. The Underwriters (defined below) are being represented in connection with their purchase of the Series 2025 Bonds by McCall, Parkhurst & Horton L.L.P., Dallas, Texas. See “LEGAL MATTERS.”

RBC Capital Markets, LLC, Albuquerque, New Mexico (“RBC”) is employed as Municipal Advisor to the District in connection with the issuance of the Series 2025 Bonds. The Municipal Advisor’s fee for services rendered with respect to the sale of the Series 2025 Bonds is contingent upon the issuance and delivery of the Series 2025 Bonds. RBC, in its capacity as Municipal Advisor, has not verified and does not assume any responsibility for the possible impact of any present, pending or future actions taken by any legislative or judicial bodies. The Municipal Advisor is not obligated to undertake, and has not undertaken to make, an independent verification of, or assume responsibility for, the accuracy, completeness, or fairness of the information in this Official Statement.

Offering and Delivery of the Series 2025 Bonds

The Series 2025 Bonds are offered when, as and if issued, subject to approval as to their legality by Bond Counsel and the satisfaction of certain other conditions. The Series 2025 Bonds will be distributed in the initial offering by Stifel, Nicolaus & Company, Incorporated and Jefferies LLC (collectively, the “Underwriters”), for which Stifel, Nicolaus & Company, Incorporated is acting as the senior managing underwriter and representative of the Underwriters. See “UNDERWRITING.” It is anticipated that a single certificate for each maturity of the Series 2025 Bonds will be available for delivery through the facilities of DTC on or about May 21, 2025.

Other Information

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

TOTAL USES OF FUNDS.....	

(1) See "UNDERWRITING."

(2) The costs of issuance of the Series 2025 Bonds include legal and accounting fees, printing, paying agent, escrow and verification agent fees, rating fees and other miscellaneous costs.

* Preliminary, subject to change.

The Improvement Projects

Proceeds from the sale of the Series 2025A Bonds will be used to finance the cost of the Improvement Projects and to pay the costs of issuance of the Series 2025A Bonds. See “INTRODUCTION – Purpose of the Series 2025A Bonds.”

The Refunding Project

Proceeds from the sale of the Series 2025B Bonds will be used to finance the Refunding Project described in Schedule I and under “INTRODUCTION – Purpose of the Series 2025B Bonds” and to pay costs of issuance for the Series 2025B Bonds.

The specific principal amount of each maturity of the Series 2015 Bonds to be refunded (the “Refunded Series 2015 Bonds”) will be determined by the District at the time the District and the Underwriters execute the Bond Purchase Agreements (as defined herein under “UNDERWRITING”). The refunding of the Refunded Series 2015 Bonds is subject to market conditions, and such bonds will only be refunded if such refunding results in acceptable debt service savings to the District.

The Bond Resolution provides that from a portion of the proceeds of Series 2025B Bonds and other available moneys, if any, the District will deposit to the Escrow Fund on the closing date, pursuant to an Escrow Agreement with the Escrow Agent, the amount necessary to accomplish the discharge and final payment of the Refunded Series 2015 Bonds on August 1, 2025 (the “Series 2015 Bonds Redemption Date”). Such funds will be held by the Escrow Agent in the Escrow Fund and used to purchase direct obligations of the United States of America (the “Federal Securities”). Under the Escrow Agreement, the Escrow Fund is irrevocably pledged to the payment of the principal with respect to the Refunded Series 2015 Bonds plus interest accrued with respect thereto due on the Series 2015 Bonds Redemption Date.

Causey, Demgen & Moore, P.C., Certified Public Accountants, Denver, Colorado (the “Verification Agent”), will verify at the time of delivery of the Series 2025B Bonds to the Underwriters, the mathematical accuracy of the schedules and demonstrate that the Federal Securities will mature and bear interest in such amounts which, together with uninvested funds, if any, in the Escrow Fund, will be sufficient to pay when due, the principal with respect to the Refunded Series 2015 Bonds plus interest accrued with respect thereto due on the Series 2015 Bonds Redemption Date. Such maturing principal of and interest on the Federal Securities will not be available to pay the Series 2025A Bonds. See “VERIFICATION OF CERTAIN MATHEMATICAL COMPUTATIONS.”

By the deposit of the Federal Securities and cash, if necessary, with the Escrow Agent pursuant to the Escrow Agreement, the District will have effected the defeasance of the Refunded Series 2015 Bonds in accordance with the requirements of the resolution authorizing issuance of the Series 2015 Bonds and applicable law, and such Refunded Series 2015 Bonds will no longer be outstanding. The District has covenanted in the Escrow Agreement to make timely deposits to the Escrow Fund of any additional amounts required to pay the principal of and interest on the Refunded Series 2015 Bonds if, for any reason, the cash balance on deposit or scheduled to be on deposit in the Escrow Fund is insufficient to make such payments.

THE SERIES 2025 BONDS

Generally

The Series 2025 Bonds will bear interest at the rates and mature on the dates set forth on the inside cover page of this Official Statement. Interest will be calculated on the basis of a 360-day year consisting of twelve 30-day months. The Series 2025 Bonds will be dated their date of initial delivery to the

* Preliminary, subject to change.

Underwriters and will bear interest from that date payable semi-annually on February 1 and August 1 of each year, commencing August 1, 2025 (each an “Interest Payment Date”) until maturity or prior redemption. The Series 2025 Bonds will bear interest from the most recent date to which interest has been paid or provided, or if no interest has been paid or provided for, from their date until maturity.

The Series 2025 Bonds will be issued in denominations of \$5,000 or integral multiples thereof, will be issued in fully registered form and, when issued, will be registered in the name of Cede & Co., as registered owner and nominee of DTC. DTC will act as securities depository for the Series 2025 Bonds. Individual purchases may be made in book-entry form only. Purchasers will not receive certificates representing their interest in the Series 2025 Bonds purchased. So long as Cede & Co., as nominee of DTC, is the registered owner of the Series 2025 Bonds, references herein to the bondholders, owners or registered owners shall mean Cede & Co. and shall not mean the beneficial owners of the Series 2025 Bonds.

So long as Cede & Co. is the registered owner of the Series 2025 Bonds, principal of and interest on the Series 2025 Bonds are payable by wire transfer by the Paying Agent/Registrar (defined below) to Cede & Co., as nominee for DTC, which is required, in turn, to remit such amounts to the DTC Participants. See Appendix E – “BOOK-ENTRY ONLY SYSTEM.”

Paying Agent/Registrar/Escrow Agent

BOKF, NA, Albuquerque, New Mexico, will serve as Paying Agent/Registrar and Escrow Agent for the Series 2025 Bonds. In the Bond Resolution the District covenants to provide a Paying Agent/Registrar at all times until the Series 2025 Bonds mature or are fully redeemed prior to maturity, and any Paying Agent/Registrar selected by the District shall be a commercial bank, a trust company, a financial institution or any other entity, as provided by State law, duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar. The registration books for the Series 2025 Bonds will be maintained by the Paying Agent/Registrar containing the names and addresses of the registered owners of the Series 2025 Bonds. In the Bond Resolution, the District retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, such Paying Agent/Registrar, promptly upon the appointment of a successor, is required to deliver the registration books to the successor paying agent/registrar. In the event there is a change in the Paying Agent/Registrar for the Series 2025 Bonds the District has agreed to notify each registered owner of the Series 2025 Bonds affected by the change by United States mail, first-class postage prepaid, at the address in the registration books, stating the effective date of the change and the mailing address of the successor Paying Agent/Registrar. See “PLAN OF FINANCING – The Refunding Project” for information regarding the role of the Escrow Agent.

Record Date

The Record Date for the Series 2025 Bonds with respect to any interest payment date is the fifteenth day of the month (whether or not a business day) immediately preceding the interest payment date. The person in whose name any Series 2025 Bond is registered on any Record Date with respect to any interest payment date shall be entitled to receive the interest payable hereon on such interest payment date notwithstanding any transfer or exchange thereof subsequent to such Record Date and prior to such interest payment date.

Optional Redemption Prior to Maturity

Optional Redemption – Series 2025A Bonds.

The Series 2025A Bonds maturing on and after August 1, ____ are subject to redemption prior to maturity at the option of the District, in whole or in part, at any time on or after August 1, ____ at the

redemption price of 100% of the principal amount of the Series 2025A Bonds to be redeemed, plus accrued interest, if any, to the date fixed for redemption.

No Optional Redemption – Series 2025B Bonds

The Series 2025B Bonds are not subject to optional redemption prior to maturity.

SECURITY AND SOURCES OF PAYMENT

General Obligation Pledge

The Series 2025 Bonds constitute general obligation debt of the District. The primary security for the general obligation debt of the District, including the Series 2025 Bonds, is the District's levy, pursuant to constitutional and statutory requirements, of an ad valorem tax, unlimited as to rate or amount, on all real property in the District subject to ad valorem taxation. See "Tax Levies" under this caption. The tax levy is required to be in an amount sufficient to pay the principal of and interest on the Series 2025 Bonds when due, subject to the provisions of laws affecting creditors' rights.

In addition to the basic ad valorem property tax security described above, the District is pledging the full faith and credit of the District for the payment of the principal of and interest on the Series 2025 Bonds when due. Included in such pledge are all funds of the District, except those specifically limited to another use or prohibited from use for such debt service by the State Constitution, state or federal law or District resolutions pledging funds for payment of revenue bonds. The Series 2025 Bonds are additionally secured by the New Mexico School District Enhancement Program described below.

Tax Levies

Pursuant to the Bond Resolution, in order to pay the principal of and interest on the Series 2025 Bonds when due and, at the option of the District, to reimburse the General Fund or other funds advanced for the payment of principal of or interest on the Series 2025 Bonds for which property taxes were not available, there is to be an annual assessment and levy upon all of the taxable property of the District subject to taxation which provides an amount sufficient to pay the principal of and the interest on the Series 2025 Bonds when due.

The taxes are assessed, levied and collected annually. The District Board is required by the Bond Resolution to take all reasonable action to ensure the levy and collection of taxes in amounts sufficient at the time to pay the principal of and interest on the Series 2025 Bonds. The money generated by the levy of taxes provided in the Bond Resolution to pay the principal of and interest on the Series 2025 Bonds is to be appropriated for that purpose and included in the annual budget and the appropriation bills adopted and passed by the District Board each year. The taxes collected are to be applied only to the payment of the principal of and interest on the Series 2025 Bonds when due and as otherwise required by law. To the extent property taxes are not available for the purpose, the principal of and interest accruing on the Series 2025 Bonds are to be paid from the District's General Fund or from any other fund lawfully available for that purpose.

Additional General Obligation Indebtedness

The State Constitution limits the aggregate amount of general obligation indebtedness of the District to 6% of the assessed value of taxable property within the District as shown by the last preceding general assessment. For a description of the indebtedness of the District currently outstanding, see "DEBT AND OTHER FINANCIAL OBLIGATIONS" and "OUTSTANDING DEBT."

New Mexico School District Enhancement Program

The New Mexico legislature amended NMSA 1978, Section 22-18-1 et. seq. in the first session of 2003 by adding Section 22-18-13 which became effective July 1, 2003. Section 22-18-13 was further amended in 2007 and provides that, if a school district indicates that it will not make the payment by the date on which it is due, the New Mexico Department of Finance and Administration (“DFA”) shall forward the amount in immediately available funds necessary to make the payment due on the bonds to the paying agent from the current fiscal year’s undistributed State Equalization Guarantee (“SEG”) distribution to that school district and, if not otherwise repaid by the school district from other legally available funds, withhold the distributions from the school district until the amount has been recouped by the DFA, provided that, if the amount of the undistributed SEG distribution in the current fiscal year is less than the payment due on the bond, the DFA shall:

(1) forward in immediately available funds to the paying agent an amount equal to the total amount of the school district’s undistributed SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold all distributions to the school district for the remainder of the fiscal year; and

(2) on July 1 of the following fiscal year, forward in immediately available funds an amount equal to the remaining amount due to the paying agent from that year’s SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold an equal amount from the distribution to the school district until the amount paid has been recouped in full.

This provision applies to all New Mexico school districts.

Withholding of the SEG distribution may affect the District’s ability to continue to operate.

The New Mexico School District Enhancement Program was initially put on watch list for possible downgrade on May 15, 2007 after the state adopted new legislation that altered the mechanics of the program. After a review of the law and policies regarding the implementation of the law, program ratings were bifurcated, with one rating applying to bonds issued prior to the March 30, 2007 effective date of the legislation and a second rating applying to bonds issued on or after the March 30, 2007 effective date. Under the new law, the State cannot immediately advance more than the remaining undistributed SEG payments for the fiscal year of default. As a result, those districts with principal and interest payments that fall in the latter part of the fiscal year or that are significant in amount relative to the district’s total annual SEG distribution may not have sufficient undistributed SEG payments to cover debt service payments in the event of a default.

Moody’s downgraded the New Mexico School District Enhancement Program (Pre- and Post-Default) to Aa2 from Aa1 and assigned a negative outlook on November 1, 2016. On June 19, 2018, Moody’s further downgraded the enhancement rating from Aa2 to Aa3 and assigned a stable outlook.

Section 22-18-13 requires filing the bond resolution, bond offering documents and contact information for the relevant paying agent with the DFA. Failure to file such information will not invalidate the obligation of the State Treasurer to pay the bond payment and withhold the State Equalization Guaranteed distribution.

The District has qualified the Series 2025 Bonds under the New Mexico School District Enhancement Program, however, the District did not seek a rating from Moody’s in connection therewith.

PROPERTY TAXES

Analysis of Assessed Valuation

Assessed Valuation of property within the District is calculated as follows: Of the total estimated actual valuation of all taxable property in the District, 33-1/3% is legally subject to ad valorem taxes. After deduction of certain personal exemptions, the 2024 assessed valuation is \$21,888,177,219. The actual value of personal property within the District (see “Assessments” below) is determined by the County Assessor. The actual value of certain property within the District (see “Centrally Assessed” below) is determined by the State of New Mexico, Taxation and Revenue Department, Property Tax Division. The analysis of Assessed Valuation follows.

School Tax Rates

The following table summarizes the historical school tax levies on residential and non-residential property within the District since the 2020 tax year (2020-21 fiscal year). On November 5, 2019 voters authorized the Public School Capital Improvements Tax Levy (the “Two Mill Levy”) for property tax years 2019 through 2024 and on November 2, 2021 voters reauthorized the Public School Buildings Act levy (the “HB33 levy”) for property tax years 2022 through 2028.

Tax Rates

Article VIII, Section 2, of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the tax status on residential property in Bernalillo County for fiscal year 2024 (tax year 2025) and the previous four years. A high level of taxation may impact the District’s ability to repay the Series 2025 Bonds.

Yield Control Limitation

State law limits property tax rate increases from the prior property tax year. Specifically, no taxing entity may set a rate or impose a tax (excluding oil and gas production ad valorem and oil and gas production equipment ad valorem taxes) or assessment which will produce revenues which exceed the prior year’s tax revenues from residential and non-residential property multiplied by a “growth control factor.” The growth control factor is the percentage equal to the sum of (a) “percent change I” plus (b) the prior property tax year’s total taxable property value plus “net new value”, as defined by Statute, divided by such prior property tax year’s total taxable property value, but if that percentage is less than 100%, then the growth control fact is (a) “percent change I” plus (b) 100%. “Percent change I” is based upon the annual implicit

price deflator index for state and local government purchases of goods and services (as published in the United States Department of Commerce monthly publication entitled “Survey of Current Business,” or any successor publication) and is a percent (not to exceed 5%) that is derived by dividing the increase in the prior calendar year (unless there was a decrease, in which case zero is used) by the index for such calendar year next preceding the prior calendar year. *The growth control factor applies to authorized operating levies and to any capital improvements levies but does not apply to levies for paying principal and interest on public general obligation debt, including the Series 2025 Bonds.*

Developments Limiting Residential Property Tax Increases

Under Section 7-36-21.2 NMSA 1978 limits annual residential property valuation increases to 3% over the prior year’s valuation or 6.1% over the valuation from two years prior. Subject to certain exceptions, these limitations do not apply:

1. To property that is being valued for the first time;
2. To physical improvements made to the property in the preceding year;
3. When the property is transferred to a person other than a spouse, or a child who occupies the property as his principal residence and who qualifies for the head of household exemption on the property under the Property Tax Code;
4. When a change occurs in the zoning or use of the property; and
5. To property that is subject to the valuation limitations under Section 7-36-21.3 NMSA 1978.

Section 7-36-21.3 NMSA 1978 places a limitation on the increase in value for property taxation purposes for single-family dwellings occupied by low-income owners who are 65 years of age or older or who are disabled. The statute fixes the valuation of the property to the valuation in the year that the owner turned 65 or became disabled. The Section 7-36-21.3 limitation does not apply:

1. To property that is being valued for the first time;
2. To a change in valuation resulting from physical improvements made to the property in the preceding year; and
3. To a change in valuation resulting from a change in the zoning or permitted use of the property in the preceding year.

Amendments to State laws affecting residential property taxes are proposed from time to time and may be proposed in the future by the Legislature. Such amendments, if enacted, could result in an increase to the tax rate imposed on residential property tax within the District in order to pay the principal of and interest on general obligation bonds issued by the District, including the Series 2025 Bonds.

The constitutionality of the property tax limitation has been challenged in a number of venues. On March 28, 2012, the New Mexico Court of Appeals upheld the statutory valuation cap and its application under Section 7-36-21.2 NMSA 1978, which ruling was affirmed by the New Mexico Supreme Court in June 2014. The Legislature has brought up the issue of the disparity in valuations in the past several years but has not enacted any of the bills into law. To the extent this legislative action is taken or a future constitutional amendment is passed amending the valuation provisions, such actions could have a material impact on the valuation of residential property in the District.

Property Subject to Taxation and Recent Property Tax Amendments

Real property is subject to taxation with certain exemptions. Within the real property classification, exemptions include: property of the United States of America; property of the State, all counties, towns, cities and school districts or other municipal corporations; public libraries; community ditches and all laterals thereof; all church property not used for commercial purposes; all property used for educational and charitable purposes; all cemeteries not used or held for private or corporate profit; and motor vehicles (other than mobile homes). Also, certain amounts of the taxable value of property is exempt from taxation if such property is owned by the head of a family who is a State resident (\$2,000 of residential property) or is owned by a veteran or a veteran's unmarried surviving spouse if the veteran or spouse is a State resident (\$4,000 of residential property). All tangible personal property has been exempted from property taxation by statute except for tangible personal property used, produced, manufactured, held for sale, leased or maintained by a person for purposes of his profession, business or occupation (unless otherwise specifically exempted from property taxation by the Federal or State Constitution or law); tangible property for which the owner has claimed a deduction from depreciation for federal income tax purposes; mobile homes; livestock; and certain inventories of personal property.

In 2024, New Mexico voters approved two amendments to New Mexico's Constitution that impact property tax revenues. Amendment 1 amends Article 8, Section 15 of the Constitution to extend the property tax exemption, currently only allowed for one hundred percent disabled veterans and their widow and widowers, to veterans with less than one hundred percent disability and their widows and widowers, based on the veteran's disability rating. Amendment 2 amends Article 8, Section 5 of the Constitution to increase the property tax exemption for honorably discharged members of the armed forces and their widows and widowers. This amendment increases the property tax exemption from the current amount of \$4,000 to \$10,000 a year.

In the 2025 regular legislative session, the New Mexico Legislature adopted, and on March 20, 2025 the Governor signed, House Bill 47 implementing the expanded property tax exemptions created by these amendments. House Bill 47 contained an emergency clause making it effective upon the Governor's signature. The legislation made the \$10,000 veteran exemption applicable for the 2025 property tax year and provided for annual inflation adjustments based on the consumer price index beginning with the 2026 property tax year. The disabled veterans' exemption becomes applicable for the 2026 property tax year. Veterans eligible for both exemptions may be able to receive both exemptions applicable to a property in the order and manner set forth in the legislation.

In its impact report relating to the constitutional amendments, the New Mexico Taxation and Revenue Department estimated, based on tax year 2020, that approximately 74,000 veterans claimed an exemption from property tax and that 63% of the veteran population reside in Bernalillo, Dona Ana, Sandoval, Santa Fe, and Otero counties. Those counties may be able to mitigate 40% of the lost revenue resulting from the constitutional amendments through yield control under NMSA 1978, § 7-37-7.1. The Taxation and Revenue Department estimated that the expanded exemptions would create an annual average property tax reduction of \$180 per qualifying veteran, which may result in an increase in annual per capita tax burden of \$34 on the overall population. The Taxation and Revenue Department's estimates are based on numerous assumptions as set forth in its report, and the actual economic effect of the expanded exemptions may not align with those calculations. The economic impact of the two Constitutional Amendments on the District cannot be predicted at this time.

Tax Collections

General (ad valorem) taxes for all units of government are collected by the county treasurer and distributed monthly to the various political subdivisions to which they are due.

Property taxes are due in two installments. The first half installment is due on November 10 and becomes delinquent on December 10. The second half installment is due on April 10 and becomes delinquent on May 10.

Collection statistics for all political subdivisions for which each county treasurer collects taxes are presented below:

Interest on Delinquent Taxes

Pursuant to Section 7-38-49 NMSA 1978, if property taxes are not paid for any reason within thirty (30) days after the date they are due, interest on the unpaid taxes shall accrue from the thirtieth (30th) day after they are due until the date they are paid. Interest accrues at the rate of one percent (1%) per month or any fraction of a month.

Penalty for Delinquent Taxes

Pursuant to Section 7-38-50 NMSA 1978, if property taxes become delinquent, a penalty of one percent (1%) of the delinquent tax for each month, or any portion of a month, they remain unpaid shall be imposed, but the total penalty shall not exceed five percent (5%) of the delinquent taxes. The minimum

penalty imposed is \$5.00. A county can suspend application of the minimum penalty requirement for any tax year.

If property taxes become delinquent because of an intent to defraud by the property owner, fifty percent (50%) of the property tax due or fifty dollars (\$50.00), whichever is greater, shall be added as a penalty.

Remedies Available for Non-Payment of Taxes

Pursuant to Section 7-38-47 NMSA 1978, property taxes are the personal obligation of the person owning the property on the date on which the property was subject to valuation for property taxation purposes. A personal judgment may be rendered against the taxpayer for payment of taxes that are delinquent, together with any penalty and interest on the delinquent taxes.

Taxes on real property are a lien against the real property. Pursuant to Section 7-38-65 NMSA 1978, delinquent taxes on real property may be collected by selling the real property on which taxes are delinquent.

Pursuant to Section 7-38-53 NMSA 1978, delinquent property taxes on personal property may be collected by asserting a claim against the owner(s) of the personal property for which taxes are delinquent.

THE DISTRICT

The District is a political subdivision of the State organized for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries.

Currently the District operates and maintains a variety of facilities in meeting its obligation to provide an educational program within its boundaries that cover 1,200 square miles with an estimated population of 676,685.

The District is one of the largest school districts in the country and the largest school district in the State with over 77,200 students in the Albuquerque metropolitan area, including over 68,000 students attending District schools, and over 9,200 students attending charter schools within the District's boundaries for the 2023-24 school year based on the 80/120 day average count from the State Equalization Guarantee Funding Formula. The District operates 139 school sites - 84 elementary schools, 27 middle schools, 7 district-owned charter sites, 3 K-8 schools, 13 high schools and 20 schools of choice. In addition, there are 29 District authorized charter schools. The District's educational program also includes vocational, technical and occupational training. In addition, the District is responsible for the educational instruction of students in the following institutions: Bernalillo County Detention Center; Bernalillo County Juvenile Detention Center; Family School and Hogares Youth Home. The District employs approximately 12,400 full-time-equivalent employees and is one of the largest employers in the Albuquerque MSA.

See sections "INTRODUCTORY SECTION – Letter of Transmittal" (page iii – 1) and "FINANCIAL SECTION – Management's Discussion and Analysis" (page vii – 1) of the District's June 30, 2024 Audited Financial Statements in Appendix A hereto for additional information regarding the District.

School District Powers

The District's powers are subject to regulations adopted by the New Mexico Public Education Department ("PED"). Pursuant to an amendment to Article XII, Section 6 of the New Mexico Constitution,

adopted at a special election held September 23, 2003, the Secretary of Education (the “Secretary”) is the governing authority and has control, management, and direction of all public schools pursuant to power provided by law. The Secretary further exercises supervision and authority over the PED. Generally, the powers of the Secretary and the PED include determining policy regarding operations of all public schools, designating courses of instruction, adopting regulations, determining qualifications for teachers, counselors and their assistants, and prescribing minimum educational standards. The Secretary may order the creation or consolidation of school districts.

Management

The District Board, subject to regulations of PED, develops educational policies for the District. The District Board employs a superintendent of schools, delegates administrative and supervisory functions to the superintendent, fixes the superintendent’s salary, has the capacity to sue and be sued, contracts, leases, purchases and sells property for the District, acquires and disposes of all property, provides for the repair and maintenance of the District’s property, and adopts regulations pertaining to the administration of all powers or duties of the District Board. Members serve without compensation for four-year terms of office and are elected in non-partisan elections held every two years in November in odd-numbered years. The current District Board members are:

Danielle Gonzales, President Term expires December 31, 2025	Josefina E. Dominguez, Member Term expires December 31, 2025
Courtney I. Jackson, Vice President Term expires December 31, 2025	Crystal Tapia-Romero, Member Term expires December 31, 2025
Janelle Astorga, Secretary Term expires December 31, 2027	Ronalda Tome-Warito, Member Term expires December 31, 2027
Heather Benavidez, Member Term expires December 31, 2027	

The Superintendent of Schools is selected by and serves at the discretion of the District Board. All other staff members are selected by the Superintendent. The current administrative staff is:

Dr. Gabriella Blakey, Superintendent. The Superintendent is the Chief Executive Officer of the District. The duties of the Superintendent are defined in statute and the New Mexico Regulatory Code. On February 5, 2024, the Board selected Dr. Gabriella Blakey, the former Chief Operations Officer for the District, to serve as the District’s Superintendent, effective July 1, 2024. In February 2025, the Board approved a two-year contract extension for Dr. Blakey, lengthening her tenure as the District’s leader through June 2028. Dr. Blakey has served school districts for many years in several roles, including as teacher, activities director, assistant principal, principal and associate superintendent, and as a charter co-founder/executive director. As Chief Operations Officer, she is a member of the Superintendent’s Cabinet and Leadership teams. The Chief Operations Officer oversees the planning, development, assessment and improvement of operational services and administrative programs, including non-instructional projects of the District. Dr. Blakey holds a New Mexico Level III-B PreK-12 Administrative License and a New Mexico Level III-A Instructional Leader 7-12 Secondary License with an endorsement in Social Studies and TESOL. Dr. Blakey is a graduate of the District’s Highland High School and holds a Bachelor of Science in Secondary Education from New Mexico State University. She holds a Master of Arts in Educational Leadership and a Doctor of Education from the University of New Mexico.

Rennette Apodaca, MPA, CPPO, Chief Financial Officer. Rennette Apodaca, Chief Financial Officer since August 2022, began with the District in 2015 and has extensive public administration

experience with a focus in procurement which includes Executive Director of Procurement and Accounts Payable and Business Systems for APS, Director of Purchasing, Risk Management and Materials Management at New Mexico State University, Purchasing Manager at Dona Ana County, and Purchasing Supervisor for a Federal NASA Contractor. She teaches public sector related courses for New Mexico Edge that includes Public Sector Procurement, Contract Administration, Public Sector Budgeting, Public Finance and Procurement Administration. She has also served as president of New Mexico Public Procurement Association (NMPPA). Ms. Apodaca has a Bachelor of Accountancy and Master of Public Administration from New Mexico State University, holds a certificate in Education Finance from McCourt School of Public Policy – Georgetown University, and is a Certified Public Procurement Officer (CPPO). As the chief financial officer, she is a member of the Superintendent’s Cabinet and Leadership teams. The chief financial officer manages the finances of the District and oversees the business units which handle the financial activity of the school District.

Gabriel Jacquez, Deputy Superintendent of Operations. Gabriel earned his Master of Business Administration and Master of Educational Administration, as well as his bachelor’s, from New Mexico State University. He also completed the Turnaround School Specialist Program at the University of Virginia. Prior to joining Albuquerque Public Schools in 2024, he served as Deputy Superintendent of Operations and Leadership at the Las Cruces Public Schools District. Gabriel has also served as an Associate Superintendent for Operations, a school principal, an assistant principal, and a teacher. Gabriel has served on the Board of Directors of Big Brothers Big Sisters of Southern NM, the board of the Las Cruces Public Schools Foundation, and is a graduate of Leadership Las Cruces sponsored by the Greater Las Cruces Chamber of Commerce.

Intergovernmental Agreements

The District has entered into various joint powers agreements with other governmental entities in the State which permit all the governmental entities to jointly provide certain equipment purchases and other services cooperatively.

School Property

Currently, the District operates and maintains a variety of facilities in meeting its obligations to provide an educational program for the school-aged children residing within its boundaries. The District operates 84 elementary schools, 27 middle schools, 13 high schools, 7 district-owned charter sites, 3 K-8 schools and 20 schools of choice. Twenty-nine charter schools also operate within the District. The District owns vacant land held for future school sites.

Accreditation

The District, as a whole, is accredited by PED. The District is subject to periodic monitoring by the PED to ensure continued compliance with accreditation standards.

FINANCIAL INFORMATION

General

The basic format for the financial operation of the District is provided by the PED through the School Budget Planning Division which is directed by State law to supervise and control the preparation of all budgets of all school districts. The District receives revenue from a variety of local, State, and federal sources, the most important of which are described below. New Mexico's public school finance laws are subject to review and examination through the judicial process and are subject to legislative changes as well. As a result, the District cannot anticipate with certainty all of the factors which may influence the financing of its future activities. There is no assurance that there will not be any change in, interpretation of, or addition to the applicable laws, provisions, and regulations which would have a material effect, directly or indirectly, on the affairs of the District.

District Budget Process

Each year, the school district budget process begins with the educational appropriations passed by the Legislature and signed into law by the Governor. The actual budget process follows specific steps set by the PED.

- Pursuant to instruction by the PED, the District must submit an operating budget for the next school year to the PED. If the District fails to submit a budget, the PED must prepare a District budget for the ensuing year. Upon written approval of the state superintendent, the date for the submission of the operating budget may be extended to a later date fixed by the state superintendent (Section 22-8-6).

- Before May 31 of each year, the District Board must hold a public hearing to present the estimated budget for the next school year.
- Before June 20 of each year, the District must submit a balanced budget to the PED.
- On or before July 1 of each year, the PED must approve and certify an approved operating budget for use by the District Board.

No school board, officer or employee of a school district may make an expenditure or incur any obligation for the expenditure of public funds unless that expenditure is made in accordance with an operating budget approved by the PED. This requirement, however, does not prohibit the transfer of funds between line items within a series of a budget. Final budgets may not be altered or amended after approval by the PED except upon the District's request to the PED. An instance in which such requests will be approved include a change within the budget that does not increase the total amount of the budget. Additional budget items may also be approved if the District is to receive unanticipated revenues. Finally, if it becomes necessary to increase the District's budget by more than \$1,000 for any reason other than those listed above, the PED may order a special public hearing to consider the requested increase.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Debt Service Fund with appropriations lapsing at year end. Total expenditures of any function category may not exceed categorical appropriations.

To conform to PED's requirements, budgets for all funds of the District are adopted on the cash basis of accounting except for state instructional material credit. State instructional material funds provide for free textbooks from the PED. As a result, budgets are not prepared in conformity with generally accepted accounting principles (GAAP), and budgetary comparisons are presented on the cash basis of accounting.

Pursuant to the District's internal policy, it has historically budgeted a 5% cash balance reserve.

Sources of Revenue for General Fund

The General Fund is the primary operating fund of the District and accounts for all financial resources, except those required to be accounted for in other funds. The sources of revenue for the District's General Fund are:

Local Revenues - Local revenues are a minor source of revenue to the District composed, in part, by a property tax annually levied on and against all of the taxable property within the District for operational purposes. The levy is limited by State law to a rate of 50 cents for each \$1,000 of net taxable value of taxable property. Other sources of local revenues include interest income earned on the District's investments, rentals and sale of property. In fiscal year 2024, the District received \$24,421,254 from local sources.

Federal Revenues - Another minor source of annual revenue for the District's General Fund is derived from federal grant funds related to vocational, special education, and various other programs and P.L. 874 federal impact moneys paid to the District in lieu of taxes on federal land located in the District. In fiscal year 2024, the District received \$516,431 in federal revenues for its General Fund.

State Revenues - The District's largest source of annual revenue is derived from the SEG payments described below. During fiscal year 2024, the District received \$902,132,589 from state sources. Such payments represented approximately 97.2% of actual fiscal year 2024 General Fund revenues.

State Equalization Guarantee

The State Legislature enacted New Mexico's current public school funding formula in 1974. Designed to distribute operational funds to local school districts in an objective manner, the funding formula is based upon the educational needs of individual students and costs of the programs designed to meet those needs. Program cost differentials are based upon nationwide data regarding the relative costs of various school programs, as well as data specific to New Mexico. The objectives of the formula are (1) to equalize educational opportunity statewide (by crediting certain local and federal support and then distributing state support in an objective manner) and (2) to retain local autonomy in actual use of funds by allowing funds to be used in local districts at the discretion of local policy making bodies. The formula is divided into three basic parts:

1. Educational program units that reflect the different costs of identified programs;
2. Training and experience units that attempt to provide additional funds so that districts may hire and retain better educated and more experienced instructional staff; and
3. Size adjustment units that recognize local school and community needs, economies of scale, types of students, marginal costs increases for growth in enrollment from one year to the next, and adjustments for the creation of new districts.

SEG payments are made monthly and prior to June 30 each fiscal year. The calculation of the distribution is also based on the local and federal revenues received from June 1 of the previous fiscal year through May 31 of the fiscal year for which the SEG payment is being computed. In the event that a district receives more SEG funds than its entitlement, the district must make a refund to the State's general fund.

Even though the current public school funding formula has been in place for more than three decades, some districts have indicated a concern about the fact that some districts receive less revenue per pupil compared to others. In response to these concerns, the Legislature, the Governor, and the State Board of Education authorized an independent, comprehensive study of the formula, which was conducted in 1996. In its principal finding the independent consultant concluded, ". . . When evaluated on the basis of generally accepted standards of equity, the New Mexico public school funding formula is a highly equitable formula. . . . [S]pending disparities are less than in other states and statistically insignificant."

Despite the acknowledged equity of the formula, the independent consultant pointed out a strong perception of unfairness in the so-called "density" factor and in the training and experience computations of some districts. As a result, the Legislature enacted the following changes to the funding formula:

- Required that special education students be counted with regular students with "add-on" weights assigned depending upon the severity of the disability;
- Changed weights for special education ancillary services and included diagnosticians in ancillary services computations; and
- Repealed the so-called "density" factor and replaced it with an at-risk factor that is available to all school districts.

The District is also reimbursed by the State for the costs of transporting pupils to and from school. These payments are based upon a formula consisting of the number of students per square mile that are transported. In fiscal year 2023-2024, the District received \$20,822,624 for transportation purposes.

Management Comments Regarding District Finances

Over the last ten years, birth rates in New Mexico decreased steadily and following national rates. The impact to the District has been a loss of over 1,800 students per year on average. Student enrollment determines funding for the next school year and decreases in enrollment amount to millions fewer dollars to the District even though actual enrollment in the next year could increase.

Enrollment is the primary generator in the state's SEG funding. The District's declining enrollment trend has led to annual decreases in the number of program units for the District from fiscal year 2019-20 through fiscal year 2023-24. However, the program unit value has trended upward during such period allowing the District to have an increased overall budget to cover legislated increases. The District anticipates a budget shortfall for fiscal year 2025, but planning and preparation are well underway to resolve this shortfall and the District expects to achieve a balanced budget for fiscal year 2025. If a shortfall arises, the District is expected to use a portion of its fund balance to achieve a balanced budget.

Debt Service Funds

The Bernalillo and Sandoval County treasurers collect debt service funds sufficient to retire bonded debt as it becomes due and payable. Such funds are distributed to the District and accounted for separately from operating funds. The District is allowed to borrow all District funds if the collections are insufficient, but such borrowings must be repaid from tax collections. Debt service funds may not be used for general operating purposes.

Capital Projects Funds

The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. Property sales are recorded when the parties are bound by the terms of the contract, all consideration (including adequate cash) has been exchanged and all conditions precedent to closing have been performed. Until a sale has been recorded, revenues are deferred and payments received are reflected as escrow deposits.

Under the requirements of GASB 54, the District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the District's General Fund operations), which include funds that were not required to be presented as major, but were presented at the discretion of management.

1. Debt Service Fund – This fund accounts for the servicing of general long-term debt not being financed by proprietary or nonexpendable trust funds.
2. Bond Building Capital Projects Fund – This fund is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.
3. Food Service Fund – This fund is to account for the cost of operating a student breakfast, lunch, snack bar and summer lunch program and is financed with federal grants and fees paid by program users.
4. IASA Title I Fund – This fund is to provide compensatory education services to educationally deprived school children (including private school pupils) in low-income areas. (P.L. 103-382)

5. IDEA-B Entitlement Fund – This fund is used to account for federal resources administered by the PED to provide for special educational needs of handicap 6-21-year-olds. (PL 94-142 & PL 99-457)
6. Capital Improvements HB33 Fund – This fund is to account for the costs relating to erecting, remodeling, making additions to, providing equipment for, or furnishing public school buildings and purchasing or improving public school grounds. Financing is provided through property taxes as authorized by the Public School Buildings Act (22-26-1 to 22-26-9, NMSA 1978).
7. Capital Improvements SB9 Fund – This fund is to account for erecting, remodeling, making additions to, providing equipment for, or furnishing public school buildings and purchasing or improving public school grounds or any combination thereof as identified by the local school board. Pursuant to the formula set forth in NMSA 1978 Section 22-25-9, the PED may pay additional sums to the District. Payment to the District by the PED is subject to the availability of funds.
8. The ARP ESSER III Fund – This fund is the third round of federal funding support to education with emphasis on the educational pandemic loss recovery.

Student Activity Funds

School sites, as fiscal agents, maintain and monitor special funds on behalf of various school activity groups. The funds are maintained by the schools and are intended to benefit specific activity or interest and are generally raised by students for student use. These funds were previously reported as agency funds in the financial statements. During the 2021 fiscal year, the District implemented GASB Statement No. 84, Fiduciary Activities. As a result, these funds are no longer considered agency funds, but are now classified as governmental funds. While these funds are under the supervision of the District and enhance the District's educational programs, they are funds of the individual schools and/or their student bodies and are not available for use by the District.

Investments

See Note 2 of the District's June 30, 2024, Audited Financial Statements attached hereto as Appendix A for information regarding the District's investments and depository accounts. The District only invests in securities permitted under NMSA 1978 Section 6-10-10.

The District implemented an investment program during the 2017 fiscal year. The program focuses on the District's need for cash liquidity, while enhancing the return on the use of the District's idle cash. The investment strategy uses a dual approach, with long-term investments made in U.S. Treasuries with staggered maturity dates of 1 to 3 years from the date of purchase. The second part invests cash on a short-term basis with the State Treasurer's Office, Local Government Investment Pool (LGIP), and with a government-only money market fund. The District's total cash balance, as of June 30, 2024, was distributed between U.S. Treasuries at 18%, LGIP at 20%, and 62% on-demand collateralized bank and money market deposits.

Employee Retirement Plan and Other Post-Employment Benefits

The District employs approximately 12,400 permanent employees as of June 30, 2024, of which more than 5,600 (45.0%) are certified educational staff (teachers/counselors/librarians/nurses) and over 1,500 (12.0%) are classroom educational assistants, for a total of approximately 7,100 (57.0%) certified direct classroom employees.

In addition to the following discussion, Notes 13 and 14 of the District's June 30, 2024 Audited Financial Statements attached hereto as Appendix A provides additional information regarding the District's pension and other post-employment benefit plans.

ERB Pension Plan Description:

Substantially all of the District's full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978). The Educational Retirement Board ("ERB") is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers and other employees of State public school districts, colleges and universities) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. The report may be obtained by writing to ERB, P.O. Box 26129, Santa Fe, New Mexico 87502. The report is also available on ERB's website at www.nmerb.org.

Contributions:

The contribution requirements of defined benefit plan members and the District are established in state statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. For the past five fiscal years, educational employers contributed to the Plan based on the following rate schedule.

Fiscal Year	Date Range	Wage Category	Member Rate	Employer Rate	Combined Rate	Increase Over Prior Year
2024	7/1/2023 to	Over \$24k	10.70%	18.15%	28.85%	1.00%
	6/30/2024	\$24k or less	7.90%	18.15%	26.05%	1.00%
2023	7/1/2022 to	Over \$24k	10.70%	17.15%	27.85%	2.00%
	6/30/2023	\$24k or less	7.90%	17.15%	25.05%	2.00%
2022	7/1/2021 to	Over \$24k	10.70%	15.15%	25.85%	1.00%
	6/30/2022	\$24k or less	7.90%	15.15%	23.05%	1.00%
2021	7/1/2020 to	Over \$24k	10.70%	14.15%	24.85%	1.00%
	6/30/2021	\$24k or less	7.90%	14.15%	22.05%	1.00%
2020	7/1/2019 to	Over \$24k	10.70%	14.15%	24.85%	0.25%
	6/30/2020	\$24k or less	7.90%	14.15%	22.05%	0.25%

Contributions to the pension plan from the District were \$202,444,713 for the year ended June 30, 2024, which equals the amount of the required contribution for such fiscal year.

Pension Liabilities:

The total ERB pension liability, net pension liability, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2023. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2023, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2023. At June 30, 2024, the District reported a liability of \$1,442,401,566 for its proportionate share of the net pension liability. The District's proportion of the net pension liability is based on the employer contributing entity's percentage of total employer contributions for the fiscal year ended June 30, 2023. The contribution amounts were defined by Section 22-11-21, NMSA 1978. At June 30, 2023 the District's proportion was 16.60933%, which was an increase of 0.52075% from its proportion measured as of June 30, 2022.

On June 25, 2012, the Governmental Accounting Standards Board approved Statement No. 68 which addresses accounting and financial reporting for pensions that are provided to employees of state and local government employers through pension plans that are administered through trusts and also establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses. According to Statement No. 68, the School District, as a contributor to ERB, is required to recognize its proportionate share of the collective net pension liability, pension expense, and deferred inflows or outflows of resources of the cost-sharing, multi-employer plan with ERB.

In July 2012, the ERB adopted goals of achieving 95%, plus or minus 5% funded ratio by the year 2042. To achieve this goal, the New Mexico Legislature amended the Educational Retirement Act in the 2013 legislative session (Senate Bill 115; Chapter 61, Laws 2013). The legislation kept in place scheduled increases in employer contribution rates, created a new tier membership for persons who become members of the ERB Fund on or after July 1, 2013, created certain actuarial limitations on benefits of new tier members, placed limitations on future cost of living adjustments (“COLA”) for current and future retirees which are tied to the future funded ratios of the ERB Fund, and made certain other clarifying and technical changes.

In December 2013, the New Mexico Supreme Court in *Barlett v. Cameron*, 316 P.3d 889 (N.M. 2013), rejected the claims of certain retired teachers, professors and other public education employees challenging the state constitutionality of Senate Bill 115 to the extent that it reduces the future amounts that all education retirees might receive as annual COLA. The Court held that Article XX, Section 22 of the New Mexico Constitution did not grant the retirees a right to an annual COLA based on the formula in effect on the date of their retirement for the entirety of their retirement. The Court held that in the absence of any contrary indication from the New Mexico Legislature, any future COLA to a retirement benefit is merely a year-to-year expectation that, until paid, does not create a property right under the New Mexico Constitution. Once paid, the COLA, by statute, becomes part of the retirement benefit, and a property right subject to those constitutional protections.

Pension Plan Statistics

Following is a 5-year history of employer and employee contributions statewide, and average asset balance of the fund:

Fiscal Year Ending June 30	Employer Contributions	Employee Contributions	Net Assets Held in Trust

Post-Employment Benefits:

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) (the “RHCA”) issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post-employment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy:

The RHCA authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service-based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998 are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The RHCA establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plan 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The District's contribution to the RHCA for the year ended June 30, 2024 was \$14,062,469, which equals the required contribution for the year.

The District believes it does not have any liability should the plan be underfunded. In the future, the District's on-going contribution percentage may be increased.

Cybersecurity

The District operates a large and complex information technology infrastructure to support internal and external operations. As is the case with any such environment, the threat of cybersecurity incidents is a constant one. These incidents may arise from multiple sources, including unintentional events or actions, intentional insider threat, and deliberate malicious attacks or actions from outside entities. The effect of these threats may include unauthorized access to District systems, data or resources, inappropriate exposure or use of District information, disruption of District services, and damage to District systems.

The District continuously assesses its vulnerability to intentional and unintentional data and cybersecurity breaches. Specifically, the District has adopted a four-pronged approach consisting of (1) Education, (2) Protection, (3) Prevention and Mitigation and (4) Vigilance. Education measures include annual employee training and testing on cybersecurity topics and implementing data collection and

retention reviews to ensure District staff obtain and store only data that provides value. Protection measures include data and communication encryption, regular access reviews for sensitive data and processes and use of sensitive data change reports. Prevention and mitigation measures include heightened intrusion prevention and detection strategies coupled with increased URL screening and filtering. Finally, vigilance measures include the development of up-to-date internal processes for suspicious activities and events, annual external review of cybersecurity posture, monthly external penetration tests, collaboration with federal enforcement entities and annual review of industry, local, state and federal cybersecurity requirements. The District also maintains a cyber-security insurance policy.

DEBT AND OTHER FINANCIAL OBLIGATIONS

Article IX, Section 11 of the New Mexico Constitution limits the powers of a district to incur general obligation debt extending beyond the fiscal year. A district can incur such debt for the purpose of erecting, remodeling, making additions to and furnishing school buildings or purchasing or improving school grounds, to purchase computer software and hardware for student use in public schools, to provide matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of these purposes but only after the proposition to create any such debt has been submitted to a vote of the qualified electors of such district, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the district may not exceed 6% of the assessed valuation of the taxable property within the district as shown by the last preceding general assessment. The district also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the district, but any such debt is subject to the 6% debt limitation. The issuance of refunding bonds is not subject to the 6% debt limitation and is not subject to a vote of the qualified electors of the district.

The assessed valuation of taxable property within the District is \$21,888,177,219 for tax year 2024, as approved by the State of New Mexico Taxation and Revenue Department, Property Tax Division. Generally, the maximum general obligation indebtedness of the District may not exceed 6% of the assessed valuation or \$1,313,290,633.

Authorized but Unissued Bonds

After the issuance of the Series 2025 Bonds*, the District will have no remaining authorized but unissued general obligation bonds from the 2021 Bond Election. See “INTRODUCTION – Purposes of the Series 2025 Bonds.” The District also expects to call another bond election in November 2025 to seek an additional \$350 million of bonding authority to be issued over a 4 year period beginning in 2026.

Statement of Estimated Direct and Overlapping Debt

The following is a calculation of the debt load and per capita debt of the District payable from property taxes. In addition to outstanding debt of the District, the calculation takes into account debt attributable to overlapping taxing entities which is the responsibility of taxpayers within the boundaries of the District. Revenue bonds are not included and are payable from sources other than property taxes.

VERIFICATION OF MATHEMATICAL CALCULATIONS

The mathematical accuracy of the computations of the adequacy of the principal amounts and the interest thereon of the Federal Securities and other funds to be deposited in the Escrow Fund, to provide for the payment, of the principal of and interest on the Refunded Series 2015 Bonds to be refunded will be verified by Causey Demgen & Moore, P.C., Denver, Colorado, certified public accountants (the “Verification Agent”). Such verification will be based, in part, upon information supplied by the Municipal Advisor.

LITIGATION

There is no action, suit, proceeding, inquiry, investigation or controversy of any nature pending, or to the District's knowledge threatened, involving the District (i) in any way questioning (A) the authority of any officer of the District to exercise the duties and responsibilities of his or her office or (B) the existence, powers or authority of the District material to the Series 2025 Bonds or the security for the Series 2025 Bonds; (ii) seeking to restrain or enjoin the issuance, sale, execution or delivery of, or the performance by the District of its obligations under, the Series 2025 Bonds; (iii) in any way contesting or affecting (A) the issuance, sale, execution or delivery of the Series 2025 Bonds, (B) the defeasance and refunding of the Series 2015 Bonds, or (C) the validity or enforceability of the Series 2025 Bonds, any of the documents relating to the Series 2025 Bonds or any action contemplated by or pursuant to any of the foregoing; (iv) which, except as and to the extent disclosed below may result, either individually or in the aggregate, in final judgments against the District materially adversely affecting its financial condition; or (v) asserting that the Preliminary Official Statement or the Official Statement contained or contains any untrue statement of a material fact or omitted or omits to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. On the Closing Date, the District will deliver a no-litigation certificate as to the foregoing.

Litigation Relating to State Education System

The State's process to fund public education on a uniform and adequate basis has been challenged in various courts, including the First and Eleventh Judicial District Courts. In 2014, two different plaintiff groups filed lawsuits in the First Judicial District Court for the State of New Mexico in Santa Fe County, each of which challenged the sufficiency of school funding and the school funding formula, specifically as applied and related to the needs of at-risk students. The two lawsuits were consolidated (*Martinez, et al. v. the State of New Mexico* consolidated with *Yazzie, et al. v. the State of New Mexico*, No. D-101-CV-2014-00793) and proceeded to a bench trial in the summer of 2017. On February 14, 2019, the Court entered a Final Judgment and Order. The Court concluded that the State violated the Education Clause, the Equal Protection Clause, and the Due Process Clause of the New Mexico Constitution. The Court required the State to take necessary steps to ensure schools have resources, including funding and accountability measures, to give at-risk students an opportunity to obtain a sufficient education. In response, during the 2019 Regular Session, the Legislature increased public school funding by approximately \$400 million and funding has been increased each year since the Final Judgment and Order. The court has not indicated whether this will be sufficient to satisfy the requirements of the Judgment. The Court has made no substantive rulings in the last 2 years. The Decision is expected to continue to affect future funding for all school age students. It is premature to assess what ongoing effect these lawsuits may have on the State's school financing system, or the District. The legislature has responded to the lawsuit by increasing funding for education in each fiscal year since the decision was rendered.

In 1998, the Zuni Public School District filed a lawsuit in the Eleventh Judicial District Court for the State of New Mexico in McKinley County (*Zuni Public School District, et al., v. the State of New Mexico, et al.*, No. D-1113-CV-9800014) seeking a declaratory judgment that the State's method of funding of capital improvements for public schools violated the State Constitution's requirement to provide for a uniform and adequate system of funding capital improvements, specifically as applied and related to the needs of the students of Gallup-McKinley. On December 29, 2020, the trial court filed a Decision and Order ruling in favor of the Plaintiffs. On June 18, 2021, the State filed a Notice of Appeal with the New Mexico Court of Appeals. The appeal operates as an automatic stay of the District Court's judgment.

As these educational funding litigation cases go through potential appeals, post-trial procedures and any remedial measures, the outcomes of such litigation may impact the State's education funding

processes for all school age students and could impact the State's school financing system and the District; however, the extent of such impact is currently unknown.

New Mexico Tort Claims Act Limitations

The New Mexico Tort Claims Act limits liability to (i) \$200,000 for damage to or destruction of property arising out of a single occurrence, (ii) \$300,000 for all past and future medical and medically-related expenses arising out of a single occurrence, (iii) \$400,000 to any person for any number of claims arising out of a single occurrence for all damages other than property damage and medical and medically-related expenses, as permitted under the New Mexico Tort Claims Act, and (iv) \$750,000 for all claims other than medical or medically-related expenses arising out of a single occurrence. The Tort Claims Act makes provision for pro-rata payment of claims in the event the Fund would be exhausted by payment of all claims allowed during a particular fiscal year. The statutory cap on damages recoverable under the Tort Claims Act has not been adjusted for many years, and it is reasonable to expect that the legislature may amend the statute to increase the cap on damages at some point in the coming years.

Risk Management

The District is exposed to various risks of loss related to theft of, damage to and destruction of assets; errors and omissions; and injuries to employees. The District is registered with the State of New Mexico Insurance Commission (the "Commission") as a self-insured entity for workers' compensation, property and liability coverage. However, the District has purchased excess coverage policies that cover losses over \$650,000, \$250,000 and \$350,000 for workers' compensation, property and liability, respectively. In order to self-insure, the Commission requires that the District restrict its cash balance in an amount equal to the estimated workers' compensation claim liability, excluding incurred but not reported claims. The District is self-insured for group health and offers other employee related benefits through several providers. The District is not responsible for charter school liability.

TAX MATTERS

In the opinion of Modrall, Sperling, Roehl, Harris & Sisk, P.A., Bond Counsel, to be delivered at the time of original issuance of the Series 2025 Bonds, under existing laws, regulations rulings and judicial decisions, and assuming compliance with covenants described herein, interest on Series 2025 Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference under Section 57 of the Code (as defined below) for purposes of the federal alternative minimum tax imposed for the owners thereof. However, interest on the Series 2025 Bonds is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Bond Counsel is also of the opinion, based on existing laws of the State of New Mexico as enacted and construed, that interest on the Series 2025 Bonds is exempt from all taxation by the State of New Mexico or any political subdivision thereof.

The Internal Revenue Code of 1986, as amended (the "Code"), imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal tax purposes of interest on obligations such as the Series 2025 Bonds. The District has made various representations and warranties with respect to, and has covenanted in the resolution authorizing issuance of the Series 2025 Bonds and other documents, instruments and certificates to comply with the applicable provisions of the Code to assure that interest on the Series 2025 Bonds will not become includible in gross income, although the interest may be includible for alternative minimum tax purposes. Failure to comply with these covenants or the inaccuracy of these representations and warranties may result in interest on the Series 2025 Bonds being included in gross income from the date of issue of the Series 2025 Bonds. The opinions of Bond Counsel assume compliance with the covenants and the accuracy of such representations and warranties.

Although Bond Counsel will render opinions that interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, the accrual or receipt of interest on the Series 2025 Bonds may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. Bond Counsel expresses no opinion regarding any such consequences. Before purchasing any of the Series 2025 Bonds, potential purchasers should consult their tax advisors as to the tax consequences of purchasing or owning the Series 2025 Bonds.

The opinions expressed by Bond Counsel are based upon existing law as of the date of issuance and delivery of the Series 2025 Bonds, and Bond Counsel expresses no opinion as of any date subsequent thereto or with respect to any pending legislation.

From time to time, there are legislative proposals in Congress that, if enacted, could alter or amend the federal tax matters referred to above or adversely affect the market value of the Series 2025 Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted, it would apply to Series 2025 Bonds issued prior to enactment. Each purchaser of the Series 2025 Bonds should consult his or her own tax advisor regarding any pending or proposed federal tax legislation. Bond Counsel expresses no opinion regarding any pending or proposed federal tax legislation.

Internal Revenue Service Audit Program

The Internal Revenue Service (the "Service") has an ongoing program auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether the Service will commence an audit of the Series 2025 Bonds. If an audit is commenced, under current procedures the Service will treat the District as the taxpayer and the Bond owners may have no right to participate in such procedure. Neither the initial purchasers of the Series 2025 Bonds nor Bond Counsel is obligated to defend the tax-exempt status of the Series 2025 Bonds. The District has covenanted in the Bond Resolution not to take any action that would cause the interest on the Series 2025 Bonds to become includable in gross income except to the extent described above for the owners thereof for federal income tax purposes. None of the District, the initial purchasers of the Series 2025 Bonds, or Bond Counsel is responsible to pay or reimburse the costs of any Bond owner with respect to any audit or litigation relating to the Series 2025 Bonds.

Original Issue Discount

The Series 2025 Bonds may be offered at a discount ("original issue discount") equal generally to the difference between public offering price and principal amount. For federal income tax purposes, original issue discount on a Bond accrues periodically over the term of the Bond as interest with the same tax exemption and alternative minimum tax status as regular interest. The accrual or original issue discount increases the holders' tax basis in the Bond for determining taxable gain or loss from sale or from redemption prior to maturity. Holders of Bonds offered at original issue discount should consult their tax advisor for an explanation of the accrual rules.

Original Issue Premium

The Series 2025 Bonds may be offered at a premium ("original issue premium") over their principal amount. For federal income tax purposes, original issue premium is amortizable periodically over the term of a Bond through reductions in the holders' tax basis in the Bond for determining taxable gain or loss from sale or from redemption prior to maturity. Amortizable premium is accounted for as reducing the tax-

exempt interest on the Bond rather than creating a deductible expense or loss. Holders of Bonds offered at an original issue premium should consult their tax advisor for an explanation of the amortization rules.

Post-Issuance Tax Compliance Procedures

The District has previously adopted post-issuance tax compliance procedures which will be utilized in connection with investment and expenditure of the proceeds of the Series 2025 Bonds and the use of projects funded with such proceeds.

CONTINUING DISCLOSURE UNDERTAKING

In connection with its issuance of the Series 2025 Bonds, the District will execute a Continuing Disclosure Undertaking for the Series 2025 Bonds, the form of which is attached as Appendix D hereto, under which it will agree for the benefit of the owners of Series 2025 Bonds (i) to provide audited annual financial statements of the District when available after the end of each Fiscal Year, commencing Fiscal Year 2024, and to provide certain annual financial information and operating data relating to the District by March 31st of the following Fiscal Year, and (ii) to provide timely notice of certain enumerated events in accordance with the requirements of the Rule.

In prior years, certain continuing disclosure filings were not properly attributed to all applicable CUSIP numbers for the District's bonds, however, such filings have since been properly associated with all related CUSIP numbers. For the past five years, the District has complied in all material respects with its existing continuing disclosure undertakings in accordance with the Rule.

LEGAL MATTERS

In connection with the issuance and sale of the Series 2025 Bonds, Modrall, Sperling, Roehl, Harris & Sisk, P.A., Albuquerque, New Mexico, as Bond Counsel, expect to deliver the opinion attached in Appendix C hereto. Certain legal matters relating to the Series 2025 Bonds will be passed upon for the District by Disclosure Counsel, Taft Stettinius & Hollister LLP, Albuquerque, New Mexico. Delivery of the Series 2025 Bonds is also subject to the delivery of an approving opinion of the Attorney General of the State of New Mexico. Neither Disclosure Counsel nor Bond Counsel have participated in any independent verification of the information concerning the financial condition of the District contained in this Official Statement.

The District will furnish to the Underwriters a complete transcript of proceedings incident to the authorization and issuance of the Series 2025 Bonds. Although it may represent the Municipal Advisor and the Underwriters from time to time in matters unrelated to the issuance of the Series 2025 Bonds, Bond Counsel has been engaged by and only represents the District in the issuance of the Series 2025 Bonds. Such firm has reviewed the information appearing in this Official Statement and Bond Counsel is of the opinion that the information relating to the Series 2025 Bonds and legal matters contained herein is an accurate and fair description of the laws and legal issues addressed therein and, with respect to the Series 2025 Bonds, such information conforms to the Bond Resolution. The legal fees to be paid to Bond Counsel and Disclosure Counsel for services rendered in connection with the issuance of the Series 2025 Bonds are contingent upon the sale and delivery of the Series 2025 Bonds. Certain legal matters will be passed upon for the Underwriters by their counsel, McCall, Parkhurst & Horton L.L.P., Dallas, Texas whose fee is contingent upon the sale and delivery of the Series 2025 Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Series 2025 Bonds express the professional judgment of the attorneys rendering the opinion as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of

that expression of professional judgment, of the transaction opined upon or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

INDEPENDENT ACCOUNTANTS

Moss-Adams LLP audited the financial statements of the District as of and for the year ended June 30, 2024 and delivered their report to the New Mexico State Auditor and the District. The complete Comprehensive Annual Financial Report of the District – Audited General Purpose Financial Statements – as of and for the Fiscal Year ended June 30, 2024, as well as for previous fiscal years, are public documents and are available from the New Mexico State Auditor’s website at <https://www.osa-app.org/auditreportsearch.aspx>. An excerpt from the 2024 audit is included in Appendix A to this Official Statement. Moss-Adams LLP has not been engaged to review this Official Statement or any information contained herein.

UNDERWRITING

The Underwriters have agreed to purchase the Series 2025 Bonds from the District pursuant to Bond Purchase Agreements dated [April] __, 2025 (together, the “Bond Purchase Agreement”). The Underwriters agreed to purchase the Series 2025A Bonds for a price of \$_____ (being the par amount of the Series 2025A Bonds, plus a [net] reoffering premium of \$_____ and less an Underwriters’ discount of \$_____). The Underwriters agreed to purchase the Series 2025B Bonds for a price of \$_____ (being the par amount of the Series 2025B Bonds, plus a [net] reoffering premium of \$_____ and less an Underwriters’ discount of \$_____).

The Bond Purchase Agreement provides that the Underwriters will purchase all of the Series 2025 Bonds if any are purchased. The obligation to make such purchase is subject to certain terms and conditions set forth in the Bond Purchase Agreement, including the approval of certain legal matters by counsel and certain other conditions. The prices at which the Series 2025 Bonds are offered to the public (and the yields resulting therefrom) may vary from the initial public offering prices appearing on the inside cover page of this Official Statement. In addition, the Underwriters may allow commissions or discounts from such initial offering prices to dealers and others.

A Stifel employee is a member of the Albuquerque Public Schools Education Foundation Board.

The Underwriters and their affiliates comprise a full service financial institutions engaged in activities which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. The Underwriters and their affiliates may have provided, and may in the future provide, a variety of these services to the District and to persons and entities with relationships with the District, for which they received or will receive customary fees and expenses.

In the ordinary course of these business activities, the Underwriters and their affiliates may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District.

The Underwriters and their affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire such assets, securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

RATING

S&P Global Ratings (“S&P”) has assigned the Series 2025 Bonds a rating of “AA” without regard to any enhancement program. Such rating reflects only the views of S&P, and the District makes no representation as to the appropriateness of such rating. An explanation of the significance of the rating may only be obtained from S&P. The District has furnished to S&P certain information and materials relating to the Series 2025 Bonds and the District, some of which may not have been included in this Official Statement. Generally, rating agencies base their ratings on such information and materials and on investigation, studies and assumptions by the rating agencies. The rating is not a recommendation to buy, sell or hold the Series 2025 Bonds, and there can be no assurance that a rating when assigned will continue for any given period of time or that it will not be lowered or withdrawn entirely by the rating agency if, in its judgment, circumstances so warrant. Any downward change in or withdrawal of the rating may have an adverse effect on the marketability and/or market price of the Series 2025 Bonds.

To the Board of Education, Superintendent Dr. Blakey, and the Citizens of Albuquerque:

The Annual Comprehensive Financial Report (Report) of Albuquerque Municipal School District No. 12 (District) for the fiscal year ending June 30, 2024, is submitted for your review. The Report, prepared by the District's Accounting Office, is in conformance with Generally Accepted Accounting Principles (GAAP), standards of financial reporting established by the Governmental Accounting Standards Board (GASB) and New Mexico Office of the State Auditor Rule 2.2.2 NMAC. This Report contains the unmodified opinion of our Independent Auditor on the District financial statements. To the best of our knowledge, the enclosed data is accurate in all material respects. The information is reported in a manner designed to fairly present the financial position and the results of operations for the District as a whole as well as the multiple funds and account groups of the District. The District is presented along with all component units, consisting of 30 Charter Schools, 8 Charter School Foundations, and the Albuquerque Public Schools Foundation.

A narrative introduction, overview, and analysis has been prepared to accompany the basic financial statements in the form of the Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with the MD&A. The MD&A can be found immediately following the Report of Independent Auditors.

In addition to the standard distribution to governing entities and rating services, this report will be made available to the public after final approval by the Office of the State Auditor through the District web site at <http://www.aps.edu/finance/accounting>. All efforts are intended to promote transparency, support accountability, and create a greater awareness of the District's financial operations.

About the District

The District includes 97.6% of Bernalillo County and 2.4% of Sandoval County based on assessed valuation and is geographically situated in the center of the State of New Mexico. The School District's boundaries encompass all of the City of Albuquerque and the Villages of Tijeras, Los Ranchos de Albuquerque, and Corrales, with an estimated population of 919,543. The District is crossed by Interstate Highways 25 and 40 and is served by the Burlington Northern and Santa Fe Railroad and the Sunport International Airport. The District is also bisected by the Rio Grande, which provides irrigation that continues to support agriculture despite increased urbanization.

The area within the District is part of the Albuquerque Metropolitan Statistical Area (MSA). The Albuquerque MSA was redefined as of January 1993 to include the Counties of Bernalillo, Sandoval, and Valencia. The Albuquerque MSA represents the largest commercial and industrial center in the State of New Mexico.

The District's economic outlook generally correlates with the state. In 2024, the State of New Mexico's gross state product (GSP) reached \$110 billion, with growth of 1.8% since 2019. The state's unemployment rate in 2024 was 3.7%, with a growth rate trending downwards of -5.7% since 2019, over performing the U.S. economy as a whole. The District is the eighth largest employer in New Mexico according to New Mexico Partnership.

The Albuquerque Public Schools Board of Education governance model is based on student outcomes. This Student Outcomes Focused Governance framework centers on the vision and values expressed by the APS community to support what the community wants our students to know and be able to do. During dozens of community meetings and countless individual conversations in the fall of 2022, the community's vision and values became clear. The schools' focus should be on literacy, math, post-secondary readiness, and the skills, habits, and mindsets that lead to success. The schools should also focus on equity, support, quality instruction, voice, and engagement. The vision and values led to the adoption in early 2023 of the Albuquerque Public Schools Goals and Guardrails.

District Administration used the goals and guardrails to establish a five-year strategic plan. The strategic plan is the road map to make the goals a reality. It focuses around our core mission of educating students, ensures that everyone at the district knows their role in achieving the goals, and demands that people be held accountable.

The District is New Mexico's largest school district serving nearly a quarter of the state's students and is the 35th largest district in the country according to the National Center for Education Statistics (2022, the last year for which data is available). The District provides educational services to over 68,000 students in kindergarten through 12th grade, while 30 District-authorized charter schools service over 9,200 students. The District consists of 139 school sites. 84 elementary schools serve students in the kindergarten through fifth grade; 3 schools serve students in kindergarten through eighth grade; 27 middle schools serve students in sixth through eighth grade; 13 high schools serve students in grades nine through 12. There are also 20 schools of choice that offer specialized services throughout the Albuquerque area.

More than 5,500 certified teachers and over 1,700 educational assistants provide classroom instruction to students in pre-kindergarten through 12th grade. Approximately 26 percent (17,239) of the District's students receive special education services based on disability, and 5 percent (3,582) of all students based on giftedness.

At the start of 2023, Food and Nutrition Services (FANS) had 92 APS schools on Community Eligibility Program (CEP) and 9 APS Charters schools on CEP. As of January of 2024, all APS sites were on CEP because of changes from USDA mid-year. This allowed all students who attended CEP school meals at no charge. Due to pandemic era supply chain issues, FANS was still dealing with delayed trucks, product shortages, and increased food prices.

Over the last 10 years, birthrates in New Mexico decreased steadily and more rapidly than national rates. New Mexico's population has remained flat or decreased since 2010. The impact to Albuquerque Public Schools has been a loss of over 1,800 students per year on average.

Student count for the year determines funding for the next school year, and decreases in enrollment amount to millions fewer dollars to the District even though actual enrollment in the next year could increase.

Student counts by year are illustrated by the following table.

Year	Albuquerque Public Schools Funded Enrollment Schools	Charter Schools Funded Enrollment	Total Funded Enrollment
2014-2015	86,468	5,140	91,608
2015-2016	85,794	5,650	91,444
2016-2017	84,575	6,014	90,589
2017-2018	83,487	8,583	92,070
2018-2019	81,362	8,819	90,181
2019-2020	79,363	9,445	88,808
2020-2021	77,714	9,297	87,011
2021-2022	72,523	8,950	81,473
2022-2023	74,461	8,964	83,425
2023-2024	68,902	9,258	78,160

Enrollment data is based upon the prior year's 80/120 day average enrollment from the State Equalization Guarantee Funding Formula.

In November 2019, the community approved a three-year, \$100 million General Obligation Bond authorization for school Capital Outlay projects, as well as an additional school property tax levy under SB9 for maintenance of schools, Instructional Equipment, and school Instructional technology that will generate approximately \$202 million throughout the authorization (6 years), with \$12 million of this coming from matching State of NM SB-9 funds. This election authorization will generate \$302 million in revenue over six years (+ an additional \$12 million in state matching funds).

In November 2021, the community approved a new School Mill Levy (\$430 million) & Bond (\$200 million) authorization. As a result of this election authorization, a total of \$630 million will be generated over six years, earmarked for a new round of Educational Facility upgrades/equipment, brick & mortar construction/design, as well as instructional technology, support Charter School facility/equipment acquisitions, and provide enhanced life, health, and safety for all teachers and students.

School General Obligation Bond & Mill Levy proceeds and funding provided through the Public Schools Capital Outlay Council (PSCOC), Public Schools Facility Authority (PSFA), and direct legislative appropriations are used to expand and improve District infrastructure through the building & upgrading schools, acquisition/refresh of learning technology/instructional equipment and enhancement of school facility security /safety. To keep its facilities as up-to-date as possible, the District has robust Capital Master Plan, Facilities Design & Construction, and Maintenance & Operations divisions. The District also employs the services of a professional master-planning firm to help develop its District-wide Capital Master Plan. This plan underwent a new comprehensive update to drive the new Capital strategy from 2021 through 2027.

On November 7, 2023, APS District voters approved the ratification of continuing the Public Schools Capital Improvements tax, the SB-9 Mill Levy, which will begin in the 2025 tax year and continue through the 2030 tax year. This will be a reauthorization of the current 6-year Public School Mill Levy approved by voters in November 2019 and expires in 2024. This reauthorization resulted in property tax rates staying the same and not a tax increase. The election was held two years before the expiration of the current authorization due to changes in NM election law in 2018 that require school district elections to occur in November of non-general election odd years (2024 is a general election year). It is estimated that approval of this Mill Levy will generate \$264,673,790 over six years, starting in the tax year 2025 through the tax year 2030.

Budget Process

The fiscal year budget adopted by the Board of Education provided for a financial plan that was both fiscally sound and built through a collaborative process that involved staff and community. The Board continued to prioritize the student outcome-based goals as a result of community input via public listening events held November and December 2022. Individual school budgets were aligned to the Board's goals and Budget staff consolidated and presented results to the Board.

The District's New Mexico State Equalization Guarantee revenue increased by \$14 million from 2024 to 2025, excluding an increase of \$30 million in K12+ funding, which is revertible based on student participation. The additional revenue will allow the District to implement legislated salary increases and instructional time increases.

Historically, student enrollment declines by an average of 1,800 or two percent (2%) per year. Student counts above are displayed on a one-year lag, consistent with state funding.

Because enrollment is not anticipated to improve in the near future, the District continues its efforts to implement a cost-effective model for delivering education.

The District plans to take steps toward a budget and sustainability plan that will help address the issue of declining enrollment, considering the following:

- Resource management;
- Academic return on investment;
- Eliminating duplication;
- Realignment and repurposing (when necessary) of existing District facilities and assets with the intention of maintaining overall financial viability;
- Opportunities to grow student enrollment by offering high quality educational options to Albuquerque families

Budget Preparation:

The 2024 budget reflects the priorities of the Community, Board of Education, District Administration, unions and others committed to the Board of Education Goals and Guardrails. These goals reflect the Board of Education and District determination to make progress in attaining greater levels of excellence in student outcomes. The annual budget development process allows District decision makers to align budget resources to desired outcomes through a collaborative practice. The proposed budget is presented to the Board in a public meeting for formal adoption. Pursuant to 22-8-10 NMSA 1978, the local school board sets budget priorities and the New Mexico Public Education Department (PED) must approve final school district budgets.

Budgetary Control:

The objective of budgetary control is to assure compliance with the provisions of state statute, the New Mexico Administrative Code, and Board policy. In addition, budgetary control ensures that funding appropriated by the Board meets intended goals. The level of budgetary control (the level by which expenditures cannot exceed the appropriated amount) is carried down to the function level within each individual fund.

The District maintains an encumbrance accounting process as one technique to control budgets. In addition, the accounting financial system prevents expenditures from exceeding budget at the function level. Budget Office management continually reviews detailed budget to expenditure reports for budget maintenance. Quarterly reports to the Board are provided at open meetings and become part of the Board’s permanent, public record. These documents are available for public inspection.

The Organization of the District

The Albuquerque Board of Education (Board) is a seven-member, elected, public body representative of seven election districts within the District’s boundaries. Each Board member is elected to a four-year term. Their authority and duties are defined in the Constitution of the State of New Mexico, State Statute section 22-5-1 to 22-5-16, NMSA 1978 and in the related sections of the New Mexico Administrative Code (NMAC) relating to public schools. In general, the Board acts to set District policy, set budgets, hire a superintendent and act upon recommendations made by the superintendent.

The Board membership as of June 30, 2024, is as follows:

Board Member	Term Begin Date	Term End Date	Board Position
Danielle Gonzales	2022	2025	President
Ronalda Tome-Warito	2024	2027	Vice-President
Janelle Astorga	2024	2027	Secretary
Heather Benavidez	2024	2027	Member
Crystal Tapia-Romero	2022	2025	Member
Courtney Jackson	2022	2025	Member
Josefina E. Dominquez	2022	2025	Member

The superintendent is the chief executive officer of the District with duties defined in statute and the New Mexico Regulatory Code. The primary responsibilities of Superintendent include student academic success, school accountability, professional development, instructional and District technology, extended learning, quality assurance, state and federal compliance, and higher education and community partnerships. Other responsibilities include development of District-wide processes and measures to accomplish District goals and oversight responsibilities for all elementary schools and secondary education, school improvement, student career pathways, Innovative educational options including magnet and charter schools, student equity, improved reading and writing scores on state-mandated assessments, improved graduation rates, decreased dropout rates, special populations, and student health (including mental health) and well-being.

Dr. Gabriella Durán Blakey assumed the role of superintendent for Albuquerque Public Schools on July 1, 2024. She was chosen unanimously for the position by the APS Board of Education after an extensive nationwide search and a well-regarded public engagement process. Dr. Blakey grew up in Albuquerque's Southeast Heights, the daughter of a nurse and a longtime educator who instilled in their three children the value of being of service to others. A collaborative leader, Dr. Blakey has spent her career working to improve outcomes for children and investing her time in organizations and initiatives that build successful communities. She is a staunch advocate for getting more women into leadership roles. Dr. Blakey has held numerous leadership positions at APS, including acting Superintendent, Chief Operations Officer, and Associate Superintendent. During the pandemic, she led district initiatives for COVID-19 safety protocols in schools, coordinated food distribution of over a million meals to the community, worked with the city's Emergency Management Department and the state Department of Health to set up community vaccination sites, and played a key role in the reopening of all 143 APS schools. More recently, she helped write the Emerging Stronger strategic plan that serves as a roadmap for how APS will meet its five-year goals of boosting literacy and math proficiency, improving post-secondary readiness, and ensuring that students graduate with the skills, mindsets, and habits they will need to be successful in life. Dr. Blakey has worked at APS for more than 20 years, starting as a social studies and English Language Learner teacher at Highland High and Albuquerque Evening School and then serving as an assistant principal and principal. She also served as assistant superintendent for curriculum and professional development at Santa Fe Public Schools and was the founder and executive director of Health Leadership High School, an Albuquerque charter school offering project-based learning for disenfranchised high school students. She earned her doctorate of education and Master of Arts in educational leadership from the University of New Mexico and holds a Bachelor of Science in secondary education from New Mexico State University. Dr. Blakey is an accomplished violinist who plays for the Symphony Orchestra of Albuquerque and is a member of the boards of Explora Children's Science Museum, United Way of Central New Mexico, and the Albuquerque Youth Symphony Program. Her husband, Paul Blakey, is also an educator and a professional musician.

Rennette Apodaca, Chief Financial Officer since August 2022, began with the District in 2015 and has extensive public administration experience with a focus in procurement which includes Executive Director of Procurement and Accounts Payable and Business Systems for APS, Director of Purchasing, Risk Management and Materials Management at New Mexico State University, Purchasing Manager at Dona Ana County, and Purchasing Supervisor for a Federal NASA Contractor. She teaches public sector related courses for New Mexico Edge that includes Public Sector Procurement, Contract Administration, Public Sector Budgeting, Public Finance and Procurement Administration. She has also served as president of New Mexico Public Procurement Association (NMPPA). Ms. Apodaca has a Bachelor of Accountancy and Master of Public Administration from New Mexico State University. She is a Certified Public Procurement Officer (CPPO). As chief financial officer, she is a member of the Superintendent's Cabinet and Leadership teams. The chief financial officer manages the finances of the District and oversees the business units which handle the financial activity of the school District.

Employee Relations

During fiscal year 2024, the District employed approximately 12,400 full time, part time and substitute employees including approximately 5,804 state certified teachers. New Mexico teachers are paid according to a legislatively established three-tiered licensure system. The purpose of the three-tiered licensure system is to raise minimum salaries for teachers in an attempt to provide parity with other competitive employment sectors. The three-tiered salary schedule also rewards teachers for higher levels of experience and education. The table below shows the trend of average teacher salaries for the past five years. In 2023, average salaries increased while years of experience stayed level.

FISCAL YEAR	2018/2019*	2019/2020^	2020/2021^	2021/2022^	2022/2023^
Average Teacher Salary	\$48,929	\$54,498	\$55,043	\$56,430	\$65,003
% of Increase	3.03%	11.38%	1.00%	2.52%	15.19%
Average Years of Experience	9.0	11.88	12.2	12.1	12.1

Salary Schedules in the Albuquerque Public School District are considered to be competitive with those of neighboring Districts. Employee compensation packages give credit for increasing levels of education and length of service within each salary classification. In addition, the District pays for 60-80% of employee health, life and dental benefit policies.

The Albuquerque Public Schools has maintained and reaffirmed labor agreements with the representatives of its bargaining units. The following is a summary of each of the organizations that represent APS employees:

Teachers Union: The Albuquerque Teachers Federation (ATF) is the professional union that represents all licensed teachers, counselors, librarians and support and related services personnel in the Albuquerque Public Schools. ATF represents approximately 6,399 employees. ATF is a union of educator professionals, representing teachers and professional support staff in all matters.

School Police: The Educational Police Officers Association represents the District's police officers and security personnel. Approximately 145 employees are represented by this Association.

Food Service Staff (CWA Local 7011): The Communication Workers of America represents all regular food service employees such as cooks, bakers, assistant cooks and bakers, food service aides, and general helpers, excluding cafeteria managers, supervisors, and clerical employees. There are approximately 408 employees represented by this Union.

M&O (CWA M&O Local 7070): Communication Workers of America also represents employees such as maintenance, custodial, and warehouse workers. Supervisors, secretarial and confidential employees are excluded from the bargaining unit. There are approximately 779 employees represented by this Union.

Educational Assistants, Secretarial/Clerical, Bus Drivers and Attendants: Albuquerque Federation of Classified Professionals (AFCP) represents educational assistants, health assistants, community support liaisons, campus security assistants, school bus attendants and drivers, IT techs, secretaries and clerical staff that are paid on that specific salary schedule defined in the negotiated agreement. There are approximately 2,306 members.

Services Provided

Facilities, Design, and Construction; Maintenance and Operations; Graphics Enterprise Services; and the District's Informational Technology Data Center and various educational support units are located at the District's Lincoln Complex. The Central Administration and Instructional Support offices are located in the Alice and Bruce King Educational Complex. Offices for the Special Educational support staff and students are located at the Aztec Complex and professional development can be scheduled at the Berna Facio Professional Development Complex.

The Student Transportation Services manages three bus contractors and its own operations, transporting 32,949 district children daily to over 170 locations. During the 2023-2024 school year, APS utilized 295 district and contracted buses, along with 70 spare buses. APS buses cover 22,405 miles daily and 4,077,691 miles annually. Transportation services are provided throughout the regular school year and during the summer for extended school year programs. Additionally, transportation is available for various school-sponsored activities.

The department is responsible for numerous planning tasks, including establishing 9,200 bus stop locations and schedules, assessing hazardous walk zones, and setting the limits for walk zones (1 mile for elementary, 1.5 miles for middle, and 2 miles for high schools). For special education students, the department determines the type of bus needed based on the required services. Coordinating transportation for activities involves ensuring timely transportation for athletics, field trips, and other events. The department regularly reviews routes to identify the most efficient and economical options.

The Student Transportation Department continues to face challenges in hiring and retaining qualified drivers.

Food and Nutrition Services provide breakfast and lunch to District students, after-school snacks, at-risk dinner programs, Fresh Fruits & Vegetable Program, and summer feeding both for the District and contracts services to non-profit agencies and charter schools. Food and Nutrition employs 550 staff who are trained in food safety/sanitation and/or require certification based on job duties. Special nutritional concerns are addressed by a registered staff dietitian.

The Special Education Department provides programs, support and technical assistance to schools with gifted students and students with disabilities. In addition, this Department provides direct services to students and is responsible for managing District responses to legal, regulatory, and budgetary matters.

Athletic and other activity programs are provided to students whose interest and desire for extracurricular experiences may lie beyond the pure academic realm. Athletics and activities sanctioned and governed by the New Mexico Activities Association are offered in grades 6-12 in the District. In conjunction with other local governmental and local non-profit entities, the District also supports community youth activities by allowing the use of school District facilities at a nominal cost to the using group.

Economic Conditions and Outlook

For the Albuquerque MSA, sectors such as aerospace, bioscience, renewable energy, digital media & film, corporate and professional services, and manufacturing have contributed to the growth and diversification within the area.

With unparalleled intellectual capital assets, strong institutional capacity for program graduates, and nearly 16,000 employed in industries which complement aerospace sectors, Greater Albuquerque offers unique strengths for companies seeking to locate and grow in a high-quality environment with a specialized set of skills. Albuquerque is ranked first as a growth market for aircraft structure and systems assembly, and is the second most concentrated aerospace cluster in the southwest. Our city also boasts operating costs that are 15% less than its aerospace peers. Major Albuquerque employers in this sector include The Air Force Research Laboratory, Lockheed Martin, Sandia National Laboratories, Boeing, Honeywell, and BlueHalo which has expanded its footprint by acquiring over 83,000 square feet of space in the southeast quadrant of the city.

The Albuquerque region holds the largest share of employment within bioscience cluster industries. With 18,600+ jobs in 2021, Greater Albuquerque holds nearly 60 percent of all bioscience cluster employment within the state of New Mexico. The growth in medicinal and botanical manufacturing is up 130% and 14,460 jobs are provided in research and development in this sector. Notable employers in this field include Tricore, The Mind Research Network, and advanced high-speed, fill-finish medical vial technology developer Curia, who is expected to drive significant economic impact in Albuquerque over the next ten years.

The city also has a renewable energy economic footprint. Universal Hydrogen, which picked Albuquerque for its manufacturing and distribution hub in 2024, will bring hundreds of jobs to the city under its mission to enable carbon-free fuel and reduce the climate impact of air travel. The company, as well as others such as Array Technologies and Fraunhofer, have contributed \$3.8 billion to the GDP in 2021, and have increased job growth 20% from 2016-2020 in the area.

Digital media & film have been a mainstay in Albuquerque for several years. The city is rated the #1 best place to live and work as a moviemaker in 2022, featuring a 25-35% refundable tax credit for film-related commerce. Major studios with a presence in the area are I-25 Studios, NBCUniversal, and Netflix. Albuquerque's Film Office (AFO) serves as a liaison between City agencies and the entertainment industry to enhance opportunities that benefit the local economy and feature local talent.

Albuquerque and all of New Mexico enjoy a strong and growing back office sector comprised primarily of customer service, technical support, order taking, claims processing, bilingual customer support, accounts payable, and mail processing. The state is home to more than two dozen customer service centers statewide,

with some of the largest U.S. consumer companies represented: Comcast, Gap Inc., Fidelity Investments, and Hewlett-Packard. The attraction for corporations includes Business Facilities rating of Albuquerque as 5th in workforce training in 2015, and KPMG's rating of the City as 5th in low cost of doing business in 2016 as well. Also relevant is the state's Local Economic Development Act (LEDA). The LEDA fund is a pool of discretionary state money that flows through local governments. LEDA funds are used to help new or expanding companies with land acquisition, building renovations and infrastructure needs. Closing funds are targeted toward businesses that can demonstrate additional funding is needed to close a competitive cost gap relative to other states and cities vying for the same economic development project.

Aside from the bioscience and aerospace manufacturing referenced above, the City is also home to the manufacturing of food products, value-added agriculture products, and medical manufacturing. New Mexico is ranked 1st in the west for manufacturers with the lowest effective tax rate, and has 159 million US consumers within a 2-day drive. Major employers in this sector include General Mills, Intel, and Tempur+Sealy Source: Albuquerque Economic Development, www.abq.org).

Lastly, because of its accessibility and culturally unique tourist facilities, the area is the gateway for tourism in New Mexico as well as an attraction in its own right. The District includes the historic "Old Town" of Albuquerque, the Sandia Tramway, a number of nationally recognized museums, and the Cibola National Forest. Other attractions include the Albuquerque International Balloon Fiesta, the National Hispanic Cultural Center, North America's biggest powwow – the Gathering of Nations, and the Expo New Mexico. There are also several Pueblo Tribes within easy driving distance that draw many tourists because of their historical significance, cultural beauty and Native American arts. While tourism declined sharply in tourism with the onset of the COVID-19 pandemic, there has been a sharp rise in tourism since with continued growth in fiscal year 2023. Tourism is one of the city's leading industries with approximately 6.7 overnight visitors a year who contribute more than \$2 billion to our city and support more than 45,000 jobs.

The work to identify additional areas of opportunity will continue in fiscal year 2025 and beyond. The District has plans to create some competitive options to resize its infrastructure, further streamline operations and create additional opportunities to attract students outside the District.

Financial Planning

District policies and procedures are in place that require the chief financial officer to manage the District's finances and take appropriate action to ensure operational fund cash balance of at least five-percent (5%) of the current year's budgeted operating expenditures for any given fiscal year.

The Capital Master Planning Department works with the Chief Financial Officer which ensures all long-term planning is done with full cooperation and collaboration of the Finance Department. The services of master planning consultants and financial advisors are used to help ensure full coordination of resources and needs of the District.

Relevant Financial Policies

The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are reasonably protected from fraud, waste and abuse or loss. Internal controls also ensure that accounting data is adequately collected and compiled to allow for the preparation of accounting reports in accordance with GAAP. Capital assets are identified at the time of purchase, confirmed upon delivery and inventoried on a yearly basis. The Accounts Payable Department assures that purchases are properly received and documented prior to payment. Issues related to the adequacy of internal controls are reviewed and changed as necessary, and policies and procedures are in place to guide staff through their daily business routines. In addition, the PED publishes and maintains a New Mexico Manual of Procedures for Public School Accounting and Budgeting. This manual serves as a comprehensive guide for finance staff in their daily duties.

Major Initiatives – Fiscal Year 2024-2025

Albuquerque Public Schools underwent a leadership change during the 2023-2024 school year, as Dr. Gabriella Durán Blakey stepped in as acting superintendent in April 2024. Dr. Blakey assumed the leadership position from Superintendent Scott Elder, who officially retired on June 30, 2024.

The APS Board of Education selected Dr. Blakey as Mr. Elder's successor following an extensive nationwide search and a well-regarded public engagement process. She officially became superintendent on July 1, 2024.

As Superintendent, Dr. Blakey oversees more than 140 schools, leads 12,000 employees, and collaborates with students, families, educators, support staff, elected officials, community members, and union partners to improve student outcomes for 68,000 students.

Dr. Blakey has launched an administrative reorganization to better position APS to meet its goals.

The four goals adopted by the Board of Education to improve student outcomes are:

- Early Literacy: The percentage of third-grade students identified in the Yazzie-Martinez decision plus African American students who demonstrate grade level proficiency or above on the state English Language Arts (ELA) summative assessment will increase from 27.3% in May 2023 to 37.3% in May 2028.
- Math Proficiency: The percentage of eighth-grade students identified in the Yazzie-Martinez decision plus African American students who demonstrate grade level proficiency or above on the state mathematics summative assessment will increase from 11.1% in May 2023 to 21.1% in May 2028.
- Post-Secondary Readiness: The percentage of high school graduates who earn credit in two or more Advanced Placement, International Baccalaureate, or Dual Credit courses, or earn an industry certification or Bilingual Seal, will increase from 39.6% in September 2023 to 49.6% in September 2028.

- **Skills, habits and mindsets for life success:** Increase the percentage of students who demonstrate the skills, habits, and mindsets most aligned to life success: perseverance, self-regulation, self-efficacy, and social awareness as measured by Panorama from:
 - Perseverance: 51% in 2023 to 61% in 2028
 - Self-Regulation: 65% in 2023 to 75% in 2028
 - Self-Efficacy from 44% in 2023 to 54% in 2028
 - Social Awareness from 58% in 2023 to 68% in 2028

Other initiatives the district is undertaking in the 2024-25 school year include:

- Completion of its Fine Arts Expansion, guaranteeing that every APS elementary school has music and art. The expansion was completed in six years at a total annual cost of \$7 million.
- Rollout of a new communications platform to improve the district's responsiveness to students, families, the community, and staff. The customer service tool, Let's Talk, makes it easier to ask questions, request information, or share feedback about district operations, and it tracks how long it's taking APS to respond.
- Expansion of its public outreach efforts with Dr. Blakey launching a new round of listening tours at schools to hear from students and staff about what APS could be doing to improve and board members committing to a series of events to engage the public.

Impacts of the APS Capital Master Plan on Educational Facilities and Equipment in the Community

The taxpayer-approved capital revenues will continue to affect the APS Capital Strategy Plan. The plan will continue to focus on renewing and restoring aging buildings/facility systems, educational and instructional technology, and enhanced life, health, and safety environments for students and teachers. The Plan will also support capital funding for all Albuquerque Charter Schools (both local and state) and will be used to improve transportation facilities/infrastructure for all students.

The APS Capital Master Plan has strong implications for the local economy, generating close to \$200 Million in construction activity during the first three years (2020 – 2023) alone. This continued activity will create a steady economic influx into the IT, design, fabrication, and construction sectors through 2027. This continued project infusion is extremely important to local current/future educational needs, economic health, and local job prospects.

The Major Functions/Projects that passage of the School Mill Levy Election of 2023 will make possible for 144 APS Schools and 50 Charter Schools

- School Facility Maintenance, including roofs, Heating & Cooling, and old water pipe replacement
- School Security/safety equipment/upgrades for all Schools, Students & teachers
- School Library Equipment
- School Student & Teacher classroom furniture
- School Student & Teacher Learning Informational Technology (includes student/teacher computers and learning devices)
- American Disabilities Act (ADA) compliance upgrades for all schools

- School Music/Fine Arts Instruments & Equipment for all Schools

- School Physical Education Equipment for all Schools
- Career Technical Education (CTE) tools/equipment for all schools
- Funding for all APS area Charter Schools Facilities & Equipment

The Major Impacts that passage of the School Mill Levy & Bond Election of 2019 will have on the community

- Give teachers and students the facilities and equipment they need for high academic outcomes
- Provide safe, equitable school facilities all over the district
- Enhance safety and security at all our schools
- Maintain all our schools and safeguard taxpayer investments and community assets
- Provide jobs and economic stimulus, especially in the local construction sector
- Maintain current levels of taxation for property owners

Highlights of the 2023-27 Capital Strategy include:

- \$138 million for Instructional Technology (includes devices for every student & teacher).
- \$399.28 million for School Facility design/construction, continuing the renovation and replacement of schools 50 years or older.
- \$92.3 million in school facility maintenance.
- \$98.62 million flowing directly to both District and State-approved charter schools.
- \$11 million for School security upgrades at all 142 schools (secure vestibule entryways, security cameras, heavy-duty door locks, card access, security alarms, and security fencing).
- \$11.4 million in ADA compliance for existing facilities.
- \$8 million for roof replacement/repair

- School Physical Education Equipment - \$4.8 million
- School Science Equipment - \$1.8 million
- Career Technology Vocational Education Equipment (CTE) - \$1 million

Accounting and Financial Information

This written analysis and the accompanying financial report will indicate that the District is in sound financial health. Indicators such as an AA bond rating (S&P Global Ratings), balanced budgets, significant cash balances, and strong budgetary management contribute to and are indicators of a positive financial direction and strong, stable management. This is further explained in the MD&A.

Independent Audit

State Statute requires the independent audit of public schools on an annual basis. The audits are defined and governed by regulations issued by the New Mexico Office of the State Auditor (NMAC 8.1). Regulations require that a large public entity cannot contract with an auditor for more than eight consecutive years. This audit is our seventh year with Moss Adams LLP. The hiring and contracting of the Independent Auditor is made in accordance with the State of New Mexico Procurement Code Chapter 13, NMSA 1978, State Auditor regulations and District Board Policy. The scope of the audit is designed to meet the state and federal requirements set forth in the State Auditor's regulations. In addition, the District includes District-authorized charter schools in its audit and financial statements as component units.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that the District's current Report continues to meet GFOA's Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for a certificate.

The District received the Association of School Business Officials International's (ASBO) Certificate of Excellence in Financial Reporting award for having met or exceeded the program's high standards for financial reporting and accountability for the fiscal year ending 2023. This award confirms the school business office's commitment to financial accountability and transparency. Recognition through the COE program can help strengthen a district's presentation for bond issuance statements and promotes a high level of financial reporting. In addition, we believe that the District's current Report will also meet the requirements of the Certificate of Excellence in Financial Reporting offered by ASBO International, and will submit the document for their continued certification.

The preparation and publication of this Report could not have been possible without the assistance, participation and cooperation of the entire Finance Division staff. Special notes of appreciation are extended to the Executive Director of Accounting Mark Turnbull, CPA, and District Controller Amanda Boyle, for their efforts in providing and preparing the information used for this Report. A note of appreciation is also made to the other departments of the District for their willingness to participate in providing information for this report.

In Closing

We are pleased to present the District's annual comprehensive financial report for the fiscal year ending June 30, 2024. The District's community deserves the highest quality instruction, outstanding academic programs, and comprehensive student development supports to prepare our city's youth for the challenges they will face in an increasingly complex and diverse world. Equally important, the District's community deserves relevant financial information and sound fiscal controls that will result in greater accountability to its taxpayers, legislators and government entities that serve the needs of its students. The District will endeavor to meet both goals.

Sincerely,

Rennette Apodaca, MPA, CPPO

Report on the Audit of the Financial Statements

Qualified and Unmodified Opinions

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information and the budgetary comparisons for the general fund and major special revenue funds of Albuquerque Municipal School District No. 12 (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

We have also audited the governmental activities, each major fund, the aggregate remaining fund information and the respective budgetary comparisons for the general fund and major special revenue funds of each of the following discretely presented component units: ACE Leadership High School and Foundation, Albuquerque Charter Academy, Christine Duncan Heritage Academy, Cien Aguas International School, Coral Community Charter School, Corrales International Charter School, Digital Arts & Technology Academy, El Camino Real Academy, Gilbert L. Sena Charter High School, Gordon Bernell Charter School, Health Leadership High School, International School of Mesa Del Sol, La Academia De Esperanza, Los Puentes Charter School and Foundation, Mountain Mahogany Community School, Native American Community Academy and Foundation, New Mexico International School, Public Academy for Performing Arts, Robert F. Kennedy High School, Siembra Leadership High School and Foundation, South Valley Academy, Technology Leadership High School, The New America School, Voz Collegiate Preparatory School and Foundation, and William W. and Josephine Dorn Community School, presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying combining and individual fund financial statements as listed in the table of contents as of and for the year ended June 30, 2024.

Qualified Opinion on the Governmental Activities of Cien Aguas International School

In our opinion, except for the possible effects of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of Cien Aguas International School, as of June 30, 2024, in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Albuquerque Municipal School District No. 12 as of June 30, 2024, and the respective changes in its financial position and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In addition, in our opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of each of the following discretely presented component units: ACE Leadership High School and Foundation, Albuquerque Charter Academy, Christine Duncan Heritage Academy, Coral Community Charter School, Corrales International Charter School, Digital Arts & Technology Academy, El Camino Real Academy, Gilbert L. Sena Charter High School, Gordon Bernell Charter School, Health Leadership High School, International School of Mesa Del Sol, La Academia De Esperanza, Los Puentes Charter School and Foundation, Mountain Mahogany Community School, Native American Community Academy and Foundation, New Mexico International School, Public Academy for Performing Arts, Robert F. Kennedy High School, Siembra Leadership High School and Foundation, South Valley Academy, Technology Leadership High School, The New America School, Voz Collegiate Preparatory School and Foundation, and William W. and Josephine Dorn Community School, as of June 30, 2024, and the respective changes in their financial position and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In addition, in our opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of Cien Aguas International School, as of June 30, 2024, and the respective changes in their financial position and the respective budgetary comparisons for the general fund and major special revenue funds for the year ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions.

Matter Giving Rise to a Qualified Opinion on the Governmental Activities of Cien Aguas International School

Management of the Cien Aguas International School was unable to provide a reconciled capital asset schedule that agreed to the prior year financial statements or to the current year additions, deletions or ending balance that was presented as part of the adjustments. We were unable to obtain sufficient audit evidence about the completeness and accuracy of capital assets. The amount by which this would affect the capital assets, net position and expenses cannot reasonably have been determined.

Emphasis of Matters

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

The accompanying financial statements for the following discretely presented component units, Digital Arts & Technology Academy, East Mountain High School, La Academia De Esperanza, Los Puentes Charter School, Mountain Mahogany Community School, Public Academy for Performing Arts, South Valley Academy, and William W. and Josephine Dorn Community School have been prepared assuming that the schools will continue as a going concern. As discussed in Note 22, Section O to the financial statements, the current charter for Digital Arts & Technology Academy, East Mountain High School, La Academia De Esperanza, Los Puentes Charter School, Mountain Mahogany Community School, Public Academy for Performing Arts, and South Valley Academy is only through June 30, 2025, leaving uncertainty regarding the longevity of these schools, and as of June 30, 2024, William W. and Josephine Dorn Community School closed and transferred all remaining assets to the District. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in Note 22, Section O. The financial statements do not include any adjustments that might result from the outcome of these uncertainties. Our opinions are not modified with respect to these matters.

The accompanying financial statements for the following discretely presented component units, Albuquerque Talent Development Academy and Voz Collegiate Preparatory School and Foundation, have been prepared assuming that the schools and foundation will continue as a going concern. As discussed in Note 22, Section O to the financial statements, these schools have significant budget constraints and fund deficits as of June 30, 2024, leaving uncertainty regarding the continued operations and longevity of these schools. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in Note 22, Section O. The financial statements do not include any adjustments that might result from the outcome of these uncertainties. Our opinions are not modified with respect to these matters.

Restatement – Siembra Leadership High School

As discussed in Note 22, Section P, to the notes to the financial statements, management discovered an error resulting in a misstatement of previously reported balances for the discretely presented component unit, Siembra Leadership High School. Accordingly, adjustments have been made to correct this error. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on page vii-1 through vii-21, the schedule of proportionate share of the net pension liability and contributions on page 169 and 171 through 200, the schedule of proportionate share of the net other post-employment benefits liability and contributions on page 170 and 201 through 231 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, combining and individual fund statements and schedules, schedule of collateral pledged by depository for public funds, schedule of cash and temporary investment accounts, cash report, and State of New Mexico legislative capital outlay appropriations each required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, combining and individual fund financial statements and schedules, schedule of collateral pledged by depository for public funds, schedule of cash and temporary investment accounts, cash report, and State of New Mexico legislative capital outlay appropriations each required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis
June 30, 2024

The following management's discussion and analysis provides an overview of the financial activities of the Albuquerque Municipal School District No. 12 (hereinafter referred to as "Albuquerque Public Schools", or "APS", or "District") for the fiscal year ended June 30, 2024. The document is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District's financial position, (d) identify any material deviations from the financial plan (approved budget), and (e) identify financial issues or concerns. Please read it in conjunction with the District's financial statements, which begin following this analysis.

Management's discussion and analysis is a required part of the District's and the discretely presented component units' financial reporting and is an objective and easily readable discussion of the District's financial activities. The reader will see two statements; a Statement of Net Position and a Statement of Activities. These statements provide the overall view of the financial activities of the District. This discussion and analysis will provide a review of the District's overall financial activities, using the full accrual basis of accounting, for the year ending June 30, 2024. Fund financial statements are reported on a modified accrual basis of accounting. Rather than looking at specific areas of performance, this discussion and analysis focuses on the financial performance of the District as a whole. Whenever possible, this discussion and analysis will provide the reader multi-year pictures of financial performance and other pertinent information through the use of tables and other graphic information.

This annual report consists of a series of detailed, audited financial statements, supplementary information, and the notes to those statements. The District's finance department staff prepared these statements and the accompanying supplementary information. Also included is the Report of Independent Auditors, Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Report of Independent Auditors on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance, and the Schedule of Findings and Questioned Costs.

Financial Highlights

The District is responsible for elementary and secondary education within its geographical borders. The voters elect the members of the District's governing board which is financially accountable for the District by approving the District's budget, levying taxes, if necessary, and approving any debt issuances.

District-authorized charter schools are responsible for providing elementary and secondary education within the District. Each charter school is managed independently by its own governing board. The charter schools are presented as discretely presented component units in the District's Financial Statements.

All charter school operating revenues are passed through the District to the charter schools located within the District's boundaries. Two percent of the charter school revenues are retained by the District for administration purposes. One of the primary considerations for deciding whether an entity is a component unit is financial accountability. Because the District and charter schools share certain financial benefits, in the case of the revenues being passed through the District, to possible financial burdens, such as possibly being liable for operating deficits, the charter schools are treated as component units and included within the scope of the District's Independent Audit and financial statements. Additionally, the New Mexico Administrative Code requires charter schools to be included as component units.

June 30, 2024

The 2024 New Mexico legislative session made significant strides in public education, with a historic allocation of \$4.7 billion for K-12 education. This includes \$4.2 billion in State Equalization Guarantee (SEG) funds for school districts to use at their discretion, covering key priorities such as a 3% pay raise for all school staff and support for extended school calendars. Additional funding was designated for specific needs, such as \$133 million for transportation and \$30 million for Career and Technical Education (CTE) and literacy programs. Notably, \$41 million was set aside for universal school meals, ensuring that all students receive meals free of charge. The budget also addressed early childhood education with increased funding for pre-kindergarten and childcare quality improvements. Additionally, while not a legislative initiative, a PED administrative rule mandating 180 instructional days for all schools was implemented. Overall, the session highlighted a commitment to expanding educational opportunities, addressing teacher recruitment, and improving student outcomes across New Mexico.

The *Statement of Net Position* shows the District's total assets as of June 30, 2024, totaled \$2,366,959,569, including cash and investment assets of \$816,269,595. High levels of cash and investment assets are in place to fund ongoing and planned school facility construction projects and to support the District's self-insured components of Risk Management.

Overview of the Basic Financial Statements

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) governmental funds financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the remaining difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Each of the government-wide financial statements relates to functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District are all related to public education.

The government-wide financial statements can be found on pages 1 and 3 of this report.

Governmental Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are divided into two categories: governmental funds and internal service funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. The Governmental Funds Reconciliation of the Balance Sheet to the Statement of Net Position (Exhibit B-1) and the Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities (Exhibit B-2) provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains nine individual major governmental funds and numerous non-major governmental funds. In the governmental fund balance sheet and in the governmental fund statements of revenues, expenditures and changes in fund balances, separate columns are presented for the major governmental funds while the non-major funds are combined and presented in a single column. The non-major governmental funds are provided in the form of combining statements elsewhere in this report.

The District adopts an annual budget for its governmental and internal service funds. Budgetary comparison statements have been provided for the governmental funds to demonstrate compliance with the budget. The governmental fund financial statements for the major funds can be found on pages 5-9 of this report.

Internal Service Fund. The District created an internal service fund in fiscal year 2007 for the purpose of providing increased visibility, recording, and tracking of transactions related to medical and dental health plans, workers' compensation, property, and liability insurances and claims. In prior years, these transactions were reported within the Operational Fund. The Insurance Fund was created at June 30, 2007, with the transfer of related cash balances and liability reserves. The activity for the 2024 fiscal year is recorded in the Internal Service Fund and can be seen in the statements on pages 16-18.

Notes to Basic Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 19 of this report.

Statement of Net Position (Excluding Component Units)

This statement shows that as of June 30, 2024, the District (excluding charter schools and the Albuquerque Public Schools Foundation) has total net position of \$(340,308,770) as compared to net position deficit of \$(894,425,624) as of June 30, 2023. The District had \$826,306,298 in cash, investments, and other current assets on hand as of June 30, 2024, and accounts payable/current liabilities and current long-term debt of \$264,873,022. Cash and investment assets increased by \$170,482,901 (26.4%) while other current assets increased by \$113,910 (1.1%). The increase is mostly due increased State Equalization Guarantee funding and favorable interest rates which generated more investment earnings. The \$31,889,607 increase in capital assets net of depreciation and amortization is mostly due to the inclusion of computers and other aggregate purchases due to GASB's amended guidance on capitalization. Long-term liabilities decreased \$77,514,175, mainly due to a decrease in the District's share of the net pension and net OPEB liability related to actuarial adjustments. Restricted net position increased from \$500,320,948 to \$547,516,983. Unrestricted net position deficit decreased from \$(2,234,446,038) to \$(1,797,933,839), mostly as a result of the aforementioned decrease in the District's share of the net pension liability and net OPEB liability.

Fund Financial Statements

Statement of Revenues and Expenditures and Changes in Fund Balances

Fund financial statements are based on a modified accrual basis of accounting. The Statement of Revenues and Expenditures and Changes in Fund Balances guides the reader to a meaningful overall view of the District's revenues, expenditures, and fund balance and changes to the fund balance. This report also shows the revenue and expenditure activities of each major fund and the total of all "other" Governmental Funds. Total revenues from state, local, and federal sources were \$1,619,917,131. Total expenditures for the School District were \$1,524,884,417. The total ending fund balance, \$727,813,353, is an increase of \$95,032,714 from the prior year, mostly due to the sale of general obligation bonds and an increase in interest revenue.

Multi-Year District Revenues and Expenditures

Current resources increased mainly as a result of the sale of general obligation bonds and an increase in interest revenue.

Year	Total Revenues ¹	% Increase (Decrease)	Total Expenditures ¹	% Increase (Decrease)
2023/2024	\$ 1,619,917,131	11.41%	\$ 1,524,884,417	28.19%
2022/2023	1,453,951,809	18.00%	1,341,989,751	19.48%
2021/2022	1,232,126,438	5.70%	1,189,589,462	5.92%
2020/2021	1,165,693,462	4.91%	1,123,154,738	1.73%
2019/2020	1,111,089,699	10.38%	1,104,069,631	5.97%

¹Revenues include proceeds from general obligation bonds sales in each respective year. Cash carryovers are excluded and expenditures include capital outlay.

The Budget

The State of New Mexico school budget process is defined under New Mexico State Statutes (Section 22-8, *Public School Finance*) and the New Mexico Administrative Code (Section 6.20.2 *Governing Budgeting and Accounting for New Mexico Public Schools and School Districts*). Schools are provided funding based on a formula that is driven by student enrollment. Schools are also provided with additional "discretionary" funding based on their level of at risk factors (free lunch participation, mobility, English language learners). School principals then work with their staff and site councils to develop a detailed site budget.

GASB Statement No. 34 does not require a combining statement presenting the overall District result of the budget for each year; however, all major budgetary funds are required by the New Mexico State Auditor to be reported as separate statements.

Management's Discussion and Analysis

June 30, 2024

The District had 111 active major and non-major funds at June 30, 2024. The 9 major budgetary funds in these reports are:

11000	Operational Fund	31100	Bond Building
21000	Food Service	31600	Capital Improvements HB-33
24101	Title I - IASA	31701	Capital Improvements SB-9
24106	IDEA-B	41000	Debt Service
24330	American Rescue Plan Act		

In addition, 95 active, non-major Special Revenue Funds, and 6 non-major Capital Projects Funds are also reported for their budgetary performance.

The following graphic shows the fiscal relationship of the major funds and the combined non-major funds presented on a budgetary basis.

The Operational Fund Final Expenditures represent 55.11% of the total expended dollar amount. This fund provides the salary and benefits for the significant majority of the Instructional, Instructional Support, School Support, and Maintenance and Administrative staff as well as classroom materials, special education consulting staff, and fixed utility costs. Revenue from this fund is substantially derived through the statewide funding formula in the form of State Equalization Guarantee, which is appropriated for education by the State Legislature. The Operational Fund is discussed later in the *Management's Discussion and Analysis*.

Major Funds-Analysis of Budgetary Fund Balances

	Fund Description	Fund Balance June 30, 2024	Fund Balance June 30, 2023	Variance
11000	Operational	\$ 87,743,380	\$ 74,965,130	\$ 12,778,250
21000	Food Service Special Revenue	32,714,073	28,341,210	4,372,863
31100	Bond Building Capital Project	126,905,576	98,324,071	28,581,505
31600	Capital Improvements HB-33	176,076,544	162,011,620	14,064,924
31701	Capital Improvements SB-9	62,523,901	52,179,019	10,344,882
41000	Debt Service	108,600,839	110,027,666	(1,426,827)
	Total	\$ 594,564,313	\$ 525,848,716	\$ 68,715,597

The overall budgetary fund balances of these major funds have increased by \$68.7 million. The increase in the Bond and Capital fund balances is mainly due to the persistent supply-chain effects of COVID-19, and the increase in the debt service fund due to premiums received on the sale of bonds and an increased tax base.

The Operational Fund

The Operational Fund is the District's largest fund. The Operational Fund budget for the period ending June 30, 2024, was \$998,579,149, and the significant impact of this fund on School District Operations must be kept in context.

The Operational Fund is predominately funded by revenues from the State Equalization Guarantee (SEG) formula. This fund pays for teaching staff, teaching support staff, special education support staff, maintenance staff, and administrative staff. The Operational Fund also provides the predominant funding for athletics. State public school support funding for School District Operations increased by 12.5% for the year ended June 30, 2024. As shown in the *Operational Fund Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual*, the Operational Fund began the year with an initial expenditure budget of \$998,366,718 and had a final budget of \$998,579,149.

Management's Discussion and Analysis
June 30, 2024

Because the Operational Fund is the main fund whose expenditures are significantly related to the educational process, \$918,866,034 was expended in the year ending June 30, 2024. The most significant expenditure was for the function noted as "Instruction". This expenditure was \$604,919,607 or 65.82% of all Operational Fund expenditures. Expenditures included in this function are Regular Education teachers, Special Education teachers, Early Childhood Education teachers and educational assistants, staff benefits, payroll taxes, school supplies, training, and miscellaneous instructional related contract services. In addition, \$129,039,609 or 14% was expended from the "Support Services-Students" and "Support Services-Instruction." The expenditures in these two functions are directly in support of classroom and school activities. Charges to these functions include the related expenditures for librarians, nurses, social workers, counselors, and special education support staff. Less than 1% of the Operational budget was used for general administration, 5.77% was used for school administration, and 2.86% was used for Central Services which includes Business Support, Warehouse Support, and Informational Technology.

The following discussion on the Operational Fund budget relates to functional expenditures for the year ending June 30, 2024, for the Operational Fund. Instruction for APS represents 67.45% of all Operational Fund expenditures.

Variance between Original and Final Budget

The original approved budget included an estimate of what the cash balance would be at the end of the prior fiscal year. When the actual cash balance was determined, the budget was adjusted for the difference. In the fiscal year ending 2024, the increase to the Operational Fund final budget of \$212,431 is mostly due to an increase in the unit value and methodology of the calculation of the state equalization funding.

Variance between Final Budget and Actual Expenditures

The variances between the District's Operational Fund final budget and actual expenditures in fiscal year 2024 are due to the District's cash balance policy to maintain a minimum 5% cash balance in the operating fund at year-end to meet the District's obligations in the following month, and position vacancies.

Support services for students and instruction represents 14% of Operational Fund expenditures and accounts for expenditures for program coordinators, counselors, school nursing staff, librarians, special education ancillary staff, and significant support to special education programs through contract ancillary support staff and contract programs. General Administration and Central Services represents the overhead support for the entire operations of the District; these programs combined represent 3.39% of the total Operational Fund. Central Services includes Business support, Technology, and Warehousing Services. Maintenance and Operations account for 10.82% of the Operational Fund expenditures. Included in the Maintenance and Operations expenditures are salaries and benefits for maintenance staff, school custodians, fixed utility costs, maintenance and repairs, maintenance supplies, and school custodial supplies. Additional support for maintenance projects comes from the voter approved Two-Mill Levy Fund (SB-9). The SB-9 fund is a critical and integral fiscal component of the District's Maintenance program. The Operational Fund also supports expenditures for school athletics and summer school in the Instruction function.

Self-Insurance Benefits and Reserve Funds

Sections 22-29-1 thru 10, NMSA 1978, mandate that school districts and charter schools are to be included in the New Mexico Public Schools Insurance Authority (NMPSIA). The statutory language also allows school districts in excess of 60,000 students to be "waived" from participation in Insurance Authority programs. As a result, the District funds and administers its own employee benefit and risk management programs as a self-insured program. However, the charter schools are included in the NMPSIA program.

As part of the self-insurance program, the District maintains reserve funds for Medical, Dental, and Vision Benefits, and Risk and Workers Compensation based upon annual actuarial studies. The District considers these funds to be "restricted", and the funds are accounted for within an Internal Service Fund. At year-end, the balances for the self-insurance reserves were as follows:

Fund	Reserve	Confidence Level
Health, Dental, & Vision Benefits	\$ 10,045,000	90%+
Workers Compensation	15,650,931	90%
Property/Liability	13,718,096	90%

As of June 30, 2024, the District's self-insurance reserve fund (which pertains to estimated liabilities) totaled \$39,414,027. Liabilities at June 30, 2024, for health, dental, and vision are stated at 90% confidence level plus 15% to provide for claims fluctuation margin in the event of catastrophic claims. Liability balances for worker's compensation and property and liability are stated at 90% confidence level.

A confidence level is the statistical certainty that an actuary believes funding will be sufficient. For example, a 70% confidence level means that the actuary believes funding will be sufficient in seven years out of ten.

These reserves were carried forward into the 2023/2024 fiscal year and are deemed sufficient to meet requirements. The 2025 medical plans project an estimated average 13.5% increase in overall premiums will be needed to maintain current levels of coverage.

The District's medical plan will continue offering employees value-based medical and prescription drug plan options through in- and out-of-network plans from BlueCross BlueShield PPO and in-network plans from Presbyterian Health Plan EPO.

The District's prescription drug plan utilizes the SaveOn program to capture manufacturer assistance funds for select specialty medications. The District's dental and vision plans will not change for the plan year 2024.

Capital Assets

GASB Statement No. 34 requires public entities to depreciate capital assets. Utilization of depreciation and amortization concepts by public entities allows the reader to know if the entity is replacing its assets at a rate in which they are being used. The District utilizes a "straight line" depreciation method in all cases and standardized lifetime tables in calculating this depreciation and amortization.

State of New Mexico
Albuquerque Municipal School District No. 12
Management's Discussion and Analysis
June 30, 2024

As of June 30, 2024, the District's capital assets had a book value of \$1,415,971,962 after depreciation and amortization, which includes total accumulated depreciation and amortization of \$1,699,534,817. Note 9 in the Notes to the Financial Statements gives more detail of the changes in capital assets for the year ended June 30, 2024.

Due to fluctuations in student enrollment and certain aging facilities, the District has taken a planned and focused approach towards investing in equipment and building new facilities as well as adding to and maintaining existing facilities. These efforts are evidenced by the substantial and continuous investment in the Capital Master Plan.

The following table displays a two-year history of year-end balances for the District's investment in all capital assets:

Capital Asset Type	June 30, 2024	June 30, 2023

Capital Assets – Net	<u>\$ 1,415,971,962</u>	<u>\$ 1,384,082,355</u>

In the fiscal year ending June 30, 2024, the *Statement of Revenues, Expenditures and Changes in Fund Balances* included capital outlay additions of \$139,194,761 and capital contributions (donated capital assets) of \$1,478,167. This amount included expenditures of \$52,988,955 from the proceeds of the Bond Building Fund; \$34,524,178 was expended from the HB-33 fund for capital improvements, and \$3,886,521 was expended from SB-9 Local funds. All three of these funds are authorized by local election. Also, \$22,914,774 was expended from non-major funds. The American Rescue Plan Act Fund had capital outlay expenditures of \$24,711,178, and the Operational Fund had capital outlay expenditures of \$169,155. Total capital outlay includes the following:

Capital Outlay	\$ 140,672,928
Assets Charged to Other Functions	20,489,411

General Long-Term Debt

Article IX, Section 11 of the New Mexico Constitution limits the powers of a school district to incur general obligation debt beyond a school year. The school district can incur such debt for "the purpose of erecting, remodeling, making additions, and furnishing buildings or purchasing or improving school grounds or purchasing computer software or hardware for student use in public classrooms or any combination of these purposes." The approval of the debt is subject to a vote of the local electors and may not exceed 6% of the assessed valuation of the taxable property within the school district. In accordance with the assessed valuation limitation calculation, the District's long-term debt may not exceed \$1,247,175,347.

To this point, the District has not maintained a level of indebtedness to the maximum extent allowed. However, due to the need to add additional facilities to address fluctuations of the District's student population, upgrade and expand existing facilities, provide for the growing demand for technology in education and the shift to digital curricula, and to leverage additional funds available from Public School Capital Outlay, on November 2, 2021, the voters approved a \$200 million General Obligation bond. The District sold \$80 million of these bonds in May 2024.

The District maintains a strong rating of AA with S&P. In January 2021, Moody's Investors Service downgraded the District's issuer rating from Aa3 to A1, due to participation in a poorly-funded statewide cost-sharing pension plan. The downgrade only effects the previously issued bonds rated by Moody's. The current bond issue and refunding bonds were assigned an AA rating based on the State of New Mexico's bond rating. Effective July 1, 2003, school district bonds are also permitted to carry the enhanced State of New Mexico bond rating of Aa2. This action was authorized in Senate Bill 847. The effect of this bill will be to reduce the risk to bond holders and, as a consequence, reduce the interest costs to the taxpayer.

Charter Schools

Because the operations of the charter schools are not material to the overall financial performance of the District, charter schools are only included in this section of the analysis. Charter school organization and management is set forth under Sections 22-8B-1 through 15, NMSA 1978. This section of the law allows for charter schools to be formed and funded within an existing school district under specific criteria. The District's Board of Education is responsible for the review and approval of charter school applications; however, a denial of an application allows for an appeal process to the Public Education Department. Each charter school is governed by a governing body identified in the charter. The charter school governing body is responsible for the operation of the charter school, including "preparation of a budget, contracting for services, and personnel matters."

Because of the complexity of the rules and accounting requirements of Public Education Department, many charter schools encounter varying degrees of difficulty and challenges. The Albuquerque Public Schools, the New Mexico Coalition of Charter Schools, and the New Mexico Association of School Business Officials are all working to provide support and training for these schools.

Management's Discussion and Analysis
June 30, 2024

One of the more significant challenges facing charter schools is the quality of the existing charter school facilities. The State of New Mexico has mandated that charter schools occupy public facilities by the 2015 school year. Policy discussions are ongoing with regard to how that mandate will be funded and implemented. The deadline has been extended at least once from its original deadline. Included in the options for charter schools is the lease purchase financing of school facilities. The constitutional prohibition on lease purchase financing was removed by the voters as a result of the general election on November 7, 2006. It is anticipated that further legislative definition of this capital project financing tool will take place during future legislative sessions. All of the District's authorized charter schools are included in the District's comprehensive Capital Master Plan. The District has invested more dollars for capital outlay for its district authorized charter schools than any other authorizer in the state. The current capital strategy allocates funds for instructional technology, facility design, construction, upgrades and repairs, and toward providing permanent facilities for both District and State-approved charters.

APS Education Foundation

The Albuquerque Public Schools Education Foundation is a 501(c)(3) charitable organization established in 1995 that raises private support for academic programs within the District. Over the past 28 years, the Foundation has raised more than \$10,000,000 in cash, in-kind donations, and pledges. In addition to providing help to the approximately 78,000 schoolchildren and 12,420 staff members of the District, the Foundation serves as a fiscal agent for a variety of programs. Each year the Foundation fundraises for and budgets \$500,000 for its grant initiatives that support innovative classroom practices and educational opportunities. With the support of the District, the Foundation is able to invest 78 cents of every dollar raised into District programs, schools, and departments. The Foundation's financial statements are included with the District's financial statements as a discretely presented component unit.

Student Activity Funds

School sites, as fiscal agents, maintain and monitor special funds on behalf of the school activity groups. The funds are maintained by the schools and are intended to benefit a specific activity or interest and are generally raised by students for student use. The total of the funds District-wide is \$8,552,861.

While each school site is the fiscal agent and responsible for the administration of these funds, the use of these funds is in accordance with District Policy and Public Education Department Regulations. The management of these funds is directed by the school principal, and the funds are also subject to annual review by the District's Activity Fund Support Department.

State Equalization Guarantee Funding History

The following table indicates the statewide funding of SEG along with the amount allocated to the District for the past five years.

Fiscal Year	Statewide¹	APS District¹
2023/2024	\$ 3,969,950,962	\$ 902,132,589
2022/2023	3,506,135,686	805,535,165
2021/2022	3,124,025,923	719,352,452
2020/2021	3,022,050,489	706,995,565
2019/2020	2,935,530,736	718,022,132

¹ Amounts shown in dollars.

Operational funding of public schools is as stable as the current conditions allow. Some of the difference in the annual rates of growth is attributable to formula factors applied in deriving the allocation to each district. For example, if a school district's student population grows at a rate that is different than the anticipated statewide growth, then that district's SEG would reflect the difference caused by the underlying change in student population ratio. Additional formula factors address the additional cost of providing for students with disabilities, bilingual education, and programs to address students at risk of dropping out. Another significant formula factor is the Training and Experience index, which recognizes the education and experience level of instructional staff and the costs associated with attracting and retaining a qualified instructional workforce.

Teacher Salaries

In 2023, New Mexico enacted comprehensive public school reform legislation including the three-tiered system, which created a three-level career ladder for teachers to ascend based on experience, leadership, and skills. Movement up a level results in pay increase of \$9,000 to \$10,000 depending on the levels. Beginning in fiscal year 2019-20, the beginning salaries for all tiers was increased: Level I increased from \$36,000 to \$41,000; Level II increased from \$44,000 to \$50,000; and Level III increased from \$54,000 to \$60,000. It is anticipated that these increases in salaries will attract and retain high-quality teaching staff. The fiscal year 2023-24 budget provided 12,420 FTE. In this total, 5,804 FTE teachers were budgeted. The following is a five-year summary of average returning teacher salaries.

Year	Average Salary	Experience
2023/2024*	\$ 70,367	-
2022/2023^	65,003	12.1 years
2021/2022^	56,430	12.1 years
2020/2021^	55,043	12.2 years
2019/2020^	54,498	11.9 years

Local Assessments

General Obligation Bonds. Local property taxes serve as the revenue source for the repayment of general obligation bonds. Because of the growth of both residential and commercial assessed valuation for properties in the Albuquerque School District, the District has undertaken an aggressive expansion program to add additional classroom space in the District. The following table illustrates the growth of the assessed valuation for the District.

Valuation Table	
Tax Year	Albuquerque Public Schools
2023	\$ 20,786,255,779
2022	19,625,338,891
2021	18,730,112,731
2020	17,985,673,062
2019	17,476,514,827
2018	16,890,032,033
2017	16,388,834,729
2016	15,849,486,540

Source: Bernalillo and Sandoval County Assessor's Office

Because of continued development in both the residential and commercial properties in the District, it is expected that future assessed valuations will continue to increase. It is also expected that voter support for the District will continue to be strong, and revenues from General Obligation Bond proceeds will continue to be an integral part of the District's Capital Master Plan.

Economic Conditions and Outlook

Overall, New Mexico's economy in 2024 showed resilience, with sectors like energy and film driving growth. The state's reliance on oil and gas provides a strong revenue base, though the need for diversification remains clear. Long-term challenges in education, poverty, and housing require continued attention, but federal investments and the expansion of renewable energy and high-tech industries offer hope for sustainable growth in the coming years.

New Mexico's economy is heavily reliant on oil and gas production, particularly from the Permian Basin. With fluctuating oil prices, the state has experienced periods of boom and volatility. As of 2024, oil prices are relatively stable, providing a boost to state revenues, but this remains a highly volatile sector. At the same time, the state is investing heavily in renewable energy, particularly wind and solar. Policies such as the Energy Transition Act, which targets 100% carbon-free electricity by 2045, continue to attract investment in clean energy projects. This could help diversify the state's economy and reduce its dependence on oil and gas.

The state government is focused on improving public education, healthcare, and infrastructure. Governor Michelle Lujan Grisham's administration has prioritized education funding, workforce development, and infrastructure improvements, all of which are crucial for long-term economic growth.

Management's Discussion and Analysis
June 30, 2024

New Mexico's unemployment rate has improved since the pandemic but remains higher than the national average. The state faces challenges with workforce participation and skills gaps in certain sectors. In 2024, targeted investments in workforce development, particularly in healthcare, education, and technology, are aimed at reducing unemployment.

Like much of the U.S., New Mexico has experienced higher inflation rates in recent years, impacting the cost of goods and services. In 2024, inflation has moderated somewhat, but housing and healthcare costs remain significant concerns for many residents. On the other hand, the cost of living in New Mexico is generally lower than the national average, particularly in terms of housing, though there are regional variations. Albuquerque for example has higher living costs compared to rural areas.

New Mexico's economic outlook for 2025 and beyond is cautiously optimistic, with growth driven by key sectors like energy, tourism, and film, but tempered by long-standing structural challenges. Diversification and public investment will be critical to the state's long-term success.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Government Funds to the Statement of Activities
For the Year Ended June 30, 2024**

	Governmental Funds
Net change in fund balances - total governmental funds	\$ 95,032,714
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:	
Depreciation and amortization expense	(122,458,018)
Capital outlay additions	159,684,172
Capital contributions (donated capital assets)	1,478,167
Adjustments/Disposal of capital assets	(6,814,714)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:	
Revenue related to the property taxes receivable	493,259
Issuance of debt related to SBITA	(841,504)
Internal Service Fund Change in net Position	13,181,617
Expenses in the statement of activities that do not consume the current financial resources:	
Change in accrued compensated absences	(437,739)
Net OPEB income	65,508,441
Net Pension income	349,447,996
SBITA increase in accrued interest payable	(168,733)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:	
Amortization of original issue premium	5,072,503
Decrease in accrued interest payable	(834,932)
SBITA liability principal payments	883,625
Debt service principal payments	79,020,000
Original Issue Premium	(4,130,000)
Debt Proceeds	(80,000,000)
Change in Net Position - Total Governmental Activities	<u>\$ 554,116,854</u>

Note 1 – Summary of Significant Accounting Policies

The financial statements of Albuquerque Municipal School District No. 12, Albuquerque, New Mexico (District), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

Reporting Entity

The District was formed in the late 1800s. The District currently operates with a superintendent and seven elected board members. The District provides educational services to over 78,000 students. The financial statements include all funds that are controlled by, or dependent on, the District. Control by or dependence on the District was determined on the basis of budget adoption, taxing authority, outstanding debt secured by general obligations of the District, or the obligation of the District to finance any deficits that may occur. KANW, a public radio station, is included in the reporting entity general fund as a department within the District.

GASB Statement No. 14, 39, and 61 established criteria for determining the government reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the District is considered a primary government, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in the GASB Codification, fiscally independent means that the District may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The District also has component units, as defined by the GASB Codification, whereby the component units are legally separate organizations. There are no other primary governments with which the School board members are financially accountable. There are no other primary governments with which the District has a significant relationship.

KNME-TV is a non-profit television station jointly formed by the District and the University of New Mexico and has a separate governing board from that of the District. KNME-TV provides educational programming to the residents of New Mexico. It is excluded from the reporting entity because the District does not have the ability to exercise influence over daily operations and approve budgets; however, some funding is provided by the District, as well as by the University of New Mexico, private grants, gifts and contributions. The District derives no financial benefit from its relationship with KNME-TV and its only financial burden consists of a \$20,000 yearly contribution toward operations and payment of utility costs which amounted to \$14,645 during the fiscal year. Financial statements for KNME-TV may be obtained from the Controller's office of the University of New Mexico.

Separate financial statements are provided for governmental funds, and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The Internal Service Fund is used to account for the operation of the Self-Insurance Management Fund which services the District's departments.

Component Units

The following charter schools were formed under 1978 NMSA 22-8A. GASB provides guidance in determining whether certain organizations are component units and the presentation of these component units in the financial statements. Criteria for determining whether related organizations are component units include the following circumstances: Appointment of a voting majority of an organization's authority and the ability to either impose its will on that organization or the potential for the organization to provide specific financial benefits to, or impose specific burdens on the District; an organization is fiscally dependent and provides financial benefits to, or imposes specific financial burden; or it is determined that it would be misleading to exclude the related organizations from the financial statements because of the nature of the entity or because the entity is closely related to or fiscally integrated. The charter schools are legally separate entities that appoint their governing body and are not fiscally dependent on the District. The District management has determined that charter schools are major component units of the District under GASB Codification since their operating budgets and charters are annually presented and approved by the District's board, and the District and charter schools share certain financial benefits, in the case of the revenues being passed through the District, to possible financial burdens, such as possibly being liable for operating deficits. The District has also determined based on the nature and significance of its relationship to the District that the charter schools should be presented as discrete component units. Certain charter schools have opted to issue separate financial statements as described in Note 22.

APS Education Foundation

The Albuquerque Public Schools Education Foundation is a 501(c)(3) charitable organization established in 1995, for the purpose of soliciting, managing, and distributing private gifts and donations for the sole benefit of the District. In addition to providing help to over 78,000 schoolchildren and 12,420 full time staff members of the District, the Foundation serves as a fiscal agent for a variety of programs. The Foundation, through its Grants Program, distributes fundraising efforts aimed at providing financial supplements to Classrooms, STEM, Fine Arts, Literacy, Department initiatives, and Middle School/High School Activities programs operated by the District. The Foundation is a separate legal entity that appoints its governing body and is not fiscally dependent on the District. As a result, the Foundation is reported as discretely presented component units on the District financial statements. The Foundation issues a separate set of financials, and a copy can be obtained from the Foundation at 6400 Uptown Blvd. NE, Suite 630 East, Albuquerque, NM 87110.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment such as the collection of cafeteria fees and lost books, etc. and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment such as in Title I and IDEA-B or state programs such as HB-33 and SB-9. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Other Financing Sources (Uses) – Transfers between funds that are not expected to be repaid (or any other types, such as lease and SBITA payable transactions, sale of capital assets, debt extinguishments, long-term debt proceeds, etc.) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the period for which the taxes are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements
June 30, 2024

Note 1 – Summary of Significant Accounting Policies (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues susceptible to accrual are property taxes, state shared taxes, investment income, and charges for services. In accordance with GASB Statement No. 33, estimated property, and other taxes that are not available, are called unavailable revenue and shown as a deferred inflow of resources. All other revenues are recognized when they are received and are not susceptible to accrual because they are usually not measurable until payment is actually received. Expenditures are recorded as liabilities when they are incurred. Any effect of inter-fund activity has been eliminated from the government-wide financial statements.

Property taxes are collected by the Bernalillo and Sandoval County Treasurers and remitted to the District. Property tax revenue is recognized at the time of receipt or earlier if accrual criteria are met. The District's accounting policy is to defer property taxes that are not collected within 60 days after fiscal year end since delinquent property taxes are not available to finance current fiscal year District operations. Delinquent property taxes collected in future periods will be recognized as revenue when collected.

Unavailable revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. In subsequent periods when both revenue recognition criteria are met or when the District has a legal claim to the resources, the revenue is recognized.

Expenditures are recorded when the related fund liability is incurred, except interest on general long-term debt which is recognized when due, and certain compensated absences and claims which are recognized when expected to be liquidated with expendable available financial resources.

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general capital assets, and the servicing of general long-term debt. Governmental funds include:

The *General Fund (11000)* is the primary operating fund of the District and accounts for all financial resources, except those required to be accounted for in other funds.

The *Special Revenue Funds* account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The *Debt Service Funds* account for the services of general long-term debt not being financed by proprietary or nonexpendable trust funds.

Note 1 – Summary of Significant Accounting Policies (continued)

The *Capital Projects Funds* account for the acquisition of capital assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

Under the requirements of GASB Statement No. 34, the District is required to present certain of its governmental funds as major funds based upon certain criteria. In addition to the General Fund, the major funds presented in the fund financial statements include the following:

The ARP ESSER III Fund – American Rescue Plan Act Funding for Education (24330) is the third round of federal funding support to education with emphasis on the educational pandemic loss recovery (PL 117 2).

The *Bond Building Capital Projects Fund (31100)* is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

The *Capital Improvements HB-33 Fund (31600)* is used to account for the costs relating to erecting, remodeling, making additions to, providing equipment for, or furnishing public school buildings and purchasing or improving public school grounds. Financing is provided through property taxes as specified by Article 26 of the Public School Buildings Act (House Bill 33).

The *Capital Improvements SB-9 Fund (31701)* is used to account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act (22-25-1 to 22-25-10, NMSA 1978).

The *Debt Service Fund (41000)* is used to account for the accumulation of resources for the payment of General Long-Term Debt principal and interest.

The following funds are not required to be presented as major but are presented as major funds at the discretion of management:

The *Food Service Fund (21000)* is used to account for the cost of operating a student breakfast, lunch, snack bar, and summer lunch program and is financed with federal grants and fees paid by program users.

The *IASA Title I Fund (24101)* is used to provide compensatory education services to educationally deprived schoolchildren (including private school pupils) in low-income areas (PL 103-382).

The *IDEA-B Entitlement Fund (24106)* is used to account for federal resources administered by the Public Education Department to provide for special educational needs of handicapped 6-21 year olds (PL 94 142 & PL 99-457).

Note 1 – Summary of Significant Accounting Policies (continued)

The *Internal Service Fund* is used to account for the operations of the Self-Insurance Management Fund which services the District's departments on a cost-reimbursement basis. The activity tracked in this Internal Service Fund includes employee health insurance, worker's compensation insurance, and property and liability insurance for the District. All expenses are captured in this fund, and proceeds from employee deductions and budgeted appropriations are coded here as revenue sources. Collections from excess insurance policies are also deposited into this fund. The Internal Service Fund is reported in the Proprietary Funds section of this report. Internal Service Fund operating revenues include employer and employee contributions. Non-operating revenue is limited to interest income. Operating expenses include claims and overhead expenses.

The Statement of Net Position and the Statement of Activities were prepared using the accrual basis of accounting. Revenues, expenses, gains, losses, assets and deferred outflows of resources, and liabilities and deferred inflows of resources resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Non-Exchange Transactions."

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

Cash, Cash Equivalents, and Investments

Policies regarding cash, cash equivalents, and investments are approved by the District's Board of Education and are governed by New Mexico statute. Such policies allow deposits or investments in certificates of deposit, savings accounts, overnight repurchase agreements, various obligations of the U.S. Government or its agencies and the New Mexico State Treasurer's Local Government Investment Pool (LGIP). Such deposits and investments must be made through a State or Federally chartered bank or savings and loan association which is insured by the FDIC and which is within the geographic boundaries of the District, or with the New Mexico State Treasurer. The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition, which includes investments with the LGIP.

The District's Restricted Cash and Cash Equivalents of \$475,872,088 consist of cash balances in all funds except the Operational Fund. This includes Special Revenue Funds, Capital Projects, and Debt Service.

Collateral is required for at least 50% of deposits that are not insured by the FDIC, with the exception of repurchase agreements. These are required to have collateral of at least 102%. Obligations that may be pledged as collateral are obligations of the U.S. Government, its agencies, and state and local governments. Collateral is held in safekeeping at depository institutions in the name of the District.

Note 1 – Summary of Significant Accounting Policies (continued)

Investments are reported at fair value (FV). Investments are stated at the last reported sales price on a national securities exchange or as priced by a nationally recognized securities pricing service as on the last business day of the fiscal year. Investment income, including changes in the FV of investments, is reported in operations.

For purposes of the Statement of Cash Flows, the internal service fund considers highly liquid assets (including restricted assets) with maturity of three months or less when purchased to be cash and cash equivalents.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as inter-fund receivables and inter fund payables. All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The allowance for doubtful accounts is based on management's assessment of the collectability of specific accounts, the aging of accounts receivable, and historical experience.

The District receives monthly income from a tax levy in Bernalillo and Sandoval Counties. The funds are collected by the County Treasurers and are remitted to the District the following month. Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. A receivable is recorded when the fund has incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

Prepaid Items

The consumption method is used to report prepaid items. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Inventory

Supply inventories are valued at cost and consist of educational supplies, purchased and donated commodities. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at the lower of their estimated fair market value at the date of receipt or current market value.

The food commodities received from the Federal Government (passed through from the state) are recorded as revenues and expenditures as they are consumed. Quantities on hand at year-end are recorded as inventory with an offsetting credit to revenue.

The consumption method is used to report inventories. Purchased inventories are classified as expenditures at the time individual inventory items are used. Reported inventories are classified as nonspendable fund balance which indicates that they do not constitute available expendable resources.

Capital Assets

Capital assets are recorded at historical cost and depreciated over their estimated useful lives (with no salvage value). Effective July 1, 2011, the District began capitalizing only equipment with a value in excess of \$5,000 in accordance with state statute. In addition, assets should be capitalized if the aggregate acquisition cost is deemed significant at the time of purchase, even if the individual cost falls below the District's threshold of \$5,000. Beginning with fiscal year 2024, the significant threshold related to aggregate asset acquisition for The District is \$1,000,000. If a similar grouping of asset acquisitions exceeds this amount in total at the time of purchase, the acquisition is capitalized.

Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at their estimated acquisition value at the date of acquisition, plus ancillary charges. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Capital assets include land and land improvements, buildings and building improvements, furniture, fixtures, equipment, machinery, and vehicles. Capital assets are used in operations and have a useful life of more than one year and a cost exceeding established capitalization thresholds. The District does not own any infrastructure assets such as roads, bridges, tunnels, drainage systems, water and sewer systems, and dams and lighting systems.

Purchased capital assets costing more than \$5,000 are recorded at historical cost, including significant ancillary charges necessary to place the asset into its intended location and condition for use. Improvements to land and buildings are capitalized at the higher threshold of \$25,000.

Capital assets are reported net of accumulated depreciation in the Statement of Net Position. Capital assets that are not being depreciated, such as land, are reported separately for significant amounts. Capital assets are depreciated over their estimated useful lives using the straight-line depreciation method and full-month averaging. No salvage value is allowed for this purpose. Estimated useful life is management's estimate of how long the asset is expected to meet service demands.

Straight-line depreciation is used based on the following estimated useful lives:

Computer Equipment and Business Machines	3 Years	Improvements to Land	20 Years
Vehicles, General Equipment and Furniture	5 Years	Improvements to Buildings	20 Years
Large Vehicles, Trucks, Trailers, and Heavy Equipment	8 Years	Portable School Buildings	25 Years
Buses	12 Years	Building Purchases	40 Years

Depreciation was allocated to the various functions based upon originating purchasing source where identifiable. Unallocated depreciation was recorded in the Statement of Activities.

Unearned Revenues

The District reports unearned revenues on its Statement of Net Position and various fund balance sheets. Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements
June 30, 2024

Note 1 – Summary of Significant Accounting Policies (continued)

In subsequent periods, when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and the revenue is recognized.

Subscription-Based Information Technology Arrangements (SBITAs)

The District recognizes SBITAs that have a term exceeding one year that meet the definition of an other than short-term SBITA. The District uses a discount rate that is explicitly stated or implicit in the contract. When a readily determinable discount rate is not available, the discount rate is determined using the District's incremental borrowing rate at start of the arrangement for a similar asset type and term length to the contract. Short-term subscription payments are expensed when incurred.

Accrued Salaries

Certain employees of the District (primarily schoolteachers and support staff) work nine months of the 12 month fiscal year. The District disburses payroll to such employees throughout the entire 12 month period. Accordingly, salaries payable included as accrued expenses in the accompanying financial statements include accrued salaries for services performed through June 30, 2024, for these employees.

The accrued salaries will be paid within two months after the end of the fiscal year.

Compensated Absences

In the event of termination or retirement, employees may be paid for up to 176 hours of accumulated vacation leave. Accordingly, accumulated vacation leave is recorded as if fully vested. The vested vacation leave payable is calculated using current pay levels and is recorded in the government-wide financial statements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. During the year, \$22,748,667 in interest on long-term debt was recorded, including \$9,748,346 in accrued interest payable.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District is reporting \$172,119,068 related to the pension plan and \$68,738,855 related to the OPEB plan for a total of \$240,857,923 at June 30, 2024.

State of New Mexico

Note 1 – Summary of Significant Accounting Policies (continued)

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District reported deferred inflows related to the pension plan of \$283,651,112, \$227,752,084 related to the OPEB plan, and \$2,257,296 related to bond refunding, for a total of \$513,660,492 at June 30, 2024.

Fund Balance

The difference between assets and liabilities in the governmental fund financial statements are among the most widely and frequently used information in state and local government financial reports.

GASB Statement No. 54 distinguishes fund balances based on the relative strength of the constraints that control the purposes for which specific amounts can be spent. The Board of Education is the highest level of decision making authority and formal Board action, and through an adopted resolution, is required to create, modify or rescind, a fund balance commitment. The general fund is the only fund that may report a positive, unassigned fund balance. Beginning with the most binding constraints, fund balance amounts are reported in the following classifications:

- *Nonspendable* – portion of net resources that cannot be spent because of their form or because they must remain intact.
- *Restricted* – amounts constrained by external parties, constitutional provision, or enabling legislation.
- *Committed* – amounts constrained by a government using its highest level of decision-making authority. The Board of Education is the highest level of decision making authority. Formal Board action, through a resolution creates a commitment.
- *Assigned* – amounts a government intends to use for a particular purpose. The Board of Education's policy on Fiscal Management delegates the chief financial officer as the administrative position responsible for assigning future fund balance.
- *Unassigned* – amounts that are not constrained at all will be reported in the general fund.

Operational Fund Cash Balance Procedural Directive

The chief financial officer shall manage the District's finances and take appropriate action to ensure an operational fund cash balance of at least five percent (5%) of the current year's budgeted operating expenditures for any given fiscal year.

Upon accumulation of the operating fund cash balance of at least five percent (5%), the operating fund cash balance may only be drawn down below that level under the following circumstances:

- a. An unexpected loss of revenue which includes, but is not limited to a mid-year reduction in operational revenues from the New Mexico Legislature and/or the New Mexico Public Education Department which were not included in the final approved budget.
- b. Approval from the Board of Education for a non-budgeted expenditure.
- c. Upon approval from the New Mexico Public Education Department through a budget adjustment request. In an emergency, the chief financial officer may spend the operational fund cash balance prior to approval of the budget adjustment request.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements

Note 1 – Summary of Significant Accounting Policies (continued)

Upon receiving any indication that the operating fund cash balance may not equal at least five percent (5%) at any point within a rolling five-year financial forecast period, the chief financial officer shall immediately report the information to the superintendent and the Board of Education. It shall be the responsibility of the chief financial officer to provide recommendations to the superintendent and the Board of Education that may assist in accumulating and maintaining the operating fund cash balance as outlined in this procedural directive.

Net Position

The government-wide statements utilize a net position presentation categorized as follows:

Net Investment in Capital Assets – This category reflects the portion of net position associated with capital assets less outstanding capital asset related debt.

Restricted Net Position – For the government-wide statement of net position, net position is reported as restricted when constraints placed on the net asset used are either.

1. Externally imposed by creditors (such as, debt covenants), grantors, contributors, or laws or regulations of other governments; or
2. Imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This category reflects net position of the District not restricted for any project or other purpose.

The District's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available. The District's restricted net position for capital projects on Exhibit B-1 represent those imposed by law through enabling legislation. When an expenditure is incurred for which committed, assigned, and/or unassigned amounts of funding are available, funds are applied in that respective order.

Inter-Fund Transactions

Reciprocal and non-reciprocal transactions are accounted for as revenues, expenditures, or expenses. Reimbursements to a fund for expenditures/expenses initially made from that fund are properly applicable to another fund are recorded as inter-fund due from prior to the recording of the actual reimbursements. All other inter-fund transactions, except reciprocal and non-reciprocal transactions and reimbursements, are reported as transfers.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements

Note 1 – Summary of Significant Accounting Policies (continued)

Estimates in these financial statements include the District's estimate of useful lives for determining accumulated depreciation and amortization and depreciation and amortization expense, an estimate of accrued interest, estimates of worker's compensation and health insurance claims, an estimate of property taxes receivable, and an estimate of the District's proportionate share of the Educational Retirement Plan (ERP) net pension liability and Retiree Health Care Authority (RHCA) net OPEB liability.

Revenues

Program Revenues

In the Statement of Activities, program revenues derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues. Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which include revenues received from state and federal sources such as Title I and IDEA-B funding to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as SB-9 and HB-33 funding to be used for capital projects.

State Equalization Guarantee

School districts in the State of New Mexico receive a "state equalization guarantee distribution," which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 82-5, NMSA 1978) is at least equal to the school district's program cost."

A school district's program costs are determined through the use of various formulas using "program units" which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size; 6) extended learning time plan (ELTP); and 7) kindergarten - 5th grade + (K5+) programs, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$902,132,589 in state equalization guarantee distributions during the year ended June 30, 2024.

Tax Revenues

The District receives mill levy and ad valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized for governmental purposes when they are assessed and for fund purposes when they are measurable and available. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Property Taxes

An enforceable lien is attached on property as of January 1. Tax notices are sent to property owners by November 1 of each year, to be paid in whole or in two installments by November 10 and April 10 of each year. The County collects county, city, and school taxes and distributes some to each fund once per month.

Pupil Transportation Distribution

School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. Allocations received from the state for the year ended June 30, 2024, totaled \$20,822,624 and is recorded as state grants.

SB-9 State Match

The Director shall distribute to any school district that has imposed a tax under the Public School Capital Improvements Act (22-25-1 to 22-25-10, NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of Section 22-25-3, NMSA 1978, assuming a one hundred percent collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the District under the Public School Capital Improvements Act. The distribution shall be made by December 1st of each year that the tax is imposed, in accordance with Section 22-25-3, NMSA 1978.

However, in the event that sufficient funds are not available in the public school capital improvements fund to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

Public School Capital Outlay

Under the provisions of Chapter 22, Article 24, NMSA 1978, a public school capital outlay fund was created. The money in the fund may be used only for capital expenditures deemed by the public school capital outlay council necessary for an adequate educational program, and capital outlay expenditures are limited to the purchase or construction of temporary or permanent classrooms.

The council shall approve an application for grant assistance from the fund when the council determines that:

1. A critical need exists requiring action;
2. The residents of the school district have provided all available resources to the district to meet its capital outlay requirements;
3. The school district has used its resources in a prudent manner;
4. The district is in a county or counties which have participated in the reappraisal program and the reappraised values are on the tax rolls, or will be used for the tax year 1979 as certified by the property tax division; and

The school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3, NMSA 1978.

Note 1 – Summary of Significant Accounting Policies (continued)

The council shall consider all applications for assistance from the fund and after public hearing shall either approve or deny the application. Applications for grant assistance shall only be accepted by the council after a district has complied with the provisions of this section. The council shall list all applications in order of priority, and all allocations shall be made on a priority basis. Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of Finance and Administration following certification by the council that the application has been approved.

Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense not charged to a specific function is identified as unallocated on the Statement of Activities. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Federal Grants

The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operates under its own budget, which has been approved by the Federal Department or the flow through agency (usually the State of New Mexico Public Education Department). The various budgets are approved by the Local School Board and the New Mexico Public Education Department. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

The District also receives reimbursements under the National School Lunch and Breakfast Programs for its food services operations, and the distributions of commodities through the New Mexico Human Services Department. The value of commodities received for the year ended June 30, 2024, was \$2,629,169 and is reported in the Schedule of Expenditures of Federal Awards under the Department of Agriculture Commodities Program, Assistance Listing number 10.555. Commodities are recorded as revenues and expenditures in the food service fund.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Plan (ERP) and additions to/deductions from ERP's fiduciary net position have been determined on the same basis as they are reported by ERP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Post-Employment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Budgetary Information

The following procedures are utilized to establish the District budget:

1. Subsequent to January 31, and prior to June 1, the Superintendent submits to the District's Board of Education a proposed budget for the fiscal year which commences on July 1. The budget includes an estimate of revenues and a proposed expenditure plan.
2. The proposed budget is presented at meetings subject to the Open Meetings Act of New Mexico, and the public is invited to comment.
3. The District is required to submit to the State of New Mexico, Public Education Department School Budget & Financial Analysis Unit (SBFAU), a balanced budget for the fiscal year which commences on July 1.
4. Based on criteria set by the SBFAU, the District undergoes either a formal technical review of the proposed budget or a more informal phone review each year. Subsequent to this review, the local Board approves a budget resolution to adopt the proposed budget subject to any technical adjustments by SBFAU. The final budget as approved by SBFAU is provided to the Board for information purposes only.
5. Budgets for the General Fund, Special Revenue Funds, and Capital Projects Funds are adopted on a basis consistent with the "Manual of Procedures for Uniform Financial Accounting and Budgeting for School Districts". Budgetary amounts for the Debt Service Fund are based upon the issuance of general obligation bonds.
6. Budgeted amounts are as originally adopted or as amended by the SBFAU.

For budgetary purposes, expenditures include amounts paid in the fiscal year, adjusted for the effects of liabilities paid within ten days of fiscal year-end and unpaid salaries and benefits attributable to services provided during the school year. The Board of Education must approve amendments to the appropriated budget when the budgeted fund balance differs from the actual fund balance at the end of the fiscal year. New Mexico state law prohibits a governmental agency from exceeding the appropriated budget. The level of budgetary control (the level by which expenditures cannot exceed the appropriated amount) is carried down to the function level within each individual fund.

The Statements of Revenues, Expenditures, and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements
June 30, 2024

Note 1 – Summary of Significant Accounting Policies (continued)

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles, a reconciliation to GAAP basis and timing differences in the excess (deficiency) of revenues, and other sources of financial resources for the year ended June 30, 2024, is presented with each fund's Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual (Non-GAAP Budgetary Basis).

Budgetary comparisons are presented in the balanced presentation format whereby the excess (deficiency) of revenues over expenditures is reflected as Beginning Fund Balance for budgetary purposes. The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP); and
2. Generally, expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP). However, budgetary expenditures include amounts for salaries and benefits attributable to services provided during the fiscal year. The non-budgeted accounts and funds primarily consist of the adjustment to record the USDA commodity allocation.

Adoption of New Accounting Standards

For the fiscal year 2024, the District adopted GASB Statement No. 100, *Accounting Changes and Error Correction – an Amendment to GASB Statement No. 62* (GASB 100). The adoption of this Statement prescribing the accounting and financial reporting of each type of accounting changes, and error corrections, did have an effect due to the change in the reporting entity for fiscal year 2024 as described below.

Fund 24330 was previously reported as a non-major fund as of June 30, 2023, and is reported as major fund as of June 30, 2024. The fund had a fund balance of \$0.

Note 2 – Cash, Cash Equivalents, and Investments

State statutes authorize the investment of District funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed state investment requirements as of June 30, 2024.

Deposits of funds may be made in interest or non-interest bearing checking accounts and in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States, or by collateral deposited as security, or by bond given by the financial institution.

Amounts reported as cash & cash equivalents in Fund 23000, Non-Instructional Support, represent amounts held by individual school locations and departments. These funds are used to finance non-curricular activities augmenting but not replacing activities provided through funding provided by the District.

Note 2 – Cash, Cash Equivalents, and Investments (continued)

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the state or by the United States Government, or by their departments or agencies, and which are either direct obligations of the state or the United States, or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule II of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district, or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits, and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate.

Other cash and cash equivalents include cash on hand of \$200, a \$1,500,000 deposit held in the Worker's Compensation Claims fund, \$342,661,737 held in the Invesco Premier U.S. Government Money Portfolio Money Market fund, and \$161,000,000 held in the State of NM LGIP fund, which are not subject to pledged collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2024, \$4,812 of the District's bank balance of \$179,267,147 was exposed to custodial credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the District's investments. The District's investment policy is to attempt to secure a maximum yield of investment earnings to supplement other revenues for the support of the District. The District only invests in securities allowed under Section 6-10-10 NMSA 1978.

Investments

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2024:

Investment Type (Level 1 Inputs)	Fair Value	Maturity		
		6 months or less	Between 6 months and 1 year	Between 1 year and 3 years
U.S. Treasury Securities	\$ 168,132,442	\$ 64,739,115	\$ 39,291,797	\$ 64,101,530
	\$ 168,132,442	\$ 64,739,115	\$ 39,291,797	\$ 64,101,530

Credit Risk – Investments – The District holds U.S. Agency/Treasury securities rated Aaa by Moody's and AA+ by Standard & Poor's. The District's Money Market Fund, Invesco Treasurer's Security Trust, is rated Aaa by Moody's and AAAM by Standard & Poor's. The New Mexico LGIP investments in the amount of \$161,000,000 carry a Standard & Poor's AAAM investment rating, with a [30] day WAM (R) and [39] day WAM (F). LGIP investments are classified as cash and cash equivalents on Exhibits A-1 and B-1.

Concentration Credit Risk – Investments – For an investment, concentration credit risk is when any one issuer is 5% or more of the investment portfolio of the District. The investment portfolio comprises of 37% invested in U.S. Agency/Treasury Securities, 20% invested in the State Investment Pool LGIP Fund, and 43% invested in the Money Market Fund. Since the District only purchases investment with the highest credit rating, the additional concentration is not viewed to be an additional risk by the District. The District's policy related to concentration risk is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

Note 2 – Cash, Cash Equivalents, and Investments (continued)

The State Treasurer Local Government Investment Pool (Pool) is not SEC Registered. Section 6-10-10 I, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment funds in the securities that are issued by the United States government or by its departments or agencies and are either backed by the full faith and credit of the United States government or are agencies sponsored by the United States government. The Local Government Investment Pool investments are monitored by the same investment committee and the same policies and procedures that apply to all other state investments. The Pool does not have unit shares; at the end of each month, all interest earned is distributed by the State Treasurer to the contributing entities in the amounts of the fund were invested. Any realized gain or loss on the portfolio is distributed through the investment yield on distribution dates. The carrying amount of the portfolio approximates the fair value of all investments at June 30, 2024. The State of New Mexico is a regulatory oversight entity, and participation in the Pool is voluntary. LGIP investments are classified as cash equivalents on Exhibits A-1 and B-1.

The Invesco Premier U.S. Government Money Market Fund's investment objective is a high level of current income consistent with the preservation of capital and the maintenance of liquidity. The Fund invests in U.S. Treasury Obligations and Government Securities maturing within 397 calendar days of the date of purchase, with certain exceptions permitted by applicable regulations, and repurchase agreements collateralized fully by U.S. Treasury Obligations and Government Securities. The Fund may also hold cash.

Note 3 – Receivables

Accounts receivable are recorded in the various governmental funds. They consist of amounts receivable from local governments relating to various grant agreements and property taxes receivable.

Accounts receivable are shown net of an allowance for doubtful accounts. Trade accounts receivable in excess of 180 days comprise the allowance for doubtful accounts. Restricted Accounts Receivables of \$124,691,309 consist of those receivables related to special revenues, amounts due from other governments for special revenue and capital outlay funds, and property tax receivables (except for the operational fund, which is unrestricted).

Note 7 – Inter-Fund Receivables and Payables

Generally, these inter-fund receivables and payables are generated when a fund incurs an expenditure that is waiting for reimbursement from the grantor. The balance represents the amount of cash provided by the General Fund to cover the expense until payment is received. All of these balances are expected to be collected in the subsequent year. Inter-fund transfers generally occur for two reasons: to correct the recording of expenses or revenue and to cover over-expenditures of Special Revenue Funds.

Compensated absences are paid from the same funds from which the employees are paid, principally from the operational fund. Totals above include current portions and long-term portions.

Bonds are secured by the District's full faith and credit and are general obligations of the District payable from *ad valorem* taxes to be levied, without limitation as to rate or amount, against all taxable property within the District. Debt service requirements are liquidated as property taxes are received and debt service principal and interest payments become due. They are paid primarily from the General Fund and Debt Service Fund. Interest on all issues is payable semiannually on February 1 and August 1. Principal is payable annually on August 1. The proceeds of the bonds are being used for the purpose of erecting, remodeling, making additions to and furnishing school buildings, and purchasing and improving school grounds.

On May 15, 2024, the District sold \$80,000,000 of general obligation bonds (series 2024). Proceeds from the sale of the Series 2024 Bonds will be used to finance the cost of (i) erecting, remodeling, making additions to and furnishing school buildings; purchasing or improving school grounds; purchasing computer software and hardware for students in the District; providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act; or any combination of those purposes (collectively, the "Projects") and (ii) paying expenses related to issuance of the Series 2024 Bonds. The Series 2024 Bonds represent \$80 million of \$200 million in bonds authorized by voters at an election held on November 2, 2021 (the "2021 Bond Election"). After the issuance of the Series 2024 Bonds, there will be \$50 million of remaining authorization under the 2021 Bond Election.

Arbitrage/Yield Reduction

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the United States Treasury at least every five years. The District did not have any arbitrage liability at June 30, 2024.

Bond proceeds may be invested in higher yielding investments only during a temporary period described in Regulation section 1.148-2(e). After expiration of an applicable temporary period, proceeds must be yield restricted.

Long-term debt issued and outstanding at June 30, 2024, is as follows:

Net Pension and OPEB Liabilities

The General Fund has been used to liquidate pension and OPEB liabilities in prior years.

Leases and Service-Based IT Arrangements (SBITAs)

The District adopted GASB 87 – *Leases* in the year ending June 30, 2022. The District leases various equipment under short-term cancelable leases. Rental expense for the year ended June 30, 2024, was \$247,839.

The District adopted GASB 96 – *Subscription-based Information Technology Arrangements (SBITAs)* in the year ending June 30, 2023. Under GASB 96, the District's long-term debt bond interest rate of 5% serves as an incremental borrowing rate (IBR) used to calculate the present value of the SBITAs. The present value of the SBITAs are aggregated on a fund and function basis. Governmental funds report lessee SBITAs current expenditures in the fund level Statement of Revenue, Expenses and Changes in Fund Balances, while total economic resources are reported in the government-wide statements.

At June 30, 2024, the District has three qualifying SBITAs under GASB 96 in which it is acting as Lessee; one for enterprise resource planning software which the District anticipates using through November, 2027, one for K-12 district records services which the District anticipates using through June 2027, and one for cloud computing, productivity and collaboration tools which the District has an agreement to use through September 2026.

The right-to-use (RTU) intangible capital assets associated with the lessee SBITAs are as follows:

Note 11 – Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property located in the District as of the preceding January 1. The taxable valuations for the various classes of property are determined by the Bernalillo and Sandoval Counties Assessors and the State of New Mexico Department of Taxation and Revenue at one-third of assessed valuation. Property in the District for the 2023 tax year had a taxable value of \$20,786,255,779.

The rate of taxes for operating purposes for all taxing jurisdictions is limited by the State Constitution to 20 mills (\$20 per \$1,000 assessed valuation) of which the District's House Bill 33 portion, by state regulation, is limited to 15 mills. Taxes are payable in two equal installments due on November 10 and April 10 and become delinquent after 30 days.

Property taxes receivable at June 30, 2024, are as follows:

	Current Receivables	Deferred Inflows of Resources	Total Receivables
General Fund	\$ 220,498	\$ 353,608	\$ 574,106
Capital Projects	2,810,563	5,027,338	7,837,901
Debt Service	2,602,435	4,645,643	7,248,078
Total	<u>\$ 5,633,496</u>	<u>\$ 10,026,589</u>	<u>\$ 15,660,085</u>

The District records the property taxes received within 60 days after the fiscal year-end as current receivables. The amount recorded as deferred inflows of resources is based on Bernalillo and Sandoval County's property tax assessments for the past ten years that has not been collected as of June 30.

Note 12 – Other Required Individual Fund Disclosures

Generally Accepted Accounting Principles require as part of the Combined Statements disclosure of certain information concerning individual funds, including excess of expenditures over appropriations. None of the District's funds exceeded approved budgetary authority for the year ended June 30, 2024.

Note 13 – Pension Plan

General Information About the Pension Plan

Plan Description

The New Mexico Educational Retirement Act (ERA) was enacted in 1957. The act created the Educational Employees Retirement Plan (Plan) and, to administer it, the New Mexico Educational Retirement Board (NMERB). The Plan is included in NMERB's annual comprehensive financial report. The report can be found on NMERB's website at https://www.nmerb.org/Annual_reports.html. The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Sections 22-11-1 through 22-11-55, NMSA 1978, as amended.

The Plan is a pension trust fund of the State of New Mexico. The ERA assigns the authority to establish and amend benefit provisions to a nine-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the Plan. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

All accumulated assets are held by the Plan in trust to pay benefits, including refunds of contributions as defined in the terms of the Plan. Eligibility for membership in the Plan is a condition of employment, as defined in Section 22-11-2, NMSA 1978. Employees of public schools, universities, junior and community colleges, public technical and vocational institutions, state special schools, charter schools, regional education cooperatives, the New Mexico Activities Association, and certain employees at state agencies that provide an educational program, who are employed more than 25% of a full-time equivalency, are required to be members of the Plan, unless specifically excluded.

Pension Benefit

A member's retirement benefit is determined by a formula which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a multiplier.

For members hired on or before June 30, 2019 (Tiers 1-3 members) the multiplier is 2.35%. For members hired after June 30, 2019 the multiplier accrues as follows:

<u>Years of Service</u>	<u>Benefit Percentage Earned</u>
10 or less	1.35%
10.25 to 20	2.35%
20.25 to 30	3.35%
30.25 plus	2.40%

FAS is the average of the member's fiscal annual earnings for the last 20 calendar service quarters (60 months) prior to retirement or the highest average fiscal annual earning for any 20 consecutive calendar quarters.

Note 13 – Pension Plan (continued)

Summary of Plan Provisions for Retirement Eligibility by Tier

Tier 1: Membership prior to July 1, 2010

For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- The member's age and earned service credit add up to the sum of 75 or more. Those who retire under the age of 60, and who have fewer than 25 years of earned service credit will receive reduced retirement benefits, or
- The member is at least 65 years of age and has five or more years of earned service credit, or
- The member has service credit totaling 25 years or more.

Tier 2: Membership on or after July 1, 2010, but prior to July 1, 2013

Chapter 288, Laws of 2009 changed the eligibility requirements for new members who were first employed on, or after, July 1, 2010 and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010 and before July 1, 2013, or at any time prior to July 1, 2010 was refunded all members contributions and then becomes re-employed after July 1, 2010. These members must meet one of the following requirements.

- The member's age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits, or
- The member is at least 67 years of age and has five or more years of earned service credit, or
- The member has service credit totaling 30 years or more.

Tier 3: Membership beginning on or after July 1, 2013, but prior to July 1, 2019

Section 22-11-23.2, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and subsequently withdrew all contributions and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements.

- The member's minimum age is 55 and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55, or
- The member's minimum age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit receive reduced retirement benefits, or
- The member's age is at least 67, and the member has earned five or more years of service credit.

Note 13 – Pension Plan (continued)

Tier 4: Membership beginning on or after July 1, 2019

Section 22-11-23.3, NMSA 1978, added eligibility requirements for new members who were first employed on or after July 1, 2019, or who were employed before July 1, 2019 but terminated employment and subsequently withdrew all contributions and returned to work for an ERB employer on or after July 1, 2019. A member in this tier must meet one of the following requirements.

- The member is any age and has 30 or more years of earned service credit, or
- The member is at least 67 years of age and have 5 or more years or earned service credit, or
- The sum of the member's age and years of earned service credit equals at least 80.

Form of Payment

The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary.

Benefit Options

The Plan has three benefit options available.

- **Option A – Straight Life Benefit** – The single life annuity option has no reductions to the monthly benefit, and there is no continuing benefit due to a beneficiary or estate, except the balance, if any, of member contributions plus interest less benefits paid prior to the member's death.
- **Option B – Joint 100% Survivor Benefit** – The single life annuity monthly benefit is reduced to provide for a 100% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the same benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.
- **Option C – Joint 50% Survivor Benefit** – The single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the reduced 50% benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

Note 13 – Pension Plan (continued)

Disability Benefit

An NMERB member is eligible for disability benefits if the member has acquired at least ten years of earned service credit and is found to be totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Cost of Living Adjustment (COLA)

All retired members and beneficiaries receiving benefits may receive an adjustment in their benefit on July 1 following the year a member retires or July 1 following the year a member reaches the age below, whichever is later.

<u>Membership</u>	<u>Age Eligible for COLA</u>
Tier 1	65
Tier 2	65
Tier 3	67
Tier 4	67

If a member is eligible for a COLA, the amount depends on the annual change in the Consumer Price Index (CPI) and whether the fund is fully funded (that is, the fund's funded ratio is 100%). Accordingly, if there is no increase in the CPI, or the CPI is negative, the amount of the COLA will be zero (if the CPI is negative, retirement benefits will not be decreased).

When CPI has increased and the fund is fully funded, the COLA will be the same amount as the increase in the CPI except as follows: If the increase in the CPI is 2% or greater, the COLA will be one-half of the CPI increase, not to exceed 4% or to be less than 2%.

However, while the fund is not fully funded, the COLA for retirees will be reduced based on the median annual retirement benefit, calculated after the end of each fiscal year:

- When the funded ratio is 90% or less, the COLA for retirees whose annuity is at or below the median and who have 25 or more years of service credit at retirement will be reduced by 10%. For retirees whose annuity is either greater than the median or who have less than 25 years of service credit at retirement, the COLA will be reduced by 20%.
- When the funded ratio exceeds 90% but is less than 100%, the COLA for retirees whose annuity is at or below the median adjusted annuity and who had 25 or more years of service credit at retirement will be reduced by 5%. For retirees whose annuity is either greater than the median or who have less than 25 years of service credit at retirement, the COLA will be reduced by 10%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

Refund of Contributions

Members may withdraw their contributions only when they terminate covered employment in the state and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

Contributions

For the fiscal years ended June 30, 2024 and 2023, educational employers contributed to the Plan based on the following rate schedule.

Fiscal Year	Date Range	Wage Category	Member Rate	Employer Rate	Combined Rate	Increase Over Prior Year
2024	7/1/2023 to 6/30/2024	Over \$24k	10.70%	18.15%	28.85%	1.00%
2024	7/1/2023 to 6/30/2024	\$24k or less	7.90%	18.15%	26.05%	1.00%
2023	7/1/2022 to 6/30/2023	Over \$24k	10.70%	17.15%	27.85%	2.00%
2023	7/1/2022 to 6/30/2023	\$24k or less	7.90%	17.15%	25.05%	2.00%

The contribution requirements are established in statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2024 and 2023, the District paid employee and employer contributions of \$202,444,713 and \$177,123,721, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Income, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the District reported a liability of \$1,442,401,566 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2023, using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2023.

The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions at June 30, 2023, actuarially determined. At June 30, 2023, the District's proportion was 16.60933%, which was an increase of 0.52075% from its proportion measured as of June 30, 2022.

Actuarial Assumptions

Actuarial assumptions and methods are set by the Board of Trustees, based upon recommendations made by the plan's actuary. The assumption for year ending June 30, 2023, were based on Board-adopted assumptions on April 17, 2020, in conjunction with the six-year actuarial experience study period ending June 30, 2019.

The total pension liability in the June 30, 2023, actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases	Composed of 2.30% inflation, plus a 0.70% productivity increase rate, plus step-rate promotional increase for less than 15 years of service.
Investment rate of return	7.00%
Mortality	<i>Healthy Males:</i> 2020 GRS Southwest Region Teacher Mortality Table, set back one year and scaled at 95%. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020. <i>Healthy Females:</i> 2020 GRS Southwest Region Teacher Mortality Table, set back one year. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block approach that includes the following:

- Rate of return projections that are the sum of current yield, plus projected changes in price (valuations, defaults, etc.)
- Application of key economic projections (inflation, real growth, dividends, etc.)
- Structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

Asset Class	Target Allocation	Long-Term Expected Rate of Return
Equities	24%	
Fixed income	23%	
Alternative investments	52%	
Cash	1%	
Total	100%	7.00%

Discount Rate

Discount rate. A single discount rate of 7.00% was used to measure the total pension liability as of June 30, 2023. This is the same rate used for June 30, 2022. The 7.00% single discount rate was based on a long-term expected rate of return on pension plan investments of 7.00%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were sufficient to finance all projected future benefit payments of current plan members. As a result, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine the single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$ 1,960,822,270	\$ 1,442,401,566	\$ 1,014,125,040

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in separately issued NMERB's financial reports. The reports can be found on NMERB's Web site at https://www.nmer.org/Annual_reports.html.

Payables to the Pension Plan

General Information about the OPEB

Plan Description

Employees of the District are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents, and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits Provided

The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents, and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Employees Covered by Benefit Terms

At June 30, 2023, the Fund's measurement date, the following employees were covered by the benefit terms:

Plan Membership

Current retirees and surviving spouses	52,978
Inactive and eligible for deferred benefit	12,552

Contributions

Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the District were \$14,062,467 for the year ended June 30, 2024.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the District reported a liability of \$190,881,162 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2023. The District's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2023. At June 30, 2023, the District's proportion was 11.21%.

For the year ended June 30, 2024, the District recognized OPEB income of \$65,508,441. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,226,862	\$ 34,559,114

Valuation date	June 30, 2023
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.30% for ERB members; 2.50% for PERA members
Projected payroll increases	3.00% based on years of service, including inflation
Investment rate of return	7.00%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8.00% graded down to 4.50% over 14 years for Non-Medicare medical plan costs and 8.50% graded down to 4.50% over 16 years for Medicare medical plan
Mortality	<p><i>ERB Members:</i> 2020 GRS Southwest Region Teacher Mortality Table, set back one year (and scaled at 95% for males). Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.</p> <p><i>PERA Members:</i> Headcount-Weighted RP-2014 Blue Collar Annuitant Mortality, set forward one year for females, projected generationally with Scale MP-2017 times 60%.</p>

Rate of Return

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

<u>Asset Class</u>	<u>2024</u>
U.S. core fixed income	1.60%
U.S. equity - large cap	6.90%
Non-U.S. - emerging markets	8.70%
Non-U.S. - developed equities	7.20%
Private equity	10.00%
Credit and structured finance	3.70%
Real estate	3.60%
Absolute return	3.20%
U.S. equity - small/mid cap	6.90%

Discount Rate

The discount rate used to measure the total OPEB liability is 6.22% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Authority's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2059. The 7.00% discount rate, which includes the assumed inflation rate of 2.30% for ERB members and 2.50% for PERA members, was used to calculate the net OPEB liability through 2052. Beyond 2059, the index rate for 20 year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher (3.54%) was applied. Thus, 6.22% is the blended discount rate.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates

The following presents the net OPEB liability, calculated using the discount rate of 6.22% as of June 30, 2023, as well as what the Fund's net OPEB liability would be if it were calculated using a discount rate that is 1-percent lower or 1-percent higher than the current rate:

1% Decrease (5.22%)	Current Discount Rate (6.22%)	1% Increase (7.22%)
<u>\$ 240,654,051</u>	<u>\$ 190,881,162</u>	<u>\$ 150,535,562</u>

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

1% Decrease	Current Trend Rate	1% Increase
<u>\$ 158,030,209</u>	<u>\$ 190,881,162</u>	<u>\$ 228,609,553</u>

OPEB Plan Fiduciary Net Position

Detailed information about the net OPEB plan's fiduciary position is available in NMRHCA's audited financial statements for the year ended June 30, 2023.

Payable Changes in the Net OPEB Liability

At June 30, 2024, the District reported a payable of \$4,075,587 for outstanding contributions due to NMRHCA for the year ended June 30, 2024.

Note 15 – Contingent Liabilities

A number of legal claims are presently pending against the District. It is the opinion of the District's management, after consulting with outside legal counsel, that final settlement of these matters will not exceed estimated defense and liability accruals, and will not result in any material adverse effect on the financial position of the District.

The District receives revenues from various federal and state grant programs, which are subject to review and approval as to allowable expenditures by the respective grantor agencies. Any settlements or expenditures arising from a final review are recognized in the period agreed upon by the agency and the District.

Commitments

The District contracts with outside vendors for construction and renovation of various facilities. At June 30, 2024, commitments and encumbrances outstanding for capital projects totaled \$137,924,553.

Note 16 – Risk Management

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. The District established a self-insurance fund to conduct these risks and administers its own employee benefit and risk management programs as a self-insured program. There have been no significant changes in the insurance programs from the prior year. For the prior three years, the amount of claims payments for property and liability insurance has not exceeded the amount of insurance coverage. The District purchases specific excess insurance. There is a self-insured retention (per occurrence) of \$650,000 for workers' compensation, \$350,000 for liability, and \$250,000 for property. The District is subject to tort immunities. School board errors and omissions have \$350,000 retention. The District believes its main exposure to risk of loss is in the category of liability claims. Any loss exceeding the deductible of \$350,000 would be covered under the purchased excess loss policy. Losses in the mentioned categories are the subject of insurance and/or actuarially reviewed retentions. The District has not incurred any losses in excess of coverage during the past four years. The claims liabilities reported in the Risk Management Fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic factors. The actuarial review validated that the current reserves are adequate for reserves in anticipation of adverse developments in reported cases and for claims which may have occurred but have not yet been reported.

Liabilities for estimated claims for the last two years are summarized below. Liabilities at June 30, 2023 and 2024, for health, dental, and vision are stated at 90% confidence level, plus 15% to provide for claims fluctuation margin in the event of catastrophic claims. Liability balances for worker's compensation and liability and property are stated at 90% confidence level.

Note 17 – Tax Abatement Disclosures

The District has implemented the Governmental Accounting Standards Board (GASB) Statement number 77, Tax Abatement Disclosures, which became effective for reporting periods beginning after December 15, 2015. A tax abatement is created when a government enters into an agreement with an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens.

The District is not a taxing authority and does not create, or enter into, any tax abatement agreements. However, the tax revenue which the District relies upon to fund debt service, capital improvement, maintenance, and operations is directly impacted by tax abatement agreements entered into by taxing authorities, such as the City of Albuquerque and Bernalillo County governments. New Mexico statutes allow certain taxing authorities to enter into tax abatement agreements. The following table is a brief summary of the local taxing authorities and the effect their tax abatement agreements have on the District's available tax revenue:

Tax Abatement Agreements Created by:	Type of Tax Abated	Amount Tax Revenue Reduced During the Period
Bernalillo County	Property Tax	\$ 1,313,118
City of Albuquerque	Property Tax	583,445
City of Rio Rancho	Property Taxes, Gross Receipts and Compensating Tax	-
New Mexico Hospital Equipment Loan Council	Property Tax	Unable to determine

A complete listing, and detailed information, on all of the tax abatement agreements can be found in the detail on the following pages.

Note 18 – Joint Powers Agreements

1. The District has entered into Joint Use Agreements with the City of Albuquerque (the City) to develop, improve, and maintain Joint Use Parks for use by the City as public parks and by the District as public school grounds. The District has exclusive use of the facilities during regular school operating hours. At all other times, the City may use the facilities. The City currently has responsibility for the maintenance of 20 of these Joint Use Parks and charges the District for its 35% share of the maintenance costs on a quarterly basis (approximately \$225,000 per year). The majority of these agreements have been renewed for an additional 5 years, through December 31, 2025, adding aerial outlines and checklists to create a seamless process to effectively maximize our resources as it relates to these real properties.
2. The District entered into a Joint Powers Agreement with the City of Albuquerque (the City) on April 21, 1976, for the construction and maintenance of an indoor swimming pool at Highland High School. The District paid approximately \$300,000 and the City paid for the balance of the total design and construction cost of approximately \$670,000. The City is responsible, at its sole expense, for the maintenance, operation, and custodial care of the facility. The District has first priority in using the facility during regular school hours during the regular school year and for a period of one and one-half hours after regular school hours during the competitive swimming season. The City has the right to use the facility on a space available basis during this time. The District has second priority to use the facility for school-related purposes at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the City's rights in the facility shall cease and the District shall be the sole owner thereof.
3. The District entered into a Joint Powers Agreement with the County of Bernalillo (the County) on March 17, 1976, for the construction and maintenance of an indoor swimming pool at Rio Grande High School. The County paid \$250,000 and the District paid for the balance of the total design and construction cost of approximately \$680,000. The County is responsible, at its sole expense, for the maintenance, operation, and custodial care of the facility. The District has priority in using the facility during regular school hours during the regular school year and for a period of one and one-half hours after regular school hours during the competitive swimming season. The County has the right to use the facility on a space available basis during this time. The District has second priority to use the facility for school related purposes at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the County's rights in the facility shall cease, and the District shall be the sole owner thereof.
4. The District entered into a Joint Powers Agreement with the City of Albuquerque (the City) on August 1, 1987, for the construction and maintenance of an indoor swimming pool at Sandia High School. The City and the District each paid half of the total design and construction cost of approximately \$1,000,000. The City is responsible, at its sole expense, for the maintenance, operation and custodial care of the facility. The District has first priority in using the facility during regular school hours during the regular school year and for a period of one and one-half hours after regular school hours during the competitive swimming season. The City has the right to use the facility on a space available basis during this time. The District has second priority to use the facility for school related purposes at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the City's rights in the facility shall cease, and the District shall be the sole owner thereof.

Note 18 – Joint Powers Agreements (continued)

5. The District entered into an Intergovernmental Agreement with the City of Albuquerque (the City) on April 20, 1965, for the construction and maintenance of an indoor swimming pool at Valley High School. The term of the agreement will be 50 years from the effective date. The agreement has been renewed on July 11, 2022, for a maximum total engagement of 50 years.
6. The District entered into a Lease Agreement with the City of Albuquerque (the City) on November 8, 1978, for the construction and maintenance of an outdoor swimming pool at Eisenhower Middle School. The term of the agreement will be 50 years from the effective date.
7. The District entered into a Joint Powers Agreement with the City of Albuquerque (the City) on November 6, 1981, for the construction and maintenance of a soccer field/play area at Osuna Elementary School. The City paid approximately \$93,500, and the District paid approximately \$30,000 of the total design and construction cost of approximately \$123,500. The City is responsible, at its sole expense, for the maintenance, operation and custodial care of the facility. The District has first priority in using the facility during regular school hours during the school year. The District has second priority to use the facility at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the City's rights in the facility shall cease, and the District shall be the sole owner thereof. A renewal for this agreement is in progress and the expiration date has been extended to December 31, 2025.
8. The District entered into an Intergovernmental Agreement with the City of Albuquerque (the City) on October 4, 2000, providing for operation by the City of a community center at McKinley Middle School. The term of the agreement will be 50 years from the effective date. The agreement provides for the joint use of the facility by the City and the District. The City has sole responsibility for maintenance, operation, and custodial care of the community center. The District has exclusive use of the facility during regular school hours. The City has exclusive use of the facility outside of school hours. The City also has access to McKinley Middle School facilities including the gymnasium, cafeteria, and restrooms for community center program use outside of regular school hours. The City owns the community center facility and associated improvements, and the District owns the site. Upon termination of the agreement the District will assume ownership of the facility.
9. A supplement to the McKinley Middle School Community Center Intergovernmental Agreement entered into June 30, 2003, provided for the addition of a sports and fitness center to be built, managed, and operated by the City at the McKinley Middle School site. A renewal for this agreement is in progress, and the expiration date has been extended to December 31, 2025.

This agreement is effective as long as SVA's charter has not been revoked and SVA remains in compliance with the terms of the agreement.
15. The District entered into an agreement with The Albuquerque Sign Language Academy (ASLA) on June 26, 2023, regarding the facility rental at 225 Griegos Road NW Albuquerque, NM. The lease shall be for two (2) years, commencing July 1, 2023, and ending midnight June 30, 2025. With one (1) additional one-year option to extend the term of this Lease. Lessor is responsible for maintenance, upkeep, and major repairs of the property leased. The rental is invoiced quarterly in amounts of \$25,487, in the 2023-2024 school year APS invoiced \$101,950. This agreement is effective as long as ASLA's charter has not been revoked and ASLA remains in compliance with the terms of the agreement.

Childhood Development Centers

16. The District and the City of Albuquerque cooperate in the operation of Childhood Development Centers at 13 APS Schools, to provide early childhood education and full-day, year-round child day care for children from lower-income families located on school sites. The City has provided for the purchase and any necessary modifications of portable classrooms, development of playground areas and other expenditures required for the establishment of the centers. The District has provided space for the installation of the classrooms and retained title to the facilities. The City provides for the staffing and general operation of the centers. This original Agreement was executed in 1997. A new comprehensive Joint Use Agreement was executed in 2020 for a term of five years with the option for renewal at the end of each term for an additional five years.

Head Start Program

17. A Memorandum of Agreement between the District and the Youth Development, Inc. (YDI), dated May 1, 2000, provides for the operation of Head Start Programs at seven District school locations. The agreement was updated through July 7, 2026. YDI assumed costs associated for the purchase of buildings, transportation, site development, playground construction, utility extensions, meters, and operating expenses. Buildings and materials are the property of YDI. APS provides space at the sites. YDI is responsible for maintenance of the facilities. YDI provides Head Start services on a long-term basis for the duration of the Head Start contract with the U.S. Department of Health and Human Services.

Museum of Natural History and Science

18. The District entered into a Joint Powers & Lease Agreement with the Museum of Natural History and Science, a division of the Department of Cultural Affairs, State of New Mexico (the Museum) on September 5, 2014, to develop, improve, operate and maintain an environmental education center that offers educational programs to public and private schools in the state. The Museum shall provide and conduct educational programs at the facility for students and teachers from APS and other school districts. The Museum will be responsible for the everyday routine maintenance of the facility. The District shall provide an Environmental Education Resource Teacher at the Center and will be responsible for non-routine major maintenance for the facility. The Board must approve major maintenance expenditures over \$2,500. The District retains ownership and use of all water and water rights at the facility. A new comprehensive Joint Use Agreement was executed in 2022 for a term of five years with the option for renewal at the end of each term for an additional five years.

Note 19 – Subsequent Accounting Standard Pronouncements

Subsequent Accounting Standard Pronouncements

GASB has issued the following statements, which are applicable in future years. Management has not determined the impact, if any, these future pronouncements will have on the District.

The GASB issued Statement No. 101, *Compensated Absences*, in June 2022. This Statement updates the recognition and measurement guidance for compensated absences by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for periods beginning after December 15, 2023.

The GASB issued Statement No. 102, *Certain Risk Disclosures*, in December 2023. This Statement establishes financial reporting requirements for risks related to vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for periods beginning after June 15, 2024.

The GASB issued Statement No. 103, *Financial Reporting Model Improvements*, in April 2024. This Statement enhances key components of the financial reporting model such as Management's Discussion and Analysis, Unusual or Infrequent Items, Presentation of the Proprietary Fund Statement of Revenues, Expenditures, and Changes in Net Position, Major Component Unit Information, and Budgetary Comparison Information. The requirements of this Statement are effective for periods beginning after June 15, 2025.

The GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*, in September 2024. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. The requirements of this Statement are effective for periods beginning after June 15, 2025.

Note 20 – Component Unit – Albuquerque Public Schools Foundation

Definition of Reporting Entity

The Albuquerque Public Schools Foundation (the Foundation), a component unit of the Albuquerque Public Schools (the District), is a non-profit organization incorporated under laws of the State of New Mexico on April 25, 1995. The Foundation was established to solicit, receive, and manage private voluntary support for the benefit and on behalf of the District. The Foundation itself has no component units.

The Foundation is governed by a board of directors, which has the responsibility for determining policy and for the execution and evaluation of programs and activities conducted by the Foundation. The board consists of no less than three members and no more than 25 members. Board members represent government, business, public sector, private individuals, and organizations that are interested in supporting programs and services of the District. The term served by board members is three years.

A Memorandum of Agreement (Memorandum) between the Foundation and the District was signed and executed on October 7, 2009. In accordance with the Memorandum, the District formally recognizes the Foundation as a separate corporate entity established for the sole purpose of soliciting, managing, and distribution of private gifts and donations for the benefits of the District. The Memorandum further stipulates that Foundation creates and encourages an opportunity for private individuals and organizations to invest in the support of the District programs and services. The Foundation is subject to Financial Accounting Standards Board (FASB) reporting because the District does not appoint a voting majority to the Foundation's Board, and the District is not able to unilaterally dissolve the Foundation and take possession of the remaining assets.

Summary of Significant Accounting Policies

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates and assumptions made by management include the benefit interest in remainder trust and fair value measurements of investments.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, Not-for-Profit Entities. Under ASC 958, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets.

Net Assets without Donor Restrictions

These assets represent sources whose use is not limited to or restricted by donors. Unrestricted net assets have arisen from exchange transactions, receipt of unrestricted contributions and expirations or satisfaction of existing restrictions.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements
June 30, 2024

Note 20 – Component Unit – Albuquerque Public Schools Foundation (continued)

The Foundation treats restricted contributions whose restrictions are satisfied during the same fiscal year as unrestricted support. All contributions made to the Foundation are considered to be available for unrestricted use unless specifically restricted by the donor.

Net Assets with Donor Restrictions

Net assets subject to donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations. Other donor restrictions are perpetual in nature whereby the donor has stipulated the funds be maintained in perpetuity.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Cash equivalents consist of cash on deposit with financial institutions and money market accounts.

Investments

The Foundation records brokerage investments at fair value and certificates of deposit at cost.

Beneficial Interest in Remainder Trusts

A charitable remainder trust is an arrangement in which a donor establishes and funds a trust with specified distributions to be made to a designated beneficiary or beneficiaries over the trust's term. Upon termination of the trust, the Foundation receives a percentage of the assets remaining in the trust. Beneficial interest in remainder trusts represent the present value of estimated future cash receipts from the trust's assets. Contribution revenue is recognized in the period in which the trust is established. In subsequent years, income earned on trust assets, recognized gains and losses, and distributions paid will be recognized. Revaluation of the present value of the estimated future payments and changes in actuarial assumptions will be recognized in the statement of activities and changes in net assets.

Income Taxes

The Foundation is a non-profit corporation and qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (IRC) and is classified as other than a private foundation. As such, their normal activities do not result in any income tax liability. The Foundation pays taxes on unrelated business income.

The Foundation would recognize accrued interest related to unrecognized tax benefits in interest expense and penalties in operating expenses. There were no such interest or penalties recorded for the year ended June 30, 2024.

The Foundation files informational tax returns as prescribed by the tax laws of the jurisdictions in which it operates. In the normal course of business, the Foundation is subject to examination by federal, state, local, and foreign jurisdictions, where applicable.

Revenue Recognition

The Foundation is accounted for as a non-profit organization, and it follows revenue recognition rules as defined below:

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements
June 30, 2024

Note 20 – Component Unit – Albuquerque Public Schools Foundation (continued)

Pledges – Unconditional pledges, if any, are recognized as revenues in the period received and as assets, decreases in liabilities or expenses, depending on the form of the benefits to be received. Conditional pledges are recognized as revenues when the conditions on which they depend are substantially met. An allowance for credit loss is recorded when the pledge is recorded. The allowance is based on past pledge loss experience and other factors that management considers necessary in estimating pledge losses.

Contributions – The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, the restricted net assets are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. If the restriction is satisfied in the same period the contribution is received, the contribution is reported as without donor restriction.

Contributions of services are recognized in the financial statements of the Foundation only if the services received (a) create or enhance non-financial assets of the Foundation, and (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Special Events – The Foundation recognizes income for special events, which includes sponsorships, tables and other day of event benefits, on the day of the event. Any amount received prior to the date of the event is recorded as deferred revenue until the date of the event and then recognized as revenue.

Advertising Costs

The Foundation expenses advertising costs as incurred. Expenses incurred for the year ended June 30, 2024, were approximately \$35,802.

Functional Allocation of Expenses

The costs of providing program and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among program and supporting services benefitted. These costs are solely made up of salaries and wages, which were allocated based on estimates of time and effort.

Adoption of new accounting standard

As of July 1, 2023, the Foundation adopted guidance from FASB ASU 2016-13: *Measuring Credit Losses on Financial Instruments* (Topic 326). The guidance requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. The Foundation has evaluated that the impact of adopting this guidance on the Foundation's financial statements is immaterial.

Investments

Investment Policy Statement (IPS)

In December 2002, the Foundation Board of Directors adopted an IPS to assist in the supervising, monitoring, and evaluating the Foundation's investments. The IPS is to provide financial stability for the Foundation operations and an increasing stream of income for future program growth. All investment assets are held with Merrill Lynch.

Note 20 – Component Unit – Albuquerque Public Schools Foundation (continued)

The Foundation shall be responsible for:

- Overseeing the Foundation investment portfolio.
- Defining the investment objectives and policies of the portfolio.
- Directing the investment manager to make changes in investment policy and to oversee and to approve or disapprove investment manager recommendations with regard to policy, guidelines, objectives, and specific investments.
- Providing the investment manager with all relevant information on its financial conditions and risk tolerances and notifying the Investment Manager promptly of any changes to this information.

The Foundation agrees that investment discretion can be delegated to qualified, professional investment specialists or private portfolio managers (investment managers) that would be identified by the Foundation's finance committee resulting from an extensive quantitative and qualitative process of diligence.

Guidelines for the investment manager are that the investment of the Foundation's investment portfolio shall be limited to individual marketable securities or packaged products (e.g., mutual funds) in the following categories:

- Cash and cash equivalents
- Fixed Income – Domestic bonds
- Fixed Income – Non-U.S. bonds
- Fixed Income – High yield
- Equities – U.S. and Non-U.S. within an international portfolio

Fair Value of Financial Instruments

The Foundation follows Statement ASC 820-10, *Fair Value Measurements*, which provides a framework for measuring fair value under GAAP and expands disclosures about fair value measurement. ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels. The three levels defined by the ASC 820-10 hierarchy are as follows:

Level 1 – Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. This include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements
June 30, 2024

Note 20 – Component Unit – Albuquerque Public Schools Foundation (continued)

Level 3 – Inputs are unobservable for the asset or liability. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

Fixed Income – Valued using pricing models maximizing the use of observable inputs for similar securities, which includes basing value on yield currently available on comparable securities of issuers with similar credit ratings.

Equity Mutual Funds – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Foundation are deemed to be actively traded. Mutual funds held by the entity are open-end equity mutual funds that are registered with the U.S. Securities and Exchange Commission.

The following table presents assets and liabilities measured at fair value by classification within the fair value hierarchy as of June 30, 2024:

	Fair Value Measurements Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Investments				
Fixed Income	\$ -	\$ 916,103	\$ -	\$ 916,103
Mutual Funds	2,617,900	-	-	2,617,900

Beneficial Interest in Remainder Trusts

On May 11, 2001, the Foundation was awarded an interest in the William H. and Lilian Dolde Charitable Trust (Trust) for the purpose of funding fine arts programs in the Albuquerque Public Schools Foundation. The Bank of America administers the Trust. The Trust was originally funded in the amount of \$2,000,000. The Trust document calls for the annual distribution of an amount equal to 5% of the Trust's net position. This annual distribution will expire on December 31, 2051. Upon termination of the Trust, the Foundation is entitled to a portion of the remaining assets in order to establish a permanent endowment for the fine arts. The Foundation is irrevocably entitled to 90% of all annual distributions and 90% of the remaining Trust net position upon termination. The Foundation's interest in the Trust's assets is recorded at fair market value with adjustments made annually for increases or decreases in value. The present value of the Trust agreement was initially calculated using a discount rate of 5% with annual distributions to be received of \$90,000 (90% of \$100,000) for 49.5 years. The present value of the Trust's net position at termination was initially estimated using a value of \$1,800,000 in remaining net position (90% of \$2,000,000) with a discount rate of 5% for 50 years. During the fiscal year ended June 30, 2024, the Trust made distributions of \$108,783 to the Foundation. The present value of the Trust increased by approximately \$51,000 for the fiscal year ended June 30, 2024. This resulted in the recording of a beneficial interest in the Trust in the amount of \$2,298,611 for the year ended June 30, 2024.

Contributed Non-financial Assets

The Foundation received the following contributions of non-financial assets for the year ended June 30, 2024:

Administrative and events salaries	\$ 390,684
Gifts for participants and auction items	67,413
Professional services	52,177
Goodwill vouchers	54,076
Event advertising	20,870
General administrative expenses	39,082
Use of office furniture and equipment	<u>2,630</u>
 Total	 <u><u>\$ 626,932</u></u>

Administrative and event salaries are valued at actual cost to the District, who provide employee services for no charge for administration of the Foundation. Professional services and event advertising are valued at the cost for receiving similar services or the hourly rate of the professional, usually provided by the service provider. Goodwill vouchers, redeemed at Goodwill Stores in support of the APS Clothing Banks, are valued at the average voucher redemption amount for the fiscal year. Gifts for participants are valued at the replacement cost of the received goods for a price publicly available on a website or in a local store. General administrative expenses and use of office furniture and equipment are valued at actual cost incurred by the District.

Related Parties

District programs are the primary beneficiaries of funds donated to the Foundation. Certain District employees whose services were contributed to the Foundation also served as Foundation board members in an ex-officio capacity. Certain voting board members were affiliated with the District or with other entities served through the Foundation.

During the year ended June 30, 2024, the Foundation received contributions of non-financial assets from the District with a market value of approximately \$462,000. The contributions included employee services and donated supplies and materials as further described above.

The Foundation has no employees of its own. During the year ended June 30, 2024, all Foundation staff members were employees of the District.

Net Assets with Donor Restrictions

Net assets with donor restrictions consisted of the following at June 30, 2024:

	Restricted by Purpose or Time	Restricted in Perpetuity	Total
Purpose			
Dolde Trust	\$ -	\$ 2,298,611	\$ 2,298,611

Concentration of Credit Risk

The Foundation maintains cash depository accounts with various financial institutions. These deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Balances in these accounts may at times exceed the federally insured amount. At June 30, 2024, the checking account balances over the FDIC insured limit is \$4,354,976. The Foundation has not experienced, and its management believes it is not exposed to, significant credit risk from excess deposits. The Foundation's deposits are maintained in institutions with strong financial performance. If any of the financial institutions with whom the Foundation do business were to be placed into receivership, the Foundation may be unable to access the cash the Foundation have on deposit with such institutions. If Foundation is unable to access the cash and cash equivalents as needed, the Foundation financial position and ability to operate the Foundation business could be adversely affected.

Liquidity and Availability of Resources

The Foundation strives to maintain 150 days of normal operating expenses, which are, on average, approximately \$681,000. The Foundation has an informal no debt policy and invests cash in excess of daily requirements in various cash equivalents to generate unrestricted investment income for additional reserves. As of June 30, 2024, financial assets available for general expenditure within one year of the statement of financial position date are comprised of the following:

Financial Assets	
Cash and cash equivalents	\$ 4,942,322
Investments	3,534,003
Less: Financial Assets with Donor Restriction	<u>(4,235,391)</u>
Financial Assets Available within One Year to Meet	
Cash Needs for General Expenditures within One Year	<u><u>\$ 4,240,934</u></u>

In addition to financial assets available to meet general expenditures within one year, the Foundation operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by resources with donor restrictions.

A. Cash and Cash Equivalents

State statutes authorize the investment of charter school funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the Charter Schools properly followed state investment requirements as of June 30, 2024.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the Charter School. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than 100% of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits, and interest-bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

B. Deposits

New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Schools for at least one-half of the amount on deposit with the institution. The Schedule of Pledged Collateral listed in the financial statements of each school will meet the State of New Mexico Office of the State Auditor's requirements in reporting the insured portion of the deposits.

E. Pensions

General Information about the Pension Plan (see Note 13)

Disability Benefit

An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Cost of Living Adjustment (COLA)

All retired members and beneficiaries receiving benefits receive an automatic adjustment in their benefit on July 1 following the later of 1) the year a member retires or 2) the year a member reaches age 65 (Tier 1 and Tier 2) or age 67 (Tier 3 and Tier 4).

If a member is eligible for a COLA, the amount depends on the annual change in the Consumer Price Index (CPI) and whether the fund is fully funded (that is, the fund's funded ratio is 100%). Accordingly, if there is no increase in the CPI, or the CPI is negative, the amount of the COLA will be zero (if the CPI is negative, retirement benefits will not be decreased).

When CPI has increased and the fund is fully funded, the COLA will be the same amount as the increase in the CPI except as follows: If the increase in the CPI is 2% or greater, the COLA will be one-half of the CPI increase, not to exceed 4% or to be less than 2%.

State of New Mexico
Albuquerque Municipal School District No. 12
Notes to the Financial Statements
June 30, 2024

Note 22 – Component Unit – Charter Schools (continued)

However, while the fund is not fully funded, the COLA for retirees will be reduced based on the median annual retirement benefit, calculated after the end of each fiscal year:

- When the funded ratio is 90% or less, the COLA for retirees whose annuity is at or below the median and who have 25 or more years of service credit at retirement will be reduced by 10%. For retirees whose annuity is either greater than the median or who have less than 25 years of service credit at retirement, the COLA will be reduced by 20%.
- When the funded ratio exceeds 90% but is less than 100%, the COLA for retirees whose annuity is at or below the median adjusted annuity and who had 25 or more years of service credit at retirement and will be reduced by 5%. For retirees whose annuity is either greater than the median or who have less than 25 years of service credit at retirement, the COLA will be reduced by 10%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

Refund of Contributions

Members may withdraw their contributions only when they terminate covered employment in the State and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

Contributions

For the fiscal years ended June 30, 2024 and 2023, educational employers contributed to the Pension Plan based on the following rate schedule.

Fiscal Year	Date Range	Wage Category	Member Rate	Employer Rate	Combined Rate	Increase Over Prior Year
2024	7/1/23 to 6/30/24	Over \$24k	10.70%	18.15%	28.85%	1.00%
2024	7/1/23 to 6/30/24	\$24k or less	7.90%	18.15%	26.05%	1.00%
2023	7/1/22 to 6/30/23	Over \$24k	10.70%	17.15%	27.85%	2.00%
2023	7/1/22 to 6/30/23	\$24k or less	7.90%	17.15%	25.05%	2.00%

Pension Liabilities, Pension Income, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2023, using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2023.

Pension Plan Fiduciary Net Position

Detailed information about the ERB's fiduciary net position is available in the separately issued audited financial statements as of and for June 30, 2024 and 2023, which are publicly available at www.nmerb.org.

Actuarial Assumptions

Actuarial assumptions and methods are set by the Board, based upon recommendations made by the plan's actuary. The Board assumptions for year ending June 30, 2023, were based on Board-adopted assumptions on April 17, 2020, in conjunction with the six-year actuarial experience study period ending June 30, 2019.

The total pension liability in the June 30, 2023, actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary Increases	3.00% composed of 2.30% inflation, plus a 0.70% productivity increase rate, plus a step-rate promotional increase for members with less than 15 years of service.
Investment Rate of Return	7.00% compounded annually, net of expenses. This is made up of a 2.30% inflation rate and a 4.70% real rate of return.
Mortality	<i>Healthy Males:</i> 2020 GRS Southwest Region Teacher Mortality Table, set back one year and scaled at 95%. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020. <i>Healthy Females:</i> 2020 GRS Southwest Region Teacher Mortality Table, set back one year. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.

Notes to the Financial Statements
June 30, 2024

Note 22 – Component Unit – Charter Schools (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block approach that includes the following:

- Rate of return projections that are the sum of current yield plus projected changes in price (valuations, defaults, etc.)
- Application of key economic projections (inflation, real growth, dividends, etc.)
- Structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

Asset Class	Target Allocation	Long-Term Expected Rate of Return
Equities	24%	
Fixed income	23%	
Alternative investments	52%	
Cash	1%	
Total	100%	7.00%

Discount Rate

A single discount rate of 7.00% was used to measure the total pension liability as of June 30, 2023. This is the same rate used for June 30, 2022. The 7.00% was based on a long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.69%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were sufficient to finance all projected future benefit payments of current plan members. As a result, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

General Information about the OPEB

Plan Description

Employees of the School are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits Provided

The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Contributions

Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund.

OPEB Liabilities, OPEB Expense (Income), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the Schools reported liabilities for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation date	June 30, 2023
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions	Inflation 2.30% for ERB; 2.50% for PERA
Projected payroll increases	3.25% to 13.00%, based on years of service, including inflation
Investment rate of return	7.00%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8.00% graded down to 4.50% over 14 years for Non-Medicare medical plan costs and 7.50% graded down to 4.50% over 12 years for Medicare medical plan costs
Mortality	<p><i>ERB Members:</i> 2000 GRS Southwest Region Teacher Mortality Table, set back one year (and scaled at 95% for males). Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.</p> <p><i>PERA Members:</i> Headcount-Weighted RP-2014 Blue Collar Annuitant Mortality, set forward one year for females projected generationally with Scale MP-2017 times 60%.</p>

Rate of Return

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

Notes to the Financial Statements
June 30, 2024

Note 22 – Component Unit – Charter Schools (continued)

The best estimates for the long-term expected rate of return is summarized as follows:

<u>Asset Class</u>	<u>2024</u>
U.S. core fixed income	1.60%
U.S. equity - large cap	6.90%
Non U.S. - emerging markets	8.70%
Non U.S. - developed equities	7.20%
Private equity	10.00%
Credit and structured finance	3.70%
Real estate	3.60%
Absolute return	3.20%
U.S. equity - small/mid cap	6.90%

Discount Rate

The discount rate used to measure the total OPEB liability is 6.22% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Authority's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2059. The 7.00% discount rate, which includes the assumed inflation rate of 2.30% for ERB members and 2.50% for PERA members, was used to calculate the net OPEB liability through 2052. Beyond 2059, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher (3.54%) was applied. Thus, 6.22% is the blended discount rate.

Alice King Community School Foundation

During the 2016 fiscal year, the Foundation applied for the financial assistance of the Public Finance Authority (PFA) in the financing of the cost of: acquiring, renovating, and equipping buildings located at 8100 Mountain Road NE and at 8009 Mountain Road Place NE in Albuquerque, New Mexico, for the use as an educational facility. The PFA issued Educational Facility Revenue Bonds Series 2016 Bonds in the amount of \$6,855,000, under the Indentured of Trust between the PFA and BOKFo, NA (Trustee). The bond proceeds are held by the Trustee in restricted escrow accounts. The Foundation makes required payments to the Trustee, which then remits the required principal and interest payments to bondholders. The interest rate is 5.50% for fiscal year 2016 through fiscal year 2029 and increases to 6.50% thereafter. The date of maturity is July 1, 2047. Interest expense for the current fiscal year was \$405,167 and the current portion of long-term debt is \$110,000.

The changes to long-term debt are as follows:

N. Joint Power Agreements

Various Charter Schools have joint powers agreements with the Cooperative Educational Services (CES) and ACES Cooperative Accounting Services (ACES) for various goods and services. The agreements can be terminated by giving a 30-day written notice.

O. Management's Plan-Going Concern

Albuquerque Talent Development Academy – The Albuquerque Talent Development Academy Government Council initially planned to close the School by the end of 2024 due to significant budgetary constraints, declining student enrollment, and leadership challenges. However, following the appointment of new management and the introduction of the K-12 Plus Program, which has provided substantial additional funding to operational revenue, the Government Council has approved the continuation of the School's operations through the end of fiscal year 2025, contingent on enrollment targets being met. To address the enrollment issue, the School has launched an aggressive student recruitment campaign for 2025, aimed at steadily increasing enrollment over the next four years. Early indicators show the campaign has been highly successful to date.

Digital Arts & Technology Academy, East Mountain High School, La Academia De Esperanza, Los Puentes Charter School, Mountain Mahogany Community School, Public Academy for Performing Arts, South Valley Academy – The current charter for these Charters Schools with Albuquerque Public Schools is through June 30, 2025. The Schools are in the process of renewing their Charter to extend their Charter and remain open. All of the Charter Schools believe their Charter will be renewed for an additional 3-5 years. The individual performance of the Schools is positive.

Note 22 – Component Unit – Charter Schools (continued)

Voz Collegiate Preparatory School– As of June 30, 2024, the School carries a total fund balance deficit of \$84,772. Voz Collegiate Preparatory School is still a growing charter school and as they expand their grades, their program will also continue to expand. As enrollment grows 20%-30% YoY, the current fixed costs will becoming a smaller and smaller portion of the budget helping the school build a solid fund balance. Expenses such as contractor fees, building fees, transportation, and administration will not grow proportionally to the enrollment growth, and will become a smaller percentage of the budget ensuring the school will have a positive net operating in future years.

William W. and Josephine Dorn Charter School – As of June 30, 2024, the School closed and transferred all remaining assets to the Albuquerque Public Schools.

P. Correction of an Error-Siembra Leadership High School

The accompanying financial statements include the impact of prior period adjustments for Siembra Leadership related to a construction in progress cost that was duplicated in capital assets. The construction-in-progress cost was included in both the addition and transfers in 2023 causing the duplication. As a result, it was determined for the year ended June 30, 2023, net position for the Siembra Leadership High School was understated by \$229,702. The 2023 impact to the change in net position was an understatement of \$229,702. Accordingly, the cumulative effect of the correction is recorded at the beginning of the year in the financial statements as detailed below:

	<u>Governmental Activities</u>
Net deficit, June 30, 2023, as previously reported	\$ 3,116,631
Cummulative effect of adjustment	<u>229,702</u>
Net deficit, June 30, 2023, as restated	<u><u>\$ 3,346,333</u></u>

Q. Fund Balance Reporting

Fund Balance – the difference between assets and liabilities in the governmental fund financial statements – is among the most widely and frequently used information in state and local governmental financial reports. GASB Statement No. 54 distinguishes fund balances based on the relative strength of the constraints that control the purposes for which specific amounts can be spent. Beginning with the most binding constraints, fund balance amounts are reported in the following classifications:

- *Nonspendable* – portion of net resources that cannot be spent because of their form or because they must remain intact, such as fund balances associated with inventories or are legally or contractually required to remain intact.
- *Restricted* – amounts constrained by external parties, constitutional provision, or enabling legislation. Restricted amounts will be used for 2025 expenditures.

Note 22 – Component Unit – Charter Schools (continued)

- *Committed* – amounts constrained by a government using its highest level of decision-making authority. The Board of Education is the highest level of decision-making authority. Formal Board action, through a resolution, creates a commitment.
- *Assigned* – amounts a government intends to use for a particular purpose. The governing council has designated the responsibility to assign fund balance to its business and finance director. Assigned fund balances within the Charter Schools represent amounts assigned for next year's budget.
- *Unassigned* – amounts that are not constrained at all will be reported in the general fund.

State of New Mexico
Albuquerque Municipal School District No. 12

Capital Projects Funds Descriptions

Capital Projects Funds are used to account for financial resources used in the acquisition or construction of major capital facilities.

Bond Building Capital Projects (31100) – This fund is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds, or any combination thereof, as approved by the voters of the District.

Public School Capital Outlay (31200) – To account for funding from the Public School Capital Outlay Council. These funds are used to remodel, erect, refurbish, purchase or improve school grounds, or any combination thereof as determined by the PSCOC.

Special Capital Outlay – Local (31300) – To account for revenues that are derived from local sources such as the sale of a building.

Special Capital Outlay – State (31400) – To account for special appropriations monies received from the State of New Mexico under Chapter 4, Laws of 1996.

Special Capital Outlay-Federal (31500) – Federal Direct Capital Outlay funding awarded for the reconstruction of Sandia Base Elementary School.

Capital Improvements HB-33 Fund (31600) – The fund is used to account for the costs relating to erecting, remodeling, making additions to, providing equipment for, or furnishing public school buildings and purchasing or improving public school grounds. Financing is provided through property taxes as specified by Article 26 of the Public School Buildings Act (House Bill 33).

Capital Improvements S-B9 Fund (31700/31703 & 31701) – The fund is used to account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act (22-25-1 to 22-25-10, NMSA 1978). Per the NM Public Education Department state SB-9 funds will be separated by local and state funding sources. State SB-9 funds will use fund number 31700/31703, and local SB-9 funds will use fund number 31701.

Educational Technology Equipment Act Fund (31900) – To account for proceeds of Educational Technology Notes. The proceeds are restricted to the purchase of technology equipment for use in school classrooms.

to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds	
(Governmental Fund Balance Sheet)	<u>\$ 2,518,821</u>

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	4,618,901
Accumulated depreciation is	(545,006)
Accumulated amortization is	<u>(852,013)</u>

Albuquerque Municipal School District No. 12
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ (200,811)
---	--------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	719,472
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	265,170
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	195,787
Amortization expense	(291,777)
Depreciation expense	(171,703)
Excess of depreciation and amortization over capital outlay	(267,693)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease liability principal payments	397,103
SBITA liability principal payments	19,436
Excess of principal payments over issuance of long-term debt	416,539

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 932,677

to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds	
(Governmental Fund Balance Sheet)	<u>\$ 2,702,410</u>

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	6,568,252
Accumulated depreciation is	(1,278,099)
Accumulated amortization is	<u>(162,406)</u>
 Total capital assets	 5,127,747

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	950,142

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 664,547
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	1,139,129
--	-----------

Income related to the net other post-employment benefits liability not reported in the funds.	247,874
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	197,498
Amortization expense	(114,136)
Depreciation expense	(235,656)
Excess of depreciation and amortization over capital outlay	(152,294)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	333,576
Excess of principal payments over issuance of long-term debt	333,576

Change in Net Position of Governmental Activities (Statement of Activities)	\$ <u>2,232,832</u>

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024**

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ (1,200,598)
---	----------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	1,288,892
Income related to the net other post-employment benefits liability not reported in the funds.	112,750

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	9,529,971
Amortization expense	(135,832)
Depreciation expense	(194,631)
Excess of capital outlay over depreciation and amortization	9,199,508

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Issuance of long-term debt - Lease purchase	(8,000,000)
Issuance of long-term debt - SBITAs	(247,435)
Lease purchase principal payments	103,335
Lease liability principal payments	10,889
SBITA liability principal payments	102,892
Excess of issuance of long-term debt over principal payments	(8,030,319)

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 1,370,233

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds

(Statement of Revenues, Expenditures, and Changes in
Fund Balances)

\$ (77,988)

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds. 1,142,404

Income related to the net other post-employment benefits liability
not reported in the funds. 266,123

Net gain on early termination of SBITA assets and liabilities 2,140

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	57,404
Amortization expense	(52,685)
Depreciation expense	<u>(290,849)</u>

Excess of depreciation and amortization over capital outlay (286,130)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	64,984
Lease liability principal payments	15,080
SBITA liability principal payments	<u>64,861</u>

Excess of principal payments over issuance of long-term debt 144,925

Change in Net Position of Governmental Activities
(Statement of Activities)

\$ 1,191,474

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 496,624
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	639,855
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	162,069
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	233,404
Amortization expense	(8,734)
Depreciation expense	(69,362)
Excess of capital outlay over depreciation and amortization	155,308

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	207,484
Lease liability principal payments	4,274
SBITA liability principal payments	1,803
Excess of principal payments over issuance of long-term debt	213,561

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 1,667,417
--	--------------

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024**

Net Changes in Fund Balances - Total Governmental Funds	
(Statement of Revenues, Expenditures, and Changes in	
Fund Balances)	\$ 740,016

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	844,490
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	170,767
--	---------

Net gain on the modification of SBITA terms	335
---	-----

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	-
Amortization expense	(311,242)
Depreciation expense	<u>(10,695)</u>

Excess of depreciation and amortization over capital outlay	(321,937)
---	-----------

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	<u>297,700</u>
-----------------------------------	----------------

Excess of principal payments over issuance of long-term debt	<u>297,700</u>
--	----------------

Change in Net Position of Governmental Activities

to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds (Governmental Fund Balance Sheet)	\$ 676,575
--	------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	674,190
Accumulated depreciation is	(354,038)
Accumulated amortization is	(34,021)

Total capital assets	286,131
----------------------	---------

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	933,127

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ (9,283)
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	855,236
Income related to the net other post-employment benefits liability not reported in the funds.	210,699
Change in compensated absences for the fiscal year	8,514
Gain on early termination of lease	46

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	88,682
Amortization expense	(24,499)
Depreciation expense	<u>(55,162)</u>
Excess of capital outlay over depreciation and amortization	9,021

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease liability principal payments	7,485
SBITA liability principal payments	<u>13,711</u>
Excess of principal payments over issuance of long-term debt	<u>21,196</u>

Change in Net Position of Governmental Activities (Statement of Activities)	\$ <u><u>1,095,429</u></u>

Reconciliation of the Balance Sheets – Governmental Funds
to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds (Governmental Fund Balance Sheet)	\$ 397,504
--	------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	12,907,480
Accumulated depreciation is	(4,753,366)
Accumulated amortization is	(270,672)
	7,883,442
 Total capital assets	 7,883,442

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	897,992
Deferred inflows of resources	(979,348)

Deferred inflows and outflows of resources related to the net other post-employment benefits liability and not reported in the funds.

Deferred outflows of resources	418,838
Deferred inflows of resources	(895,246)

Long-term and certain other liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Long-term and other liabilities at year end consist of:

Net pension liability	(5,973,051)
Net other post-employment benefits liability	(790,300)
Long-term debt	(8,528,673)
Leases payable	(55,988)

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 154,605
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	1,098,814
--	-----------

Income related to the net other post-employment benefits liability not reported in the funds.	220,234
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	84,878
Amortization expense	(125,844)
Depreciation expense	(401,971)
Excess of depreciation and amortization over capital outlay	(442,937)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	307,682
Lease liability principal payments	46,929
SBITA liability principal payments	75,784
Excess of principal payments over issuance of long-term debt	430,395

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 1,461,111

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 111,430
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	608,527
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	165,140
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	209,530
Amortization expense	(16,628)
Depreciation expense	(89,835)
Excess of capital outlay over depreciation and amortization	103,067

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	62,084
Excess of principal payments over issuance of long-term debt	62,084

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 1,050,248
--	--------------

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ (627,009)
---	--------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	1,717,278
Income related to the net other post-employment benefits liability not reported in the funds.	254,620
Change in compensated absences for the fiscal year	(127,021)
Gain on modification of SBITAs	36,384

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	3,674,079
Amortization expense	(74,056)
Depreciation expense	(106,023)
Excess of capital outlay over depreciation and amortization	3,494,000

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Issuance of long-term debt - Lease purchase	(1,789,246)
Lease purchase principal payments	132,466
Lease liability principal payments	18,586
SBITA liability principal payments	29,626
Excess of issuance of long-term debt over principal payments	(1,608,568)

Change in Net Position of Governmental Activities (Statement of Activities)	\$ <u><u>3,139,684</u></u>

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024**

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ (2,771,269)
---	----------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	865,968
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	183,022
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	3,820,290
Amortization expense	(18,171)
Depreciation expense	(346,163)
Excess of capital outlay over depreciation and amortization	3,455,956

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	54,228
Lease liability principal payments	2,125
SBITA liability principal payments	15,734
Excess of principal payments over issuance of long-term debt	72,087

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 1,805,764

to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds (Governmental Fund Balance Sheet)	\$ 1,617,834
--	--------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	8,469,772
Accumulated depreciation is	(609,579)
Accumulated amortization is	(18,176)

Total capital assets	7,842,017
----------------------	-----------

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	776,754
Deferred inflows of resources	(1,252,622)

Deferred inflows and outflows of resources related to the net other post-employment benefits liability and not reported in the funds.

Deferred outflows of resources	725,652
Deferred inflows of resources	(1,170,870)

Long-term and certain other liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds
 (Statement of Revenues, Expenditures, and Changes in
 Fund Balances)

\$ 119,886

Amounts reported for governmental activities in the Statement of Activities
 are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds. 1,286,688

Income related to the net other post-employment benefits liability
not reported in the funds. 208,117

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	132,667
Amortization expense	(4,996)
Depreciation expense	<u>(269,098)</u>

Excess of depreciation and amortization over capital outlay (141,427)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Issuance of long-term debt - SBITAs	(11,246)
Lease purchase principal payments	263,077
Lease liability principal payments	6,470
SBITA liability principal payments	<u>11,246</u>

Excess of principal payments over issuance of long-term debt 269,547

Change in Net Position of Governmental Activities
 (Statement of Activities)

Reconciliation of the Balance Sheets – Governmental Funds
to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds (Governmental Fund Balance Sheet)	\$ <u>2,589,002</u>
--	---------------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	5,841,139
Accumulated depreciation is	(667,145)
Accumulated amortization is	<u>(90,024)</u>

Total capital assets	5,083,970
----------------------	-----------

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	699,191
Deferred inflows of resources	(1,779,155)

Deferred inflows and outflows of resources related to the net other post-employment benefits liability and not reported in the funds.

Deferred outflows of resources	304,400
Deferred inflows of resources	(1,250,127)

Long-term and certain other liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Long-term and other liabilities at year end consist of:

Net pension liability	(5,047,306)
Net other post-employment benefits liability	(662,353)
Long-term debt	(1,895,861)

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 579,544
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	1,490,425
--	-----------

Income related to the net other post-employment benefits liability not reported in the funds.	360,145
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	646,377
Amortization expense	(48,129)
Depreciation expense	(162,451)
	435,797
Excess of capital outlay over depreciation and amortization	435,797

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	109,550
Lease liability principal payments	44,125
	153,675
Excess of principal payments over issuance of long-term debt	153,675

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 3,019,586

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$	37,190
---	----	--------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.		641,740
--	--	---------

Income related to the net other post-employment benefits liability not reported in the funds.		159,947
--	--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay		39,570
Amortization expense		(8,861)
Depreciation expense		(209,456)
Excess of depreciation and amortization over capital outlay		(178,747)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments		113,431
Excess of principal payments over issuance of long-term debt		113,431

Change in Net Position of Governmental Activities (Statement of Activities)	\$	773,561
--	----	---------

to the Statement of Net Position
June 30, 2024**

Total Fund Balance - Governmental Funds (Governmental Fund Balance Sheet)	<u>\$ 1,041,591</u>
--	---------------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	2,881,520
Accumulated depreciation is	(767,541)
Accumulated amortization is	<u>(61,082)</u>
 Total capital assets	 2,052,897

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	1,052,457
Deferred inflows of resources	(738,547)

Deferred inflows and outflows of resources related to the net other post-employment benefits liability and not reported in the funds.

Deferred outflows of resources	535,158
Deferred inflows of resources	(709,184)

Long-term and certain other liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024**

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 379,953
---	------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	517,143
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	120,518
---	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	33,505
Amortization expense	(30,541)
Depreciation expense	(98,589)
Excess of depreciation and amortization over capital outlay	(95,625)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	39,355
SBITA liability principal payments	28,038
Excess of principal payments over issuance of long-term debt	67,393

Change in Net Position of Governmental Activities (Statement of Activities)	\$ <u>989,382</u>

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024**

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 161,432
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	1,965,748
--	-----------

Income related to the net other post-employment benefits liability not reported in the funds.	363,922
--	---------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	115,012
Amortization expense	(606,719)
Depreciation expense	(85,327)
Excess of depreciation and amortization over capital outlay	(577,034)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease liability principal payments	444,551
SBITA liability principal payments	43,537
Excess of principal payments over issuance of long-term debt	488,088

Change in Net Position of Governmental Activities (Statement of Activities)	\$ 2,402,156

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds
 (Statement of Revenues, Expenditures, and Changes in
 Fund Balances)

\$ 709,197

Amounts reported for governmental activities in the Statement of Activities
 are different because:

In the Statement of Activities, certain operating expenses, such as compensated
 absences (sick and annual leave), are measured by the amounts earned
 during the year. In the Governmental Funds, however, expenditures for
 these items are measured by the amounts of financial resources used
 (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds. 489,208

Income related to the net other post-employment benefits liability
 not reported in the funds. 38,894

Governmental Funds report capital outlays as expenditures. However,
 in the Statement of Activities, the cost of those assets is allocated over their
 estimated useful lives and reported as depreciation and amortization expense.
 In the current period, these amounts were:

Capital outlay	128,665
Amortization expense	(21,583)
Depreciation expense	<u>(132,480)</u>

Excess of depreciation and amortization over capital outlay (25,398)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs)
 provides current financial resources of governmental funds, while the repayment
 of the principal of long-term debt consumes the current financial resources of
 governmental funds. Neither transaction, however, has any effect on net position.
 The amount of repayments and proceeds were:

Lease purchase principal payments	226,772
Lease liability principal payments	3,716
SBITA liability principal payments	<u>16,600</u>

Excess of principal payments over issuance of long-term debt 247,088

Change in Net Position of Governmental Activities
 (Statement of Activities)

\$ 1,458,989

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds
 (Statement of Revenues, Expenditures, and Changes in
 Fund Balances)

\$ 949,633

Amounts reported for governmental activities in the Statement of Activities
 are different because:

In the Statement of Activities, certain operating expenses, such as compensated
 absences (sick and annual leave), are measured by the amounts earned
 during the year. In the Governmental Funds, however, expenditures for
 these items are measured by the amounts of financial resources used
 (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds. 1,323,146

Income related to the net other post-employment benefits liability
 not reported in the funds. 277,279

Change in compensated absences for the fiscal year (7,500)

Governmental Funds report capital outlays as expenditures. However,
 in the Statement of Activities, the cost of those assets is allocated over their
 estimated useful lives and reported as depreciation and amortization expense.
 In the current period, these amounts were:

Capital outlay	64,195
Amortization expense	(23,610)
Depreciation expense	<u>(97,350)</u>

Excess of depreciation and amortization over capital outlay (56,765)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs)
 provides current financial resources of governmental funds, while the repayment
 of the principal of long-term debt consumes the current financial resources of
 governmental funds. Neither transaction, however, has any effect on net position.
 The amount of repayments and proceeds were:

Issuance of long-term debt - SBITAs	(7,366)
Lease liability principal payments	7,293
SBITA liability principal payments	<u>24,543</u>

Excess of principal payments over issuance of long-term debt 24,470

Change in Net Position of Governmental Activities
 (Statement of Activities)

\$ 2,510,263

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds
 (Statement of Revenues, Expenditures, and Changes in
 Fund Balances)

\$ 897,146

Amounts reported for governmental activities in the Statement of Activities
 are different because:

In the Statement of Activities, certain operating expenses, such as compensated
 absences (sick and annual leave), are measured by the amounts earned
 during the year. In the Governmental Funds, however, expenditures for
 these items are measured by the amounts of financial resources used
 (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds. 1,043,498

Income related to the net other post-employment benefits liability
 not reported in the funds. 244,221

Change in compensated absences for the fiscal year 4,857

Governmental Funds report capital outlays as expenditures. However,
 in the Statement of Activities, the cost of those assets is allocated over their
 estimated useful lives and reported as depreciation and amortization expense.
 In the current period, these amounts were:

Capital outlay	266,218
Amortization expense	(22,037)
Depreciation expense	<u>(87,993)</u>

Excess of capital outlay over depreciation and amortization 156,188

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs)
 provides current financial resources of governmental funds, while the repayment
 of the principal of long-term debt consumes the current financial resources of
 governmental funds. Neither transaction, however, has any effect on net position.
 The amount of repayments and proceeds were:

Lease liability principal payments	2,040
SBITA liability principal payments	<u>17,982</u>

Excess of principal payments over issuance of long-term debt 20,022

Change in Net Position of Governmental Activities
 (Statement of Activities)

\$ 2,365,932

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds

(Statement of Revenues, Expenditures, and Changes in
Fund Balances)

\$ 317,914

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	528,671
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	15,730
---	--------

Net gain on modifications of SBITAs	(928)
-------------------------------------	-------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	192,756
Amortization expense	(75,551)
Depreciation expense	<u>(199,617)</u>

Excess of depreciation and amortization over capital outlay	(82,412)
---	----------

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease purchase principal payments	202,052
Lease liability principal payments	7,562
SBITA liability principal payments	<u>71,867</u>

Excess of principal payments over issuance of long-term debt	<u>281,481</u>
--	----------------

Reconciliation of the Balance Sheets – Governmental Funds
to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds	
(Governmental Fund Balance Sheet)	\$ 2,472,107

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	1,370,732
Accumulated depreciation is	(383,551)
Accumulated amortization is	(146,407)
 Total capital assets	 840,774

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	1,611,566
Deferred inflows of resources	(2,073,644)

Deferred inflows and outflows of resources related to the net other post-employment benefits liability and not reported in the funds.

Deferred outflows of resources	682,117
Deferred inflows of resources	(1,730,868)

Long-term and certain other liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Long-term and other liabilities at year end consist of:

Net pension liability	(11,227,044)
Net other post-employment benefits liability	(1,472,189)
Long-term debt	-
Leases payable	(9,147)
SBITAs payable	(143,853)

Net Position (Deficit) of Governmental Activities (Statement of Net Position)	\$ (11,058,166)

South Valley Academy
Albuquerque Municipal School District No. 12
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 221,680
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	2,442,030
Income related to the net other post-employment benefits liability not reported in the funds.	427,074
Change in compensated absences for the fiscal year	2,076

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	-
Amortization expense	(70,824)
Depreciation expense	<u>(62,025)</u>
Excess of depreciation and amortization over capital outlay	(132,849)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease liability principal payments	6,159
SBITA liability principal payments	<u>76,146</u>
Excess of principal payments over issuance of long-term debt	<u>82,305</u>

Change in Net Position of Governmental Activities (Statement of Activities)	\$ <u><u>3,042,316</u></u>

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024**

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 1,245,289
---	--------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	853,113
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	86,413
---	--------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	109,201
Amortization expense	(216,897)
Depreciation expense	<u>(48,878)</u>
Excess of depreciation and amortization over capital outlay	(156,574)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease liability principal payments	205,170
SBITA liability principal payments	<u>43,951</u>
Excess of principal payments over issuance of long-term debt	<u>249,121</u>

to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds (Governmental Fund Balance Sheet)	<u>\$ 3,246,157</u>
--	---------------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	4,053,288
Accumulated depreciation is	(2,472,881)
Accumulated amortization is	<u>(503,966)</u>
 Total capital assets	 1,076,441

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	344,639
Deferred inflows of resources	(841,631)

Deferred inflows and outflows of resources related to the net other post-employment benefits liability and not reported in the funds.

Deferred outflows of resources	137,763
Deferred inflows of resources	(603,637)

Long-term and certain other liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ 490,542
---	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	863,920
Income related to the net other post-employment benefits liability not reported in the funds.	193,867
Gain on remeasurement of SBITA assets and liabilities	21,172

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	227,215
Amortization expense	(181,242)
Depreciation expense	<u>(233,640)</u>
Excess of depreciation and amortization over capital outlay	(187,667)

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Issuance of long-term debt - SBITAs	(118,981)
Lease purchase principal payments	235,623
Lease liability principal payments	115,548
SBITA liability principal payments	<u>71,243</u>
Excess of principal payments over issuance of long-term debt	<u>303,433</u>

Change in Net Position of Governmental Activities (Statement of Activities)	\$ <u><u>1,685,267</u></u>

Reconciliation of the Balance Sheets – Governmental Funds
to the Statement of Net Position
June 30, 2024

Total Fund Balance - Governmental Funds	
(Governmental Fund Balance Sheet)	<u>\$ (84,772)</u>

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

The cost of capital assets is	5,427,703
Accumulated depreciation is	(45,604)
Accumulated amortization is	<u>(186,854)</u>
 Total capital assets	 5,195,245

Deferred inflows and outflows of resources related to the net pension liability and not reported in the funds.

Deferred outflows of resources	861,647
Deferred inflows of resources	(190,927)

Deferred inflows and outflows of resources related to the net other post-employment benefits liability and not reported in the funds.

Deferred outflows of resources	317,065
Deferred inflows of resources	(173,568)

Long-term and certain other liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Long-term and other liabilities at year end consist of:

Net pension liability	(1,166,299)
Net other post-employment benefits liability	(154,367)
Leases payable	<u>(5,324,000)</u>

Net Position (Deficit) of Governmental Activities (Statement of Net Position)	<u><u>\$ (719,976)</u></u>

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)	\$ (124,964)
---	--------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	(140,752)
--	-----------

Expenses related to the net other post-employment benefits liability not reported in the funds.	(5,020)
--	---------

Net gain on early termination of lease	8,152
--	-------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	5,354,104
Amortization expense	(253,541)
Depreciation expense	(17,930)

Excess of capital outlay over depreciation and amortization	5,082,633
---	-----------

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Issuance of long-term debt - Leases	(5,315,481)
Lease liability principal payments	88,074

Excess of issuance of long-term debt over principal payments	(5,227,407)
--	-------------

Change in Net Position of Governmental Activities (Statement of Activities)	\$ <u>(407,358)</u>

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances – Governmental Funds
to the Statement of Activities
Year Ended June 30, 2024**

Net Changes in Fund Balances - Total Governmental Funds

(Statement of Revenues, Expenditures, and Changes in

Fund Balances)

\$ 16,452

Amounts reported for governmental activities in the Statement of Activities
are different because:

In the Statement of Activities, certain operating expenses, such as compensated absences (sick and annual leave), are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Income related to the net pension liability not reported in the funds.	220,403
--	---------

Income related to the net other post-employment benefits liability not reported in the funds.	36,582
---	--------

Loss on disposal of capital assets	(54,316)
------------------------------------	----------

Gain on early termination of ROU assets and liabilities	1,608
---	-------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. In the current period, these amounts were:

Capital outlay	6,175
Amortization expense	(19,382)
Depreciation expense	<u>(7,653)</u>

Excess of depreciation and amortization over capital outlay	(20,860)
---	----------

The issuance of long-term debt (e.g., bonds, notes, leases, and SBITAs) provides current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The amount of repayments and proceeds were:

Lease liability principal payments	2,266
SBITA liability principal payments	<u>15,688</u>

Excess of principal payments over issuance of long-term debt	<u>17,954</u>
--	---------------

Change in Net Position of Governmental Activities
(Statement of Activities)

Information about Overlapping Tax Rates – 10 Years (unaudited)

Article VIII, section 2, of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the tax situation on residential property in Bernalillo County for the tax year 2023 and the previous nine years. A high level of taxation may impact the District's ability to repay the Notes and Bonds.

Debt Information

Legal Debt Margin (unaudited)

Article IX, Section 11, of the New Mexico Constitution limits the powers of a District to incur general obligation debt extending beyond the fiscal year. The District can incur such debt for "the purpose of erecting, remodeling, making additions to and furnishing school buildings or purchasing or improving school grounds, or purchasing computer software or hardware for student use in public school classrooms, or any combination of these purposes," but only after the proposition to create any such debt has been submitted to a vote of the qualified electors of the District, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the District may not exceed six percent of the assessed valuation of the taxable property within the District as shown by the last preceding general assessment. The District also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the District, but any such debt is subject to the 6% debt limitation. An issuance of refunding bonds does not have to be submitted to a vote of the qualified electors of the District.

The calculation of the legal debt margin and ratio of outstanding debt to total personal income for the current and previous nine fiscal years is summarized below:

Fiscal Year	Tax Year	Assessed Value ¹	Debt Limit 6%	Outstanding Debt ²	Debt Service Fund Balance ²	Net Debt ³	Legal Debt Margin ⁴	Ratio of Debt Margin to Debt Limit	Estimated Population ⁵	Total Net Debt per Capita ⁶	Percentage of Personal Income to O/S Debt

Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The State of New Mexico
Albuquerque Public School District No. 12
The Board of Education
and
Mr. Joseph M. Maestas, PE, CFE
New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information and the budgetary comparisons for the general fund and major special revenue funds of the Albuquerque Municipal School District No. 12 (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. We have also audited the financial statements of the governmental activities, each major fund, the aggregate remaining fund information and the respective budgetary comparisons for the general fund and major special revenue funds of each discretely presented component unit, presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying component unit combining financial statements as of and for the year ended June 30, 2024, as listed in the table of contents, and have issued our report thereon dated November 12, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have noted certain matters that are required to be reported per Section 12-6-5 NMSA 1978, that we have described in the Section 12-6-5 NMSA 1978 schedule of findings and questioned costs, as items 2024-001, 2024-002, 2024-003, 2024-004, 2024-005, 2024-006, 2024-007, 2024-008, 2024-009, 2024-010, 2024-011, 2024-012, 2024-013, 2024-014, 2024-015, 2024-016, 2024-017, 2024-018, 2024-019, 2024-020, 2024-021, 2024-022, 2024-023, 2024-024, 2024-025, 2024-026, 2024-027, 2024-028, 2024-029, 2024-030, 2024-031, 2024-032, 2024-033, 2024-034, 2024-035, 2024-036, 2024-037, 2024-038, 2024-039, 2024-040, 2024-041, 2024-042, 2024-043, 2024-044, 2024-045, 2024-046, 2024-047, 2024-048, 2024-049, 2024-050, 2024-051, 2024-052, 2024-053, 2024-054, 2024-055, 2024-056, 2024-057, 2024-058, 2024-059, 2024-060, 2024-061, 2024-062, 2024-063, 2024-064, 2024-065, 2024-066, 2024-067, 2024-068, 2024-069, 2024-070, 2024-071, 2024-072, 2024-073, 2024-074, 2024-075, 2024-076, 2024-077, 2024-078, 2024-079, 2024-080, 2024-081, 2024-082, 2024-083, 2024-084, 2024-085, 2024-086, 2024-087 and 2024-088.

District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditors on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

The State of New Mexico
Albuquerque Municipal School District No. 12
The Board of Education
and
Mr. Joseph M. Maestas, PE, CFE
New Mexico State Auditor

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Albuquerque Municipal School District No. 12 (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2024. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the Albuquerque Municipal School District (District) and is presented on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements. The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

2. Subrecipients

The District has no subrecipients.

3. Non-Cash Federal Assistance

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast programs. The value of commodities received for the year ended June 30, 2024, was \$2,629,169 and is reported in the Schedule of Expenditures of Federal Awards under the Department of Agriculture Commodities program, Federal Assistance Listing number 10.555.

Albuquerque Public Schools

2024-001 – Pledged Collateral (Other Non-Compliance)

Condition: During our audit, we noted that the deposits held at Nusenda Credit Union for Rio Grande High School were not collateralized in excess of Federal Deposit Insurance Corporation (FDIC) in accordance with the State of New Mexico Statutes. The required collateral was on the balance in excess of FDIC limit of \$4,812. As there was no collateral maintained for this institution, there was a shortfall of \$2,406.

Criteria: Any financial institution designated as a depository of public money shall deliver securities having an aggregate value of at least one-half the amount of public money to be deposited to a custodial bank and shall deliver a joint safekeeping receipt issued by the custodial bank to the District (Section 6-10-17 NMSA 1978). Monitoring collateral requirement of the public funds is essential in ensuring compliance with the State of New Mexico Statutes.

Cause: Lack of management oversight.

Effect: Lack of proper monitoring of pledged collateral requirement could result in loss to the public funds if financial institutions encounter any financial difficulties.

Repeat Finding: This is not a repeat finding.

Recommendation: The District should implement a policy to review deposit of public funds and make sure they are in compliance with the State of New Mexico Statutes.

Agency Responses: The bookkeeper and principal were made aware that the balances in the activity funds were over the FDIC limit. There was a misunderstanding about moving the funds. The bookkeeper moved funds but into a new account at the same bank which did not correct the issue. Activity Fund Support is working with the school principal to open a new account and close one of the accounts at the bank.

The APS Activity Fund Manual, page 9, does state with regard to FDIC Insurance Limits to check with your financial institution for the current FDIC limits. These are subject to change. Schools with money in an activity fund in excess of the FDIC limits must set up an additional bank account (i.e., Savings) at a different banking institute. Activity fund balances must remain at or below the current FDIC limits at any one bank.”

A monthly review of daily balances by the Activity Fund Support Department will be monitored and addressed accordingly. Assistant Superintendents of the schools will be made aware of any FDIC limit issues at their assigned schools.

Component Unit Findings

Albuquerque Public Schools Foundation

2024-002 – Financial Close and Reporting ((Other Non-Compliance at the District Level, Material Weakness at the Individual Component Unit Level)

Condition: During our audit, we encountered the following issues:

- We noted the Albuquerque Public Schools Foundation management posted the fiscal year 2023 contribution of nonfinancial assets in the amount of \$436,906 in fiscal year 2024 resulting in an overstatement of revenue and expenses. An adjustment was required to be posted to correct the revenue and expense accounts.
- We noted that June 2024 payroll in the amount of \$65,514 that was paid in July 2024 was not accrued as of June 30, 2024.
- We noted that the current year fair market value adjustment of \$51,187 for the beneficial interest in remainder trust was not made as of June 30, 2024.
- We noted the Albuquerque Public Schools Foundation management did not provide any reclass entries for any cash and cash equivalents of \$178,850 within investment accounts for financial statement presentation.

Criteria: The Albuquerque Public Schools Foundation shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from authorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

Cause: Lack of effective internal controls. In addition, the Albuquerque Public Schools Foundation had a change in the CPA firm that was helping with the financial close and reporting, causing some of the issues noted above.

Effect: Possible misstatements to the financial statements. The Albuquerque Public Schools Foundation could be overstating their revenue and expenses for contribution of non-financial assets and understating their payroll expenses and corresponding liabilities for payroll-related transactions. In addition, financial statements could be understated or overstated due to lack of fair market value adjustments for the beneficial interest in remainder trust in the correct period.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Albuquerque Public Schools Foundation management ensure that internal controls are strengthened surrounding the financial close and reporting process. The Albuquerque Public Schools Foundation should also have proper controls and oversight in place for any work performed by a third-party CPA firm as part of the financial close and reporting.

Agency Response: Albuquerque Public Schools Foundation Management is committed to continuous improvement and has taken the necessary steps to address these issues. We have implemented processes to ensure that year-end reconciliations for accrued payroll and the cash portion of investments are prepared and thoroughly reviewed. Additionally, measures are in place to guarantee that journal entries are made in the correct fiscal period and are subject to timely review.

Albuquerque Charter Academy

2024-003 – Internal Controls over Financial Close and Reporting (Other Non-Compliance)

Condition: During our testwork, we noted management provided an incomplete entry related to prior year accounts payable of \$600. In the prior year, Fund 24330 had an accounts payable accrual for \$600; it was paid out of fund 11000 during fiscal year 2024. Albuquerque Charter Academy management's reversal entry to reverse the prior year accounts payable did not include a transfer between funds to reconcile the amounts to the prior year financial statements.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Albuquerque Charter Academy management did not realize the amounts were paid out of one fund and accrued in a separate fund.

Effect: Possible misstatement of financial statements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Albuquerque Charter Academy management ensure that adequate internal controls are established surrounding the financial close and reporting, including entries for the financial statement process.

Agency Response: The ABQ Charter Academy has developed and follows strenuous procedures related to internal controls over financial matters. At the close of the 2023 fiscal year, an accrual entry was made reflecting the payment of June services for scholar hotspots, as a result of the Covid-19 pandemic, that was not billed or received until July of 2023. The purchase order authority that the bill was paid under came from restricted reimbursement-based funding, Fund 24330, which was intended for school responses to the Covid-19 pandemic, this was the same fund that the accrual was made to. Final requests for reimbursement were due to APS prior to the date of, or the receipt of, the bill. After a conversation with APS, it was found that the expense would not be reimbursable, as the effective timeframe had passed, and management made a correct entry moving the expense from Fund 24330 and into operational. This entry cleared the negative cash that was showing in the fund and followed proper presentation of financial reporting in a cash basis as required by the NM PED. Management acknowledges the correct adjustment to cash caused a variance that was reflected only in the accrual-based financial statements. Management has modified internal procedures to not accrue expenses at year end out of restricted funds, unless necessary and approved by the finance committee.

2024-004 – Employment Contract (Other Non-Compliance)

Condition: During our audit, we noted one out of four contracts tested where one certified school instructor contract tested was signed and executed on July 13, 2023, subsequent to the contract effective date of July 1, 2023.

Criteria: Best practice for contract management dictates that employment contracts should be executed prior to the contract effective date. Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll as well as maintaining strict internal controls, close supervision, and financial accounting in accordance with GAAP. School districts shall maintain and have available for inspection the following employee record documentation: employment contracts (including increments), personnel/payroll action forms, certification records, employment eligibility verification (federal form I-9 for citizenship certification), federal and state withholding allowance certificates, pay deduction authorizations, pay or position change notices, Educational Retirement Act plan application, and direct deposit authorizations. Per 22-10A-21 NMSA 1978, All employment contracts between superintendents and licensed school employees shall be in writing on forms approved by the department. These forms shall contain and specify the term of service, the salary to be paid, the method of payment, the causes for discharge during the term of the contract and other provisions required by the rules of the department.

Cause: This has been the practice for new hires.

Effect: The start date and the effective contract date are confusing and could be misinterpreted if questioned. The execution date is a critical component because it signifies the formal acceptance of the agreement's terms and provides a clear framework for the employment relationship.

Repeated Finding: This is not a repeat finding.

Recommendation: We recommend the that the process be reviewed to ensure that contracts are executed and documentation in files is consistent and accurate.

Agency Response: The ABQ Charter Academy has developed and follows strenuous procedures related to internal controls over financial matters. The management of the ABQ Charter Academy does not agree with this being a finding, and feels it is more indicative of the effectiveness of our internal controls. It has long been the process, based on legal advice, for the ABQ Charter Academy to align the effective dates of the contracts for staff that do not start late, to run the entirety of the school year, July 1 through June 30, for each school year. Staff contracted days are identified in number for each contract and are based on the governing council approved school calendar that is submitted to the Public Education Department. If a staff member starts after their first contracted day, the effective date is adjusted, and the pay is prorated based on remaining contract days. Per 22 10A-22 and 22 10A-23 NMSA 1978 all returning staff are provided notice of intent (NOI) for the next year at least fifteen days prior to the end of their last contracted days of the current year. At the same time as the NOIs, staff are also given their new contract/employment agreement for the upcoming year which is signed and dated by the Executive Director as well as the employee. When the school hires new employees, after the interview and vetting process, the applicant is provided with a signed job offer letter that they are asked to countersign upon acceptance. The new employee is then tasked with getting all required verifications of licensure, education, and experience as required by the State of New Mexico's Teacher Cost Index manual. The job offer letter states that the new employee's employment "contract will follow the acceptance of this offer after verifications have been completed". For the situation identified, the new prospective employee was sent the job offer and this was executed and returned dated June 6, 2023. The new employee worked on and submitted their required verifications over the summer, and they were provided with their contract on the first contracted day, according to the approved school calendar. This new employee did not have any proration to their contracted salary or leave as they did not miss any contracted days. The contract was signed prior to the exchange of any services and prior to the payment received on July 14th, 2023. In the future the school will list the first contracted workday as the effective date of the contract and ensure that the execution date is equal or prior to the effective date of the contract.

Moss Adams Response: The Auditor noted the approval of the contracts is after the effective date. There is no context to the validity of the contracts.

ACE Leadership High School

2024-005 (2022-009) – Internal Control over Financial Reporting (Other Non-Compliance at the District Level, Material Weakness at the Individual Component Unit Level)

Condition: We noted that the accounts receivable balance was overstated due to error. There was an amount not related to the current year included in the balance. The total amount was for \$98,515 in Fund 27127.

Management Progress on Prior Year Finding: ACE Leadership High School management made progress on correcting negative fund balances, identifying accounts payable, posting cash receipts to the correct fund, calculating of depreciation expense, and identifying software purchases.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP. Per NMAC 6.20.2.10 (C), school districts shall submit periodic financial reports to the department using the department-approved format. Reporting shall be either monthly or quarterly at the description of the department. Reports are due at the department by the last working day of the month following the end of the required reporting period.

Cause: Controls not fully implemented for review of accounts receivable.

Effect: The state does not have the correct reporting.

Repeat Finding: Previously reported as finding 2023-007 and 2022-009.

Recommendation: We recommend that ACE Leadership High School management ensure that internal controls are updated surrounding these aspects of the financial reporting process.

Agency Response: The School will work to monitor transactions closely and ensure that items are being posted to the correct accounts. The Business Manager will verify that amounts being recorded tie to the correct amount in the general ledger. This will be done throughout the year as the Business Manager and School work to code items correctly and approve journal entries when needed.

ACE Leadership High School Foundation

2024-006 (2023-010) – Lack of Internal Controls over Financial Reporting (Other Non-Compliance at the District Level, Material Weakness at the Individual Component Unit Level)

Condition: Multiple noted below:

- We noted that ACE Leadership High School Foundation management did not properly post the prior year adjustments along with the current year impact to the general ledger for GASB No. 87. We noted amortization was not properly recorded to the deferred inflow of \$257,780 and all the payments for the lease were posted to the income statement instead of reducing the lease receivable in the amount of \$382,96. The net impact of these caused an overstatement to net income in the amount of \$125,182.
- Moss Adams notes that ACE Leadership High School Foundation management did not properly record purchase payments from the school resulting in an overstatement of unearned revenue in the amount of \$34,861.
- Moss Adams notes that the ACE Leadership High School Foundation initiated a land purchase in June of 2023 by making a down payment of \$50,000. The purchase was finished during fiscal year 2024 but the deposit was not properly reclassified to be a land addition and was incorrectly reflected a deposit.
- Moss Adams notes that the ACE Leadership High School Foundation did not properly reconcile the net position from the prior year financial statements. Noted a difference of \$805.

Management Progress on Prior Year Finding: ACE Leadership High School Foundation management has not made progress on this finding.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP. Reporting shall be either monthly or quarterly at the description of the department. Reports are due at the department by the last working day of the month following the end of the required reporting period.

Cause: Controls have not been implemented for financial close and reporting.

Effect: The ACE Leadership High School Foundation's financial statements could be misstated.

Repeat Finding: GASB 87 issue previously reported as finding 2023-010.

Recommendation: We recommend that the ACE Leadership High School Foundation implement controls to ensure all entries are made and accounted for in accordance with GAAP.

Albuquerque Talent Development Academy

2024-007 – Internal Controls over Financial Close and Reporting (Other Non-Compliance at the District Level, Significant Deficiency at the Individual Component Unit Level)

Condition: During our testwork, we noted the following:

- Albuquerque Talent Development Academy management provided improper AR entry of \$200 which caused fund balance not to roll properly from the prior year.
- The 31200 fund does not balance by \$271. The Albuquerque Talent Development Academy properly invoiced for lease assistance, however, did not properly adjust the fund for the expenditures that occurred during the year and for the expenditures that were reimbursed.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Albuquerque Talent Development Academy management did not properly reconcile the funds at the end of the year.

Effect: Possible misstatement of financial statements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Albuquerque Talent Development Academy management ensure that adequate internal controls are established surrounding the financial close and reporting.

Agency Response: Additional procedures have been implemented to ensure that funds roll forward properly and to ensure that expenses match revenue with Fund 31200.

2024-008 – Requests-for-Reimbursement (RfR) (Other Non-Compliance)

Condition: During our testwork, we noted one instance in which a request-for-reimbursement (RfR) was disapproved for \$4,900. We noted that were two separate voucher requests submitted as part of the RfR package: one for \$3,000 and one for \$1,900. We noted that the RfR was also disapproved due to missed certificates of attendance for the \$1,900 voucher. The Albuquerque Talent Development Academy noted that they were aware the request was submitted with the certificates missing. The RfR was resubmitted and approved for \$3,000. The documentation to support the RfR should be clear and should be part of the review conducted.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: The control of the RfR review was not operating appropriately.

Effect: The lack of request for reimbursement review could cause unnecessary errors in request and receipt of federal funds.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend all RfRs and support should go through a review process prior to being submitted to the New Mexico Public Education Department and Albuquerque Public Schools to ensure that submissions are timely and include all supporting document.

Agency Response: The Albuquerque Talent Development Academy does not agree with this finding. School submitted evidence of following internal controls policy by Head Administrator reviewing all RfR's and submittal of RfR to Albuquerque Public Schools and the New Mexico Public Education Department for further review and requests for information. There was no loss of funds or financial statement misstatements associated with RfR.

Alice King Community School

2024-009 (2023-013) – Internal Control over Financial Reporting (Other Non-Compliance at the District Level, Material Weakness at the Individual Component Unit Level)

Condition: During our testwork, we noted the following:

- Accounts receivable in Funds 21000 and 21100 of \$1,865 and \$13,227, respectively, were not properly recorded by management.
- Negative cash reclass (due to/due from) entries for Funds 27583 and 11000 of \$7,041 were not properly recorded by management.
- We received several versions of the prepaid expense adjustment throughout the audit process as amounts were revised by the management multiple times.
- Deferred revenues in Funds 25153, 31600, and 31701 of \$10,801, \$9,251, and \$4,530, respectively, were not properly recorded by management.

Management Progress on Prior Year Finding: Alice King Community School management made progress on this finding but continues to have issues related to the accrual adjustments for GAAP purposes.

Criteria: Per NMAC 6.20.2.11, every school shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

Cause: Lack of proper review.

Effect: Possible misstatements to the financial statements.

Repeat Finding: This finding was previously reported as 2023-013.

Recommendation: We recommend the Alice King Community School update its policies and procedures to include all aspects of financial close and reporting.

Agency Response: The business manager uploaded an accrual planning document into the auditor's online document management system on September 10, 2024. This document did not represent Alice King Community School' official accrual submission and instead was a planning document, provided by the auditors and completed by Alice King Community School, for the accrual entries. The auditors assumed the planning document represented Alice King Community School' actual accrual entries and evaluated that document which led to accounts receivables and deferred revenues not being fully presented. The auditors used the 4th Quarter Cash Report to determine the accrual entries for negative cash reclass balances. For fund 27583, the negative cash reclass amount was not properly recorded by the business manager on the 4th Quarter Cash Report.

Payroll liability accrual documents were in review by the Alice King Community School Governing Council's Finance and Audit Committees. The Council's review of the payroll liability documents delayed the submission of the upload of accrual entries until September 16, 2024, the day of on-site audit work at Alice King Community School. The auditors did not review the actual correct accrual entry file (uploaded on September 16th) which properly stated fiscal year 2024 accruals containing the accounts receivable, negative cash reclass, and deferred revenues mentioned above. Alice King Community School should have communicated to the audit team that the planning document that what was uploaded on September 10, 2024 was only for planning purposes and not the final accrual entries. For the prepaids, the business manager did revise the prepaids as needed throughout the duration of the audit. The Council's review of the accrual entries was an internal control implemented in fiscal year 2024 to prevent accrual errors from being introduced in the cash to accrual conversion process. To ensure this type of misunderstanding doesn't happen in future years, Alice King Community School will not upload any documentation other than the finalized accrual entries file into the auditor's online document management system and will make sure the Council performs a timely review of accrual entries enabling sufficient time to upload the accrual files prior to the audit team's commencement of fieldwork. The business manager will also be sure to review all quarterly required documentation carefully before submission to avoid errors such as the one described above.

2024-010 (2018-041) – Internal Controls over Financial Close and Reporting (Other Non-Compliance at the District Level, Material Weakness at the Individual Component Unit Level)

Condition: During our testwork, we noted the following:

- Improper modified accrual entries totaling \$19,279 was recorded by management.
- Entry provided indicated borrowing from restricted grant funds.
- Funds 24153 and 26177 continue to carry unreconciled deficit fund balances of \$1,782 and \$625, respectively, from prior years. The funds did not receive reimbursements and should zero out.
- Fund 24118 continues to carry a cash balance of \$420 from prior years. The fund is a reimbursement fund and should not have a cash balance.
- The Christine Duncan Heritage Academy's cash balance did not agree to the year-end bank reconciliation by \$6,056.

Management Progress on Prior Audit Finding: Christine Duncan Heritage Academy management has not made progress on this finding.

Criteria: Per NMAC 6.20.2.11, every school shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

Cause: Lack of effective internal controls surrounding the year-end financial close and reporting process.

Effect: Potential misstatement of financial statements.

Repeat Finding: Previously reported as finding 2018-041, 2019-044, 2020-019, 2021-013, 2022-020, and 2023-018.

Agency Response:

- The improper entries were from fiscal year 2023 that had accrued revenue and expenditures that were not received or expensed in fiscal year 2024. Accrual entries for fiscal year 2024 were provided correctly and will be reversed appropriately at the next audit.
- The School provided the entry according to the guidance the school received from Moss Adams during the fiscal year 2023 audit.
- The School and governance council has prepared cash transfers that are in process at the NMPED for approval. Once approved all adjusting journal entries and cash balances that are incorrect will be moved to appropriate funds.
- The School's cash balance shows \$6,056 as they are the outstanding checks from the prior accounting system discussed in the finding using the nonstandard NM UCOA. All these outstanding checks will be stale dated or cash by April 1, 2025, and cash will continue to be reconciled monthly.

2024-012 – Uniform Chart of Accounts (Other Non-Compliance)

Condition: During our testwork, we noted that Christine Duncan Heritage Academy management utilized account coding that is not outlined in the New Mexico Public Education Department (NMPED) Uniform Chart of Accounts. The account code #11000-0000-99999 was utilized to record outstanding checks not previously captured.

Criteria: Per NMAC 6.20.2.13(C), all school districts shall prepare, maintain, and report budget and financial information utilizing a standard and uniform chart of accounts.

Cause: The School had a general ledger system conversion during the period which caused the cash balance and outstanding checks not to properly roll to the new system.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Christine Duncan Heritage Academy management review and follow the NMPED Uniform Chart of Accounts.

Agency Response: The account code is a data import balancing code used by the Vendor Harris School Solutions for Aptafund to recognize previously issued checks from the prior accounting system. The charter school uses a cash basis which recognizes the expenditure as the check is issued to the vendor. For a new cash basis accounting system, the new system should have the prior systems checks added to its system for the cash reconciliations to continue within the system. 2024-013 (2021-022) – Internal Control over Financial Reporting (Other Non-Compliance at the District Level, Significant Deficiency at the Individual Component Unit Level)

Condition: During our testwork, we noted the following:

- Cien Aguas International School management did not properly record the due to/from entry. The amounts recorded were not accurate. The total negative cash entry provided by management was \$377,839 and the total actual negative cash per the trial balance provided was \$351,722.
- Cien Aguas International School management incorrectly calculated the present value of a GASB 87 – *Lease Agreement* and amounts had to be corrected. We noted an adjustment of \$1,513 was necessary to decrease the present value amounts.
- Cien Aguas International School management incorrectly calculated the present value of two GASB 96 – *SBITAs* and amounts had to be corrected. We noted that adjustments of \$14,380 were necessary to increase the present value amounts. In addition, management incorrectly included payments related to SBITAs in prepaid expenses.

2024-016 – Procurement Code (Other Non-Compliance)

Condition: During our testwork, we noted that management did not properly create a request-for-proposal (RFP) on expenditures to a vendor for over \$60,000. Expenditures to the vendor totaled \$138,866.

Criteria: Section NMAC 6.20.2.17(A), requires that each school establish and implement written policies and procedures which shall be in compliance with the Procurement Code, Section 13-1-21 et seq., NMSA 1978. An internal control structure over purchasing shall be established and maintained to assure compliance with school policy and state and federal regulations. According to 13-1-74 NMSA 1978, "Procurement" means A. purchasing, renting, leasing, lease purchasing or otherwise acquiring items of intangible personal property, services or construction; and B. all procurement functions, including but not limited to preparation of specifications, solicitation of sources, qualifications, or disqualification of sources, preparation and award of contract and contract administration.

Cause: Cien Aguas International School management obtained three quotes from different vendors each over \$60,000; however, an RFP was not created.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Cien Aguas International School management ensure that they are in compliance with the state's procurement code.

Agency Response: There was a misunderstanding about when RFPs are required and when quotes are required. This finding will more than likely be repeated for school year 2024-2025. 2024-017 (2020-025) – Capital Assets (Other Non-Compliance at the District Level; Material Weakness at the Individual Component Unit Level)

Condition: During our testing of capital assets, the following as noted:

- The capital assets roll forward did not properly record the depreciation and accumulated depreciation within the different asset categories. As a result, the rollforward does not include any depreciation expense for Land improvements and the Accumulated Depreciation of Furniture, Fixtures and Equipment is more than the cost of the related assets by \$161,593.
- Land improvements – Fixed Assets of \$317,100 relating to fiscal year 2023 and fiscal year 2024 are not included in the depreciation schedule and are not being depreciated.
- Building and Building Improvements – Building cost is understated by approximately \$501,000 in the depreciation schedule, although the depreciation expense was correctly calculated.
- Building and Building Improvements of approximately \$226,000 relating to fiscal year 2023 and fiscal year 2024 are not included in the depreciation schedule and are not being depreciated.
- Cost for one asset in Building and Building Improvements is overstated by approximately \$52,000 and related depreciation and accumulated depreciation has been incorrectly recorded from fiscal year 2022 to fiscal year 2024.
- Furniture and Fixtures Assets of \$9,188 is not included in the depreciation schedule and is not being depreciated.
- Building and Building improvements include fully depreciated fixed assets of \$160,203 which relate to the old school building and should have been disposed when the building was vacated.
- Useful life and asset class of various fixed assets is incorrect. As a result, depreciation expense is incorrectly calculated and fixed assets incorrectly classified in the financial statements.
- The School has incorrectly expensed an amount of \$41,245 that should have been capitalized.

2024-018 – Employee Contract (Other Non-Compliance)

Condition: During our testwork, we noted one employment contract for a new hire that was signed after their effective date. The contract was signed on November 1, 2023, but the effective date was October 30, 2023.

Criteria: Best practice for contract management dictates that employment contracts should be executed prior to the contract effective date. Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll as well as maintaining strict internal controls, close supervision, and financial accounting in accordance with GAAP. School districts shall maintain and have available for inspection the following employee record documentation: employment contracts (including increments), personnel/payroll action forms, certification records, employment eligibility verification (federal form I-9 for citizenship certification), federal and state withholding allowance certificates, pay deduction authorizations, pay or position change notices, Educational Retirement Act plan application, and direct deposit authorizations. Per 22-10A-21 NMSA 1978, All employment contracts between superintendents and licensed school employees shall be in writing on forms approved by the department. These forms shall contain and specify the term of service, the salary to be paid, the method of payment, the causes for discharge during the term of the contract and other provisions required by the rules of the department.

Cause: Lack of Cien Aguas International School management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the Cien Aguas International School strengthen internal controls over employment contracts, including implementation of policies and procedures to ensure employee contracts are executed prior to the contract effective date.

Coral Community Charter School (CCCS)

2024-019 – Capital Assets (Other Non-Compliance)

Condition: During our testing of capital assets, we identified an accumulated depreciation adjustment in the amount of \$2,186 that was being incorrectly presented in the financial statements.

Criteria: Per 6.20.2.22 (C) NMAC. Assets of long-term character which are intended to continue to be held or used, such as land (including acquisition and improvements to grounds, building (including initial, acquisition, improvements, remodeling, additions and replacement), furniture, machinery and equipment shall be acquired and accounted for through the development and implementation of a complete property control system which shall be adopted by the local board and in accordance with GAAP. Per 6.20.2.22(D) NMAC the acquisition, accountability and disposition of fixed assets for capital projects shall be in accordance with GAAP.

Cause: The amount appears to stem from adjusting entries made in 2021 to remove assets.

Effect: The accumulated depreciation was incorrect in 2022 and 2023 by \$2,186.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Coral Community Charter School management establish controls necessary to review the School's depreciation schedule and ensure completeness and correctness against the financial statements.

State of New Mexico
Albuquerque Municipal School District No. 12
Schedule of Findings and Questioned Costs
June 30, 2024

Agency Response: The School does not agree with this finding. During the audit of our fiscal year 2021 financials the school was advised by Moss Adams to make the adjustment of \$2,186 to the accumulated depreciation within the Depreciation Schedule and Rollforward of Fixed Assets template. During fiscal year 2021, the school made some adjustments to their accumulated depreciation related to deletions. Moss Adams stated that the \$2,186 adjustment was necessary for the accumulated depreciation to balance. This \$2,186 adjustment has carried over from year to year on Moss Adams internal documents. The School does not have access to these documents and therefore cannot review them for accuracy. However, in order to ensure accuracy, every subsequent fiscal year the School has met with Moss Adams to discuss this specific adjustment within the Rollforward of Fixed Assets template to ensure the accumulated depreciation is accurate because \$2,186 amount is being carried over each year. For the fiscal year 2024 audit, this adjustment was again discussed with Moss Adams staff on September 17th, 2024, and the School was informed the Rollforward of Fixed Assets template was accurate. Several email messages indicate that the adjustment was reflected on Moss Adams internal testing templates for the fiscal year 2024 review of school financials. On October 10th, 2024, contrary to the previous communication, the School learned that Moss Adams would hold the school liable for the discrepancy even though previous conversations indicated otherwise. The School believes that the annual requests to review the Rollforward of Fixed Assets template and Depreciation Schedule were not carefully and thoroughly conducted by Moss Adams for the last 3 fiscal years. The School was aware of this adjustment and always brought it to the attention of Moss Adams. Again, the School does not have access to Moss Adams internal documents. The School took the advice of Moss Adams which was noted on the fiscal year 2022 Depreciation Schedule (AJ19) for an adjustment they created internally. Moss Adams approved the Rollforward of Fixed Assets templates as shown on the fiscal year 2023 template (AJ57).

As a remedy, the School will continue our thorough review by School Management and Governance Council of the Financial Statements and Depreciation Schedule. We will also continue to bring matters to the attention of auditors when discrepancies are noted.

Person Responsible: Coral Community Charter School Business Official & Executive Director

Implementation by: October 2024

Moss Adams Response: Moss Adams' responsibility is to form an opinion on whether the financial statements are materially correct. We do not at any time provide approvals on internal depreciation schedules or capital asset rollforwards. Those controls should be performed by the Coral Community Charter School. The depreciation schedule provided by the Coral Community Charter School showed that there is an accumulated depreciation amount not attached to an asset. A reviewer should be able to identify that difference and identify that it would need to get corrected on both the schedule and the financial statements.

2024-020 (2023-033) – NMPED Reports (Other Non-Compliance)

Condition: During our testwork, we noted the following:

- The 4th quarter budget-to-actuals report was not submitted timely. The report was due July 31, 2024, and was submitted on August 8, 2024.
- The 4th quarter cash report submitted to New Mexico Public Education Department (NMPED) did not agree to the general ledger in Funds 11000 and 24000 by \$920.

Management Progress on Prior Audit Finding: Digital Arts and Technology Academy Management has not made progress on this finding.

Criteria: Per the Manual of Procedures for Public School Accounting and Budgeting Actual, reporting involves the submission of actual revenues and expenditures (a summary report) on the district or Charter's general ledger on a monthly or quarterly basis.

Per NMAC 6.20.2.10 (C), school districts shall submit periodic financial reports to the department using the department-approved format. Reporting shall be either monthly or quarterly at the description of the department. Reports are due at the department by the last working day of the month following the end of the required reporting period.

Cause: Digital Arts and Technology Academy management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This was previously reported as finding 2023-033.

Recommendation: We recommend that the Digital Arts and Technology Academy ensure that all adjustments are made prior to the submission of the quarterly actual reports. A control should be implemented to ensure amounts are submitted to the state timely and accurately.

Agency Response: This was an oversight by the contracted Business Manager. The school and its administration will be involving the Finance Committee to actively be informed of Cash Report submissions to the NMPED.

2024-021 (2023-034) – Budgetary Conditions (Other Non-Compliance)

Condition: During our testwork, we noted the Digital Arts and Technology Academy has the following Fund-Functions where actual expenditures exceeded budgetary authority:

- 11000-3000 exceeded budgetary authority by \$7,385.
- 31701-2000 exceeded budgetary authority by \$69.

Management Progress on Prior Audit Finding: Digital Arts and Technology Academy management has not made progress on this finding.

Criteria: Sound financial management and 6.20.2.9 (A) NMAC and 22-8-5 through 22-8-12.2 NMSA 1978 require that budgets not be exceeded at the legal level of control. For school districts, the function is the legal level of control.

Cause: Lack of Digital Arts and Technology Academy management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This was previously reported as finding 2023-034.

Recommendation: We recommend that Digital Arts and Technology Academy management establish controls necessary to monitor the budget and submit any necessary adjustments on a timely basis to avoid overages.

Agency Response: The Digital Arts and Technology Academy has processes for regular budgetary maintenance via open meetings that are held monthly. The contracted Business Manager will work with the business office to ensure that budgetary compliance is met prior to fiscal year end.

2024-022 – Request for Reimbursement (Other Non-Compliance at the District Level, Significant Deficiency at the Individual Component Unit Level)

Condition: During our testwork, we noted that expenses of \$48,732 were claimed on the request for reimbursement (RFR) dated May 30, 2024. Subsequent to the claim date, the expenses were then moved over to Fund 31701 and other expenses were charged to Fund 24330. We noted that the RFR was approved on the support for the \$48,732 that was initially updated.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

June 30, 2024

Cause: The final request for Fund 24330 was not submitted timely and Fund 31701 only allowed certain expenditures based on budget to be allocated to it.

Effect: Albuquerque Public Schools has inaccurate reporting, in addition, the expenditures that are being reported and tested on the schedule of expenditure of federal awards may be in accurate.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that the Digital Arts and Technology Academy ensure that all adjustments are made prior to the submission of the RFR and all approved expenses should remain intact in that fund

Agency Response: The reclassification of expenditures between the aforementioned Funds is allowable as Fund 24330 ESSER III funds had very limited restrictions. Fund balances will tie out and rollforward. Additionally, carryover funds from the adjustment were approved in FY25 and are in the process of reimbursement.

Moss Adams Response: While the reclassification of the expenditures is allowable, the reporting to Albuquerque Public Schools should have been corrected. Albuquerque Public Schools approved and paid for an RFR with certain expenditures. Subsequent to the approval, the expenditures were reclassified and Albuquerque Public Schools did not have accurate reporting.

2024-023 (2022-033) – Internal Controls over Financial Close and Reporting (Other Non-Compliance at the District Level, Significant Deficiency at the Individual Component Unit Level)

Condition: During our testwork, we noted that fund balance for Fund 11000 did not properly rollforward from the prior year by \$1,069.

Management Progress on Prior Audit Finding: Management made progress on this finding, however, did not properly reconcile fund balance.

Criteria: Per NMAC 6.20.2.11, every School district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: The Digital Arts and Technology Academy does not have proper policies over reconciling fund balance at year end.

Effect: Potential misstatements of financial statements.

Repeat Finding: This was previously reported as finding 2023-033 and 2022-033.

Recommendation: We recommend that the Digital Arts and Technology Academy ensure that fund balance reconciles at year end.

2024-024 (2022-035) – Internal Control Structure (Other Non-Compliance at the District Level, Material Weakness at the Individual Component Unit Level)

Condition: During our testwork, we noted the following:

- The Other Post Employment Benefits (OPEB) expense had an unreconciled difference of \$7,882.
- A receivable was incorrectly accrued in Fund 31200 in the amount of \$153,027.

Management Progress on Prior Audit Finding: East Mountain High School management made progress on this finding, however, had issues with two remaining items concerning financial close and reporting.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Lack of effective internal controls.

Effect: Possible misstatements to the financial statements.

Repeat Finding: This was previously reported as finding 2023-037 and 2022-035.

Recommendation: We recommend that East Mountain High School management ensure that adequate internal controls are established surrounding the financial close and reporting process.

Agency Response: The OPEB difference appears to be a reconcilable difference, from a previous year's duplicate payment. 2024-029 – Internal Control over Financial Reporting (Other Non-Compliance at the District Level; Material Weakness at the Individual Component Unit Level)

Condition: During our audit we noted the following:

- Accounts Receivable of \$53,387 was incorrectly accrued in Fund 11000 in the prior year. As the cash was received and posted in another fund, fund balance did not balance by \$53,387 and amounts had to be corrected.
- Accounts Receivable of \$46,868 was incorrectly recorded in Fund 26207 instead of 26107.
- Accounts Payable of \$1,500 was incorrectly recorded in Fund 24190.
- Leased land and building are overvalued by \$120,000 as it is not recorded at lower of Fair Market Value or Present Value. Amounts were not corrected in the current year.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Albuquerque Municipal School District No. 12
Schedule of Findings and Questioned Costs
June 30, 2024

Cause: The Gordon Bernell Charter High School's purchase order system allowed for actual expenditures to exceed approved purchase orders by 10%.

Effect: Gordon Bernell Charter High School is not in compliance with state requirements and could be overpaying for goods and services.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Gordon Bernell Charter High School management ensure that expenditures are within purchase order amounts and that change orders are created as needed. We recommend the feature that allows purchases to exceed an approved purchase order be removed as this could cause expenditures to exceed approved amounts or contract totals.

Agency Response: The School noted that the accounting software was not set correctly and this led to the error occurring. Going forward, the School will ensure that change orders and approvals are conducted in a timely manner and in accordance with state procurement codes.

Health Leadership High School

2024-036– Budgetary Conditions (Other Non-Compliance)

Condition: During our audit, we noted the Health Leadership High School had the following function where actual expenditures exceeded budgetary authority:

Fund 31700 (Function 4000) – \$756

Criteria: Per NMAC 6.20.2.9, Every school district shall follow budget requirements stated in Sections 22-8-5 through 22-8-12.2, NMSA 1978, and procedures of the department in preparing, submitting, maintaining and reporting budgetary information. Budgetary control shall be at the function level. Over-expenditure of a function shall not be allowed.

Cause: The entire project was budgeted for in the fiscal year ending June 30, 2023. Part of the expenditure was not incurred until the following fiscal year. The amount was not properly budgeted in the year where the expense was incurred leading to a budget overrun.

Effect: Non-compliance with state statutes

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Health Leadership High School management establish controls necessary to monitor budget reporting.

2024-037 – Internal Control over Cash Receipts (Other Non-Compliance)

Condition: For one cash deposited tested, we noted that the total deposit ticket had \$1,198 and the total cash receipt had a total of \$1,208. We noted that the \$10 difference should have been identified during the receipting process.

Criteria: Per NMAC 6.20.2.14 states that money received and receipted shall be deposited in the bank within twenty-four (24) hours or one banking day. Per NMAC 6.20.2.14, School districts shall establish and maintain a cash management program to safeguard cash and provide prompt and accurate reporting that adheres to cash management requirements of the applicable state and federal laws and regulations. The school district shall issue a factory pre-numbered receipt for all money received. Pre-numbered receipts are to be controlled and secured. If a receipt is voided, all copies shall be marked "Void" and retained in the receipt book. Each school district shall develop, establish and maintain a structure of internal accounting controls and written procedures to provide for segregation of duties, a system of authorization and recording procedures, and sound accounting practices in performance of duties and functions. The duties to be segregated are the authorization to execute a transaction, recording the transaction, and custody of assets involved in the transaction.

Cause: Lack of adequate internal controls surrounding cash receipts.

Effect: Possible misappropriation of assets and misstatements to the financial statements. The likelihood of fraud is increased.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Health Leadership High School management establish policies over the cash receipts process to ensure proper segregation of duties and to ensure timely and accurate recording and deposits.

Agency Response: The School followed their internal procedures of having more than two people count the cash and the deposit before taking it to the bank. When the bank counted the cash, they counted \$10 less than what the School counted. The School will put a procedure in place to notify the Executive Director and Business Manager immediately if there is a discrepancy between the school and the bank so that the school can contact the bank to resolve the problem.

International School at Mesa del Sol

2024-038 (2022-055) – ERB Payments (Other Non-Compliance)

Condition: During our testwork, we noted a late payment of \$31 related to one employee for the month ended August 31, 2023. The payment remittance was due September 15, 2023, and paid late on December 14, 2023.

Management Progress on Prior Audit Finding: Management has not made progress on this finding.

Criteria: Monthly ERB contributions are required to be remitted no later than the 15th of the following month per NMSA 1978 22-11-22.

Cause: An employee had a change in classification and the previous rate was incorrectly applied. The difference did not show on the reconciliation since there was a deduction amount, just at the incorrect rate.

Effect: The International School at Mesa del Sol could owe penalties for submitting contributions late.

Repeat Finding: This was previously reported as findings 2023-050 and 2022-055.

Recommendation: We recommend that the International School at Mesa del Sol implement a monthly review by the finance committee of all payments to ensure that ERB payments properly reconcile and are paid timely.

Agency Response: An employee had a change in classification and the previous rate was incorrectly applied. The difference did not show on the reconciliation since there was a deduction amount, just at the incorrect rate. We will implement controls to ensure payments are submitted in full and on time.

2024-040 – 4th Quarter NMPED Reports (Other Non-Compliance)

Condition: During our testwork, we noted the 4th quarter budget-to-actuals report was due July 31, 2024, but was submitted late on August 1, 2024.

Criteria: Per NMAC 6.20.2.10 (C), school districts shall submit periodic financial reports to the department using the department-approved format. Reporting shall be either monthly or quarterly at the description of the department. Reports are due at the department by the last working day of the month following the end of the required reporting period.

Cause: Glitches with the accounting software.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the International School at Mesa del Sol update its procedures to ensure quarterly reports are submitted timely.

Agency Response: The school is aware of the deadlines and strives to meet them. The school had requested an extension from the PED budget analyst because the accounting software was not exporting the upload data correctly. The school was not aware the permission needed to be requested from the Secretary and will make any future requests from that individual if needed.

2024-042 – Procurement Code (Other Non-Compliance)

Condition: During our testwork, we noted the International School at Mesa del Sol did not have a certified Chief Procurement Officer (CPO) from August 2023 through May 2024. The International School at Mesa del Sol should have replaced its CPO within 90 days. Procurements are not allowed to be conducted until the CPO is in place.

Criteria: Per NMAC 6.20.2.17(A), each school district shall establish and implement written policies and procedures for purchasing which shall be in compliance with the Procurement Code, Section 13-1-21 et seq., NMSA 1978. Purchasing policies and procedures for grant funding shall comply with requirements established within the grant and the Procurement Code. An internal control structure over purchasing shall be established and maintained to assure compliance with school district policy, and state and federal regulations. Every state agency or local public body shall have a certified chief procurement officer on the state purchasing agent list to perform procurements. No agency shall conduct procurements until a certified chief procurement officer is approved by the state purchasing agent. Upon a vacancy or absence, the state agency or local public body shall have 90 days to replace its certified chief procurement officer.

2024-043 (2023-058) – Internal Controls over Financial Reporting (Other Non-Compliance at the District Level; Significant Deficiency at the Individual Component Unit Level)

Condition: During our audit, we noted La Academia de Esperanza management provided improper modified accrual entries which resulted in a negative balance to accounts payable of \$7,896 in the operational fund.

Management Progress on Prior Audit Finding: La Academy de Esperanza management made progress on this finding from the prior year and implemented several controls related to other accrual entries.

Criteria: Per NMAC 6.20.2.11, every school shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

Cause: Lack of effective internal controls surrounding the year-end financial close and reporting process.

Effect: Potential misstatements of the financial statements.

Repeat Finding: This finding was previously reported as 2023-058.

Recommendation: We recommend La Academia de Esperanza management review modified accrual entries for accuracy.

2024-044 – Capital Assets (Other Non-Compliance)

Condition: During our audit, we noted La Academia de Esperanza management failed to notify the Office of the State Auditor (OSA) at least 30 days prior to the disposition of an abandoned building with costs totaling \$167,233. The net book value was zero.

Criteria: Per 2.2.2.10 (S) NMAC, "At least 30 days prior to any disposition of property on the agency inventory list described in Subsection U of 2.2.2.10 NMAC, written notification of the official finding and proposed disposition duly sworn and subscribed under oath by each member of the authority approving the action must be sent to the state auditor.

Cause: Lack of effective internal controls surrounding capital assets.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the La Academia de Esperanza develop and implement procedures to ensure the PED or OSA is notified in writing at least 30 days prior to disposition of any items included on the School's inventory listing in order to be in compliance with State of New Mexico Statutes.

Agency Response: We acknowledge the oversight in failing to notify the OSA prior to the disposition of the abandoned building. To ensure compliance with the State of New Mexico Statutes moving forward, we are implementing the following corrective actions:

Capital Asset Disposition Protocol: A formal procedure will be established to ensure that any disposal of assets on the school's inventory list is flagged and documented for OSA notification. This procedure will be integrated into our internal controls over capital assets, ensuring that all dispositions follow the required timeline.

Internal Control Enhancement: We will strengthen the internal controls surrounding capital asset management, ensuring that all dispositions are thoroughly reviewed and approved by the appropriate authorities. This will include mandatory checks and a timeline for notifications to the OSA and PED as part of our year-end procedures.

2024-045 – Late Fee (Other Non-Compliance)

Condition: During our audit, we noted the La Academia de Esperanza was charged a late payment penalty and interest of \$1,643 related to late payment of December 31, 2021, state wage withholdings of \$5,981.

Criteria: Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll as well as maintaining strict internal controls, close supervision and financial accounting in accordance with GAAP. School districts shall maintain and have available for inspection the following employee record documentation: employment contracts (including increments), personnel/payroll action forms, certification records, employment eligibility verification (federal form I-9 for citizenship certification), federal and state withholding allowance certificates, pay deduction authorizations, pay or position change notices, Educational Retirement Act plan application, and direct deposit authorizations.

Cause: La Academia de Esperanza Management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that the La Academia de Esperanza modify policies and procedures to ensure that controls are updated to ensure that all payroll taxes are paid timely.

Agency Response: We acknowledge the late payment of state wage withholdings and the resulting penalty and interest charges. To prevent future occurrences, we are implementing the following corrective actions:

Enhanced Payroll Processing Timelines: We will update payroll processing schedules to ensure all tax payments, including state withholdings, are submitted well in advance of deadlines. This will involve setting internal deadlines for payroll tax submissions that provide a buffer period for addressing any unforeseen delays.

Automated Alerts and Reminders: To support timely payments, we will implement automated alerts in our payroll system to notify the finance team of upcoming tax deadlines. These reminders will be set several days before the due dates to allow for timely submission and to prevent late penalties.

2024-046 – Budgetary Conditions (Other Non-Compliance)

Condition: During our testwork, we noted the following over-expenditure:

- 31701-2000 was over budget by \$50.

Criteria: Per NMAC 6.20.2.9, Every school district shall follow budget requirements stated in Sections 22-8-5 through 22-8-12.2, NMSA 1978, and procedures of the department in preparing, submitting, maintaining and reporting budgetary information. Budgetary control shall be at the function level. Over-expenditure of a function shall not be allowed.

Cause: La Academia de Esperanza Management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that La Academia de Esperanza management establish controls necessary to monitor budget reporting.

Agency Response: We acknowledge the minor over-expenditure in budget line 31701-2000 and recognize the importance of adhering to budgetary controls at the function level as required by NMAC regulations. To address this issue and prevent future occurrences, we are implementing the following corrective actions:

Enhanced Budget Monitoring: We will introduce more frequent budget reviews at the function level, ensuring that all expenditures are tracked against the budget in real time. This will help identify potential overages before they occur.

Automated Budget Alerts: An automated system will be implemented within our financial software to flag any expenditure that approaches the budgeted limit. This will allow management to take immediate corrective action to prevent overspending.

Internal Oversight: We will strengthen internal oversight by requiring that all budget modifications and potential over-expenditures be reviewed by both the finance team and department heads. This will ensure that any adjustments are made before exceeding allocated funds.

2024-047 – Background Check (Other Non-Compliance)

Condition: During our testwork, we noted the La Academia de Esperanza Business School hired an employee with a start date of August 4, 2023. A background check was not cleared until August 16, 2023.

Criteria: Per NMAC 6.60.8.1, employment applicants offered employment with a charter school, shall provide two fingerprint cards or their electronic equivalent to the charter school. Employment applicants may obtain the background check through the charter school. (1) Charter school governing bodies shall adopt policies and regulations addressing background check requirements. (2) Background check policies and regulations shall meet, at a minimum, the requirements of 6.60.8 NMAC and all relevant state and federal law.

Cause: The employee in question did not have access to students and therefore a background check was not required; however, the La Academia de Esperanza there is no documentation to show the employee did not have unsupervised access to students.

Effect: The School is out of compliance with State Statutes and faces potential dangers to students and fellow School personnel, misuse of public funds, incompetence, and potential litigation.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the La Academia de Esperanza strengthen internal controls over timely background checks, including implementation of policies and procedures to ensure that when employees are hired all laws and regulations are properly followed.

Agency Response: We acknowledge the oversight in processing the employee's background check and the lack of documentation verifying that the employee did not have unsupervised access to students. To address this issue and ensure compliance with state regulations, we are implementing the following corrective actions:

Immediate Background Check Compliance: We will implement stricter internal procedures to ensure that all background checks are completed and cleared before an employee's start date. No new hires will be allowed to begin work until the required background checks are finalized.

Documentation of Access Restrictions: For any situations where a background check is pending, we will implement a formal process to document that the employee does not have unsupervised access to students. This documentation will be maintained in the employee's personnel file and reviewed by the HR department to ensure compliance.

Condition: During our testwork, we noted budget-to-actuals for the quarter ended June 30, 2024, were due July 31, 2024, and submitted late on August 6, 2024.

Criteria: Per section NMAC 6.20.2.10(C), School districts shall submit periodic financial reports to the department using the department-approved format. Reporting shall be either monthly or quarterly at the discretion of the department. The school district shall be notified of its required reporting frequency in writing by the department. Required reporting frequency may be changed by the department at any time during the year. Reports are due at the department by the last working day of the month following the end of the required reporting period, unless extended to a later date by the secretary of education.

Cause: Budget reports were initially submitted timely; however, corrections were required which resulted in the final submission being late.

Effect: The Mark Armijo Academy is not in compliance with state requirements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend Mark Armijo Academy implement procedures to ensure that budget reports are accurate and submitted timely.

Condition: We noted that the financial statement adjustments for GASB No. 87 provided were not correct and needed to be adjusted. In addition, we noted that the amortization schedule provided did not include a prior year amendment that should have remeasured a lease. The impact of the remeasurement on the ROU assets and liabilities as of July 1, 2023, is \$97,489.

Management Progress on Prior Year Finding: Mark Armijo Academy management made progress on this finding but continues to have issues related to financial close and reporting adjustments.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Mark Armijo Academy's internal controls over financial reporting were not effective in detecting an error in modified cash to accrual entry calculations.

Effect: Possible misstatement of recorded amounts.

Repeat Finding: This is a repeat finding, was previously reported as finding 2023-065 and 2022-067.

Condition: During our audit we noted the following:

- Fund balance did not roll for Grant Funds 24101, 24106, 24154, 26123, and 26218 as a result of incorrect modified accrual entries.
- Accounts receivable of \$7,330 was improperly recorded in Grant Fund 25204.
- Expenditures related to security system upgrades were not properly capitalized. This resulted in understated capital assets and depreciation of \$15,836 and \$1,980, respectively.
- Cash and revenues of \$110,000 was improperly recorded to Fund 29102 when it should have been recorded to Fund 29138 causing fund balance from prior year to not properly roll. The cash balances have been corrected.
- Revenues of \$50,000 in Fund 26244 were improperly recognized. The balance should have been recorded as deferred (unearned) revenue.
- Fund 27150 continues to carry a deficit fund balance of \$52 from the prior year.

Management Progress on Prior Year Finding: Native American Community Academy management has not made progress on this finding.

Condition: During our audit we noted the following:

- Final 4th quarter budget-to-actual reports due July 31, 2024, were not submitted timely to New Mexico Public Education Department. The initial report was submitted on July 31, 2024; however, corrections were required, and the final report was submitted late on August 7, 2024.
- Expenditures reported to New Mexico Public Education Department for Grant Fund 24341 did not match the audited trial balance. Expenditures were not reported with the correct account object codes. We noted differences of \$3,370 in accounts 24341-1000-51100 and 24341-1000-51300, respectively, differences of \$233 in accounts 24341-1000-53711 and 24341-1000-55817, respectively and differences of \$4,998 in accounts 24341-1000-56118 and 24341-1000-56119, respectively.

Management Progress on Prior Year Finding: Native American Community Academy management has not made progress on this finding.

Criteria: Per NMAC 6.20.2.9, Every school district shall follow budget requirements stated in Sections 22-8-5 through 22-8-12.2, NMSA 1978, and procedures of the department in preparing, submitting, maintaining and reporting budgetary information. Budgetary control shall be at the function level. Over-expenditure of a function shall not be allowed.

Cause: Native American Community Academy management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This was previously reported as finding 2022-080, and 2023-076.

Recommendation: We recommend that Native American Community Academy management establish controls necessary to monitor budget reporting.

2024-053: Requests-for-Reimbursement (RFR) (Other Non-Compliance)

Condition: During our audit we noted one instance of a disapproved RFR for Grant Fund 27552 in the amount of \$26,660 related to unallowed expenditures. New Mexico Public Education Department only reduced the RFR paid by \$20,660 and remaining funding of \$6,000 is due back to the New Mexico Public Education Department.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Grant Fund 27552 was earmarked for students in grades 9-12th. The RFR submitted included \$26,660 of unallowable expenditures related to K-8th activities.

Effect: The lack of request for reimbursement review could cause unnecessary errors in request and receipt of federal funds.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend all RFRs go through a review process prior to being submitted to New Mexico Public Education Department and Albuquerque Public Schools to ensure that submissions are timely and include all supporting document.

Agency Response: The RFR noted in the finding had been properly reduced by the School and the expenditures moved to the correct fund, however, NMPED did not reduce the amount paid to the School correctly. This led to an overpayment by NMPED in the amount of \$6,000. The School has notified NMPED of the overpayment and will pay back the excess funds received.

2024-054 (2023-077) – Internal Control Over Financial Reporting (Other Non-Compliance at the District Level; Significant Deficiency at the Individual Component Unit Level)

Condition: During our audit, we noted expenditures of \$6,071 was improperly recorded to a revenue account.

Management Progress on Prior Year Finding: Native American Community Academy Foundation management made progress on this finding related to fund balance amounts.

Criteria: The Foundation shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from authorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP and the correct reporting framework in accordance with GASB No. 39 paragraph 5.

Cause: Lack of Native American Community Academy Foundation management oversight.

Effect: Possible misstatements to the financial statements.

Repeat Finding: This was previously reported as finding 2023-077.

Recommendation: We recommend that Native American Community Academy Foundation management ensure that adequate internal controls are established surrounding the financial close and reporting process.

Agency Response: The account was set up by a previous business manager and not identified as a revenue account when used for the first time by the current business manager. This has been corrected, although the financial statement net position, fund balance and assets were not affected by this.

Cause: Native American Community Academy Foundation Board is not conducting meetings in accordance with bylaws.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Native American Community Academy Foundation management ensure that adequate internal controls are established surrounding the financial close and reporting process and the board abides by written bylaws.

Agency Response:

- The business manager makes monthly financial reports available in a shared drive for the board to review, and these are reviewed by the board. The Board will add procedures to ensure that the Board will review the finance reports prior to each board meeting and add an agenda item to the Board meeting if there are any questions or points to be discussed on them. If discussion is not needed, the Board will add a remark to its minutes reflecting that the finance reports have been reviewed and there were no questions or points of discussion.
- The Foundation had been actively searching for a replacement for the third board seat, which became vacant in April, 2023. This position was filled April, 2024. During the interim, the two remaining board members attended all meetings. Since the new appointment, at least two board members have been present at each meeting, ensuring a quorum.

2024-056 – Internal Controls over Financial Close and Reporting (Other Non-Compliance at the District Level; Significant Deficiency at the Individual Component Unit Level)

Condition: During our testwork, we noted the following:

- One employee's accrued compensated absences hours were improperly recorded. This resulted in an overstatement of \$843 to accrued compensated absences.
- The calculation of depreciation for three capitalized assets were improper. This resulted in an overstatement to depreciation expense of \$109.

State of New Mexico
Albuquerque Municipal School District No. 12
Schedule of Findings and Questioned Costs
June 30, 2024

- Leased copier machines were improperly doubled counted as a right-of-use lease asset and as furniture, fixtures, and equipment. This resulted in assets costs of \$10,938 being double counted in capital assets.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Lack of New Mexico International School management oversight.

Effect: Potential misstatements to the financial statements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that New Mexico International School management review compensated absences to ensure hours are recorded in accordance with policy and that depreciation is properly calculated.

Agency Response:

- The employee's accrued absence hours correction was found by the School when rolling over absences to fiscal year 2025 but the correction was not included in the compensated absences calculation, calculated previously.
- As part of the School's internal controls the asset depreciation was done by the business manager and reviewed by the Finance Committee. A secondary calculation has been created by the business manager to serve as a double check for depreciation calculations.
- Double entry for right of use assets and FFE has been corrected.

2024-058 – Budgetary Conditions (Other Non-Compliance)

Condition: During our testwork, we noted the following:

- Budget-to-actuals for the quarter ended March 31, 2024, were due April 30, 2024, and submitted late on July 23, 2024.
- Budget-to-actuals for the quarter ended June 30, 2024, were due July 31, 2024, and submitted late on August 6, 2024.

Criteria: Per section NMAC 6.20.2.10(C), School districts shall submit periodic financial reports to the department using the department-approved format. Reporting shall be either monthly or quarterly at the discretion of the department. The school district shall be notified of its required reporting frequency in writing by the department. Required reporting frequency may be changed by the department at any time during the year. Reports are due at the department by the last working day of the month following the end of the required reporting period, unless extended to a later date by the secretary of education.

Cause: Budget reports were initially submitted timely; however, corrections were required which resulted in the final submission being late.

Effect: The Public Academy for Performing Arts is not in compliance with state requirements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the Public Academy for Performing Arts implement procedures to ensure that budget reports are accurate and submitted timely.

2024-059 – Internal Control over Financial Reporting (Other Non-Compliance at the District Level; Significant Deficiency at the Individual Component Unit Level)

Condition: We noted the revenue amounting to \$11,006 was incorrectly recorded in Fund 11000 instead of fund 21100.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Public Academy for Performing Arts was unclear where deposit should be posted.

Effect: Possible misstatement of financial statements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Public Academy for Performing Arts management ensure that adequate internal controls are established surrounding financial close and reporting.

Agency Response: A Journal Entry was recorded for this deposit and presented to the finance committee, indicating uncertainty about where the deposit should be posted. This entry was inadvertently overlooked, and the finance committee, along with the business manager, has been reminded of their responsibility to follow up on prior month JEs to ensure any outstanding issues are resolved.

2024-062 (2023-091) – Internal Control over Financial Reporting (Other Non-Compliance at the District Level; Material Weakness at the Individual Component Unit Level)

Condition: During our audit we noted the following:

- We noted a reversal entry for prior year accounts receivable of \$46,945 was not accrued for correctly. The entry was recorded to accounts receivable and should have been recorded to fund balance to reverse the prior year receivable.
- We noted a reversal entry in the amount of \$1,259 was not accrued for correctly for Fund 24308.
- We noted that the GASB 96 entry provided was not correct. Amounts were overstated by \$15,927 to SBITA assets and \$20,663 to SBITA liabilities.

Management Progress on Prior Year Findings: Management has not made progress on this finding.

Criteria: Per NMAC 6.20.2.11, every school shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

2024-063 – Restatement of Previously Recorded Balances (Other Non-Compliance at the District Level; Significant Deficiency at the Individual Component Unit Level)

Condition: We noted that the prior year construction in progress reclass was duplicated in capital assets, causing the building asset to be overstated by \$229,702. An adjustment of \$229,702 is necessary to correct both beginning net asset balance and capital assets. Siembra Leadership High School management should have identified this error in their review of the financial statements. While Moss Adams assists with drafting of the financial statements, it is Siembra Leadership High School management's responsibility to ensure all numbers and disclosures agree to their internal books and records.

Criteria: Per NMAC 6.20.2.11, every school shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

Cause: There was a change in business managers during the prior year during the review of the financial statements and the notes provided from the business manager were not properly corrected in the financial statements.

Effect: Potential misstatements of the financial statements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend Siembra Leadership High School management update its policies and procedures to ensure capital assets are properly reviewed and reconciled.

Condition: We noted that the Siembra Leadership High School had four disapproved Requests-for-Reimbursement (RFRs) totaling \$105,730. Three RFRs were disapproved due to missing the submission deadline and one RFR was disapproved related to lack of supporting receipts in the amount of \$475.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: The control of the RFR review was not operating appropriately.

Effect: The lack of request for reimbursement review could cause unnecessary errors in request and receipt of federal funds.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend all RFRs go through a review process prior to being submitted to the New Mexico Public Education Department and Albuquerque Public Schools to ensure that submissions are timely and include all supporting document.

2024-066 – Anti-Donation and Purchase Order (Other Non-Compliance)

Condition: We noted an expenditure tested in the operating fund in the amounts of \$1,668 for the purchase of six New York Yankees game tickets and \$2,631 for the purchase of six New York Knicks playoff tickets. We noted these expenses were coded to the School's operating fund and were paid for using State Equalization Guarantee Funding. The School noted that these were part of the students health/PE assessment in relation to team sport experience. We noted that the purchase order for the New York Yankees game was executed on April 26 for \$1,418 and adjusted on May 10, 2024, to account for a 6th ticket that was purchased for the New York Yankee game that was purchase on May 8, 2024. We noted the purchase order was then adjusted again to be a blanket purchase order on May 17, 2024, to be a blanket purchase order of \$5,000. We noted the update to the blanket purchase order included the tickets for the New York Knicks game and was executed after the game occurred on May 14, 2024. We noted that these tickets appeared to only benefit six individuals and documentation was not kept with the purchase to show who received the benefit and why the benefit was appropriate.

Criteria: Per Article XI, Section 14, the Anti-Donation Clause states that public funds may not be expended for the benefit of someone other than the indented recipients.

Cause: Siembra Leadership High School purchased various tickets for students to attend activities during the week that students were attending a conference.

Effect: Purchase orders not following procedure. In addition, amounts paid for staff to attend could be considered additional compensation that would need to be included in their W-2.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the Siembra Leadership High School review purchase order policies and Anti-Donation rules.

Agency Response: We agree with the auditor's recommendation to review purchase order policies to ensure that purchase orders follow procedure, and the following actions will be taken to improve the situation. The school will review purchase order policies and internal controls in the next Finance Committee meeting.

Siembra Leadership High School agrees to review the Anti-Donation Clause as part of the recommendation but does not agree that a violation of the Anti-Donation has occurred. In support of the school's position that no violation of the Anti-Donation Clause occurred, the school maintains that the tickets were purchased for Siembra Leadership High School students to attend a sporting event in connection with a community-based learning activity, which is in alignment with the school's mission. The school's purchase was not for the benefit of six private individuals, but instead served students and their education and was therefore a justified purchase. Nevertheless, in the future, when the school makes a purchase for its students in connection with a community-based learning activity, the following actions will be taken. The school agrees to provide documentation with the purchase to show who received the benefit and why the benefit was appropriate. Siembra will write a policy outlining community-based learning experience to support the auditor's understanding of school practice.

2024-068 (2023-095) – Lack of Internal Controls over Financial Reporting (Other Non-Compliance at the District Level; Significant Deficiency at the Individual Component Unit Level)

Condition: We noted the following items during our testwork:

- Beginning net position amount did not properly agree to the prior year financial statements by \$587. We noted part of the difference was related to a \$300 duplicative check from the prior year that was removed in the current year through net position and an unreconciled difference of \$287.
- Beginning construction in progress assets of \$71,069 was not properly presented in the prior year financial statements. Construction in progress assets of \$68,052 were incurred during 2024 and were placed in service during 2024. We noted the remaining difference should not have been capitalized and has been corrected through the current year.
- Prepaid escrow balance of \$56,559 from prior year was not adjusted and improperly included interest expenses of \$30,608 and capitalizable fixed asset closing costs of \$25,951.

Management Progress on Prior Year Finding: Siembra Leadership High School Foundation management made progress on the prior year finding reconciling the loan amounts at the end of the year.

Criteria: The Foundation shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from authorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP and the correct reporting framework in accordance with GASB No. 39 paragraph 5. GASB Statement No. 34 requires capital assets to be recorded at their historical cost and be depreciated over their useful life.

Cause: The controls put in place were not sufficiently followed.

Effect: The Siembra Leadership High School Foundation's financial statements could be misstated.

Repeat Finding: This was previously reported as finding 2023-095.

Recommendation: We recommend that the Siembra Leadership High School Foundation implement controls to properly reconcile beginning net position to the prior year financial statements, We also recommend the management team review the GAAP language around when to capitalize construction in progress assets and ensure that controls are implemented for accuracy.

Agency Response: The Foundation agrees with the auditors' finding and recommendations. The following action of reconciling beginning net position to the prior year financial statement will be a part of the Foundation's end year processes. June 30, 2024

Criteria: Per NMSA 10-15-1(g), the board, commission or other policymaking body shall keep written minutes of all its meetings. The minutes shall include at a minimum the date, time and place of the meeting, the names of members in attendance and those absent, the substance of the proposals considered and a record of any decisions and votes taken that show how each member voted.

Cause: Lack of Technology Leadership High School governance oversight.

Effect: Actions and decisions made may not be documented appropriately.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the Technology Leadership High School governing council review NMSA 1978 10-15-1 to ensure minutes are in compliance with applicable statutes.

2024-071 – Check Stock (Other Non-Compliance)

Condition: During the audit, we noted The New America School's check stock was not properly secured. The file cabinet where the checks are contained was not locked and unauthorized individuals had access to the room it was stored in.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general-purpose financial statements in accordance with GAAP.

Cause: Lack of effective internal controls.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that The New America School management ensure the check stock is held in a secure location.

Agency Response: The New America School Assistant Business Manager will ensure the check stock is held in a secure locked cabinet in a location that is not accessible to unauthorized individuals.

2024-072 – Whistleblower Poster (Other Non-Compliance)

Condition: During the audit, we noted the whistleblower poster was located in The New America School's Executive Director's office. This is not considered a conspicuous location.

Criteria: Per NMSA 1978-10-16C-5, every public employer shall keep posted in a conspicuous place on the public employer's premises notices that set forth the provisions of the Whistleblower Protection Act.

Cause: Lack of The New America School Management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend The New America School relocate the Whistleblower Posted to a conspicuous location in the School.

Agency Response: The School's Executive Director is also the HR Director at the School, which is why the Whistleblower Posted was located in her office. During the audit, the auditors mentioned to her that the Whistleblower Policy should be moved to the staff lounge. The Executive Director relocated the poster to the staff lounge immediately after.

2024-073 (2023-100) – Internal Control over Financial Reporting (Other Non-Compliance at the District Level; Material Weakness at the Individual Component Unit Level)

Condition: We noted the following:

- For accounts payable of \$4,407 was not properly accrued at year end for Fund 31701.
- The New America School management did not provide the correct adjusting entries for GASB 96. In addition, we identified two vendor contracts where amortization schedules were not updated for remeasurement changes.
- Prepaid Expenses of \$7,116 recorded in 2021 in Fund 24101 were not properly reclassified and expensed to Fund 11000 when they became unrecoverable.

Management Progress on Prior Year Finding: No progress has been made on this finding.

State of New Mexico
Albuquerque Municipal School District No. 12
Schedule of Findings and Questioned Costs
June 30, 2024

Criteria: Per NMAC 6.20.2.11 (C) An internal control structure is required to demonstrate the school district's ability to record, process, summarize and report financial data consistent with the following financial statement assertions: (1) rights and ownership; (2) existence and occurrence; (3) valuation and allocations; (4) completeness; and, (5) presentation and disclosure. Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: The New America School Management incorrectly recorded their estimated future payments related to the software contracts. The New America School's internal controls over financial reporting were not effective in detecting an error in revenue.

Effect: Possible misstatement to The New America School's financial statements.

Repeat Finding: This finding was previously reported as finding 2023-100.

Recommendation: We recommend that The New America School management establish additional controls to review entries, estimates, and accruals to prevent errors or departures from GAAP.

Agency Response: The School, along with the contracted Business Manager, requested that the vendor invoice only for services rendered during the current fiscal year. However, the vendor indicated they were unable to split the current invoice but would implement this approach for future invoices. To ensure accurate financial reporting, the School will include service dates on all invoices paid in July to capture all accounts payable from the prior year. Regarding GASB 96, we will adjust the entries going forward for the two affected transactions. Additionally, the contracted Business Manager has submitted a client AJE in previous years to reclassify the prepaid expense to operational. The School will collaborate with the auditors to facilitate this reclassification.

Person Responsible: The New America School Contracted Business Manager

Implementation by: January 31, 2025

Moss Adams Response: The prepaid adjustment was provided by management in the prior year to show that the expense would be expensed in a future year.

2024-074 – Anti-Donation (Other Non-Compliance)

Condition: We noted The New America School did not attempt to recover expenses of \$7,116 for flight tickets from employees who received this amount as credit when flights were cancelled and employees contracts ended.

Criteria: Per Article XI, Section 14, the Anti-Donation Clause states that public funds may not be expended for the benefit of someone other than the indented recipients.

Cause: The New America School was unable to recover these amounts timely through payroll and the individuals are no longer employed with The New America School.

Effect: The New America School has violated the anti-donation clause as the funds spent were not for the purpose intended.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend The New America School review policies and procedures to ensure Anti-Donation laws are followed.

Agency Response: The School purchased flights for a conference in the year that COVID-19 emerged. Due to the pandemic, the conference was postponed, and the School received credits for the flights. These credits were subsequently utilized for another conference in fiscal year 2022. However, one former employee was unable to attend, resulting in his credit going unused. The School communicated the need for reimbursement to this employee but did not receive a response. To address this situation, the School will be updating its travel policy to ensure that any expenses incurred for travel will be reimbursed to the School if an employee is unable to attend.

2024-075 – Budgetary Conditions (Other Non-Compliance)

Condition: During our testwork, we noted actual expenditures exceeded budgetary authority in Fund-Function 25153-2000 by \$9,879.

Criteria: Sound financial management and 6.20.2.9 (A) NMAC and 22-8-5 through 22-8-12.2 NMSA 1978 require that budgets not be exceeded at the legal level of control. For school districts, the function is the legal level of control.

Cause: Lack of Voz Collegiate Preparatory School management oversight.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Voz Collegiate Preparatory School management establish controls necessary to monitor the budget and submit any necessary adjustments on a timely basis to avoid overages.

Agency Response: These funds were going to be received as accounts receivable but did not get BARed in OBMS. The policies will be updated for revenue that will come in as accounts receivable will not be used to offset expenses for funds without proper budget authority in OBMS.

2024-076 – Capital Assets (Other Non-Compliance)

Condition: During our testwork, we noted that the Voz Collegiate Preparatory School extended the life of a technology system fixed asset from 3 years to 5 years; however, there were no repairs or modifications made to the asset that would justify the extension in life. Annual depreciation recognized on this asset was reduced by \$5,902 from the original estimate as a result.

Criteria: Per NMAC 6.20.2.22(C), assets of a long-term character which are intended to continue to be held or used, such as land (including acquisition and improvements to grounds), buildings (including initial, acquisition, improvements, remodeling, additions, and replacement), furniture, machinery and equipment shall be acquired and accounted for through the development and implementation of a complete property control system which shall be adopted by the local board and in accordance with GAAP. General services department (GSD) rules(s), the state Procurement Code, and any other applicable state and federal requirements.

Cause: Voz Collegiate Preparatory School management's assessment of the fixed asset life is not consistent with the prior year or supported by modifications.

Effect: Non-compliance with state statutes.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Voz Collegiate Preparatory School management establish controls necessary to monitor fixed assets.

Agency Response: The change in depreciating the years was made by Moss Adams on a schedule we did not have. When we asked for their latest copy we did not receive it in a timely manner. We will request the auditors capital asset tool at the end of the current year audit for future depreciation, so that our starting place includes any updates or changes made by the auditor.

2024-077 (2021-080) – Internal Controls over Financial Close and Reporting (Other Non-Compliance at the District Level; Significant Deficiency at the Individual Component Unit Level)

Condition: During our testwork, we noted the following:

- Travel expenditures of \$4,118 were incorrectly coded to a salary expense object code.
- Calculations related to an early termination of a lease were incorrect, resulting in an overstatement of gain on early termination of \$20,195.
- Voz Foundation paid a third party to terminate a lease early. The lease was held by the Voz Collegiate Preparatory School. No entries were provided to record the transfer of funds between the School and Foundation. The funds transfer was \$185,706
- Voz Collegiate Preparatory School management entered into a new lease for a building. Rent concessions of \$37,348 were provided by the lessor, which were not accounted for in the GASB 87 journal entries provided by management.
- Fund 26107 had revenues that exceeded expenditures. A correcting entry was needed to balance out the fund in the amount of \$685.

Management Progress on Prior Year Finding: Voz Collegiate Preparatory School management made progress on the net other post-employment liability, the net pension liability adjustments, the accounts receivable adjustments, fund balance roll forward adjustments, and controls for overpayment of vendors.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: Lack of effective internal controls.

Effect: Possible misstatement to the financial statements.

Repeat Finding: This was previously reported as finding 2023-103, 2022-103, and 2021-080.

Recommendation: We recommend that Voz Collegiate Preparatory School management ensure that adequate internal controls are established surrounding the financial close and reporting process.

Agency Response: The internal controls will be updated for how to handle early termination of leases and how it should be recorded on the school and foundation side. All staff reimbursements will be coded to objects that are not salary related if they are paid through payroll.

For GASB 87 we contracted with another auditing firm, CLA, to help us with this calculation. According to Moss Adams, CLA did not do the calculation correctly.

2024-078 – Background Check (Other Non-Compliance)

Condition: During our testwork, we noted the Voz Collegiate Preparatory School hired an employee with a start date of July 13, 2023. However, the background check did not clear until August 2, 2024.

Criteria: Per NMAC 6.60.8.1, employment applicants offered employment with a charter school, shall provide two fingerprint cards or their electronic equivalent to the charter school. Employment applicants may obtain the background check through the charter school. (1) Charter school governing bodies shall adopt policies and regulations addressing background check requirements. (2) Background check policies and regulations shall meet, at a minimum, the requirements of 6.60.8 NMAC and all relevant state and federal law.

Cause: Lack of Voz Collegiate Preparatory School management oversight.

Effect: The Voz Collegiate Preparatory School is out of compliance with State Statutes and faces potential dangers to students and fellow School personnel, misuse of public funds, incompetence, and potential litigation.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the Voz Collegiate Preparatory School strengthen internal controls over timely background checks, including implementation of policies and procedures to ensure that when employees are hired all laws and regulations are properly followed.

Agency Response: This was due to the agency that was issuing them. They had a high volume of requests and were running behind on getting these issued. Continue to work with the agency that issues the background checks and hope they improve their processes.

Condition: We noted ERB contributions were not transmitted or postmarked by the 15th day of the following month for the following month:

- December 2023 (\$21,670) remitted on January 16, 2024
- March 2024 (\$21,469) remitted on April 16, 2024
- April 2024 (\$22,334) remitted partially on May 7, 2024, and remainder on June 20, 2024
- May 2024 (\$25,007) remitted on June 20, 2024
- June 2024 (\$24,790) remitted on July 29, 2024

Criteria: Monthly ERB contributions are required to be remitted no later than the 15th of the following month per NMSA 1978 22-11-22.

Cause: Cash flow constraints at the Voz Collegiate Preparatory School and lack of timely preparation of submission documentation.

Effect: The Voz Collegiate Preparatory School could owe penalties for submitting contributions late.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that the Voz Collegiate Preparatory School implement a monthly review by the finance committee of all payments to ensure that ERB payments properly reconcile and are paid timely.

Agency Response: This was due to cash-flow issues and timing of funding. This liability is always paid as soon as possible. This can be out of the school's hands but the school leader and business manager will try to manage cash flow to make this payments more timely.

June 30, 2024

Criteria: Section 22-26A-4(B) NMSA 1978 provides that a governing body of a charter school shall not enter into a lease purchase arrangement without the (prior) approval of the Public Education Department. Under Section 22-26A-3(A) NMSA 1978 a "lease purchase arrangement" or "financing agreement" (the terms are used interchangeably in the statute) means an agreement for the leasing of a building or other real property with an option to purchase for a price that is reduced according to the payments made by the charter school, which periodic lease payments - composed of principal and interest components - are to be paid to the holder of the agreement.

Cause: Voz Collegiate Preparatory School management oversight on related compliance requirements.

Effect: The Voz Collegiate Preparatory School is out of compliance with State Statutes and may be exposed to potential litigation.

Repeat Finding: This is a not a repeat finding

Recommendation: We recommend the Voz Collegiate Preparatory School familiarizes itself with compliance requirements regarding leases with purchase options.

Agency Response: The school did not enter into an LPA. Per legal the school is not out of compliance with state statutes.

Moss Adams Response: The interpretation of the Voz Collegiate Preparatory School is that the agreement notes the option to enter into a lease purchase agreement, however this wording in the agreement shows this has an option embedded within the agreement. "Tenant or a nonprofit organization formed for its support shall have the option to purchase the Property at any time during the Lease Term, but not before January 1, 2027, for the greater dollar amount of either (a) appraised value of the Property at the time the offer is made (which appraisal shall be conducted at the sole direction of the Landlord) minus Tenant's total Tenant Improvement costs or (b) one point one times (1.1x) the original purchase price of \$4,100,000, plus Landlord Improvements, plus Landlord operational losses minus Tenant's total Tenant Improvement costs. Condition: During our testwork, Voz Collegiate Preparatory School Foundation management was unable to provide evidence of documentation related to the implementation of internal controls' surrounding cash receipts, cash disbursements, and long-term debt. In addition, we noted that a full accrual trial balance was not being timely reconciled.

Criteria: Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Cause: There was a change in record keeping during the year causing all of the records to not be complete.

Effect: Possible misstatement to the financial statements.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that Voz Collegiate Preparatory School Foundation management ensure that adequate internal controls are established surrounding the financial close and reporting process.

APPENDIX B

ECONOMIC, DEMOGRAPHIC AND FINANCIAL INFORMATION

This portion of the Official Statement contains general information concerning the historic economic and demographic conditions in the District. This portion of the Official Statement is intended only to provide prospective investors with general information regarding the District's community. The information was obtained from the sources indicated and is limited to the time periods indicated. The District makes no representation as to the accuracy or completeness of data obtained from parties other than the District. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future.

The District and Metropolitan Area

The area within the District is part of the Albuquerque Metropolitan Statistical Area ("MSA") which includes the Counties of Bernalillo, Sandoval, Torrance and Valencia. The District includes 97.4% of Bernalillo County and 2.6% of Sandoval County based on assessed valuation. Accordingly, economic and demographic provided below for the Albuquerque MSA is derived from an area larger than the District.

The District is crossed by Interstate Highways 25 and 40 and is served by the Burlington Northern and Santa Fe Railroad and the Sunport International Airport. Located at the center of the State, the Albuquerque MSA is the major trade, commercial and financial center of the State.

The following table reflects the Percent of Households by Effective Buying Income Groups (“EBI”). EBI is defined as money income less personal tax and non-tax payments described below. Money income is the aggregate of wages and salaries, net farm and nonfarm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veterans Administration payments, alimony and child support, military family allotments, net winnings from gambling, and other periodic income. Deducted from this total money income are personal income taxes, personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied non-business real estate. Receipts from the following sources are not included as money income: money received from the sale of property; the value of “in kind” income such as food stamps, public housing subsidies, and employer contributions for persons; withdrawal of bank deposits; money borrowed; tax refunds; exchange of money between relatives living in the same household; gifts and lump-sum inheritances, insurance payments, and other types of lump-sum receipts.

APPENDIX C

[Form of Bond Counsel Opinion – 2025A Bonds]

May ___, 2025

Board of Education
Albuquerque Municipal School District No. 12
Albuquerque, New Mexico

Re:\$50,000,000 Albuquerque Municipal School District No. 12 General Obligation School Bonds, Series 2025A

Ladies and Gentlemen:

We have acted as bond counsel to the Albuquerque Municipal School District No. 12 (the “District”) in connection with the issuance of its \$50,000,000 General Obligation School Bonds, Series 2025A (the “Bonds”), dated May ___, 2025, with interest payable on August 1, 2025, and semi-annually thereafter on each February 1 and August 1 until maturity, and being bonds in registered form maturing on August 1 in the years 2025 to 2040.

We have examined the laws of the State and the United States of America relevant to the opinions herein, the transcript of proceedings (the “Transcript”) and other documents relevant to the issuance of the Bonds by the District. As to the questions of fact material to our opinion, we have relied upon representations of the District contained in the proceedings and other certifications furnished to us, without undertaking to verify the same by independent investigation.

Based upon the foregoing, and subject to the assumptions and qualifications set forth below, we are of the opinion that, under existing law on the date of this opinion:

1. The Bonds constitute valid and binding general obligations of the District and are to be paid from the proceeds of the levy of ad valorem taxes on all taxable property within the District without limitation as to rate or amount.

2. Under existing laws, regulations, rulings and judicial decisions, interest on the Bonds is excludable from gross income for federal income tax purposes. We are also of the opinion that interest on the Bonds is not a specific preference item for purposes of calculating the alternative minimum tax imposed on individuals under provisions contained in the Internal Revenue Code of 1986, as amended (the “Code”). Although we are of the opinion that interest on the Bonds is excludable from gross income for federal income tax purposes, the accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient’s

particular tax status or other items of income or deduction. We express no opinion regarding any such consequences.

3. The Bonds and the income from the Bonds are exempt from all taxation by the State or any political subdivision thereof.

The opinions expressed herein are based upon existing law as of the date of issuance and delivery of the Bonds. We express no opinion as of any date subsequent hereto, and our engagement with respect to the Bonds has concluded with their issuance. We disclaim any obligation to update this opinion.

The obligations of the District related to the Bonds are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of the powers (including bankruptcy powers) delegated to it by the United States Constitution. The obligations of the District and the security provided therefor may be subject to general principles of equity which permit the exercise of judicial discretion and are subject to the provisions of applicable bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities as of the date of issuance and delivery of the Bonds that we deem relevant to render such opinions and are not a guarantee of result. We express no opinion with respect to any pending legislation.

As bond counsel, we are passing upon only those matters set forth in this opinion and are not passing upon the accuracy or completeness of any statement made in connection with any sale of the Bonds or upon any tax consequences arising from the receipt or accrual of interest on, or the ownership of, the Bonds except those specifically addressed in Paragraphs 2 and 3 above.

Respectfully submitted,

[Form of Bond Counsel Opinion – 2025B Bonds]

May __, 2025

Board of Education
Albuquerque Municipal School District No. 12
Albuquerque, New Mexico

**Re:\$49,150,000 Albuquerque Municipal School District No. 12 General Obligation
Refunding Bonds, Series 2025B**

Ladies and Gentlemen:

We have acted as bond counsel to the Albuquerque Municipal School District No. 12 (the “District”) in connection with the issuance of its \$49,150,000 General Obligation Refunding Bonds, Series 2025B (the “Bonds”), dated May __, 2025, with interest payable on August 1, 2025, and semi-annually thereafter on each February 1 and August 1 until maturity, and being bonds in registered form maturing on August 1 in the years 2025 to 2030.

We have examined the laws of the State and the United States of America relevant to the opinions herein, the transcript of proceedings (the “Transcript”) and other documents relevant to the issuance of the Bonds by the District. As to the questions of fact material to our opinion, we have relied upon representations of the District contained in the proceedings and other certifications furnished to us, without undertaking to verify the same by independent investigation.

Based upon the foregoing, and subject to the assumptions and qualifications set forth below, we are of the opinion that, under existing law on the date of this opinion:

1. The Bonds constitute valid and binding general obligations of the District and are to be paid from the proceeds of the levy of ad valorem taxes on all taxable property within the District without limitation as to rate or amount.

2. Under existing laws, regulations, rulings and judicial decisions, interest on the Bonds is excludable from gross income for federal income tax purposes. We are also of the opinion that interest on the Bonds is not a specific preference item for purposes of calculating the alternative minimum tax imposed on individuals under provisions contained in the Internal Revenue Code of 1986, as amended (the “Code”). Although we are of the opinion that interest on the Bonds is excludable from gross income for federal income tax purposes, the accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient’s particular tax status or other items of income or deduction. We express no opinion regarding any such consequences.

3. The Bonds and the income from the Bonds are exempt from all taxation by the State or any political subdivision thereof.

The opinions expressed herein are based upon existing law as of the date of issuance and delivery of the Bonds. We express no opinion as of any date subsequent hereto, and our engagement with respect to the Bonds has concluded with their issuance. We disclaim any obligation to update this opinion.

The obligations of the District related to the Bonds are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State

and to the exercise by the United States of the powers (including bankruptcy powers) delegated to it by the United States Constitution. The obligations of the District and the security provided therefor may be subject to general principles of equity which permit the exercise of judicial discretion and are subject to the provisions of applicable bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities as of the date of issuance and delivery of the Bonds that we deem relevant to render such opinions and are not a guarantee of result. We express no opinion with respect to any pending legislation.

As bond counsel, we are passing upon only those matters set forth in this opinion and are not passing upon the accuracy or completeness of any statement made in connection with any sale of the Bonds or upon any tax consequences arising from the receipt or accrual of interest on, or the ownership of, the Bonds except those specifically addressed in Paragraphs 2 and 3 above.

Respectfully submitted,

APPENDIX D

FORM OF CONTINUING DISCLOSURE UNDERTAKING

Section 1. Recitals. This Continuing Disclosure Undertaking (the “Undertaking”) is executed and delivered by the Albuquerque Municipal School District No. 12, Bernalillo and Sandoval Counties, New Mexico (the “District”), in connection with its \$50,000,000 General Obligation School Bonds, Series 2025A and its [\$49,150,000] General Obligation Refunding Bonds, Series 2025B (collectively, the “Series 2025 Bonds” or the “Bonds”). The Bonds are being issued pursuant to a Bond Resolution adopted April 16, 2025 (the “Bond Resolution”). Pursuant to the Bond Resolution to allow the underwriters of the Bonds to comply with the Rule (defined below), the District is required to make certain continuing disclosure undertakings for the benefit of the owners (including beneficial owners) of the Bonds (the “Owners”). This Undertaking is intended to satisfy the requirements of the Rule.

Section 2. Definitions.

(a) “Annual Financial Information” means the financial information (which will be based on financial statements prepared in accordance with generally accepted accounting principles, as in effect from time to time (“GAAP”), for governmental units as prescribed by the Governmental Accounting Standards Board (“GASB”)) and operating data with respect to the District, delivered at least annually pursuant to Sections 3(a) and 3(b) of this Undertaking, consisting of information of the type set forth in the tables 1 through 14 and Appendix A in the Official Statement. The District will update and provide this information no later than March 31 of each year, commencing March 31, 2026, for the fiscal year ending on the preceding June 30.

(b) “Audited Financial Statements” means the District’s annual financial statements prepared in accordance with GAAP, for governmental units as prescribed by GASB, which financial statements have been audited as may then be required or permitted by the laws of the State.

(c) “EMMA” means the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access System located on its website at emma.msrb.org.

(d) “Event” or “Event Information” means the information delivered pursuant to Section 3(d).

(e) “MSRB” means the Municipal Securities Rulemaking Board. The current address of the MSRB is 1300 I Street NW, Suite 1000, Washington DC 20005-3314, phone (202) 838-1500, fax (202) 898-1500.

(f) “Official Statement” means the Official Statement dated April __, 2025, together with any supplements thereto prior to the date the Bonds are issued, delivered in connection with the original issue and sale of the Bonds.

(g) “Report Date” means March 31 of each year, beginning in 2026.

(h) “Rule” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934, as amended (17 C.F.R. Part 240, § 240.15c2-12), as the same may be amended from time to time.

(i) “SEC” means the United States Securities and Exchange Commission.

(j) “State” means the State of New Mexico.

Section 3. Provision of Annual Financial Information and Reporting of Event Information.

(a) The District, or its designated agent, will provide the Annual Financial Information for the preceding fiscal year to EMMA on or before each Report Date while the Bonds are outstanding.

(b) If Audited Financial Statements are not provided as part of the Annual Financial Information, the District, or its designated agent, will provide unaudited financial statements as part of the Annual Financial information, and will provide Audited Financial Statements when and if available. The District will timely provide to EMMA notice of failure to provide Annual Financial Information or Audited Financial Statements in the event these items are not available by the Report Date.

(c) The District, or its designated agent, may provide Annual Financial Information by specific reference to other documents, including information reports and official statements relating to other debt issues of the District, which have been submitted to EMMA or filed with the SEC; provided, however, that if the document so referenced is a “final official statement” within the meaning of the Rule, such final official statement must also be available from the MSRB.

(d) The District, or its designated agent, will provide, to EMMA, notice of any of the following Events with respect to the Bonds in a timely manner not in excess of ten (10) business days after the occurrence of the Event:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;
- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of holders of the Bonds, if material;
- (viii) bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or a similar event with respect to the District, which shall occur as described below;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of its assets, other than in the ordinary course of business, the

entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(xiv) appointment of a successor or additional trustee, or the change of name of a trustee, if material;

(xv) incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material; and

(xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

For these purposes, any event described in (xii) in the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District. For the purposes of the above described event notices (xv) and (xvi), the term “financial obligation” means a (i) debt obligation, (ii) derivative instrument entered into in connection with or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) a guarantee of (i) or (ii); provided, however, that a “financial obligation” shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

Section 4. Method of Transmission. The District, or its designated agent, will employ such methods of electronic or physical information transmission as are requested or recommended from time to time by EMMA, the MSRB or the SEC.

Section 5. Enforcement. The obligations of the District under this Undertaking are for the benefit of the Owners. Each Owner is authorized to take action to seek specific performance by court order to compel the District to comply with its obligations under this Undertaking, which action will be the exclusive remedy available to it or any other Owner. The District's breach of its obligations under this Undertaking will not constitute an event of default under the Bond Resolution, and none of the rights and remedies provided by such Bond Resolution will be available to the Owners with respect to such a breach.

Section 6. Term. The District's obligations under this Undertaking will be in effect from and after the issuance and delivery of the Bonds and will extend to the earliest of (i) the date all principal and interest on the Bonds has been paid or legally defeased pursuant to the terms of the Resolution; (ii) the date on which the District is no longer an “obligated person” with respect to the Bonds within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this Undertaking are determined to be invalid or unenforceable by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

Section 7. Amendments. The District may amend this Undertaking from time to time, without the consent of any Owner, upon the District's receipt of an opinion of independent counsel experienced in federal securities laws to the effect that such amendment:

(a) is made in connection with a change in circumstances that arises from a change in legal requirements, a change in law or a change in the identity, nature or status of the District;

(b) this Undertaking, as amended, would have complied with the Rule at the time of the initial issue and sale of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any changes in circumstances; and

(c) the amendment does not materially impair the interests of the Owners.

Any amended operating data or financial information will be explained, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided. If an amendment changes the accounting principles to be followed in preparing financial statements, the Annual Financial Information, and Audited Financial Statements for the year in which the change is made will present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 8. Additional Information. Nothing in this Undertaking shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Undertaking or any other means of communication, or including any other information or notice of occurrence of any event which is not an Event, in addition to that which is required by this Undertaking provided that the District shall not be required to do so. If the District chooses to include any annual information or notice of occurrence of an event in addition to that which is specifically required by this Undertaking to update such information or include it in any future annual filing or notice of occurrence of an Event.

Section 9. Beneficiaries. This Undertaking binds and inures to the sole benefit of the District and the Owners and creates no rights in any other person or entity.

Section 10. Subject to Appropriation. This Undertaking shall be subject to annual appropriation by the District's Board of Education and shall not be construed as a general obligation of the District.

Section 11. Governing Law. This Undertaking is governed by and is to be construed in accordance with the law of the State.

APPENDIX E

BOOK-ENTRY ONLY SYSTEM

Introduction

Unless otherwise noted, the information contained under the caption “General” below has been provided by DTC. The District makes no representations as to the accuracy or the completeness of such information. The Beneficial Owners of the Series 2025 Bonds should confirm the following information with DTC, the Direct Participants or the Indirect Participants.

NEITHER THE DISTRICT NOR THE PAYING AGENT/REGISTRAR WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (A) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (B) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE SERIES 2025 BONDS UNDER THE BOND RESOLUTION, (C) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE SERIES 2025 BONDS; (D) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR INTEREST DUE WITH RESPECT TO THE OWNER OF THE SERIES 2025 BONDS; (E) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNERS OF SERIES 2025 BONDS; OR (F) ANY OTHER MATTER REGARDING DTC.

General

The Depository Trust Company, New York, New York (“DTC”), will act as securities depository for the Series 2025 Bonds. The Series 2025 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2025 Bond certificate will be issued for the Series 2025 Bonds, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.8 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s rating of AA+. The DTC Rules

applicable to Direct Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org. The District undertakes no responsibility for and makes no representations as to the accuracy or the completeness of the content of such material contained on that website as described in the preceding sentence including, but not limited to, updates of such information or links to other Internet sites accessed through the aforementioned website.

Purchases of the Series 2025 Bonds under the DTC system must be made by or through Direct or Indirect Participants, which will receive a credit for the Series 2025 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2025 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2025 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2025 Bonds, except in the event that use of the book-entry system for the Series 2025 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2025 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2025 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2025 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2025 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

While the Series 2025 Bonds are in the book-entry only system, redemption notices will be sent to DTC. If less than all of the Series 2025 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2025 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2025 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Series 2025 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the District or agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time.

time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2025 Bonds at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, certificates representing the Series 2025 Bonds are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, certificates representing the Series 2025 Bonds will be printed and delivered to DTC.

The information in this Appendix concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District does not take any responsibility for the accuracy thereof.
