

PRELIMINARY OFFICIAL STATEMENT DATED FEBRUARY 25, 2026

NEW ISSUE - FULL BOOK-ENTRY

RATINGS: S&P: "AA" (Insured)
"A" (Underlying)
See "RATINGS" herein.

In the opinion of Jones Hall LLP, San Mateo, California, Bond Counsel, subject, however to certain qualifications described herein, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax. In the further opinion of Bond Counsel, such interest is exempt from California personal income taxes. See "TAX MATTERS."

\$5,400,000*

GOLDEN PLAINS UNIFIED SCHOOL DISTRICT

(Fresno County, California)

2026 Refunding General Obligation Bonds

Dated: Date of Delivery.

Due: As shown on inside front cover.

Authority and Purpose. The captioned 2026 Refunding General Obligation Bonds (the "Bonds") are being issued by the Golden Plains Unified School District (the "District") of Fresno County (the "County"), California, pursuant to applicable provisions of the California Government Code and a resolution adopted by the Board of Trustees of the District on February 10, 2026. The Bonds are being issued for the purpose of refinancing on a current basis certain of the District's outstanding general obligation bonds, and to pay related costs of issuance. See "THE REFINANCING PLAN" and "THE BONDS – Authority For Issuance" herein.

Security. The Bonds are general obligations of the District payable solely from *ad valorem* property taxes levied on taxable property within the District and collected by the County. The County Board of Supervisors is empowered and is obligated to annually levy *ad valorem* taxes for the payment by the District of principal of and interest on the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). The District has other series of general obligation bonds outstanding that are similarly secured by *ad valorem* property taxes levied on the taxable property in the District. See "SECURITY FOR THE BONDS."

Book-Entry Only. The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"). Purchasers will not receive physical certificates representing their interests in the Bonds. See "THE BONDS" and "APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM."

Payments. The Bonds are dated the date of delivery and will accrue interest at the rates set forth on the inside cover page hereof, payable semiannually on each February 1 and August 1 until maturity, commencing August 1, 2026. Payments of principal of and interest on the Bonds will be made by U.S. Bank Trust Company, National Association, as the designated paying agent, registrar and transfer agent (the "Paying Agent"), to DTC for subsequent disbursement to DTC participants who will remit such payments to the beneficial owners of the Bonds. See "THE BONDS - Description of the Bonds."

Redemption.* The Bonds are subject to redemption prior to maturity as described herein. See "THE BONDS – Redemption."

Bond Insurance. The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the Bonds by Assured Guaranty Inc.

MATURITY SCHEDULE

(See inside cover)

Cover Page. This cover page contains certain information for general reference only. It is not a summary of all the provisions of the Bonds. Prospective investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The Bonds will be offered when, as and if issued and accepted by the Underwriter, subject to the approval as to legality by Jones Hall LLP, San Mateo, California, Bond Counsel to the District, and subject to certain other conditions. Jones Hall is also serving as Disclosure Counsel to the District. Aparicio Law, Pasadena, California, is serving as counsel to the Underwriter. It is anticipated that the Bonds, in book-entry form, will be available for delivery through the facilities of DTC on or about March 19, 2026.*

The date of this Official Statement is _____, 2026.

*Preliminary, subject to change.

This Preliminary Official Statement and the information contained herein are subject to completion or amendment. Under no circumstances shall this Preliminary Official Statement constitute an offer to sell or a solicitation of an offer to buy nor shall there be any sale of these securities in any jurisdiction in which such offer solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.

GENERAL INFORMATION ABOUT THIS OFFICIAL STATEMENT

Use of Official Statement. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not a contract between any Bond owner and the District or the Underwriter.

No Offering Except by This Official Statement. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or to make any representations other than those contained in this Official Statement and, if given or made, such other information or representation must not be relied upon as having been authorized by the District or the Underwriter.

No Unlawful Offers or Solicitations. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor may there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

Information in Official Statement. The information set forth in this Official Statement has been furnished by the District and other sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness.

Estimates and Forecasts. When used in this Official Statement and in any continuing disclosure by the District in any press release and in any oral statement made with the approval of an authorized officer of the District or any other entity described or referenced herein, the words or phrases "will likely result," "are expected to", "will continue", "is anticipated", "estimate", "project," "forecast", "expect", "intend" and similar expressions identify "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to any implication that there has been no change in the affairs of the District or any other entity described or referenced herein since the date hereof.

Involvement of Underwriter. The Underwriter has provided the following statement for inclusion in this Official Statement: The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibilities to investors under federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Stabilization of and Changes to Offering Prices. The Underwriter may over allot or take other steps that stabilize or maintain the market prices of the Bonds at levels above those that might otherwise prevail in the open market. If commenced, the Underwriter may discontinue such market stabilization at any time. The Underwriter may offer and sell the Bonds to certain securities dealers, dealer banks and banks acting as agent at prices lower than the public offering prices stated on the inside cover page of this Official Statement, and those public offering prices may be changed from time to time by the Underwriter.

Bond Insurer Disclaimer. Assured Guaranty Inc. ("AG") makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AG has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AG supplied by AG and presented under the heading "BOND INSURANCE" and "APPENDIX H - SPECIMEN MUNICIPAL BOND INSURANCE POLICY".

Document Summaries. All summaries of the Bond Resolution or other documents referred to in this Official Statement are made subject to the provisions of such documents and qualified in their entirety to reference to such documents, and do not purport to be complete statements of any or all of such provisions.

No Securities Laws Registration. The Bonds have not been registered under the Securities Act of 1933, as amended, in reliance upon exceptions therein for the issuance and sale of municipal securities. The Bonds have not been registered or qualified under the securities laws of any state.

Effective Date. This Official Statement speaks only as of its date, and the information and expressions of opinion contained in this Official Statement are subject to change without notice. Neither the delivery of this Official Statement nor any sale of the Bonds will, under any circumstances, give rise to any implication that there has been no change in the affairs of the District, the County, the other parties described in this Official Statement, or the condition of the property within the District since the date of this Official Statement.

Website. The District maintains a website and certain social media accounts. However, the information presented therein is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds.

OFFICIAL STATEMENT
\$5,400,000*
GOLDEN PLAINS UNIFIED SCHOOL DISTRICT
(Fresno County, California)
2026 Refunding General Obligation Bonds

The purpose of this Official Statement, which includes the cover page, inside cover page and attached appendices, is to set forth certain information concerning the sale and delivery of the captioned 2026 Refunding General Obligation Bonds (the “**Bonds**”) by the Golden Plains Unified School District (the “**District**”) of Fresno County (the “**County**”), State of California (the “**State**”).

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement and the documents summarized or described in this Official Statement. A full review should be made of the entire Official Statement. The offering of the Bonds to potential investors is made only by means of the entire Official Statement.

The District. The District provides educational services to students in transitional kindergarten through 12th grade, and is located on the western edge of the County, 35 miles southwest of the City of Fresno. The District is situated in the heartland of the San Joaquin Valley. The City of San Joaquin and the unincorporated communities of Tranquillity, Helm, Three Rocks, and Cantua Creek are located within District boundaries. The District is composed of what were formerly the Cantua Creek, Helm, San Joaquin and the Tranquillity High School Districts. The districts joined together to become a new unified district on July 1, 1991. The District operates four elementary schools serving students in TK-8, one high school, and one alternative education high school. Average daily attendance (funded) in the District is approximately 1,256 students in fiscal year 2025-26. The District’s fiscal year 2025-26 total assessed value is over \$1.8 billion.

For more information regarding the District and its finances, see APPENDIX A and APPENDIX B attached hereto. See also APPENDIX C hereto for demographic and other information regarding the City of San Joaquin and the County.

Purposes. The net proceeds of the Bonds will be used to refinance on a current basis certain outstanding general obligation bonds of the District. See “THE REFINANCING PLAN” herein.

Authority for Issuance of the Bonds. The Bonds will be issued pursuant to the provisions of Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Section 53550 of said Code (the “**Bond Law**”), and a resolution adopted by the Board of Trustees of the District on February 10, 2026 (the “**Bond Resolution**”). See “THE BONDS - Authority for Issuance” herein.

**Preliminary; subject to change.*

Payment and Registration of the Bonds. The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee for DTC. Purchasers will not receive physical certificates representing their interest in the Bonds. See “THE BONDS” and “APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

Security and Sources of Payment for the Bonds. The Bonds are general obligation bonds of the District, payable by the District solely from *ad valorem* property taxes levied on taxable property located in the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* property taxes for the payment by the District of the principal of and interest on the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except with respect to certain personal property which is taxable at limited rates). See “SECURITY FOR THE BONDS.”

The District has other series of general obligation bonds outstanding that are also payable from *ad valorem* property taxes levied on taxable property in the District. See “DEBT SERVICE SCHEDULES” and “DISTRICT FINANCIAL INFORMATION – Existing Debt Obligations” in APPENDIX A.

Redemption*. The Bonds are subject to redemption prior to maturity as described herein. See “THE BONDS –Redemption.”

Legal Matters. Issuance of the Bonds is subject to the approving opinion of Jones Hall LLP, San Mateo, California, as bond counsel (“**Bond Counsel**”), to be delivered in substantially the form attached hereto as APPENDIX D. Jones Hall LLP will also serve as Disclosure Counsel to the District (“**Disclosure Counsel**”). Payment of the fees of Bond Counsel and Disclosure Counsel is contingent upon issuance of the Bonds. See “APPENDIX D - Proposed Form of Opinion of Bond Counsel.”

Bond Insurance. Concurrently with the issuance of the Bonds, Assured Guaranty Inc. (“**AG**” or the “**Bond Insurer**”) will issue its Municipal Bond Insurance Policy for the Bonds (the “**Policy**”). The Policy guarantees the scheduled payment of principal and interest on the Bonds when due, as set forth in the form of the Policy included as APPENDIX H to this Official Statement. See “BOND INSURANCE” and APPENDIX H.

The Policy is not covered by any insurance security or guaranty fund established under New York, Maryland, California, Connecticut or Florida insurance law.

Tax Matters. In the opinion of Bond Counsel, interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax. In the further opinion of Bond Counsel, such interest is exempt from California personal income taxes. See “TAX MATTERS” and APPENDIX D hereto for the form of Bond Counsel’s opinion to be delivered concurrently with the Bonds.

*Preliminary; subject to change.

Cyber Risks. The District, like other governmental and business entities, faces significant risks relating to the use and application of computer software and hardware for educational, operational and management purposes. The District collects, processes, and distributes an enormous amount of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. As the custodian of such information, the District may face cybersecurity threats, attacks or incidents from time to time. No assurance can be given that future cyber threats or attacks against the District or third-party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District's continuing disclosure undertakings, described in more detail herein. See "CYBER RISKS" herein.

Offering and Delivery. The Bonds are offered when, as and if issued and received by the Underwriter, subject to approval as to the legality by Bond Counsel. It is anticipated that the Bonds will be available for delivery through the facilities of DTC on or about the date identified on the cover page hereof.

Continuing Disclosure. The District has covenanted and agreed that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate executed in connection with the Bonds. The form of the Continuing Disclosure Certificate is included in APPENDIX E hereto. See "CONTINUING DISCLOSURE" herein.

Other Information. This Official Statement speaks only as of its date, and the information contained in this Official Statement is subject to change. Copies of documents referred to in this Official Statement and information concerning the Bonds are available from the District from the Superintendent's Office at 22000 Nevada Street, San Joaquin, California 93660, Telephone: (559) 210-5801. The District may impose a charge for copying, mailing and handling.

This Official Statement is not to be construed as a contract with the purchasers of the Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact. The summaries and references to documents, statutes and constitutional provisions referred to herein do not purport to be comprehensive or definitive, and are qualified in their entirety by reference to each of such documents, statutes and constitutional provisions.

Certain of the information set forth herein has been obtained from official sources which are believed to be reliable but it is not guaranteed as to accuracy or completeness, and is not to be construed as a representation by the District. The information and expressions of opinions herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

THE REFINANCING PLAN

As described herein, the net proceeds of the Bonds will be used to refund certain maturities of the District’s outstanding general obligation bonds on a current basis, being certain maturities of the following bonds:

- General Obligation Bonds, 2014 Election, Series A issued on November 19, 2015 in the original denominational amount of \$7,000,000 (the “**Prior Bonds**”).

The Prior Bonds are subject to optional redemption by the District on any date on or after August 1, 2025. The following table identifies the maturities and other details of the Prior Bonds expected to be refunded with the proceeds of the Bonds (the “**Refunded Bonds**”).

**Preliminary; subject to change.*

† CUSIP Copyright American Bankers Association. CUSIP data herein is provided by FactSet Research Systems Inc. Neither the District nor the Underwriter is responsible for the accuracy of such data.

T: Term Bond.

The District will deliver the net proceeds of the Bonds to U.S. Bank Trust Company, National Association, as escrow bank (the “**Escrow Agent**”), for deposit in an escrow fund (the “**Escrow Fund**”) established under an Escrow Agreement (the “**Escrow Agreement**”), between the District and the Escrow Agent. The Escrow Agent will hold such funds in cash and/or invest such funds in certain United States Treasury notes, bonds, bills or certificates of indebtedness, or obligations issued by any agency or department of the United States which are secured, directly or indirectly, by the full faith and credit of the United States (“**Escrow Fund Securities**”) and will apply such funds, together with interest earnings on the investment of such funds in Escrow Fund Securities, to pay the accreted value of the Refunded Bonds, including the redemption price of the Refunded Bonds, as set forth above, on the redemption date identified above.

Sufficiency of the deposits in the Escrow Fund for the foregoing purposes will be verified by Causey Public Finance, LLC, Denver, Colorado (the “**Verification Agent**”). See “**VERIFICATION OF MATHEMATICAL ACCURACY**” herein. As a result of the deposit of funds with the Escrow Agent on the date of issuance of the Bonds, the Refunded Bonds will be legally

defeased and will be payable solely from amounts held for that purpose under the Escrow Agreement, and will cease to be payable from or secured by *ad valorem* property taxes levied in the District.

The Escrow Fund Securities and cash held by the Escrow Agent in the Escrow Fund are pledged solely to the payment of the Refunded Bonds, and will not be available for the payment of debt service with respect to the Bonds.

SOURCES AND USES OF FUNDS

The estimated sources and uses of funds with respect to the Bonds are as follows:

GOLDEN PLAINS UNIFIED SCHOOL DISTRICT Sources and Uses

Sources of Funds

Principal Amount of Bonds

(1) Estimated costs of issuance include, but are not limited to, Underwriter's discount, printing costs, and fees of Bond Counsel, Disclosure Counsel, Municipal Advisor, Paying Agent, Verification Agent, bond insurance premium (if any) and the rating agency.

See "APPLICATION OF PROCEEDS OF BONDS" herein.

THE BONDS

Authority for Issuance

The Bonds will be issued under the Bond Law and the Bond Resolution.

Description of the Bonds

The Bonds mature in the years and in the amounts and bear interest at the rates per annum all as set forth on the inside cover page hereof. Interest on the Bonds will be computed based on a 360-day year of twelve 30-day months. The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co. as nominee for DTC. Purchasers will not receive physical certificates representing their interest in the Bonds. See “Book-Entry Only System” below and “APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

The Bonds will be issued in the denomination of \$5,000 principal amount each or any integral multiple thereof. Interest on the Bonds is payable semiannually on each February 1 and August 1, commencing August 1, 2026 (each, an “**Interest Payment Date**”). Each Bond will bear interest from the Interest Payment Date next preceding the date of registration and authentication thereof unless (i) it is authenticated as of an Interest Payment Date, in which event it will bear interest from such date, or (ii) it is authenticated prior to an Interest Payment Date and after the close of business on the 15th calendar day of the month preceding the Interest Payment Date (each, a “**Record Date**”), in which event it will bear interest from such Interest Payment Date, or (iii) it is authenticated prior to July 15, 2026, in which event it will bear interest from the date of delivery thereof identified on the cover page. Notwithstanding the foregoing, if interest on any Bond is in default at the time of authentication thereof, such Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon. Payments of principal of and interest on the Bonds will be paid by the Paying Agent to DTC for subsequent disbursement to DTC participants who will remit such payments to the beneficial owners of the Bonds.

See the maturity schedule on the inside cover page of this Official Statement and “DEBT SERVICE SCHEDULES” herein.

Book-Entry Only System

The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company (“**DTC**”). Purchasers of the Bonds (the “**Beneficial Owners**”) will not receive physical certificates representing their interest in the Bonds. Payments of principal of and interest on the Bonds will be paid by U.S. Bank Trust Company, National Association (the “**Paying Agent**”) to DTC for subsequent disbursement to DTC participants which will remit such payments to the Beneficial Owners of the Bonds.

As long as DTC’s book-entry method is used for the Bonds, the Paying Agent will send any notice of prepayment or other notices to owners only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the prepayment of the Bonds called for prepayment or of any other action premised on such notice. See “APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

The Paying Agent, the District, and the Underwriter of the Bonds have no responsibility or liability for payments made on account of beneficial ownership or any aspects of the records relating thereto, or for maintaining, supervising or reviewing any records relating to beneficial ownership, of interests in the Bonds.

Redemption*

Optional Redemption. The Bonds maturing on or before August 1, 20___, are not subject to redemption prior to their respective stated maturities. The Bonds maturing on or after August 1, 20___, are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as designated by the District and by lot within a maturity, from any available source of funds, on August 1, 20___, and on any date thereafter. The redemption price for any Bond shall be equal to the principal amount thereof to be redeemed, together with accrued interest thereon to the redemption date, without premium.

Mandatory Sinking Fund Redemption. The Bonds maturing on August 1, 20__ are term bonds (“**Term Bonds**”) which are subject to mandatory sinking fund redemption on August 1 in each of the years and in the respective principal amounts as set forth in the following table, at a redemption price equal to 100% of the principal amount thereof to be redeemed (without premium), together with interest accrued thereon to the date fixed for redemption:

Mandatory Sinking Fund Redemption Date (August 1)	Principal Amount To be Redeemed
--	--

If some but not all of the Term Bonds have been redeemed pursuant to optional redemption, the aggregate principal amount of such Term Bonds to be redeemed in each year pursuant to mandatory sinking fund redemption will be reduced in integral multiples of \$5,000, as designated in a Written Request of the District filed with the Paying Agent.

Selection of Bonds for Redemption. Whenever less than all of the Outstanding Bonds of any one maturity are designated for redemption, the Paying Agent will select the outstanding Bonds of such maturity to be redeemed by lot in any manner deemed fair by the Paying Agent. For purposes of such selection, each Bond will be deemed to consist of individual Bonds of \$5,000 denominations each, which may be separately redeemed.

Notice of Redemption. The Paying Agent will cause notice of any redemption to be mailed, by first class mail, postage prepaid, at least 20 days but not more than 60 days prior to the date fixed for redemption, to the respective Owners of any Bonds designated for redemption, at their addresses appearing on the Registration Books; but such mailing will not be a condition precedent to such redemption and failure to mail or to receive any such notice will not affect the validity of the proceedings for the redemption of such Bonds. In addition, the Paying Agent will give notice of redemption by telecopy or certified, registered or overnight mail to each of the Securities Depositories and the Municipal Securities Rulemaking Board at least two days prior to such mailing to the Owners of the Bonds.

*Preliminary; subject to change.

The redemption notice will state the redemption date and the redemption price and, if less than all of the then outstanding Bonds are to be called for redemption, shall designate the serial numbers of the Bonds to be redeemed by giving the individual number of each Bond or by stating that all Bonds between two stated numbers, both inclusive, or by stating that all of the Bonds of one or more maturities have been called for redemption, and shall require that such Bonds be then surrendered at the Principal Office of the Paying Agent for redemption at the said redemption price, giving notice also that further interest on such Bonds will not accrue from and after the redemption date.

Partial Redemption. Upon surrender of Bonds redeemed in part only, the District will execute and the Paying Agent will authenticate and deliver to the owner, at the expense of the District, a new Bond or Bonds, of the same maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the Bond or Bonds.

Effect of Redemption. From and after the date fixed for redemption, if notice of such redemption has been duly given and funds available for the payment of the principal of and interest on the Bonds so called for redemption have been duly provided, such Bonds so called will cease to be entitled to any benefit under the Bond Resolution, other than the right to receive payment of the redemption price, and no interest will accrue thereon on or after the redemption date specified in such notice.

Right to Rescind Notice of Redemption. The District has the right to rescind any notice of the optional redemption of Bonds by written notice to the Paying Agent on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption. The District and the Paying Agent shall have no liability to the Bond owners or any other party related to or arising from such rescission of redemption. The Paying Agent shall mail notice of such rescission of redemption in the same manner as the original notice of redemption was sent, except that the time period for giving the original notice of redemption shall not apply to any notice of rescission thereof.

Notwithstanding the foregoing, so long as the Bonds are held in the book-entry system, the procedures provided therein shall govern the procedures for giving notice of redemption of the Bonds, to the extent the foregoing provisions are in conflict or inconsistent.

Registration, Transfer and Exchange of Bonds

If the book entry system is discontinued, the District will cause the Paying Agent to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds.

If the book entry system is discontinued, the person in whose name a Bond is registered on the Bond Register will be regarded as the absolute owner of that Bond. Payment of the principal of and interest on any Bond will be made only to or upon the order of that person; neither the District, the County nor the Paying Agent will be affected by any notice to the contrary, but the registration may be changed as provided in the Bond Resolution.

Bonds may be exchanged at the principal corporate trust office of the Paying Agent in Dallas, Texas (or at such other office as is designated by the Paying Agent) for a like aggregate principal amount of Bonds of authorized denominations and of the same maturity and series. Any

Bond may, in accordance with its terms, but only if (i) the District determines to no longer maintain the book entry only status of the Bonds, (ii) DTC determines to discontinue providing such services and no successor securities depository is named or (iii) DTC requests the District to deliver Bond certificates to particular DTC participants, be transferred, upon the books required to be kept pursuant to the provisions of the Bond Resolution, by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Paying Agent, accompanied by delivery of a written instrument of transfer in a form approved by the Paying Agent, duly executed.

Defeasance

The Bonds may be paid by the District, in whole or in part, in any one or more of the following ways:

- (a) by paying or causing to be paid the principal of and interest on such Bonds, as and when the same become due and payable;
- (b) by irrevocably depositing, in trust, at or before maturity, money or securities in the necessary amount (as provided in the Bond Resolution) to pay such Bonds; or
- (c) by delivering such Bonds to the Paying Agent for cancellation by it.

Whenever in the Bond Resolution it is provided or permitted that there be deposited with or held in trust by the Paying Agent money or securities in the necessary amount to pay or redeem any Bonds, the money or securities so to be deposited or held may be held by the Paying Agent or by any other fiduciary. Such money or securities may include money or securities held by the Paying Agent in the funds and accounts established under the Bond Resolution and will be:

- (i) lawful money of the United States of America in an amount equal to the principal amount of such Bonds and all unpaid interest thereon to maturity, except that, in the case of Bonds which are to be redeemed prior to maturity and in respect of which notice of such redemption is given as provided in the Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice, the amount to be deposited or held will be the principal amount or redemption price of such Bonds and all unpaid interest thereon to the redemption date; or
- (ii) Federal Securities (not callable by the issuer thereof prior to maturity) the principal of and interest on which when due, in the opinion of a certified public accountant delivered to the District, will provide money sufficient to pay the principal or redemption price of and all unpaid interest to maturity, or to the redemption date, as the case may be, on the Bonds to be paid or redeemed, as such principal or redemption price and interest become due, provided that, in the case of Bonds which are to be redeemed prior to the maturity thereof, notice of such redemption has been given as provided in the Bond Resolution or provision satisfactory to the Paying Agent has been made for the giving of such notice.

Upon the deposit, in trust, at or before maturity, of money or securities in the necessary amount (as described above) to pay or redeem any outstanding Bond (whether upon or prior to

its maturity or the redemption date of such Bond), then all liability of the County and the District in respect of such Bond will cease and be completely discharged, except only that thereafter the owner thereof will be entitled only to payment of the principal of and interest on such Bond by the District, and the District will remain liable for such payment, but only out of such money or securities deposited with the Paying Agent for such payment.

As defined in the Bond Resolution, the term “**Federal Securities**” means (a) any direct general non-callable obligations of the United States of America, including obligations issued or held in book entry form on the books of the Department of the Treasury of the United States of America; (b) any obligations the timely payment of principal of and interest on which are directly or indirectly guaranteed by the United States of America or which are secured by obligations described in the preceding clause (a); (c) the interest component of Resolution Funding Corporation strips which have been stripped by request to the Federal Reserve Bank of New York in book-entry form; and (d) bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by any of the following federal agencies: (i) direct obligations or fully guaranteed certificates of beneficial ownership of the U.S. Export-Import Bank; (ii) certificates of beneficial ownership of the Farmers Home Administration; (iii) participation certificates of the General Services Administration; (iv) Federal Financing Bank bonds and debentures; (v) guaranteed Title XI financings of the U.S. Maritime Administration; (vi) project notes, local authority bonds, new communities debentures and U.S. public housing notes and bonds of the U.S. Department of Housing and Urban Development; and (vii) obligations of the Federal Home Loan Bank (FHLB).

*For purposes of Preliminary Official Statement, includes debt service due on the Refunded Bonds.

SECURITY FOR THE BONDS

Ad Valorem Taxes

Bonds Payable from Ad Valorem Property Taxes. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes levied on taxable property in the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* property taxes for the payment by the District of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates).

Other Bonds Payable from Ad Valorem Property Taxes. The District has a number of general obligation bond issues outstanding which are payable from *ad valorem* property taxes on a parity basis. In addition to the general obligation bonds issued by the District, there is other debt issued by entities with jurisdiction in the District, which is payable from *ad valorem* property taxes levied on parcels in the District. See "PROPERTY TAXATION – Tax Rates" and "- Direct and Overlapping Debt" below.

Levy and Collection. The County will levy and collect such *ad valorem* property taxes in such amounts and at such times as is necessary to ensure the timely payment by the District of debt service. Such taxes, when collected, will be deposited into a debt service fund for the Bonds, which is maintained by the County and which is irrevocably pledged by the District for the payment by it of principal of and interest on the Bonds when due.

District property taxes are assessed and collected by the County in the same manner and at the same time, and in the same installments as other *ad valorem* taxes on real property, and will have the same priority, become delinquent at the same times and in the same proportionate amounts, and bear the same proportionate penalties and interest after delinquency, as do the other *ad valorem* taxes on real property.

Statutory Lien on Ad Valorem Tax Revenues. Pursuant to Senate Bill 222 effective January 1, 2016, voter approved general obligation bonds which are secured by *ad valorem* tax collections, including the Bonds, are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien attaches automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the District, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act.

Annual Tax Rates. The amount of the annual *ad valorem* tax levied by the County for the District to repay the Bonds will be determined by the relationship between the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds. Fluctuations in the annual debt service on the Bonds and the assessed value of taxable property in the District will cause the corresponding annual tax rate to fluctuate.

Economic and other factors beyond the District's control, such as economic recession, pandemic, deflation of property values, a relocation out of the District or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire including wildfire, drought, mudslides or other natural and unpredictable disasters, could cause a reduction in the assessed value within the District and necessitate a corresponding increase in the annual tax

rate. See “PROPERTY TAXATION – Assessed Valuations – Factors and Risks Relating to Increases/Decreases in Assessed Value” and “PROPERTY TAXATION – Reassessments and Appeals of Assessed Values” below.

Debt Service Fund

Pursuant to the Bond Resolution, the County will establish a debt service fund (the “**Debt Service Fund**”) for the Bonds, which will be established as a separate fund to be maintained distinct from all other funds of the County. All taxes levied by the County for the payment by the District of the principal of and interest and premium (if any) on the Bonds will be deposited in the Debt Service Fund by the County promptly upon its receipt. Pursuant to the Bond Resolution, the Debt Service Fund is pledged and subject to a lien on and security interest for the payment of the principal of and interest on the Bonds when and as the same become due and payable. The Bonds are also secured by a statutory lien on all revenues received pursuant to the levy and collection of the voter-approved tax for the Bonds. See above text under the heading “-Statutory Lien on Ad Valorem Tax Revenues.”

The County will transfer amounts in the Debt Service Fund to the Paying Agent to the extent necessary to enable the District to pay the principal of and interest and premium (if any) on the Bonds as the same becomes due and payable.

Any moneys remaining in the Debt Service Fund after the Bonds and the interest thereon have been paid, or provision for such payment has been made, may be transferred to the General Fund of the District, as provided in Section 15234 of the Education Code. See also “APPLICATION OF PROCEEDS OF THE BONDS” herein.

Not a County Obligation

No part of any fund or account of the County is pledged or obligated to the payment of the Bonds. The Bonds are payable solely from the proceeds of an *ad valorem* property tax levied and collected by the County, for the payment by the District of principal of and interest on the Bonds. Although the County is obligated to collect the *ad valorem* property tax for the payment of the Bonds, the Bonds are not a debt (or a pledge of the full faith and credit) of the County.

PROPERTY TAXATION

Property Tax Collection Procedures

Generally. In California, property which is subject to *ad valorem* taxes is classified as “secured” or “unsecured.” The “secured roll” is that part of the assessment roll containing (1) state assessed public utilities’ property and (2) property the taxes on which are a lien on real property sufficient, in the opinion of the county assessor, to secure payment of the taxes. A tax levied on unsecured property does not become a lien against such unsecured property, but may become a lien on certain other property owned by the taxpayer. Every tax which becomes a lien on secured property has priority over all other liens arising pursuant to State law on such secured property, regardless of the time of the creation of the other liens. Secured and unsecured property are entered separately on the assessment roll maintained by the county assessor. The method of collecting delinquent taxes is substantially different for the two classifications of property.

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year. If unpaid, such taxes become delinquent after December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. In addition, property on the secured roll with respect to which taxes are delinquent is declared tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and a delinquency penalty, plus a redemption penalty of 1-1/2% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property is subject to sale by the county in which the property is located.

Property taxes are levied for each fiscal year on taxable real and personal property situated in the taxing jurisdiction as of the preceding January 1. A bill enacted in 1983, Senate Bill 813 (Statutes of 1983, Chapter 498), however, provided for the supplemental assessment and taxation of property as of the occurrence of a change of ownership or completion of new construction. Thus, this legislation eliminated delays in the realization of increased property taxes from new assessments. As amended, Senate Bill 813 provided increased revenue to taxing jurisdictions to the extent that supplemental assessments of new construction or changes of ownership occur subsequent to the January 1 lien date and result in increased assessed value.

Property taxes on the unsecured roll are due on the January 1 lien date and become delinquent, if unpaid on the following August 31. A 10% penalty is also attached to delinquent taxes in respect of property on the unsecured roll, and further, an additional penalty of 1-1/2% per month accrues with respect to such taxes beginning the first day of the third month following the delinquency date. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the county clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the county recorder’s office, in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee. The exclusive means of enforcing the payment of delinquent taxes in respect of property on the secured roll is the sale of the property securing the taxes for the amount of taxes which are delinquent.

Disclaimer Regarding Property Tax Collection Procedures. The property tax collection procedures described above are subject to amendment based on legislation or executive order which may be enacted by the State legislature or declared by the Governor from time to time. The District cannot predict whether future amendments or orders will occur, and what impact, if

any, said future amendments or orders could have on the procedures relating to the levy and collection of property taxes, and related interest and penalties.

Taxation of State-Assessed Utility Property

The State Constitution provides that most classes of property owned or used by regulated utilities be assessed by the State Board of Equalization (“SBE”) and taxed locally. Property valued by the SBE as an operating unit in a primary function of the utility taxpayer is known as “unitary property,” a concept designed to permit assessment of the utility as a going concern rather than assessment of each individual element of real and personal property owned by the utility taxpayer. State-assessed unitary and “operating nonunitary” property (which excludes nonunitary property of regulated railways) is allocated to the counties based on the situs of the various components of the unitary property. Except for unitary property of regulated railways and certain other excepted property, all unitary and operating nonunitary property is taxed at special county-wide rates and tax proceeds are distributed to taxing jurisdictions according to statutory formulae generally based on the distribution of taxes in the prior year.

Assessed Valuation

Assessed Valuation History. The table below shows a recent history of the District’s assessed valuation as of the date the equalized assessment tax roll is established in August of each year, excluding any exemptions granted after such date in each year.

GOLDEN PLAINS UNIFIED SCHOOL DISTRICT Assessed Valuations of All Taxable Property Fiscal Years 2016-17 to 2025-26

Factors and Risks Relating to Increases/Decreases in Assessed Value. Economic Conditions; Natural or Manmade Disasters. As indicated in the previous table, assessed valuations are subject to change in each year. Increases or decreases in assessed valuation result from a variety of factors. These include and are not limited to general economic conditions, supply and demand for real property in the area, government regulations such as zoning, and man-made or natural disasters. The District cannot predict or make any representations regarding the effects that natural disasters which can include extreme weather, wildfires, flooding, drought and earthquakes, among others, or other conditions have or may have on the value of taxable property within the District, or to what extent the effects said disasters might have on economic activity in the District or throughout the State.

Wildfires. According to the State, fire season is starting earlier and ending later each year, with the increased length of the season corresponding to an increase in the extent of forest fires across the State. In addition to destroying land and structures, there have been human fatalities and negative impacts on air quality throughout the State. Fires in the State and neighboring states have threatened the region's power grids, making some power lines unreliable. The Governor has issued executive orders in the past suspending penalties, costs and interest on late property tax payments for properties impacted by wildfires. According to the California Department of Forestry and Fire Protection, the District a small portion of the District is located in a moderate Fire Hazard Severity Zone. The District cannot predict or make any representations regarding the effects that wildfires and related conditions have or may have on the District, or to what extent the effects said disasters might have on economic activity in the District or throughout the State.

Seismic Events. The District is located in a seismically active region. An earthquake of large magnitude could result in extensive damage to property within the District and could adversely affect the assessed valuation of property within the District, or more generally the region's economy.

Drought. The State has experienced drought conditions in recent years, including a period of drought followed by record-level precipitation, which resulted in related severe flooding and mudslides in certain regions. As of January 27, 2026, the U.S. Drought Monitor indicates that the State is classified as experiencing mostly no drought conditions. During 2021, the Governor of the State proclaimed a drought state of emergency for all counties in the State, culminating with an October 19, 2021, proclamation, urging Californians to step up their water conservation efforts.

In January 2022, the State Water Board adopted emergency regulations aimed at saving water and raising drought awareness, with prohibitions focused on reducing outdoor water use, enforceable by local agencies and the State Water Board, generally with warning letters, mandatory water use audits, and fines. Local agencies can impose and enforce their own drought conservation rules.

Climate Change. In addition to the events described above, climate change caused by human activities may have adverse effects on the assessed value of property within the District. As greenhouse gas emissions continue to accumulate in the atmosphere as a result of economic activity, many scientists expect that climate change will intensify, increasing the frequency, severity and timing of extreme weather events such as coastal storm surges, drought, wildfires, floods, heat waves, and rising sea levels. Projections of the impact of global climate change are complex and depend on a variety of factors outside of the District's control. The various scientific studies that forecast the amount and timing of adverse impacts of climate change are based on assumptions contained in such studies, but actual events may vary materially. In addition, the scientific understanding of climate change and its effects continues to evolve. Accordingly, the District is unable to forecast with certainty when or if adverse impacts of climate change will occur or the extent of such impacts.

Public Health Emergencies. In recent years, public health authorities have warned of threats posed by outbreaks of disease and other public health threats. On February 11, 2020, the World Health Organization announced the official name for the outbreak of the disease known as COVID-19 ("**COVID-19**"), an upper respiratory tract illness, that spread across the globe. The ultimate impact of COVID-19 on the District's operations and finances and the economy, real estate market, development within the District and tax collections may not be fully known, and it may be some time before the full adverse impact of the COVID-19 outbreak is known. Further, there could be future COVID-19 outbreaks or other public health emergencies that could have

material adverse effects on the District’s operations and finances. In addition, the District cannot predict whether future pandemics will occur and whether any such pandemics may impact its finances or operations. As of this date, several vaccines have been provided approval by federal health authorities and are widely available, and both the national emergency and state of emergency have officially ended, and the World Health Organization declared an end to the COVID-19 global health emergency. Future Conditions and Disasters Cannot be Predicted. The District cannot predict or make any representations regarding the effects that any natural or manmade disasters, including health disasters, and the effects of climate change, and related conditions have or may have on the value of taxable property within the District, or to what extent the effects said disasters might have on economic activity in the District or throughout the State.

For a description of the assessed value appeal process in the State and related legislation, see also “-Reassessments and Appeals of Assessed Values” below.

Assessed Valuation by Jurisdiction

Reassessments and Appeals of Assessed Value

Reassessment or appeals of assessed values could result in reductions in the District's total assessed value and as such, adversely impact the amount of property tax revenues generated within the District, and increase tax rates for property taxes securing general obligation bond indebtedness.

Appeals of assessed values may be based on Proposition 8 of November 1978, which requires that for each January 1 lien date, the taxable value of real property must be the lesser of its base year value, annually adjusted by the inflation factor pursuant to Article XIII A of the State Constitution, or its full cash value, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property or other factors causing a decline in value. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the California Constitution" in APPENDIX A.

Under California law, property owners may apply for a Proposition 8 reduction of their property tax assessment by filing a written application, in form prescribed by the State Board of Equalization, with the County board of equalization or assessment appeals board. In most cases, the appeal is filed because the applicant believes that present market conditions (such as residential home prices) cause the property to be worth less than its current assessed value. Proposition 8 reductions may also be unilaterally applied by the County Assessor.

Any reduction in the assessment ultimately granted as a result of such appeal applies to the year for which application is made and during which the written application was filed. These reductions are subject to yearly reappraisals and are adjusted back to their original values when market conditions improve. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIII A.

A second type of assessment appeal involves a challenge to the base year value of an assessed property. Appeals for reduction in the base year value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

The District cannot predict the changes in assessed values that might result from pending or future appeals by taxpayers, or blanket reassessments initiated by the County Assessor. See above disclosure under the heading “-Factors and Risks Relating to Increases/Decreases in Assessed Value.” Any reduction in aggregate District assessed valuation due to appeals, as with any reduction in assessed valuation due to other causes, will cause the tax rate levied to repay the Bonds to increase accordingly, so that the fixed debt service on the Bonds (and other outstanding general obligation bonds) may be paid.

Tax Rates

Below are historical typical tax rates in a typical tax rate area (“TRA”) within the District in recent years.

GOLDEN PLAINS UNIFIED SCHOOL DISTRICT
Typical Total Tax Rate per \$100 of Assessed Valuation
Fiscal Years 2021-22 through 2025-26

Teeter Plan; Property Tax Collections

The Board of Supervisors of the County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “**Teeter Plan**”), as provided for in Section 4701 *et seq.* of the California Revenue and Taxation Code. Under the Teeter Plan, each entity levying property taxes in the County may draw on the amount of uncollected secured taxes credited to its fund, in the same manner as if the amount credited had been collected. The District participates in the Teeter Plan, and thus receives 100% of secured property taxes levied in exchange for foregoing any interest and penalties collected on delinquent taxes.

So long as the Teeter Plan remains in effect, the District’s receipt of revenues with respect to the levy of *ad valorem* property taxes will not be dependent upon actual collections of the *ad valorem* property taxes by the County. However, under the statute creating the Teeter Plan, the Board of Supervisors can under certain circumstances terminate the Teeter Plan in part or in its entirety with respect to the entire County and, in addition, the Board of Supervisors can terminate the Teeter Plan with respect to the District if the delinquency rate for all *ad valorem* property taxes levied within the District in any year exceeds 3%. In the event that the Teeter Plan were terminated, the amount of the levy of *ad valorem* property taxes in the District would depend upon the collections of the *ad valorem* property taxes and delinquency rates experienced with respect to the parcels within the District.

The current practice of the County under the Teeter Plan is to pay the District 100% of the *ad valorem* taxes payable annually to the District in connection with general obligation bond indebtedness and to retain any penalties or delinquencies collected to offset such gross payment. However, the District cannot predict the impact, if any, that changes or modifications to property tax collection procedures might have on the County’s Teeter Plan.

Finally, the ability of the County to maintain the Teeter Plan may depend on its financial resources and may be affected by future property tax delinquencies. Property tax delinquencies may be impacted by economic and other factors beyond the District’s or the County’s control, including the ability or willingness of property owners to pay property taxes during an economic recession or depression. An economic recession or depression could be caused by many factors outside the control of the District, including high interest rates, reduced consumer confidence, reduced real wages or reduced economic activity as a result of the spread of COVID-19 or other outbreak of disease or natural or manmade disaster.

Notwithstanding the District’s participation in the Teeter Plan, below is a summary of recent secured tax charges and delinquencies in the District.

GOLDEN PLAINS UNIFIED SCHOOL DISTRICT
Secured Tax Charges and Delinquencies⁽¹⁾
Fiscal Years 2019-20 through 2024-25

Fiscal Year	Secured Tax Charge	Amt. Del. June 30	% Del. June 30
2019-20	\$15,154,752.16	\$331,784.56	2.19%

Major Taxpayers

The following table shows the 20 largest secured property taxpayers in the District as determined by local secured assessed valuation.

The more property (by assessed value) which is owned by a single taxpayer in the District, the greater the amount of tax collections that are exposed to weaknesses in the taxpayer's financial situation and ability or willingness to pay property taxes. Each taxpayer listed below is a unique name listed on the tax rolls. The District cannot determine from County assessment records whether individual persons, corporations or other organizations are liable for tax payments with respect to multiple properties held in various names that in aggregate may be larger than is suggested by the table below.

Direct and Overlapping Debt

Set forth below is a direct and overlapping debt report (the “**Debt Report**”) prepared by California Municipal Statistics, Inc. The Debt Report is included for general information purposes only. Neither the District nor the Underwriter have reviewed the Debt Report for completeness or accuracy and neither makes any representation in connection therewith.

The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District in whole or in part. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

BOND INSURANCE

The following information has been furnished by the Bond Insurer for use in this Official Statement. No representation is made as to the accuracy or completeness of this information, or the absence of material adverse changes therein at any time subsequent to the date hereof. Reference is made to APPENDIX H for a specimen of the Policy.

Bond Insurance Policy

Concurrently with the issuance of the Bonds, Assured Guaranty Inc. (“**AG**”) will issue its Municipal Bond Insurance Policy (the “**Policy**”) for the Bonds. The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as an appendix to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, Maryland, California, Connecticut or Florida insurance law.

Assured Guaranty Inc.

AG is a Maryland domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. (“**AGL**” and together with its subsidiaries, “**Assured Guaranty**”), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol “AGO.” AGL, through its subsidiaries, provides credit enhancement products to the U.S. and non-U.S. public finance (including infrastructure) and structured finance markets and participates in the asset management business through ownership interests in Sound Point Capital Management, LP and certain of its investment management affiliates. Only AG is obligated to pay claims under the insurance policies AG has issued, and not AGL or any of its shareholders or other affiliates.

AG’s financial strength is rated “AA” (stable outlook) by S&P Global Ratings, a business unit of Standard & Poor’s Financial Services LLC (“**S&P**”), “AA+” (stable outlook) by Kroll Bond Rating Agency, Inc. (“**KBRA**”) and “A1” (stable outlook) by Moody’s Investors Service, Inc. (“**Moody’s**”). Each rating of AG should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AG in its sole discretion. In addition, the rating agencies may at any time change AG’s long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AG. AG only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AG on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Merger of Assured Guaranty Municipal Corp. Into Assured Guaranty Inc.

On August 1, 2024, Assured Guaranty Municipal Corp., a New York domiciled financial guaranty insurance company and an affiliate of AG (“AGM”), merged with and into AG, with AG as the surviving company (such transaction, the “Merger”). Upon the Merger, all liabilities of AGM, including insurance policies issued or assumed by AGM, became obligations of AG.

Current Financial Strength Ratings

On August 4, 2025, KBRA announced that it had affirmed AG’s insurance financial strength rating of “AA+” (stable outlook).

On June 30, 2025, S&P announced that it had affirmed AG’s financial strength rating of “AA” (stable outlook).

On July 10, 2024, Moody’s, following Assured Guaranty’s announcement of the Merger, announced that it had affirmed AG’s insurance financial strength rating of “A1” (stable outlook).

AG can give no assurance as to any further ratings action that S&P, Moody’s and/or KBRA may take. For more information regarding AG’s financial strength ratings and the risks relating thereto, see AGL’s Annual Report on Form 10-K for the fiscal year ended December 31, 2024.

Capitalization of AG

At September 30, 2025:

- The policyholders’ surplus of AG was approximately \$3,268 million.
- The contingency reserve of AG was approximately \$1,481 million.
- The net unearned premium reserves and net deferred ceding commission income of AG and its subsidiaries (as described below) were approximately \$2,431 million. Such amount includes (i) 100% of the net unearned premium reserve and net deferred ceding commission income of AG and (ii) the net unearned premium reserves and net deferred ceding commissions of AG’s wholly owned subsidiary Assured Guaranty UK Limited (“AGUK”), and its 99.9999% owned subsidiary Assured Guaranty (Europe) SA (“AGE”).

The policyholders’ surplus, contingency reserve, and net unearned premium reserves and net deferred ceding commission income of AG were determined in accordance with statutory accounting principles. The net unearned premium reserves and net deferred ceding commissions of AGUK and AGE were determined in accordance with accounting principles generally accepted in the United States of America.

Incorporation of Certain Documents by Reference

Portions of the following documents filed by AGL with the Securities and Exchange Commission (the “SEC”) that relate to AG are incorporated by reference into this Official Statement and shall be deemed to be a part hereof:

- (i) the Annual Report on Form 10-K for the fiscal year ended December 31, 2024 (filed by AGL with the SEC on February 28, 2025);
- (ii) the Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2025 (filed by AGL with the SEC on May 9, 2025);
- (iii) the Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2025 (filed by AGL with the SEC on August 8, 2025); and
- (iv) the Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2025 (filed by AGL with the SEC on November 7, 2025).

All information relating to AG included in, or as exhibits to, documents filed by AGL with the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, excluding Current Reports or portions thereof “furnished” under Item 2.02 or Item 7.01 of Form 8-K, after the filing of the last document referred to above and before the termination of the offering of the Bonds shall be deemed incorporated by reference into this Official Statement and to be a part hereof from the respective dates of filing such documents. Copies of materials incorporated by reference are available over the internet at the SEC’s website at <http://www.sec.gov>, at AGL’s website at <http://www.assuredguaranty.com>, or will be provided upon request to Assured Guaranty Inc.: 1633 Broadway, New York, New York 10019, Attention: Communications Department (telephone (212) 974-0100). Except for the information referred to above, no information available on or through AGL’s website shall be deemed to be part of or incorporated in this Official Statement.

Any information regarding AG included herein under the caption “BOND INSURANCE – Assured Guaranty Inc.” or included in a document incorporated by reference herein (collectively, the “AG Information”) shall be modified or superseded to the extent that any subsequently included AG Information (either directly or through incorporation by reference) modifies or supersedes such previously included AG Information. Any AG Information so modified or superseded shall not constitute a part of this Official Statement, except as so modified or superseded.

Miscellaneous Matters

AG makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AG has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AG supplied by AG and presented under the heading “BOND INSURANCE”.

TAX MATTERS

Tax Exemption

Federal Tax Status. In the opinion of Jones Hall LLP, San Mateo, California, Bond Counsel, subject, however to the qualifications set forth below, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax.

The opinions set forth in the preceding paragraph are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended (the "**Tax Code**") that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

Tax Treatment of Original Issue Discount and Premium. If the initial offering price to the public at which a Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes "original issue discount" for purposes of federal income taxes and State of California personal income taxes. If the initial offering price to the public at which a Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes "original issue premium" for purposes of federal income taxes and State of California personal income taxes. *De minimis* original issue discount and original issue premium are disregarded.

Under the Tax Code, original issue discount is treated as interest excluded from federal gross income and exempt from State of California personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such Bonds to determine taxable gain upon disposition (including sale, redemption (if applicable), or payment on maturity) of such Bond. The Tax Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the Bonds who purchase the Bonds after the initial offering of a substantial amount of such maturity. Owners of such Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Under the Tax Code, original issue premium is amortized on an annual basis over the term of the Bond (said term being the shorter of the Bond's maturity date or its call date). The amount of original issue premium amortized each year reduces the adjusted basis of the owner of the Bond for purposes of determining taxable gain or loss upon disposition. The amount of original issue premium on a Bond is amortized each year over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). Amortized Bond premium is not deductible for federal income tax purposes. Owners of premium Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to

State of California personal income tax and federal income tax consequences of owning such Bonds.

California Tax Status. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes.

Other Tax Considerations

Current and future legislative proposals, if enacted into law, clarification of the Tax Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Tax Code or court decisions may also affect the market price for, or marketability of, the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, such legislation would apply to bonds issued prior to enactment.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of such opinion, and Bond Counsel has expressed no opinion with respect to any proposed legislation or as to the tax treatment of interest on the Bonds, or as to the consequences of owning or receiving interest on the Bonds, as of any future date. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Owners of the Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may have federal or state tax consequences other than as described above. Other than as expressly described above, Bond Counsel expresses no opinion regarding other federal or state tax consequences arising with respect to the Bonds, the ownership, sale or disposition of the Bonds, or the amount, accrual or receipt of interest on the Bonds.

Form of Opinion

A copy of the proposed form of opinion of Bond Counsel is attached hereto as APPENDIX D.

CERTAIN LEGAL MATTERS

Absence of Material Litigation

Absence of Pending or Threatened Litigation Relating to the Bonds. No litigation is pending or threatened, nor is any audit or investigation premised on any assertion, concerning or contesting the validity of the Bonds or the District's ability to receive *ad valorem* property taxes and to collect other revenues, or contesting the District's ability to issue and retire the Bonds. The District is not aware of any litigation pending or threatened, nor is any audit or investigation premised on any assertion, questioning the political existence of the District or contesting the title to their offices of District officers who will execute the Bonds or District officials who will sign certifications relating to the Bonds, or the powers of those offices. A certificate (or certificates) to that effect will be furnished to the Underwriter (defined herein) at the time of the original delivery of the Bonds.

Absence of Material Litigation. The District is subject to lawsuits and claims that arise in the regular course of operating a public school district. In the opinion of the District, the aggregate amount of uninsured liabilities of the District, if any, under existing lawsuits and claims will not materially affect the financial position or operations of the District. The District maintains property and liability coverage and workers' compensation coverage to minimize its exposure to financial risks. For more information on the District's insurance coverages, see APPENDIX A under the heading "DISTRICT GENERAL INFORMATION – Joint Powers Agreement and Joint Ventures; Risk Management; Insurance."

Legality for Investment

Under provisions of the California Financial Code, the Bonds are legal investments for commercial banks in California to the extent that the Bonds, in the informed opinion of the bank, are prudent for the investment of funds of depositors, and under provisions of the California Government Code, the Bonds are eligible to secure deposits of public moneys in California.

Compensation of Certain Professionals

Payment of the fees and expenses of Jones Hall LLP, San Mateo, California as Bond Counsel and Disclosure Counsel to the District, Aparicio Law, Pasadena, California, as Underwriter's Counsel, and Keygent LLC, El Segundo, California as Municipal Advisor to the District, is contingent upon issuance of the Bonds.

CYBER RISKS

The District, like other public and private entities, relies on computer and other digital networks and systems to conduct its operations. As a recipient and provider of personal, private or other electronic sensitive information, the District may be the subject of cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized remote access to the District's systems for the purposes of misappropriating assets or information or causing operational disruption or damage, or demanding ransom for restored access to files or information. The District could also be targeted by cyber fraudsters, posing as legitimate vendors or other parties for the purposes of defrauding the District and realizing financial gain.

The District has not had a major cyber breach to its systems at any time in the preceding five year period. The District takes steps to minimize its exposure to cyber risks and other online fraud, including: routine upgrades to security software, implementing two-factor authentication, cloud-based servers and back ups, employee cyber awareness training, and including cyber coverage in its insurance policies. The District works closely with the staff at California Risk Management Authority to ensure these processes are routinely maintained and updated. Notwithstanding the foregoing, the District cannot predict what future cyber security events may occur and what impact said events could have on its operations or finances.

The District relies on other entities and service providers in the course of operating the District, including the County with respect to the levy and collection of *ad valorem* property taxes, as well as other trustees, fiscal agents and dissemination agents. No assurance can be given that future cyber threats and attacks against other third party entities or service providers will not impact the District and the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the Continuing Disclosure Certificate.

CONTINUING DISCLOSURE

The District will execute a Continuing Disclosure Certificate in connection with the issuance of the Bonds in the form attached hereto as APPENDIX E. The District has covenanted therein, for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the District to the Municipal Securities Rulemaking Board (an “**Annual Report**”) not later than nine months after the end of the District’s fiscal year (which currently would be March 31), commencing by March 31, 2027 with the report for the 2025-26 Fiscal Year, and to provide notices of the occurrence of certain enumerated events. Such notices will be filed by the District with the Municipal Securities Rulemaking Board (the “**MSRB**”). The specific nature of the information to be contained in an Annual Report or the notices of enumerated events is set forth in “APPENDIX E - FORM OF CONTINUING DISCLOSURE CERTIFICATE.” These covenants have been made in order to assist the Underwriter of the Bonds in complying with S.E.C. Rule 15c2-12(b)(5) (the “**Rule**”).

The District has existing disclosure undertakings that have been made pursuant to the Rule in connection with the issuance of its outstanding debt. A review has been made of the District’s undertakings and filings made in the previous five years and no instances of material non-compliance have been identified during said period.

In order to assist in future timely compliance with its disclosure undertakings for its outstanding obligations and the Bonds, the District has contracted with Keygent LLC to serve as dissemination agent for the Bonds and the outstanding obligations of the District.

Neither the County nor any other entity other than the District shall have any obligation or incur any liability whatsoever with respect to the performance of the District’s duties regarding continuing disclosure.

VERIFICATION OF MATHEMATICAL ACCURACY

The Verification Agent, upon delivery of the Bonds, will deliver a report of the mathematical accuracy of certain computations, contained in schedules provided to them on behalf of the District, relating to the sufficiency of the anticipated amount of proceeds of the Bonds and other funds available to pay, when due, the principal and interest requirements of the Refunded Bonds, respectively. See "THE REFINANCING PLAN."

The report of the Verification Agent will include the statement that the scope of their engagement is limited to verifying mathematical accuracy, of the computations contained in such schedules provided to them, and that they have no obligation to update their report because of events occurring, or data or information coming to their attention, subsequent to the date of their report.

RATINGS

S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("**S&P**"), is expected to assign its rating of "AA" to the Bonds, based on the understanding that the Bond Insurer will deliver its Policy with respect to the Bonds upon delivery. See "BOND INSURANCE."

In addition, S&P has assigned an underlying rating of "A" to the Bonds. The District has provided certain additional information and materials to S&P (some of which does not appear in this Official Statement to the extent deemed not material for investment purposes). Such ratings reflect only the view of S&P and an explanation of the significance of such ratings and outlook may be obtained only from S&P. There is no assurance that any credit rating given to the Bonds will be maintained for any period of time or that the ratings may not be lowered or withdrawn entirely by S&P if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds are being purchased by Stifel, Nicolaus & Company, Inc. (the "**Underwriter**"). The Underwriter has agreed to purchase the Bonds at a price of \$_____ which is equal to the initial principal amount of the Bonds of \$_____, plus net original issue premium of \$_____, less an Underwriter's discount of \$_____.

The purchase agreement relating to the Bonds provides that the Underwriter will purchase all of the Bonds (if any are purchased) and provides that the Underwriter's obligation to purchase is subject to certain terms and conditions, including the approval of certain legal matters by counsel.

The Underwriter may offer and sell Bonds to certain securities dealers and others at prices lower than the offering prices stated on the inside cover page hereof. The offering prices may be changed by the Underwriter.

The Underwriter and its affiliates comprise a full service financial institution engaged in activities which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making,

brokerage and other financial and non-financial activities and services. The Underwriter and its affiliates may have provided, and may in the future provide, a variety of these services to the District and to persons and entities with relationships with the District, for which they received or will receive customary fees and expenses.

In the ordinary course of these business activities, the Underwriter and its affiliates may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District.

The Underwriter and its affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire such assets, securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

ADDITIONAL INFORMATION

The discussions herein about the Bond Resolution and the Continuing Disclosure Certificate are brief outlines of certain provisions thereof. Such outlines do not purport to be complete and for full and complete statements of such provisions reference is made to such documents. Copies of these documents mentioned are available from the Underwriter and following delivery of the Bonds will be on file at the offices of the Paying Agent in Los Angeles, California.

References are also made herein to certain documents and reports relating to the District; such references are brief summaries and do not purport to be complete or definitive. Copies of such documents are available upon written request to the District.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or Owners of any of the Bonds.

EXECUTION

The execution and delivery of this Official Statement have been duly authorized by the District.

**GOLDEN PLAINS UNIFIED SCHOOL
DISTRICT**

By: _____
Chief Business Official

APPENDIX A

GENERAL AND FINANCIAL INFORMATION ABOUT THE DISTRICT

The information in this and other sections concerning Golden Plains Unified School District (the “District”) operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of and interest on the Bonds is payable from the general fund of the District. The Bonds are payable from the proceeds of an ad valorem tax required to be levied by Fresno County (the “County”) in an amount sufficient for the payment thereof by the District. See “SECURITY FOR THE BONDS” in the front half of the Official Statement.

DISTRICT GENERAL INFORMATION

General Information

The District provides educational services to students in transitional kindergarten through 12th grade, and is located on the western edge of the County, in California (the “State”), 35 miles southwest of the City of Fresno. The District is situated in the heartland of the San Joaquin Valley. The City of San Joaquin and the unincorporated communities of Tranquillity, Helm, Three Rocks, and Cantua Creek are located within District boundaries. The District is composed of what were formerly the Cantua Creek, Helm, San Joaquin and the Tranquillity High School Districts. The districts joined together to become a new unified district on July 1, 1991. The District operates four elementary schools serving students in TK-8, one high school, and one alternative education high school. Average daily attendance (funded) in the District is approximately 1,256 students in fiscal year 2025-26.

See also APPENDIX C hereto for demographic and other statistical information regarding the City of San Joaquin and the County.

Administration

Board of Trustees. The District is governed by a seven-member Board of Trustees, each member of which is elected by trustee area to a four-year term. The management and policies of the District are administered by a Superintendent and a staff that provides business, pupil, personnel, administrative and instructional support services. Current members of the Board of Trustees, together with their office and the date their term expires, are listed below.

BOARD OF TRUSTEES Golden Plains Unified School District

<u>Name</u>	<u>Position</u>	<u>Term Expires</u>
Sal Parra Jr.	President	December 2028
Emily Parra	Vice President	December 2028
Betty Vallejo	Clerk	December 2026
Kathy Chaffin	Trustee	December 2028
Tom J. Fairless	Trustee	December 2026
Leticia Fernandez	Trustee	December 2026
Celina Rossetti	Trustee	December 2028

Superintendent and Administrative Personnel. The Superintendent of the District is appointed by the Board of Trustees and reports to the Board of Trustees. The Superintendent is responsible for management of the District’s day-to-day operations and supervises the work of other key District administrators. Following are certain members of the senior management of the District:

Name	Title
Felipe Piedra	Superintendent
Victor Martinez	Chief Business Officer

Recent Enrollment and ADA Trends

The following table shows historical enrollment and average daily attendance (“**ADA**”) for the District.

**ANNUAL ENROLLMENT AND ADA
FISCAL YEARS 2019-20 THROUGH 2025-26†

Currently there are no charter schools sponsored by the District nor operating in District boundaries.

Employee Relations

The District has 84 full time equivalent (“**FTE**”) certificated employees, 95 FTE classified employees and 33 management/supervisor/confidential FTE employees in fiscal year 2025-26. The certificated, classified and other employees of the District are represented by two bargaining units, as set forth in the following table.

**BARGAINING UNITS
Golden Plains Unified School District**

Bargaining Unit	Employee Type Represented	Contract Expiration Date
Golden Plains Teachers Assn	Certificated	June 30, 2022
California School Employees Assn	Classified	June 30, 2025

Source: Golden Plains Unified School District.

For expired contracts, the District and the bargaining units have routinely had annual tentative agreements approved. New contract renewals are in progress. Salary schedules for both units are established through fiscal year 2025-26.

Joint Powers Agreement and Joint Ventures; Risk Management; Insurance

The District undertakes risk management including in the form of insuring against certain types of events and related losses, including with respect to casualty and liability, and workers' compensation.

The District is a member of the California Risk Management Authority I, a joint powers agency which provides casualty and liability coverage, including coverage for floods and cyber events, to educational agencies in the Central Valley. The District is also a member of the California Risk Management Authority II, another joint powers agency, which provides workers' compensation coverage to educational agencies in the Central Valley.

The relationship between the District and the joint powers authorities is such that they are not component units of the District for financial reporting purposes. These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in the District's audited financial statements.

For more information regarding the District's participation in JPAs and risk management, see Note 12 of APPENDIX B to the Official Statement.

DISTRICT FINANCIAL INFORMATION

The information in this and other sections concerning the District's operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the general fund of the District. The Bonds are payable from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof.

Education Funding Generally

School districts in California receive operating income primarily from two sources: the State funded portion which is derived from the State's general fund, and a locally funded portion, being the district's share of the one percent general *ad valorem* tax levy authorized by the California Constitution. As a result, decreases or deferrals in education funding by the State could significantly affect a school district's revenues and operations.

From 1973-74 to 2012-13, California school districts operated under general purpose revenue limits established by the State Legislature. In general, revenue limits were calculated for each school district by multiplying (1) the ADA for such district by (2) a base revenue limit per unit of ADA. The revenue limit calculations were adjusted annually in accordance with a number of factors designated primarily to provide cost of living increases and to equalize revenues among all California school districts of the same type. Funding of a district's revenue limit was provided by a mix of local property taxes and State apportionments of basic and equalization aid. Generally, the State apportionments amounted to the difference between the District's revenue limit and its local property tax revenues. Districts which had local property tax revenues that exceeded their revenue limit entitlements were deemed a "Basic Aid District" and received full funding from local property tax revenues and were entitled to keep those tax revenues which exceeded their revenue limit funding entitlement. A district which was not a Basic Aid District was known as a "Revenue Limit District".

The fiscal year 2013-14 State budget replaced the previous K-12 finance system with a new formula known as the Local Control Funding Formula (the "LCFF"). Under the LCFF, revenue limits and most state categorical programs were eliminated. School districts instead receive funding based on the demographic profile of the students they serve and gain greater flexibility to use these funds to improve outcomes of students. The LCFF creates funding targets based on student characteristics. For school districts and charter schools, the LCFF funding targets consist of grade span-specific base grants plus supplemental and concentration grants that reflect student demographic factors. The LCFF includes the following components:

- A base grant for each local education agency per unit of ADA, which varies with respect to different grade spans. The base grant is \$2,375 more than the average revenue limit provided prior to LCFF implementation. The base grants will be adjusted upward each year to reflect cost-of-living increases. In addition, grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in grades K-3 and the provision of career technical education in grades 9-12.
- A 20% supplemental grant for English learners, students from low-income families and foster youth to reflect increased costs associated with educating those students.

- An additional concentration grant of up to 65% (which was increased from 50% as part of the State’s trailer bill to the 2021-22 State Budget - Assembly Bill 130) of a local education agency’s base grant, based on the number of English learners, students from low-income families and foster youth served by the local agency that comprise more than 55% of enrollment.
- An economic recovery target to ensure that almost every local education agency receives at least their pre-recession funding level, adjusted for inflation, at full implementation of the LCFF.

The LCFF was implemented for fiscal year 2013-14 and was phased in gradually. Beginning in fiscal year 2013-14, an annual transition adjustment was required to be calculated for each school district, equal to each district’s proportionate share of the appropriations included in the State budget (based on the percentage of each district’s students who are low-income, English learners, and foster youth (“**Targeted Students**”)), to close the gap between the prior-year funding level and the target allocation at full implementation of LCFF. In each year, districts had the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of a district’s funding gap. The legislation implementing LCFF also included a “hold harmless” provision which provided that a district or charter school would maintain total revenue limit and categorical funding at least equal to its 2012-13 level, unadjusted for changes in ADA or cost of living adjustments. In 2021, legislation was passed that requires school districts operating a kindergarten program to also provide a transitional kindergarten (“**TK**”) program for all 4-year-old children by fiscal year 2025–26.

Funding levels used in the LCFF entitlement calculations for fiscal year 2025-26 are set forth in the following table.

**Fiscal Year 2025-26 Base Grant Funding* Under LCFF
by Grade Span**

Entitlement Factor	TK/K-3	4-6	7-8	9-12
A. 2024-25 Base Grant per ADA	\$10,025	\$10,177	\$10,478	\$12,144
B. 2025-26 COLA for LCFF (A x 2.30%)	\$231	\$234	\$241	\$279
C. 2025-26 Base Grant per ADA before Grade Span Adjustments (A+B)	\$10,256	\$10,411	\$10,719	\$12,423
D. Grade Span Adjustments (TK-3: C x 10.4%; 9-12: C x 2.6%)	\$1,067	n/a	n/a	\$323
E. 2025-26 Base Grant/Adjusted Base Grant per ADA (C + D)	\$11,323	\$10,411	\$10,719	\$12,746

*Add-ons to the Base Grant, as may be applicable, are: (1) Supplemental Grant: For the supplemental grant funding entitlement, for each grade span, the calculation is the base grant or adjusted base grant per ADA, times total funded ADA, times Unduplicated Pupil Percentage, times 20%, (2) Concentration Grant: For the concentration grant funding entitlement, the calculation is the base grant or adjusted base grant per ADA, times total funded ADA, times portion (of Unduplicated Pupil Percentage that exceeds 55%, times 65%, and (3) Transitional Kindergarten Add-On: For the TK add-on funding, the amount is the rate of \$5,545 times the school district’s current year TK ADA.

Source: California Department of Education.

The LCFF includes an accountability component. Districts are required to increase or improve services for English language learners, low income, and foster youth students in

proportion to supplemental and concentration grant funding received. All school districts, county offices of education, and charter schools are required to develop and adopt local control and accountability plans, which identify local goals in areas that are priorities for the State, including pupil achievement, parent engagement, and school climate.

County superintendents review and provide support to the districts under their jurisdiction, and the Superintendent of Public Instruction performs a corresponding role for county offices of education. In addition, the State Budget for fiscal year 2013-14 created the California Collaborative for Education Excellence to advise and assist school districts, county offices of education, and charter schools in achieving the goals identified in their plans. Under the LCFF and related legislation, the State will continue to measure student achievement through statewide assessments, produce an Academic Performance Index for schools and subgroups of students, determine the contents of the school accountability report card, and establish policies to implement the federal accountability system.

Basic Aid or Community Supported districts are school districts which have local property tax revenues which exceed such district's funding entitlement under LCFF. As such, in lieu of State funding under LCFF, Basic Aid districts are entitled to keep the full share of local property tax revenues, even the amount which exceeds its funding entitlement under LCFF. **The District's funding formula is currently determined pursuant to LCFF, and not as a Basic Aid district.**

District Accounting Practices

The accounting practices of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts.

District accounting is organized on the basis of funds, with each group consisting of a separate accounting entity. The major fund classification is the general fund which accounts for all financial resources not requiring a special fund placement. The District's fiscal year begins on July 1 and ends on June 30.

District expenditures are accrued at the end of the fiscal year to reflect the receipt of goods and services in that year. Revenues generally are recorded on a cash basis, except for items that are susceptible to accrual (measurable and/or available to finance operations). Current taxes are considered susceptible to accrual. Revenues from specific state and federally funded projects are recognized when qualified expenditures have been incurred. State block grant apportionments are accrued to the extent that they are measurable and predictable. The State Department of Education sends the District updated information from time to time explaining the acceptable accounting treatment of revenue and expenditure categories.

The Governmental Accounting Standards Board ("**GASB**") published its Statement No. 34 "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments" on June 30, 1999. Statement No. 34 provides guidelines to auditors, state and local governments and special purpose governments such as school districts and public utilities, on new requirements for financial reporting for all governmental agencies in the United States. Generally, the basic financial statements and required supplementary information should include (i) Management's Discussion and Analysis; (ii) financial statements prepared using the economic measurement focus and the accrual basis of accounting, (iii) fund financial statements prepared

using the current financial resources measurement focus and the modified accrual method of accounting and (iv) required supplementary information.

Financial Statements

General. The District's general fund finances the legally authorized activities of the District for which restricted funds are not provided. General fund revenues are derived from such sources as State school fund apportionments, taxes, use of money and property, and aid from other governmental agencies. The District's Audited Financial Statements for its fiscal year ended June 30, 2025 were prepared by Linger, Peterson & Shrum, Fresno, California and are attached hereto as APPENDIX B. Audited financial statements for the District for prior fiscal years are on file with the District and available for public inspection at the Superintendent's Office at 22000 Nevada Street, San Joaquin, California 93660; telephone (559) 210-5801. The District has not requested, and the auditor has not provided, any review or update of such financial statements in connection with inclusion in this Official Statement. Copies of such financial statements will be mailed to prospective investors and their representatives upon written request to the District. The District may impose a charge for copying, mailing and handling.

District Budget and Interim Financial Reporting

District Budget Process. State law requires school districts to maintain a balanced budget in each fiscal year. The State Department of Education imposes a uniform budgeting and accounting format for school districts.

Under current law, a school district board of trustees must adopt and file with the county superintendent of schools a tentative budget by July 1 in each fiscal year. The District is under the jurisdiction of the Fresno County Superintendent of Schools (the “**County Superintendent**”), which is a separate office independent of the County.

The County Superintendent must review and approve or disapprove the budget no later than September 15. The County Superintendent is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance with the established standards. If the budget is disapproved, it is returned to the District with recommendations for revision. The District is then required to revise the budget, hold a public hearing thereon, adopt the revised budget and file it with the County Superintendent no later than September 8. Pursuant to State law, the County Superintendent has available various remedies by which to impose and enforce a budget that complies with State criteria, depending on the circumstances, if a budget is disapproved. After approval of an adopted budget, the school district's administration may submit budget revisions for board of trustees approval.

Subsequent to approval, the County Superintendent will monitor each district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the district can meet its current or subsequent year financial obligations. If the County Superintendent determines that a district cannot meet its current or subsequent year obligations, the County Superintendent will notify the district's board of trustees of the determination and may then do either or both of the following: (a) assign a fiscal advisor to enable the district to meet those obligations or (b) if a study and recommendations are made and a district fails to take appropriate action to meet its financial obligations, the County Superintendent will so notify the State Superintendent of Public Instruction, and then may do any or all of the following for the remainder of the fiscal year: (i) request additional information regarding the district's budget and operations; (ii) after also consulting with the district's board, develop and impose revisions to the budget that will enable the district to meet its financial obligations; and (iii) stay or rescind any action inconsistent with such revisions. However, the County Superintendent may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the County Superintendent assumed authority.

A State law adopted in 1991 (“**A.B. 1200**”) imposed additional financial reporting requirements on school districts, and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200, each school district is required to file interim certifications with the County Superintendent (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The County Superintendent reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and the subsequent two fiscal years. A negative certification is assigned to any school district that is deemed unable to meet its financial obligations for the remainder of the current fiscal year or the subsequent fiscal year. A

qualified certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or the two subsequent fiscal years.

Under California law, any school district and office of education that has a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the district, unless the applicable county superintendent of schools determines that the district's repayment of indebtedness is probable.

District's Budget Approval/Disapproval and Certification History. Each of the District's interim reports in the previous five fiscal years and the current fiscal year have been certified as positive.

Copies of the District's budget, interim reports and certifications may be obtained upon request from the Superintendent of the District, Golden Plains Unified School District, 22000 Nevada Street, San Joaquin, California 93660; telephone (559) 210-5801. The District may impose charges for copying, mailing and handling.

District Reserves. The District's ending fund balance is the accumulation of surpluses from prior years. This fund balance is used to meet the State's minimum required reserve, which pursuant to Education Code Section 33127 and related State regulations is between 1% to 5% of available reserves (generally unrestricted reserves), depending on a school district's ADA. The 3% level applies to the District. The District maintains an unrestricted reserve which at least meets the 3% minimum requirement.

Under State law (Education Code Section 42127.01), there are certain restrictions on the amount of reserves that can be maintained by school districts under certain circumstances, known

as a reserve cap. This reserve cap requirement does not apply to small school districts (ADA of fewer than 2,501 students) or school districts funded as Basic Aid school districts. When applicable, the reserve cap requires that a school district’s adopted or revised budget shall not contain a combined assigned or unassigned ending general fund balance of more than 10% of those funds. The applicability of the reserve cap is based on the balance in the State’s Public School System Stabilization Account and is triggered in a fiscal year when the balance is equal to or exceeds 3% of the combined total of general fund revenues appropriated for school districts. A county superintendent of schools may grant a school district under its jurisdiction an exemption from the requirements for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multiyear infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that is in excess of the reserve cap. The reserve cap was not triggered in fiscal year 2025-26.

Attendance - LCFF Funding

ADA and Total LCFF Funding Trends. As previously described, prior to fiscal year 2013-14, school districts in the State derived most State funding based on a formula which considered a revenue limit per unit of ADA. With the implementation of the LCFF, commencing in fiscal year 2013-14, school districts receive base funding based on ADA, and may also be entitled to supplemental funding, concentration grants and funding based on an economic recovery target. The following table sets forth recent total LCFF funding and ADA for the District.

**AVERAGE DAILY ATTENDANCE AND FUNDING TRENDS
Golden Plains Unified School District
Fiscal Years 2020-21 through 2025-26 (Projected)**

<u>Fiscal Year</u>	<u>ADA</u>	<u>Total LCFF Funding</u>
2020-21	1,497	\$18,968,180
2021-22	1,216	20,779,504
2022-23	1,254	22,153,106
2023-24	1,270	22,145,525
2024-25	1,245	21,716,641
2025-26 ⁽¹⁾	1,256	22,153,702

(1) First interim projection.

Source: California Department of Education and Golden Plains Unified School District.

Unduplicated Pupil Count. For purposes of funding under LCFF, the District has an unduplicated student count of English learners, students from low-income families and foster youth of approximately 99% in fiscal year 2025-26. Because this percentage is above 55%, the District qualifies for both supplemental and concentration grant funding under LCFF. It is unknown if the federal government’s recent enforcement of immigration policies might have an impact on enrollment and attendance, and District funding under LCFF.

Revenue Sources

The District categorizes its general fund revenues into four sources, being LCFF, Federal Revenues, Other State Revenues and Local Revenues. Each of these revenue sources is described below.

LCFF Sources. District funding is provided by a mix of (1) local property taxes and (2) State apportionments of funding under the LCFF. Generally, the State apportionments will amount to the difference between the District's LCFF funding entitlement and its share of local property tax revenues.

Beginning in 1978-79, Proposition 13 and its implementing legislation provided for each county to levy (except for levies to support prior voter-approved indebtedness) and collect all property taxes, and prescribed how levies on county-wide property values are to be shared with local taxing entities within each county.

The principal component of local revenues is the school district's property tax revenues, *i.e.*, the district's share of the local 1% property tax, received pursuant to Sections 75 and following and Sections 95 and following of the California Revenue and Taxation Code. Education Code Section 42238(h) itemizes the local revenues that are counted towards the base revenue limit before calculating how much the State must provide in equalization aid. Historically, the more local property taxes a district received, the less State equalization aid it is entitled to.

Federal Revenues. The federal government currently provides funding for several District programs, including special education programs, programs under Every Student Succeeds, the Individuals with Disabilities Education Act, and specialized programs such as Drug Free Schools. The District cannot predict if there will be suspensions, modifications, or eliminations to these funding sources.

In January 2025, the federal government announced possible cuts to federal funding for educational agencies. President Trump has also signed an executive order aimed at terminating the United States Department of Education. In a move which some pundits claim effectively terminates the United States Department of Education, the Supreme Court granted the Trump administration's request to temporarily pause an order by a lower federal judge that would have required the Department of Education to reinstate nearly 1,400 employees who were fired by President Trump's executive order. Furthermore, on July 1, 2025, President Trump announced that it would withhold \$6.2 billion in grants already allocated to school districts to support English learners, \$811 million of which was allocated for California schools. However, subsequently in late July 2025, the federal administration announced it was releasing roughly \$1.3 billion in grant money for schools, of which approximately \$158 million was for California schools. The District continues to monitor the situation. Other than what is described in the foregoing sentences, the District cannot predict the types of possible federal funding cuts that may occur, the extent of such cuts, if any, and the impact on the District's finances or operations as a result of a termination of the Department of Education. The District continues to monitor the situation.

Other State Revenues. As discussed above, the District receives State apportionment of basic and equalization aid in an amount equal to the difference between the District's revenue limit and its property tax revenues. In addition to such apportionment revenue, the District receives substantial other State revenues.

The District receives State aid from the California State Lottery (the "**Lottery**"), which was established by a constitutional amendment approved in the November 1984 general election. Lottery revenues must be used for the education of students and cannot be used for non-instructional purposes such as real property acquisition, facility construction, or the financing of research. Lottery revenues generally comprise approximately 2% of general fund revenues. Moreover, State Proposition 20 approved in March 2000 requires that 50% of the increase in Lottery revenues over 1997-98 levels must be restricted to use on instruction material.

For additional discussion of State aid to school districts, see “STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS”.

Other Local Revenues. In addition to its share of local property taxes, the District receives additional local revenues from items such as interest earnings and other local sources.

District Retirement Systems

Qualified employees of the District are covered under multiple-employer defined benefit pension plans maintained by agencies of the State. Certificated employees are members of the State Teachers’ Retirement System (“**STRS**”) and classified employees are members of the Public Employees’ Retirement System (“**PERS**”). Both STRS and PERS are operated on a Statewide basis. *The information set forth below regarding the STRS and PERS programs, other than the information provided by the District regarding its annual contributions thereto, has been obtained from publicly available sources which are believed to be reliable but are not guaranteed as to accuracy or completeness, and should not to be construed as a representation by either the District or the Underwriter.*

STRS. All full-time certificated employees participate in STRS, a cost-sharing, multiple-employer contributory public employee retirement system. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. The plan is funded through a combination of investment earnings and statutorily set contributions from three sources: employees, employers, and the State. The benefit provisions and contribution amounts are established by State laws, as amended from time to time.

Prior to fiscal year 2014-15, contribution rates were constant and not subject to annual variations. K-14 school districts were required by statute to contribute 8.25% of eligible salary expenditures, and participants contributed 8% of their respective salaries. In September 2013, however, STRS projected that the plan would be depleted in 31 years if existing contribution rates continued and other actuarial assumptions were realized, largely due to significant investment losses.

Assembly Bill 1469 was adopted as part of the State’s fiscal year 2014-15 budget (“**AB 1469**”), aimed at fully funding the unfunded actuarial obligation of STRS with respect to service credited to member of STRS prior to July 1, 2014, within 32 years, by increasing contribution rates of members, K-14 school district employers, and the State. Under AB 1469, employer contributions were proposed to steadily increase over seven years. However, several modifications to the schedule were undertaken in connection with State budgets. Contribution rates for the past several years are summarized pursuant to the following schedule:

STRS EMPLOYER CONTRIBUTION RATES
Effective Dates of July 1, 2021 through July 1, 2025

Effective Date	Employer Contribution Rate
July 1, 2021	16.92%
July 1, 2022	19.10
July 1, 2023	19.10
July 1, 2024	19.10
July 1, 2025	19.10

Source: STRS.

The State also continues to contribute to STRS, and its contribution rate in fiscal year 2025-26 is 8.328%.

The District’s recent contributions to STRS including the current budgeted fiscal year are set forth in the following table. These contributions represent 100% of the required contribution for each year.

STRS EMPLOYER CONTRIBUTIONS
Golden Plains Unified School District
Fiscal Years 2021-22 through 2025-26 (Projected)

Fiscal Year	Amount*
2021-22	\$572,943
2022-23	1,688,911
2023-24	1,973,405
2024-25	2,003,350
2025-26 ⁽¹⁾	3,484,111

*Increases attributed to increase in contribution rates and modified accounting reporting requirements, which include reporting the District’s proportionate share of the plan’s net pension liability and recognizing on-behalf STRS contributions in governmental funds.

(1) First interim projection; includes State on-behalf contribution which is not included in the figures shown for the prior years.

Source: Golden Plains Unified School District.

The STRS defined benefit program continues to have an unfunded actuarial liability estimated at approximately \$88.7 billion, based on a market value of assets basis, as of June 30, 2024, which is the date of the last actuarial valuation.

PERS. All full-time and some part-time classified employees participate in PERS, an agent multiple-employer contributory public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State. PERS provides retirement, disability, and death benefits to plan members and beneficiaries. The District is part of a cost-sharing pool within PERS known as the “Schools Pool.” Benefit provisions are established by State statutes, as legislatively amended. Contributions to PERS are made by employers and employees. Each fiscal year, employers are required to contribute an amount based on an actuarially determined employer rate, and employees make contributions which vary based on their date of hire.

Like the STRS program, the PERS program has experienced an unfunded liability in recent years. To address this issue, the PERS board has taken a number of actions, including

changes to the PERS amortization and smoothing policy intended to reduce volatility in employer contribution rates and adopting changes in actuarial assumptions. In November 2015, PERS adopted a funding risk mitigation policy incrementally lowering its discount rate (its assumed rate of investment return) in years of good investment returns, to help pay down the pension fund's unfunded liability, and provide greater predictability and less volatility in contribution rates for employers. SB 90, and Assembly Bill 84/Senate Bill 111 (“**AB 84**”) of June 2020, directed contributions of \$430 million and \$330 million in satisfaction of portions of employer contribution rates in fiscal years 2020-21 and 2021-22, respectively. Recent employer contribution rates are set forth in the following table.

**EMPLOYER CONTRIBUTION RATES (PERS)
Fiscal Years 2021-22 through 2025-26⁽¹⁾**

Fiscal Year	Employer Contribution Rate
2021-22	22.910%
2022-23	25.370
2023-24	26.680
2024-25	27.050
2025-26	26.810

(1) Expressed as a percentage of covered payroll.
Source: PERS

The District’s employer contributions to PERS for recent fiscal years are set forth in the following table.

**PERS EMPLOYER CONTRIBUTIONS
Golden Plains Unified School District
Fiscal Years 2021-22 through 2025-26 (Projected)**

Fiscal Year	Amount
2021-22	\$2,995,948
2022-23	1,602,492
2023-24	1,600,293
2024-25	1,527,300
2025-26 ⁽¹⁾	1,404,642

(1) First interim projection.
Source: Golden Plains Unified School District.

PERS continues to have an unfunded liability which, on a market value of assets basis, estimated at approximately \$40.8 billion (on a market value of assets basis) as of June 30, 2024, which is the date of the last actuarial valuation.

California Public Employees’ Pension Reform Act of 2013. On September 12, 2012, the Governor signed into law the California Public Employees’ Pension Reform Act of 2013 (“**PEPRA**”), which impacted various aspects of public retirement systems in the State, including the STRS and PERS programs. In general, PEPRA (i) increased the retirement age for public employees depending on job function, (ii) capped the annual pension benefit payouts for public employees hired after January 1, 2013, (iii) required public employees hired after January 1, 2013 to pay at least 50% of the costs of their pension benefits (as described in more detail below), (iv) required final compensation for public employees hired after January 1, 2013 to be determined

based on the highest average annual pensionable compensation earned over a period of at least 36 consecutive months, and (v) attempted to address other perceived abuses in the public retirement systems in the State. PEPRA applies to all public employee retirement systems in the State, *except* the retirement systems of the University of California, and charter cities and charter counties whose pension plans are not governed by State law. PEPRA's provisions went into effect on January 1, 2013 with respect to new State, school, and city and local agency employees hired on or after that date; existing employees who are members of employee associations, including employee associations of the District, have a five-year window to negotiate compliance with PEPRA through collective bargaining.

PERS has predicted that the impact of PEPRA on employees and employers, including the District and other employers in the PERS system, will vary, based on each employer's current level of benefits. As a result of the implementation of PEPRA, new members must pay at least 50% of the normal costs of the plan, which can fluctuate from year to year. To the extent that the new formulas lower retirement benefits, employer contribution rates could decrease over time as current employees retire and employees subject to the new formulas make up a larger percentage of the workforce. This change would, in some circumstances, result in a lower retirement benefit for employees than they currently earn.

With respect to the STRS pension program, employees hired after January 1, 2013 will pay the greater of either (1) fifty percent of the normal cost of their retirement plan, rounded to the nearest one-quarter percent, or (2) the contribution rate paid by then-current members (i.e., employees in the STRS plan as of January 1, 2013). The member contribution rate could be increased from this level through collective bargaining or may be adjusted based on other factors. Employers will pay at least the normal cost rate, after subtracting the member's contribution.

The District is unable to predict the amount of future contributions it will have to make to PERS and STRS as a result of the implementation of PEPRA, and as a result of negotiations with its employee associations, or, notwithstanding the adoption of PEPRA, resulting from any legislative changes regarding the PERS and STRS employer contributions that may be adopted in the future.

Additional Information - STRS and PERS. Additional information regarding the District's retirement programs is available in Note 8 to the District's audited financial statements attached hereto as APPENDIX B. In addition, both STRS and PERS issue separate comprehensive financial reports that include financial statements and required supplemental information. Copies of such reports may be obtained from STRS and PERS, respectively, as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; and (ii) PERS, 400 Q Street, Sacramento, California 95811.

More information regarding STRS and PERS can also be obtained at their websites, www.calstrs.com and www.calpers.ca.gov, respectively. *The references to these Internet websites are shown for reference and convenience only and the information contained on such websites is not incorporated by reference into this Official Statement. The information contained on these websites may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

Other Post-Employment Retirement Benefits

The Plan Generally. The District's governing board administers the Postemployment Benefits Plan (the "**Plan**"). The Plan is a single employer defined benefit plan that is used to

provide postemployment benefits other than pensions (“**OPEB**”) for eligible retirees and their spouses. The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the Plan.

Benefit provisions and the authority to pay benefits as they come due are established and may be amended by the District, as approved by the Board of Education. The Plan is administered by the District. There are no assets accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. Membership of the Plan as of June 30, 2025 consisted of 6 retirees and beneficiaries currently receiving benefits, and 191 active plan members.

Total OPEB Liability. The total OPEB liability as of June 30, 2025 was \$4,203,781. The assumptions used in the actuarial report are summarized in Note 9 of APPENDIX B hereto.

Changes in OPEB Liability. The changes in total OPEB liability are summarized in the following table.

**Golden Plains Unified School District
Changes in the Total OPEB Liability**

Balance at July 1, 2024	\$3,936,100
Service Cost	334,263
Interest	161,155
Assumption changes	(35,202)
Benefit payments	<u>(192,535)</u>
Net changes in total OPEB liability	<u>267,681</u>
Balance at June 30, 2025	\$4,203,781

Source: Golden Plains Unified School District's Audited Financial Statements.

OPEB Expense. For the fiscal year ended June 30, 2025, the District recognized OPEB expense of \$432,987.

For more information regarding the District’s OPEB and assumptions used in its most recent actuarial study, see Note 9 of APPENDIX B hereto.

Existing Debt Obligations

General Obligation Bonds. The District has outstanding general obligation bonds, each of which is secured by *ad valorem* taxes upon all property subject to taxation by the District, as summarized in the following table and as more particularly described below.

GOLDEN PLAINS UNIFIED SCHOOL DISTRICT Schedule of Outstanding General Obligation Bond Indebtedness

Issue	Date Issued	Final Maturity Date	Original Amount*	Amount Outstanding February 2, 2026*
2014 Authorization				
Series A**	November 19, 2025	August 1, 2040	\$7,000,000	\$5,990,000
Series B	July 13, 2017	August 1, 2033	6,000,000	\$2,960,000
TOTAL OUTSTANDING:				\$8,950,000

*Rounded to the nearest whole dollar.

** Certain maturities expected to be refunded with the proceeds of the Bonds as described in this Official Statement.

Source: *Golden Plains Unified School District.*

The District Board has also authorized, by resolution adopted on February 10, 2026, the execution and delivery of 2026 Certificates of Participation, in the principal amount of up to \$10.5 million for the purpose of financing capital facilities projects in the District. The source of repayment will be lease payments which will be budgeted and appropriated annually from the District's general fund. It is expected that said obligations will be delivered in approximately March 2026.

Note Payable. The District previously entered into an agreement for an energy efficiency loan to be used for projects to increase the District's energy efficiency. The agreement is, in substance, a purchase and is reported as a note payable in the District's audited financial statements. Draw downs of the note proceeds occur via a reimbursement process for the project expenditures incurred. The District's liability on the remaining note payable as of June 30, 2025 is summarized below:

GOLDEN PLAINS UNIFIED SCHOOL DISTRICT Note Payable

Year Ending June 30	Principal	Interest	Total
2026	\$76,427	--	\$76,427
2027	305,709	--	305,709
Total	\$382,136	--	\$382,13

Source: *Golden Plains Unified School District.*

Compensated Absences. Compensated absences (unpaid employee vacation) for the District at June 30, 2025, amounted to \$23,966.

Investment of District Funds

In accordance with Government Code Section 53600 *et seq.*, the County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, counties are required to establish their own investment policies, which may impose limitations beyond those required by the Government Code. See APPENDIX G hereto for a copy of the County's Investment Policy and recent investment report.

Effect of State Budget on Revenues

Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. California school districts generally receive the majority of their operating revenues from various State sources. The primary source of funding for school districts is LCFF funding, which is derived from a combination of State funds and local property taxes (see “– Education Funding Generally” above). State funds typically make up the majority of a district's LCFF funding. School districts also receive funding from the State for some specialized programs such as special education.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” below), the condition of the State economy (which affects total revenue available to the State general fund), and the annual State budget process. The District cannot predict how education funding may further be changed in the future, or the state of the economy which in turn can impact the amounts of funds available from the State for education funding.

STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS

The information in this section concerning the State's budget or budgets has been compiled from publicly-available information provided by the State or the Legislative Analyst's Office (the "LAO"). Neither the District, the Underwriter nor the County is responsible for the information provided in this section.

State Budgeting for Education Generally

The State requires that from all State revenues there first shall be set apart the moneys to be applied for support of the public school system and public institutions of higher education. Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. The primary source of funding for school districts are revenues under the LCFF, which are a combination of State funds and local property taxes (see "DISTRICT FINANCIAL INFORMATION - Education Funding Generally" above). State funds typically make up the majority of a district's LCFF allocation, although Basic Aid school districts derive most of their revenues from local property taxes. School districts also receive substantial funding from the State for various categorical programs.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" below), the condition of the State economy (which affects total revenue available to the State's general fund), and the annual State budget process. Decreases in State revenues may significantly affect appropriations made by the legislature to school districts.

The Budget Process

The State's fiscal year begins on July 1 and ends on June 30. The annual budget is proposed by the Governor by January 10 of each year for the next fiscal year (the "**Governor's Budget**"). Under State law, the annual proposed Governor's Budget cannot provide for projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor's Budget, the Legislature takes up the proposal.

Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the Budget Act as approved by the Legislature and signed by the Governor. The Budget Act must be approved by a majority vote of each house of the Legislature. The Governor may reduce or eliminate specific line items in the Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each house of the Legislature.

Appropriations also may be included in legislation other than the Budget Act. Bills containing appropriations (including for K-14 education) must be approved by a majority vote in each house of the Legislature, unless such appropriations require tax increases, in which case they must be approved by a two-thirds vote of each house of the Legislature and be signed by the Governor. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution.

Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt.

Available Public Resources

Certain information about the State budgeting process and the State budget is available through several State sources. Convenient sources of information include:

- www.treasurer.ca.gov: The California State Treasurer internet home page, under the link to “Bond Finance” and sub-heading “-Public Finance Division”, includes links to recent State official statements and various State financial documents which includes information regarding State budgets and finances.
- www.dof.ca.gov: The California Department of Finance’s (the “**DOF**”) internet home page, under the link to “California Budget”, includes the text of proposed and adopted State Budgets.
- www.lao.ca.gov: The LAO’s internet home page includes a link to “-The Budget” which includes analyses and commentary on fiscal outlooks.

The above references to internet websites shown are shown for reference and convenience only. The information contained within the websites may include outdated information and has not been reviewed for accuracy by the District or the Underwriter. Such information is not incorporated herein by reference.

The 2025-26 State Budget

Overview of the 2025-26 State Budget. On June 27, 2025, the Governor signed the fiscal year 2025-26 State Budget (the “**2025-26 State Budget**”). Despite continued uncertainty driven by recent federal policy changes, including broad-based tariffs that have slowed economic growth, the 2025-26 State Budget outlines a balanced fiscal plan while maintaining significant reserves.

The 2025-26 State Budget reflects a decrease of \$11.0 billion in General Fund revenues from 2024-25 (\$215.7 billion in 2025-26 compared to \$226.7 billion in 2024-25) primarily due to projected decreases in corporation and personal income tax collections. The 2025-26 State Budget reflects a decrease in General Fund expenditures of \$5.2 billion from 2024-25 (\$228,366 billion in 2025-26 compared to \$233.5 billion in 2024-25) primarily reflecting broad spending decreases for all major spending categories with the exception of expenditures for health and human services, which sees a significant funding increase driven by the expansion of Medi-Cal.

Regarding the State’s reserves and fund balances, the 2025-26 State Budget continues the drawing down of the State’s Budget Stabilization account that began in fiscal year 2024-25 with a withdrawal of \$7.1 billion and completes the drawdown of the Public School System Stabilization Account with a withdrawal of the remaining \$0.4 billion.

The 2025-26 State Budget projects an \$11.8 billion General Fund shortfall after accounting for reserves drawdowns, driven by rising costs due to growth in Medi-Cal and other core State programs. The 2025-26 State Budget addresses the shortfall primarily through spending reductions and structural reforms, while maintaining support for key programs. The specific solutions used to close the budget gap include the following:

- *Medi-Cal Enrollment Freeze* - \$77.9 million reduction in fiscal year 2025-26, increasing to \$3.3 billion by fiscal year 2028-29.
- *Medi-Cal Premium Collection For Certain Adults* – Initial cost of \$30 million in fiscal year 2026-27, shifting to \$675 million in savings in fiscal year 2028-29 due to collection of Medi-Cal premiums from undocumented adults.
- *Medi-Cal Asset Limit Implementation* – \$61.3 million in fiscal year 2025-26, rising to \$827.4 million by fiscal year 2028-29.
- *Programmatic Reductions* – Reductions in rural health clinics, specialty drug coverage, and pharmacy rebates totaling over \$3.5 billion by fiscal year 2028-29.
- *Ongoing Reductions* – \$221.7 million annually beginning in fiscal year 2026-27 for Quality Incentive Payment Program changes.

The 2025-26 State Budget raises an estimated \$7.8 billion in additional resources, including \$1.3 billion from Medi-Cal rate increase in fiscal year 2025-26, \$4.4 billion in loans from the Medical Providers Interim Payment Fund, \$1.5 billion in loans from additional special funds and interfund borrowing, and a \$7.1 billion withdrawal from the Budget Stabilization Account, as authorized by the prior fiscal year.

Additional balancing measures comprise \$1.2 billion in funding shifts primarily related to the costs of CalFIRE operations moving from the General Fund to the Greenhouse Reduction Fund for Forestry and Fire Protection. The 2025-26 State Budget also makes two future commitments (subject to appropriation) totaling \$457.1 million in fiscal year 2027-28, growing to \$163.2 million in fiscal year 2028-29, for California Food Assistance Program expansion and \$338.9 million in fiscal year 2027-28, growing to \$522.1 million in fiscal year 2028-29, for payment to the State's foster care tiered rate structure.

The 2025-26 State Budget projects total resources available in fiscal year 2024-25 of approximately \$268.7 billion, including revenues and transfers of approximately \$226.7 billion and a prior year balance of approximately \$42.0 billion, and total expenditures in fiscal year 2024-25 of approximately \$233.6 billion. The 2025-26 State Budget projects total resources available for fiscal year 2025-26 of approximately \$250.9 billion, inclusive of revenues and transfers of approximately \$215.7 billion and a prior year balance of approximately \$35.1 billion. The 2025-26 State Budget projects total expenditures in fiscal year 2025-26 of approximately \$228.4 billion, inclusive of non-Proposition 98 expenditures of approximately \$147.6 billion and Proposition 98 expenditures of approximately \$80.7 billion. The 2025-26 State Budget projects total reserve balances of \$15.7 billion at the end of fiscal year 2025-26. This includes \$11.2 billion in the State Rainy Day Fund, \$4.5 billion in the State's SFEU, and \$0 in the Proposition 98 Rainy Day Fund. The 2025-26 State Budget includes total funding of \$137.6 billion for all K-12 education programs, including \$80.5 billion from the State's general fund and \$57.1 billion from other funds. The 2025-26 State Budget reflects significant Proposition 98 funding that enables increased support for core programs such as the LCFF, special education, transitional kindergarten, nutrition, and preschool.

Certain budgeted programs and adjustments for K-12 education set forth in the 2025-26 State Budget include:

Proposition 98 Minimum Guarantee. The 2025-26 State Budget reflects updated estimates of general fund revenues, which result in adjustments to the Proposition 98

minimum guarantee. The revised minimum guarantee for TK-14 schools is estimated at \$98.5 billion for 2023-24, \$119.9 billion for 2024-25, and \$114.6 billion for 2025-26, an increase of approximately \$3.9 billion over the three-year period relative to the 2023-24 State Budget. Because the minimum guarantee for 2024-25 will not be finalized until the fiscal year is certified in calendar year 2026, the 2025-26 State Budget proactively appropriates the 2024-25 minimum guarantee at \$118 billion, establishing a \$1.9 billion “settle up” to avoid over-appropriation. The 2025-26 State Budget expresses intent to apply any realized settle-up funds toward reducing ongoing TK-14 deferrals and safeguarding core program funding for school districts and community colleges, including funding for growth and cost-of-living adjustments.

The minimum guarantee remains in a Test 2 for 2023-24, though suspended at \$98.5 billion, and shifts to a Test 1 in both 2024-25 and 2025-26. In Test 1 years, the guarantee equals approximately 40 percent of general fund revenues, in addition to local property tax revenues. Under Proposition 98, this calculation is not adjusted for enrollment, which results in increased per-pupil funding. The guarantee is “rebenched” to reflect both the continued implementation of universal TK and property tax backfills resulting from the January 2025 wildfires in Los Angeles County. As a result, the applicable Test 1 percentage increases from 39.2 percent to 39.6 percent of general fund revenues.

Proposition 98 Rainy Day Fund. The 2025-26 State Budget maintains the full withdrawal of the \$8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24. The May Revision to the 2024-25 State Budget Proposal, released on May 10, 2024, included a mandatory deposit of \$540 million into the Rainy Day Fund. However, revised capital gains revenue projections reduce that deposit to \$455 million in fiscal year 2024-25. A year-over-year decrease in the Proposition 98 minimum guarantee triggers a mandatory withdrawal of \$455 million in fiscal year 2025-26, fully exhausting the remaining fund balance.

Proposition 98 Funding Split. In prior years, 10.93 percent of the general fund amounts rebenched into the Proposition 98 minimum guarantee for transitional kindergarten expansion were allocated to the community colleges budget, consistent with the statutory Proposition 98 funding split. Over the three-year budget window, this resulted in \$492.4 million being directed to community colleges, leaving TK-12 schools without an equivalent amount to support transitional kindergarten expansion. Beginning in fiscal year 2025-26, the 2025-26 State Budget shifts the full amount of transitional kindergarten expansion funding (\$232.9 million) to the TK-12 portion of the Proposition 98 budget.

Local Control Funding Formula. The 2025-26 State Budget includes a 2.3 percent cost-of-living adjustment to LCFF. Combined with population growth adjustments, this results in an additional \$2.1 billion in discretionary funding for local educational agencies (“LEAs”) relative to the 2024-25 State Budget. To fully fund LCFF costs in fiscal year 2025-26, the 2025-26 State Budget withdraws approximately \$405.3 million from the Proposition 98 Rainy Day Fund.

Deferrals. The 2025-26 State Budget fully repays \$246.6 million in TK-12 education deferrals from fiscal year 2024-25. However, in order to maintain principal apportionment levels in 2025-26, the 2025-26 State Budget defers \$1.9 billion in LCFF funding from June 2026 to July 2026.

Universal Transitional Kindergarten. To support full implementation of universal transitional kindergarten by September 1, 2025, the 2025-26 State Budget provides \$2.1 billion in ongoing Proposition 98 general fund resources, inclusive of all prior years' investments. An additional \$1.2 billion in ongoing Proposition 98 general fund resources is included to reduce the average student-to-adult ratio from 12:1 to 10:1.

Before School, After School, and Summer School. To increase access to the Expanded Learning Opportunities Program, the 2025-26 State Budget provides \$515.1 million in ongoing funds, broadening eligibility from LEAs with a 75 percent unduplicated pupil rate to those with a 55 percent rate. Additionally, \$10.4 million is provided to increase the minimum grant per LEA from \$50,000 to \$100,000.

Literacy Instruction. The 2025-26 State Budget allocates \$480 million to enhance literacy instruction aligned with the English Language Arts/English Language Development Framework for all students.

Teacher Professional Development and Preparation. To support teachers and strengthen the educator pipeline, the 2025-26 State Budget provides \$300 million in one-time Proposition 98 general fund resources for a Student Teacher Stipend Program, which will offer grants to teacher candidates completing student teaching between 2026-27 and 2028-29. An additional \$70 million of one-time Proposition 98 general fund resources supports teacher residency programs, and \$30 million in one-time Proposition 98 general fund resources extends the National Board Certification Incentive Program to encourage placement of certified teachers in high-poverty schools.

Student Support and Professional Development Discretionary Block Grant. The 2025-26 State Budget provides \$1.7 billion in one-time Proposition 98 general fund resources for the Student Support and Professional Development Discretionary Block Grant to assist LEAs with rising costs and advancing statewide priorities.

State Preschool Program. To enhance early childhood education, the 2025-26 State Budget includes approximately \$19.3 million of Proposition 98 general fund resources and \$10.2 million in non-Proposition 98 general fund resources for the California State Preschool Program. It further authorizes the Department of Education to expand State Preschool Program provider contracts for three-year-olds by 10 percent, implement prospective pay, and automate contract payments.

Other Significant Budget Adjustments. The 2025-26 State Budget includes \$378.6 million in one-time Proposition 98 general fund resources for learning recovery initiatives through 2027-28, \$150 million for career technical education and pathways programs pending legislation, and \$145 million to improve school meal infrastructure. An additional \$10 million is allocated for school food service workforce requirement and \$5 million for a study of ultra-processed foods offered in State school meals.

Further allocations include \$30 million over three years for Special Olympics programs in Northern and Southern California; \$30 million for the Mathematics Professional Learning Partnership; \$21.9 million in ongoing funding for the SUN Bucks Program, which provides summer nutrition support; and \$20 million to implement the Children and Youth Behavioral Health Initiative's all-payer fee schedule.

The 2025-26 State Budget also provides approximately \$10 million for a pilot program, administered by the California Collaborative of Educational Excellence, to support middle and high school redesign and peer learning. Another \$10 million to the California Department of Education supports the development of a screener to identify multilingual learners in transitional kindergarten and authorizes the State Superintendent of Public Instruction to adopt a screening instrument for children ages 3-4 enrolled in transitional kindergarten classrooms. Finally, \$7.5 million is available through the 2026-27 fiscal year to offset potential LCFF apportionment reductions caused by the recent exemption of transitional kindergarten students from the English language proficiency assessment.

LAO Analysis of the 2025-26 State Budget. The LAO, a nonpartisan State office which provides fiscal and policy information and advice to the State legislature, released its report on the 2025-26 State Budget entitled “The 2025-26 Budget: Overview of the Spending Plan” on October 16, 2025 (the “**2025-26 State Budget Analysis**”). In the 2025-26 State Budget Analysis, the LAO assesses the budget shortfall that was addressed in the 2025-26 State Budget and analyzes the major proposals for K-14 education.

The LAO notes that the State faced a budget shortfall for the third year in a row requiring the State to adopt more ongoing solutions. The estimated budget shortfall was \$15.0 billion, which was smaller compared to deficits of \$55.0 billion in fiscal year 2024-25 and \$27.0 billion in fiscal year 2023-24. The LAO notes that part of the reason the State continued to face a budget problem is that the underlying costs of State services continue to outpace the State’s revenue collections. In particular, despite higher revenues in major taxes, about \$4 billion of the budget problem results from new, discretionary General Fund spending in the budget package, as well as some budget actions adopted in a special session. The measures approved in the special session provided funding for (1) response and recovery costs related to the January 2025 Southern California wildfires and (2) activities to address federal government actions impacting the State.

The LAO notes that the 2025-26 State Budget uses various maneuvers to address the budget shortfall, including reserve withdrawals, spending reductions, revenue increases, and borrowing (for example, loaning money from other funds to the General Fund). However, the LAO indicates that the 2025-26 State Budget primarily relies on borrowing to close the gap, which accounts for \$10.0 billion and approximately two-thirds of the total solutions. This borrowing increases the total outstanding budgetary borrowing from \$12.0 billion to \$22.0 billion. The LAO notes that this borrowing is similar to the measures used during the Great Recession of 2008. After borrowing, spending-related solutions, including both spending reductions and fund shifts, total \$5.0 billion and represent nearly all of the remaining one-third of the total solutions. Revenue-related solutions, totaling about \$300.0 million, represent the small remainder. The LAO notes that while the State is also making a \$7.1 billion withdrawal from the State Rainy Day Fund (also known as the Budget Stabilization Account) in fiscal year 2025-26, this withdrawal was not reflected in the 2025-26 State Budget Analysis because it was authorized last year in the 2024-25 State Budget.

The LAO notes that while the 2025-26 State Budget partially addresses the State's multi-year deficits, it expects budget deficits to persist. Based on the State's June 2025 projections and assumptions, annual operating deficits are projected to range from roughly \$15 billion to \$25 billion throughout the outlook period (i.e., 2026-27 through 2028-29), which would need to be addressed by the Legislature. The LAO notes, however, that these multi-year estimates are subject to considerable uncertainty and should be interpreted cautiously.

In summarizing the overall condition of the General Fund budget, the condition of the school and community college budget and State appropriations limits, as estimated by the administration, the LAO notes the following: (1) the State's reserves total nearly \$16 billion at the end of fiscal year 2025-26, with the state reserve for schools and community colleges fully withdrawn by the end of fiscal year 2025-26; (2) the State expects revenues from major tax sources to grow 10.0% from fiscal year 2023-24 to fiscal year 2024-25, however the 2025-26 State Budget also projects revenues from said tax sources to decrease by 15.0% from fiscal year 2024-25 to fiscal year 2025-26; and (3) federal funding is expected to remain flat between 2024-25 and 2025-26 but the 2025-26 State Budget projections do not include any potential effects of House Resolution 1: One Big Beautiful Bill Act, which was signed by President Trump on July 4, 2025.

The LAO indicates that the 2025-26 State Budget reduces spending in fiscal year 2025-26 by deferring \$2.3 billion in payments to fiscal year 2026-27, of which \$1.9 billion pertains to schools. The State will implement this school funding deferral by shifting a portion of the June 2026 payment to July 2026. School districts and charter schools that can demonstrate the delay would make them unable to meet their financial obligations are exempt from the deferral. The remaining \$408.0 million in deferrals pertain to community colleges, moving payments from May and June 2026 to July 2026. The purpose of these deferrals is to free up funding for additional one-time and ongoing spending that would otherwise exceed the available Proposition 98 funding in fiscal year 2025-26.

The foregoing is only a summary of certain provisions of the 2025-26 State Budget Analysis. For the full text, see the LAO website at www.lao.ca.gov. *The references to these Internet websites are shown for reference and convenience only and the information contained on such websites is not incorporated by reference into this Official Statement. The information contained on these websites may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

The 2026-27 State Budget Proposal

Overview of the 2026-27 State Budget Proposal. The Governor sent the fiscal year 2026-27 budget proposal to the legislature on January 9, 2026 (the "**2026-27 State Budget Proposal**"). While the 2026-27 State Budget Proposal presents a balanced budget, with a discretionary reserve of \$4.5 billion, it projects a deficit of roughly \$22 billion in the 2027-28 fiscal year and budget shortfalls in the two years following. A stronger-than-anticipated performance of the stock market and cash receipts, combined with an improved economic outlook, are noted as contributors to an upgraded revenue forecast, with General Fund revenues, before accounting for transfers and tax policy proposals, projected to be higher by approximately \$4.5 billion than was assumed in the 2025 Budget Act for the three-year budget window of fiscal years 2024-25 through 2026-27. However, the proposal warns that the revenue increase is largely attributable to a small number of technology companies and cannot be sustained indefinitely at high levels. It also warned of federal policy changes, including House of Representatives 1 of 2025 which is projected to result in costs of \$1.4 billion to the General Fund in fiscal year 2026-27, and

unpredictable future federal policies that might negatively impact tariffs, immigration, inflation, investments, the labor market and overall demand.

The 2026-27 State Budget Proposal provides for \$248.3 billion in general fund spending and nearly \$23 billion in combined reserves—including nearly \$14.4 billion in the State’s Rainy Day Fund and an additional discretionary set-aside of \$4.5 billion in the Special Fund for Economic Uncertainties and \$4.1 billion in the Public School System Stabilization Account. Although the proposal is noted as balanced, it anticipates shortfalls in subsequent fiscal years that are driven by expenditures exceeding revenues, promising additional decisions at the May Revision to maintain a balanced budget in the coming years. Noted risk factors relating to the economy and State revenues include stock market and asset price volatility and declines, particularly those affecting high-income earners - as well as unpredictable federal policies.

Certain budgeted programs and adjustments for K-12 education set forth in the 2026-27 State Budget Proposal include Proposition 98 funding for K-14 schools set at \$125.5 billion for 2026-27 (although some funding is subject to settle-up), and a LCFF cost-of-living adjustment of 2.41%. It also proposes the repayment of around \$1.9 billion in previous funding deferrals to improve school cash flow. The proposal also reflects continued support of implementation of universal transitional kindergarten, and ongoing support for before-, during-, and after-school programs through the Expanded Learning Opportunity Program. The 2026-27 State Budget Proposal would also allocate an additional \$215 million to build on previous investments in the Literacy Coaches and Reading Specialists Grant Program.

Significantly, the 2026-27 State Budget Proposal proposes to implement recommendations of the Legislature’s 2002 report, California’s Master Plan for Education, by moving oversight of the State’s education system and ultimate responsibility for state oversight and support of local educational agencies for the Department of Education to the executive branch, greatly enhancing the role of the State Superintendent.

The May Revise will be released by the Governor around May 14, 2026 and will update the budget proposal with revised economic and revenue outlooks and other estimates and assumptions, and may contain modifications to or removal of policy initiatives included in the 2026-27 State Budget Proposal.

For the full text of the 2026-27 State Budget Proposal, see the California Department of Finance website at www.dof.ca.gov or www.ebudget.ca.gov. *The references to these Internet websites are shown for reference and convenience only and the information contained on such websites is not incorporated by reference into this Official Statement. The information contained on these websites may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

LAO Analysis of the 2026-27 State Budget Proposal. The LAO released its overview and initial analysis of the 2026-27 State Budget Proposal on January 10, 2026 (the “**2026-27 LAO Analysis**”). The 2026-27 LAO Analysis concludes that, under the Governor’s assumptions, the budget is roughly balanced, reflecting an estimated deficit of approximately \$3 billion. This represents an improvement compared with the LAO’s November Fiscal Outlook, which projected a budget deficit of approximately \$18 billion. The LAO attributes the State’s substantially higher revenue forecast to two factors: first, the proposal does not incorporate the significant risk of a stock market downturn; and second, higher projected revenues are partially offset by increased baseline spending, including constitutionally required expenditures and growing program costs.

The LAO identifies stock market volatility as the most significant risk to the State's revenue outlook. The analysis notes that several historically reliable indicators suggest equity markets are overheated and at elevated risk of a downturn within the next year or two. A market correction would materially reduce personal income tax revenues and could quickly worsen the State's fiscal position. The LAO cautions that failing to incorporate this downside risk into the 2026-27 State Budget Proposal places the State on precarious fiscal footing, particularly given that the proposal is only marginally balanced even under optimistic revenue assumptions.

Both the 2026-27 LAO Analysis and the 2026-27 State Budget Proposal project persistent multiyear operating deficits. The LAO estimates that annual deficits could range between approximately \$20 billion to \$35 billion, while the 2026-27 State Budget Proposal projects operating deficits of roughly \$27 billion in 2027-28, \$22 billion in 2028-29, and \$23 billion in 2029-30. The LAO characterizes these deficits as structural rather than cyclical, noting that deficits have persisted despite economic growth and rising revenue in addition to the State already addressing a cumulative \$125 billion in budget problems over recent years. The LAO expresses concern that the State's fiscal challenges have become chronic and raise significant questions concerning long-term fiscal sustainability.

The LAO acknowledges that the State recognizes the risks associated with revenue volatility and multiyear structural deficits, but concludes that the 2026-27 State Budget Proposal does not materially address either challenge. The LAO recommends that the Legislature explicitly recognize downside revenue risk by adopting the LAO's more conservative revenue forecast, maintain required reserve deposits, set aside funds associated with delayed settle-up obligations into reserves rather than using them for ongoing commitments, and adopt a multiyear plan to reduce at least half of projected structural deficits through ongoing budget solutions. The LAO cautions that delaying corrective action until further budget cycles increases fiscal risk and limits the Legislature's ability to implement deliberate and sustainable solutions.

The 2026-27 LAO Analysis is available on the LAO website at www.lao.ca.gov. *The reference to this Internet website is shown for reference and convenience only and the information contained on such website is not incorporated by reference into this Official Statement. The information contained on this website may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

Disclaimer Regarding State Budgets

The execution of State budgets may be affected by numerous factors, including but not limited to: (i) shifts in costs from the federal government to the State, (ii) national, State and international economic conditions, (iii) litigation risks, (iv) rising health care costs and/or other unfunded liabilities, such as pension or OPEB, and (v) numerous other factors, all or any of which could cause the revenue and spending projections included in such budgets to be unattainable. The District cannot predict the impact that the 2025-26 State Budget or subsequent State budgets, or future changes (if any) in the budget due to shifts in the economy or other factors, will have on its own finances and operations. However, the Bonds described herein are secured by *ad valorem* property taxes levied and collected on taxable property in the District, without limit as to rate or amount, and are not secured by a pledge of revenues of the District or its general fund.

The State has not entered into any contractual commitments with the District, the County, the Underwriter or the Owners of the Bonds to provide State Budget information to the District or the owners of the Bonds. Although the sources of information provided herein are known to be

reliable, neither the District nor the Underwriter assume any responsibility for the accuracy of the budget information set forth or referred to in this Official Statement or incorporated herein.

Legal Challenges to State Funding of Education

The application of Proposition 98 and other statutory provisions relating to education funding in the State has been the subject of various legal challenges in the past. The District cannot predict if or when there will be changes to education funding or legal challenges which may arise relating thereto, and how such events could impact the District and its finances.

[Remainder of page intentionally left blank]

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Principal of and interest on the Bonds are payable from the proceeds of an *ad valorem* property tax levied by the County for the payment thereof. Articles XIII A, XIII B, XIII C, and XIII D of the State Constitution, Propositions 62, 98, 111 and 218, and certain other provisions of law discussed below, are included in this section to describe the potential effect of these Constitutional and statutory measures on the ability of the District to levy taxes and spend tax proceeds for operating and other purposes, and it should not be inferred from the inclusion of such materials that these laws impose any limitation on the ability of the District to levy taxes for payment of the Bonds. The tax levied by the County for payment of the Bonds was approved by the District's voters in compliance with Article XIII A and all applicable laws.

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues, there shall be first set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. School districts receive a significant portion of their funding from State appropriations. As a result, decreases and increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIII A of the California Constitution

Basic Property Tax Levy. On June 6, 1978, California voters approved Proposition 13 ("**Proposition 13**"), which added Article XIII A to the State Constitution ("**Article XIII A**"). Article XIII A limits the amount of any *ad valorem* property tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* property taxes may be levied to pay debt service on (a) indebtedness approved by the voters prior to July 1, 1978, (b) (as a result of an amendment to Article XIII A approved by State voters on June 3, 1986) bonded indebtedness for the acquisition or improvement of real property which has been approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness, and (c) (as a result of an amendment to Article XIII A approved by State voters on November 7, 2000) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the District, but only if certain accountability measures are included in the proposition. Article XIII A defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under full cash value, or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment". This full cash value may be increased at a rate not to exceed 2% per year to account for inflation.

Article XIII A has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula

among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the annual adjustment not to exceed 2% are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

Inflationary Adjustment of Assessed Valuation. As described above, the assessed value of a property may be increased at a rate not to exceed 2% per year to account for inflation. On December 27, 2001, the Orange County Superior Court, in *County of Orange v. Orange County Assessment Appeals Board No. 3*, held that where a home's taxable value did not increase for two years, due to a flat real estate market, the Orange County assessor violated the 2% inflation adjustment provision of Article XIII A, when the assessor tried to "recapture" the tax value of the property by increasing its assessed value by 4% in a single year. The assessors in most California counties, including the County, use a similar methodology in raising the taxable values of property beyond 2% in a single year. The State Board of Equalization has approved this methodology for increasing assessed values. On appeal, the Appellate Court held that the trial court erred in ruling that assessments are always limited to no more than 2% of the previous year's assessment. On May 10, 2004, a petition for review was filed with the California Supreme Court. The petition has been denied by the California Supreme Court. As a result of this litigation, the "recapture" provision described above may continue to be employed in determining the full cash value of property for property tax purposes.

Article XIII B of the California Constitution

Article XIII B ("**Article XIII B**") of the State Constitution, as subsequently amended by Propositions 98 and 111, respectively, limits the annual appropriations of the State and of any city, county, school district, authority or other political subdivision of the State to the level of appropriations of the particular governmental entity for the prior fiscal year, as adjusted for changes in the cost of living and in population and for transfers in the financial responsibility for providing services and for certain declared emergencies. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year under the provisions of Article XIII B, as amended.

The appropriations of an entity of local government subject to Article XIII B limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain state subventions to that entity. "Proceeds of taxes" include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues.

Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIII B includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. However, in the event that a school district's revenues exceed its spending limit, the District may in any fiscal year increase its appropriations limit to equal its spending by borrowing appropriations limit from the State.

Article XIII B also includes a requirement that 50% of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be transferred and allocated to the State School Fund under Section 8.5 of Article XVI of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions ("**unitary property**"). Under the State Constitution, such property is assessed by the State Board of Equalization ("**SBE**") as part of a "going concern" rather than as individual pieces of real or personal property. State-assessed unitary and certain other property is allocated to the counties by SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

Articles XIII C and XIII D of the California Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the California Constitution Articles XIII C and XIII D (respectively, "**Article XIII C**" and "**Article XIII D**"), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIII C establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIII C further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds vote under Article XIII A, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIII C to expand the definition of "tax" to include "any levy, charge, or exaction of any kind imposed by a local government" except the following: (a) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or

granting the privilege; (b) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (c) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (d) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (e) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (f) a charge imposed as a condition of property development; and (g) assessments and property-related fees imposed in accordance with the provisions of Article XIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity.

Article XIID deals with assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIC or XIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

While the provisions of Proposition 218 may have an indirect effect on the District, such as by limiting or reducing the revenues otherwise available to other local governments whose boundaries encompass property located within the District (thereby causing such local governments to reduce service levels and possibly adversely affecting the value of property within the District), the District does not believe that Proposition 218 will directly impact the property tax revenues available to pay debt service on the Bonds.

Proposition 98

On November 8, 1988, California voters approved Proposition 98, a combined initiative constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "**Accountability Act**"). Certain provisions of the Accountability Act have, however, been modified by Proposition 111, discussed below, the provisions of which became effective on July 1, 1990. The Accountability Act changes State funding of public education below the university level and the operation of the State's appropriations limit. The Accountability Act guarantees State funding for K-12 school districts and community college districts (hereinafter referred to collectively as "K-14 school districts") at a level equal to the greater of (a) the same percentage of general fund revenues as the percentage appropriated to such districts in 1986-87, and (b) the amount actually appropriated to such districts from the general fund in the previous fiscal year, adjusted for increases in enrollment and changes in the cost of living. The Accountability Act permits the Legislature to suspend this formula for a one-year period.

The Accountability Act also changes how tax revenues in excess of the State appropriations limit are distributed. Any excess State tax revenues up to a specified amount would, instead of being returned to taxpayers, be transferred to K-14 school districts. Any such transfer to K-14 school districts would be excluded from the appropriations limit for K-14 school districts and the K-14 school district appropriations limit for the next year would automatically be increased by the amount of such transfer. These additional moneys would enter the base funding calculation for K-14 school districts for subsequent years, creating further pressure on other portions of the State budget, particularly if revenues decline in a year following an Article XIIB

surplus. The maximum amount of excess tax revenues which could be transferred to K 14 school districts is 4% of the minimum State spending for education mandated by the Accountability Act.

Proposition 111

On June 5, 1990, the voters approved Proposition 111 (Senate Constitutional Amendment No. 1) called the "Traffic Congestion Relief and Spending Limit Act of 1990" ("**Proposition 111**") which further modified Article XIII B and Sections 8 and 8.5 of Article XVI of the State Constitution with respect to appropriations limitations and school funding priority and allocation.

The most significant provisions of Proposition 111 are summarized as follows:

Annual Adjustments to Spending Limit. The annual adjustments to the Article XIII B spending limit were liberalized to be more closely linked to the rate of economic growth. Instead of being tied to the Consumer Price Index, the "change in the cost of living" is now measured by the change in California *per capita* personal income. The definition of "change in population" specifies that a portion of the State's spending limit is to be adjusted to reflect changes in school attendance.

Treatment of Excess Tax Revenues. "Excess" tax revenues with respect to Article XIII B are now determined based on a two-year cycle, so that the State can avoid having to return to taxpayers excess tax revenues in one year if its appropriations in the next fiscal year are under its limit. In addition, the Proposition 98 provision regarding excess tax revenues was modified. After any two-year period, if there are excess State tax revenues, 50% of the excess are to be transferred to K-14 school districts with the balance returned to taxpayers; under prior law, 100% of excess State tax revenues went to K-14 school districts, but only up to a maximum of 4% of the schools' minimum funding level. Also, reversing prior law, any excess State tax revenues transferred to K-14 school districts are not built into the school districts' base expenditures for calculating their entitlement for State aid in the next year, and the State's appropriations limit is not to be increased by this amount.

Exclusions from Spending Limit. Two exceptions were added to the calculation of appropriations which are subject to the Article XIII B spending limit. First, there are excluded all appropriations for "qualified capital outlay projects" as defined by the Legislature. Second, there are excluded any increases in gasoline taxes above the 1990 level (then nine cents per gallon), sales and use taxes on such increment in gasoline taxes, and increases in receipts from vehicle weight fees above the levels in effect on January 1, 1990. These latter provisions were necessary to make effective the transportation funding package approved by the Legislature and the Governor, which expected to raise over \$15 billion in additional taxes from 1990 through 2000 to fund transportation programs.

Recalculation of Appropriations Limit. The Article XIII B appropriations limit for each unit of government, including the State, is to be recalculated beginning in fiscal year 1990-91. It is based on the actual limit for fiscal year 1986-87, adjusted forward to 1990-91 as if Proposition 111 had been in effect.

School Funding Guarantee. There is a complex adjustment in the formula enacted in Proposition 98 which guarantees K-14 school districts a certain amount of State general fund revenues. Under prior law, K-14 school districts were guaranteed the greater of (a) 40.9% of State general fund revenues (the "**first test**") or (b) the amount appropriated in the prior year adjusted for changes in the cost of living (measured as in Article XIII B by reference to *per capita*

personal income) and enrollment (the “**second test**”). Under Proposition 111, schools will receive the greater of (a) the first test, (b) the second test, or (c) a third test, which will replace the second test in any year when growth in *per capita* State general fund revenues from the prior year is less than the annual growth in California per capita personal income (the “**third test**”). Under the third test, schools will receive the amount appropriated in the prior year adjusted for change in enrollment and *per capita* State general fund revenues, plus an additional small adjustment factor. If the third test is used in any year, the difference between the third test and the second test will become a “credit” to schools which will be paid in future years when State general fund revenue growth exceeds personal income growth.

Proposition 39

On November 7, 2000, California voters approved an amendment (commonly known as “**Proposition 39**”) to the California Constitution. This amendment (a) allows school facilities bond measures to be approved by 55% (rather than two-thirds) of the voters in local elections and permits property taxes to exceed the current 1% limit in order to repay the bonds and (b) changes existing statutory law regarding charter school facilities. As adopted, the constitutional amendments may be changed only with another Statewide vote of the people. The statutory provisions could be changed by a majority vote of both houses of the Legislature and approval by the Governor, but only to further the purposes of the proposition. The local school jurisdictions affected by this proposition are K-12 school districts, community college districts, including the District, and county offices of education. As noted above, the California Constitution previously limited property taxes to 1% of the value of property. Prior to the approval of Proposition 39, property taxes could only exceed this limit to pay for (a) any local government debts approved by the voters prior to July 1, 1978 or (b) bonds to acquire or improve real property that receive two-thirds voter approval after July 1, 1978.

The 55% vote requirement authorized by Proposition 39 applies only if the local bond measure presented to the voters includes: (a) a requirement that the bond funds can be used only for construction, rehabilitation, equipping of school facilities, or the acquisition or lease of real property for school facilities; (b) a specific list of school projects to be funded and certification that the school board has evaluated safety, class size reduction, and information technology needs in developing the list; and (c) a requirement that the school board conduct annual, independent financial and performance audits until all bond funds have been spent to ensure that the bond funds have been used only for the projects listed in the measure. Legislation approved in June 2000 places certain limitations on local school bonds to be approved by 55% of the voters. These provisions require that the tax rate levied as the result of any single election be no more than \$60 (for a unified school district), \$30 (for an elementary school district or high school district), or \$25 (for a community college district), per \$100,000 of taxable property value. These requirements are not part of this proposition and can be changed with a majority vote of both houses of the Legislature and approval by the Governor.

Proposition 1A and Proposition 22

On November 2, 2004, California voters approved Proposition 1A, which amended the State constitution to significantly reduce the State's authority over major local government revenue sources. Under Proposition 1A, the State cannot (a) reduce local sales tax rates or alter the method of allocating the revenue generated by such taxes, (b) shift property taxes from local governments to schools or community colleges, (c) change how property tax revenues are shared among local governments without two-thirds approval of both houses of the State Legislature or (d) decrease Vehicle License Fee revenues without providing local governments with equal

replacement funding. Under Proposition 1A, beginning, in 2008-09, the State may shift to schools and community colleges a limited amount of local government property tax revenue if certain conditions are met, including: (a) a proclamation by the Governor that the shift is needed due to a severe financial hardship of the State, and (b) approval of the shift by the State Legislature with a two-thirds vote of both houses. Under such a shift, the State must repay local governments for their property tax losses, with interest, within three years. Proposition 1A does allow the State to approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also amended the State Constitution to require the State to suspend certain State laws creating mandates in any year that the State does not fully reimburse local governments for their costs to comply with the mandates. This provision does not apply to mandates relating to schools or community colleges or to those mandates relating to employee rights.

Proposition 22, a constitutional initiative entitled the “Local Taxpayer, Public Safety, and Transportation Protection Act of 2010,” approved on November 2, 2010, superseded many of the provision of Proposition 1A. This initiative amends the State constitution to prohibit the legislature from diverting or shifting revenues that are dedicated to funding services provided by local government or funds dedicated to transportation improvement projects and services. Under this proposition, the State is not allowed to take revenue derived from locally imposed taxes, such as hotel taxes, parcel taxes, utility taxes and sales taxes, and local public transit and transportation funds. Further, in the event that a local governmental agency sues the State alleging a violation of these provisions and wins, then the State must automatically appropriate the funds needed to pay that local government. This Proposition was intended to, among other things, stabilize local government revenue sources by restricting the State’s control over local property taxes. Proposition 22 did not prevent the California State Legislature from dissolving State redevelopment agencies pursuant to AB 1X26, as confirmed by the decision of the California Supreme Court decision in *California Redevelopment Association v. Matosantos* (2011).

Because Proposition 22 reduces the State’s authority to use or reallocate certain revenue sources, fees and taxes for State general fund purposes, the State will have to take other actions to balance its budget, such as reducing State spending or increasing State taxes, and school and college districts that receive Proposition 98 or other funding from the State will be more directly dependent upon the State’s general fund.

Proposition 30 and Proposition 55

The Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment, also known as “**Proposition 30**”, temporarily increased the State Sales and Use Tax and personal income tax rates on higher incomes. Proposition 30 temporarily imposed an additional tax on all retailers, at the rate of 0.25% of gross receipts from the sale of all tangible personal property sold in the State from January 1, 2013 to December 31, 2016. Proposition 30 also imposed an additional excise tax on the storage, use, or other consumption in the State of tangible personal property purchased from a retailer on and after January 1, 2013 and before January 1, 2017. This excise tax was levied at a rate of 0.25% of the sales price of the property so purchased. For personal income taxes imposed beginning in the taxable year commencing January 1, 2012 and ending December 31, 2018, Proposition 30 increased the marginal personal income tax rate by: (a) 1% for taxable income over \$250,000 but less than \$300,000 for single filers (over \$340,000 but less than \$408,000 for head of household filers and over \$500,000 but less than \$600,000 for joint filers), (b) 2% for taxable income over \$300,000 but less than \$500,000 for single filers (over \$408,000 but less than \$680,000 for head of household filers and over \$600,000 but less than \$1,000,000 for joint filers), and (c) 3% for taxable income over \$500,000 for single filers (over

\$680,000 for head of household filers and over \$1,000,000 for joint filers). Proposition 55 (described below) extended said increases to personal income rates through the end of 2030.

The revenues generated from the temporary tax increases are included in the calculation of the Proposition 98 minimum funding guarantee for school districts and community college districts. See “Proposition 98” and “Proposition 111” above. From an accounting perspective, the revenues generated from the temporary tax increases will be deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the “**EPA**”). Pursuant to Proposition 30, funds in the EPA will be allocated quarterly, with 89% of such funds provided to school districts and 11% provided to community college districts. The funds will be distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than \$200 per unit of ADA and no community college district will receive less than \$100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that, the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing boards are prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

The California Children’s Education and Health Care Protection Act of 2016, also known as Proposition 55, was a proposed constitutional amendment initiative that was approved on the November 8, 2016 general election ballot in California. Proposition 55 extends the increases to personal income tax rates for high-income taxpayers that were approved as part of Proposition 30 through the end of 2030, instead of the scheduled expiration date of December 31, 2018. The extensions did not apply to the sales tax and excise taxes imposed by Proposition 30. Tax revenue received under Proposition 55 is to be allocated 89% to K-12 schools and 11% to community colleges.

California Senate Bill 222

Senate Bill 222 (“**SB 222**”) was signed by the California Governor on July 13, 2015, and became effective on January 1, 2016. SB 222 amended Section 15251 of the California Education Code and added Section 52515 to the California Government Code to provide that voter approved general obligation bonds which are secured by *ad valorem* property tax collections are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien shall attach automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the issuer, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act. The effect of SB 222 is the treatment of general obligation bonds, such as the Bonds, as secured debt in bankruptcy due to the existence of a statutory lien.

Proposition 19

On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment (“**Proposition 19**”), which amends Article XIII A to (i) expand as of April 1, 2021 special rules that govern the transfer of a residential property’s tax base value to a replacement residence for homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home anywhere within the State, (ii) narrows as of February 16, 2021 existing special rules for the valuation of inherited real property due to a transfer between family members, and (iii) allocates

most resulting State revenues and savings (if any) to fire protection services and reimbursing local governments for taxation-related changes. The District cannot predict whether the implementation of Proposition 19 will increase, decrease or have no overall impact on the District's assessed values.

Proposition 2 (2024)

The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024, also known as "Proposition 2", was approved by State voters at the November 5, 2024 statewide election, and authorizes the sale and issuance of \$10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools (including charter schools), community colleges and career technical education programs, including the improvement of health and safety conditions and classroom upgrades.

Proposition 2 includes \$3.3 billion for the construction of new K-12 facilities and an additional \$4 billion for the modernization of existing K-12 facilities. Up to 10% of the allocation for new constructions and modernization will be reserved for school districts with an enrollment of fewer than 2,501 students. Of the \$4 billion assigned for modernization of existing K-12 facilities, up to \$115 million will be allocated for the remediation of lead in water at school facilities. Generally, K-12 school districts will be required to pay for 50% of the new construction costs and 40% of the modernization costs with local revenues. However, some districts that have lower assessed property values and meet certain other socio-economic criteria will be required to pay as low as 45% and 35% of new construction costs and modernization costs, respectively. In addition, a total of \$1.2 billion will be available for the modernization and new construction of charter school facilities (\$600 million) and technical education facilities (\$600 million). The State will award funds to technical education and charter schools through an application process, and charter schools must be deemed financially sound before project approval.

Future Initiatives

Article XIII A, Article XIII B, Article XIII C and Article XIII D of the California Constitution and Propositions 98, 111, 1A, 22, 26, 30 and 39 were each adopted as measures that qualified for the ballot under the State's initiative process. From time to time other initiative measures or other legislative enactments could be adopted further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

APPENDIX B

**AUDITED FINANCIAL STATEMENTS OF THE DISTRICT
FOR FISCAL YEAR 2024-25**

[THIS PAGE INTENTIONALLY LEFT BLANK]

For Information: December 9th, 2025

For Action: December 9th, 2025

Title: Approval of the 2024-2025 Annual Audit Report

BACKGROUND INFORMATION/DISCUSSION:

According to the Education Code 41020(h) The Annual Financial Report, or Audit, for the fiscal year ending June 30, 2025 has been completed by Linger, Peterson & Shrum (LPS). Each Year the audit report must be submitted to the appropriate county, state, and federal offices by December 15. The annual Financial Report reflects an unmodified auditor's report, which is the best report status issued.

RESOURCE PERSON:

Felipe Piedra, Superintendent of Schools
Victor Martinez, Chief Business Officer

RECOMMENDATION:

Approve the 2024-2025 Annual Audit Report

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Golden Plains Unified School District ("the District") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Golden Plains Unified School District as of June 30, 2025, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, schedule of the District's proportionate share of the net pension liability, schedule of District pension contributions, and schedule of changes in the District's OPEB liability and related ratios, identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Golden Plains Unified School District's basic financial statements. The combining financial statements are presented for purposes of additional analysis and are not required parts of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2, *Code of Federal Regulations, Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Subpart F—Audit Requirements (Uniform Guidance), and is also not a required part of the basic financial statements. The accompanying other supplementary information is presented for purposes of additional analysis as required by the State's audit guide, *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* prescribed in Title 5, California Code of Regulations, Section 19810 and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements and other supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Local Education Agency Organization Structure but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 4, 2025 on our consideration of Golden Plains Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Golden Plains Unified School District's internal control over financial reporting and compliance.

Respectfully submitted,

Linger, Peterson & Shrum
Fresno, California
December 4, 2025

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2025

The discussion and analysis of the Golden Plains Unified School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2025. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2025 are as follows:

- Total assets decreased \$7,844,441. Net position decreased \$6,146,470 from the prior year net position, which represents a -23.90% decrease from fiscal year 2024 net position.
- General revenues accounted for \$26,035,892 of the total revenues. Program specific revenues, in the form of charges for services were \$181,059, and operating grants and contributions accounted for \$12,527,991.
- The District had \$44,887,372 in expenses related to governmental activities; only \$12,709,050 of these expenses were offset by program specific charges for services, grants and contributions. General revenues (primarily interest, property taxes, and Federal and State aid not restricted to specific purposes) of \$26,035,892 were not adequate to provide for these programs.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, or as an entire operating entity.

The Statement of Net Position and Statement of Activities provide information about the activities as a whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending.

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Position and the Statement of Activities

While this report contains a large number of funds used by the District to provide programs and activities, the view of the District as a whole, looks at all financial transactions and asks the question: “How did we do financially during the fiscal year?” The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. This basis of accounting takes into account all of the current year’s revenues and expenses, regardless of when cash was received or paid.

These two statements report the District’s net position and changes in net position. This change in net position is important because it identifies whether the financial position of the District has improved or diminished for the District as a whole. The cause of this change may be the result of many factors, some financial, some not. Nonfinancial factors include the District’s property tax base, current property tax laws in California restricting revenue growth, facility conditions, required educational programs, and other factors.

In the Statement of Net Position and the Statement of Activities, the District reports the following activities:

- Governmental activities – All of the District’s programs and services are reported here, including instruction, support services, operation and maintenance of plant, pupil transportation, and extracurricular activities.

Reporting the District's Most Significant/Major Funds

Fund Financial Statements

Fund financial reports provide detailed information about the District’s major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District’s most significant funds. The District’s major governmental funds are the General Fund and County Schools Facilities Fund

Governmental Funds

All of the District’s activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at the fiscal year end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed, short-term view of the District’s general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the Statement of Net Position and the Statement of Activities, and the governmental funds is reconciled in the financial statements.

THE DISTRICT AS A WHOLE

Net Position

The perspective of the Statement of Net Position is of the District as a whole. Table 1 provides a summary of the District's net position for 2025 compared to 2024:

Table 1: Net Position

	<u>2025</u>	<u>2024</u>	
Assets			
Current and other assets	\$ 26,709,551	\$ 34,633,766	-22.88%
Capital assets	27,136,444	27,056,670	0.29%
Total Assets	<u>\$ 53,845,995</u>	<u>\$ 61,690,436</u>	-12.72%
Deferred Outflows of Resources	<u>\$ 7,341,664</u>	<u>\$ 7,681,170</u>	-4.42%
Liabilities			
Current liabilities	\$ 5,342,037	\$ 7,381,028	-27.62%
Long-term liabilities	34,500,443	34,919,480	-1.20%
Total Liabilities	<u>\$ 39,842,480</u>	<u>\$ 42,300,508</u>	-5.81%
Deferred Inflows of Resources	<u>\$ 1,770,931</u>	<u>\$ 1,350,380</u>	31.14%
Net Position			
Net investment in capital assets	\$ 16,880,830	\$ 16,431,325	2.74%
Restricted	15,664,031	19,995,932	-21.66%
Unrestricted	(12,970,613)	(10,706,539)	21.15%
Total Net Position	<u>\$ 19,574,248</u>	<u>\$ 25,720,718</u>	-23.90%

Total assets decreased \$7,844,441. Net position of the District's governmental activities decreased \$6,146,470 from the prior year net position.

Changes in Net Position

Table 2 reflects the change in net position for fiscal year 2025 compared to 2024:

Table 2: Changes in Net Position

	<u>2025</u>	<u>2024</u>	
Revenues			
Program revenues:			
Charges for services	\$ 181,059	\$ 92,477	95.79%
Operating grants and contributions	12,527,991	11,423,964	9.66%
General revenues:			
LCFF sources	22,016,641	22,445,526	-1.91%
Federal revenues	-	(199,578)	-100.00%
State revenues	1,532,049	1,317,416	16.29%
Local revenues	2,487,202	2,920,391	-14.83%
Total Revenues	<u>\$ 38,744,942</u>	<u>\$ 38,000,196</u>	1.96%
Expenses			
Program expenses:			
Instruction	\$ 18,093,821	\$ 20,186,212	-10.37%
Instruction-related services	4,307,622	2,664,151	61.69%
Pupil services	6,806,545	6,185,120	10.05%
Ancillary services	654,902	374,606	74.82%

General administration	4,068,170	3,305,837	23.06%
Plant services	10,260,187	7,190,867	42.68%
Other	341,385	280,765	21.59%
Interest on long-term obligations	196,957	385,911	-48.96%
Total Expenses	<u>\$ 44,887,372</u>	<u>\$ 40,745,353</u>	10.17%
Changes in Net Position	<u>\$ (6,142,430)</u>	<u>\$ (2,745,157)</u>	123.76%

THE DISTRICT'S FUNDS

The District's governmental funds are accounted for using the modified accrual basis of accounting. Total governmental funds had revenues of \$37,758,292, and expenditures of \$43,816,947. The negative change in the governmental fund balance for the year of \$(6,058,655), reflects that the District was not able to meet current costs with current revenue.

General Fund Budgeting Highlights

The District's budget is prepared according to California law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2025, the District amended its General Fund budget as needed. The District uses a site-based budget. The budgeting systems are designed to tightly control total site budgets, but provide flexibility for site management.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2025, the District had \$27,136,444 invested in capital assets. Table 3 reflects fiscal year 2025 balances compared to 2024:

Table 3: Capital Assets at Year-End (Net of Depreciation)

	2025	2024	Percentage Change
Land	\$ 99,382	\$ 99,382	0.00%
Work-in-Progress	10,797,408	10,797,408	0.00%
Land improvements	1,194,017	1,322,522	-9.72%
Buildings	12,124,901	13,389,572	-9.45%
Leased assets	53,928	67,411	-20.00%
Equipment	2,866,808	1,380,375	107.68%
Total assets	<u>\$ 27,136,444</u>	<u>\$ 27,056,670</u>	0.29%

The work-in-progress is costs incurred for modernization.

Long-Term Debt

At year-end, the District had \$20,090,000 in net pension liability. This is a decrease of \$160,000 from last year as shown in Table 4.

Table 4: Outstanding Debt, at Year-End

	2025	2024	Percentage Change
General obligation bonds payable	\$ 9,395,000	\$ 9,800,000	-4.13%
Other post-employment benefits payable	4,203,781	3,936,100	6.80%
Compensated absences payable	23,966	29,291	-18.18%
Net pension liability	20,090,000	20,250,000	-0.79%
Note payable	382,136	458,563	-16.67%
Other	405,560	445,526	-8.97%
Total	<u>\$ 34,500,443</u>	<u>\$ 34,919,480</u>	-1.20%

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

With the current Governor’s interest in supporting school facility funding, there is hope for additional funding. With the challenges that are currently faced at Golden Plains Unified School District we will continue to explore and advocate for any possible funding sources to update and improve facilities. The District is committed to remaining fiscally conservative while making certain we address our facilities updates in an organized and informed fashion.

The Golden Plains Unified School District maintains more than the required 3% reserve for economic uncertainties, and continues to build its special reserves. The Golden Plains Unified School District has no long-term debt other than the net pension liability and, as in the past, will continue to be fiscally conservative.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances, and to reflect the District's accountability for the monies it receives. Questions about this report or additional financial information needs should be directed to Victor Martinez, Chief Business Official, Golden Plains Unified School District, 22000 Nevada Street, P.O. Box 937, San Joaquin, CA 93660.

Golden Plains Unified School District
 Reconciliation of the Balance Sheet - Governmental Funds, to the Statement of Net Position
 June 30, 2025

Total Fund Balances - Balance Sheet, Governmental Funds	\$	21,516,859
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds:		
Capital assets		55,426,542
Accumulated depreciation/amortization		(28,290,098)
Certain liabilities are not due and payable in the current period and therefore are not reported in the funds:		
Accrued interest payable		(149,345)
General obligation bonds payable		(9,395,000)
Other post-employment benefits payable (OPEB)		(4,203,781)
Net pension liability		(20,090,000)
Compensated absences payable		(23,966)
Note payable		(382,136)
Other long-term liabilities		(405,560)
Deferred outflows and inflows of resources are not reported in the funds because they are applicable to future periods:		
Deferred outflows of resources related to pensions		6,777,155
Deferred inflows of resources related to pensions		(1,210,206)
Deferred outflows of resources related to OPEB		564,509
Deferred inflows of resources related to OPEB		(560,725)
Total Fund Balance of Governmental Activities - Statement of Net Position	\$	<u>19,574,248</u>

The accompanying notes are an integral part of this statement.

Golden Plains Unified School District
 Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances -
 Governmental Funds, to the Statement of Activities
 Year Ended June 30, 2025

Net Change in Fund Balances - Total Governmental Funds \$ (6,058,655)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period:

Expenditures for capital outlay	1,842,377
Depreciation and amortization expense	(1,762,603)

Governmental funds report repayments of long-term debt as expenditures. In the Government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were: 521,393

Expenses reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in the funds:

Change in accrued interest payable and accreted interest	177,471
Compensated absences	5,325
Other post-employment benefits cost in excess of contributions	(432,987)

In governmental funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual basis pension costs and actual employer contributions was: (434,751)

Change in Net Position of Governmental Activities - Statement of Activities \$ (6,142,430)

The accompanying notes are an integral part of this statement.

Note 1 - Summary of Significant Accounting Policies

Golden Plains Unified School District (District) accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's "California School Accounting Manual." The accounting policies of the District conform to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

Reporting Entity

The District's combined financial statements include the accounts of all its operations. The District evaluated whether any other entity should be included in these financial statements. The criteria for including organizations as component units within the District's reporting entity, as set forth in GASB Statement No. 14, "The Financial Reporting Entity," include whether:

- the organization is legally separate (can sue and be sued in its name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is fiscal dependency by the organization on the District

The District also evaluated each legally separate, tax-exempt organization whose resources are used principally to provide support to the District to determine if its omission from the reporting entity would result in financial statements which are misleading or incomplete. GASB Statement No. 14 requires inclusion of such an organization as a component unit when: 1) The economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the District, its component units or its constituents; and 2) The District or its component units is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the organization; and 3) Such economic resources are significant to the District.

Based on these criteria, the District has no component units. Additionally, the District is not a component unit of any other reporting entity as defined by the GASB Statement.

Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function, excluding fiduciary funds, of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the District's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund is the general operating fund of the District. It is used to account for all financial resources not accounted for and reported in another fund. The General Fund, reported in these financial statements, includes the following Funds maintained by the District:

- Child Development Fund (Fund 12)
- Special Revenue Fund for Other Than Capital Outlay Projects (Fund 17)

Although funds listed above are separate funds authorized in the Education Code, they don't meet the definition of a Special Revenue Fund under accounting principles generally accepted in the United States of America, and have therefore been combined into the General Fund for financial reporting purposes. The beginning fund balances have also been combined.

County School Facilities Fund is used to account for the accumulation and expenditure of funds for projects funded under the Leroy F. Greene School Facilities Act of 1998, as established by the Board in accordance with Education Code 42840 et seq.

The District reports the following nonmajor governmental funds:

Student Body Fund is used to account for revenues received and expenditures made related to student activity funds.

Adult Education Fund is used to account separately for federal, state, and local revenues that are restricted or committed for adult education programs.

Cafeteria Fund is used to account for revenues received and expenditures made to operate the District's cafeterias.

Deferred Maintenance Fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes.

Building Fund is used to account for the acquisition of major governmental capital facilities and buildings from the sale of bond proceeds.

Capital Facilities Fund is used to account for resources received from developer impact fees assessed under provisions of the California Environmental Quality Act (CEQA).

Special Reserve Fund for Capital Projects is used to account for the accumulation and expenditure of funds for capital outlay purposes, as established by the Board in accordance with Education Code 42840 et seq.

Bond Interest and Redemption Fund is maintained by the County Treasurer and is used to account for both the accumulation of resources from ad valorem tax levies and the interest and redemption of principal of bonds issued by the District.

Measurement Focus, Basis of Accounting

Government-wide Financial Statements: These financial statements are reported using the economic resources measurement focus. They are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within one year after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30.

Assets, Liabilities, and Equity

Deposits and Investments

Cash balances held in banks and in revolving funds are insured to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institutions is fully insured or collateralized.

In accordance with Education Code Section 41001, the District maintains substantially all its cash in the Fresno County Treasury. The county pools these funds with those of other districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds, except for the Tax Override Funds, in which interest earned is credited to the general fund. Any investment losses are proportionately shared by all funds in the pool.

The county is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et seq. The funds maintained by the county are either secured by federal depository insurance or are collateralized.

Information regarding the amount of dollars invested in derivatives with Fresno County Treasury was not available.

Stores Inventories and Prepaid Expenditures

Inventories are recorded using the purchases method in that the cost is recorded as an expenditure at the time individual inventory items are purchased. Inventories are valued at average cost and consist of expendable supplies held for consumption. Reported inventories are equally offset by a fund balance reserve, which indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets.

The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditure when incurred.

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Depreciation is computed using the straight-line method over the following estimated useful lives:

Asset Class	Examples	Estimated Useful Life in Years
Land		N/A
Site improvements	Paving, flagpoles, retaining walls, sidewalks, fencing, outdoor lighting	20
School buildings		50
Portable classrooms		25
HVAC systems	Heating, ventilation, air conditioning systems	20
Roofing		20
Interior construction		25
Carpet replacement		7
Electrical / plumbing		30
Sprinkler / fire system	Fire suppression systems	25
Outdoor equipment	Playground, radio towers, fuel tanks, pumps	20
Machinery and tools	Shop, maintenance equipment, tools	15
Kitchen equipment	Appliance	15
Custodial equipment	Floor scrubbers, vacuums, other	15
Science and engineering	Lab equipment, scientific apparatus	10
Furniture and accessories	Classroom and other furniture	20
Business machines	Fax, duplicating, and printing equipment	10
Copiers		5
Communications equipment	Mobile, portable radios, noncomputerized	10
Computer hardware	PC's, printers, network hardware	5
Computer software	Instructional, other short-term	5 to 20
Computer software	Administrative or long-term	10 to 20
Audiovisual equipment	Projectors, cameras (still and digital)	10
Athletic equipment	Gymnastics, football, weight machines, wrestling mats	10
Musical instruments	Pianos, strings, brass, percussion	10
Library books	Collections	5 to 7
Licensed vehicles	Buses, other on-road vehicles	8
Contractors' equipment	Major off-road vehicles, front-end loaders, large tractors, mobile air compressors	10
Grounds equipment	Mowers, tractors, attachments	15

Receivable and Payable Balances

The District believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of year end.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as liabilities of the District. The current portion of the liabilities is recognized in the general fund at year end.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the Government-wide Statement of Activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

Amounts due to and due from other funds as of June 30, 2025, consisted of the following:

	Interfund Receivables	Interfund Payables
General Fund	\$ 97,600	\$ 48,190
Cafeteria Special Revenue Fund	48,190	97,600
Building Fund	-	480,000
County Schools Facilities Fund	480,000	-
Total	<u>\$ 625,790</u>	<u>\$ 625,790</u>

Transfers to and from other funds during the year ended June 30, 2025, consisted of the following:

<u>Transfers From</u>	<u>Transfers To</u>	<u>Amount</u>	<u>Reason</u>
General Fund	County Schools Facilities Fund	\$ 1,600,000	To support state match requirement
General Fund	Special Reserve Fund for Capital Outlay Projects	180,000	For future capital outlay expenditures
County Schools Facilities Fund	General Fund	409,620	Reimbursement for modernization expenditures
		<u>\$ 2,189,620</u>	

Property Taxes

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on November 15 and March 15. Unsecured property taxes are payable in one installment on or before August 31. The County of Fresno bills and collects the taxes for the District.

Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows.

Nonspendable Fund Balance - represents amounts that cannot be spent because they are either not spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance - represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance - represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance - represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed" in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance - represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Deferred Inflows and Deferred Outflows of Resources

Deferred outflows of resources is a consumption of net assets or net position that is applicable to a future reporting period. Deferred inflows of resources is an acquisition of net assets or net position that is applicable to a future reporting period. Deferred outflows of resources and deferred inflows of resources are recorded in accordance with GASB Statement numbers 63 and 65.

GASB 54 Fund Presentation

Consistent with fund reporting requirements established by GASB Statement No. 54, Fund 17 (Special Reserve Fund for Other Than Capital Outlay) and Fund 20 (Special Reserve Fund for Postemployment Benefits) are merged with the General Fund for purposes of presentation in the audit report, if applicable.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the CalPERS Schools Pool Cost-Sharing Multiple-Employer Plan (CalPERS Plan) and CalSTRS Schools Pool Cost-Sharing Multiple Employer Plan (CalSTRS Plan) and additions to/deductions from the CalPERS Plan and CalSTRS Plan's fiduciary net positions have been determined on the same basis as they are reported by the CalPERS Financial Office and CalSTRS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined time frames. For this report, the following time frames are used:

Valuation Date (VD) (STRS)	June 30, 2023
Valuation Date (VD) (PERS)	June 30, 2023
Measurement Date (MD)	June 30, 2024
Measurement Period (MP)	July 1, 2023 to June 30, 2024

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management's estimates. Actual results could differ from those estimates.

Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles as defined by Governmental Accounting Standards Board (GASB) Statement No. 72. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy is detailed as follows:

- Level 1 Inputs: Quoted prices (unadjusted) in active markets for identical assets or liabilities that a government can access at the measurement date.
- Level 2 Inputs: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3 Inputs: Unobservable inputs for an asset or liability.

For the current fiscal year the District did not have any recurring or nonrecurring fair value measurements.

Excess Sick Leave

The District did not authorize or accrue any excess sick leave as that term is defined in subdivision (c) of Education Code Section 22170.5 for the District's employees who are members of the California State Teachers' Retirement System (CalSTRS).

Implementation of New Standards

The following Governmental Accounting Standards Board (GASB) statements are effective for the current fiscal year:

GASB Statement No. 101, Compensated Absences

The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. This Statement requires that a liability for certain types of compensated absences - including parental leave, military leave, and jury duty leave, not be recognized until the leave commences. This Statement also establishes guidance for measuring a liability for leave that has not been used.

The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

GASB Statement No. 102, Certain Risk Disclosures

This Statement requires a government to assess whether a concentration or constraint as they relate to inflows and outflows of resources makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter.

Future Standards

The following Governmental Accounting Standards Board (GASB) statements are effective for future years:

GASB Statement No. 103, Financial Reporting Model Improvements

This Statement requires that the information presented in management's discussion and analysis (MD&A) be limited to the related topics discussed in five sections: (1) Overview of the Financial Statements, (2) Financial Summary, (3) Detailed Analyses, (4) Significant Capital Asset and Long-Term Financing Activity, and (5) Currently Known Facts, Decisions, or Conditions. Furthermore, this Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed. This Statement emphasizes that the analysis provided in MD&A should avoid unnecessary duplication by not repeating explanations that may be relevant to multiple sections and that "boilerplate" discussions should be avoided by presenting only the most relevant information, focused on the primary government.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

GASB Statement No. 104, Disclosure of Certain Capital Assets

This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class.

This Statement also requires additional disclosures for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

Note 2 - Cash and Investments

Cash in County Treasury

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Fresno County Treasury as part of the common investment pool (\$7,313,000,287 as of June 30, 2025). The fair value of the District's portion of this pool as of that date, as provided by the pool sponsor, was \$22,703,795. Assumptions made in determining the fair value of the pooled investment portfolios are available from the County Treasurer.

Cash on hand, in banks, and in revolving fund

Cash balances on hand and in banks (\$87,148 as of June 30, 2025) and in the revolving fund \$3,000 are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institution is fully insured or collateralized.

The District's cash and investments balances at June 30, 2025 are as follows:

	Fair Value
Cash in County Treasury	\$ 22,703,795
Cash on hand and in banks	87,148
Cash in revolving fund	3,000
Total cash and cash equivalents	<u>\$ 22,793,943</u>

Analysis of Specific Deposit and Investment Risks

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The county is restricted by Government Code Section 53635 pursuant to Section 53601 to invest only in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not exposed to significant credit risk.

Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name. At year end, the District was not exposed to significant custodial credit risk.

Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to significant concentration of credit risk.

Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to significant interest rate risk.

Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to significant foreign currency risk.

Investment Accounting Policy

The District is required by GASB Statement No. 31 to disclose its policy for determining which investments, if any, are reported at amortized cost. The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

The District's investments in external investment pools are reported in conformity with GASB Statement No. 77 unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

Note 3 - Accounts Receivable

Accounts receivable at June 30, 2025 consisted of the following:

	General Fund (Combined)	County Schools Facilities Fund	All Other Governmental Funds	Total Governmental Funds
Federal programs	\$ 876,976	\$ -	\$ 430,629	\$ 1,307,605
State categorical aid programs	1,500,423	-	16,600	1,517,023
Other state receivables	132,122	-	-	132,122
Other local receivables	618,461	254,751	70,760	943,972
Total	<u>\$ 3,127,982</u>	<u>\$ 254,751</u>	<u>\$ 517,989</u>	<u>\$ 3,900,722</u>

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2025, was as follows:

Governmental activities:	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets not being depreciated:				
Land	\$ 99,382	\$ -	\$ -	99,382
Work in progress	10,797,408	-	-	10,797,408
Total capital assets not being depreciated	10,896,790	-	-	10,896,790
Capital assets being depreciated:				
Buildings	33,066,091	-	-	33,066,091
Improvements of sites	3,669,658	-	-	3,669,658
Equipment	5,843,768	1,842,377	-	7,686,145
Leased assets	107,858	-	-	107,858
Total capital assets being depreciated	42,687,375	1,842,377	-	44,529,752
Less: Accumulated depreciation/amortization for:				
Buildings	(19,676,519)	(1,264,671)	-	(20,941,190)
Improvements of sites	(2,347,136)	(128,505)	-	(2,475,641)
Equipment	(4,463,393)	(355,944)	-	(4,819,337)
Leased assets amortization	(40,447)	(13,483)	-	(53,930)
Total accumulated depreciation/amortization	(26,527,495)	(1,762,603)	-	(28,290,098)
Total capital assets being depreciated/amortized, net	16,159,880	79,774	-	16,239,654
Total governmental activities capital assets, net	\$ 27,056,670	\$ 79,774	\$ -	27,136,444

Depreciation/amortization was charged to functions as follows:

Instruction	\$ 810,798
School site administration	70,504
Home-to-school transportation	423,024
All other pupil services	141,008
All other general administration	35,252
Data processing	17,627
Plant services	264,390
Total	\$ 1,762,603

Note 5 - Accounts Payable

Accounts payable at June 30, 2025 consisted of the following:

	General Fund (Combined)	County Schools Facilities Fund	All Other Governmental Funds	Total Governmental Funds
Vendor payables	\$ 1,631,375	\$ 635,061	\$ 88,145	\$ 2,354,581
Salaries and benefits	1,430,520	-	94,566	1,525,086
Total	<u>\$ 3,061,895</u>	<u>\$ 635,061</u>	<u>\$ 182,711</u>	<u>\$ 3,879,667</u>

Note 6 - Unearned Revenue

The District has received revenues for programs as advances, or before program expenditures were incurred. Such revenues are reported in these statements as "unearned," and will be recognized in subsequent periods as program expenditures are made.

	General Fund (Combined)
ESSA: School Improvement Funding for LEAs	\$ 278,086
ESSA: Title II, Part A, Supporting Effective Instruction	24,325
ESSA: Title III, Immigrant Education Program	1,908
ESSA: Title III, English Learner Student Program	310,253
Child Dev: California Prekindergarten Planning and Implementation Grant Program – California Universal Prekindergarten Planning Grants	69,366
Career Technical Education Incentive Grant Program	521,835
K–12 Strong Workforce Program	91,924
Special Ed: Project Workability I LEA	6,242
Agricultural Career Technical Education Incentive	9,086
Total	<u>\$ 1,313,025</u>

Note 7 - Long-term Obligations other than Pension and OPEB

Long-Term Obligation Activity

Long-term obligations include debt and other long-term liabilities. Changes in long-term obligations for the year ended June 30, 2025, are as follows:

	Beginning			Ending	Amounts Due
Governmental Activities:	Balance	Increases	Decreases	Balance	Within One
					Year
General obligation bonds	\$ 9,800,000	\$ -	\$ (405,000)	\$ 9,395,000	\$ 445,000
Unamortized bond premiums	445,526	-	(39,966)	405,560	39,966
Other post-employment benefits	3,936,100	267,681	-	4,203,781	-
Net pension liability	20,250,000		(160,000)	20,090,000	-
Compensated absences	29,291	-	(5,325)	23,966	-
Note payable	458,563	-	(76,427)	382,136	76,427
Total governmental activities	<u>\$ 34,919,480</u>	<u>\$ 267,681</u>	<u>\$ (686,718)</u>	<u>\$ 34,500,443</u>	<u>\$ 561,393</u>

The funds typically used to liquidate other long-term liabilities in the past are as follows:

Liability	Activity Type	Fund
General obligation bonds	Governmental	Bond Interest and Redemption
Unamortized debt premiums	Governmental	Bond Interest and Redemption
Other postemployment benefits payable	Governmental	General
Net pension liability	Governmental	General
Compensated absences	Governmental	General
Note payable	Governmental	General

General Obligation Bonds

The outstanding general obligation bond debt of the District at June 30, 2025, is as follows:

Bond	Date of Issue	Maturity Date	Interest Rate %
2014, Series A	11/5/15	8/1/40	2.0-4.0%
2014, Series B	6/21/17	6/21/17	2.0-5.0%

Bond	Original Issue	Bond Outstanding 06/30/2024	Issued During Year	Redeemed During Year	Bond Outstanding 06/30/2025
2014, Series A	\$ 7,000,000	\$ 6,080,000	\$ -	\$ -	\$ 6,080,000
2014, Series B	6,000,000	3,720,000	-	(405,000)	3,315,000
	<u>\$ 13,000,000</u>	<u>\$ 9,800,000</u>	<u>\$ -</u>	<u>\$ (405,000)</u>	<u>\$ 9,395,000</u>

The annual requirements to amortize general obligation bonds, payable and outstanding, as of June 30, 2025 are as follows:

Year Ending June 30,	General Obligation Bonds		
	Principal	Interest	Total
2026	\$ 445,000	\$ 353,588	\$ 798,588
2027	490,000	331,237	821,237
2028	535,000	308,863	843,863
2029	575,000	287,713	862,713
2030	620,000	264,863	884,863
2031-2035	3,365,000	942,983	4,307,983
2036-2040	2,700,000	418,600	3,118,600
2041-2041	665,000	13,300	678,300
Total	<u>\$ 9,395,000</u>	<u>\$ 2,921,147</u>	<u>\$ 12,316,147</u>

Note Payable

The District previously entered into an agreement for an energy efficiency loan to be used for projects to increase the District's energy efficiency. The agreement is, in substance, a purchase and is reported as a note payable. Draw downs of the note proceeds occurred via a reimbursement process for the project expenditures incurred. During the fiscal year 2021-2023, the District had drawn down the full \$534,990 available to use toward total project expenditures of \$1,103,095.

Future commitments for the remaining note payable as of June 30, 2025 are as follows:

Year Ending June 30,	Total
2026	\$ 76,427
2027	305,709
Total	<u>\$ 382,136</u>

Compensated Absences

Compensated absences at June 30, 2025 consisted of:

	Compensated Absences	Benefits	Total
Classified	\$ 19,021	\$ 4,945	\$ 23,966

All amounts are due after one year.

Note 8 - Pension

General Information About the Pension Plans

Plan Descriptions

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. Support by the State for the CalSTRS plan is such that the plan has a special funding situation as defined by GASB Statement No. 68. CalSTRS and CalPERS issue publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on their respective websites.

Benefits Paid

CalSTRS and CalPERS provide service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 62 for normal benefits or at age 55 with statutorily reduced benefits. Employees hired prior to January 1, 2013 are eligible to retire at age 60 for normal benefits or at age 55 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. All members are eligible for death benefits after one year of total service.

The Plans' provisions and benefits in effect at June 30, 2025 are summarized as follows:

	CalSTRS	
	Before	On or After
Hire Date	Jan. 1, 2013	Jan. 1, 2013
Benefit Formula	2% at 60	2% at 62*
Benefit Vesting Schedule	5 Years	5 Years
Benefit Payments	Monthly for Life	Monthly for Life
Retirement Age	55-60	55-62
Monthly benefits, as a % of eligible compensation	1.4-2.4%	1.16-2.4%
Required Employee Contribution Rates	10.25%	10.21%
Required Employer Contribution Rates	19.10%	19.10%
Required State Contribution Rates	10.83%	10.83%

	CalPERS	
	Before	On or After
Hire Date	Jan. 1, 2013	Jan. 1, 2013
Benefit Formula	2% at 55	2% at 62*
Benefit Vesting Schedule	5 Years	5 Years
Benefit Payments	Monthly for Life	Monthly For Life
Retirement Age	50-62	52-67
Monthly Benefits as a % of Eligible Compensation	1.1-2.5%	1.0-2.5%
Required Employee Contribution Rates	7.00%	8.00%
Required Employer Contribution Rates	26.68%	26.68%

*Amounts are limited to 120% of Social Security Wage Base.

**The contribution rate for CalSTRS 2% at 62 members is based, in part, on the normal cost of benefits and may increase or decrease in future years.

Contributions

CalSTRS

For the fiscal year ended June 30, 2025 (measurement date June 30, 2024), California Education Code Section 22950 requires members to contribute monthly to the system 10.21% (if hired on or after January 1, 2013) or 10.25% (if hired before January 1, 2013) of the creditable compensation upon which members' contributions under this part are based. In addition, the employer required rates established by the CalSTRS Board have been established at 19.10% of creditable compensation for the fiscal year ended June 30, 2025. For fiscal year June 30, 2025 and for each fiscal year thereafter, the CalSTRS Board has the authority to increase or decrease percentages paid specific to reflect the contribution required to eliminate by June 30, 2046, the remaining unfunded actuarial obligation with respect to service credited to members before July 1, 2014, as determined by the Board based upon a recommendation from its actuary. Those adjustments are limited to 1% annually, not to exceed 20.25% of creditable compensation.

CalPERS

California Public Employees' Retirement Law section 20814(c) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The CalPERS Board retains the authority to amend contribution rates. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of the employees. For the fiscal year ended June 30, 2025 (measurement date June 30, 2024), employees hired prior to January 1, 2013 contributed 7.00%, employees hired on or after January 1, 2013 contributed 8.00% of annual pay, and the contribution rate was 26.68% of covered payroll.

On Behalf Payments

Consistent with California Education Code Section 22955.1, the State of California makes contributions to CalSTRS on behalf of employees working for the District. For the fiscal year ended June 30, 2025 (measurement date June 30, 2024) the State contributed 10.83% of salaries creditable to CalSTRS. Consistent with the requirements of generally accepted accounting principles, the District has recorded these contributions as revenue and expense in the fund financial statements. The government-wide financial statements have recorded revenue and expense for pension expense paid on behalf of the District. Contributions reported for on behalf payments are based on the District's proportionate share of the States contribution for the fiscal year. Contributions made by the state on behalf of the District and the State's pension expense associated with District employees for the past three fiscal years are as follows:

Year Ended June 30,	CalSTRS	
	On Behalf Contribution Rate	On Behalf Contribution Amount
2022	10.83%	\$ 753,369
2023	10.83%	823,943
2024	10.83%	907,170

Contributions Recognized

For the fiscal year ended June 30, 2025 (measurement period June 30, 2024), the contributions recognized for each plan were:

	Fund Financial Statements (Current Financial Resources Measurement Focus)		
	CalSTRS	CalPERS	Total
Contributions - Employer	\$ 2,003,350	\$ 1,527,300	\$ 3,530,650
Contributions - State On Behalf Payments	907,170	-	907,170
Total Contributions	<u>\$ 2,910,520</u>	<u>\$ 1,527,300</u>	<u>\$ 4,437,820</u>

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2025 (measured June 30, 2024), the District reported net pension liabilities for its proportionate shares of the net pension liability of each plan as follows:

	Proportionate Share of Net Pension Liability
CalSTRS	\$ 9,792,000
CalPERS	10,298,000
Total Net Pension Liability	<u>\$ 20,090,000</u>

The District's net pension liability for each Plan is measured as the proportionate share of the total net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2024. The total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023 (STRS) and June 30, 2023 (PERS) rolled forward to measurement date June 30, 2024 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, as actuarially determined.

The District's proportionate share of the net pension liability for each Plan as of June 30, 2024 and June 30, 2025 were as follows:

	CalSTRS		Total For District Employees	CalPERS
	District's Proportionate Share	State's Proportionate Share*		District's Proportionate Share
Proportion June 30, 2024	0.014%	0.007%	0.021%	0.026%
Proportion June 30, 2025	0.015%	0.007%	0.022%	0.029%
Change in Proportion	0.001%	0.000%	0.001%	0.003%

*Represents State's Proportionate Share on Behalf of District employees

Pension Expense

	CalSTRS	CalPERS	Total
Change in Net Pension Liability (Asset)	\$ (959,000)	\$ 799,000	\$ (160,000)
On Behalf Contribution Amount	907,170	-	907,170
Employer Contributions to Pension Plan	1,829,281	1,516,240	3,345,521
Change in Other Outflows/Inflows of Resources	285,923	308,828	594,751
Total Pension Expense	<u>\$ 2,063,374</u>	<u>\$ 2,624,068</u>	<u>\$ 4,687,442</u>

Deferred Outflows and Inflows of Resources

At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		
	CalSTRS	CalPERS	Total
Pension contributions subsequent to measurement date	\$ 2,608,447	\$ 1,527,300	\$ 4,135,747
Differences between actual and expected experience	1,107,639	863,295	1,970,934
Changes in assumptions	42,865	227,610	270,475
Net difference between projected and actual earnings	-	399,999	399,999
Total Deferred Outflows of Resources	<u>\$ 3,758,951</u>	<u>\$ 3,018,204</u>	<u>\$ 6,777,155</u>

Golden Plains Unified School District
Notes to the Financial Statements
June 30, 2025

	Deferred Inflows of Resources		
	CalSTRS	CalPERS	Total
Differences between actual and expected experience	\$ (428,213)	\$ (73,699)	\$ (501,912)
Changes in assumptions	(668,782)	-	(668,782)
Net difference between projected and actual earnings	(39,512)	-	(39,512)
Total Deferred Inflows of Resources	<u>\$ (1,136,507)</u>	<u>\$ (73,699)</u>	<u>\$ (1,210,206)</u>

Pension contributions made subsequent to measurement date reported as deferred outflows of resources will be recognized as a portion of pension expense in the year ended June 30, 2025. The remaining amounts reported as deferred outflows or deferred inflows of resources will be recognized as an increase or decrease to pension expense over a five year period. Pension expense resulting from deferred outflows and deferred inflows of resources will be recognized as follows:

Year Ended June 30	Deferred Outflows of Resources		Deferred Inflows of Resources		Net Effect on Expenses
	CalSTRS	CalPERS	CalSTRS	CalPERS	
2026	\$ 2,233,640	\$ 2,100,281	\$ (931,455)	\$ (73,699)	\$ 3,328,767
2027	230,290	943,766	554,374	-	1,728,430
2028	208,858	100,722	(281,029)	-	28,551
2029	208,858	(126,565)	(255,470)	-	(173,177)
2030	208,785	-	(111,464)	-	97,321
Thereafter	668,520	-	(111,463)	-	557,057
Total	<u>\$ 3,758,951</u>	<u>\$ 3,018,204</u>	<u>\$ (1,136,507)</u>	<u>\$ (73,699)</u>	<u>\$ 5,566,949</u>

Actuarial Assumptions

Total pension liabilities for the fiscal year ended June 30, 2025 were based on actuarial valuations were determined using the following actuarial assumptions:

	CalSTRS	CalPERS
Fiscal Year	June 30, 2025	June 30, 2025
Measurement Date	June 30, 2024	June 30, 2024
Valuation Date	June 30, 2023	June 30, 2023
Actuarial Cost Method	Entry Age Normal 2007-2022 and	Entry Age Normal
Experience Study Period	2017-2022	2000-2019
Actuarial Assumptions:		
Discount Rate	7.10%	6.90%
Inflation	2.75%	2.30%
Wage Growth	3.50%	(3)
Investment Rate of Return	7.10%	6.90%
Post Retirement Benefit Increase	(1)	(4)
Mortality	(2)	(5)

(1) CalSTRS post retirement benefit increases assumed at 2% simple (annually) maintaining 85% purchasing power level.

(2) CalSTRS base mortality tables are custom tables derived to best fit the patterns of mortality among CalSTRS members. The current mortality assumption uses a base year of 2023 and projected improvement is based on the MP-2021 Ultimate Projection Scale.

(3) Varies by entry age and service.

(4) CalPERS post retirement benefit increases assumes 2.00% until PPPA floor on purchasing power applies, 2.30% thereafter.

(5) CalPERS mortality table was developed based on CalPERS specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using the 80% of Scale MP-2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website.

Discount Rate

The discount rate used to measure the total pension liability was 7.10% CalSTRS and 6.90% for CalPERS. The projection of cash flows used to determine the discount rate assumed the contributions from plan members, employers, and state contributing agencies (where applicable) will be made at statutory contribution rates. To determine whether the District bond rate should be used in the calculation of a discount rate for each plan, CalSTRS and CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current discount rates are adequate and the use of the discount bond rate calculation is not necessary for either plan. The stress test results are presented in a detailed report that can be obtained from the CalPERS and CalSTRS respective websites.

According to Paragraph 30 of GASB Statement No. 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The investment return assumption used in the accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. Using this lower discount rate has resulted in a slightly higher Total Pension Liability and Net Pension Liability. CalSTRS and CalPERS checked the materiality threshold for the difference in calculation and did not find it to be a material difference.

CalSTRS and CalPERS are scheduled to review actuarial assumptions as part of their regular Asset Liability Management (ALM) review cycle. CalSTRS completed their ALM May 2023 with new policies in effect on July 1, 2023. CalPERS completed their ALM in 2021 with new policies in effect on July 1, 2022. Both CalSTRS and CalPERS conduct new ALM's every 4 years.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalSTRS and CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest quarter of one percent.

The tables below reflect the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

CalSTRS

Asset Class	Assumed Asset Allocation	Long Term Expected Rate of Return*	Long Term Expected Real Rate of Return**
Public Equity	38.00%	8.00%	5.25%
Real Estate	15.00%	6.80%	4.05%
Private Equity	14.00%	9.50%	6.75%
Fixed Income	14.00%	5.20%	2.45%
Risk Mitigating Strategies	10.00%	5.00%	2.25%
Inflation Sensitive	7.00%	6.40%	3.65%
Cash/Liquidity	2.00%	2.80%	0.05%

*20-30 year geometric average

** Real rates of return are net of assumed 2.75% inflation

CalPERS

Asset Class	Assumed Asset Allocation	Real Return (1)(2)
Global Equity - Cap-weighted	30.00%	4.54%
Global Equity - Non-Cap-weighted	12.00%	3.84%
Private Equity	13.00%	7.28%
Treasury	5.00%	0.27%
Mortgage-backed Securities	5.00%	0.50%
Investment Grade Corporates	10.00%	1.56%
High Yield	5.00%	2.27%
Emerging Market Debt	5.00%	2.48%
Private Debt	5.00%	3.57%
Real Assets	15.00%	3.21%
Leverage	-5.00%	-0.59%

(1) An expected inflation of 2.30% used for this period

(2) Figures are based on the 2021-22 Asset Liability Management Study

Sensitivity to Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following represents the District's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>CalSTRS</u>	<u>CalPERS</u>
1% Decrease	6.10%	5.90%
Net Pension Liability	\$ 17,417,357	\$ 15,297,034
Current Discount Rate	7.10%	6.90%
Net Pension Liability	\$ 9,792,000	\$ 10,298,000
1% Increase	8.10%	7.90%
Net Pension Liability	\$ 3,425,122	\$ 6,167,501

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalSTRS and CalPERS financial reports.

Note 9 - Postemployment Benefits other than Pension Benefits (OPEB)

General Information about the OPEB plan

Plan Description

The District's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses. The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the Plan.

Benefit provisions and the authority to pay benefits as they come due are established and may be amended by the District, as approved by the Board of Education. The OPEB Plan is administered by the District. There are no assets accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

The OPEB plan does not issue stand-alone financial reports that are available to the public.

Eligibility for District-Paid Benefits

The amount and duration of District-paid contributions for retiree health insurance varies by employment classification, age and date of hire as follows:

Certificated and Management employees are eligible to retire and receive District-paid health benefits after attaining age 55 and completing at least 15 years of District service. Classified employees may retire with District-paid benefits after attaining age 55 and completing at least 15 years of consecutive service. All retirees are subject to a cap on District-paid benefits. The caps are currently \$19,050 per year for Certificated retirees, \$17,202 for Classified retirees and \$17,202 for Certificated and Classified Management retirees.

District-paid benefits end at the earlier of age 65 or five years of benefits. A retiree may stay on the plans and self-pay the required premiums once District-paid benefits have ended. There is one grandfathered Certificated retiree, who is over age 65, receiving lifetime District-paid benefits.

Employees Covered by Benefit Terms

At June 30, 2025, the following retirees were covered by the benefit terms:

Inactive employees currently receiving benefit payments	6
Inactive employees entitled to but not yet receiving benefit payments	-
Participating active employees	191
Total number of participants	197

The OPEB plan does not issue stand-alone financial reports that are available to the public.

Total OPEB Liability

Actuarial Assumptions and Other Inputs

The total OPEB liability actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Inflation	2.50%
Salary increases	3.00% per year
Investment return / discount rate	3.97%
Healthcare cost trend rates	5.25% per year
Retirees' share of costs	0.00% of projected health insurance premiums

The discount rate was based on an index of 20-year, tax-exempt general obligation municipal bonds.

Mortality Rates for retired members and beneficiaries from CalSTRS Experience Analysis (2015-2018).
Post-retirement Mortality Rates for Healthy Recipients from CalPERS Experience Study (2000-2019).

Changes in OPEB Liability

	<u>Total OPEB liability</u>	
Balance at June 30, 2024	\$	3,936,100
Changes for the year:		
Service cost		334,263
Interest		161,155
Assumption changes		(35,202)
Benefit payments		(192,535)
Net changes		<u>267,681</u>
Balance at June 30, 2025	\$	<u><u>4,203,781</u></u>

There were no changes in benefit terms for the fiscal year ended June 30, 2025. The discount rate changed from 3.86% to 3.97% and the healthcare cost trend rate changed from 5.50% to 5.25%. There were no changes to any other inputs or assumptions.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	1 % Decrease 2.97%	Valuation discount rate 3.97%	1 % Increase 4.97%
Total OPEB liability	\$ 4,532,988	\$ 4,203,781	\$ 3,895,647

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current discount rate:

	1 % Decrease 4.25%	Health care cost valuation trend 5.25%	1 % Increase 6.25%
Total OPEB liability	\$ 3,707,334	\$ 4,203,781	\$ 4,797,092

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2025, the District recognized OPEB expense of \$432,987.

At June 30, 2025 the District reported the following deferred outflows and inflows of resources related to other postemployment benefits.

	Deferred Inflows of Resources	Deferred Outflows of Resources
Assumption changes	\$ 381,952	\$ 403,164
Difference between expected and actual experience	178,773	161,345
	<u>\$ 560,725</u>	<u>\$ 564,509</u>

Amounts reported as deferred inflows and outflows of resources related to OPEB will be recognized in OPEB expense as follows.

Year end June 30	Deferred Inflows of Resources	Deferred Outflows of Resources
2026	\$ 103,707	\$ 93,326
2027	98,163	93,326
2028	89,854	93,326
2029	89,854	72,355
2030	89,854	51,132
Thereafter	89,293	161,044
	<u>\$ 560,725</u>	<u>\$ 564,509</u>

Note 10 - Commitments and Contingencies

State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific purposes that are subject to view and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

Note 11 - Restricted Fund Balances

Restricted fund balances at June 30, 2025 are as follows:

Expanded Learning Opportunities Program	\$	333,150
Child Nutrition: Supply Chain Assistance (SCA) Funds		41,707
Literacy Coaches and Reading Specialists Grant Program		1,059,727
Educator Effectiveness, FY 2021-22		179,960
Lottery: Instructional Materials		865,323
CA Community Schools Partnership Act - Implementation Grant		118,399
Golden State Pathways Program		472,792
Mental Health-Related Services		161,173
Special Education Early Intervention Preschool Grant		286,241
Arts, Music, and Instructional Materials Discretionary Block Grant		539,760
Arts and Music in Schools (AMS)-Funding Guarantee and Accountability Act (Prop 28)		203,781
Child Nutrition: Food Service Staff Training Funds		11,405
Child Nutrition: Kitchen Infrastructure and Training Funds - 2022 KIT Funds		78,492
Dual Enrollment Opportunities		90,000
A-G Access/Success Grant		135,386
A-G Learning Loss Mitigation Grant		75,000
Learning Recovery Emergency Block Grant		855,154
Other Restricted Local		784,327
Student Body Fund		84,793
Cafeteria Special Revenue Fund		350,535
Building Fund		1,353
Capital Facilities Fund		376,798
County Schools Facilities Fund		7,749,833
Bond Interest and Redemption Fund		808,942
Total	\$	<u>15,664,031</u>

Note 12 - Joint Power Agreements

The District participates in two joint ventures under joint powers agreements (JPAs) as follows:

- California Risk Management Authority (CRMA I)
(liability and casualty insurance)
- California Risk Management Authority (CRMA II)
(workers' compensation insurance)

The relationships between the District and the other JPAs are such that none of the other JPAs are component units of the District for financial reporting purposes.

The JPAs provide insurance and services as noted for member organizations.

Each JPA is governed by a board consisting of a representative from each member organization. Such governing board controls the operations of its JPA, including selection of management and approval of operating budgets, independent of any influence by the member districts beyond representation on the governing board.

Each member organization pays premiums and fees commensurate with the level of coverage or services requested, and shares surpluses and deficits proportionate to its participation in each JPA.

Each JPA is independently accountable for its fiscal matters, and maintains its own accounting records.

The District's share of year-end assets, liabilities, or fund equity has not been calculated by the entities.

Condensed financial information for the above JPAs for the year ended June 30, 2025 was not available as of the audit report date. Complete financial statements for the JPAs may be obtained from the JPAs at the addresses indicated below.

CRMA I and II	California Risk Management Authority 9493 N. Fort Washington Road, Suite 101 Fresno, CA 93730-0660
---------------	--

Note 13 - Prior Period Adjustment

Fund balance in the Student Body Fund was overstated by \$4,040 at June 30, 2024. The beginning balance was restated to reflect the correction.

Note 14 - Subsequent Events

Subsequent events have been evaluated through December 4, 2025, the date these financial statements were available to be issued.

This page is intentionally left blank.

Supplementary Information

Golden Plains Unified School District
 Schedule of Average Daily Attendance
 Year Ended June 30, 2025

	Second Period Report	Annual Report
Grades TK-3: Regular ADA	401.25	404.07
Grades 4-6: Regular ADA	297.72	297.44
Grades 7 and 8: Regular ADA	198.08	197.86
Grades 9-12: Regular ADA	345.95	345.53
ADA Grand Total	<u>1,243.00</u>	<u>1,244.90</u>

There were no audit findings which resulted in necessary revisions to attendance.

Average daily attendance is a measurement of the number of pupils attending classes of the district or charter school. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionment of state funds are made to school districts and charter schools. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

School districts and charter schools must maintain their instructional minutes as defined in Education Code Section 46207. This schedule is required of all districts, including basic aid districts.

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instruction time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206.

Total outgo	<u>35,000,221</u>	<u>39,565,066</u>	<u>35,824,828</u>	<u>34,387,049</u>
Change in fund balance (deficit)	<u>(2,917,030)</u>	<u>(5,315,787)</u>	<u>(3,017,551)</u>	<u>7,429,371</u>
Ending fund balance	<u>\$ 8,163,574</u>	<u>\$ 11,080,604</u>	<u>\$ 16,444,286</u>	<u>\$ 19,461,837</u>
 Available reserves (see note b)	 <u>\$ 3,618,575</u>	 <u>\$ 4,750,557</u>	 <u>\$ 6,700,740</u>	 <u>\$ 10,450,624</u>
 Available reserves as a percentage of total outgo	 <u>10.3%</u>	 <u>12.0%</u>	 <u>18.7%</u>	 <u>30.4%</u>
 Total long-term debt	 <u>\$ 33,939,050</u>	 <u>\$ 34,500,443</u>	 <u>\$ 34,919,480</u>	 <u>\$ 33,910,796</u>
 Average daily attendance at P-2	 <u>1,271</u>	 <u>1,243</u>	 <u>1,271</u>	 <u>1,254</u>

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

The fund balance of the General Fund (combined) has decreased by \$8,381,233 (43.1%) over the past two years. The fiscal year 2025-2026 budget projects a decrease of \$2,917,030 (26.3%). For an organization of this size, the State recommends available reserves of at least 3% of total General Fund expenditures, transfers out, and other uses (total outgo).

The District hasn't incurred an operating deficit in any of the past three years, and projects a decrease during the 2025-2026 fiscal year. Total long-term debt has increased by \$589,647 over the past two years.

Average daily attendance has decreased by 11 over the past two years. The District anticipates average daily attendance to increase by 28 during fiscal year 2025-2026.

Notes:

- a. The budget for 2026 is included for analytical purposes only and has not been subjected to audit.
- b. Available reserves consist of all unassigned fund balances and all funds reserved for economic uncertainties contained within the General Fund.

Golden Plains Unified School District
 Reconciliation of Annual Financial and Budget Report with Audited Financial Statements
 Year Ended June 30, 2025

This schedule provides the information necessary to reconcile the fund balances of all funds and the total liabilities balance of the general long-term debt account group as reported on the SACS report to the audited financial statements. Funds that required no adjustment are not presented.

Golden Plains Unified School District
Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2025

Basis of Presentation

The accompanying schedule of expenditures of federal awards ("the Schedule") includes the federal grant activity of Golden Plains Unified School District. The information in the Schedule is presented in accordance with the requirements of Title 2, *Code of Federal Regulations*, Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Subpart F—Audit Requirements (Uniform Guidance). Therefore, some amounts may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. These expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Golden Plains Unified School District did not elect to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

The District did not participate in any loan or loan guarantee programs as described in Title 2, *Code of Federal Regulations*, Part 200.502(b) during the year ended June 30, 2025.

The District did not provide any awards to subrecipients.

Other Independent Auditor Reports

Independent Auditor's Report on Internal Control over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance With Government Auditing Standards

To the Board of Trustees
Golden Plains Unified School District
San Joaquin, California 93660

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Golden Plains Unified School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Golden Plains Unified School District's basic financial statements, and have issued our report thereon dated December 4, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Golden Plains Unified School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Golden Plains Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Golden Plains Unified School District's internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Golden Plains Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Linger, Peterson & Shrum

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Trustees
Golden Plains Unified School District
San Joaquin, California 93660

Report on Compliance for Each Major Federal Program

Opinion on Each Major Program

We have audited Golden Plains Unified School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Golden Plains Unified School District's major federal programs for the year ended June 30, 2025. Golden Plains Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Golden Plains Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2, *Code of Federal Regulations*, Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Subpart F—Audit Requirements (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Golden Plains Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Golden Plains Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Golden Plains Unified School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Golden Plains Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Golden Plains Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Golden Plains Unified School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Golden Plains Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Golden Plains Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Linger, Peterson & Shrum

Independent Auditor's Report on State Compliance and on Internal Control over Compliance

To the Board of Trustees
Golden Plains Unified School District
San Joaquin, California 93660

Report on Compliance

Opinion

We have audited the District's compliance with the requirements specified in the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, (K-12 Audit Guide), published by the Education Audit Appeals Panel, applicable to the District's state program requirements identified below for the year ended June 30, 2025.

In our opinion, Golden Plains Unified School District complied, in all material respects, with the laws and regulations of the state programs noted in the table below for the year ended June 30, 2025.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above, and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Golden Plains Unified School District's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above performing such other procedures as we consider necessary in the circumstances;
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

Local Education Agencies Other Than Charter Schools:

Attendance	Yes
Teacher Certification and Misassignments	Yes
Independent Study	No
Continuation Education	No
Instructional Time	Yes
Instructional Materials	Yes
Ratio of Administrative Employees to Teachers	Yes
Classroom Teacher Salaries	Yes
Early Retirement Incentive	Not applicable
GANN Limit Calculation	Yes
School Accountability Report Card	Yes
Juvenile Court Schools	Not applicable
Middle or Early College High Schools	Not applicable
K-3 Grade Span Adjustment	Yes
Apprenticeship: Related and Supplemental Instruction	Not applicable
Comprehensive School Safety Plan	Yes
District of Choice	Not applicable
Home to School Transportation Reimbursement	Yes

School Districts, County Offices of Education, and Charter Schools:

Proposition 28 Arts and Music in Schools	Yes
After/Before School Education and Safety Program	Not applicable
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control and Accountability Plan	Yes
Independent Study-Course Based	Not applicable
Immunizations	Not applicable
Educator Effectiveness	Not applicable
Expanded Learning Opportunities Grant (ELO-G)	Yes
Career Technical Education Incentive Grant	Not applicable
Expanded Learning Opportunities Program	Yes
Transitional Kindergarten	Yes
Kindergarten Continuance	Yes

Charter Schools:

Attendance	Not applicable
Mode of Instruction	Not applicable
Nonclassroom-Based Instruction/Independent Study	Not applicable
Determination of Funding for Nonclassroom-Based Instruction	Not applicable
Annual Instructional Minutes - Classroom Based	Not applicable
Charter School Facility Grant Program	Not applicable

The term "Not applicable" is used above to mean either the District did not offer the program during the current fiscal year or the program applies to a different type of local education agency.

We did not perform procedures for Independent Study for the District as it was considered immaterial and not required per state testing guidance.

We did not perform procedures for Continuation Education for the District as it was considered immaterial and not required per state testing guidance.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Linger, Peterson & Shrum

Required Communications Letter

To the Board of Trustees
Golden Plains Unified School District
San Joaquin, California 93660

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Golden Plains Unified School District (District) for the year ended June 30, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, and if applicable, Government Auditing Standards, and the Uniform Guidance, as applicable, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 4, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended June 30, 2025. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements were:

- The District's investments are carried at fair value. Fair value amounts were derived from quoted market prices.
- The District's net pension liability is based on actuarial evaluations, which involve estimates of the value of reported amounts and probabilities about the occurrence of future events far into the future. We evaluated the key factors and assumptions used to develop the net pension liability in determining that it is reasonable in relation to the financial statements taken as a whole.

- Depreciation expense is computed based on the estimated useful life of the asset when it is acquired. The actual useful life of the asset will most likely differ from the original estimate.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the disclosures relating to investments, to the net pension liability, and to depreciation expense as described above.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements, detected as a result of audit procedures and corrected by management, were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 4, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to required supplementary information (RSI) identified in the table of contents of the reporting package, which supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on supplementary information identified in the table of contents of the reporting package, which accompanies the financial statements but is not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of the Board of Trustees and management of Golden Plains Unified School District and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully,

Linger, Peterson & Shrum

APPENDIX C

GENERAL INFORMATION ABOUT THE CITY OF SAN JOAQUIN AND FRESNO COUNTY

The Bonds are not a debt of the City of San Joaquin (the “City”), the County of Fresno (the “County”), or the State of California (the “State”). The County, including its Board of Supervisors, officers, officials, agents and other employees, are required, only to the extent required by law, to: (i) levy and collect ad valorem taxes for payment of the Bonds in accordance with the law; and (ii) transmit the proceeds of such taxes to the paying agent for the payment of the principal of and interest on the Bonds at the time such payment is due.

General Information

The City. The City was settled during the gold rush and was an important river town settlement for pioneers during the mining era. As a former settlement, the City is recognized as a California Historical Landmark. The City was incorporated in 1920 and is located 35 miles west of the City of Fresno near Interstate 5 and State routes 33, 80,145, 41 and 99. The rural agricultural community has access to the urban areas of Los Angeles and the San Francisco Bay Area via I-5.

The County. The County is the State’s fifth-largest county as measured by area, covering approximately 6,000 square miles. It is located in the geographic center of the State and is the nation’s leading crop-producing county.

Within the County, there are roughly four different agricultural areas. East and south of the City of Fresno, grapes and other fruit and nut crops are grown, harvested and processed for shipment; west of the City of Fresno is a melon-producing area, which lies within the Mendota Unified School District. Also to the west, large crops of cotton, alfalfa, barley, rice, wheat and vegetables are produced. In the southwest are oil wells, extensive cattle and sheep ranches.

The County is the trade, financial and commercial center for many surrounding counties in the Central Valley and is a hub of transportation facilities connecting the Central Valley to all parts of the Country. Two major north-south highways, State Highway 99 and Interstate Highway 5, pass through the County. State Routes 180 and 198 run east and west. Railroads, major airlines, bus lines and numerous trucking companies also serve the area.

Population

The following table lists population estimates for the City, the County and other major cities in the County as of January 1 each year for the last five calendar years.

Employment Industry

The District is included in the Fresno Metropolitan Statistical Area (“**Fresno MSA**”). The unemployment rate in the Fresno MSA was 7.5% in September 2025, down from a revised 7.9% in August 2025, and above the year-ago estimate of 6.7%. This compares with an unadjusted unemployment rate of 5.6% for California and 4.3% for the nation during the same period. The unemployment rate was 7.5% in the County, and 7.0% in Madera County.

The table below provides information about employment by industry type for the Fresno MSA for calendar years 2020 through 2024.

Effective Buying Income

“Effective Buying Income” is defined as personal income less personal tax and non-tax payments, a number often referred to as “disposable” or “after-tax” income. Personal income is the aggregate of wages and salaries, other labor-related income (such as employer contributions to private pension funds), proprietor’s income, rental income (which includes imputed rental income of owner-occupants of non-farm dwellings), dividends paid by corporations, interest income from all sources, and transfer payments (such as pensions and welfare assistance). Deducted from this total are personal taxes (federal, state and local), non-tax payments (fines, fees, penalties, etc.) and personal contributions to social insurance. According to U.S. government definitions, the resultant figure is commonly known as “disposable personal income.”

The following table summarizes the total median household effective buying income for the City, the County, the State and the United States for the period 2022 through 2026.

FRESNO COUNTY Median Household Effective Buying Income 2022 through 2026

	2022	2023	2024	2025	2026

APPENDIX D

PROPOSED FORM OF OPINION OF BOND COUNSEL

[LETTERHEAD OF JONES HALL LLP]

[Closing Date]

Board of Trustees
Golden Plains Unified School District
22000 Nevada Street
San Joaquin, California 93660

OPINION: \$_____ Golden Plains Unified School District
 (Fresno County, California)
 2026 Refunding General Obligation Bonds

Members of the Board of Trustees:

We have acted as bond counsel to the Golden Plains Unified School District (the “District”) in connection with the issuance by the District of \$_____ principal amount of Golden Plains Unified School District (Fresno County, California) 2026 Refunding General Obligation Bonds, dated the date hereof (the “Bonds”), under the provisions of Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Section 53550 of said Code (the “Bond Law”) and a resolution adopted by the Board of Trustees of the District (the “Board”) on February 10, 2026 (the “Bond Resolution”). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Board contained in the Bond Resolution and in the certified proceedings and certifications and opinions of public officials and others furnished to us, without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. The District is duly established and validly existing as a unified school district with the power to issue the Bonds and to perform its obligations under the Bond Resolution.
2. The Bond Resolution has been duly adopted by the Board and constitutes a valid and binding obligation of the District enforceable against the District in accordance with its terms.
3. The Bonds have been duly issued and sold by the District and are valid and binding general obligations of the District, and the County of Fresno is obligated to levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation as to rate or amount.

4. The interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. It should be noted however that interest on the Bonds may be subject to the corporate alternative minimum tax. The opinions set forth in the preceding sentences are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

5. The interest on the Bonds is exempt from personal income taxation imposed by the State of California.

We express no opinion regarding any other tax consequences arising with respect to the ownership, sale or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE

\$ _____
GOLDEN PLAINS UNIFIED SCHOOL DISTRICT
(Fresno County, California)
2026 Refunding General Obligation Bonds
CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (this “**Disclosure Certificate**”) is executed and delivered by the Golden Plains Unified School District (the “**District**”) in connection with the issuance and delivery of the captioned bonds (the “**Bonds**”). The captioned Bonds are being issued pursuant to a resolution adopted by the Board of Trustees of the District on February 10, 2026 (the “**Resolution**”). U.S. Bank Trust Company, National Association, is initially acting as paying agent for the Bonds (the “**Paying Agent**”). The District hereby covenants and agrees as follows:

Section 1. Purpose of this Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with S.E.C. Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth above and in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“*Annual Report*” means any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4.

“*Annual Report Date*” means the date not later than nine months after the end of each fiscal year of the District (currently March 31).

“*Dissemination Agent*” means, initially, Keygent LLC, or any successor Dissemination Agent designated in writing by the District and which has filed with the District and the Paying Agent a written acceptance of such designation.

“*Listed Events*” means any of the events listed in Section 5(a).

“*MSRB*” means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule.

“*Official Statement*” means the final official statement executed by the District in connection with the issuance of the Bonds.

“*Paying Agent*” means U.S. Bank Trust Company, National Association, or any successor thereto.

“*Participating Underwriter*” means Stifel, Nicolaus & Company, Inc., the original Underwriter of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“*Rule*” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than the Annual Report Date, commencing not later than March 31, 2027 with the report for the 2025-26 fiscal year, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report that is consistent with the requirements of Section 4. Not later than 15 Business Days prior to the Annual Report Date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If by 15 Business Days prior to the Annual Report Date the Dissemination Agent (if other than the District) has not received a copy of the Annual Report, the Dissemination Agent shall contact the District to determine if the District is in compliance with the previous sentence. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 4; provided that the audited financial statements of the District may be submitted separately from the balance of the Annual Report, and later than the Annual Report Date, if not available by that date. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(b). The District shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by the District hereunder.

(b) If the District does not provide (or cause the Dissemination Agent to provide) an Annual Report by the Annual Report Date, the District in a timely manner shall provide (or cause the Dissemination Agent to provide) notice to the MSRB, in an electronic format in a form as prescribed by the MSRB, with a copy to the Paying Agent and Participating Underwriter.

(c) With respect to each Annual Report, the Dissemination Agent shall:

- (i) determine each year prior to the Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and
- (ii) if the Dissemination Agent is other than the District, file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided.

Section 4. Content of Annual Reports. The District’s Annual Report shall contain or incorporate by reference the following:

(a) Audited financial statements prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the District's audited financial statements are not available by the Annual Report Date, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) Unless otherwise provided in the audited financial statements filed on or before the Annual Report Date, financial information and operating data with respect to the District, as follows

- (i) Assessed value of taxable property in the jurisdiction of the District as shown on the most recent equalized assessment role;
- (ii) Assessed valuation of the properties of the top 20 secured property taxpayers in the District as shown on the most recent equalized assessment role;
- (iii) Property tax collection delinquencies for the District for the most recently completed fiscal year, or if not available, for the previous fiscal year, but only if available from the County at the time of filing the Annual Report and only if the District's general obligation bond levies are not included in Fresno County's Teeter Plan;
- (iv) The District's most recently adopted Budget with budgeted figures, which is available at the time of filing the Annual Report; and
- (v) Such further information, if any, as may be necessary to make the statements made pursuant to (a) and (b) of this Section, in the light of the circumstances under which they are made, not misleading.

(c) Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which are available to the public on the MSRB's internet web site or filed with the Securities and Exchange Commission. The District shall clearly identify each such other document so included by reference.

Section 5. Reporting of Significant Events.

(a) The District shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to the Bonds:

- (1) Principal and interest payment delinquencies.
- (2) Non-payment related defaults, if material.
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties.

- (4) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (5) Substitution of credit or liquidity providers, or their failure to perform.
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.
- (7) Modifications to rights of security holders, if material.
- (8) Bond calls, if material, and tender offers.
- (9) Defeasances.
- (10) Release, substitution, or sale of property securing repayment of the securities, if material.
- (11) Rating changes.
- (12) Bankruptcy, insolvency, receivership or similar event of the District.
- (13) The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (14) Appointment of a successor or additional paying agent or the change of name of a paying agent, if material.
- (15) Incurrence of a financial obligation (defined in subparagraph (e) below) of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material.
- (16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall, or shall cause the Dissemination Agent (if not the District) to, file a notice of such occurrence with the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event.

(c) The District acknowledges that the events described in subparagraphs (a)(2), (a)(7), (a)(8) (if the event is a bond call), (a)(10), (a)(13), (a)(14) and (a)(15) of this Section contain the qualifier "if material" and that subparagraph (a)(6) also contains the qualifier "material" with respect to certain notices, determinations or other events affecting the tax status of the Bonds. The District shall cause a notice to be filed as set forth in paragraph (b) above with respect to any

such event only to the extent that it determines the event's occurrence is material for purposes of U.S. federal securities law. Whenever the District obtains knowledge of the occurrence of any of these Listed Events, the District will as soon as possible determine if such event would be material under applicable federal securities law. If such event is determined to be material, the District will cause a notice to be filed as set forth in paragraph (b) above.

(d) For purposes of this Disclosure Certificate, any event described in paragraph (a)(12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(e) For purposes of Section 5(a)(15) and (a)(16), the term "financial obligation" means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule.

Section 6. Identifying Information for Filings with the MSRB. All documents provided to the MSRB under this Disclosure Certificate shall be accompanied by identifying information as prescribed by the MSRB.

Section 7. Termination of Reporting Obligation. The District's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(b).

Section 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any Dissemination Agent, with or without appointing a successor Dissemination Agent. Any Dissemination Agent may resign by providing 30 days' written notice to the District and the Paying Agent.

Section 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

- (a) if the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of an obligated person with respect to the Bonds, or type of business conducted;

- (b) the undertakings herein, as proposed to be amended or waived, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and
- (c) the proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Resolution for amendments to the Resolution with the consent of holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds.

If the annual financial information or operating data to be provided in the Annual Report is amended pursuant to the provisions hereof, the first annual financial information filed pursuant hereto containing the amended operating data or financial information shall explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

If an amendment is made to the undertaking specifying the accounting principles to be followed in preparing financial statements, the annual financial information for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to investors to enable them to evaluate the ability of the District to meet its obligations. To the extent reasonably feasible, the comparison shall be quantitative. A notice of the change in the accounting principles shall be filed in the same manner as for a Listed Event under Section 5(b).

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 11. Default. If the District fails to comply with any provision of this Disclosure Certificate, the Participating Underwriter or any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent.

(a) The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent will have no duty or obligation to review any information provided to it by the District hereunder, and shall not be deemed to be acting in any fiduciary capacity for the District, the Bondholders or any other party. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

(b) The Dissemination Agent shall be paid compensation by the District for its services provided hereunder in accordance with its schedule of fees as amended from time to time, and shall be reimbursed for all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder.

Section 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX F

DTC AND THE BOOK-ENTRY ONLY SYSTEM

The following description of the Depository Trust Company ("DTC"), the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, interest and other payments on the Bonds to DTC participants or Beneficial Owners, confirmation and transfer of beneficial ownership interest in the Bonds and other related transactions by and between DTC, the DTC participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters and neither the DTC participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC participants, as the case may be.

Neither the District nor the Paying Agent take any responsibility for the information contained in this Section.

No assurances can be given that DTC, DTC participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) Bonds representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Bonds, or that they will so do on a timely basis, or that DTC, DTC participants or DTC Indirect Participants will act in the manner described in this APPENDIX. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC participants are on file with DTC.

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (in this APPENDIX, the "Bonds"). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC. If, however, the aggregate principal amount of any maturity exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned

subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. *The information contained on this Internet site is not incorporated herein by reference.*

3. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive Bonds representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

4. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

6. Redemption notices will be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting

rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from District or Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, Paying Agent, or District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to District or Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bonds are required to be printed and delivered.

10. The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

11. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that District believes to be reliable, but District takes no responsibility for the accuracy thereof.

COUNTY OF FRESNO
AUDITOR-CONTROLLER/TREASURER-TAX COLLECTOR
TREASURY INVESTMENT POOL

INVESTMENT POLICY

1.0 Purpose

The Auditor-Controller/Treasurer-Tax Collector's policy is to invest public funds in a manner that will provide a market average rate of return consistent with the objectives included in this Investment Policy while meeting the daily cash flow demands of the County Treasury and conform to all applicable state laws governing the investment of public funds.

Investments differing from this policy shall be made only in circumstances where market timing or economic trends indicate such investments are beneficial. Such investments must comply with all applicable laws and may only be made with written approval by the Auditor-Controller/Treasurer-Tax Collector.

This Investment Policy is established under Government Code sections 27133 and 53646.

2.0 Scope

This Investment Policy applies to all financial assets deposited and retained in the County of Fresno Treasury Investment Pool.

3.0 Objective

The primary objectives, in priority order, of the County of Fresno's investment activities shall be the following:

3.1 Safety. Investments shall be undertaken in a manner that seeks to ensure preservation of capital in the overall portfolio. Investments should be made in securities of high quality to avoid credit risk and loss of principal.

3.2 Liquidity. The investment portfolio should remain sufficiently liquid to enable the Treasury Investment Pool to meet all its operating requirements which might be reasonably anticipated.

3.3 Return on Investment. The investment portfolio shall be designed with the objective of attaining the highest interest revenue, taking into consideration the

objectives of this Investment Policy and the cash flow characteristics of the portfolio.

3.4 Local Community Reinvestment. When it is in the best interest of the investment portfolio, and within the confines of other objectives enumerated in this Investment Policy, the Auditor-Controller/Treasurer-Tax Collector may give preference to local investment opportunities.

4.0 **Delegation of Authority**

The authority of the Board of Supervisors to delegate management responsibility for the County of Fresno Treasury Investment Pool is derived from GC 53607. Investment authority, in accordance with this provision, has been delegated to the Auditor-Controller/Treasurer-Tax Collector. The original delegation is in the Ordinance Code of the County of Fresno Section 2.20.080 and is subject to annual renewal by the Board of Supervisors. The Auditor-Controller/Treasurer-Tax Collector shall establish written procedures for the operation of the investment program consistent with this Investment Policy. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions (GC 53607).

No person may engage in an investment transaction for the Treasury Investment Pool except as provided under the terms of this policy and the procedures established by the Auditor-Controller/Treasurer-Tax Collector. The Auditor-Controller/Treasurer-Tax Collector shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate staff.

The County of Fresno Treasury Oversight Committee shall annually review and monitor the Investment Policy. The County of Fresno Treasury Oversight Committee shall also cause an annual audit to determine the Auditor-Controller/Treasurer-Tax Collector's compliance with this Investment Policy. The cost of the audit shall be considered an administrative cost of investing. Audit Reports are available to participants of the Treasury Investment Pool upon request (GC 27133, 27134 and 27135).

5.0 **Ethics and Conflict of Interest**

The Auditor-Controller/Treasurer-Tax Collector, the County of Fresno Treasury Oversight Committee and staff involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

Receipt of honoraria, gifts and gratuities from advisors, brokers, dealers, bankers or other persons with whom the County Treasury conducts business by any member of the County of Fresno Treasury Oversight Committee shall require the completion of an annual Statement of Economic Interests by each member to be filed with the member's respective agency. This policy sets a \$630 per current filing limit on the amount of honoraria, gifts and gratuities that a committee member may receive from a single source in a calendar year (GC 89503; 2 CCR section 18940.2).

6.0 Prudence

Investments shall be made with judgment and care, under the circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, and not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

6.1 The standard of prudence to be used by investment officials shall be the “prudent investor” standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with the investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk of market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

7.0 Borrowing for Purposes of Making Investments

The Fresno County Auditor-Controller/Treasurer-Tax Collector is prohibited from the practice of borrowing for the sole purpose of making investments.

8.0 Authorized Investments and Limits

All investments shall be governed by the Government Code and comply with the specific limitations set forth within this Investment Policy. Securities shall be valued at amortized cost when determining their percentage to the money in the County of Fresno Treasury Investment Pool. Additions or deviations from this list must be expressly authorized by the Government Code and approved by the Auditor-Controller/Treasurer-Tax Collector. Investments not expressly authorized by law are prohibited.

The Auditor-Controller/Treasurer-Tax Collector interprets the authorized investment limits to be based upon the portfolio allocation at the time a security is purchased. The portfolio allocation may temporarily fall outside of these limits due to maturities and fluctuations in the size of the pool after the purchase of a security. Additionally, the applicable credit ratings are interpreted to be based upon the rating at the time the security is purchased.

8.1 United States Treasury Bills, Notes, Certificates of Indebtedness, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest.

8.2 Obligations issued by Federal Farm Credit Banks, Federal Home Loan Banks, the Federal Home Loan Mortgage Company, or in obligations, participations, or other instruments of or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in obligations, participations, or other instruments of or issued by a federal agency or a United States Government-sponsored enterprise.

8.3 Bills of Exchange or Time Drafts drawn on and accepted by a commercial bank, otherwise known as Bankers Acceptances, both domestic and foreign, which are eligible for purchase by the Federal Reserve System. Any investment in Bankers Acceptances shall be restricted to the top 150 banks in the world as determined by their total assets and limited to those institutions in this group whose short term debt rating is of prime quality of the highest ranking or of the highest letter and numerical rating as provided for by a nationally recognized statistical-rating service.

Purchases of Bankers Acceptances may not exceed 180 days maturity or 40 percent of the money in the Treasury Investment Pool.

8.4 Commercial Paper of prime quality of the highest ranking or of the highest letter and numerical rating as provided for by a nationally recognized statistical rating organization, having a maximum maturity of 270 days or less. The entity that issues the commercial paper shall meet all of the following conditions of either (1) or (2): (1) The entity must be organized and operating within the United States as a general corporation; have total assets in excess of five hundred million dollars; and have a rating category of "A" or its equivalent or higher by a nationally recognized statistical rating organization for its debt other than commercial paper, if any. (2) The entity must be organized within the United States as a special purpose corporation, trust, or limited liability company; have program wide credit enhancements including, but not limited to, overcollateralization, letters of credit, or a surety bond; and have commercial paper that is rated "A-1" or higher, or the equivalent, by a nationally recognized statistical rating organization.

Additionally, GC 53635 limits the assets held by the Treasury Investment Pool in any single issuer to 10 percent and the total Commercial Paper investments may not exceed 40 percent of the total assets in the Treasury Investment Pool.

8.5 Negotiable Certificates of Deposit issued by a nationally or state-chartered bank, savings association, federal association, or state-licensed branch of a foreign bank. Any investment is to be restricted to the top 150 banks in the

world as determined by their total assets and limited to those institutions in this group whose short term debt rating is of prime quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc. or Standard and Poor's (P-1; A-1). As an alternative to the credit guidelines above, banks, savings associations or federal associations having a four star rating or higher rating as provided for by Bauer Financial, Inc. or a comparable rating service, shall be considered eligible institutions for these investments.

Investments in Negotiable Certificates of Deposit (including those allowed under section 8.6.1) may not exceed 30 percent of the money in the Treasury Investment Pool. No more than 5 percent of the money shall be invested in any one institution.

8.6 Non-negotiable Time Certificates of Deposit issued by a nationally or state-chartered bank, savings association or federal association (GC 53601 (n)). Unless fully covered by FDIC insurance, including the interest earned, these investments require full collateralization with government securities totaling 110 percent or mortgages totaling 150 percent of the principal amount (GC 53652). Any investment is to be restricted to those institutions whose short term rating is of prime quality of the highest ranking as provided for by Moody's Investors Service, Inc. or Standard and Poor's (P-1; A-1). As an alternative to the credit guidelines above, banks, savings associations or federal associations having a four star rating or higher as provided for by Bauer Financial, Inc. or a comparable rating service, shall be considered eligible institutions for these investments. Any investment will require the approval and execution of a Contract for Deposit by the Auditor-Controller/Treasurer-Tax Collector, as authorized by GC 53682.

Investments in Non-negotiable Time Certificates of Deposit may not exceed 50 percent of the money in the Treasury Investment Pool. No more than 15 percent of the money shall be invested in any one institution.

8.6.1 Investments in certificates of deposit at a commercial bank, savings bank, savings and loan association, or credit union that uses a private sector entity that assists in the placement of certificates of deposit. Investments will be made in compliance with GC 53635.8. Investments shall be initially placed with a nationally or state-chartered commercial bank, savings bank, savings and loan association or a credit union in this state, which shall be known as the selected depository institution. Any investment will require the approval and execution of a Deposit Placement Agreement by the Auditor-Controller/Treasurer-Tax Collector. Investments in certificates of deposit under sections 8.5 and 8.6.1 may not exceed 30 percent of the money in the Treasury Investment Pool. Additionally, investments under 8.6.1 shall not exceed 15 percent of the money in the Treasury Investment Pool.

8.7 Investments in Repurchase Agreements representing United States Treasury Securities, United States Agency discount and coupon securities, domestic and foreign Banker's Acceptances, commercial paper, and domestic bank/savings associations or federal associations Negotiable Certificates of Deposit.

Investments shall be made only after the execution of a Repurchase and Custody Agreement (Tri-Party Agreement) between the County or the investment manager (if under contract), the dealer and the Custodian. Investments will consist of overnight Repurchase Agreements, which include weekend placements and maturities (GC 53601 (j)).

Excluding circumstances of market-timing and known cash demands, investments in Repurchase Agreements shall be limited to not more than 15 percent of the money in the Treasury Investment Pool. The market value of securities that underlie a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against these securities. Any exceptions to the maturity or investment amount provisions will require written approval by the Auditor-Controller/Treasurer-Tax Collector.

8.8 Medium-term Notes with a maximum remaining maturity of five years or less issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment shall be rated in a rating category of "A" or higher, by Standard and Poor's Corporation, or its equivalent or better by a nationally recognized rating service.

Investments in Medium-term Notes may not exceed 30 percent of the money in the Treasury Investment Pool.

8.9 Investment of funds in the Local Agency Investment Fund (LAIF) created by law, which the State Treasurer invests through the Pooled Money Investment Account. Money invested in LAIF is available for overnight liquidity; however, it is also subject to a limited number of transactions per month. Money shall be placed in LAIF as alternative liquid investments under the guidelines of this policy pertaining to yield. The County may invest up to the maximum amount permitted by LAIF, not to exceed 10 percent of the portfolio. The Auditor-Controller/Treasurer-Tax Collector may invest any portion of debt proceeds in the LAIF.

8.10 Shares of beneficial interest issued by diversified management companies, otherwise known as Mutual Funds, investing in the securities and obligations as authorized by the GC 53601 et. seq.

To be eligible for investment, these companies shall either: (1) attain the highest ranking or the highest letter and numerical rating provided by two of the largest

nationally recognized rating services, or (2) have an investment adviser registered with the Securities and Exchange Commission with at least five years of experience investing in the securities authorized by the GC sections noted above and with assets under management in excess of \$500,000,000.

Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940. To be eligible for investment, these companies shall either: (1) attain the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations, or (2) retain an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of \$500,000,000 (GC 53601).

Investment in Mutual Funds shall not include the payment of any commission that diversified management companies may charge and may not exceed 20 percent of the surplus funds in the Treasury Investment Pool. Only 10 percent of the surplus funds may be invested in any one mutual fund (GC 53601, 53635.2).

8.11 Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond of a maximum of five years maturity. Securities eligible for investment shall be rated "AA" or its equivalent or better by a nationally recognized rating service.

Investments in these securities may not exceed 10 percent of the funds in the Treasury Investment Pool.

8.12 Bond proceeds may be invested in accordance with the Government Code provisions, or they may be invested in alternative vehicles if authorized by bond documents (GC 53635.2 and California Debt and Investment Advisory Commission (CDIAC) Local Agency Investment Guidelines).

8.13 External Investment Managers. The Auditor-Controller/Treasurer-Tax Collector may contract with external investment managers to provide investment management services. These managers may be hired to invest funds not needed for liquidity and to increase the rate of return of the pool by employing an active investment strategy. The external investment manager is allowed to make specific investment decisions within the framework of this investment policy.

External investment managers are required to provide timely transaction documentation and investment reports to ensure that the manager's actions comply with the requirements of the law and this investment policy. External

investment managers shall remit, at least quarterly, the interest earnings to the Pool to allow these earnings to be apportioned to the pool participants.

Selection of External Investment Managers is subject to section 13.0 of this Investment Policy. Additionally, after selection, the manager's performance shall be reviewed against the agreed upon benchmark.

8.14 Registered state warrants or treasury notes or bonds of the State of California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

Investments in these securities may not exceed 10 percent of the surplus funds in the Treasury Investment Pool.

8.15 United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), or Inter-American Development Bank (IADB), with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States.

Investments under this section 8.15 shall be rated in a rating category of "AA" or its equivalent or better by a nationally recognized rating service.

Additionally, investment under this section 8.15 shall not exceed 5 percent of the money in the Treasury Investment Pool.

9.0 **Selection of Investments**

Except as provided below, investments shall only be made following a minimum of three competitive comparisons with offerings documented and retained for each type of investment.

Exceptions to this requirement are: 1) California registered state warrants under section 8.14, and 2) U.S. Treasury Bills and Notes under section 8.1.

10.0 **Diversification**

The Treasury Investment Pool shall be diversified by security type and institution. In addition to the requirements in section 8.0, "Authorized Investments and Limits," no more than 5% of the money in the Treasury Pool may be invested with any one corporate issuer, regardless of the type of the investment.

11.0 **Maximum Maturities**

To the extent possible, investments shall be made to match anticipated cash requirements. Unless matched to a specific cash flow, normal investments will be in securities such that the average weighted maturity of the Treasury Investment Pool shall not exceed 3.5 years. Proceeds of sales or funds set aside for the repayment of any notes issued for temporary borrowing purposes shall not be invested for a term that exceeds the term of the notes.

12.0 **Selling Securities Prior to Maturity**

Securities purchased shall normally be held until maturity. Occasionally, opportunities will exist to sell securities prior to maturity and purchase other securities (swap/trade). Securities that are no longer in compliance with this Investment Policy may be sold prior to maturity. Securities may also be sold in order to maintain the liquidity of the Treasury Investment Pool.

13.0 **Authorized Financial Dealers and Institutions**

The Auditor-Controller/Treasurer-Tax Collector shall maintain a list of financial institutions authorized to provide investment services. In addition, a list shall also be maintained of approved security broker-dealers selected by credit worthiness, who maintain an office in the State of California. These may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission Rule 15c3-1 (uniform net capital rule). No public deposit shall be made except in a qualified public depository as established by state laws.

All financial institutions and broker-dealers who desire to become qualified bidders for investment transactions must supply the following: audited financial statements, proof of Financial Industry Regulatory Authority membership, trading resolution, proof of state registration, completed broker-dealer questionnaire, certification of having read this Investment Policy, and if applicable, depository contracts. Broker-dealers are evaluated and selected based upon criteria that include: organization experience and credibility, individual broker-dealer qualifications, compliance, product inventory, and economic research.

An annual review of the financial conditions and registrations of selected brokers shall be conducted by the Auditor-Controller/Treasurer-Tax Collector. A current audited financial statement is required to be on file for each authorized financial institution and broker-dealer.

Investment managers are evaluated and selected based upon criteria that include: organization experience and credibility, staff experience, compliance, and performance.

The selection of any broker, brokerage firm, dealer or securities firm that has, within any consecutive 48 month period following January 1, 1996, made a political contribution in an amount exceeding the limitations contained in Rule G-37 of the Municipal Securities Rulemaking Board, to the Auditor-Controller/Treasurer-Tax Collector or member of the Board of Supervisors or any candidate for those offices is prohibited. The County will, to the best of its ability, monitor and comply with this requirement.

14.0 **Confirmation**

Receipts for confirmation of purchase of authorized securities should include the following information: trade date, par value, maturity, rate, price, yield, settlement date, description of securities purchased, agency's name, net amount due, and third party custodian information. Confirmation of all investment transactions should be received by the Auditor-Controller/Treasurer-Tax Collector within five business days of the transaction.

15.0 **Safekeeping and Custody**

Investments, excluding Non-negotiable Time Certificates of Deposit, Repurchase Agreements and investments that are under the management of contracted parties, shall be held in custody with the Service Bank or its correspondent or other institutions approved by the Auditor-Controller/Treasurer-Tax Collector. Investments in Repurchase Agreements shall be held in custody by the Custodian to the Tri-Party Agreement.

16.0 **Performance Standards**

The investment portfolio shall be designed to obtain a market average rate of return during budgetary and economic cycles, taking into account investment risk constraints and cash flow needs.

16.1 Market yield benchmark. The investment strategy is passive. Given this strategy, the basis used by the Auditor-Controller/Treasurer-Tax Collector to determine whether market yields are being achieved shall be the 0-5 year U.S. Treasury index rate.

17.0 **Administrative Cost of Investing**

The Auditor-Controller/Treasurer-Tax Collector may deduct actual administrative costs associated with investing, depositing, banking, auditing, reporting, or otherwise handling or managing of funds. The administrative costs shall be segregated and deducted from the interest earnings of the Treasury Pool each quarter prior to the distribution of interest earnings.

18.0 Credit of Interest Earnings

Interest shall be credited based on the average daily cash balance of money on deposit in the County Treasury for the calendar quarter and shall be paid quarterly.

19.0 Local Agency Deposit of Excess Funds

The County Auditor-Controller/Treasurer-Tax Collector is authorized to accept deposits of excess funds from local agencies within Fresno County pursuant to Resolution 98-354 and in accordance with Government Code section 53684. Such deposits will be accepted, if at all, subject to the terms and conditions of a written agreement between the depositing agency and the Auditor-Controller/Treasurer-Tax Collector. In deciding whether to accept such deposits, the Auditor-Controller/Treasurer-Tax Collector considers factors that may include, but are not limited to, the objectives of this policy, the potential effect of such deposits on the volatility of the investment portfolio, the human resources available to conduct investment activities, and the best interests of current depositors.

20.0 Withdrawal of Funds from the Treasury Pool

The withdrawal of funds by any depositor/participant in the County of Fresno Treasury Investment Pool shall not adversely affect the interests of the other depositors/participants in the County of Fresno Treasury Investment Pool. All withdrawals that are not considered as funds being utilized for operations shall be presented to the Auditor-Controller/Treasurer-Tax Collector for review and approval. The Auditor-Controller/Treasurer-Tax Collector shall perform an assessment of the effect of a proposed withdrawal on the stability and predictability of the investments in the Treasury Investment Pool as is required by GC 27136 and 27133. Prior to approving a withdrawal, the Auditor-Controller/Treasurer-Tax Collector shall find that the proposed withdrawal will not adversely affect the interests of the other depositors in the Treasury Investment Pool. All requests for withdrawals shall be considered in order of receipt and shall in no way affect the ability of the Auditor-Controller/Treasurer-Tax Collector to meet the pool's expenditure requirements.

If the Auditor-Controller/Treasurer-Tax Collector's assessment of the effect of the proposed withdrawal does not negatively impact the stability and predictability of the investments and the interests of other depositors, the Auditor-Controller/Treasurer-Tax Collector may authorize a total or partial withdrawal of funds from the Treasury Pool. A total withdrawal of funds from the County of Fresno Treasury Investment Pool by a participant requires a 30-day written notice to the Auditor-Controller/Treasurer-Tax Collector.

Withdrawals involving less than the participant's total funds (other than for operational needs) are subject to all of the following constraints:

- each withdrawal shall be limited to a maximum of \$5,000,000
- no more than two withdrawals of a non-operational purpose are allowed per 30 day period
- at least ten days must lapse before the second withdrawal in any 30 day period will be considered by the Auditor-Controller/Treasurer-Tax Collector
- each withdrawal shall be submitted to the Auditor-Controller/Treasurer-Tax Collector at least 2 business days prior to the date of withdrawal

The depositor/participant shall notify the Auditor-Controller/Treasurer-Tax Collector of normal operating expenditures or disbursements in excess of \$1,000,000 as early as possible, preferably three business days in advance of disbursement, in order to adjust the cash position to meet disbursement requirements.

21.0 **Reporting**

The Auditor-Controller/Treasurer-Tax Collector shall provide the Board of Supervisors with a monthly inventory report and a monthly transaction report of the Treasury Investment Pool. The Auditor-Controller/Treasurer-Tax Collector shall provide a quarterly investment report to the Board of Supervisors, the County Administrative Officer and the County of Fresno Treasury Oversight Committee. The quarterly report shall be submitted within 30 days following the end of the quarter covered by the report. Monthly inventory reports and quarterly investment reports are available to participants of the pool upon request (GC 53646).

22.0 **Internal Control**

As part of the County of Fresno's annual independent audit, the investment program shall be reviewed for appropriate internal controls that provide assurance of compliance with policies and procedures.

23.0 **Investment Policy Review**

This Investment Policy shall be reviewed on an annual basis by the Auditor-Controller/Treasurer-Tax Collector and rendered annually to the Board of

Supervisors and the County of Fresno Treasury Oversight Committee, which consists of the following members:

- The County Auditor-Controller/Treasurer-Tax Collector
- A representative appointed by the County Board of Supervisors
- The County Superintendent of Schools or the Superintendent’s designee
- A representative selected by a majority of the presiding officers of the governing bodies of the school districts and community college districts in the County
- A representative selected by a majority of the presiding officers of the legislative bodies of the special districts in the County that are required or authorized to deposit funds in the County Treasury

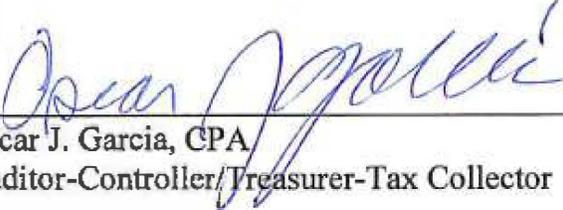

The Board of Supervisors shall accept and approve the investment policy and any changes thereto at a public meeting (GC 27133, 53646).

24.0 Disaster/Business Continuity Plan

The County of Fresno Treasurer’s banking and investment functions are critical to the function of Treasury Investment Pool and therefore must have a continuity plan to guide operations in the event of a disaster or business interruption.

The objective of the Disaster/Business Continuity Plan is to protect and account for all funds on deposit with the county treasurer and to be able to continue banking and investment functions for all participants in the event of an occurrence; i.e., earthquake, fire, flood, or some other event, which disrupts normal operations. The Plan provides for the ability to perform banking and investment functions at an off-site location under less than optimal conditions.

Approved

 Oscar J. Garcia, CPA
 Auditor-Controller/Treasurer-Tax Collector

(Continued)

- (1) Investment policy limits any investment in bankers acceptances to the top 150 banks in the world as determined by their total assets and limited to those institutions in this group whose short term debt is of prime quality and of the highest ranking as provided for by Moody's or Standard and Poor's (P-1, A-1).
- (2) Banks, savings associations or federal associations having a "4 Star" or higher rating as provided by Bauer Financial, Inc. or a comparable rating service. For negotiable certificates of deposit, no more than 5 percent of the money shall be invested in any one institution. Negotiable certificates of deposit and account registry service deposits combined shall not exceed 30% of the portfolio. For non-negotiable certificates of deposit, no more than 15 percent of the money shall be invested in any one institution.
- (3) LAIF Board of Directors currently limits the investment to \$75,000,000, excluding bond and note proceeds. Government Code does not place a percentage limit on the amount of money that may be invested in LAIF.
- (4) Diversified management companies investing in the securities and obligations as authorized by California Government Code, Sections 53601, et seq., shall either (1) attain the highest ranking or the highest letter and numerical rating provided by two of the largest nationally recognized rating services, or (2) have an investment adviser registered with the SEC with at least five years of experience investing in the securities authorized by code sections noted in the policy and with assets under management in excess of \$500,000,000.

Diversified management companies issuing shares of beneficial interest that are money market funds registered with the Securities and Exchange Commission (SEC) under the Investment Act of 1940 shall either (1) attain the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations, or (2) retain an investment adviser registered or exempt from registration with the SEC with not less than five years of experience managing money market mutual funds with assets under management in excess of \$500,000,000. Only 10 percent of the money may be invested in any one mutual fund.

APPENDIX C

Glossary of Cash Management Terms

The following is a glossary of key investing terms, many of which appear in County of Fresno Treasury Investment Policy. This glossary has been adapted from the Government Finance Officers Association (GFOA) sample investment policy.

Accrued Interest - The accumulated interest due on a bond as of the last interest payment made by the issuer.

Agency - A debt security issued by a federal or federally sponsored agency. Federal agencies are backed by the full faith and credit of the U.S. Government. Federally sponsored agencies (FSAs) are backed by each particular agency with a market perception that there is an implicit government guarantee. An example of federal agency is the Government National Mortgage Association (GNMA). An example of a FSA is the Federal National Mortgage Association (FNMA).

Amortization - The systematic reduction of the amount owed on a debt issue through periodic payments of principal.

Average Life - The average length of time that an issue of serial bonds term bonds, or both, with a mandatory sinking fund feature is expected to be outstanding.

Bankers' Acceptance - A draft or bill of exchange accepted by a bank or trust company. The accepting institution, as well as the issuer, guarantees payment of the bill.

Basis Point - A unit of measurement used in the valuation of fixed-income securities equal to 1/100 of 1 percent of yield, e.g., 1/4 of 1 percent is equal to 25 basis points.

Bid - The indicated price at which a buyer is willing to purchase a security or commodity.

Book Value - The value at which a security is carried on the inventory lists or other financial records of an investor. The book value may differ significantly from the security's current value in the market.

Callable Bond - A bond issue in which all or part of its outstanding principal amount may be redeemed before maturity by the issuer under specified conditions.

Call Price - The price at which an issuer may redeem a bond prior to maturity. The price is usually at a slight premium to the bond's original issue price to compensate the holder for loss of income and ownership.

Call Risk - The risk to a bondholder that a bond may be redeemed prior to maturity.

Cash Sale/Purchase - A transaction which calls for delivery and payment of securities on the same day that the transaction is initiated.

APPENDIX C
(Continued)

Certificate of Deposit (CD) - A short-term, secured deposit in a financial institution that usually returns principal and interest to the lender at the end of the loan period.

Certificate of Deposit Account Registry System (CDARS) - A private CD placement service that allows local agencies to purchase more than \$100,000 in CDs from a single financial institution (must be a participating institution of CDARS) while still maintaining FDIC insurance coverage. CDARS facilitates the trading of deposits between the California institution and other participating institutions in amounts that are less than \$100,000 each, so that FDIC coverage is maintained.

Collateralization - Process by which a borrower pledges securities, property, or other deposits for the purpose of securing the repayment of a loan security, or both.

Commercial Paper - An unsecured short-term promissory note issued, with maturities ranging from 1 to 270 days.

Convexity - A measure of a bond's price sensitivity to changing interest rates. A high convexity indicates greater sensitivity of a bond's price to interest rate changes.

Coupon Rate - The annual rate of interest received by an investor from the issuer of certain types of fixed-income securities. Also known as the "interest rate."

Credit Quality - The measurement of the financial strength of a bond issuer. This measurement helps an investor to understand an issuer's ability to make timely interest payments and repay the loan principal upon maturity. Generally, the higher the credit quality of a bond issuer, the lower the interest rate paid by the issuer because the risk of default is lower. Credit quality ratings are provided by nationally recognized rating services.

Credit Risk - The risk to an investor that an issuer will default in the payment of interest principal on a security, or both.

Current Yield (Current Return) - A yield calculation determined by dividing the annual interest received on a security by the current market price of that security.

Delivery Versus Payment (DVP) - A type of securities transaction in which the purchaser pays for the securities when they are delivered either to the purchaser or his/her custodian.

Discount - The amount by which the par value of a security exceeds the price paid for the security.

Diversification - A process of investing assets among a range of security types by sector, maturity, and quality rating.

Fair Value - The amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

APPENDIX C
(Continued)

Federal Funds (Fed Funds) - Funds placed in Federal Reserve banks by depository institutions in excess of current reserve requirements. These depository institutions may lend fed funds to each other overnight or on a longer basis. They may also transfer funds among each other on a same-day basis through the Federal Reserve banking system. Fed funds are considered to be immediately available funds.

Federal Funds Rate - Interest rate charged by one institution lending federal funds to the other.

Financial Industry Regulatory Authority (FINRA) - The largest independent regulator for all securities firms in the United States.

Government Securities - An obligation of the U.S. government, backed by the full faith and credit of the government. These securities are regarded as the highest quality of investment securities available in the U.S. securities market. See "Treasury Bills, Notes, and Bonds."

Interest Rate - See "Coupon Rate."

Interest Rate Risk - The risk associated with declines or rises in interest rates which cause in investment in a fixed-income security to increase or decrease in value.

Inverted Yield Curve - A chart formation that illustrates long-term securities having lower yields than short-term securities. This configuration usually occurs during periods of high inflation coupled with low levels of confidence in the economy and a restrictive monetary policy.

Investment Company Act of 1940 - Federal legislation which sets the standards by which investment companies, such as mutual funds, are regulated in the areas of advertising, promotion, performance reporting requirements, and securities valuations.

Investment Policy - A concise and clear statement of the objectives and parameters formulated by an investor or investment manager for a portfolio of investment securities.

Investment-grade Obligations - An investment instrument suitable for purchase by institutional investors under the prudent person rule. Investment-grade is restricted to those obligations rated BBB or higher by a rating agency.

Liquidity - An asset that can be converted easily and quickly into cash without significant loss of value.

Local Agency Investment Fund - A voluntary investment fund open to government entities and certain non-profit organizations in California that is managed by the State Treasurer's Office.

Local Government Investment Pool (LGIP) - An investment by local governments in which their money is pooled as a method for managing local funds.

Mark-to-market - The process whereby the book value or collateral value of a security is adjusted to reflect its current market value.

APPENDIX C
(Continued)

Market Risk - The risk that the value of a security will rise or decline as a result of changes in market conditions.

Market Value - Current market price of a security.

Maturity - The date on which payment of a financial obligation is due. The final stated maturity is the date on which the issuer must retire a bond and pay the face value to the bondholder. See "Weighted Average Maturity."

Medium-Term Note - Corporate or depository institution debt securities meeting certain minimum quality standards (as specified in California Government Code) with a remaining maturity of five years or less.

Money Market Mutual Fund - Mutual funds that invest solely in money market instruments (short-term debt instruments, such as Treasury bills, commercial paper, bankers' acceptances, repos and federal funds).

Mortgage Backed Securities - Mortgage-backed securities (MBS) are created when a purchaser of residential real estate mortgages creates a pool of mortgages and markets undivided interest or participations in the pool. MBS owners receive a prorate share of the interest and principal passed through from the pool of mortgages. Most MBS are issued guaranteed, or both, by federal agencies and instrumentalities.

Mortgage Pass-Through Obligations - Securities that are created when residential mortgages are pooled together and undivided interests or participations in the stream of revenues associated with the mortgages are sold.

Mutual Fund - An investment company that pools money and can invest in a variety of securities, including fixed-income securities and money market instruments. Mutual funds are regulated by the Investment Company Act of 1940 and must abide by the following Securities and Exchange Commission (SEC) disclosure guidelines:

1. Report standardized performance calculations.
2. Disseminate timely and accurate information regarding the fund's holdings, performance, management and general investment policy.
3. Have the fund's investment policies and activities supervised by a board of trustees, which are independent of the adviser, administrator or other vendor of the fund.
4. Maintain the daily liquidity of the fund's shares.
5. Value their portfolios on a daily basis.
6. Have all individuals who sell SEC-registered products licensed with a self-regulating organization (SRO) such as the National Association of Securities Dealers (NASD).
7. Have an investment policy governed by a prospectus which is updated and filed by the SEC annually.

APPENDIX C
(Continued)

Negotiable Certificates of Deposit - Short-term debt instrument that usually pays interest and is issued by a bank, savings or federal association, or state or federal credit union, or state-licensed branch of a foreign bank. Negotiable CDs are traded in a secondary market and are payable upon order to the bearer or initial depositor (investor).

Net Asset Value - The market value of one share of an investment company, such as a mutual fund. This figure is calculated by totaling a fund's assets which includes securities, cash, and any accrued earnings, subtracting this from the fund's liabilities and dividing this total by the number of shares outstanding. This is calculated once a day based on the closing price for each security in the fund's portfolio. (See below.) $[(\text{Total assets}) - (\text{Liabilities})]/(\text{Number of shares outstanding})$

Nominal Yield - The stated rate of interest that a bond pays its current owner, based on par value of the security. It is also known as the "coupon," "coupon rate," or "interest rate."

Non-negotiable Certificates of Deposit - CDs that carry a penalty if redeemed prior to maturity. Non-negotiable CDs issued by banks and savings and loans are insured by the Federal Deposit Insurance Corporation up to \$100,000, including principal and interest. Amounts deposited above this amount may be secured with other forms of collateral.

Offer - An indicated price at which market participants are willing to sell a security or commodity. Also referred to as the "Ask price."

Par - Face value or principal value of a bond, typically \$1,000 per bond.

Positive Yield Curve - A chart formation that illustrates short-term securities having lower yields than long-term securities.

Premium - The amount by which the price paid for a security exceeds the security's par value.

Principal - The face value or par value of a debt instrument. Also, may refer to the amount of capital invested in a given security.

Prospectus - A legal document that must be provided to any prospective purchaser of a new securities offering registered with the SEC. This can include information on the issuer, the issuer's business, the proposed use of proceeds, the experience of the issuer's management, and certain certified financial statements.

Prudent Person Rule - An investment standard outlining the fiduciary responsibilities of public funds investors relating to investment practices.

APPENDIX C
(Continued)

Regular Way Delivery - Securities settlement that calls for delivery and payment on the third business day following the trade date (T+3); payment on a T+1 basis is currently under consideration. Mutual funds are settled on a same day basis; government securities are settled on the next business day.

Reinvestment Risk - The risk that a fixed-income investor will be unable to reinvest income proceeds from a security holding at the same rate of return currently generated by that holding.

Repurchase Agreement (Repo or RP) - An agreement of one party to sell securities at a specified price to a second party and a simultaneous agreement of the first party to repurchase the securities at a specified price or at a specified later date.

Reverse Repurchase Agreement (Reverse Repo) - An agreement of one party to purchase securities at a specified price from a second party and a simultaneous agreement by the first party to resell the securities at a specified price to the second party on demand or at a specified date.

Rule 2a-7 of the Investment Company Act - The Securities and Exchange Commission regulates money market funds in the United States and this rule restricts quality, maturity and diversity of investments by money market funds in an attempt to provide a safe, liquid alternative to bank deposits, while providing a higher yield.

Safekeeping - Holding of assets (e.g., securities) by a financial institution.

Swap - Trading one asset for another.

Term Bond - Bonds comprising a large part or all of a particular issue which come due in a single maturity. The issuer usually agrees to make periodic payments into a sinking fund for mandatory redemption of term bonds before maturity.

Total Return - The sum of all investment income plus changes in the capital value of the portfolio. For mutual funds, return on an investment is composed of share price appreciation plus any realized dividends or capital gains. This is calculated by taking the following components during a certain time period. (Price Appreciation) + (Dividends paid) + (Capital gains) = Total Return

Treasury Bills - Short-term U.S. government non-interest bearing debt securities with maturities of no longer than one year and issued in minimum denominations of \$10,000. Auctions of three- and six-month bills are weekly, while auctions of one-year bills are monthly. The yields on these bills are monitored closely in the money markets for signs of interest rate trends.

APPENDIX C
(Continued)

Treasury Notes - Intermediate U.S. government debt securities with maturities of one to 10 years and issued in denominations ranging from \$1,000 to \$1 million or more.

Treasury Bonds - Long-term U.S. government debt securities with maturities of ten years or longer and issued in minimum denominations of \$1,000. Currently, the longest outstanding maturity for such securities is 30 years.

Uniform Net Capital Rule - SEC Rule 15c3-1 outlining capital requirements for broker-dealers.

Volatility - A degree of fluctuation in the price and valuation of securities.

Weighted Average Maturity (WAM) - The dollar-weighted average maturity of all the securities that comprise a portfolio.

When Issued (WI) - A conditional transaction in which an authorized new security has not been issued. All "when issued" transactions are settled when the actual security is issued.

Yield - The current rate of return on an investment security generally expressed as a percentage of the security's current price.

Yield-to-call (YTC) - The rate of return an investor earns from a bond assuming the bond is redeemed (called) prior to its nominal maturity date.

Yield Curve - A graphic representation that depicts the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity. A normal yield curve may be alternatively referred to as a positive yield curve.

Yield-to-maturity - The rate of return yielded by a debt security held to maturity when both interest payments and the investor's potential capital gain or loss are included in the calculation of return.

Zero-coupon Securities - Security that is issued at a discount and makes no periodic interest payments. The rate of return consists of a gradual accretion of the principal of the security and is payable at par upon maturity.

Cash & Bank Account	NA	NA	0.9%

Compliance

The Treasury Investment Pool is in compliance with the County of Fresno Treasury Investment Pool Investment Policy. The Treasury Investment Pool contains sufficient cash flow to meet the expected expenditures for the next six months.

Review and Monitoring

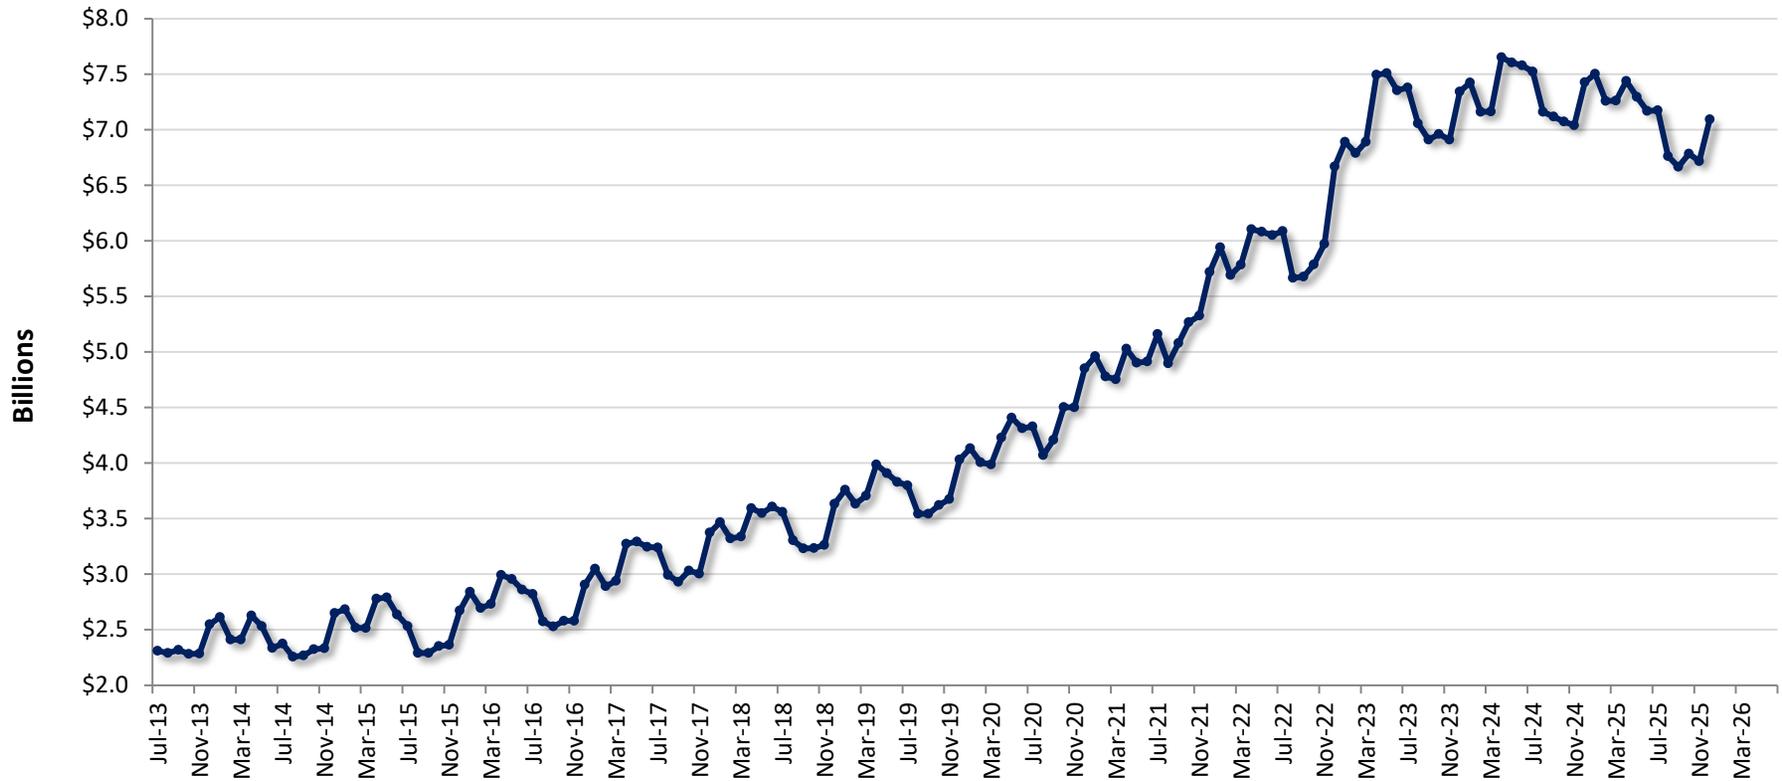

Meeder Public Funds, the County’s investment advisor, currently monitors the Treasury Department’s investment activities.

Additional Information

Securities are purchased with the expectation that they will be held to maturity, so unrealized gains or losses are not reflected in the yield calculations.

The market values of securities were taken from pricing services provided by Ice Data Services.

APPENDIX H
SPECIMEN MUNICIPAL BOND INSURANCE POLICY

[THIS PAGE INTENTIONALLY LEFT BLANK]

MUNICIPAL BOND INSURANCE POLICY

ISSUER:

Policy No.: -N

BONDS: \$ in aggregate principal amount of

Effective Date:

Premium: \$

ASSURED GUARANTY INC. ("AG"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AG, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AG shall have received Notice of Nonpayment, AG will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AG, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AG. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AG is incomplete, it shall be deemed not to have been received by AG for purposes of the preceding sentence and AG shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AG shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AG hereunder. Payment by AG to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AG under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AG shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AG which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AG may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AG pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AG and shall not be deemed received until received by both and (b) all payments required to be made by AG under this Policy may be made directly by AG or by the Insurer's Fiscal Agent on behalf of AG. The Insurer's Fiscal Agent is the agent of AG only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AG to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AG agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AG to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AG, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY INC. has caused this Policy to be executed on its behalf by its Authorized Officer.
