

PRELIMINARY OFFICIAL STATEMENT DATED AUGUST 6, 2026

NEW ISSUE - FULL BOOK-ENTRY

RATING: S&P: "AA"
See "RATING" herein.

In the opinion of Jones Hall LLP, San Mateo, California, Bond Counsel, subject, however, to certain qualifications described herein, under existing law, the interest on the Bonds (as defined herein) is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax, but said interest may be subject to the corporate alternative minimum tax. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes. See "TAX MATTERS."

\$100,000,000*

CLOVIS UNIFIED SCHOOL DISTRICT (Fresno County, California) **General Obligation Bonds** **Election of 2024, Series B**

Dated: Date of Delivery

Due: As shown on inside front cover.

Authority and Purposes. The Clovis Unified School District (the "District") of Fresno County (the "County"), State of California (the "State"), General Obligation Bonds, Election of 2024, Series B (the "Bonds"), are being issued pursuant to certain provisions of the State Government Code and a resolution of the Governing Board of the District adopted on May 6, 2026 (the "Bond Resolution"). The Bonds were authorized at an election of the registered voters of the District held on November 5, 2024, which authorized the issuance of \$400,000,000 principal amount of general obligation bonds for the purpose of financing the renovation, construction and improvement of school facilities (the "2024 Bond Authorization"). The Bonds are being issued to provide funding for voter-approved facilities improvements and to pay related costs of issuance. See "THE FINANCING PLAN" and "THE BONDS – Authority for Issuance."

Security. The Bonds are general obligations of the District payable solely from *ad valorem* property taxes levied on taxable property within the District and collected by the County. The County Board of Supervisors is empowered and is obligated to annually levy *ad valorem* property taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). See "SECURITY FOR THE BONDS."

Payments. The Bonds are dated the date of delivery. The Bonds accrue interest at the rates set forth on the inside cover page hereof. Interest on the Bonds is payable semiannually on each February 1 and August 1 until maturity or earlier redemption, commencing on February 1, 2027. Payments of principal of and interest on the Bonds will be paid by U.S. Bank Trust Company, National Association, as the designated paying agent, registrar and transfer agent (the "Paying Agent"), to DTC for subsequent disbursement to DTC Participants who will remit such payments to the beneficial owners of the Bonds. See "THE BONDS - Description of the Bonds."

Redemption.* The Bonds are subject to optional and mandatory sinking fund redemption prior to maturity as described herein. See "THE BONDS – Optional Redemption" and "Mandatory Sinking Fund Redemption."

Book-Entry Only. The Bonds will be issued in book-entry form only and will be initially registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"). Purchasers will not receive physical certificates representing their interests in the Bonds. See "THE BONDS" and "APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM."

MATURITY SCHEDULE

(See inside cover)

Cover Page. This cover page contains certain information for general reference only. It is not a summary of all the provisions of the Bonds. Prospective investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The Bonds will be offered when, as and if issued, subject to the approval as to legality by Jones Hall LLP, San Mateo, California, Bond Counsel to the District, and subject to certain other conditions. Jones Hall LLP is also serving as Disclosure Counsel to the District. Kutak Rock LLP, Denver, Colorado, is serving as Underwriter's Counsel. It is anticipated that the Bonds, in book-entry form, will be available for delivery through the facilities of DTC, on or about September 2, 2026.*

GENERAL INFORMATION ABOUT THIS OFFICIAL STATEMENT

Use of Official Statement. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not a contract between any bond owner and the District or the Underwriter.

No Offering Except by This Official Statement. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or to make any representations other than those contained in this Official Statement and, if given or made, such other information or representation must not be relied upon as having been authorized by the District or the Underwriter.

No Unlawful Offers or Solicitations. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor may there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

Information in Official Statement. The information set forth in this Official Statement has been furnished by the District and other sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness.

Estimates and Forecasts. When used in this Official Statement and in any continuing disclosure by the District in any press release and in any oral statement made with the approval of an authorized officer of the District or any other entity described or referenced herein, the words or phrases "will likely result," "are expected to," "will continue," "is anticipated," "estimate," "project," "forecast," "expect," "intend" and similar expressions identify "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to any implication that there has been no change in the affairs of the District or any other entity described or referenced herein since the date hereof.

Involvement of Underwriter. The Underwriter has provided the following statement for inclusion in this Official Statement: The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Changes to Offering Prices. The Underwriter may offer and sell the Bonds to certain securities dealers, dealer banks and banks acting as agent at prices lower than the public offering prices stated on the inside cover page of this Official Statement, and those public offering prices may be changed from time to time by the Underwriter.

Document Summaries. All summaries of the Bond Resolution or other documents referred to in this Official Statement are made subject to the provisions of such documents and qualified in their entirety to reference to such documents, and do not purport to be complete statements of any or all of such provisions.

No Securities Laws Registration. The Bonds have not been registered under the Securities Act of 1933, as amended, in reliance upon exceptions therein for the issuance and sale of municipal securities. The Bonds have not been registered or qualified under the securities laws of any state.

Effective Date. This Official Statement speaks only as of its date, and the information and expressions of opinion contained in this Official Statement are subject to change without notice. Neither the delivery of this Official Statement nor any sale of the Bonds will, under any circumstances, give rise to any implication that there has been no change in the affairs of the District, the County, the other parties described in this Official Statement, or the condition of the property within the District since the date of this Official Statement.

Website. The District maintains a website. However, the information presented on the website is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds.

CLOVIS UNIFIED SCHOOL DISTRICT

(Fresno County, California)

General Obligation Bonds

Election of 2024, Series B

The purpose of this Official Statement, which includes the cover page, inside cover page and attached appendices, is to set forth certain information concerning the sale and delivery of the General Obligation Bonds Election of 2024, Series B (the “**Bonds**”) by the Clovis Unified School District (the “**District**”) of Fresno County (the “**County**”), State of California (the “**State**”).

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement and the documents summarized or described in this Official Statement. A full review should be made of the entire Official Statement. The offering of Bonds to potential investors is made only by means of the entire Official Statement.

The District. The District is a unified school district the boundaries of which encompass an area of approximately 198 square miles within the central portion of the County. The territory of the District includes most of the City of Clovis (the “**City**”), a portion of the City of Fresno, and adjacent unincorporated areas of the County. The District was formed in 1960 and provides education for students in grades TK-12. The District currently operates 35 elementary schools, six intermediate schools, six high schools, two alternative education sites, two community day schools, the Clovis Online Charter School, one adult school, and, with the Fresno Unified School District, a Joint Powers Agency high school. The District’s total enrollment is projected for approximately 44,111 students for fiscal year 2026-27. The preliminary total assessed value of the District provided by the County for fiscal year 2026-27 is \$41,399,185,270. For more information regarding the District and its finances, see APPENDIX A and APPENDIX B hereto. See also APPENDIX C for demographic and other statistical information regarding the City and the County.

Purposes. The net proceeds of the Bonds will be used to finance school construction and improvements to the school facilities as authorized by more than the requisite 55% of the voters of the District (the “**2024 Bond Authorization**”) at an election held in the District on November 5, 2024 (the “**Bond Election**”). See “THE FINANCING PLAN” herein.

Authority for Issuance of the Bonds. The Bonds are being issued pursuant to certain provisions of the Government Code of the State and pursuant to a resolution adopted by the Governing Board of the District on May 6, 2026 (the “**Bond Resolution**”). See “THE BONDS - Authority for Issuance” herein.

Payment and Registration of the Bonds. The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee for DTC. Purchasers will not receive physical certificates representing their interest in the Bonds. See “THE BONDS” and “APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

**Preliminary; subject to change.*

Redemption*. The Bonds are subject to optional and mandatory sinking fund redemption prior to maturity as described herein. See “THE BONDS – Optional Redemption” and “– Mandatory Sinking Fund Redemption.”

Security and Sources of Payment for the Bonds. The Bonds are general obligation bonds of the District payable solely from *ad valorem* property taxes levied on taxable property located in the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except with respect to certain personal property which is taxable at limited rates). See “SECURITY FOR THE BONDS.”

The District has other series of general obligation bonds outstanding that are payable from *ad valorem* property taxes levied on taxable property in the District. See “DEBT SERVICE SCHEDULES” and Appendix A under the heading “DISTRICT FINANCIAL INFORMATION – Existing Debt Obligations – General Obligation Bonds”.

Legal Matters. Issuance of the Bonds is subject to the approving opinion of Jones Hall LLP, San Mateo, California, as bond counsel (“**Bond Counsel**”), to be delivered in substantially the form attached hereto as Appendix D. Jones Hall LLP, San Mateo, California, will also serve as Disclosure Counsel to the District (“**Disclosure Counsel**”). Payment of the fees of Bond Counsel and Disclosure Counsel is contingent upon issuance of the Bonds.

Tax Matters. Assuming compliance with certain covenants and provisions of the Internal Revenue Code of 1986, as amended, in the opinion of Bond Counsel, subject, however to certain qualifications described herein, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax. In the further opinion of Bond Counsel, interest on the Bonds is exempt from State personal income taxes. See “TAX MATTERS” herein.

Continuing Disclosure. The District has covenanted and agreed that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate executed in connection with the Bonds. The form of the Continuing Disclosure Certificate is included in Appendix E hereto. See “CONTINUING DISCLOSURE” herein.

Cyber Risks. The District, like other governmental and business entities, faces significant risks relating to the use and application of computer software and hardware for educational, operational and management purposes. The District collects, processes, and distributes an enormous amount of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. As the custodian of such information, the District may face cybersecurity threats, attacks or incidents from time to time. No assurance can be given that future cyber threats or attacks against the District or third-party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District’s continuing disclosure undertakings, described in more detail herein. See “CYBER RISKS” herein.

*Preliminary; subject to change.

Other Information. This Official Statement speaks only as of its date, and the information contained in this Official Statement is subject to change. Copies of documents referred to in this Official Statement and information concerning the Bonds are available from the District from the Superintendent's Office at 1450 Herndon Avenue, Clovis, California 93611, Phone: (559) 327-9000. The District may impose a charge for copying, mailing and handling. The District also maintains a website where public information is regularly made available. See www.cusd.com. The information contained in the District website is not incorporated herein by reference.

This Official Statement is not to be construed as a contract with the purchasers of the Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact. The summaries and references to documents, statutes and constitutional provisions referred to herein do not purport to be comprehensive or definitive, and are qualified in their entirety by reference to each of such documents, statutes and constitutional provisions.

The information set forth herein has been obtained from official sources which are believed to be reliable but it is not guaranteed as to accuracy or completeness, and is not to be construed as a representation by the District. The information and expressions of opinions herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds and may not be reproduced or used, in whole or in part, for any other purpose.

END OF INTRODUCTION

THE FINANCING PLAN

The proceeds of the Bonds will be used to finance projects approved by the voters at the Bond Election, which authorized the issuance of \$400,000,000 principal amount of general obligation bonds for the purpose of financing the construction and improvement of school facilities, together with related costs of issuing the Bonds. The abbreviated form of the 2024 Bond Authorization (limited by State law to 75 words or less) is as follows:

“With no estimated increase to current tax rates, no money for administrators’ salaries, and all funds staying local, shall Clovis Unified School District’s measure to maintain neighborhood schools, upgrade security/health measures and avoid overcrowding by: building, modernizing, and repairing school and career/vocational facilities, authorizing \$400 million in bonds at legal interest rates, levies averaging less than 5¢/\$100 assessed value, raising \$32 million annually for bonds through maturity be adopted, with independent audits and citizens’ oversight?”

As part of the Series B ballot materials presented to District voters at the Bond Election, the voters authorized a specific list of projects (the **“Project List”**) eligible to be funded with proceeds of bonds sold pursuant to the 2024 Bond Authorization, including the Bonds described herein. The District makes no representation as to the specific application of the proceeds of the Bonds, the completion of any projects listed on the Project List, or whether bonds authorized by the 2024 Bond Authorization will provide sufficient funds to complete any particular project listed in the Project List. The Bonds will be the second series of general obligation bonds issued pursuant to the 2024 Bond Authorization. Following the issuance of the Bonds, there will be \$175,000,000* remaining unissued authorization under the 2024 Bond Authorization.

SOURCES AND USES OF FUNDS

The estimated sources and uses of funds with respect to the Bonds are as follows:

⁽²⁾ All estimated costs of issuing the Bonds including, but not limited to, fees of Bond Counsel and Disclosure Counsel, the Municipal Advisor, the Paying Agent, the Underwriter and the rating agency.

*Preliminary; subject to change.

THE BONDS

Authority for Issuance

The Bonds will be issued pursuant to the 2024 Bond Authorization and under the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code of the State of California, commencing with Section 53506 of said Code, and the Bond Resolution authorizing the issuance of the Bonds (the “**Bond Resolution**”).

Description of the Bonds

The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company (“**DTC**”). See “-Book-Entry Only System” below and “APPENDIX F – DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

The Bonds accrue interest at the interest rates set forth on the inside cover hereof computed on the basis of a 360-day year consisting of twelve 30-day months, which is payable on a current basis. The Bonds shall be issued in the denominations of \$5,000 principal amount each or any integral multiple thereof. Interest on the Bonds is payable semiannually on each February 1 and August 1, commencing February 1, 2027 (each, an “**Interest Payment Date**”). Each Bond will bear interest from the Interest Payment Date next preceding the date of registration and authentication thereof unless (i) it is authenticated as of an Interest Payment Date, in which event it will bear interest from such date, or (ii) it is authenticated prior to an Interest Payment Date and after the close of business on the fifteenth (15th) day of the month preceding the Interest Payment Date (each, a “**Record Date**”), in which event it will bear interest from such Interest Payment Date, or (iii) it is authenticated prior to January 15, 2027, in which event it will bear interest from the date of delivery of the Bonds identified on the cover page hereof. Notwithstanding the foregoing, if interest on any Bond is in default at the time of authentication thereof, such Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon. Payments of principal of and interest on the Bonds will be paid by U.S. Bank Trust Company, National Association, Los Angeles, California (the “**Paying Agent**”) to DTC for subsequent disbursement to DTC Participants who will remit such payments to the Beneficial Owners of the Bonds.

Book-Entry Only System

The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York (“**DTC**”). Purchasers of the Bonds (the “**Beneficial Owners**”) will not receive physical certificates representing their interest in the Bonds. Payments of principal of and interest on the Bonds will be paid by the Paying Agent to DTC for subsequent disbursement to DTC Participants which will remit such payments to the Beneficial Owners of the Bonds.

As long as DTC’s book-entry method is used for the Bonds, the Paying Agent will send any notice of redemption or other notices to owners only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the redemption of the Bonds called for redemption or of any other action premised on such notice. See “APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

The Paying Agent, the District, and the Underwriter of the Bonds have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership, of interests in the Bonds.

Optional Redemption*

The Bonds maturing on or before August 1, 20__, are not subject to optional redemption prior to maturity. The Bonds maturing on or after August 1, 20__, are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as shall be designated by the District and by lot within a maturity, from any available source of funds, on August 1, 20__, or on any date thereafter, at a price equal to 100% of the principal amount thereof, without premium, together with accrued interest thereon to the redemption date. For the purpose of selection for optional redemption, the Bonds will be deemed to consist of \$5,000 portions principal amount and any such portion may be separately redeemed.

Mandatory Sinking Fund Redemption*

The Bonds maturing on August 1, 20__ (the “**Term Bonds**”), are subject to mandatory sinking fund redemption on August 1 of each year in accordance with the schedule set forth below. The Term Bonds so called for mandatory sinking fund redemption shall be redeemed in the sinking fund payments amounts and on the dates set forth below, without premium.

\$ ____ Term Bonds Maturing August 1, 20__

Redemption Date (August 1)	Sinking Fund Redemption
_____	_____

If any Term Bonds are redeemed pursuant to optional redemption, the total amount of all future sinking fund payments with respect to such Term Bonds will be reduced by the aggregate principal amount of such Term Bonds so redeemed, to be allocated among such payments on a *pro rata* basis in integral multiples of \$5,000 principal amount (or on such other basis as the District may determine) as set forth in written notice given by the District to the Paying Agent.

Notice of Redemption

The Paying Agent is required to give notice of the redemption of the Bonds, at the expense of the District, at least 20 days but not more than 60 days prior to the date fixed for redemption. Such notice may be a conditional notice of redemption and subject to rescission as described below. Notice of any redemption of Bonds shall identify the redemption date and the redemption price and, if less than all of the then outstanding Bonds are to be called for redemption, shall designate the serial numbers of the Bonds to be redeemed by giving the individual number of each Bond or by stating that all Bonds between two stated numbers, both inclusive, or by stating that all of the Bonds of one or more maturities have been called for redemption, and shall require that such Bonds be then surrendered at the office of the Paying Agent for redemption at the said redemption price,

*Preliminary; subject to change.

giving notice also that further interest on such Bonds will not accrue from and after the redemption date.

Neither failure to receive or failure to send any notice of redemption nor any defect in any such redemption notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds.

Partial Redemption of Bonds

Upon the surrender of any Bond redeemed in part only, the District shall execute and the Paying Agent shall authenticate and deliver to the Owner thereof a new Bond or Bonds of the same maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the Bond or Bonds surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner, and the County and the District shall be released and discharged thereupon from all liability to the extent of such payment.

Right to Rescind Notice of Redemption

The District has the right to rescind any notice of the optional redemption of Bonds by written notice to the Paying Agent on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption. The District and the Paying Agent have no liability to the Bond owners or any other party related to or arising from such rescission of redemption. The Paying Agent shall mail notice of such rescission of redemption in the same manner as the original notice of redemption was sent under the Bond Resolution.

Registration, Transfer and Exchange of Bonds

If the book entry system is discontinued, the District shall cause the Paying Agent to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds.

If the book entry system is discontinued, the person in whose name a Bond is registered on the Bond Register shall be regarded as the absolute owner of that Bond. Payment of the principal of and interest on any Bond shall be made only to or upon the order of that person; neither the District, the County nor the Paying Agent shall be affected by any notice to the contrary, but the registration may be changed as provided in the Bond Resolution.

Bonds may be exchanged at the principal corporate trust office of the Paying Agent in San Francisco, California for a like aggregate principal amount of authorized denominations and of the same Bonds maturity. Any Bond may, in accordance with its terms, but only if (i) the District determines to no longer maintain the book entry only status of the Bonds, (ii) DTC determines to discontinue providing such services and no successor securities depository is named or (iii) DTC requests the District to deliver Bond certificates to particular DTC Participants, be transferred, upon the books required to be kept pursuant to the provisions of the Bond Resolution, by the person in whose name it is registered, in person or by their duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Paying Agent, accompanied by delivery of a written instrument of transfer in a form approved by the Paying Agent, duly executed.

No exchanges of Bonds shall be required to be made (a) fifteen days prior to an Interest Payment Date or the date established by the Paying Agent for selection of Bonds for redemption

until the close of business on the Interest Payment Date or day on which the applicable notice of redemption is given or (b) with respect to a Bond after such Bond has been selected or called for redemption in whole or in part.

Defeasance

Any or all of the Bonds may be paid by the District in any one or more of the following ways:

- (a) by paying or causing to be paid the principal or redemption price of and interest on such Bonds, as and when the same become due and payable;
- (b) by irrevocably depositing, in escrow with an escrow agent selected by the District, at or before maturity, money or securities in the necessary amount (as provided in the Bond Resolution) to pay or redeem such Bonds; or
- (c) by delivering such Bonds to the Paying Agent for cancellation by it.

Whenever in the Bond Resolution it is provided or permitted that there be deposited with or held in escrow by the Paying Agent or an escrow agent money or securities in the necessary amount to pay or redeem any Bonds, the money or securities so to be deposited or held may be held by the Paying Agent or by any other fiduciary. Such money or securities may include money or securities held by the Paying Agent in the funds and accounts established under the Bond Resolution and will be:

- (i) lawful money of the United States of America in an amount equal to the principal amount of such Bonds and all unpaid interest thereon to maturity, except that, in the case of Bonds which are to be redeemed prior to maturity and in respect of which notice of such redemption is given as provided in the Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice, the amount to be deposited or held will be the principal amount or redemption price of such Bonds and all unpaid interest thereon to the redemption date; or
- (ii) Federal Securities (not callable by the issuer thereof prior to maturity) the principal of and interest on which when due, in the opinion of a certified public accountant delivered to the District, will provide money sufficient to pay the principal or redemption price of and all unpaid interest to maturity, or to the redemption date, as the case may be, on the Bonds to be paid or redeemed, as such principal or redemption price and interest become due, provided that, in the case of Bonds which are to be redeemed prior to the maturity thereof, notice of such redemption is given as provided in the Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice.

Upon the deposit, in escrow, at or before maturity, of money or securities in the necessary amount (as described above) to pay or redeem any outstanding Bond (whether upon or prior to its maturity or the redemption date of such Bond), then all liability of the District in respect of such Bond will cease and be completely discharged, except only that thereafter the owner thereof will be entitled only to payment of the principal of and interest on such Bond by the District, and the District will remain liable for such payment, but only out of such money or securities deposited with the Paying Agent or an escrow agent as aforesaid for such payment.

As defined in the Bond Resolution, the term “**Federal Securities**” means (a) any direct general non-callable obligations of the United States of America, including obligations issued or held in book entry form on the books of the Department of the Treasury of the United States of America; (b) any obligations the timely payment of principal of and interest on which are directly or indirectly guaranteed by the United States of America or which are secured by obligations described in the preceding clause (a); (c) the interest component of Resolution Funding Corporation strips which have been stripped by request to the Federal Reserve Bank of New York in book-entry form; and (d) bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by any of the following federal agencies: (i) direct obligations or fully guaranteed certificates of beneficial ownership of the U.S. Export-Import Bank; (ii) certificates of beneficial ownership of the Farmers Home Administration; (iii) participation certificates of the General Services Administration; (iv) Federal Financing Bank bonds and debentures; (v) guaranteed Title XI financings of the U.S. Maritime Administration; (vi) project notes, local authority bonds, new communities debentures and U.S. public housing notes and bonds of the U.S. Department of Housing and Urban Development; and (vii) obligations of the Federal Home Loan Bank (FHLB).

APPLICATION OF BOND PROCEEDS

Building Fund

Pursuant to the Bond Resolution, the net proceeds from the sale of the Bonds will be paid and credited to the fund established and held by the Fresno County Treasurer (the “**County Treasurer**”) and designated as the “Clovis Unified School District, Election of 2024, Series B Building Fund” (the “**Building Fund**”). Amounts credited to the Building Fund will be expended by the District for the purpose of financing any of the projects for which the Bond proceeds are authorized to be expended under the 2024 Bond Authorization, including the capital facility and technology projects described therein, and further including all incidental expenses and related costs of issuance. All interest and other gain arising from the investment of proceeds of the Bonds will be retained in the Building Fund and used for the purposes thereof. All moneys held in the Building Fund will be invested in accordance with the investment policies of the County, as such policies exist at the time of investment. Pursuant to the Bond Resolution and applicable provisions of the Education Code, a portion of the proceeds of the Bonds may be deposited with a fiscal agent for the purpose of paying costs of issuance. See also “APPENDIX G - FRESNO COUNTY INVESTMENT POLICY AND INVESTMENT REPORT” herein.

Debt Service Fund

As further described herein under the heading “SECURITY FOR THE BONDS – Pledge of the Debt Service Fund,” the County will establish a debt service fund for the Bonds (the “**Debt Service Fund**”). Accrued interest and premium, if any, received by the County from the sale of the Bonds will be deposited in the Debt Service Fund. Said funds, together with the collections of *ad valorem* property taxes, will be used only for payment of principal of and interest on the Bonds. Interest earnings on the investment of monies held in the Debt Service Fund will be retained in the Debt Service Fund and used to pay the principal of and interest on the Bonds when due. Pursuant to the Bond Resolution, the District has pledged funds on deposit in the Debt Service Fund to the payment of the Bonds. Any moneys remaining in the Debt Service Fund after the Bonds including the interest thereon have been paid, will be transferred to any other interest and sinking fund for general obligation bond indebtedness of the District, and in the event there is no such debt outstanding, will be transferred to the District’s general fund upon the order of the County Auditor, as provided in Section 15234 of the Education Code.

Investment of Proceeds of Bonds

All moneys held in any of the funds or accounts established with the County under the Bond Resolution will be invested in Authorized Investments (as defined in the Bond Resolution) in accordance with the investment policies of the County, as such policies exist at the time of investment. Obligations purchased as an investment of moneys in any fund or account will be deemed to be part of such fund or account. All interest or gain derived from the investment of amounts in any of the funds or accounts established under the Bond Resolution will be deposited in the fund or account from which such investment was made, and will be expended for the purposes thereof.

In accordance with Government Code Section 53600 *et seq.*, the County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, counties are required to establish their own investment policies which may impose limitations beyond those required by the Government Code. See “APPENDIX G - FRESNO COUNTY INVESTMENT POLICY AND INVESTMENT REPORT.”

SECURITY FOR THE BONDS

Ad Valorem Taxes

Bonds Payable from Ad Valorem Property Taxes. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes levied on taxable property within the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). The District has other series of general obligation bonds outstanding. See “DEBT SERVICE SCHEDULES” above and in Appendix A under the heading “DISTRICT FINANCIAL INFORMATION - Existing Debt Obligations.”

In no event is the District obligated to pay principal of and interest on the Bonds out of any funds or properties of the District other than from *ad valorem* taxes levied upon all taxable property in the District; provided, however, nothing in the Bond Resolution prevents the District from making advances of its own moneys howsoever derived to any of the uses or purposes permitted by law.

Other Debt Payable from Ad Valorem Property Taxes. In addition to the Bonds and the District’s other outstanding general obligation bonds, there is other debt issued by entities within the jurisdiction of the District, which is payable from *ad valorem* taxes levied on parcels in the District. See “PROPERTY TAXATION – Tax Rates” and “– Direct and Overlapping Debt Obligations” below.

Levy, Collection and Pledge of Taxes. The County will levy and collect such *ad valorem* taxes in such amounts and at such times as are necessary to ensure the timely payment of debt service on the Bonds. Such taxes, when collected, will be deposited into the Debt Service Fund for the Bonds, which is maintained by the County and which is irrevocably pledged for the payment of principal of and interest on the Bonds when due.

District property taxes are assessed and collected by the County in the same manner and at the same time, and in the same installments as other *ad valorem* taxes on real property, and will have the same priority, become delinquent at the same times and in the same proportionate amounts, and bear the same proportionate penalties and interest after delinquency, as do the other *ad valorem* taxes on real property.

Statutory Lien on Ad Valorem Tax Revenues. Pursuant to Senate Bill 222 effective January 1, 2016, voter-approved general obligation bonds which are secured by *ad valorem* tax collections, including the Bonds, are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien attaches automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the school district or community college district, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act.

Annual Tax Rates. The amount of the annual *ad valorem* tax levied by the County to repay the Bonds will be determined by the relationship between the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds. Fluctuations in the annual debt service on the Bonds and the assessed value of taxable property in the District may cause the annual tax rate to fluctuate.

Economic and other factors beyond the District's control, such as economic recession, pandemic, deflation of property values, a relocation out of the District or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire, drought or other natural disaster, could cause a reduction in the assessed value within the District and necessitate a corresponding increase in the annual tax rate. See "PROPERTY TAXATION – Historic Assessed Valuations – Factors Relating to Increases/Decreases in Assessed Value."

Pledge of the Debt Service Fund

The County will establish a Debt Service Fund (the "**Debt Service Fund**") for the Bonds, which will be established as a separate fund to be maintained distinct from all other funds of the County. All taxes levied by the County for the payment by the District of the principal of and interest on the Bonds will be deposited in the Debt Service Fund by the County promptly upon its receipt. The Debt Service Fund is pledged by the District for the payment by it of the principal of and interest on the Bonds when and as the same become due. The County will transfer amounts in the Debt Service Fund to the Paying Agent to the extent necessary to enable the District to pay the principal of and interest on the Bonds as the same become due and payable.

If, after payment in full of the Bonds, any amounts remain on deposit in the Debt Service Fund, the County shall apply such amounts to pay debt service on other outstanding general obligation bond indebtedness of the District, and in the event there is no such debt outstanding, shall be transferred to the general fund of the District, to be applied solely in a manner which is consistent with the requirements of applicable state and federal tax law.

Not a County Obligation

No part of any fund or account of the County is pledged or obligated to the payment of the Bonds. The Bonds are payable solely from the proceeds of an *ad valorem* tax levied and collected by the County, for the payment by the District of principal of and interest on the Bonds. Although the County is obligated to collect the *ad valorem* tax for the payment of the Bonds, the Bonds are not a debt (or a pledge of the full faith and credit) of the County.

PROPERTY TAXATION

Property Tax Collection Procedures

Generally. In the State, property which is subject to *ad valorem* taxes is classified as “secured” or “unsecured.” The “secured roll” is that part of the assessment roll containing (1) state assessed public utilities’ property and (2) property the taxes on which are a lien on real property sufficient, in the opinion of the county assessor, to secure payment of the taxes. A tax levied on unsecured property does not become a lien against such unsecured property, but may become a lien on certain other property owned by the taxpayer. Every tax which becomes a lien on secured property has priority over all other liens arising pursuant to State law on such secured property, regardless of the time of the creation of the other liens. Secured and unsecured property are entered separately on the assessment roll maintained by the county assessor. The method of collecting delinquent taxes is substantially different for the two classifications of property.

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year. If unpaid, such taxes become delinquent after December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. In addition, property on the secured roll with respect to which taxes are delinquent is declared tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and a delinquency penalty, plus a redemption penalty of 1-1/2% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property is subject to sale by the county in which the property is located.

Property taxes are levied for each fiscal year on taxable real and personal property situated in the taxing jurisdiction as of the preceding January 1. A bill enacted in 1983, Senate Bill 813 (Statutes of 1983, Chapter 498), however, provided for the supplemental assessment and taxation of property as of the occurrence of a change of ownership or completion of new construction. Thus, this legislation eliminated delays in the realization of increased property taxes from new assessments. As amended, Senate Bill 813 provided increased revenue to taxing jurisdictions to the extent that supplemental assessments of new construction or changes of ownership occur subsequent to the January 1 lien date and result in increased assessed value.

Property taxes on the unsecured roll are due on the January 1 lien date and become delinquent if unpaid on the following August 31. A 10% penalty is also attached to delinquent taxes in respect of property on the unsecured roll, and further, an additional penalty of 1-1/2% per month accrues with respect to such taxes beginning the first day of the third month following the delinquency date. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the local superior court clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the county recorder’s office, in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee. The exclusive means of enforcing the payment of delinquent taxes in respect of property on the secured roll is the sale of the property securing the taxes for the amount of taxes which are delinquent.

Disclaimer Regarding Property Tax Collection Procedures. The property tax collection procedures described above are subject to amendment based on legislation or executive order which may be enacted by the State legislature or declared by the Governor from time to time. The District cannot predict whether future amendments or orders will occur, and what impact, if any, said future amendments or orders could have on the procedures relating to the levy and collection of property taxes, and related interest and penalties.

Taxation of State-Assessed Utility Property

The State Constitution provides that most classes of property owned or used by regulated utilities be assessed by the State Board of Equalization ("**SBE**") and taxed locally. Property valued by the SBE as an operating unit in a primary function of the utility taxpayer is known as "unitary property", a concept designed to permit assessment of the utility as a going concern rather than assessment of each individual element of real and personal property owned by the utility taxpayer. State-assessed unitary and "operating nonunitary" property (which excludes nonunitary property of regulated railways) is allocated to the counties based on the situs of the various components of the unitary property. Except for unitary property of regulated railways and certain other excepted property, all unitary and operating nonunitary property is taxed at special county-wide rates and tax proceeds are distributed to taxing jurisdictions according to statutory formulae generally based on the distribution of taxes in the prior year.

Remainder of page intentionally left blank.

Historic Assessed Valuations

General. The assessed valuation of property in the District is established by the Assessor of the County, except for public utility property which is assessed by the SBE, as described above. Assessed valuations are reported at 100% of the “full value” of the property, as defined in Article XIII A of the California Constitution. For a discussion of how properties currently are assessed, see Appendix A under the heading “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS.”

Certain classes of property, such as churches, colleges, not-for-profit hospitals, and charitable institutions, are exempt from property taxation and do not appear on the tax rolls.

The following table sets forth historical assessed value in the District.

CLOVIS UNIFIED SCHOOL DISTRICT Assessed Valuations of All Taxable Property Fiscal Years 2002-03 to 2026-27

Fiscal Year	Local Secured	Utility	Unsecured	Total	% Change

Factors Relating to Increases/Decreases in Assessed Value. Economic Conditions; Disasters. As indicated in the previous table, assessed valuations are subject to change in each year. Increases or decreases in assessed valuation result from a variety of factors including but not limited to general economic conditions, supply and demand for real property in the area, government regulations such as zoning, and man-made or natural disasters which include but are not limited to earthquakes, fires/wildfires, floods, drought, mudslides and the consequences of climate change such as heat waves, droughts, sea level rise and floods, which could have an impact on assessed values. The State including the region in which the District is located has in recent years experienced significant natural disasters such as earthquakes, droughts, mudslides, wildfires

and floods. Public health disasters such as the COVID-19 pandemic could also have direct and indirect impacts on economic conditions and property values.

Future Conditions and Disasters Cannot be Predicted. The District cannot predict or make any representations regarding the effects that any natural or manmade disasters, including health disasters such as the COVID-19 pandemic, and the effects of climate change, and related conditions have or may have on the value of taxable property within the District, or to what extent the effects said disasters might have on economic activity in the District or throughout the State.

Assessed Value by Jurisdiction

Reassessments and Appeals of Assessed Value

There are general means by which assessed values can be reassessed or appealed that could adversely impact property tax revenues within the District.

Appeals may be based on Proposition 8 of November 1978, which requires that for each January 1 lien date, the taxable value of real property must be the lesser of its base year value, annually adjusted by the inflation factor pursuant to Article XIII A of the State Constitution, or its full cash value, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property or other factors causing a decline in value. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the California Constitution" in Appendix A.

Under State law, property owners may apply for a Proposition 8 reduction of their property tax assessment by filing a written application, in form prescribed by the SBE, with the County board of equalization or assessment appeals board. In most cases, the appeal is filed because the

applicant believes that present market conditions (such as residential home prices) cause the property to be worth less than its current assessed value.

Any reduction in the assessment ultimately granted as a result of such appeal applies to the year for which application is made and during which the written application was filed. These reductions are subject to yearly reappraisals and are adjusted back to their original values, adjusted for inflation, when market conditions improve. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIII A.

A second type of assessment appeal involves a challenge to the base year value of an assessed property. Appeals for reduction in the base year value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

Proposition 8 reductions may also be unilaterally applied by the County Assessor. The District cannot predict the changes in assessed values that might result from pending or future appeals by taxpayers or by reductions initiated by the County Assessor. Any reduction in aggregate District assessed valuation due to appeals, as with any reduction in assessed valuation due to other causes, will cause the tax rate levied to repay the Bonds to increase accordingly, so that the fixed debt service on the Bonds (and other outstanding general obligation bonds, if any) may be paid.

Teeter Plan; Property Tax Collections

The Board of Supervisors of the County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “**Teeter Plan**”), as provided for in Section 4701 *et seq.* of the California Revenue and Taxation Code. Under the Teeter Plan, each entity levying property taxes in the County may draw on the amount of uncollected secured taxes credited to its fund, in the same manner as if the amount credited had been collected. The District participates in the Teeter Plan, and thus receives 100% of secured property taxes levied in exchange for foregoing any interest and penalties collected on delinquent taxes.

So long as the Teeter Plan remains in effect, the District’s receipt of revenues with respect to the levy of *ad valorem* property taxes will not be dependent upon actual collections of the *ad valorem* property taxes by the County. However, under the statute creating the Teeter Plan, the Board of Supervisors can under certain circumstances terminate the Teeter Plan in part or in its entirety with respect to the entire County and, in addition, the Board of Supervisors can terminate the Teeter Plan with respect to the District if the delinquency rate for all *ad valorem* property taxes levied within the District in any year exceeds 3%. In the event that the Teeter Plan were terminated, the amount of the levy of *ad valorem* property taxes in the District would depend upon the collections of the *ad valorem* property taxes and delinquency rates experienced with respect to the parcels within the District.

The District cannot provide any assurances that the County will continue to maintain the Teeter Plan described above, or will have sufficient funds available to distribute the full amount of the District's share of property tax collections to the District. The ability of the County to maintain the Teeter Plan may depend on its financial resources and may be affected by future property tax delinquencies. Property tax delinquencies may be impacted by economic and other factors beyond the District's or the County's control, including the ability or willingness of property owners to pay property taxes during an economic recession or depression. An economic recession or depression could be caused by many factors outside the control of the District, including high interest rates, reduced consumer confidence, reduced real wages or reduced economic activity as a result of the spread of COVID-19 or other outbreak of disease or natural or manmade disaster.

Furthermore, the District cannot predict the impact, if any, that changes or modifications to property tax collection procedures, might have on the County's Teeter Plan. See "PROPERTY TAXATION – Property Tax Collection Procedures" herein.

Notwithstanding operation of the Teeter Plan, historical secured tax levy collections and delinquencies in the District are summarized in the following table.

**CLOVIS UNIFIED SCHOOL DISTRICT
2015-16 through 2024-25
Secured Tax Charges and Delinquency Rates**

Top 20 Property Owners

The 20 taxpayers in the District with the greatest combined assessed valuation of taxable property on the fiscal year 2025-26 tax roll, and the assessed valuations thereof, are shown below.

The more property (by assessed value) which is owned by a single taxpayer in the District, the greater the amount of tax collections that are exposed to weaknesses in the taxpayer's financial situation and ability or willingness to pay property taxes. Each taxpayer listed below is a unique name listed on the tax rolls. The District cannot determine from County assessment records whether individual persons, corporations or other organizations are liable for tax payments with respect to multiple properties held in various names that in aggregate may be larger than is suggested by the table below.

Direct and Overlapping Debt Obligations

Set forth below is a direct and overlapping debt report (the “**Debt Report**”) prepared by California Municipal Statistics, Inc. with respect to debt as of May 1, 2026. The Debt Report is included for general information purposes only. The District has not reviewed the Debt Report for completeness or accuracy and makes no representation in connection therewith.

The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District in whole or in part. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

TAX MATTERS

Tax Exemption

Federal Tax Status. In the opinion of Jones Hall LLP, San Mateo, California, Bond Counsel, subject, however to the qualifications set forth below, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax.

The opinions set forth in the preceding paragraph are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended (the “**Tax Code**”) that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

Tax Treatment of Original Issue Discount and Premium. If the initial offering price to the public at which a Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes “original issue discount” for purposes of federal income taxes and State personal income taxes. If the initial offering price to the public at which a Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes “original issue premium” for purposes of federal income taxes and State personal income taxes. *De minimis* original issue discount and original issue premium are disregarded.

Under the Tax Code, original issue discount is treated as interest excluded from federal gross income and exempt from State personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such Bonds to determine taxable gain upon disposition (including sale, redemption (if applicable), or payment on maturity) of such Bond. The Tax Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the Bonds who purchase the Bonds after the initial offering of a substantial amount of such maturity. Owners of such Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering to the public at the first price at which a substantial amount of such Bond is sold to the public.

Under the Tax Code, original issue premium is amortized on an annual basis over the term of the Bond (said term being the shorter of its maturity date or its call date). The amount of original issue premium amortized each year reduces the adjusted basis of the owner of the Bond for purposes of determining taxable gain or loss upon disposition. The amount of original issue premium on a Bond is amortized each year over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). Amortized premium is not deductible for federal income tax purposes. Owners of premium Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to State personal income tax and federal income tax consequences of owning such Bond.

State Tax Status - The Bonds. In the further opinion of Bond Counsel, interest on the Bonds described herein is exempt from State personal income taxes.

Other Tax Considerations

Current and future legislative proposals, if enacted into law, clarification of the Tax Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, and as may be applicable, to federal income taxation or to be subject to or exempted from state income taxation or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Tax Code, if applicable, or court decisions may also affect the market price for, or marketability of, the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, such legislation would apply to bonds issued prior to enactment.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of such opinion, and Bond Counsel has expressed no opinion with respect to any proposed legislation or as to the tax treatment of interest on the Bonds, or as to the consequences of owning or receiving interest on the Bonds, as of any future date. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Owners of the Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may have federal or state tax consequences, as may be applicable, other than as described above. Other than as expressly described above, Bond Counsel expresses no opinion regarding other federal or state tax consequences arising with respect to the Bonds, the ownership, sale or disposition of the Bonds, or the amount, accrual or receipt of interest on the Bonds.

Form of Opinion

A copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix D.

CERTAIN LEGAL MATTERS

Legality for Investment

Under provisions of the California Financial Code, the Bonds are legal investments for commercial banks in the State to the extent that the Bonds, in the informed opinion of the bank, are prudent for the investment of funds of depositors, and under provisions of the California Government Code, the Bonds are eligible to secure deposits of public moneys in the State.

Absence of Material Litigation

No Litigation Regarding Bonds, Existence of District and Related Matters. No litigation is pending or threatened concerning the validity of the Bonds, and a certificate to that effect will be furnished to purchasers at the time of the original delivery of the Bonds. The District is not aware of any litigation pending or threatened that (i) questions the political existence of the District, (ii) contests the District's ability to receive *ad valorem* taxes or to collect other revenues or (iii) contests the District's ability to issue and retire the Bonds.

Future Litigation; Other Claims Unrelated to the Bonds. The District may be or may become a party to lawsuits and claims which are unrelated to the Bonds and which have arisen or may arise in the normal course of operating a public school district. The District maintains certain insurance policies to minimize its financial risks which provide coverage under certain circumstances and with respect to certain types of incidents. In the opinion of the District, subject to information in the following sentence, the aggregate amount of uninsured liabilities under existing lawsuits and claims will not materially affect the financial position or operations of the District.

Notwithstanding the foregoing, the District has been named as defendant in six cases which arose in the range of years between 1985 to 2004 pursuant to Assembly Bill 218 (effective January 1, 2020), which extended the statute of limitations on certain lawsuits based on past childhood sexual abuse, including cases against school districts resulting from abuse by educators or public-school staff. The potential liability, if the claims are successful, is expected to be covered by District insurance policies up to insured limits. At this time the District cannot predict the outcome of pending legal proceedings, whether or not there will be any resulting liability, and the extent that damages, if any, will exceed insured limits. Notwithstanding the foregoing, the Bonds described herein are secured by *ad valorem* tax collections and not the District's general fund. See "SECURITY FOR THE BONDS" herein.

Compensation of Certain Professionals

Payment of the fees and expenses of Jones Hall LLP, San Mateo, California, as Bond Counsel and Disclosure Counsel to the District, Keygent LLC, El Segundo, California, as municipal advisor to the District (the "**Municipal Advisor**"), and Kutak Rock LLP, Denver, Colorado, as Underwriter's Counsel, is contingent upon issuance of the Bonds.

CYBER RISKS

The District, like other public and private entities, relies on computer and other digital networks and systems to conduct its operations. As a recipient and provider of personal, private or other electronic sensitive information, the District may be the subject of cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized remote access to the District's systems for the purposes of misappropriating assets or information or causing operational disruption or damage, or demanding ransom for restored access to files or information. The District's e-mail users may also be sent false e-mails by fraudsters and imposters for the purpose of obtaining District funds or other assets.

The District has never had a major cyber breach or online fraud event that resulted in a financial loss. Efforts that the District takes to minimize cyber risks include obtaining cyber insurance, implementing two-factor authentication; maintaining secure offsite backups; utilizing cloud-based malware analysis; protecting systems with a perimeter firewall; applying network segmentation to limit potential breaches; and establishing a dedicated Cyber Security Analyst position to monitor and respond to threats. No assurance can be given that the District's current efforts to manage cyber threats and security and fraud will, in all cases, be successful. The District maintains standard insurance coverage for losses due to cyber events. The District cannot predict what future cyber security events may occur and what impact said events could have on its operations or finances.

The District relies on other entities and service providers in the course of operating the District, including the County with respect to the levy and collection of *ad valorem* property taxes,

as well as other trustees, fiscal agents and dissemination agents. No assurance can be given that future cyber threats and attacks against other third party entities or service providers will not impact the District and the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the Continuing Disclosure Certificate.

CONTINUING DISCLOSURE

The District will execute a Continuing Disclosure Certificate in connection with the Bonds in the form attached hereto as Appendix E. The District has covenanted therein, for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the District to the Municipal Securities Rulemaking Board (an “**Annual Report**”) not later than nine months after the end of the District’s fiscal year (which currently is June 30), commencing by March 31, 2027 with the report for the 2025-26 Fiscal Year, and to provide notices of the occurrence of certain enumerated events. Such notices will be filed by the District with the Municipal Securities Rulemaking Board. The specific nature of the information to be contained in an Annual Report or the notices of enumerated events is set forth in “APPENDIX E – FORM OF CONTINUING DISCLOSURE CERTIFICATE.” These covenants have been made in order to assist the Underwriter in complying with S.E.C. Rule 15c2-12(b)(5) (the “**Rule**”).

The District has existing disclosure undertakings that have been made pursuant to the Rule in connection with the issuance of its outstanding debt. A review has been made of the District’s undertakings and filings made in the previous five years. No instances of material noncompliance have been identified in said period.

The District has engaged Keygent LLC to serve as its dissemination agent to assist it with its undertakings, including the undertaking in connection with the Bonds.

Neither the County nor any other entity other than the District shall have any obligation or incur any liability whatsoever with respect to the performance of the District’s duties regarding continuing disclosure.

RATING

S&P Global Ratings, a business unit of Standard & Poor’s Financial Services LLC (“**S&P**”) has assigned a rating of “AA” to the Bonds. Such rating reflects only the views of S&P, and an explanation of the significance of such rating may be obtained only from S&P. The District has provided certain additional information and materials to S&P (some of which does not appear in this Official Statement if it is not material for the purpose of making an investment decision in the Bonds). There is no assurance that such rating will continue for any given period of time or that the rating will not be revised downward or withdrawn entirely by S&P, if in the judgment of S&P, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds are being purchased by Stifel, Nicolaus & Company, Incorporated (the “**Underwriter**” or “**Stifel**”). The Underwriter has agreed to purchase the Bonds at the price of \$_____, which is equal to the initial principal amount of the Bonds of \$_____, plus net original issue premium of \$_____, less an Underwriter’s discount of \$_____.

The purchase contract relating to the Bonds provides that the Underwriter will purchase all of the Bonds (if any are purchased), and provides that the Underwriter’s obligation to purchase is subject to certain terms and conditions, including the approval of certain legal matters by counsel.

The Underwriter may offer and sell Bonds to certain securities dealers and others at prices lower than the offering prices stated on the inside cover page hereof. The offering prices may be changed by the Underwriter.

Stifel and its affiliates comprise a full service financial institution engaged in activities which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Stifel and its affiliates may have provided, and may in the future provide, a variety of these services to the District and to persons and entities with relationships with the District, for which they received or will receive customary fees and expenses.

In the ordinary course of these business activities, Stifel and its affiliates may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District.

Stifel and its affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire such assets, securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

ADDITIONAL INFORMATION

The discussions herein about the Bond Resolution and the Continuing Disclosure Certificate are brief outlines of certain provisions thereof. Such outlines do not purport to be complete and for full and complete statements of such provisions reference is made to such documents. Copies of these documents mentioned are available from the Municipal Advisor and following delivery of the Bonds will be on file at the offices of the Paying Agent in Los Angeles, California.

References are also made herein to certain documents and reports relating to the District; such references are brief summaries and do not purport to be complete or definitive. Copies of such documents are available upon written request to the District.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement

is not to be construed as a contract or agreement between the District and the purchasers or Owners of any of the Bonds.

EXECUTION

The execution and delivery of this Official Statement have been duly authorized by the District.

CLOVIS UNIFIED SCHOOL DISTRICT

By: _____
Associate Superintendent,
Administrative Services

[THIS PAGE INTENTIONALLY LEFT BLANK]

APPENDIX A

GENERAL AND FINANCIAL INFORMATION FOR THE CLOVIS UNIFIED SCHOOL DISTRICT

*The information in this and other sections concerning the operations and operating budget of Clovis Unified School District (the “**District**”) of Fresno County (the “**County**”), State of California (the “**State**”) is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the General Fund of the District. The Bonds are payable solely from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof. See “SECURITY FOR THE BONDS” in the front half of the Official Statement.*

GENERAL DISTRICT INFORMATION

General Information

The boundaries of the District encompass an area of approximately 198 square miles within the central portion of the County. The territory of the District includes most of the city of Clovis (the “**City**”), a portion of the city of Fresno, and adjacent unincorporated areas of the County. The District was formed in 1960. The District is a unified school district providing education for students in grades TK-12. The District currently operates 35 elementary schools, six intermediate schools, six high schools, two alternative education sites, two community day schools, the Clovis Online Charter School, one adult school, and, with the Fresno Unified School District, a Joint Powers Agency high school. The District's enrollment is projected for approximately 44,111 students for fiscal year 2026-27.

Administration

Governing Board. The District is governed by a seven-member Governing Board, each member of which is elected by trustee area to a four-year term. The management and policies of the District are administered by a Superintendent and a staff that provides business, pupil, personnel, administrative and instructional support services. Current members of the Governing Board, together with their office and the date their term expires, are listed below.

GOVERNING BOARD Clovis Unified School District

Name	Position	Term Expires
Tiffany Stoker Madsen	President	November 2026
Hugh Awtrey	Vice President	November 2028
Wilma Tom Hashimoto	Clerk	November 2028
Deena Combs-Flores	Member	November 2026
Steven G. Fogg, M.D.	Member	November 2028
Yolanda Moore	Member	November 2028
Clinton Olivier	Member	November 2026

Superintendent and Administrative Personnel. The Superintendent of the District, appointed by the Board, is responsible for management of the day-to-day operations and supervises the work of other District administrators. The following is information regarding certain District officials.

Corrine Folmer, Ed.D., Superintendent. Dr. Folmer joined the District in 2003 and is an experienced educational leader whose career spans both elementary and secondary educational roles. During her twenty-year career in the District, she has served as a teacher, guidance instructional specialist, learning director, elementary principal, and assistant superintendent of the Clovis East Area. Since 2019, she has been the District's Associate Superintendent of School Leadership, overseeing all District schools. Prior to her work in the District, she served the Sierra Unified School District as a teacher and resource specialist. Dr. Folmer obtained an undergraduate degree in Liberal Studies (2001), Master's degree in Administration and Supervision (2008) and Doctorate in Educational Leadership (2021) from California State University, Fresno. Dr. Folmer is a graduate of the District and a member of the District's Athletics Hall of Fame.

Michael Johnston, Associate Superintendent, Administrative Services. Michael Johnston joined the District in September 2002. Prior to that he worked for Dos Palos-Oro Loma Unified School District from 1998 to 2002. He received his Bachelor of Arts Degree in Business Administration from California State University, Fresno, in 1991 and his Master of Arts degree in Education Administration from California State University, Fresno, in 2005.

Susan Rutledge, Assistant Superintendent, Business Services. Susan Rutledge joined the District in April 2012. Prior to that she worked for Madera Unified School District. She received her Bachelor's Degree in Marketing from California State University, Fresno, in 2001 and her Master of Science degree in Accountancy from the University of Phoenix in 2010.

Recent Enrollment Trends and ADA; Charter Schools

The following table shows recent enrollment and ADA history for the District with projected figures for fiscal year 2026-27.

ANNUAL ENROLLMENT AND ADA Fiscal Years 2017-18 through 2026-27[†] Clovis Unified School District

School Year	Student Enrollment [†]	Percent Change	ADA**	Percent Change
2017-18	43,106	--%	40,857	--%
2018-19	43,264	0.4	41,009	0.4
2019-20*	43,654	0.9	41,556	1.3
2020-21	42,790	(2.0)	41,556	0.0
2021-22	42,699	(0.2)	41,556	0.0
2022-23	42,802	0.2	40,255	(3.1)
2023-24	43,291	1.1	40,154	(0.3)
2024-25	43,669	0.9	40,318	0.4
2025-26 ⁽¹⁾	44,091	1.0	41,110	2.0
2026-27 ⁽²⁾	44,111	0.0	41,084	(0.1)

[†] Includes enrollment of the one dependent charter school operating within the District.

*COVID-19 pandemic commenced in March 2020.

**Funded ADA.

(1) Estimated actuals.

(2) Budgeted.

Source: California Department of Education and Clovis Unified School District.

Enrollment growth is anticipated in the District due to planned residential development.

There is one dependent charter school currently operating in District boundaries, being the Clovis Online Charter School which was initially established on May 18, 2008. The Clovis Online Charter School is an online, diploma-granting school serving elementary through high school grade levels. Its charter is approved and subject to renewal or extension periodically by the District. The District accounts for its activities within the Charter School Fund in the District's financial statements.

The Clovis Global Academy, an independent charter school operating a dual language immersion model education for TK-8th grade students was approved by the Fresno County Board of Education on March 19, 2020. Classes commenced in August 2020. Enrollment is approximately 268 students based on information available from the National Center for Education Statistics.

Employee Relations

The District's staffing is budgeted for 5,452 full time equivalent employees ("FTEs") in fiscal year 2026-27. The following table summarizes current employee groups.

EMPLOYEE REPRESENTATIVES/BARGAINING UNITS Clovis Unified School District

Employee Category	Description
<u>Employee Groups - No Union</u>	
Certificated - Teachers	This group of employees is not represented by an exclusive representative and includes all certificated teachers. This group includes approximately 2,118 FTE employees in fiscal year 2026-27. Compensation has been settled through June 30, 2027. See paragraph below this table for possible bargaining unit representation in the future.
Business Support/Confidential	The group includes all secretarial, clerical and paraprofessional personnel. This group is not represented by an exclusive bargaining agent but has an informal "meet and confer" process with District representatives to determine salaries and fringe benefits. This group includes approximately 664 FTE employees in fiscal year 2026-27. Compensation has been settled through June 30, 2027.
Management	This group of employees is not represented by an exclusive representative and includes all certificated and classified management personnel. The group includes approximately 679 FTE employees in fiscal year 2026-27. Compensation has been settled through June 30, 2027.
Other Non-Represented	This group of employees includes primarily teacher aides and other "casual labor" personnel which are not represented by a bargaining agent. This group includes approximately 1,276 FTE employees in fiscal year 2026-27. Compensation has been settled through June 30, 2027.
Security Personnel	The District has a security staff of 20 FTE employees in fiscal year 2026-27 which are not represented by a bargaining agent. Compensation has been settled through June 30, 2027.
<u>Employee Groups With Union</u>	
Operation Support Unit	This group includes maintenance, transportation, custodial, grounds, and cafeteria personnel and is represented by California School Employees Association ("CSEA"). This group includes approximately 574 FTE employees in fiscal year 2026-27. Compensation has been settled through June 30, 2027.
School Psychologists and Mental Health Support Professionals; ASL Interpreters; Naturalists	These three groups are represented by the Association of Clovis Educators ("ACE") bargaining units. The School Psychologist and Mental Health unit represents approximately 91 FTE certificated management and the ASL Interpreters is approximately 21 FTE classified, and the Naturalists are approximately 9 FTE classified employees. Compensation has been settled through June 30, 2027 for the School Psychologist and Naturalists professional group. A tentative agreement through June 30, 2027 for the ASL Interpreters was presented to the Governing Board on August 5, 2026.

Source: Clovis Unified School District.

Increases in salary schedules for fiscal year 2026-27 will be reflected in the District's first interim report for fiscal year 2026-27.

There is the possibility that certificated teaching staff will vote to form a collective bargaining unit in the near future. In August 2026, the Independent Clovis Unified Educators ("ICUE"), which was formed in 2021, announced it had gathered signatures from over half of District full-time certificated staff and filed a "Petition for Recognition" with the Public Employment

Relations Board (“**PERB**”) to represent classroom teachers. Once the signatures are verified by PERB, ACE (defined in the above table as representative union for school psychologist and mental health support professionals), might file an intervention petition, resulting in an election for teachers on the topic of unionization and identifying which group would serve as the exclusive representative. The District cannot predict if unionization will be approved and implemented. If it is, then like many California school districts, the collective bargaining process will apply for the District’s teacher contract.

District Insurance Coverage

Workers’ Compensation, Short-Term Disability, and Employee Medical Benefits. The District is self-insured for workers’ compensation, short-term disability, health, vision and dental programs. The District accounts for and finances its uninsured risks of loss in its Self Insurance Fund. The District provides coverage for up to a maximum of \$350,000 for each workers’ compensation claim and up to \$700,000 for each health insurance claim. The District purchases commercial insurance for claims in excess of coverage provided by the General Fund and Self Insurance Fund and for all other risks of loss. All funds of the District, which reflect salary costs, participate in the program and make payments to the Self Insurance Fund based on actuarial estimates of the amounts needed to pay prior and current year claims.

The claims liability of \$23,413,358 reported in the Self Insurance Fund at June 30, 2025, is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. This amount also consists of a reserve for health and welfare claims based on an actuary study of estimated losses.

Property and Liability. The District is exposed to various risks of loss related to torts; theft, damage, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year ending June 30, 2025, the District contracted with the Schools Excess Liability Fund and the Alliance of Schools for Cooperative Insurance Programs for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. District coverage includes coverage for cyber incidents.

Claims Liabilities. The District records an estimated liability for indemnity torts and other claims against the District. Claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience.

Unpaid Claims Liabilities. The District establishes a liability in its audited financial statements for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. For changes in approximate aggregate liabilities for the District from July 1, 2023 to June 30, 2025, see Note 11 in Appendix B hereto.

For more information on the District’s insurance policies and participation in joint powers authorities, see Appendix B hereto, Notes 11 and 14.

DISTRICT FINANCIAL INFORMATION

The information in this and other sections concerning the District's operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the general fund of the District. The Bonds are payable from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof.

Education Funding Generally

School districts in California receive operating income primarily from two sources: the State funded portion which is derived from the State's general fund, and a locally funded portion, being the district's share of the one percent general *ad valorem* tax levy authorized by the California Constitution. As a result, decreases or deferrals in education funding by the State could significantly affect a school district's revenues and operations.

From 1973-74 to 2012-13, California school districts operated under general purpose revenue limits established by the State Legislature. In general, revenue limits were calculated for each school district by multiplying (1) the ADA for such district by (2) a base revenue limit per unit of ADA. The revenue limit calculations were adjusted annually in accordance with a number of factors designated primarily to provide cost of living increases and to equalize revenues among all California school districts of the same type. Funding of a district's revenue limit was provided by a mix of local property taxes and State apportionments of basic and equalization aid. Generally, the State apportionments amounted to the difference between the District's revenue limit and its local property tax revenues. Districts which had local property tax revenues that exceeded their revenue limit entitlements were deemed a "Basic Aid District" and received full funding from local property tax revenues, and were entitled to keep those tax revenues which exceeded their revenue limit funding entitlement. A district which was not a Basic Aid District was known as a "Revenue Limit District."

The fiscal year 2013-14 State budget replaced the previous K-12 finance system with a new formula known as the Local Control Funding Formula (the "LCFF"). Under the LCFF, revenue limits and most state categorical programs were eliminated. School districts instead receive funding based on the demographic profile of the students they serve and gain greater flexibility to use these funds to improve outcomes of students. The LCFF creates funding targets based on student characteristics. For school districts and charter schools, the LCFF funding targets consist of grade span-specific base grants plus supplemental and concentration grants that reflect student demographic factors. The LCFF includes the following components:

- A base grant for each local education agency per unit of ADA, which varies with respect to different grade spans. The base grant is \$2,375 more than the average revenue limit provided prior to LCFF implementation. The base grants will be adjusted upward each year to reflect cost-of-living increases. In addition, grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in grades K-3 and the provision of career technical education in grades 9-12.
- A 20% supplemental grant for English learners, students from low-income families and foster youth to reflect increased costs associated with educating those students.

- An additional concentration grant of up to 65% (which was increased from 50% as part of the State's trailer bill to the 2021-22 State Budget - Assembly Bill 130) of a local education agency's base grant, based on the number of English learners, students from low-income families and foster youth served by the local agency that comprise more than 55% of enrollment.
- An economic recovery target to ensure that almost every local education agency receives at least their pre-recession funding level, adjusted for inflation, at full implementation of the LCFF.

The LCFF was implemented for fiscal year 2013-14 and was phased in gradually. Beginning in fiscal year 2013-14, an annual transition adjustment was required to be calculated for each school district, equal to each district's proportionate share of the appropriations included in the State budget (based on the percentage of each district's students who are low-income, English learners, and foster youth ("**Targeted Students**")), to close the gap between the prior-year funding level and the target allocation at full implementation of LCFF. In each year, districts had the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of a district's funding gap. The legislation implementing LCFF also included a "hold harmless" provision which provided that a district or charter school would maintain total revenue limit and categorical funding at least equal to its 2012-13 level, unadjusted for changes in ADA or cost of living adjustments.

In 2021, legislation was passed that requires school districts operating a kindergarten program to also provide a transitional kindergarten ("**TK**") program for all 4-year-old children by fiscal year 2025–26.

Remainder of page intentionally left blank.

Funding levels used in the LCFF entitlement calculations for fiscal year 2026-27 are set forth in the following table.

**Fiscal Year 2026-27 Base Grant Funding* Under LCFF
by Grade Span**

Entitlement Factor	TK-3	4-6	7-8	9-12
A. 2025-26 Base Grant per ADA	\$10,256	\$10,411	\$10,719	\$12,423
B. 2026-27 Statutory COLA (A x 2.87%)	\$294	\$299	\$308	\$357
C. Additional LCFF Investment of 1.44%	\$148	\$150	\$154	\$179
D. 2026-27 Base Grants before Grade Span Adjustments (A+B+C)	\$10,698	\$10,860	\$11,181	\$12,959
E. Grade Span Adjustments (TK-3: D x 10.4%; 9-12: D x 2.6%)	\$1,113	n/a	n/a	\$337
F. 2026-27 Adjusted Base Grants per ADA (D+E)	\$11,811	\$10,860	\$11,181	\$13,296

*Add-ons to the Base Grant, as may be applicable, are: (1) Supplemental Grant: For the supplemental grant funding entitlement, for each grade span, the calculation is the base grant or adjusted base grant per ADA, times total funded ADA, times Unduplicated Pupil Percentage, times 20%; (2) Concentration Grant: For the concentration grant funding entitlement, the calculation is the base grant or adjusted base grant per ADA, times total funded ADA, times portion of Unduplicated Pupil Percentage that exceeds 55%, times 65%; and (3) Transitional Kindergarten Add-On: For the TK add-on funding, the amount is the rate of \$5,704 times the school district's current year TK ADA.

Source: California Department of Education.

The LCFF includes an accountability component. Districts are required to increase or improve services for English language learners, low income, and foster youth students in proportion to supplemental and concentration grant funding received. All school districts, county offices of education, and charter schools are required to develop and adopt local control and accountability plans, which identify local goals in areas that are priorities for the State, including pupil achievement, parent engagement, and school climate.

County superintendents review and provide support to the districts under their jurisdiction, and the State Superintendent of Public Instruction (the “**State Superintendent**”) performs a corresponding role for county offices of education. In addition, the State Budget for fiscal year 2013-14 created the California Collaborative for Education Excellence to advise and assist school districts, county offices of education, and charter schools in achieving the goals identified in their plans. Under the LCFF and related legislation, the State will continue to measure student achievement through statewide assessments, produce an Academic Performance Index for schools and subgroups of students, determine the contents of the school accountability report card, and establish policies to implement the federal accountability system.

Basic Aid or Community Supported districts are school districts which have local property tax revenues which exceed such district's funding entitlement under LCFF. As such, in lieu of State funding under LCFF, Basic Aid districts are entitled to keep the full share of local property tax revenues, even the amount which exceeds its funding entitlement under LCFF. The District's funding formula is currently determined pursuant to LCFF, and not as a Basic Aid district.

District Accounting Practices

The accounting practices of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts.

District accounting is organized on the basis of funds, with each group consisting of a separate accounting entity. The major fund classification is the general fund which accounts for all financial resources not requiring a special fund placement. The District's fiscal year begins on July 1 and ends on June 30.

District expenditures are accrued at the end of the fiscal year to reflect the receipt of goods and services in that year. Revenues generally are recorded on a cash basis, except for items that are susceptible to accrual (measurable and/or available to finance operations). Current taxes are considered susceptible to accrual. Revenues from specific state and federally funded projects are recognized when qualified expenditures have been incurred. State block grant apportionments are accrued to the extent that they are measurable and predictable. The State Department of Education sends the District updated information from time to time explaining the acceptable accounting treatment of revenue and expenditure categories.

The Governmental Accounting Standards Board ("**GASB**") published its Statement No. 34 "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments" on June 30, 1999. Statement No. 34 provides guidelines to auditors, state and local governments and special purpose governments such as school districts and public utilities, on new requirements for financial reporting for all governmental agencies in the United States. Generally, the basic financial statements and required supplementary information should include (i) Management's Discussion and Analysis; (ii) financial statements prepared using the economic measurement focus and the accrual basis of accounting, (iii) fund financial statements prepared using the current financial resources measurement focus and the modified accrual method of accounting and (iv) required supplementary information.

Financial Statements

General. The District's general fund finances the legally authorized activities of the District for which restricted funds are not provided. General fund revenues are derived from such sources as State school fund apportionments, taxes, use of money and property, and aid from other governmental agencies. The District's June 30, 2025 Audited Financial Statements were prepared by Eide Bailly, LLP, Certified Public Accountants, Fresno, California and are attached hereto as Appendix B. Audited financial statements for the District for prior fiscal years are on file with the District and available for public inspection at Clovis Unified School District, 1450 Herndon Avenue, Clovis, California 93611, telephone (559) 327-9000. The District has not requested, and the auditor has not provided, any review or update of such Financial Statements in connection with inclusion in this Official Statement. Copies of such financial statements will be mailed to prospective investors and their representatives upon written request to the District. This District may impose a charge for copying, mailing and handling.

General Fund Revenues, Expenditures and Changes in Fund Balance. The following table shows the audited income and expense statements for the District for the fiscal years 2020-21 through 2024-25.

(1) Transfers-in generally consist of amounts transferred in from the Facilities Fund (for example, for solar rebates, amounts to reimburse the general fund for facilities projects, and 3% administrative fee on developer fee revenues).

(2) Transfers-out generally consist of amounts to the Deferred Maintenance Fund, Special Reserve Capital Outlay Fund and Adult Fund related to facilities projects and funding of the adult school.

(3) Pursuant to GASB No. 96 adopted as of July 1, 2022, right-to-use subscription IT assets are reported as a source of financing in governmental funds but also constitute long-term liabilities in the Statement of Net Position in the District's audited financial statements. See below under "Existing Debt Obligations - Subscription-Based Information Technology Arrangements".

District Budget and Interim Financial Reporting

Budgeting and Interim Reporting Procedures. State law requires school districts to maintain a balanced budget in each fiscal year. The State Department of Education imposes a uniform budgeting and accounting format for school districts.

Under current law, a school district governing board must adopt and file with the county superintendent of schools a tentative budget by July 1 in each fiscal year. The District is under the jurisdiction of the Fresno County Superintendent of Schools (the "**County Superintendent**"). The County Superintendent is separate from the County, and is not an official of the County.

The County Superintendent must review and approve or disapprove the budget no later than September 15. The County Superintendent is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Trustees and identify technical corrections necessary to bring the budget into compliance with the established standards. If the budget is disapproved, it is returned to the District with recommendations for revision. The District is then required to revise the budget, hold a public hearing thereon, adopt the revised budget and file it with the County Superintendent no later than September 8. Pursuant to State law, the County Superintendent has available various remedies by which to impose and enforce a budget that complies with State criteria, depending on the circumstances, if a budget is disapproved. After approval of an adopted budget, the school district's administration may submit budget revisions for governing board approval.

Subsequent to approval, the County Superintendent will monitor each district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the district can meet its current or subsequent year financial obligations. If the County Superintendent determines that a district cannot meet its current or subsequent year obligations, the County Superintendent will notify the district's governing board of the determination and may then do either or both of the following: (a) assign a fiscal advisor to enable the district to meet those obligations or (b) if a study and recommendations are made and a district fails to take appropriate action to meet its financial obligations, the County Superintendent will so notify the State Superintendent, and then may do any or all of the following for the remainder of the fiscal year: (i) request additional information regarding the district's budget and operations; (ii) after also consulting with the district's board, develop and impose revisions to the budget that will enable the district to meet its financial obligations; and (iii) stay or rescind any action inconsistent with such revisions. However, the County Superintendent may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the County Superintendent assumed authority.

A State law adopted in 1991 ("**A.B. 1200**") imposed additional financial reporting requirements on school districts, and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200, each school district is required to file interim certifications with the County Superintendent (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The County Superintendent reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. A negative certification is assigned to any school district that is deemed unable to meet its financial obligations for the remainder of the current fiscal year or the subsequent fiscal year. A qualified

certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years.

Under California law, any school district and office of education that has a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the district, unless the applicable county superintendent of schools determines that the district's repayment of indebtedness is probable.

District's Budget Approval/Disapproval and Certification History. Each of the District's interim reports in the previous five year period have been certified as positive. Copies of the District's budget, interim reports and certifications may be obtained upon request from the Superintendent of the District, Clovis Unified School District, 1450 Herndon Avenue, Clovis, California 93611, Phone: (559) 327-9000. The District may impose charges for copying, mailing and handling.

District Reserves. The District's ending fund balance is the accumulation of surpluses from prior years. State law requires that school districts maintain available reserves at certain levels ranging between 1% to 5% of total expenditures and other financing uses, based on the school district's ADA. This fund balance is used to meet the State's minimum required reserve of 2% of expenditures, plus any other allocation or reserve which might be approved as an

expenditure by the District in the future. The District has historically had a reserve in excess of 2% of expenditures, and has a Board-adopted policy to maintain a reserve of 10% of expenditures.

Under State law (Education Code Section 42127.01), there are certain restrictions on the amount of reserves that can be maintained by school districts under certain circumstances. This reserve cap requirement does not apply to small school districts (ADA of fewer than 2,501 students) or school districts funded as Basic Aid school districts. When applicable, the reserve cap requires that a school district's adopted or revised budget shall not contain a combined assigned or unassigned ending general fund balance of more than 10% of those funds. The applicability of the reserve cap is based on the balance in the State's Public School System Stabilization Account and is triggered in a fiscal year when the balance is equal to or exceeds 3% of the combined total of general fund revenues appropriated for school districts. A county superintendent of schools may grant a school district under its jurisdiction an exemption from the requirements for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multi-year infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that is in excess of the reserve cap. The reserve cap was triggered in fiscal years 2022-23 and 2023-24 but was not triggered for fiscal year 2024-25 and was not triggered in fiscal year 2025-26.

Attendance - Revenue Limit and LCFF Funding

Funding Trends per ADA. As previously described, prior to fiscal year 2013-14, school districts in the State derived most State funding based on a formula which considered a revenue limit per unit of ADA. With the implementation of the LCFF, commencing in fiscal year 2013-14, school districts receive base funding based on ADA, and may also be entitled to supplemental funding, concentration grants and funding based on an economic recovery target. The following table sets forth total LCFF funding and ADA for the District for fiscal years 2020-21 through 2025-26 (Projected).

AVERAGE DAILY ATTENDANCE AND FUNDING TRENDS Clovis Unified School District Fiscal Years 2020-21 through 2026-27

Fiscal Year	ADA*	Total LCFF Funding
2020-21	41,556	\$395,449,309
2021-22	41,556	412,458,240
2022-23	40,255	469,055,149
2023-24	40,154	495,092,595
2024-25	40,318	504,629,538
2025-26 ⁽¹⁾	41,110	529,905,990
2026-27 ⁽²⁾	41,084	555,777,350

*Funded ADA.

(2) Budgeted.

Source: California Department of Education and Clovis Unified School District.

Unduplicated Pupil Count. The District's unduplicated pupil percentage ("UPP") for purposes of supplemental and concentration grant funding under LCFF is approximately 54%, and as such the District does not qualify for concentration grant funding under LCFF because its UPP is below 55%. Recent increased enforcement of immigration laws could impact attendance

at some school districts. The District cannot predict if such events will impact its ADA and related revenues under LCFF.

Revenue Sources

The District categorizes its general fund revenues into four sources, being LCFF, Federal Revenues, Other State Revenues and Local Revenues. Each of these revenue sources is described below.

LCFF Sources. District funding is provided by a mix of (1) local property taxes and (2) State apportionments of funding under the LCFF. Generally, the State apportionments will amount to the difference between the District's LCFF funding entitlement and its local property tax revenues.

Beginning in 1978-79, Proposition 13 and its implementing legislation provided for each county to levy (except for levies to support prior voter-approved indebtedness) and collect all property taxes, and prescribed how levies on county-wide property values are to be shared with local taxing entities within each county.

The principal component of local revenues is the school district's property tax revenues, *i.e.*, the district's share of the local 1% property tax, received pursuant to Sections 75 and following and Sections 95 and following of the California Revenue and Taxation Code. Education Code Section 42238(h) itemizes the local revenues that are counted towards the base revenue limit before calculating how much the State must provide in equalization aid. Historically, the more local property taxes a district receives, the less State equalization aid it is entitled to.

Federal Revenues. The federal government provides funding for several District programs, including special education programs, programs under Every Student Succeeds, the Individuals with Disabilities Education Act, and specialized programs such as Drug Free Schools.

In January 2025, the federal government announced possible cuts to federal funding for educational agencies. President Trump has also signed an executive order aimed at terminating the United States Department of Education. In a move which some pundits claim effectively terminates the United States Department of Education, the Supreme Court granted the Trump administration's request to temporarily pause an order by a lower federal judge that would have required the Department of Education to reinstate nearly 1,400 employees who were fired by President Trump's executive order. Furthermore, on July 1, 2025, President Trump announced that the administration would withhold \$6.2 billion in grants already allocated to school districts to support English learners, \$811 million of which was allocated for California schools. However, subsequently in late July 2025, the federal administration announced it was releasing roughly \$1.3 billion in grant money for schools, of which approximately \$158 million was for California schools. Other than what is described in the foregoing sentences, the District cannot predict the types of possible federal funding cuts that may occur, the extent of such cuts, if any, and the impact on the District's finances or operations as a result of a termination of the Department of Education.

Other State Revenues. As discussed above, the District receives State apportionment of basic and equalization aid in an amount equal to the difference between the District's revenue limit and its property tax revenues. In addition to such apportionment revenue, the District receives other State revenues.

The District receives State aid from the California State Lottery (the "**Lottery**"), which was established by a constitutional amendment approved in the November 1984 general election. Lottery revenues must be used for the education of students and cannot be used for non-instructional purposes such as real property acquisition, facility construction, or the financing of research. Moreover, State Proposition 20 approved in March 2000 requires that 50% of the increase in Lottery revenues over 1997-98 levels must be restricted to use on instruction material.

For additional discussion of State aid to school districts, see "STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS."

Other Local Revenues; Developer Fees. In addition to local property taxes, the District receives additional local revenues from items such as interest earnings and other local sources such as developer and mitigation fees. Deposits into the Developer Fee sub-fund (61150) of the Capital Facilities Fund in fiscal years 2024-25 through 2026-27 were \$27,905,557, \$12,549,218 (estimated actuals Q3) and \$10,151,000 (budgeted), respectively.

District Retirement Systems

Qualified employees of the District are covered under multiple-employer defined benefit pension plans maintained by agencies of the State. Certificated employees are members of the State Teachers' Retirement System ("**STRS**") and classified employees are members of the Public Employees' Retirement System ("**PERS**"). Both STRS and PERS are operated on a Statewide basis. *The information set forth below regarding the STRS and PERS programs, other than the information provided by the District regarding its annual contributions thereto, has been obtained from publicly available sources which are believed to be reliable but are not guaranteed as to accuracy or completeness, and should not be construed as a representation by either the District or the Underwriter.*

STRS. All full-time certificated employees participate in STRS, a cost-sharing, multiple-employer contributory public employee retirement system. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. The plan is funded through a combination of investment earnings and statutorily set contributions from three sources: employees, employers, and the State. The benefit provisions and contribution amounts are established by State laws, as amended from time to time.

Prior to fiscal year 2014-15, contribution rates were constant and not subject to annual variations. K-14 school districts were required by statute to contribute 8.25% of eligible salary expenditures, and participants contributed 8% of their respective salaries. In September 2013, however, STRS projected that the plan would be depleted in 31 years if existing contribution rates continued and other actuarial assumptions were realized, largely due to significant investment losses.

Assembly Bill 1469 was adopted as part of the State's fiscal year 2014-15 budget ("**AB 1469**"), aimed at fully funding the unfunded actuarial obligation of STRS with respect to service credited to member of STRS prior to July 1, 2014, within 32 years, by increasing contribution rates of members, K-14 school district employers, and the State. Under AB 1469, employer contributions were proposed to steadily increase over seven years. However, several modifications to the schedule were undertaken in connection with State budgets. Contribution rates for the past several years are summarized pursuant to the following schedule:

STRS EMPLOYER CONTRIBUTION RATES
Effective Dates of July 1, 2022 through July 1, 2026

Effective Date	Employer Contribution Rate
July 1, 2022	19.10%
July 1, 2023	19.10
July 1, 2024	19.10
July 1, 2025	19.10
July 1, 2026	19.10

Source: STRS.

The State also continues to contribute to STRS, and its contribution rate in fiscal year 2025-26 was 8.328% and will be 8.328% in fiscal year 2026-27.

The District's recent contributions to STRS including the current budgeted fiscal year are set forth in the following table. These contributions represent 100% of the required contribution for each year.

STRS EMPLOYER CONTRIBUTIONS
Clovis Unified School District
Fiscal Years 2022-23 through 2026-27

Fiscal Year	Amount
2022-23	\$46,149,257
2023-24	49,370,248
2024-25	50,272,125
2025-26 ⁽¹⁾	76,687,575
2026-27 ⁽²⁾	77,848,282

The STRS defined benefit program continues to have an unfunded actuarial liability estimated at approximately \$75.0 billion, based on a market value of assets basis, as of June 30, 2025, which is the date of the last actuarial valuation.

PERS. All full-time and some part-time classified employees participate in PERS, an agent multiple-employer contributory public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State. PERS provides retirement, disability, and death benefits to plan members and beneficiaries. The District is part of a cost-sharing pool within PERS known as the "Schools Pool." Benefit provisions are established by State statutes, as legislatively amended. Contributions to PERS are made by employers and employees. Each fiscal year, employers are required to contribute an amount based on an actuarially determined employer rate, and employees make contributions which vary based on their date of hire.

Like the STRS program, the PERS program has experienced an unfunded liability in recent years. To address this issue, the PERS board has taken a number of actions, including changes to the PERS amortization and smoothing policy intended to reduce volatility in employer contribution rates and adopting changes in actuarial assumptions. In November 2015, PERS

adopted a funding risk mitigation policy incrementally lowering its discount rate (its assumed rate of investment return) in years of good investment returns, to help pay down the pension fund's unfunded liability, and provide greater predictability and less volatility in contribution rates for employers. SB 90, and Assembly Bill 84/Senate Bill 111 (“**AB 84**”) of June 2020, directed contributions of \$430 million and \$330 million in satisfaction of portions of employer contribution rates in fiscal years 2020-21 and 2021-22, respectively. Recent employer contribution rates are set forth in the following table.

EMPLOYER CONTRIBUTION RATES (PERS)
Fiscal Years 2022-23 through 2026-27⁽¹⁾

Fiscal Year	Employer Contribution Rate⁽¹⁾
2022-23	25.370%
2023-24	26.680
2024-25	27.050
2025-26	26.810
2026-27	26.400

(1) Expressed as a percentage of covered payroll.

PERS continues to have an unfunded liability which was approximately \$35.7 billion, based on a market value of assets, as of June 30, 2025, which is the date of the last actuarial valuation.

California Public Employees’ Pension Reform Act of 2013. On September 12, 2012, the Governor signed into law the California Public Employees’ Pension Reform Act of 2013 (“**PEPRA**”), which impacted various aspects of public retirement systems in the State, including the STRS and PERS programs. In general, PEPRA (i) increased the retirement age for public employees depending on job function, (ii) capped the annual pension benefit payouts for public employees hired after January 1, 2013, (iii) required public employees hired after January 1, 2013 to pay at least 50% of the costs of their pension benefits (as described in more detail below), (iv) required final compensation for public employees hired after January 1, 2013 to be determined based on the highest average annual pensionable compensation earned over a period of at least

36 consecutive months, and (v) attempted to address other perceived abuses in the public retirement systems in the State. PEPRAs applies to all public employee retirement systems in the State, *except* the retirement systems of the University of California, and charter cities and charter counties whose pension plans are not governed by State law. PEPRAs provisions went into effect on January 1, 2013 with respect to new State, school, and city and local agency employees hired on or after that date; existing employees who are members of employee associations, including employee associations of the District, have a five-year window to negotiate compliance with PEPRAs through collective bargaining.

PERS has predicted that the impact of PEPRAs on employees and employers, including the District and other employers in the PERS system, will vary, based on each employer's current level of benefits. As a result of the implementation of PEPRAs, new members must pay at least 50% of the normal costs of the plan, which can fluctuate from year to year. To the extent that the new formulas lower retirement benefits, employer contribution rates could decrease over time as current employees retire and employees subject to the new formulas make up a larger percentage of the workforce. This change would, in some circumstances, result in a lower retirement benefit for employees than they currently earn.

With respect to the STRS pension program, employees hired after January 1, 2013 will pay the greater of either (1) 50% of the normal cost of their retirement plan, rounded to the nearest one-quarter percent, or (2) the contribution rate paid by then-current members (*i.e.*, employees in the STRS plan as of January 1, 2013). The member contribution rate could be increased from this level through collective bargaining or may be adjusted based on other factors. Employers will pay at least the normal cost rate, after subtracting the member's contribution.

The District is unable to predict the amount of future contributions it will have to make to PERS and STRS as a result of the implementation of PEPRAs, and as a result of negotiations with its employee associations, or, notwithstanding the adoption of PEPRAs, resulting from any legislative changes regarding the PERS and STRS employer contributions that may be adopted in the future.

Additional Information - STRS and PERS. Additional information regarding the District's retirement programs is available in Note 12 to the District's audited financial statements attached hereto as APPENDIX B. In addition, both STRS and PERS issue separate comprehensive financial reports that include financial statements and required supplemental information. Copies of such reports may be obtained from STRS and PERS, respectively, as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; and (ii) PERS, 400 Q Street, Sacramento, California 95811.

More information regarding STRS and PERS can also be obtained at their websites, www.calstrs.com and www.calpers.ca.gov, respectively. *The references to these Internet websites are shown for reference and convenience only and the information contained on such websites is not incorporated by reference into this Official Statement. The information contained on these websites may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

Other Post-Employment Retirement Benefits

Plan Description. The Post-Employment Benefits Plan (the "**Plan**") is a single-employer defined benefit healthcare plan administered by the District. The Plan provides medical and dental

insurance benefits to eligible retirees and their spouses. Membership of the Plan consists of 1,465 retirees and beneficiaries currently receiving benefits and 3,909 active Plan members.

Contribution Information. The benefit payment requirements of the Plan members and the District are established and may be amended by the District. The benefit payment is based on projected pay-as-you-go financing requirements as determined annually through the agreements with the District. For fiscal year 2024-25, the District paid \$11,705,479 in benefits.

Actuarial Assumptions and Other Inputs. The District's total OPEB liability of \$422,681,757 was measured as of June 30, 2025 and was determined by an actuarial valuation as of July 1, 2024, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified: salary increases 3.0%, inflation rate 2.50%, discount rate 5.25%, and healthcare cost trend rates 7.00% for 2025, 5.25% for 2030-2034, 4.60% for 2035-2049, 4.50% for 2065-2074, 4.00% for 2070 and later. Pre-retirement mortality rates for active employees are from CalSTRS Experience Analysis (2015-2018) and from CalPERS Experience Study (2000-2019), as appropriate, without projection. Post-retirement mortality rates for retired members and beneficiaries are from CalSTRS Experience Analysis (2015-2018) and for healthy recipients are from CalPERS Experience Study (2000-2019), as appropriate, without projection.

The actual assumptions used in the July 1, 2024 valuation were based on a review of plan experience during the period July 1, 2021 to June 30, 2024.

Changes in OPEB Liability of the District. The changes in OPEB liability of the District as of June 30, 2025, is shown in the following table:

CHANGES IN TOTAL OPEB LIABILITY Clovis Unified School District June 30, 2024 to June 30, 2025	
	Total OPEB Liability
Balance at June 30, 2024	\$405,406,178
Service Cost	16,925,489
Interest	20,280,396
Differences between expected and actual experience	44,317,208
Changes of assumptions or other inputs	(52,542,035)
Benefit payments	(11,705,479)
Net changes	17,275,579
Balance at June 30, 2025	<u>\$422,681,757</u>

OPEB Expense. For the year ended June 30, 2025, the District recognized an OPEB expense of \$35,891,558.

For more information regarding the District's OPEB, see Note 9 of Appendix B to the Official Statement.

Existing Debt Obligations

In addition to long-term debt in the form of pensions and OPEB, the District has debt relating to voter-approved general obligation bonds and lease financings. Each of these obligations is described below.

The District has never defaulted on the payment of principal or interest on any of its indebtedness.

General Obligation Bonds. The District currently has outstanding general obligation bond and refunding bond indebtedness which has been issued pursuant to the authority of bond elections held within District boundaries on March 6, 2001, March 2, 2004, June 5, 2012, and November 3, 2020, respectively. In addition, Measure A approved by District voters on November 5, 2024 authorized \$400 million in general obligation bonds for facilities improvements, and the Bonds described in the front section of this Official Statement will be the second series of bonds issued pursuant to said bond measure.

The following table provides a summary of outstanding general obligation bond indebtedness.

GENERAL OBLIGATION BONDED INDEBTEDNESS Clovis Unified School District

Issue Date	Name of General Obligation Bond Issue	Original Principal Amount	Bonds Outstanding August 2, 2026
10/22/2002	GO Bonds, Election of 2001, Series B	\$29,000,255.40	\$3,535,674.45

Subscription-Based Information Technology Arrangements (“SBITAs”). The District entered into SBITAs for the general operations of the District. At June 30, 2025, the District recognized a right-to-use subscription IT assets, net of amortization of \$4,244,546 and a SBITA liability of \$1,030,175 related to these agreements. During the fiscal year 2024-25, the District recorded \$2,059,385 in amortization expense and \$53,925 in interest expense. The subscriptions have an interest rate of 4.08%.

The remaining principal and interest payment requirements for the SBITA obligation debt as of June 30, 2026, are as follows:

Year Ending June 30,	Principal Component	Interest Component	Total Payments
2027	\$513,489	\$24,962	\$538,451
2028	9,351	449	9,800
TOTALS	\$522,840	\$25,411	\$548,251

Compensated Absences. Compensated absences (unpaid employee vacation) for the District at June 30, 2025, amounted to \$73,622,953.

Investment of District Funds

In accordance with Government Code Section 53600 *et seq.*, the Fresno County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, counties are required to establish their own investment policies which may impose limitations beyond those required by the Government Code. See "APPENDIX G - FRESNO COUNTY INVESTMENT POLICY AND INVESTMENT REPORT."

Effect of State Budget on Revenues

Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. California school districts generally receive the majority of their operating revenues from various State sources. The primary source of funding for school districts is LCFF funding, which is derived from a combination of State funds and local property taxes (see "DISTRICT FINANCIAL INFORMATION - Education Funding Generally" above). State funds typically make up the majority of a district's LCFF funding. School districts also receive funding from the State for some specialized programs such as special education.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" below), the condition of the State economy (which affects total revenue available to the State general fund), and the annual State budget process. The District cannot predict how education funding may further be changed in the future, or the state of the economy which in turn can impact the amounts of funds available from the State for education funding. See "STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS" below.

Remainder of page intentionally left blank.

STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS

The information in this section concerning the State's budget or budgets has been compiled from publicly-available information provided by the State or the Legislative Analyst's Office (the "LAO"). Neither the District, the Underwriter nor the County is responsible for the information provided in this section.

State Budgeting for Education Generally

The State requires that from all State revenues there first shall be set apart the moneys to be applied for support of the public school system and public institutions of higher education. Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. The primary source of funding for school districts is revenue under the LCFF, which are a combination of State funds and local property taxes (see "DISTRICT FINANCIAL INFORMATION - Education Funding Generally" above). State funds typically make up the majority of a district's LCFF allocation, although Basic Aid school districts derive most of their revenues from local property taxes. School districts also receive substantial funding from the State for various categorical programs.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" below), the condition of the State economy (which affects total revenue available to the State's general fund), and the annual State budget process. Decreases in State revenues may significantly affect appropriations made by the legislature to school districts.

The Budget Process

The State's fiscal year begins on July 1 and ends on June 30. The annual budget is proposed by the Governor by January 10 of each year for the next fiscal year (the "**Governor's Budget**"). Under State law, the annual proposed Governor's Budget cannot provide for projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor's Budget, the Legislature takes up the proposal.

Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the Budget Act as approved by the Legislature and signed by the Governor. The Budget Act must be approved by a majority vote of each house of the Legislature. The Governor may reduce or eliminate specific line items in the Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each house of the Legislature.

Appropriations also may be included in legislation other than the Budget Act. Bills containing appropriations (including for K-14 education) must be approved by a majority vote in each house of the Legislature, unless such appropriations require tax increases, in which case they must be approved by a two-thirds vote of each house of the Legislature and be signed by the Governor. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution.

Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt.

Available Public Resources

Certain information about the State budgeting process and the State budget is available through several State sources. Convenient sources of information include:

- www.treasurer.ca.gov: The California State Treasurer internet home page, under the link to “Bond Finance” and sub-heading “-Public Finance Division”, includes links to recent State official statements and various State financial documents which includes information regarding State budgets and finances.
- www.dof.ca.gov: The California Department of Finance’s (the “**DOF**”) internet home page, under the link to “California Budget”, includes the text of proposed and adopted State Budgets.
- www.lao.ca.gov: The LAO’s internet home page includes a link to “-The Budget” which includes analyses and commentary on fiscal outlooks.

The above references to internet websites shown are shown for reference and convenience only. The information contained within the websites may include outdated information and has not been reviewed for accuracy by the District or the Underwriter. Such information is not incorporated herein by reference.

The 2026-27 State Budget

The 2026-27 State Budget. On June 29, 2026, the Governor signed the fiscal year 2026-27 State Budget (the “**2026-27 State Budget**”). The 2026-27 State Budget largely maintains the framework of the Governor’s May Revision to the Proposed 2026-27 State Budget, and is projected to provide for balanced State budgets in both fiscal years 2026-27 and 2027-28, while reducing projected structural deficits in fiscal years 2028-29 and 2029-30.

The 2026-27 State Budget reflects a decrease of \$19.1 billion in General Fund revenues and transfers from fiscal year 2025-26 (\$226.8 billion in fiscal year 2026-27 compared to \$245.8 billion in fiscal year 2025-26), a 7.8 percent decline driven primarily by a swing in miscellaneous “Other” revenue items (from \$8.6 billion to -\$1.3 billion) and a \$10.7 billion reduction in net transfers from the Budget Stabilization Account. The 2026-27 State Budget also reflects an increase in General Fund expenditures of \$6.2 billion from fiscal year 2025-26 (\$251.5 billion in fiscal year 2026-27 compared to \$245.3 billion in fiscal year 2025-26), primarily reflecting broad spending increases in K-12 education, higher education, and health and human services.

Regarding the State’s reserves and fund balances, the 2026-27 State Budget reverses two years of reserve drawdowns (approximately \$12.2 billion withdrawn from the Budget Stabilization Account, or “Rainy Day Fund,” over the 2024-25 and 2025-26 fiscal years) by including a \$3.6 billion deposit into the Rainy Day Fund in fiscal year 2026-27, bringing its balance to \$15.1 billion. Combined with \$4.5 billion in the Special Fund for Economic Uncertainties and \$9.2 billion in the Public School System Stabilization Account, the 2026-27 State Budget projects combined reserves of \$28.8 billion.

The State budget for fiscal year 2025-26 included numerous spending measures that, at the time, were projected to result in almost \$12 billion in ongoing savings. The 2026-27 State

Budget includes three additional revenue measures that are intended to solidify the State's fiscal structure:

- *Managed Care Organization (MCO) Tax* – A renewal of the MCO Tax effective January 1, 2027, projected to raise \$575 million in 2026-27, growing to \$2.3 billion in fiscal years 2027-28 and 2028-29, and \$1.7 billion in 2029-30, to support Medi-Cal and targeted provider rate increases.
- *Business Tax Credit Limitation* – An extension of temporary business tax credit limitation for an additional three years, which limits the amount by which carry-over business credits can reduce net tax liability. Beginning in 2030, the 2026-27 State Budget permanently limits the use of business tax credits to the greater of \$5 million or 70% of the tax liability. This is projected to increase State general fund revenues by \$1 billion in fiscal year 2026-27, \$3.3 billion in fiscal year 2027-28, \$4.7 billion in fiscal year 2028-29 and \$4.2 billion in fiscal year 2029-30.
- *Prewritten Software Tax* – An extension of the existing sales tax on tangible prewritten software to electronically delivered prewritten software, projected to increase General Fund revenue by \$450 million in fiscal year 2026-27 and \$900 million annually thereafter.

The 2026-27 State Budget projects total resources available in fiscal year 2025-26 of approximately \$302.5 billion, including revenues and transfers of approximately \$245.8 billion and a prior year balance of approximately \$56.7 billion, and total expenditures in fiscal year 2025-26 of approximately \$245.3 billion. The 2026-27 State Budget projects total resources available for fiscal year 2026-27 of approximately \$284.0 billion, inclusive of revenues and transfers of approximately \$226.8 billion and a prior year balance of approximately \$57.2 billion. The 2026-27 State Budget projects total expenditures in fiscal year 2026-27 of approximately \$251.5 billion, inclusive of non-Proposition 98 expenditures of approximately \$158.5 billion and Proposition 98 expenditures of approximately \$92.9 billion. The 2026-27 State Budget projects a General Fund balance of \$32.5 billion at the end of fiscal year 2026-27, comprising \$28.0 billion in the Reserve for Liquidation of Encumbrances, \$4.5 billion in the State's Special Fund for Economic Uncertainties, \$9.2 billion in the Public School System Stabilization Account, and \$15.1 billion in the Rainy Day Fund.

The 2026-27 State Budget includes total funding of \$151.4 billion for all TK-12 education programs, including \$91.1 billion from the State's General Fund and \$60.3 billion from other funds. The 2026-27 State Budget reflects significant Proposition 98 funding that enables increased support for core programs such as the LCFF, special education, educator workforce, and preschool.

Certain budgeted programs and adjustments for K-12 education set forth in the 2026-27 State Budget include:

Proposition 98 Minimum Guarantee. The 2026-27 State Budget reflects updated estimates of General Fund revenues, which result in adjustments to the Proposition 98 minimum guarantee. The revised minimum guarantee for TK-14 schools is estimated at \$124.9 billion for fiscal year 2024-25, \$125.3 billion for fiscal year 2025-26, and \$128.1 billion for fiscal year 2026-27, an increase of approximately \$29.2 billion over the three-year period relative to the 2024-25 Budget Act. The minimum guarantee remains in a "Test 1" for all three years, meaning it equals roughly 40 percent of General Fund revenues plus local property tax revenues, without adjustment for enrollment declines. The Proposition

98 calculation also requires an \$8.3 billion maintenance factor payment in fiscal year 2024-25, fully retiring the Proposition 98 maintenance factor balance. The 2026-27 State Budget maintains a \$3.9 billion settle-up amount in fiscal year 2025-26 to be repaid to TK-14 schools in the 2027 Budget Act if fiscal year 2025-26 revenues hold at current levels, and fully pays the \$1.9 billion settle-up owed for 2024-25.

Proposition 98 Rainy Day Fund. The 2026-27 State Budget projects mandatory Proposition 98 Rainy Day Fund deposits of \$8.7 billion across the three-year budget window, plus a discretionary deposit of \$500 million in 2025-26, bringing the fund's final balance to \$9.2 billion. The \$9.2 billion balance triggers school district reserve caps beginning in fiscal year 2026-27.

Rebench for Non-Local Educational Agency State Preschool Program. To streamline funding sources, the 2026-27 State Budget shifts non-local educational agencies California State Preschool Program ("**CSPP**") funding from non-Proposition 98 to Proposition 98 General Fund, rebenching the guarantee by shifting \$813 million from the General Fund to Proposition 98 General Fund and increasing the Proposition 98 Guarantee Test 1 percentage from 39.3 percent to 39.6 percent.

Local Control Funding Formula. The 2026-27 State Budget includes a statutory LCFF cost-of-living adjustment ("**COLA**") of 2.87 percent, which, when combined with population growth adjustments, results in approximately \$1.1 billion in additional discretionary funding for local educational agencies relative to the 2025-26 State Budget. An additional \$1.1 billion discretionary "super COLA" brings the total COLA to 4.31 percent, intended to help manage rising costs, offset declining-enrollment reductions and fund the new paid pregnancy disability leave mandate. The 2026-27 State Budget also includes an ongoing \$31.3 million increase for Necessary Small Schools funding.

Special Education. The 2026-27 State Budget provides a \$2.4 billion increase in special education funding, equalizing the per-student funding rate across all local educational agencies at \$1,340. It also includes \$80 million ongoing for the special extraordinary cost pool and low-incidence disabilities add-on, \$30 million one-time for the Supporting Inclusive Practices Project, \$25 million one-time for the Inclusive College Technical Assistance Center, and \$10 million one-time to support alternative pathways to a high school diploma for students with disabilities.

Student Support and Professional Development Discretionary Block Grant. The 2026-27 State Budget provides \$5 billion one-time Proposition 98 General Fund for the Student Support and Professional Development Discretionary Block Grant in order to address rising costs in addition to funding Statewide priorities including English Language Arts/English Language Development, Mathematics Framework professional development, TK-3 developmentally appropriate instruction training, teacher recruitment and retention, dual enrollment expansion, community school partnerships, and deferred facilities maintenance.

Paid Pregnancy Disability Leave. Beginning January 1, 2027, the 2026-27 State Budget requires all TK-14 schools to provide employees up to 14 weeks of paid pregnancy disability leave, with costs intended to be absorbable within the LCFF "super COLA" discretionary funding described above.

Community Schools. The 2026-27 State Budget provides \$1 billion ongoing Proposition 98 General Fund to expand the community schools model, plus \$50 million for middle/high school redesign, \$15 million and \$13 million for State and regional transformational assistance centers, and \$6 million for the Transforming Together behavioral health initiative. It also includes intent language to provide \$20 million ongoing beginning in fiscal year 2030-31 for county offices of education coordination services.

Literacy and Math Instruction. The 2026-27 State Budget includes a one-time \$350 million extension of the Literacy Coaches and Reading Specialists Grant Program through June 30, 2031, and a one-time \$50 million expansion of the Mathematics Professional Learning Partnership, extending its expiration beyond June 30, 2029.

Teacher Preparation and Professional Development. The 2026-27 State Budget includes nearly \$750 million in new investments, including \$408 million one-time for the Student Teacher Stipend Program plus a \$5,000 stipend for high-need field candidates, \$250 million one-time to continue educator residency programs through fiscal year 2029-30, \$30 million one-time for the Statewide teacher residency technical assistance center, \$10 million one-time General Fund for the Golden State Teacher Grant Program, \$15 million one-time for the 21st Century California School Leadership Academy, \$10 million one-time for the Pathways to Bilingual Teaching Program, and \$10 million one-time for the Classified School Employee Teacher Credentialing Program. It also funds a \$5 million Statewide transcript review system and offsets the cost with a \$25 increase in the clear teaching credential renewal fee.

Supports for Immigrant Students. The 2026-27 State Budget provides \$100 million one-time for the California's New Americans in Schools program and \$75 million one-time to establish Dream Resource Centers at high schools.

Early Education. The 2026-27 State Budget includes \$250 million one-time for the Universal Prekindergarten Planning & Implementation Grant, \$51.4 million ongoing for CSPP cost-of-care increases, \$33.6 million ongoing to expand CSPP professional development days from 2 to 5, and \$20 million ongoing for the State's Quality Rating and Improvement System.

Other Significant Budget Adjustments. The 2026-27 State Budget includes \$757.3 million one-time for the Learning Recovery Emergency Block Grant, \$500 million one-time for school kitchen infrastructure and training, \$116 million one-time for students experiencing homelessness, \$100 million one-time to increase access to college and career pathways for high school students; \$40 million one-time for reading difficulties risk screening, and \$10 million one-time for Holocaust and genocide education. The 2026-27 State Budget also includes new charter school accountability requirements addressing fraud, oversight, and use of verified data in the renewal process through June 30, 2028.

Disclaimer Regarding State Budgets. The execution of State budgets may be affected by numerous factors, including but not limited to: (i) shifts in costs from the federal government to the State, (ii) national, State and international economic conditions, (iii) litigation risks, (iv) rising health care costs and/or other unfunded liabilities, such as pension or OPEB, and (v) numerous other factors, all or any of which could cause the revenue and spending projections included in such budgets to be unattainable. The District cannot predict the impact that the 2026-27 State Budget or subsequent State budgets, or future changes (if any) in the budget due to shifts in the economy or other factors, will have on its own finances and operations. However, the Bonds described herein are secured by *ad valorem* property taxes levied and collected on taxable property in the District, without limit as to rate or amount, and are not secured by a pledge of revenues of the District or its general fund.

The State has not entered into any contractual commitments with the District, the County, the Underwriter or the Owners of the Bonds to provide State Budget information to the District or the owners of the Bonds. Although the sources of information provided herein are known to be reliable, neither the District nor the Underwriter assume any responsibility for the accuracy of the budget information set forth or referred to in this Official Statement or incorporated herein.

Legal Challenges to State Funding of Education

The application of Proposition 98 and other statutory provisions relating to education funding in the State has been the subject of various legal challenges in the past. The District cannot predict if or when there will be changes to education funding or legal challenges which may arise relating thereto, and how such events could impact the District and its finances.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Principal of and interest on the Bonds are payable from the proceeds of an *ad valorem* property tax levied by the County for the payment thereof. Articles XIII A, XIII B, XIII C, and XIII D of the State Constitution, Propositions 62, 98, 111 and 218, and certain other provisions of law discussed below, are included in this section to describe the potential effect of these Constitutional and statutory measures on the ability of the District to levy taxes and spend tax proceeds for operating and other purposes, and it should not be inferred from the inclusion of such materials that these laws impose any limitation on the ability of the District to levy taxes for payment of the Bonds. The tax levied by the County for payment of the Bonds was approved by the District's voters in compliance with Article XIII A and all applicable laws.

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues, there shall be first set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. School districts receive a significant portion of their funding from State appropriations. As a result, decreases and increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIII A of the California Constitution

Basic Property Tax Levy. On June 6, 1978, California voters approved Proposition 13 ("Proposition 13"), which added Article XIII A to the State Constitution ("**Article XIII A**"). Article

XIIIA limits the amount of any *ad valorem* property tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* property taxes may be levied to pay debt service on (a) indebtedness approved by the voters prior to July 1, 1978, (b) (as a result of an amendment to Article XIII A approved by State voters on June 3, 1986) bonded indebtedness for the acquisition or improvement of real property which has been approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness, and (c) (as a result of an amendment to Article XIII A approved by State voters on November 7, 2000) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the District, but only if certain accountability measures are included in the proposition. Article XIII A defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under full cash value, or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment". This full cash value may be increased at a rate not to exceed 2% per year to account for inflation.

Article XIII A has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the annual adjustment not to exceed 2% are allocated among the various jurisdictions in the "taxing area" based upon their respective "situation." Any such allocation made to a local agency continues as part of its allocation in future years.

Inflationary Adjustment of Assessed Valuation. As described above, the assessed value of a property may be increased at a rate not to exceed 2% per year to account for inflation. On December 27, 2001, the Orange County Superior Court, in *County of Orange v. Orange County Assessment Appeals Board No. 3*, held that where a home's taxable value did not increase for two years, due to a flat real estate market, the Orange County assessor violated the 2% inflation adjustment provision of Article XIII A, when the assessor tried to "recapture" the tax value of the property by increasing its assessed value by 4% in a single year. The assessors in most California counties, including the County, use a similar methodology in raising the taxable values of property beyond 2% in a single year. The State Board of Equalization has approved this methodology for increasing assessed values. On appeal, the Appellate Court held that the trial court erred in ruling that assessments are always limited to no more than 2% of the previous year's assessment. On May 10, 2004, a petition for review was filed with the California Supreme Court. The petition has been denied by the California Supreme Court. As a result of this litigation, the "recapture" provision described above may continue to be employed in determining the full cash value of property for property tax purposes.

Article XIII B of the California Constitution

Article XIII B (“**Article XIII B**”) of the State Constitution, as subsequently amended by Propositions 98 and 111, respectively, limits the annual appropriations of the State and of any city, county, school district, authority or other political subdivision of the State to the level of appropriations of the particular governmental entity for the prior fiscal year, as adjusted for changes in the cost of living and in population and for transfers in the financial responsibility for providing services and for certain declared emergencies. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year under the provisions of Article XIII B, as amended.

The appropriations of an entity of local government subject to Article XIII B limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain state subventions to that entity. “Proceeds of taxes” include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues.

Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIII B includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. However, in the event that a school district’s revenues exceed its spending limit, the District may in any fiscal year increase its appropriations limit to equal its spending by borrowing appropriations limit from the State.

Article XIII B also includes a requirement that 50% of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be transferred and allocated to the State School Fund under Section 8.5 of Article XVI of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions (“**unitary property**”). Under the State Constitution, such property is assessed by the State Board of Equalization (“**SBE**”) as part of a “going concern” rather than as individual pieces of real or personal property. State-assessed unitary and certain other property is allocated to the counties by SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

Articles XIIC and XIID of the California Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the “Right to Vote on Taxes Act.” Proposition 218 added to the California Constitution Articles XIIC and XIID (respectively, “**Article XIIC**” and “**Article XIID**”), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the “Title and Summary” of Proposition 218 prepared by the California Attorney General, Proposition 218 limits “the authority of local governments to impose taxes and property-related assessments, fees and charges.” Among other things, Article XIIC establishes that every tax is either a “general tax” (imposed for general governmental purposes) or a “special tax” (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds vote under Article XIII A, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIIC to expand the definition of “tax” to include “any levy, charge, or exaction of any kind imposed by a local government” except the following: (a) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (b) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (c) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (d) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (e) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (f) a charge imposed as a condition of property development; and (g) assessments and property-related fees imposed in accordance with the provisions of Article XIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor’s burdens on, or benefits received from, the governmental activity.

Article XIID deals with assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIC or XIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

While the provisions of Proposition 218 may have an indirect effect on the District, such as by limiting or reducing the revenues otherwise available to other local governments whose boundaries encompass property located within the District (thereby causing such local governments to reduce service levels and possibly adversely affecting the value of property within

the District), the District does not believe that Proposition 218 will directly impact the property tax revenues available to pay debt service on the Bonds.

Proposition 98

On November 8, 1988, California voters approved Proposition 98, a combined initiative constitutional amendment and statute called the “Classroom Instructional Improvement and Accountability Act” (the “**Accountability Act**”). Certain provisions of the Accountability Act have, however, been modified by Proposition 111, discussed below, the provisions of which became effective on July 1, 1990. The Accountability Act changes State funding of public education below the university level and the operation of the State’s appropriations limit. The Accountability Act guarantees State funding for K-12 school districts and community college districts (hereinafter referred to collectively as “K-14 school districts”) at a level equal to the greater of (a) the same percentage of general fund revenues as the percentage appropriated to such districts in 1986-87, and (b) the amount actually appropriated to such districts from the general fund in the previous fiscal year, adjusted for increases in enrollment and changes in the cost of living. The Accountability Act permits the Legislature to suspend this formula for a one-year period.

The Accountability Act also changes how tax revenues in excess of the State appropriations limit are distributed. Any excess State tax revenues up to a specified amount would, instead of being returned to taxpayers, be transferred to K-14 school districts. Any such transfer to K-14 school districts would be excluded from the appropriations limit for K-14 school districts and the K-14 school district appropriations limit for the next year would automatically be increased by the amount of such transfer. These additional moneys would enter the base funding calculation for K 14 school districts for subsequent years, creating further pressure on other portions of the State budget, particularly if revenues decline in a year following an Article XIII B surplus. The maximum amount of excess tax revenues which could be transferred to K 14 school districts is 4% of the minimum State spending for education mandated by the Accountability Act.

Proposition 111

On June 5, 1990, the voters approved Proposition 111 (Senate Constitutional Amendment No. 1) called the “Traffic Congestion Relief and Spending Limit Act of 1990” (“**Proposition 111**”) which further modified Article XIII B and Sections 8 and 8.5 of Article XVI of the State Constitution with respect to appropriations limitations and school funding priority and allocation.

The most significant provisions of Proposition 111 are summarized as follows:

Annual Adjustments to Spending Limit. The annual adjustments to the Article XIII B spending limit were liberalized to be more closely linked to the rate of economic growth. Instead of being tied to the Consumer Price Index, the “change in the cost of living” is now measured by the change in California *per capita* personal income. The definition of “change in population” specifies that a portion of the State’s spending limit is to be adjusted to reflect changes in school attendance.

Treatment of Excess Tax Revenues. “Excess” tax revenues with respect to Article XIII B are now determined based on a two-year cycle, so that the State can avoid having to return to taxpayers excess tax revenues in one year if its appropriations in the next fiscal year are under its limit. In addition, the Proposition 98 provision regarding excess tax revenues was modified. After any two-year period, if there are excess State tax revenues, 50% of the excess are to be transferred to K-14 school districts with the balance returned to taxpayers; under prior law, 100%

of excess State tax revenues went to K-14 school districts, but only up to a maximum of 4% of the schools' minimum funding level. Also, reversing prior law, any excess State tax revenues transferred to K-14 school districts are not built into the school districts' base expenditures for calculating their entitlement for State aid in the next year, and the State's appropriations limit is not to be increased by this amount.

Exclusions from Spending Limit. Two exceptions were added to the calculation of appropriations which are subject to the Article XIII B spending limit. First, there are excluded all appropriations for "qualified capital outlay projects" as defined by the Legislature. Second, there are excluded any increases in gasoline taxes above the 1990 level (then nine cents per gallon), sales and use taxes on such increment in gasoline taxes, and increases in receipts from vehicle weight fees above the levels in effect on January 1, 1990. These latter provisions were necessary to make effective the transportation funding package approved by the Legislature and the Governor, which expected to raise over \$15 billion in additional taxes from 1990 through 2000 to fund transportation programs.

Recalculation of Appropriations Limit. The Article XIII B appropriations limit for each unit of government, including the State, is to be recalculated beginning in fiscal year 1990-91. It is based on the actual limit for fiscal year 1986-87, adjusted forward to 1990-91 as if Proposition 111 had been in effect.

School Funding Guarantee. There is a complex adjustment in the formula enacted in Proposition 98 which guarantees K-14 school districts a certain amount of State general fund revenues. Under prior law, K-14 school districts were guaranteed the greater of (a) 40.9% of State general fund revenues (the "**first test**") or (b) the amount appropriated in the prior year adjusted for changes in the cost of living (measured as in Article XIII B by reference to *per capita* personal income) and enrollment (the "**second test**"). Under Proposition 111, schools will receive the greater of (a) the first test, (b) the second test, or (c) a third test, which will replace the second test in any year when growth in *per capita* State general fund revenues from the prior year is less than the annual growth in California per capita personal income (the "**third test**"). Under the third test, schools will receive the amount appropriated in the prior year adjusted for change in enrollment and *per capita* State general fund revenues, plus an additional small adjustment factor. If the third test is used in any year, the difference between the third test and the second test will become a "credit" to schools which will be paid in future years when State general fund revenue growth exceeds personal income growth.

Proposition 39

On November 7, 2000, California voters approved an amendment (commonly known as "**Proposition 39**") to the California Constitution. This amendment (a) allows school facilities bond measures to be approved by 55% (rather than two-thirds) of the voters in local elections and permits property taxes to exceed the current 1% limit in order to repay the bonds and (b) changes existing statutory law regarding charter school facilities. As adopted, the constitutional amendments may be changed only with another Statewide vote of the people. The statutory provisions could be changed by a majority vote of both houses of the Legislature and approval by the Governor, but only to further the purposes of the proposition. The local school jurisdictions affected by this proposition are K-12 school districts, community college districts, including the District, and county offices of education. As noted above, the California Constitution previously limited property taxes to 1% of the value of property. Prior to the approval of Proposition 39, property taxes could only exceed this limit to pay for (a) any local government debts approved by

the voters prior to July 1, 1978 or (b) bonds to acquire or improve real property that receive two-thirds voter approval after July 1, 1978.

The 55% vote requirement authorized by Proposition 39 applies only if the local bond measure presented to the voters includes: (a) a requirement that the bond funds can be used only for construction, rehabilitation, equipping of school facilities, or the acquisition or lease of real property for school facilities; (b) a specific list of school projects to be funded and certification that the school board has evaluated safety, class size reduction, and information technology needs in developing the list; and (c) a requirement that the school board conduct annual, independent financial and performance audits until all bond funds have been spent to ensure that the bond funds have been used only for the projects listed in the measure. Legislation approved in June 2000 places certain limitations on local school bonds to be approved by 55% of the voters. These provisions require that the tax rate levied as the result of any single election be no more than \$60 (for a unified school district), \$30 (for an elementary school district or high school district), or \$25 (for a community college district), per \$100,000 of taxable property value. These requirements are not part of this proposition and can be changed with a majority vote of both houses of the Legislature and approval by the Governor.

The Bonds described in this Official Statement were authorized pursuant to the provisions of Proposition 39 and will be issued in compliance with Proposition 39 and its related legislation.

Proposition 1A and Proposition 22

On November 2, 2004, California voters approved Proposition 1A, which amended the State constitution to significantly reduce the State's authority over major local government revenue sources. Under Proposition 1A, the State cannot (a) reduce local sales tax rates or alter the method of allocating the revenue generated by such taxes, (b) shift property taxes from local governments to schools or community colleges, (c) change how property tax revenues are shared among local governments without two-thirds approval of both houses of the State Legislature or (d) decrease Vehicle License Fee revenues without providing local governments with equal replacement funding. Under Proposition 1A, beginning in 2008-09, the State may shift to schools and community colleges a limited amount of local government property tax revenue if certain conditions are met, including: (a) a proclamation by the Governor that the shift is needed due to a severe financial hardship of the State, and (b) approval of the shift by the State Legislature with a two-thirds vote of both houses. Under such a shift, the State must repay local governments for their property tax losses, with interest, within three years. Proposition 1A does allow the State to approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also amended the State Constitution to require the State to suspend certain State laws creating mandates in any year that the State does not fully reimburse local governments for their costs to comply with the mandates. This provision does not apply to mandates relating to schools or community colleges or to those mandates relating to employee rights.

Proposition 22, a constitutional initiative entitled the "Local Taxpayer, Public Safety, and Transportation Protection Act of 2010," approved on November 2, 2010, superseded many of the provision of Proposition 1A. This initiative amends the State constitution to prohibit the legislature from diverting or shifting revenues that are dedicated to funding services provided by local government or funds dedicated to transportation improvement projects and services. Under this proposition, the State is not allowed to take revenue derived from locally imposed taxes, such as hotel taxes, parcel taxes, utility taxes and sales taxes, and local public transit and transportation funds. Further, in the event that a local governmental agency sues the State alleging a violation

of these provisions and wins, then the State must automatically appropriate the funds needed to pay that local government. This Proposition was intended to, among other things, stabilize local government revenue sources by restricting the State's control over local property taxes. Proposition 22 did not prevent the California State Legislature from dissolving State redevelopment agencies pursuant to AB 1X26, as confirmed by the decision of the California Supreme Court decision in *California Redevelopment Association v. Matosantos* (2011).

Because Proposition 22 reduces the State's authority to use or reallocate certain revenue sources, fees and taxes for State general fund purposes, the State will have to take other actions to balance its budget, such as reducing State spending or increasing State taxes, and school and college districts that receive Proposition 98 or other funding from the State will be more directly dependent upon the State's general fund.

Proposition 30 and Proposition 55

The Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment, also known as "**Proposition 30**", temporarily increased the State Sales and Use Tax and personal income tax rates on higher incomes. Proposition 30 temporarily imposed an additional tax on all retailers, at the rate of 0.25% of gross receipts from the sale of all tangible personal property sold in the State from January 1, 2013 to December 31, 2016. Proposition 30 also imposed an additional excise tax on the storage, use, or other consumption in the State of tangible personal property purchased from a retailer on and after January 1, 2013 and before January 1, 2017. This excise tax was levied at a rate of 0.25% of the sales price of the property so purchased. For personal income taxes imposed beginning in the taxable year commencing January 1, 2012 and ending December 31, 2018, Proposition 30 increases for such period the marginal personal income tax rate by: (a) 1% for taxable income over \$250,000 but less than \$300,000 for single filers (over \$340,000 but less than \$408,000 for head of household filers and over \$500,000 but less than \$600,000 for joint filers), (b) 2% for taxable income over \$300,000 but less than \$500,000 for single filers (over \$408,000 but less than \$680,000 for head of household filers and over \$600,000 but less than \$1,000,000 for joint filers), and (c) 3% for taxable income over \$500,000 for single filers (over \$680,000 for head of household filers and over \$1,000,000 for joint filers). Proposition 55 (described below) extended said increases to personal income rates through the end of 2030.

The revenues generated from the temporary tax increases will be included in the calculation of the Proposition 98 minimum funding guarantee for school districts and community college districts. See "Proposition 98" and "Proposition 111" above. From an accounting perspective, the revenues generated from the temporary tax increases will be deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the "**EPA**"). Pursuant to Proposition 30, funds in the EPA will be allocated quarterly, with 89% of such funds provided to school districts and 11% provided to community college districts. The funds will be distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than \$200 per unit of ADA and no community college district will receive less than \$100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that, the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing boards are prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

The California Children's Education and Health Care Protection Act of 2016, also known as Proposition 55, was a proposed constitutional amendment initiative that was approved on the November 8, 2016 general election ballot in California. Proposition 55 extends the increases to personal income tax rates for high-income taxpayers that were approved as part of Proposition 30 through the end of 2030, instead of the scheduled expiration date of December 31, 2018. The extensions did not apply to the sales tax and excise taxes imposed by Proposition 30. Tax revenue received under Proposition 55 is to be allocated 89% to K-12 schools and 11% to community colleges.

California Senate Bill 222

Senate Bill 222 ("**SB 222**") was signed by the California Governor on July 13, 2015, and became effective on January 1, 2016. SB 222 amended Section 15251 of the California Education Code and added Section 52515 to the California Government Code to provide that voter approved general obligation bonds which are secured by *ad valorem* property tax collections are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien shall attach automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the issuer, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act. The effect of SB 222 is the treatment of general obligation bonds, such as the Bonds, as secured debt in bankruptcy due to the existence of a statutory lien.

Proposition 19

On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment ("**Proposition 19**"), which amends Article XIII A to (i) expand as of April 1, 2021 special rules that govern the transfer of a residential property's tax base value to a replacement residence for homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home anywhere within the State, (ii) narrows as of February 16, 2021 existing special rules for the valuation of inherited real property due to a transfer between family members, and (iii) allocates most resulting State revenues and savings (if any) to fire protection services and reimbursing local governments for taxation-related changes. The District cannot predict whether the implementation of Proposition 19 will increase, decrease or have no overall impact on the District's assessed values.

Proposition 2 (2024)

The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024, also known as "Proposition 2", was approved by State voters at the November 5, 2024 statewide election, and authorizes the sale and issuance of \$10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools (including charter schools), community colleges and career technical education programs, including the improvement of health and safety conditions and classroom upgrades.

Proposition 2 includes \$3.3 billion for the construction of new K-12 facilities and an additional \$4 billion for the modernization of existing K-12 facilities. Up to 10% of the allocation for new constructions and modernization will be reserved for school districts with an enrollment of fewer than 2,501 students. Of the \$4 billion assigned for modernization of existing K-12

facilities, up to \$115 million will be allocated for the remediation of lead in water at school facilities. Generally, K-12 school districts will be required to pay for 50% of the new construction costs and 40% of the modernization costs with local revenues. However, some districts that have lower assessed property values and meet certain other socio-economic criteria will be required to pay as low as 45% and 35% of new construction costs and modernization costs, respectively. In addition, a total of \$1.2 billion will be available for the modernization and new construction of charter school facilities (\$600 million) and technical education facilities (\$600 million). The State will award funds to technical education and charter school through an application process, and charter schools must be deemed financially sound before project approval.

Future Initiatives

Article XIII A, Article XIII B, Article XIII C and Article XIII D of the California Constitution and Propositions 98, 22, 26, 30, 39 and 2 were each adopted as measures that qualified for the ballot under the State's initiative process. From time to time other initiative measures could be adopted further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

Clovis Unified School District
Clovis, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Clovis Unified School District (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Clovis Unified School District, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Adoption of New Accounting Standard

As discussed in Note 16 to the financial statements, the District has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences* for the year ended June 30, 2025. Accordingly, a restatement has been made to the governmental activities net position as of July 1, 2024, to restate beginning net position. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in the District's total OPEB liability and related ratios, schedule of the District's proportionate share of the net OPEB liability - MPP program, schedule of the District's proportionate share of the net pension liability - CalSTRS, schedule of the District's proportionate share of the net pension liability - CalPERS, schedule of the District's contributions - CalSTRS, and schedule of the District's contributions - CalPERS be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, combining non-major governmental fund financial statements, and other supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Schedule of Expenditures of Federal Awards, combining non-major governmental fund financial statements, and other supplementary information listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Local Education Agency Organization Structure but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eide Bailly LLP". The signature is written in a cursive, flowing style.

Management's Discussion and Analysis

June 30, 2025

This section of Clovis Unified School District's (the District) annual financial report presents the management's discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2025, with comparative information for the fiscal year ending June 30, 2024.

Financial Highlights

The District continued its long history of implementing conservative budgets and proactively addressing the volatility of the State of California's revenues resulting in the District maintaining reserve levels well above the State's minimum amount of two percent.

Overview of the Financial Statements

This annual report consists of three parts; management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining Fund statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.
 - The governmental fund financial statements tell how basic services like regular and special education were financed in the short term as well as what remains for future spending.
 - The proprietary fund statements report the activity of the self-insurance fund for the year such as claims liability and revenues generated for services provided.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Figure A-1. Organization of Clovis Unified's Annual Financial Report

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Figure A-2. Major Features of the Government-wide and Fund Financial Statements

<i>Type of Statements</i>	Fund Statements		
	Government-Wide	Governmental Funds	Proprietary Funds
Scope	Entire District	The activities of the District that are not proprietary or fiduciary, such as special education and building maintenance.	The District's self-insurance fund accounts for the activity associated with the self-insured health and welfare, worker's compensation and a portion of the retiree benefits.
Required financial statements	•Statement of net position •Statement of activities	•Balance sheet •Statement of revenues, expenditures and changes in fund balances •Reconciliation to government-wide financial statements	•Statement of net position •Statement of revenues, expenditures and changes in net position •Statement of Cash Flows

Figure A-2. Major Features of the Government-wide and Fund Financial Statements

<i>Type of Statements</i>	Fund Statement	
	Government-Wide	Governmental Funds
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets and liabilities both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter

GOVERNMENT-WIDE STATEMENTS

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

These two government-wide statements report the District's net position and how it has changed. Net position (the difference between assets and liabilities) is one way to measure the District's financial health or financial position.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.
- In the government-wide financial statements, the District's activities are combined into one category.
- Governmental activities - The District's basic services are included here, such as regular and special education, transportation, food services, adult education, and administration. Property taxes, state formula aid, categorical funding, and fees charged finance most of these activities.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the District's most significant funds, not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. The District has two kinds of funds:

- Governmental funds - Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets, that can readily be converted to cash, flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund financial statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.
- Proprietary funds - When the District charges users for the services it provides, whether to outside customers or to other departments within the District, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the *Statement of Net Position* and the *Statement of Revenues, Expenses, and Changes in Fund Net Position*. We use internal service funds to report activities that provide supplies and services for the District's other programs and activities, such as the District's Self-Insurance Fund. The internal service funds are reported with governmental activities in the government-wide financial statements.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Position: The District's combined net position was \$338.2 million on June 30, 2025, decreasing by \$29.6 million (13.8%) excluding the restated beginning net positions related to the implementation of GASB Statement No. 101. (see Table A-1)

Table A-1

	Governmental Activities	
	2025	2024*
Assets		
Current and other assets	\$ 802,171,281	\$ 1,006,819,354
Capital assets	1,363,237,329	1,118,432,935
Total assets	2,165,408,610	2,125,252,289
Deferred Outflows of Resources	258,862,601	249,076,887
Liabilities		
Current liabilities	113,790,306	73,642,847
Long-term liabilities	1,796,536,888	1,803,775,862
Total liabilities	1,910,327,194	1,877,418,709
Deferred Inflows of Resources	175,701,045	129,041,766
Net Position		
Net investment in capital assets	814,586,150	733,515,467
Restricted	288,470,229	339,711,305
Unrestricted (deficit)	(764,813,407)	(705,358,071)
Total net position	\$ 338,242,972	\$ 367,868,701

* Amounts have not been restated for the effects of the implementation of GASB Statement No. 101 for comparative purposes. See Note 16 for further information.

Changes in Net Position: The District's total governmental revenues were \$866.1 million (see Table A-2). Property taxes and state aid formula accounted for most of the District's revenue, with federal and state aid contributing about \$414 million and property taxes contributing about \$185.7 million. Another \$187.6 million came from categorical programs, \$8.4 million came from capital grants, \$65.8 million from miscellaneous sources, and the remainder came from fees charged for services of \$4.5 million.

The total cost of all governmental programs and services was \$825 million (see Table A-2). The District's expenses are predominantly related to educating and caring for students (78%). The purely administrative activities of the District accounted for just 5% of total costs. Plant services was \$89.5 million, accounting for 11% of the District's expenses. Revenues surpassed expenses, increasing net position by \$41 million over last year.

Table A-2

		Governmental Activities	
		2025	2024*
Revenues			
Program revenues			
Charges for services and sales		\$ 9,870,452	\$ 13,294,716
Operating grants and contributions		187,612,840	220,323,145
Capital grants and contributions		8,446,939	17,878,798
General revenues			
Federal and State aid not restricted		413,985,320	407,116,129
Property taxes		185,727,590	177,765,733
Other general revenues		60,427,559	40,880,270
Total revenues		<u>866,070,700</u>	<u>877,258,791</u>
Expenses			
Instruction-related		529,419,283	510,535,056
Pupil services		112,409,684	103,943,535
Administration		38,711,616	36,331,089
Plant services		89,527,999	77,286,382
Other		54,964,045	51,100,431
Total expenses		<u>825,032,627</u>	<u>779,196,493</u>
Change in net position		<u>\$ 41,038,073</u>	<u>\$ 98,062,298</u>

* The expenses for the year ended June 30, 2024, were not restated for the effects of the implementation of GASB Statement No. 101 for comparative purposes. See Note 16 for further information.

GOVERNMENTAL ACTIVITIES

The continued good health of the District's finances can be credited to:

- Staffing formulas that maintain equality
- Maintaining an awareness of the changing fiscal issues and active participation from the Employee Compensation Committee and Employee Benefit Committee
- Projecting a minimum of five years out on the multi-year projection

Table A-3 presents the cost of four major District activities: instruction-related, pupil services, administration, plant services, and then all remaining categories. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Table A-3

	Total Cost of Services		Net Cost of Services	
	2025	2024*	2025	2024*
Instruction	\$ 529,419,283	\$ 510,535,056	\$ (407,522,491)	\$ (357,272,799)
Pupil services	112,409,684	103,943,535	(73,000,511)	(61,892,747)
Administration	38,711,616	36,331,089	(35,946,906)	(31,937,077)
Plant services	89,527,999	77,286,382	(65,628,415)	(36,860,534)
All other services	54,964,045	51,100,431	(37,004,073)	(39,736,677)
Total	\$ 825,032,627	\$ 779,196,493	\$ (619,102,396)	\$ (527,699,834)

* The expenses for the year ended June 30, 2024, were not restated for the effects of the implementation of GASB Statement No. 101 for comparative purposes. See Note 16 for further information.

- The net cost of governmental activities this year was (\$619.1) million as reflected on the Statement of Activities.
- Some of the costs were paid by the users of the District's programs totaling \$4.5 million.
- The federal and state governments subsidized certain programs with operating grants and contributions totaling \$187.6 million.
- Most of the District's costs, \$599.7 million, however, were paid for by District taxpayers and the taxpayers of California, in general.

THE DISTRICT'S FUNDS

As the District completed this year, our governmental funds reported a combined fund balance of \$645.2 million, which is a decrease of \$225.5 million from last year (Table A-4).

Table A-4

Governmental Funds	Balances and Activity			June 30, 2025
	July 1, 2024	Revenues and Other Financing Sources	Expenditures and Other Financing Uses	
General	\$ 259,145,126	\$ 676,501,538	\$ 701,930,288	\$ 233,716,376
Student Activities	3,222,849	7,868,409	7,725,938	3,365,320
Charter Schools	13,379,151	12,816,994	9,809,416	16,386,729
Adult Education	3,404,473	7,332,090	6,776,427	3,960,136
Child Development	24,489,685	33,887,987	24,259,631	34,118,041
Cafeteria	27,509,889	30,469,816	27,481,158	30,498,547
Deferred Maintenance	1,763,462	4,197,472	3,619,152	2,341,782
Building	194,106,747	40,169,823	217,400,746	16,875,824
Capital Facilities	22,970,886	12,553,467	27,905,557	7,618,796
County School Facilities	72,453,911	12,573,506	13,772,393	71,255,024
Special Reserve Fund for Capital Outlay Projects	177,018,911	38,172,058	63,062,951	152,128,018
Bond Interest and Redemption	71,253,692	66,290,247	64,600,524	72,943,415
Total	\$ 870,718,782	\$ 942,833,407	\$ 1,168,344,181	\$ 645,208,008

The primary reasons for the changes are:

- The fund balance in the General Fund decreased \$25.4 million to \$233.7 million. The net decrease is due primarily to COVID-19 pandemic ESSER programs funding coming to an end.
- The special revenue funds reported a net increase of \$16.9 million primarily in Charter School Fund (\$3 million), Child Development Fund (\$9.6 million) and Cafeteria Fund (\$3 million). The Charter School Fund reported increased Local Control Funding Formula revenue, the Child Development Fund had increased Federal revenues and an overall decrease in expenditures and the Cafeteria Fund reported an increase in Federal revenues.
- The capital projects funds showed a decrease of \$218.7 million. This overall decrease is the result of cost associated with completed (i.e. CWHS gym floor, CEHS soccer field and track) and on-going construction projects (i.e. Terry Bradley Education Center and Hirayama Elementary School).
- The Bond Interest and Redemption Fund reported an increase of \$1.7 million primarily due to the property tax collections exceeding bond principal and interest payments.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year the District revised the annual operating budget several times due to updated projections and actual costs. Following are highlights of the largest changes:

- Net increases in both revenue and expense for federal, state, and local grant awards.
- Posting of deferred categorical revenue.
- Recognition of \$27.4 million in one-time revenue and \$33.9 million dollars in one-time expenditures from State and Federal government during the 2024-2025 fiscal year.
- GASB Statement No. 68 requires the District to recognize the State's share of the District's unfunded CalSTRS liability. This resulted in a revenue and expenditure increase of \$979 thousand.
- During 2024-2025, the District was funded on the current year ADA. Growth in ADA represents a \$2 million ongoing increase.
- While the District has not returned to pre-pandemic enrollment numbers, it experienced a growth of 227 students compared to 105 student growth projected at Adopted.
- Actual revenues compared to expenditures resulted in a deficit of \$25.4 million. \$2 million of the fund balance is non-spendable, \$56.8 million is restricted for restricted programs and \$90.7 million is committed for the District's board approved 10% stabilization policy, textbooks, technology refresh, capital equipment refresh, and site/department long-term plans.

CAPITAL ASSETS AND LONG-TERM LIABILITIES

Capital Assets

By June 30, 2025, the District had invested \$1.4 billion in a broad range of capital assets, right-to-use leased assets, right-to-use subscription IT assets, including school buildings, athletic facilities, vehicles, computer and audio visual equipment, and administrative offices (see Table A-5). This amount represents a net increase of \$244.8 million or 21.9% over last year. Total depreciation and amortization expenses for the year was \$33.5 million.

Table A-5

	Governmental Activities	
	2025	2024
Land and construction in progress	\$ 559,928,956	\$ 316,921,445
Buildings and improvements	764,679,409	764,139,452
Equipment	31,107,752	30,664,119
Right-to-use leased assets	3,276,666	3,574,545
Right-to-use subscription IT assets	4,244,546	3,133,374
Total	<u>\$ 1,363,237,329</u>	<u>\$ 1,118,432,935</u>

The District has work in progress related to modernization projects at multiple District sites as well as new construction. In addition to construction projects, the district continues to invest funds in capital outlay purchases including, but not limited to trucks, SUVs, and various facility maintenance equipment.

The District received \$8.4 million state facility revenue for projects completed several years ago. The District was able to proceed with planned modernizations due to the receipt of these funds.

Long-Term Liabilities

At year-end the District had \$1.8 billion in long-term liabilities discussed below. This is a decrease of \$3.9 million from last year largely due to the decrease in the District's proportionate share of the net pension liability, as shown in Table A-6.

Table A-6

	Governmental Activities	
	2025	2024*
Long-Term Liabilities		
General obligation bonds	\$ 638,743,403	\$ 678,853,670
Certificates of participation	144,585,000	148,410,000
Unamortized premiums/(discounts)	16,808,223	18,163,541
Financed purchase agreements	8,720,000	10,692,471
Leases	3,745,000	3,985,000
Subscription-based IT arrangements	1,030,175	91,713
Compensated absences	73,622,953	4,271,351
Claims liability	26,522,846	23,413,358
Total OPEB liability	424,218,587	407,183,988
Aggregate net pension liability	464,171,413	510,998,770
Total	<u>\$ 1,802,167,600</u>	<u>\$ 1,806,063,862</u>

* Amounts have not been restated for the effects of the implementation of GASB Statement No. 101 for comparative purposes. See Note 16 for further information.

The District's S&P bond rating as of the most recent bond issuance was "AA" for the 2023 refunding bond issuances. In addition, the District's certificates of participation S&P rating as of their 2023 issuance was "AA".

At year-end, the District has a net pension liability of \$464.2 million versus \$511 million last year, a decrease of \$46.8 million, or 9.2%. The District also reported Deferred Outflows (asset) from pension activities of \$156.8 million, and Deferred Inflows (liability) from pension activities of \$39.8 million. The net impact on the District's net position of these pension related items is \$(347.2) million.

At year-end, the District has other postemployment benefits liability (OPEB) of \$424.2 million versus \$407.2 million last year, an increase of \$14 million, or 4.2%. The District also reported Deferred Outflows (asset) from pension activities of \$99.8 million, and Deferred Inflows (liability) from pension activities of \$135.7 million. The net impact on the District's net position of these OPEB related items is \$(460.2) million.

FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of the following circumstances that could significantly affect its financial health in the future:

- The State's Local Control Funding Formula (LCFF) accounts for about 75% of the District's General Fund revenues, which begins to represent a shift toward normalcy after several years of one-time funding.
- The LCFF attempts to fund students based on their needs related to household income, English language learner, homeless or foster youth. This portion of a district's student population is referred to as the unduplicated pupil percentage (UPP). The District's UPP averages 45-49%, making the District eligible for the LCFF Base and Supplemental Grants only; the District is not eligible for the Concentration Grant. The District receives the least amount of funding per ADA in Fresno County due to its low UPP.
- The pandemic had a significant impact on average daily attendance. The District experienced an average of a 96.3% attendance rate pre-pandemic; 2024-2025 ended with a rate of 94.8%.
- Enrollment growth and student attendance are key to the District's financial projections. The District has consistently seen growth over the years, with a slight dip during the pandemic. The District's enrollment has recovered and, in fact, surpassed pre-pandemic levels. Enrollment growth continues to be projected conservatively on the multi-year projection. However, housing development will continue to be closely monitored. Preliminary enrolment numbers for 2025-2026 reflect growth of about 500 students which is well over the 136 enrollment growth projected in the 2025-2026 Adopted Budget.
- Beginning in 2025–2026, California's voluntary Attendance Recovery program—established under Senate Bill 153 and amended by SB 176—will allow districts to recoup Average Daily Attendance (ADA) funding lost when students are absent. Under Education Code § 46211, students may make up missed days through supplemental instructional time held outside of regular school hours, with recovery capped at the lesser of ten absences or the total days missed. This provides districts with a practical fiscal tool to mitigate revenue losses caused by absenteeism while also supporting student learning. The program ensures that schools can strengthen both their budgets and instructional continuity by offering students opportunities to recover lost days.
- The Clovis Unified population of students with disabilities has grown an average of 4.38% annually over the previous five years.
- The state and federal government have never fully funded special education. The District is actively involved in advocating for increased funding from the State and Federal Governments.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Clovis Unified School District, 1450 Herndon Avenue, Clovis, California 93611.

Clovis Unified School District
Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position
June 30, 2025

Total Fund Balance - Governmental Funds	\$ 645,208,008
---	----------------

Amounts Reported for Governmental Activities in the
Statement of Net Position are Different Because

Capital assets used in governmental activities are not financial
resources and, therefore, are not reported as assets in
governmental funds.

The cost of capital assets is	\$ 1,941,371,237
Accumulated depreciation and amortization is	<u>(578,133,908)</u>

Net capital assets	1,363,237,329
--------------------	---------------

An internal service fund is used by management to charge the costs
of the workers' compensation insurance program to the individual
funds. The assets and liabilities of the internal service fund are
included with governmental activities in the statement of net position.

22,280,833

Deferred outflows of resources represent a consumption of net
position in a future period and is not reported in the governmental
funds. Deferred outflows of resources amounted to and related to

Debt refundings (deferred charge on refunding)	2,320,455
Other postemployment benefits (OPEB)	99,752,880
Net pension liability	<u>156,789,266</u>

Total deferred outflows of resources to pensions	258,862,601
--	-------------

Deferred inflows of resources represent an acquisition of net position
that applies to a future period and is not reported in the governmental
funds. Deferred inflows of resources amount to and related to

Debt refundings (deferred charge on refunding)	(161,561)
Other postemployment benefits (OPEB)	(135,715,276)
Net pension liability	<u>(39,824,208)</u>

Total deferred inflows of resources to pensions	(175,701,045)
---	---------------

Net pension liability is not due and payable in the current period,
and is not reported as a liability in the funds.

(464,171,413)

The District's OPEB liability is not due and payable in the current period,
and is therefore reflected as a long term obligation.

(424,218,587)

Clovis Unified School District
Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position
June 30, 2025

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Long-term liabilities at year-end consist of

General obligation bonds	(544,925,517)
Certificates of participation	(144,585,000)
Financed purchase agreements	(8,720,000)
Leases	(3,745,000)

Clovis Unified School District

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental
Funds to the Statement of Activities
Year Ended June 30, 2025

Total Net Change in Fund Balances - Governmental Funds \$ (225,510,774)

Amounts Reported for Governmental Activities in the Statement of
Activities are Different Because

Capital outlay to purchase or build capital assets are reported in governmental funds as expenditures; however, for governmental activities, those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation and amortization expense in the Statement of Activities.

This is the amount by which capital outlay exceed depreciation and amortization expense in the period.

Depreciation and amortization expense	\$ (33,551,194)
Capital outlay	<u>278,607,588</u>

Net expense adjustment	245,056,394
------------------------	-------------

The District issued capital appreciation general obligation bonds.
The accretion of interest on the general obligation bonds during the
current fiscal year was (7,614,733)

A loss (gain) on disposal of capital assets is reported in the government-wide
Statement of Net Position, but is not recorded in the governmental
funds. (252,000)

Right-to-use subscription IT assets acquired this year were financed with
Subscription-Based IT Arrangements (SBITAs). The amount financed by
the SBITAs is reported in the governmental funds as a source of financing.
On the other hand, the SBITAs are not revenues in the Statement of
Activities, but rather constitute long-term liabilities in the Statement of
Net Position. (3,422,557)

In the Statement of Activities, certain operating expenses, such as
compensated absences are measured by the amounts
earned during the year. In the governmental funds, however,
expenditures for these items are measured by the amount of
financial resources used (essentially, the amounts actually paid).
This amount is the difference between compensated absences
earned and used. 1,312,200

Clovis Unified School District

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental
Funds to the Statement of Activities
Year Ended June 30, 2025

In the governmental funds, pension costs are based on employer contributions made to pension plans during the year. However, in the Statement of Activities, pension expense is the net effect of all changes in the deferred outflows/inflows of resources and net pension liability during the year.	19,828,187
In the governmental funds, OPEB costs are based on benefit payments made for OPEB plans during the year. However, in the Statement of Activities, OPEB expense is the net effect of all changes in the deferred outflows/inflows of resources and net OPEB liability during the year.	(23,945,099)
Governmental funds report the effect of premiums, discounts, and the deferred charge on refunding when the debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.	
Premium amortization	1,417,016
Discount amortization	(61,698)
Deferred charge on refunding amortization	(2,963,895)
Payments of principal on long-term liabilities is an expenditure in the governmental funds, but reduce long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities.	
General obligation bonds	47,725,000
Certificates of participation	3,825,000
Financed purchase agreements	1,972,471
Leases	240,000
Subscription-based IT arrangements	2,484,095
An internal service fund is used by management to charge the costs of the self insurance program to the individual funds. The net revenue of the Internal Service Fund is reported with governmental activities.	(19,051,534)

Note 1 - Summary of Significant Accounting Policies

Financial Reporting Entity

The Clovis Unified School District (the District) was established in 1960 under the laws of the State of California. The District operates under a locally elected seven-member Board form of government and provides educational services to grades K - 12 as mandated by the State and/or Federal agencies. The District operates thirty-five elementary schools, six intermediate schools, six high schools, three alternative education schools, one adult school, the Clovis Online Charter School, and the Center for Advanced Research and Technology as a joint high school with Fresno Unified School District.

A reporting entity is comprised of the primary government and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For Clovis Unified School District, this includes general operations, food service, and student related activities of the District. The District has also approved a charter for Clovis Online Charter School pursuant to *Education Code* Section 47605. The Clovis Online Charter School is operated by the District, and its financial activities are presented in the Charter School Fund.

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The District's funds are grouped into two broad fund categories: governmental and proprietary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major and non-major governmental funds:

Major Governmental Funds

General Fund The General Fund is the chief operating fund for all districts. It is used to account for the ordinary operations of the District. All transactions except those accounted for in another fund are accounted for in this fund. Due to GASB 84, the District has consolidated the Warrant Pass-Through Fund, for financial reporting purposes, while keeping the funds and related activities separate for internal reporting purposes. As a result, the General Fund reflects an increase in assets and liabilities of \$2,914,634.

Building Fund The Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

Special Reserve Fund for Capital Outlay Projects The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund monies for capital outlay purposes (*Education Code* Section 42840).

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue funds are used to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities, that compose a substantial portion of the inflows of the fund, and that are reasonably expected to continue. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

- **Student Activities Fund** The Student Activities Fund is used to account separately for the operating activities of the associated student body accounts that are not fiduciary in nature, including student clubs, general operations, athletics, and other student body activities.
- **Charter Schools Fund** The Charter Schools Fund may be used by authorizing districts to account separately for the operating activities of district-operated charter schools that would otherwise be reported in the authorizing district's General Fund.
- **Adult Education Fund** The Adult Education Fund is used to account separately for Federal, State, and local revenues that are restricted or committed for adult education programs and is to be expended for adult education purposes only.
- **Child Development Fund** The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.
- **Cafeteria Fund** The Cafeteria Fund is used to account separately for Federal, State, and local resources to operate the food service program (*Education Code* Sections 38090-38093) and is used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code* Sections 38091 and 38100).
- **Deferred Maintenance Fund** The Deferred Maintenance Fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (*Education Code* Section 17582).

Capital Project Funds The Capital Project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

- **Capital Facilities Fund** The Capital Facilities Fund is used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approval (*Education Code* Sections 17620-17626 and *Government Code* Section 65995 et seq.). Expenditures are restricted to the purposes specified in *Government Code* Sections 65970-65981 or to the items specified in agreements with the developer (*Government Code* Section 66006).

- **County School Facilities Fund** The County School Facilities Fund is established pursuant to *Education Code* Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), the 2006 State School Facilities Fund (Proposition 1D), or the 2016 State School Facilities Fund (Proposition 51), authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code* Section 17070.10 et seq.).

Debt Service Funds The Debt Service funds are used to account for the accumulation of resources for, and the payment of, principal and interest on general long-term obligations.

- **Bond Interest and Redemption Fund** The Bond Interest and Redemption Fund is used for the repayment of bonds issued by the District (*Education Code* Sections 15125-15262).

Proprietary Funds Proprietary funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the local education agency, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting and are classified as enterprise or internal service. The District has the following proprietary fund:

- **Internal Service Fund** Internal Service funds may be used to account for goods or services provided to other funds of the District on a cost-reimbursement basis. The District operates a Self Insurance Fund that is accounted for in an internal service fund that accounts for the costs associated with the District's self-insurance programs and its retiree benefits.

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements, but differs from the manner in which governmental fund financial statements are prepared.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and for each governmental function. Direct expenses are those that are specifically associated with a service, program, or department and are therefore, clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the Statement of Activities, except for depreciation and amortization of capital assets. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District. Eliminations have been made to minimize the double counting of internal activities.

Net position should be reported as restricted when constraints placed on net position are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Net position restricted for other activities results from special revenue funds and the restrictions on their use.

Fund Financial Statements Fund financial statements report detailed information about the District. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major governmental funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

- **Governmental Funds** All governmental funds are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements, prepared using the economic resources measurement focus and the accrual basis of accounting, and the governmental fund financial statements, prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting.
- **Proprietary Funds** Proprietary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. All assets and liabilities associated with the operation of this fund are included in the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (revenues) and decreases (expenses) in net position. The Statement of Cash Flows provides information about how the District finances and meets the cash flow needs of its proprietary fund.

Revenues – Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. The District considers revenues to be available if they are collected within one year after year-end, except for property taxes, which are considered available if collected within 60 days. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned Revenue Unearned revenues arise when resources are received by the District before it has a legal claim to them, such as when certain grants are received prior to the occurrence of qualifying expenditures. In the subsequent periods, when the District has a legal claim to the resources, the liability for unearned revenue is removed from the financial statements and the revenue is recognized.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred. Principal and interest on long-term liabilities, which has not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization expenses, are not recognized in the governmental funds but are recognized in the government-wide financial statements.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the Statement of Cash Flows.

Investments

Investments with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county and State investment pools are determined by the program sponsor.

The District's investment in the county treasury is measured at fair value on a recurring basis, which is determined by the fair value per share of the underlying portfolio determined by the program sponsor. Positions in this investment pool are not required to be categorized within the fair value hierarchy.

Prepaid Expenditures (Expenses)

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Stores Inventories

Store inventories consist of expendable food and supplies held for consumption. Inventories are stated at cost, on the first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental funds and expenses in the proprietary fund when consumed rather than when purchased.

Capital Assets, Depreciation, and Amortization

Capital assets are long-lived assets of the District. The District maintains a capitalization threshold of \$25,000. Federally funded assets maintain a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, but are expensed as incurred.

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide Statement of Net Position. The valuation basis for capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at acquisition value on the date donated.

Depreciation is computed using the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 20 to 50 years; improvements/infrastructure, 5 to 50 years; equipment, 5 to 15 years. Land is not depreciated.

The District records impairments of capital assets when it becomes probable that the carrying value of the assets will not be fully recovered over their estimated useful life. Impairments are recorded to reduce the carrying value of the assets to their net realizable value based on facts and circumstances in existence at the time of the determination. No impairments were recorded during the year ended June 30, 2025.

Right-to-use leased assets are recognized at the lease commencement date and represent the District's right-to-use an underlying asset for the lease term. Right-to-use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the leased asset into service. Right-to-use leased assets are amortized over the shorter of the lease term or useful life of the underlying asset using the straight-line method. The amortization period varies from one and a half to 16 years.

Right-to-use subscription IT assets are recognized at the subscription commencement date and represent the District's right-to-use the underlying IT asset for the subscription term. Right-to-use subscription IT assets are measured at the initial value of the subscription liability plus any payments made to the vendor at the commencement of the subscription term, less any subscription incentives from the vendor at or before the commencement of the subscription term, plus any capitalizable initial implementation costs necessary to place the subscription asset into service. Right-to-use subscription IT assets are amortized over the shorter of the subscription term or useful life of the underlying asset using the straight-line. The amortization period varies from two to eight years.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities column of the statement of net position, except for the net residual amounts due between governmental and business-type activities which are presented as internal balances.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned for leave balances that are more likely than not to be used for compensated leave or settled through cash or noncash means. The entire compensated absence liability is reported on the government-wide Statement of Net Position. For governmental funds, a liability for compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, only the portion of accumulated sick leave that is more likely than not to be used by the employee for paid leave is recognized as a liability in the District's financial statements. Credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive 0.004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time. The portion of sick leave that is more likely than not to be settled through conversion to service credit for employee retirement plans is not included in the District's liability for compensated absences.

Accrued Liabilities and Long-Term Liabilities

All payables, accrued liabilities, and long-term liabilities are reported in the government-wide and proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full, from current financial resources are reported as liabilities of the governmental funds.

However, compensated absences, bonds, leases, and other long-term liabilities are recognized as liabilities in the entity-wide fund financial statement when due.

Debt Issuance Costs, Premiums, and Discounts

Debt premiums, discounts, and debt issuance costs related to prepaid insurance are reported as liabilities in governmental activities. Debt premiums and discounts, as well as issuance costs related to prepaid insurance costs are amortized over the life of the bonds using the straight-line method, which approximates the effective interest method.

In governmental fund financial statements, bond premiums, discounts, and debt issuance costs are recognized in the period the bonds are issued. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures in the period the bonds are issued.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense until then. The District reports deferred outflows of resources for deferred charges on refunding of debt, for pension related items, and for OPEB related items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The District reports deferred inflows of resources for deferred charges on refunding of debt, for pension related items, and for OPEB related items.

The deferred amounts related to pension and OPEB relate to differences between expected and actual experience, changes of assumptions, and other pension and OPEB related changes.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid by the fund in which the employee worked.

Postemployment Benefits Other than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District Plan and the CalSTRS Medicare Premium Payment (MPP) Program and additions to/deductions from the District Plan and the MPP's fiduciary net position have been determined on the same basis as they are reported by the District Plan and the MPP. For this purpose, the District Plan and the MPP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund.

Lease Liabilities

Lease liabilities represent the District's obligation to make lease payments arising from the lease. The District recognizes a lease liability in the government-wide financial statements. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments is discounted based on a borrowing rate determined by the District.

Subscription Liabilities

Subscription liabilities represent the District's obligation to make subscription payments arising from the subscription contract. Subscription liabilities are recognized at the subscription commencement date based on the present value of future subscription payments expected to be made during the subscription term. The present value of the subscription payments is discounted based on a borrowing rate determined by the District.

Fund Balances - Governmental Funds

As of June 30, 2025, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through resolutions or other action as approved by the governing board.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, the assistant superintendent of business services or the associate superintendent of administrative services may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Minimum Fund Balance Policy

The Governing Board adopted a minimum fund balance policy for the General Fund in order to protect the District against revenue shortfalls or unpredicted one-time expenditures. The policy requires a Reserve for Economic Uncertainties consisting of unassigned amounts equal to no less than ten percent of General Fund expenditures and other financing uses.

Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net position related to net of investment in capital assets consists of capital assets, net of accumulated depreciation and amortization, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The government-wide financial statements report \$288,470,229 of restricted net position.

Operating Revenues and Expenses – Proprietary Funds

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are premiums charged to the operating funds to support the health and welfare and workers' compensation coverage. Operating expenses are necessary costs incurred to provide the services that are the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements. Interfund transfers are eliminated in the governmental activities column of the Statement of Activities.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Fresno bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

Adoption of New Accounting Standard

Implementation of GASB Statement No. 101

As of June 30, 2025, the District adopted GASB Statement No. 101, *Compensated Absences*. The provisions of this standard modernize the types of leave that are considered a compensated absence and provides guidance for a consistent recognition and measurement of the compensated absence liability. The effect of the implementation of this standard on beginning net position is disclosed in Note 16.

Note 2 - Deposits and Investments

Summary of Deposits and Investments

Deposits and investments as of June 30, 2025, are classified in the accompanying financial statements as follows:

Governmental activities	\$ 700,410,877
Proprietary activities	<u>49,373,440</u>
Total deposits and investments	<u><u>\$ 749,784,317</u></u>

Deposits and investments as of June 30, 2025, consist of the following:

Cash on hand and in banks	\$ 19,626,741
Cash with fiscal agent	128,330,470
Cash in revolving	147,500
Investments	<u>601,679,606</u>
Total deposits and investments	<u><u>\$ 749,784,317</u></u>

Policies and Practices

The District is authorized under California *Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their county treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the county treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the county treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the County Pool which purchases a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. The District maintains an investment of \$601,679,606 in the Fresno County Treasury Investment Pool that has an average weighted maturity of 703 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment with the Fresno County Treasury Investment Pool is currently not rated, nor is it required to be rated.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California *Government Code* requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105% of the secured deposits. As of June 30, 2025, \$146,655,955 of the District's bank balance was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

Note 3 - Receivables

Receivables at June 30, 2025, consisted of intergovernmental grants, entitlements, interest and other local sources. All receivables are considered collectible in full.

	General Fund	Building Fund	Non-Major Governmental Funds	Total Governmental Funds	Internal Service Fund	Total Governmental Activities
Federal Government

Depreciation and amortization expense was charged as a direct expense to governmental functions as follows:

Governmental Activities	
Instruction	\$ 19,913,418
Supervision of instruction	126,476
School site administration	2,092,763
Home-to-school transportation	3,064,455
Food services	3,033,242
Data processing	907,634
All other administration	2,819,107
Plant services	1,594,099
Total depreciation and amortization expense - governmental activities	<u><u>\$ 33,551,194</u></u>

Note 5 - Interfund Transactions

Interfund Receivables/Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund receivable and payable balances at June 30, 2025, between major and non-major governmental funds, and internal service fund are as follows:

<u>Funds</u>	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
Major Governmental Funds		
General	\$ -	\$ 3,896,795
Building	610,951	16,754
Special Reserve Fund for Capital Outlay Projects	1,965,104	201
Non-Major Governmental Funds		
Cafeteria	-	234,322
Charter Schools	2,330,108	-
Adult Education	-	146,542
Child Development	-	696,196
Deferred Maintenance	1,000,000	-
Capital Facilities	-	280,236
County School Facilities	-	676,887
Internal Service-Self Insurance	41,770	-
Total	<u><u>\$ 5,947,933</u></u>	<u><u>\$ 5,947,933</u></u>

All balances resulted from the time lag between that date (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Operating Transfers

Interfund transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Interfund transfers for the year ended June 30, 2025, consisted of the following:

The General Fund transferred to the Special Reserve Fund for Capital Outlay Projects for transitional kindergarten portables.	\$ 12,321,235
The General Fund transferred to the Building Fund for the COPs debt service payment.	330,109
The General Fund transferred to the Deferred Maintenance Non-Major Governmental Fund for routine maintenance.	3,800,000
The General Fund transferred to the Special Reserve Fund for Capital Outlay Projects for the District expansion project.	1,955,600
The General Fund transferred to the Special Reserve Fund for Capital Outlay Projects for a furniture refresh.	200,000
The General Fund transferred to the Special Reserve Fund for Capital Outlay Projects for the chiller project.	1,537,490
The General Fund transferred to the Special Reserve Fund for Capital Outlay Projects for District safety standards.	750,000
The General Fund transferred to the Adult Education Non-Major Governmental Fund for the District's Adult Education contribution.	846,880
The Deferred Maintenance Non-Major Governmental Fund transferred to the Building Fund for the Clark Intermediate roof project.	700,000
The Building Fund transferred to the Special Reserve Fund for Capital Outlay Projects to close the COP subclass.	1,180,167
The Building Fund transferred to the Special Reserve Fund for Capital Outlay Projects the COP 2011 proceeds balance.	11,930
The Capital Facilities Non-Major Governmental Fund transferred to the General Fund for the three percent administrative fee.	330,000
The County School Facilities Non-Major Governmental Fund transferred to the Special Reserve Fund for Capital Outlay Projects savings from SFP Prop. 51 to cover construction expenditures.	5,522,393
The County School Facilities Non-Major Governmental Fund transferred to the Building Fund a loan to the new bond.	250,000
The County School Facilities Non-Major Governmental Fund transferred Prop. 51 proceeds to the Building Fund for a loan to the new bond.	8,000,000
The Special Reserve Fund for Capital Outlay Projects transferred to the Deferred Maintenance Non-Major Governmental Fund for routine maintenance.	300,000
The Special Reserve Fund for Capital Outlay Projects transferred to the Capital Facilities Non-Major Governmental Fund for Hirayama Elementary construction costs (Transitional Kindergarten portables).	1,800,000
The Special Reserve Fund for Capital Outlay Projects transferred to the Building Fund the 2020 COP proceeds for the Terry Bradley Education Center project.	20,000,000
Total	<u>\$ 59,835,804</u>

Note 6 - Accounts Payable

Accounts payable at June 30, 2025, consisted of the following:

	General Fund	Building Fund	Special Reserve Fund for Capital Outlay Projects	Non-Major Governmental Funds	Total Governmental Funds	Internal Service Fund	Total Governmental Activities
Vendor payables	\$ 8,966,491	\$ 5,442,678	\$ 3,557,985	\$ 3,491,798	\$ 21,458,952	\$ 3,367,850	\$ 24,826,802
LCFF apportionment	39,909,929	-	-	333,750	40,243,679	-	40,243,679
Salaries and benefits	38,957,119	-	-	557,624	39,514,743	-	39,514,743
Total	<u>\$ 87,833,539</u>	<u>\$ 5,442,678</u>	<u>\$ 3,557,985</u>	<u>\$ 4,383,172</u>	<u>\$ 101,217,374</u>	<u>\$ 3,367,850</u>	<u>\$ 104,585,224</u>

Note 7 - Unearned Revenue

Unearned revenue at June 30, 2025, consists of the following:

	General Fund
Federal financial assistance	\$ 469,704
State categorical aid	<u>3,104,666</u>
Total	<u>\$ 3,574,370</u>

Note 8 - Long-Term Liabilities Other than OPEB and Pensions

Summary

The changes in the District's long-term liabilities other than OPEB and pensions during the year consisted of the following:

	Balance July 1, 2024, as Restated	Additions	Deductions	Balance June 30, 2025	Due in One Year
Long-Term Liabilities					
General obligation bonds	\$ 678,853,670	\$ 7,614,733	\$ (47,725,000)	\$ 638,743,403	\$ 40,820,000
Certificates of participation	148,410,000	-	(3,825,000)	144,585,000	3,900,000
Unamortized debt premiums	19,762,292	-	(1,417,016)	18,345,276	-
Unamortized debt discounts	(1,598,751)	-	61,698	(1,537,053)	-
Financed purchase agreements	10,692,471	-	(1,972,471)	8,720,000	1,610,000
Leases	3,985,000	-	(240,000)	3,745,000	265,000
Subscription-based IT arrangements	91,713	3,422,557	(2,484,095)	1,030,175	555,313
Compensated absences	74,935,153	-	(1,312,200)	73,622,953	18,230,868
Claims liability, see Note 11	23,413,358	-	3,109,488	26,522,846	5,630,712
Total	\$ 958,544,906	\$ 11,037,290	\$ (55,804,596)	\$ 913,777,600	\$ 71,011,893

The general obligation bonds are paid by the Bond Interest and Redemption Fund with local tax revenue. The certificates of participation are paid by the Building Fund and the Capital Facilities Fund. The premiums and discounts will be amortized over the life of the related debt. Payments on the financed purchase agreements, leases, and child development portables are made from General Fund, Building Fund, and Child Development Fund. Payments on the subscription-based IT arrangements are made from the General Fund and the Charter School Fund. The District is self-insured for the claims liability which is funded through the District's Self Insurance Fund.

General Obligation Bonds

The outstanding general obligation bonded debt is as follows:

Fiscal Year Issued	Series	Fiscal Year of Final Maturity	Interest Rate	Original Issue	Bonds Outstanding July 1, 2024	Interest Accreted	Redeemed	Bonds Outstanding June 30, 2025	Due in One Year
2003	01B	2028	3.6-5.23%	\$ 29,000,256	\$ 6,832,414	\$ -	\$ (1,129,593)	\$ 5,702,821	\$ 1,098,042

Certificates of Participation

2011 Certificates of Participation

In January 2011, the Central Valley Support Services JPA issued 2011 Certificates of Participation and entered into a lease agreement to fund the debt with the District in the amount of \$4,450,000 with interest rates ranging from 2.00% to 4.50%. As of June 30, 2025, the principal balance outstanding was \$500,000.

2021 Certificates of Participation

In October 2021, the Central Valley Support Services JPA issued 2021 Certificates of Participation and entered into a lease agreement to fund the debt with the District in the amount of \$102,535,000 with interest rates ranging from 0.435% to 3.100%. As of June 30, 2025, the principal balance outstanding was \$91,525,000.

2023 Certificates of Participation

In July 2023, the Central Valley Support Services JPA issued 2023 Certificates of Participation and entered into a lease agreement to fund the debt with the District in the amount of \$54,090,000 with interest rates ranging from 4.00% to 5.00%. As of June 30, 2025, the principal balance outstanding was \$52,560,000.

Debt Service Requirements to Maturity

Year Ending June 30,	Principal	Interest	Total
2026	\$ 3,900,000	\$ 5,183,249	\$ 9,083,249
2027	3,490,000	5,085,048	8,575,048
2028	3,585,000	4,990,634	8,575,634
2029	3,690,000	4,887,001	8,577,001
2030	3,795,000	4,775,179	8,570,179
2031-2035	20,880,000	21,975,953	42,855,953
2036-2040	24,955,000	17,908,634	42,863,634

2046-2050	35,990,000	6,851,151	42,841,151
2051	14,220,000	940,500	15,160,500
Total	<u>\$ 144,585,000</u>	<u>\$ 85,367,065</u>	<u>\$ 229,952,065</u>

Financed Purchase Agreements

The District has entered into agreements to lease various facilities and equipment. Two such on-going leases are a computer refresh lease and a lease-back agreement with the Central Valley Support Services JPA. The lease agreement was entered into with the JPA to provide funds for construction and modernization projects within the District and to provide the JPA with the source of funds to make the required debt service payments on the JPA's \$11,755,000 2020 Certificates of Participation issuance. The financed purchase agreements have minimum payments as follows:

Year Ending June 30,	Principal	Interest to Maturity	Total
2026	\$ 1,610,000	\$ 348,800	\$ 1,958,800
2027	1,675,000	284,400	1,959,400
2028	1,740,000	217,400	1,957,400
2029	1,810,000	147,800	1,957,800
2030	1,885,000	75,400	1,960,400
Total	<u>\$ 8,720,000</u>	<u>\$ 1,073,800</u>	<u>\$ 9,793,800</u>

Leases

The District has entered into an agreement to lease the building located at 310 N. Sunnyside, Clovis, CA for their Campus Catering (food services) department. The lease began June 1, 2020, and ends June 1, 2036, and under the terms of the lease the District will make semi-annual payments ranging from \$8,000 - \$448,800 (principal portion increasing and interest portion decreasing over the life of the lease). The annual interest rate charged to the lease is 4.0%. At June 30, 2025, the District has recognized a right-to-use leased asset, net of amortization of \$3,276,666 and a total lease liability of \$3,745,000 related to the lease agreement. During the fiscal year, the District recorded \$297,879 in amortization expenses and \$240,000 in principal and \$159,400 in interest payments for the right-to-use the building. The District also pays for the maintenance and upkeep of the building, which is not included in the measurement of the lease liability as they are variable in nature. The District's liability on the lease is summarized below:

Lease	Leases Outstanding July 1, 2024	Payments	Leases Outstanding June 30, 2025
Campus Catering	\$ 3,985,000	\$ (240,000)	\$ 3,745,000

The remaining principal and interest payment requirements for the lease obligation debt as of June 30, 2025, are as follows:

Year Ending June 30,	Principal	Interest	Total
2026	\$ 265,000	\$ 149,800	\$ 414,800
2027	275,000	139,200	414,200
2028	285,000	128,200	413,200
2029	300,000	116,800	416,800
2030	315,000	104,800	419,800
2031-2035	1,865,000	318,200	2,183,200
2036	440,000	17,600	457,600
Total	\$ 3,745,000	\$ 974,600	\$ 4,719,600

Subscriptions-Based Information Technology Arrangements (SBITAs)

The District entered into SBITAs for the general operations of the District. At June 30, 2025, the District recognized a right-to-use subscription IT assets, net of amortization of \$4,244,546 and a SBITA liability of \$1,030,175 related to these agreements. During the fiscal year, the District recorded \$2,059,385 in amortization expense and \$53,925 in interest expense. The subscriptions have an interest rate of 4.08%.

The remaining principal and interest payment requirements for the SBITA obligation debt as of June 30, 2025, are as follows:

Year Ending June 30,	Principal	Interest	Total
2026	\$ 507,335	\$ 47,977	\$ 555,312
2027	513,489	24,962	538,451
2028	9,351	449	9,800
Total	<u>\$ 1,030,175</u>	<u>\$ 73,388</u>	<u>\$ 1,103,563</u>

Note 9 - Net Other Postemployment Benefit (OPEB) Liability

For the fiscal year ended June 30, 2025, the District reported net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense for the following plans:

OPEB Plan	Net OPEB Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	OPEB Expense
District Plan	\$ 422,681,757	\$ 99,752,880	\$ 135,715,276	\$ 35,891,558
Medicare Premium Payment (MPP) Program	<u>1,536,830</u>	<u>-</u>	<u>-</u>	<u>(240,980)</u>
Total	<u>\$ 424,218,587</u>	<u>\$ 99,752,880</u>	<u>\$ 135,715,276</u>	<u>\$ 35,650,578</u>

The details of each plan are as follows:

District Plan

Plan Administration

The District's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Plan Membership

At July 1, 2024, the valuation date, the Plan membership consisted of the following:

Inactive employees or beneficiaries currently receiving benefits payments	1,465
Active employees	<u>3,909</u>
Total	<u><u>5,374</u></u>

Benefits Provided

The District assesses its retirees for any District-paid medical/Rx claims on behalf of its retirees and their dependents that exceed ten percent (10%) of the total claims paid (for active employees plus retirees) in any fiscal year. The assessment is made to all retirees in twelve equal payments from August through July of the following year.

Eligibility and benefit provisions specific to retirees are as follows:

Certificated and Classified - employees are eligible to retire with District-paid benefits after attaining age 55 and completing at least 15 years of service with the District for employees hired on or before August 31, 2007 (June 30, 2013 for CSEA members). Employees hired on or after September 1, 2007 (July 1, 2013 for CSEA members) are eligible to retire with District-paid benefits after attaining age 62 and completing at least 30 years of service with the District. A year of service as it relates to the retirees is defined as a work year in which the employee works at least 50% for those hired on or before August 31, 2002 and 75% for those hired on or after September 1, 2002. Benefits are payable for the lifetime of the retiree and spouse, with the District's plan becoming secondary to Medicare once one attains age 65. Survivor benefits are provided if a retiree pre-deceases his/her spouse. However, retirees retired prior to March 1985 do not have their dependent or survivor coverage paid for by the District.

Medical and prescription drug benefits are paid for the lifetime of the retiree. Dental and vision benefits are continued for five years or until age 65.

If an employee hired prior to September 1, 2007 (July 1, 2013 for CSEA members) has met the 15-year service and enrollment requirements, but retires prior to age 55, the retiree may continue coverage at his or her expense until age 55, at which time the retiree will be eligible for lifetime District-paid benefits. District-paid dental and vision benefits are also suspended from the time of retirement until age 55 in this situation. An employee hired before September 1, 2007 (July 1, 2013 for CSEA members) may retire under the disability provisions of the program, in which case the age 55 requirement is waived, and benefits are provided as described above.

If an employee hired on or after September 1, 2007 (July 1, 2013 for CSEA members) has met the 30- year service and enrollment requirements, but retires prior to age 62, the retiree may continue coverage at his or her expense until age 62, at which time the retiree will be eligible for lifetime District-paid benefits. However, District-paid dental and vision benefits terminate at time of retirement in this situation.

An employee hired on or after September 1, 2007 (July 1, 2013 for CSEA members) may retire under the disability provisions of the program, in which case the age 62 requirement is waived, and benefits are provided as described above.

Board Members - employees are subject to the same retirement eligibility as the Certificated and the Classifieds, with one exception: one may retire with District-paid benefits, regardless of attained age, after completing 12 years of service with the District.

The District's governing board has the authority to establish and amend the benefits terms as contained within the negotiated labor agreements.

Contributions

The benefit payment requirements of the Plan members and the District are established and may be amended by the District. The benefit payment is based on projected pay-as-you-go financing requirements as determined annually through the agreements with the District. For measurement period of June 30, 2025, the District paid \$11,705,479 in benefits which did not include credit for an implicit rate subsidy.

Total OPEB Liability of the District

The District's total OPEB liability of \$422,681,757 was measured as of June 30, 2025, and was determined by applying certain roll-forward procedures to the valuation prepared as of July 1, 2024.

Actuarial Assumptions

The following assumptions were applied to all periods included in the measurement as of July 1, 2025, unless otherwise specified:

Actuarial cost method	Entry age, level percent of pay
Salary increases	3.00%
Inflation rate	2.50%
Discount rate	5.20%
Healthcare cost trend rate	7.00%
	5.25% for 2030-2034, 4.60% for 2035-2049, 4.50% for 2050-2064, 4.25% for 2065-2074, and 4.00% for 2070 and later years; Medicare ages: 4.50% for all years.

Pre-retirement mortality rates for active employees are from CalSTRS Experience Analysis (2015-2018) and from CalPERS Experience Study (2000-2019), as appropriate, without projection. Post-retirement mortality rates for retired members and beneficiaries are from CalSTRS Experience Analysis (2015-2018) and for healthy recipients are from CalPERS Experience Study (2000-2019), as appropriate, without projection.

Discount rate. GASB 75 requires a discount rate that reflects the following:

1. The long-term expected rate of return on OPEB plan investments – to the extent that the OPEB plan’s fiduciary net position (if any) is projected to be enough to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return.
2. A yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher - to the extent that the conditions in (a) are not met.

Actuarial assumptions used in the July 1, 2024, valuation were based on a review of plan experience during the period July 1, 2021 to June 30, 2024.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance, June 30, 2024	\$ 405,406,178
Service cost	16,925,489
Interest	20,280,396
Differences between expected and actual experience	44,317,208
Changes of assumptions or other inputs	(52,542,035)
Benefit payments	(11,705,479)
Net change in total OPEB liability	17,275,579
Balance, June 30, 2025	\$ 422,681,757

Changes in Benefit Terms - There were no changes in the benefit terms since the previous valuation.

Changes of Assumptions - The discount rate was changed from 3.97% to 5.20% and the starting health care trend rate was changed from 5.50% to 7.00% since the previous measurement.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District’s total OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Total OPEB Liability
1% decrease (4.20%)	\$ 498,992,668
Current discount rate (5.20%)	422,681,757
1% increase (6.20%)	363,531,567

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percent lower or higher than the current healthcare costs trend rate:

Healthcare Cost Trend Rate	Total OPEB Liability
1% decrease (6.00%)	\$ 347,754,647
Current healthcare cost trend rate (7.00%)	422,681,757
1% increase (8.00%)	523,013,799

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

At June 30, 2025, District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 65,295,861	\$ -
Changes of assumptions and other inputs	34,457,019	135,715,276
Total	\$ 99,752,880	\$ 135,715,276

Amounts reported as deferred outflows of resources and deferred inflows of resources related to changes of assumptions and differences between expected and actual experience will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows of Resources
2026	\$ 20,516,498
2027	20,516,501
2028	14,896,962
2029	11,442,500
2030	6,728,035
Thereafter	25,652,384
Total	\$ 99,752,880

Year Ended June 30,	Deferred Inflows of Resources
2026	\$ (21,830,825)
2027	(21,830,825)
2028	(21,830,825)
2029	(21,830,825)
2030	(18,592,508)
Thereafter	(29,799,468)
Total	<u>\$ (135,715,276)</u>

Medicare Premium Payment (MPP) Program

Plan Description

The Medicare Premium Payment (MPP) Program is administered by the California State Teachers' Retirement System (CalSTRS). The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (OPEB) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund (THBF).

A full description of the MPP Program regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2023, annual actuarial valuation report, Medicare Premium Payment Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/forms-publications>.

Benefits Provided

The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the State Teachers Retirement Plan (STRP) Defined Benefit (DB) Program who were retired or began receiving a disability allowance prior to July 1, 2012, and were not eligible for premium free Medicare Part A. The payments are made directly to the Centers for Medicare and Medicaid Services (CMS) on a monthly basis.

The MPP Program is closed to new entrants as members who retire after July 1, 2012, are not eligible for coverage under the MPP Program.

The MPP Program is funded on a pay-as-you go basis from a portion of monthly District benefit payments. In accordance with California *Education Code* Section 25930, contributions that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program.

Net OPEB Liability and OPEB Expense

At June 30, 2025, the District reported a liability of \$1,536,830 for its proportionate share of the net OPEB liability for the MPP Program. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2023. The District's proportion of the net OPEB liability was based on a projection of the District's long-term share of contributions to the OPEB Plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2024 and June 30, 2023, respectively, was 0.5766% and 0.5859%, resulting in a net decrease in the proportionate share of 0.0093%.

For the year ended June 30, 2025, the District recognized OPEB expense of \$(240,980).

Actuarial Methods and Assumptions

The June 30, 2024 total OPEB liability was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2023, and rolling forward the total OPEB liability to June 30, 2024, using the assumptions listed in the following table:

Measurement Date	June 30, 2024	June 30, 2023
Valuation Date	June 30, 2023	June 30, 2022
Experience Study	July 1, 2007 through June 30, 2018	July 1, 2015 through June 30, 2018
Actuarial Cost Method	Entry age normal	Entry age normal
Investment Rate of Return	3.93%	3.65%
Medicare Part A Premium Cost Trend Rate	5.00%	4.50%
Medicare Part B Premium Cost Trend Rate	6.50%	5.40%

For the valuation as of June 30, 2023, CalSTRS uses a generational mortality assumption, which is based off generational mortality tables that reflect expected future improvements in mortality and includes a base table and a projection table. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among members. The projection table reflects the expected annual reduction in mortality rates at each age. The current mortality assumption uses a base year of 2023, and projected improvement is based on the MP-2021 Ultimate Projection Scale.

Assumptions were made about future participation (enrollment) into the MPP Program because CalSTRS is unable to determine which members not currently participating meet all eligibility criteria for enrollment in the future. Assumed enrollment rates were derived based on past experience and are stratified by age with the probability of enrollment diminishing as the members' age increases. This estimated enrollment rate was then applied to the population of members who may meet criteria necessary for eligibility and are not currently enrolled in the MPP Program. Based on this, the estimated number of future enrollments used in the financial reporting valuation was 154 or an average of 0.12% of the potentially eligible population (132,333).

The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2024, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the State Treasurer.

Discount Rate

As the MPP Program is funded on a pay-as-you-go basis, the OPEB plan’s fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, the MPP Program used the Bond Buyer’s 20-Bond GO Index from Bondbuyer.com as of June 30, 2024, as the discount rate, which was applied to all periods of projected benefit payments to measure the total OPEB liability. The discount rate as of June 30, 2024, was 3.93%, which is an increase of 0.28% from 3.65% as of June 30, 2023.

Sensitivity of the District’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District’s proportionate share of the net OPEB liability calculated using the current discount rate, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net OPEB Liability
1% decrease (2.93%)	\$ 1,658,200
Current discount rate (3.93%)	1,536,830
1% increase (4.93%)	1,430,107

Sensitivity of the District’s Proportionate Share of the Net OPEB Liability to Changes in the Medicare Costs Trend Rates

The following presents the District’s proportionate share of the net OPEB liability calculated using the current Medicare costs trend rates, as well as what the net OPEB liability would be if it were calculated using Medicare costs trend rates that are one percent lower or higher than the current rates:

Medicare Costs Trend Rates	Net OPEB Liability
1% decrease (4.00% Part A and 5.50% Part B)	\$ 1,423,708
Current Medicare costs trend rate (5.00% Part A and 6.50% Part B)	1,536,830
1% increase (6.00% Part A and 7.50% Part B)	1,663,125

Note 10 - Fund Balances

Fund balances for Governmental Funds are composed of the following elements:

	General Fund	Building Fund	Special Reserve Fund for Capital Outlay Projects	Non-Major Governmental Funds	Total

Note 11 - Risk Management

Workers' Compensation, Short-Term Disability, and Employee Medical Benefits

The District is self-insured for workers' compensation, short-term disability, medical, vision and dental programs. The District accounts for and finances its uninsured risks of loss in the Self Insurance Fund. The District provides coverage for up to a maximum of \$350,000 for each workers' compensation claim and up to \$700,000 for each medical insurance claim. The District purchases commercial insurance for claims in excess of coverage provided by the General Fund and Self Insurance Fund and for all other risks of loss.

All funds of the District, which reflect salary costs, participate in the program and make payments to the Self Insurance Fund based on actuarial estimates of the amounts needed to pay prior and current year claims. The claims liability of \$23,413,358 reported in the Self Insurance Fund at June 30, 2025, is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. This amount also consists of a reserved for medical and welfare claims based on an actuary study of estimated losses.

Property and Liability

The District is exposed to various risks of loss related to torts; theft, damage, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year ending June 30, 2025, the District contracted with the Schools Excess Liability Fund (SELF) and the Alliance of Schools for Cooperative Insurance Programs (ASCIP) for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

Claims Liabilities

The District records an estimated liability for indemnity torts and other claims against the District. Claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience.

Unpaid Claims Liabilities

The District establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represent the changes in approximate aggregate liabilities for the District from July 1, 2023 to June 30, 2025:

	Health Care	Workers' Compensation	Total
Liability Balance, July 1, 2023	\$ 12,999,358	\$ 15,405,000	\$ 28,404,358
Claims and changes in estimates	-	(4,991,000)	(4,991,000)
Liability Balance, June 30, 2024	12,999,358	10,414,000	23,413,358
Claims and changes in estimates	1,901,488	1,208,000	3,109,488
Liability Balance, June 30, 2025	<u>\$ 14,900,846</u>	<u>\$ 11,622,000</u>	<u>\$ 26,522,846</u>

Note 12 - Employee Retirement Systems

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

For the fiscal year ended June 30, 2025, the District reported its proportionate share of net pension liabilities, deferred outflows of resources, deferred inflows of resources, and pension expense for each of the above plans as follows:

Pension Plan	Net Pension Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense
CalSTRS	\$ 265,450,326	\$ 95,341,555	\$ 32,233,991	\$ 29,103,833
CalPERS	198,721,087	61,447,711	7,590,217	32,455,828
Total	<u>\$ 464,171,413</u>	<u>\$ 156,789,266</u>	<u>\$ 39,824,208</u>	<u>\$ 61,559,661</u>

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2023, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/forms-publications>.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0% of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2025, are summarized as follows:

	STRP Defined Benefit Program	
	On or before December 31, 2012	On or after January 1, 2013
Hire date		
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	10.205%
Required employer contribution rate	19.10%	19.10%
Required state contribution rate	10.828%	10.828%

Contributions

Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1% of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2025, are presented above and the District's total contributions were \$50,272,125.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including State share

Proportionate share of net pension liability	\$ 265,450,326
State's proportionate share of the net pension liability	121,789,523
Total	<u>\$ 387,239,849</u>

The net pension liability was measured as of June 30, 2024. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating member districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2024 and June 30, 2023, respectively, was 0.3952% and 0.3961% resulting in a net decrease in the proportionate share of 0.0009%.

Clovis Unified School District

Notes to Financial Statements

June 30, 2025

For the year ended June 30, 2025, the District recognized pension expense of \$29,103,833. In addition, the District recognized pension expense and revenue of \$11,087,512 for support provided by the State. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 50,272,125	\$ -
Change in proportion and differences between contributions made and District's proportionate share of contributions	13,881,595	1,425,580
Differences between projected and actual earnings on pension plan investments	-	1,071,081
Differences between expected and actual experience in the measurement of the total pension liability	30,025,850	11,607,993
Changes of assumptions	1,161,985	18,129,337
Total	<u>\$ 95,341,555</u>	<u>\$ 32,233,991</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	\$ (17,795,035)
2027	21,431,837
2028	(1,748,576)
2029	(2,959,307)
Total	<u>\$ (1,071,081)</u>

The deferred outflows/(inflows) of resources related to the change in proportion and differences between contributions made and District's proportionate share of contributions, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is seven years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	\$ 2,631,857
2027	2,554,807
2028	1,695,003
2029	3,828,476
2030	4,621,386
Thereafter	(1,425,009)
Total	<u>\$ 13,906,520</u>

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2023, and rolling forward the total pension liability to June 30, 2024. The financial reporting actuarial valuation as of June 30, 2023, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2023
Measurement date	June 30, 2024
Experience study	July 1, 2007 through June 30, 2022
Actuarial cost method	Entry age normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses a generational mortality assumption, which is based off generational mortality tables that reflect expected future improvements in mortality and includes a base table and a projection table. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection table reflects the expected annual reduction in mortality rates at each age. The current mortality assumption uses a base year of 2023, and projected improvement is based on the MP-2021 Ultimate Projection Scale.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant as an input to the process. The actuarial investment rate of return assumption was adopted by the board in January 2024 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS' independent consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. The assumed asset allocation and best estimates of the expected rates of return for each major asset class for the year ended June 30, 2024, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return
Public equity	38%	5.25%
Real estate	15%	4.05%
Private equity	14%	6.75%
Fixed income	14%	2.45%
Risk mitigating strategies	10%	2.25%
Inflation sensitive	7%	3.65%
Cash/liquidity	2%	0.05%

Discount Rate

The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return of 7.10% and assume that contributions, benefit payments and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net Pension Liability
1% decrease (6.10%)	\$ 472,149,270
Current discount rate (7.10%)	265,450,326
1% increase (8.10%)	92,848,132

California Public Employees Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2023, annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2025, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before December 31, 2012	On or after January 1, 2013
Hire date		
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.00%	8.00%
Required employer contribution rate	27.050%	27.050%

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2025, are presented above and the total District contributions were \$31,115,723.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

As of June 30, 2025, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$198,721,087. The net pension liability was measured as of June 30, 2024. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2024 and June 30, 2023, respectively, was 0.5560% and 0.5783%, resulting in a net decrease in the proportionate share of 0.0223%.

For the year ended June 30, 2025, the District recognized pension expense of \$32,455,828. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 31,115,723	\$ -
Change in proportion and differences between contributions made and District's proportionate share of contributions	1,560,556	6,167,977
Differences between projected and actual earnings on pension plan investments	7,719,167	-
Differences between expected and actual experience in the measurement of the total pension liability	16,659,858	1,422,240
Changes of assumptions	4,392,407	-
	<u>61,447,711</u>	<u>7,590,217</u>
Total	<u>\$ 61,447,711</u>	<u>\$ 7,590,217</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	\$ (66,543)
2027	12,001,550
2028	(1,773,378)
2029	(2,442,462)
Total	<u>\$ 7,719,167</u>

The deferred outflows/(inflows) of resources related to the change in proportion and differences between contributions made and District's proportionate share of contributions, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARS�) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARS� for the measurement period is 3.9 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	\$ 8,760,398
2027	3,984,595
2028	2,277,611
Total	<u>\$ 15,022,604</u>

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2023, and rolling forward the total pension liability to June 30, 2024. The financial reporting actuarial valuation as of June 30, 2023, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2023
Measurement date	June 30, 2024
Experience study	July 1, 1997 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	6.90%
Investment rate of return	6.90%
Consumer price inflation	2.30%
Wage growth	Varies by entry age and service

The mortality table used was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries.

In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and, combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return
Global equity - cap-weighted	30%	4.54%
Global equity non-cap-weighted	12%	3.84%
Private equity	13%	7.28%
Treasury	5%	0.27%
Mortgage-backed securities	5%	0.50%
Investment grade corporates	10%	1.56%
High yield	5%	2.27%
Emerging market debt	5%	2.48%
Private debt	5%	3.57%
Real assets	15%	3.21%
Leverage	(5%)	(0.59%)

Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the SEP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on the SEP's investments was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net Pension Liability
1% decrease (5.90%)	\$ 295,201,834
Current discount rate (6.90%)	198,721,087
1% increase (7.90%)	119,020,311

Accumulation Program for Part-Time and Limited-Service Employees Plan (APPLE)

Plan Description

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The District has elected to use the Accumulation Program for Part-time and Limited-service Employees (APPLE) Plan as its alternative plan.

The APPLE program applies to all part-time employees working less than 20 hours per week and are not eligible for CalPERS or CalSTRS retirement programs. This includes all part-time classified and certificated employees working less than 20 hours, as well as substitute employees.

Employees are eligible for plan benefits upon termination with the District and have the option of rolling over their benefit into an individual retirement account or receiving a direct payment. Those with account balances of less than \$3,500 and who do not indicate which alternative they choose will receive a direct distribution from the plan.

Funding Policy

Participants in APPLE are required to contribute 3.75% of gross salary to APPLE. The District is required to contribute 3.75% of gross salary expenditures to APPLE. The District's contributions to APPLE for the fiscal year ending June 30, 2025, 2024, 2023 were \$978,895, \$882,301, and \$232,742, respectively.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS in the amount of \$24,591,858 (10.828% of annual payroll). Contributions are no longer appropriated in the annual Budget Act for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements. On behalf payments have been included in the calculation of available reserves but have not been included in the budgeted amounts reported in the General Fund - Budgetary Comparison Schedule.

Note 13 - Commitments and Contingencies

Grants

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2025.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2025.

Construction Commitments

As of June 30, 2025, the District had the following commitments with respect to the unfinished capital projects:

Location	Description	Remaining Construction Commitment	Expected Date of Completion
Terry Bradley Education Center	New school	\$ 18,843,821	August 1, 2027
Various	Campus security	2,044,879	December 31, 2025
Clark Intermediate School	Mercedes Edwards Theatre (MET)	434,674	September 30, 2025
Various	Tracks	83,073	September 30, 2025
Clovis High School	Gym floor	37,930	September 30, 2025

Various	Portables	188,486	September 30, 2025
Various	Portables	229,749	December 31, 2025
Various	HVAC	2,780,267	December 31, 2025
Total		<u>\$ 47,402,260</u>	

Note 14 - Participation in Joint Powers Authorities

The District is a member of the Schools Excess Liability Fund (SELF), Alliance of Schools for Cooperative Insurance Programs (ASCIP), Central Valley Support Services (CVSS), Education Technology, and the Center for Advanced Research & Technology (CART) joint powers authorities (JPAs). The District pays an annual premium to ASCIP for its property liability coverage. Payments for services received from JPAs are paid to CVSS and CART. The relationships between the District and the JPAs are such that they are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are generally available from the respective entities.

One designee for each district votes for a 16-member Board of Directors for SELF.

During the year ended June 30, 2025, the District made no payments to SELF for assessment related to AB218 claims when policy was occurrence based.

Eleven voting members of the ASCIP Executive Committee appointed by the member districts.

During the year ended June 30, 2025, the District made payments of \$3,955,644 to ASCIP for property and liability insurance coverage, \$1,564,391 for workers' compensation insurance coverage, \$1,083,818 passed through to SELF and no deductible for Defense Cost Reimbursement Claim.

One designee and one alternate from each founding member district votes for a five-member Board of Directors for the Education Technology JPA.

During the year ended June 30, 2025, the District made no payments to the Education Technology JPA.

The Governing Board of CVSS shall consist of a District representative appointed by the Superintendent and a member of the operations staff of each educational agency holding membership in CVSS selected by that agency, and the Treasurer of CVSS.

During the year ended June 30, 2025, the District made payments of \$11,500,321 to CVSS for debt service.

The Governing Board of CART is comprised of representatives from the member public educational agencies and related associations.

During the year ended June 30, 2025, the District made payments of \$1,679,935 to CART for the financing and operation of a joint technical center for high school age students.

Note 15 - Subsequent Events

General Obligation Bonds

In September 2025, the District sold \$125,000,000 of 2024, Series A, general obligation bonds. The Series A Bonds were authorized at an election of the registered voters of the District held on November 5, 2024, which authorized the issuance of \$400,000,000 principal amount of general obligation bonds for the purpose of financing the renovation, construction, and improvement of school facilities. The Series 2024 Series A bonds mature from August 1, 2026 through August 1, 2050, with an interest rate of 5.00%.

The \$9,195,000 2025 Refunding Bonds are being issued for the purpose of refinancing certain outstanding general obligation bonds of the District and to pay related costs of issuance. The 2025 Refunding bonds mature on October 1, 2025, with an interest rate of 5.00%.

Note 16 - Restatement

Change in Accounting Principle

As of June 30, 2025, the District adopted GASB Statement No. 101, *Compensated Absences*. The provisions of this standard modernize the types of leave that are considered a compensated absence and provides guidance for a consistent recognition and measurement of the compensated absence liability. Therefore, compensated absences were increased by \$70,663,802, as of July 1, 2024. The effect of this change in accounting principle is described in the table below.

	Governmental Activities
Beginning, as previously reported on July 1, 2024	\$ 367,868,701
Change in accounting principle	(70,663,802)
Beginning, as Restated on July 1, 2024	<u>\$ 297,204,899</u>

Note 1 - Purpose of Schedules

Budgetary Comparison Schedule

The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America as prescribed by the Governmental Accounting Standards Board and provisions of the California *Education Code*. The governing board is required to hold a public hearing and adopt an operating budget no later than July 1 of each year. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

This schedule presents information for the original and final budgets and actual results of operations, as well as the variances from the final budget to actual results of operations.

Schedule of Changes in the District's OPEB Liability and Related Ratios

This schedule presents information on the District's changes in the OPEB liability, including beginning and ending balances, and the OPEB liability. In the future, as data becomes available, ten years of information will be presented.

- *Changes in Benefit Terms* - There were no changes in the benefit terms since the previous valuation.
- *Changes of Assumptions* - Changes of Assumptions The discount rate was changed from 3.97% to 5.20% and the starting health care trend rate was changed from 5.50% to 7.00% since the previous measurement.

Schedule of the District's Proportionate Share of the Net OPEB Liability - MPP Program

This schedule presents information on the District's proportionate share of the net OPEB Liability – MPP Program and the plan fiduciary net position. In the future, as data becomes available, ten years of information will be presented.

- *Changes in Benefit Terms* – There were no changes in the benefit terms since the previous valuation.
- *Changes of Assumptions* – The plan rate of investment return assumption was changed from 3.65% to 3.93% since the previous valuation. The Medicare Part A premium cost trend rate assumption was changed from 4.50% to 5.00%, while the Medicare Part B premium cost trend rate assumption was changed from 5.40% to 6.50% since the previous valuation.

Schedule of the District's Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the plans' fiduciary net position and, when applicable, the State's proportionate share of the NPL associated with the District.

- *Changes in Benefit Terms* – There were no changes in benefit terms for the CalSTRS or CalPERS plans since the previous valuations.
- *Changes of Assumptions* – There were no changes in economic assumptions for the CalSTRS or CalPERS plans since the previous valuations.

Schedule of the District's Contributions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution.

Ending Fund Balance	\$ 207,056,597	\$ 233,716,376	\$ 259,145,126	\$ 243,177,874
Available Reserves ²	\$ 73,515,709	\$ 84,185,115	\$ 72,456,042	\$ 59,467,737
Available Reserves as a Percentage of Total Outgo	10.27%	11.99%	10.76%	9.71%
Long-Term Liabilities ³	Not Available	\$ 1,802,167,600	\$ 1,806,063,862	\$ 1,552,664,023
Average Daily Attendance at P-2	40,642	40,515	40,322	39,464

The General Fund balance has decreased by \$9,461,498 over the past two years. The fiscal year 2025-2026 budget projects a decrease of \$26,659,779 (11%). For a district this size, the State recommends available reserves of at least two percent of total General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating surpluses in two of the past three years but anticipates incurring an operating deficit during the 2025-2026 fiscal year. Total long-term liabilities have increased by \$249,503,577 over the past two years primarily due to issuance of General Obligation Bonds, changes in the District's net pension liability, and other postemployment benefits obligations.

Average daily attendance has increased by 1,051 over the past two years. An increase of 127 ADA is anticipated during fiscal year 2025-2026. The District is currently being funded using the prior three-year average.

¹ Financial information for 2026, 2024, and 2023 are included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all unassigned fund balances including all amounts reserved for economic uncertainties contained within the General Fund.

³ Amounts have not been restated for the effects of the implementation of GASB Statement No. 101 for comparative purposes. See Note 16 for further information.

Note 1 - Purpose of Schedules

Schedule of Expenditures of Federal Awards (SEFA)

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the schedule) includes the federal award activity of the Clovis Unified School District (the District) under programs of the federal government for the year ended June 30, 2025. The information is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Clovis Unified School District, it is not intended to and does not present the net position, changes in net position or fund balances of Clovis Unified School District.

Summary of Significant Accounting Policies

Expenditures reported in the schedule are reported on the *modified accrual* basis of accounting. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. No federal financial assistance has been provided to a subrecipient.

Indirect Cost Rate

The District does not draw for indirect administrative expenses and has not elected to use the ten percent de minimus cost rate.

Food Donation

Nonmonetary assistance is reported in this schedule at the fair market value of the commodities received and disbursed. For the fiscal year ended June 30, 2025, the District had used \$1,872,342 in food commodities.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of *Education Code* Sections 46200 through 46207.

Districts must maintain their instructional minutes at the 1986-87 requirements, as required by *Education Code* Section 46201.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Schedule of Charter Schools

This schedule lists all Charter Schools chartered by the District, and displays information for each Charter School on whether or not the Charter School is included in the District audit.

Non-Major Governmental Funds - Combining Balance Sheet and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

Other Information
June 30, 2025

Clovis Unified School District

Organization

The Clovis Unified School District was established in 1960 and consists of an area comprising approximately 198 square miles. The District operates thirty-five elementary schools, six intermediate schools, six high schools, three alternative education schools, one adult school, the Clovis Online Charter School, and the Center for Advanced Research and Technology as a joint high school with Fresno Unified School District. There were no boundary changes during the year.

Independent Auditor's Reports
June 30, 2025

Clovis Unified School District

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

To the Governing Board
Clovis Unified School District
Clovis, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clovis Unified School District (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 15, 2025.

Adoption of New Accounting Standard

As discussed in Note 16 to the financial statements, the District has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences* for the year ended June 30, 2025. Accordingly, a restatement has been made to the governmental activities net position as of July 1, 2024, to restate beginning net position. Our opinions are not modified with respect to this matter.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Governing Board
Clovis Unified School District
Clovis, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Clovis Unified School District's (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2025. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over*

compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on State Compliance and on Internal Control Over Compliance

To the Governing Board
Clovis Unified School District
Clovis, California

Report on Compliance

Opinion on State Compliance

We have audited Clovis Unified School District's (the District) compliance with the requirements specified in the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to the District's state program requirements identified below for the year ended June 30, 2025.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2025.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

2024-2025 K-12 Audit Guide Procedures	Procedures Performed
Local Education Agencies Other Than Charter Schools	
Attendance	Yes
Teacher Certification and Misassignments	Yes
Independent Study	Yes
Continuation Education	Yes
Instructional Time	Yes
Instructional Materials	Yes
Ratios of Administrative Employees to Teachers	Yes
Classroom Teacher Salaries	Yes
Early Retirement Incentive	Not Applicable
GANN Limit Calculation	Yes

2024-2025 K-12 Audit Guide Procedures	Procedures Performed
School Accountability Report Card	Yes
Juvenile Court Schools	Not Applicable
Middle or Early College High Schools	Not Applicable
K-3 Grade Span Adjustment	Yes
Apprenticeship: Related and Supplemental Instruction	Not Applicable
Comprehensive School Safety Plan	Yes
District of Choice	Not Applicable
Home to School Transportation Reimbursement	Yes
School Districts, County Offices of Education, and Charter Schools	
Proposition 28 Arts and Music in Schools	Yes
After/Before School Education and Safety Program	Not Applicable
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control and Accountability Plan	Yes
Independent Study - Course Based	Not Applicable

Determination of Funding for Nonclassroom-Based Instruction	Yes
Annual Instructional Minutes - Classroom Based	Not Applicable
Charter School Facility Grant Program	Not Applicable

The term “Not Applicable” is used above to mean either the District did not offer the program during the current fiscal year, the District did not participate in the program during the current fiscal year, or the program applies to a different type of local education agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal

control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

None reported.

There were no audit findings reported in the prior year's Schedule of Findings and Questioned Costs.

APPENDIX C

ECONOMIC AND DEMOGRAPHIC INFORMATION FOR THE CITY OF CLOVIS AND FRESNO COUNTY

*The following information concerning the County of Fresno (the “**County**”) and the City of Clovis (the “**City**”) is included only for the purpose of supplying general information regarding the area of the District. The Bonds are payable solely from the sources described herein (see “SECURITY FOR THE BONDS” in the front section of this Official Statement). The Bonds are not a debt of the City, the County, the State of California (the “**State**”) or any of its political subdivisions (other than the District), and neither the City, the County, the State nor any of its political subdivisions (other than the District) is liable therefor.*

The City and the County Generally

The City. The City encompasses 15.58 square miles located in the northeastern corner of the Fresno/Clovis metropolitan area, adjacent to the City of Fresno and approximately ten miles northeast of downtown Fresno. For many years the City was a suburban growth area for the City of Fresno, having very little in the way of any independent economic base. However, in recent years the pace of development in both retail sales and light manufacturing has proceeded proportionately faster than the City’s already substantial residential development. The City is the most rapidly growing city in the County.

The County. The County is the State’s fifth largest county, covering approximately 6,000 square miles. It is located in the geographic center of the State and is the nation’s leading crop-producing county.

Within the County, there are roughly four different agricultural areas. East and south of the City of Fresno, grapes and other fruit and nut crops are grown, harvested and processed for shipment; west of the City of Fresno is the largest melon-producing area, which lies within the Mendota Unified School District. Also to the west, large crops of cotton, alfalfa, barley, rice, wheat and vegetables are produced. In the southwest are oil wells, and extensive cattle and sheep ranches.

The County is the trade, financial and commercial center for many surrounding counties in Central California and is a hub of transportation facilities connecting Central California to all parts of the country. Two major north-south highways, State Highway 99 and Interstate Highway 5, pass through the County. State Highways 180 and 145 run east and west. Railroads, major airlines, bus lines and numerous trucking companies also serve the area.

Population

The most recent estimate of the County's population at January 1, 2026 was 1,041,676 persons according to the State Department of Finance. The City, with an estimated population of 129,889 persons at January 1, 2026, is the second largest city in the County. The table below shows population estimates for the cities in the County for the last five years, as of January 1.

Employment and Industry

The District is included in the Fresno Metropolitan Statistical Area (“**MSA**”). The unemployment rate in Fresno MSA was 7.7 percent in June 2026, up from a revised 7.4 percent in May 2026, and below the year-ago estimate of 8.3 percent. This compares with an unadjusted unemployment rate of 5.2 percent for California and 4.4 percent for the nation during the same period. The unemployment rate was 7.7 percent in Fresno County, and 7.4 percent in Madera County.

The table below provides information about employment by industry type for Fresno County MSA for calendar years 2020 through 2024.

FRESNO COUNTY MSA Civilian Labor Force, Employment and Unemployment, Unemployment by Industry (Annual Averages)

Effective Buying Income

“Effective Buying Income” is defined as personal income less personal tax and nontax payments, a number often referred to as “disposable” or “after-tax” income. Personal income is the aggregate of wages and salaries, other labor-related income (such as employer contributions to private pension funds), proprietor’s income, rental income (which includes imputed rental income of owner-occupants of non-farm dwellings), dividends paid by corporations, interest income from all sources, and transfer payments (such as pensions and welfare assistance). Deducted from this total are personal taxes (federal, state and local), nontax payments (fines, fees, penalties, etc.) and personal contributions to social insurance. According to U.S. government definitions, the resultant figure is commonly known as “disposable personal income.”

The following table summarizes the total median household effective buying income for the City, the County, the State and the United States for the period 2022 through 2026.

FRESNO COUNTY					
Median Household Effective Buying Income					
2022 through 2026					
	2022	2023	2024	2025	2026
City of Clovis	\$76,995	\$79,077	\$84,705	\$86,001	\$90,947
County of Fresno	57,777	58,117	63,348	61,340	66,652
California	77,058	77,175	80,973	82,725	90,403

Transportation

Two major railroads, a modern system of highways and a growing airport complex have contributed to the industrial, commercial and residential growth of the County. Burlington Northern Santa Fe and Union Pacific provide main line rail freight service to the area. Amtrak has passenger service daily. Fresno Yosemite International Airport in the City of Fresno provides regularly scheduled passenger and freight service to major metropolitan centers in the nation. Fresno-Chandler Executive Airport, also in the City of Fresno, can accommodate approximately 297 general aircraft with approximately 231 currently based at the facility.

State Highway 99 is a north-south artery that passes through the heart of the County and the San Joaquin Valley, connecting many of the Valley's major cities. Interstate Highway 5 runs in a north-south direction through the western part of the County and the San Joaquin Valley. Both State Highway 99 and Interstate Highway 5 are major north-south routes between Los Angeles, San Francisco and Sacramento. State Routes 41,168 and 180 serve the Fresno metropolitan area and connect it to the eastern and western parts of the County. The deepwater Port of Stockton is located 122 miles north of Fresno on Interstate Highway 5.

APPENDIX D

PROPOSED FORM OF OPINION OF BOND COUNSEL

[LETTERHEAD OF JONES HALL LLP]

_____, 2026

Governing Board
Clovis Unified School District
1450 Herndon Avenue
Clovis, California 93611

OPINION: \$_____ Clovis Unified School District
 (Fresno County, California)
 General Obligation Bonds, Election of 2024, Series B

Members of the Governing Board:

We have acted as bond counsel to the Clovis Unified School District (the "District") in connection with the issuance by the District of \$_____ principal amount of Clovis Unified School District (Fresno County, California) General Obligation Bonds, Election of 2024, Series B (the "Bonds"), dated the date hereof, under the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Section 53506 of such Code (the "Act"), and Resolution No. 4089 of the Governing Board of the District (the "Board") adopted on May 6, 2026 (the "Resolution"). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Board contained in the Resolution and in the certified proceedings and other certifications and opinions furnished to us, without undertaking to verify such facts by independent investigation.

Based upon our examination, we are of the opinion, under existing law, as follows:

1. The District is a duly created and validly existing unified school district with the power to issue the Bonds pursuant to the Act, and to perform its obligations under the Resolution and the Bonds.
2. The Resolution has been duly adopted by the Board, and constitutes a valid and binding obligation of the District enforceable upon the District in accordance with its terms.
3. The Bonds have been duly authorized, executed and delivered by the District, and are valid and binding general obligations of the District.

4. The Board of Supervisors of Fresno County is obligated to levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation as to rate or amount.

5. The interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. It should be noted however that interest on the Bonds may be subject to the corporate alternative minimum tax. The opinions set forth in the preceding sentences are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

6. The interest on the Bonds is exempt from personal income taxation imposed by the State of California.

We express no opinion regarding any other tax consequences arising with respect to the ownership, sale or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE

\$100,000,000*
CLOVIS UNIFIED SCHOOL DISTRICT
(Fresno County, California)
General Obligation Bonds
Election of 2024, Series B

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the Clovis Unified School District (the “District”) in connection with the issuance of the above-captioned bonds (together, the “Bonds”). The Bonds are being issued under a resolution of the Governing Board of the District adopted on May 6, 2026 (the “Bond Resolution”).

The District hereby covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with S.E.C. Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth above and in the Bond Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“*Annual Report*” means any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4.

“*Annual Report Date*” means the date not later than nine months after the end of each fiscal year of the District (currently ending June 30th), or March 31.

“*Dissemination Agent*” means, initially, Keygent LLC, or any successor Dissemination Agent designated in writing by the District and which has filed with the District and the Paying Agent a written acceptance of such designation.

“*Listed Events*” means any of the events listed in Section 5(a).

“*MSRB*” means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule, or any other repository of disclosure information which may be designated by the Securities and Exchange Commission as such for purposes of the Rule in the future.

“*Official Statement*” means the final official statement executed by the District in connection with the issuance of the Bonds.

“Paying Agent” means U.S. Bank Trust Company, National Association or any successor thereto.

“Participating Underwriter” means Stifel, Nicolaus & Company, Incorporated, the original Underwriter of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Rule” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than the Annual Report Date, commencing by March 31, 2027 with the report for the 2025-26 fiscal year, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report that is consistent with the requirements of Section 4. Not later than 15 business days prior to the Annual Report Date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If by 15 business days prior to the Annual Report Date the Dissemination Agent (if other than the District) has not received a copy of the Annual Report, the Dissemination Agent shall contact the District to determine if the District is in compliance with the previous sentence. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 4; provided that the audited financial statements of the District may be submitted separately from the balance of the Annual Report, and later than the Annual Report Date, if not available by that date. If the District's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c). The District shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by the District hereunder.

(b) If the District does not provide (or cause the Dissemination Agent to provide) an Annual Report by the Annual Report Date, the District shall provide (or cause the Dissemination Agent to provide) notice to the MSRB, in a timely manner, in an electronic format as prescribed by the MSRB, with a copy to the Paying Agent.

(c) With respect to each Annual Report, the Dissemination Agent shall:

- (i) determine each year prior to the Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and
- (ii) if the Dissemination Agent is other than the District, file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided.

Section 4. Content of Annual Reports. The District's Annual Report shall contain or incorporate by reference the following:

(a) Audited financial statements prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the District's audited financial statements are not

available by the Annual Report Date, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) Unless otherwise provided in the audited financial statements filed on or before the Annual Report Date, financial information and operating data with respect to the District, as follows:

- (i) assessed valuation of taxable properties in the District for the then-current fiscal year;
- (ii) assessed valuation of properties in the District of the top twenty taxpayers for the then-current fiscal year;
- (iii) if the District is no longer a participant in the County of Fresno's Teeter Plan, property tax collection delinquencies for the District for the most recently available fiscal year, and
- (iv) the District's most recently adopted budget or approved interim report which is available at the time of filing the Annual Report; and
- (v) such further information, if any, as may be necessary to make the specifically required statements, in the light of the circumstances under which they are made, not misleading.

(c) Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which are available to the public on the MSRB's Internet web site or filed with the Securities and Exchange Commission.

Section 5. Reporting of Significant Events.

(a) The District shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to the Bonds:

- (1) Principal and interest payment delinquencies.
- (2) Non-payment related defaults, if material.
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (5) Substitution of credit or liquidity providers, or their failure to perform.
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or

determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.

- (7) Modifications to rights of security holders, if material.
- (8) Bond calls, if material, and tender offers.
- (9) Defeasances.
- (10) Release, substitution, or sale of property securing repayment of the securities, if material.
- (11) Rating changes.
- (12) Bankruptcy, insolvency, receivership or similar event of the District.
- (13) The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material.
- (15) Incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material.
- (16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall, or shall cause the Dissemination Agent (if not the District) to, file a notice of such occurrence with the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event.

(c) The District acknowledges that the events described in subparagraphs (a)(2), (a)(7), (a)(8) (if the event is a bond call), (a)(10), (a)(13), (a)(14) and (a)(15) of this Section contain the qualifier “if material” and that subparagraph (a)(6) also contains the qualifier “material” with respect to certain notices, determinations or other events affecting the tax status of the Bonds. The District shall cause a notice to be filed as set forth in paragraph (b) above with respect to any such event only to the extent that it determines the event’s occurrence is material for purposes of U.S. federal securities law. Whenever the District obtains knowledge of the occurrence of any of these Listed Events, the District will as soon as possible determine if such event would be material under applicable federal securities law. If such event is determined to be material, the District will cause a notice to be filed as set forth in paragraph (b) above.

(d) For purposes of this Disclosure Certificate, any event described in paragraph (a)(12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District,

or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(e) For purposes of Section 5(a)(15) and (a)(16), the term “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule.

Section 6. Identifying Information for Filings with the MSRB. All documents provided to the MSRB under the Disclosure Certificate shall be accompanied by identifying information as prescribed by the MSRB.

Section 7. Termination of Reporting Obligation. The District’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(c).

Section 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any Dissemination Agent, with or without appointing a successor Dissemination Agent. Any Dissemination Agent may resign by providing 30 days’ written notice to the District and the Paying Agent.

Section 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) if the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the District with respect to the Bonds, or type of business conducted;

(b) the undertakings herein, as proposed to be amended or waived, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) the proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Bond Resolution for amendments to the Bond Resolution with the consent of holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds.

If the annual financial information or operating data to be provided in the Annual Report is amended pursuant to the provisions hereof, the first annual financial information filed pursuant hereto containing the amended operating data or financial information shall explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

If an amendment is made to the undertaking specifying the accounting principles to be followed in preparing financial statements, the annual financial information for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to investors to enable them to evaluate the ability of the District to meet its obligations. To the extent reasonably feasible, the comparison shall be quantitative. A notice of the change in the accounting principles shall be filed in the same manner as for a Listed Event under Section 5(c).

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 11. Default. If the District fails to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Bond Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent.

(a) The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent shall not be deemed to be acting in any fiduciary capacity for the District, the Bondholders or any other party. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

(b) The Dissemination Agent shall be paid compensation by the District for its services provided hereunder in accordance with its schedule of fees as amended from time to time, and

shall be reimbursed for all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder.

Section 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and holders and beneficial owners from time to time of the Bonds and shall create no rights in any other person or entity.

APPENDIX F

DTC AND THE BOOK-ENTRY ONLY SYSTEM

The following description of the Depository Trust Company ("DTC"), the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, interest and other payments on the Bonds to DTC Participants or Beneficial Owners, confirmation and transfer of beneficial ownership interest in the Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters and neither the DTC Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC Participants, as the case may be.

Neither the District nor the Paying Agent takes any responsibility for the information contained in this Section.

No assurances can be given that DTC, DTC Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) Bonds representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Bonds, or that they will so do on a timely basis, or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Appendix. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC.

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (in this Appendix, the "Bonds"). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity of each series of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC. If, however, the aggregate principal amount of any maturity exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned

subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. *The information contained on this Internet site is not incorporated herein by reference.*

3. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive Bonds representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

4. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

6. Redemption notices will be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting

rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from District or Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, Paying Agent, or District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to District or Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bonds are required to be printed and delivered.

10. The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

11. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that District believes to be reliable, but District takes no responsibility for the accuracy thereof.

COUNTY OF FRESNO
AUDITOR-CONTROLLER/TREASURER-TAX COLLECTOR
TREASURY INVESTMENT POOL

INVESTMENT POLICY

1.0 Purpose

The Auditor-Controller/Treasurer-Tax Collector's policy is to invest public funds in a manner that will provide a market average rate of return consistent with the objectives included in this Investment Policy while meeting the daily cash flow demands of the County Treasury and conform to all applicable state laws governing the investment of public funds.

Investments differing from this policy shall be made only in circumstances where market timing or economic trends indicate such investments are beneficial. Such investments must comply with all applicable laws and may only be made with written approval by the Auditor-Controller/Treasurer-Tax Collector.

This Investment Policy is established under Government Code sections 27133 and 53646.

2.0 Scope

This Investment Policy applies to all financial assets deposited and retained in the County of Fresno Treasury Investment Pool.

3.0 Objective

The primary objectives, in priority order, of the County of Fresno's investment activities shall be the following:

3.1 Safety. Investments shall be undertaken in a manner that seeks to ensure preservation of capital in the overall portfolio. Investments should be made in securities of high quality to avoid credit risk and loss of principal.

3.2 Liquidity. The investment portfolio should remain sufficiently liquid to enable the Treasury Investment Pool to meet all its operating requirements which might be reasonably anticipated.

3.3 Return on Investment. The investment portfolio shall be designed with the objective of attaining the highest interest revenue, taking into consideration the

objectives of this Investment Policy and the cash flow characteristics of the portfolio.

3.4 Local Community Reinvestment. When it is in the best interest of the investment portfolio, and within the confines of other objectives enumerated in this Investment Policy, the Auditor-Controller/Treasurer-Tax Collector may give preference to local investment opportunities.

4.0 Delegation of Authority

The authority of the Board of Supervisors to delegate management responsibility for the County of Fresno Treasury Investment Pool is derived from GC 53607. Investment authority, in accordance with this provision, has been delegated to the Auditor-Controller/Treasurer-Tax Collector. The original delegation is in the Ordinance Code of the County of Fresno Section 2.20.080 and is subject to annual renewal by the Board of Supervisors. The Auditor-Controller/Treasurer-Tax Collector shall establish written procedures for the operation of the investment program consistent with this Investment Policy. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions (GC 53607).

No person may engage in an investment transaction for the Treasury Investment Pool except as provided under the terms of this policy and the procedures established by the Auditor-Controller/Treasurer-Tax Collector. The Auditor-Controller/Treasurer-Tax Collector shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate staff.

The County of Fresno Treasury Oversight Committee shall annually review and monitor the Investment Policy. The County of Fresno Treasury Oversight Committee shall also cause an annual audit to determine the Auditor-Controller/Treasurer-Tax Collector's compliance with this Investment Policy. The cost of the audit shall be considered an administrative cost of investing. Audit Reports are available to participants of the Treasury Investment Pool upon request (GC 27133, 27134 and 27135).

5.0 Ethics and Conflict of Interest

The Auditor-Controller/Treasurer-Tax Collector, the County of Fresno Treasury Oversight Committee and staff involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

Receipt of honoraria, gifts and gratuities from advisors, brokers, dealers, bankers or other persons with whom the County Treasury conducts business by any member of the County of Fresno Treasury Oversight Committee shall require the completion of an annual Statement of Economic Interests by each member to be filed with the member's respective agency. This policy sets a \$630 per current filing limit on the amount of honoraria, gifts and gratuities that a committee member may receive from a single source in a calendar year (GC 89503; 2 CCR section 18940.2).

6.0 Prudence

Investments shall be made with judgment and care, under the circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, and not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

6.1 The standard of prudence to be used by investment officials shall be the “prudent investor” standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with the investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk of market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

7.0 Borrowing for Purposes of Making Investments

The Fresno County Auditor-Controller/Treasurer-Tax Collector is prohibited from the practice of borrowing for the sole purpose of making investments.

8.0 Authorized Investments and Limits

All investments shall be governed by the Government Code and comply with the specific limitations set forth within this Investment Policy. Securities shall be valued at amortized cost when determining their percentage to the money in the County of Fresno Treasury Investment Pool. Additions or deviations from this list must be expressly authorized by the Government Code and approved by the Auditor-Controller/Treasurer-Tax Collector. Investments not expressly authorized by law are prohibited.

The Auditor-Controller/Treasurer-Tax Collector interprets the authorized investment limits to be based upon the portfolio allocation at the time a security is purchased. The portfolio allocation may temporarily fall outside of these limits due to maturities and fluctuations in the size of the pool after the purchase of a security. Additionally, the applicable credit ratings are interpreted to be based upon the rating at the time the security is purchased.

8.1 United States Treasury Bills, Notes, Certificates of Indebtedness, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest.

8.2 Obligations issued by Federal Farm Credit Banks, Federal Home Loan Banks, the Federal Home Loan Mortgage Company, or in obligations, participations, or other instruments of or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in obligations, participations, or other instruments of or issued by a federal agency or a United States Government-sponsored enterprise.

8.3 Bills of Exchange or Time Drafts drawn on and accepted by a commercial bank, otherwise known as Bankers Acceptances, both domestic and foreign, which are eligible for purchase by the Federal Reserve System. Any investment in Bankers Acceptances shall be restricted to the top 150 banks in the world as determined by their total assets and limited to those institutions in this group whose short term debt rating is of prime quality of the highest ranking or of the highest letter and numerical rating as provided for by a nationally recognized statistical-rating service.

Purchases of Bankers Acceptances may not exceed 180 days maturity or 40 percent of the money in the Treasury Investment Pool.

8.4 Commercial Paper of prime quality of the highest ranking or of the highest letter and numerical rating as provided for by a nationally recognized statistical rating organization, having a maximum maturity of 270 days or less. The entity that issues the commercial paper shall meet all of the following conditions of either (1) or (2): (1) The entity must be organized and operating within the United States as a general corporation; have total assets in excess of five hundred million dollars; and have a rating category of "A" or its equivalent or higher by a nationally recognized statistical rating organization for its debt other than commercial paper, if any. (2) The entity must be organized within the United States as a special purpose corporation, trust, or limited liability company; have program wide credit enhancements including, but not limited to, overcollateralization, letters of credit, or a surety bond; and have commercial paper that is rated "A-1" or higher, or the equivalent, by a nationally recognized statistical rating organization.

Additionally, GC 53635 limits the assets held by the Treasury Investment Pool in any single issuer to 10 percent and the total Commercial Paper investments may not exceed 40 percent of the total assets in the Treasury Investment Pool.

8.5 Negotiable Certificates of Deposit issued by a nationally or state-chartered bank, savings association, federal association, or state-licensed branch of a foreign bank. Any investment is to be restricted to the top 150 banks in the

world as determined by their total assets and limited to those institutions in this group whose short term debt rating is of prime quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc. or Standard and Poor's (P-1; A-1). As an alternative to the credit guidelines above, banks, savings associations or federal associations having a four star rating or higher rating as provided for by Bauer Financial, Inc. or a comparable rating service, shall be considered eligible institutions for these investments.

Investments in Negotiable Certificates of Deposit (including those allowed under section 8.6.1) may not exceed 30 percent of the money in the Treasury Investment Pool. No more than 5 percent of the money shall be invested in any one institution.

8.6 Non-negotiable Time Certificates of Deposit issued by a nationally or state-chartered bank, savings association or federal association (GC 53601 (n)). Unless fully covered by FDIC insurance, including the interest earned, these investments require full collateralization with government securities totaling 110 percent or mortgages totaling 150 percent of the principal amount (GC 53652). Any investment is to be restricted to those institutions whose short term rating is of prime quality of the highest ranking as provided for by Moody's Investors Service, Inc. or Standard and Poor's (P-1; A-1). As an alternative to the credit guidelines above, banks, savings associations or federal associations having a four star rating or higher as provided for by Bauer Financial, Inc. or a comparable rating service, shall be considered eligible institutions for these investments. Any investment will require the approval and execution of a Contract for Deposit by the Auditor-Controller/Treasurer-Tax Collector, as authorized by GC 53682.

Investments in Non-negotiable Time Certificates of Deposit may not exceed 50 percent of the money in the Treasury Investment Pool. No more than 15 percent of the money shall be invested in any one institution.

8.6.1 Investments in certificates of deposit at a commercial bank, savings bank, savings and loan association, or credit union that uses a private sector entity that assists in the placement of certificates of deposit. Investments will be made in compliance with GC 53635.8. Investments shall be initially placed with a nationally or state-chartered commercial bank, savings bank, savings and loan association or a credit union in this state, which shall be known as the selected depository institution. Any investment will require the approval and execution of a Deposit Placement Agreement by the Auditor-Controller/Treasurer-Tax Collector. Investments in certificates of deposit under sections 8.5 and 8.6.1 may not exceed 30 percent of the money in the Treasury Investment Pool. Additionally, investments under 8.6.1 shall not exceed 15 percent of the money in the Treasury Investment Pool.

8.7 Investments in Repurchase Agreements representing United States Treasury Securities, United States Agency discount and coupon securities, domestic and foreign Banker's Acceptances, commercial paper, and domestic bank/savings associations or federal associations Negotiable Certificates of Deposit.

Investments shall be made only after the execution of a Repurchase and Custody Agreement (Tri-Party Agreement) between the County or the investment manager (if under contract), the dealer and the Custodian. Investments will consist of overnight Repurchase Agreements, which include weekend placements and maturities (GC 53601 (j)).

Excluding circumstances of market-timing and known cash demands, investments in Repurchase Agreements shall be limited to not more than 15 percent of the money in the Treasury Investment Pool. The market value of securities that underlie a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against these securities. Any exceptions to the maturity or investment amount provisions will require written approval by the Auditor-Controller/Treasurer-Tax Collector.

8.8 Medium-term Notes with a maximum remaining maturity of five years or less issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment shall be rated in a rating category of "A" or higher, by Standard and Poor's Corporation, or its equivalent or better by a nationally recognized rating service.

Investments in Medium-term Notes may not exceed 30 percent of the money in the Treasury Investment Pool.

8.9 Investment of funds in the Local Agency Investment Fund (LAIF) created by law, which the State Treasurer invests through the Pooled Money Investment Account. Money invested in LAIF is available for overnight liquidity; however, it is also subject to a limited number of transactions per month. Money shall be placed in LAIF as alternative liquid investments under the guidelines of this policy pertaining to yield. The County may invest up to the maximum amount permitted by LAIF, not to exceed 10 percent of the portfolio. The Auditor-Controller/Treasurer-Tax Collector may invest any portion of debt proceeds in the LAIF.

8.10 Shares of beneficial interest issued by diversified management companies, otherwise known as Mutual Funds, investing in the securities and obligations as authorized by the GC 53601 et. seq.

To be eligible for investment, these companies shall either: (1) attain the highest ranking or the highest letter and numerical rating provided by two of the largest

nationally recognized rating services, or (2) have an investment adviser registered with the Securities and Exchange Commission with at least five years of experience investing in the securities authorized by the GC sections noted above and with assets under management in excess of \$500,000,000.

Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940. To be eligible for investment, these companies shall either: (1) attain the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations, or (2) retain an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of \$500,000,000 (GC 53601).

Investment in Mutual Funds shall not include the payment of any commission that diversified management companies may charge and may not exceed 20 percent of the surplus funds in the Treasury Investment Pool. Only 10 percent of the surplus funds may be invested in any one mutual fund (GC 53601, 53635.2).

8.11 Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond of a maximum of five years maturity. Securities eligible for investment shall be rated "AA" or its equivalent or better by a nationally recognized rating service.

Investments in these securities may not exceed 10 percent of the funds in the Treasury Investment Pool.

8.12 Bond proceeds may be invested in accordance with the Government Code provisions, or they may be invested in alternative vehicles if authorized by bond documents (GC 53635.2 and California Debt and Investment Advisory Commission (CDIAC) Local Agency Investment Guidelines).

8.13 External Investment Managers. The Auditor-Controller/Treasurer-Tax Collector may contract with external investment managers to provide investment management services. These managers may be hired to invest funds not needed for liquidity and to increase the rate of return of the pool by employing an active investment strategy. The external investment manager is allowed to make specific investment decisions within the framework of this investment policy.

External investment managers are required to provide timely transaction documentation and investment reports to ensure that the manager's actions comply with the requirements of the law and this investment policy. External

investment managers shall remit, at least quarterly, the interest earnings to the Pool to allow these earnings to be apportioned to the pool participants.

Selection of External Investment Managers is subject to section 13.0 of this Investment Policy. Additionally, after selection, the manager's performance shall be reviewed against the agreed upon benchmark.

8.14 Registered state warrants or treasury notes or bonds of the State of California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

Investments in these securities may not exceed 10 percent of the surplus funds in the Treasury Investment Pool.

8.15 United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), or Inter-American Development Bank (IADB), with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States.

Investments under this section 8.15 shall be rated in a rating category of "AA" or its equivalent or better by a nationally recognized rating service.

Additionally, investment under this section 8.15 shall not exceed 5 percent of the money in the Treasury Investment Pool.

9.0 Selection of Investments

Except as provided below, investments shall only be made following a minimum of three competitive comparisons with offerings documented and retained for each type of investment.

Exceptions to this requirement are: 1) California registered state warrants under section 8.14, and 2) U.S. Treasury Bills and Notes under section 8.1.

10.0 Diversification

The Treasury Investment Pool shall be diversified by security type and institution. In addition to the requirements in section 8.0, "Authorized Investments and Limits," no more than 5% of the money in the Treasury Pool may be invested with any one corporate issuer, regardless of the type of the investment.

11.0 Maximum Maturities

To the extent possible, investments shall be made to match anticipated cash requirements. Unless matched to a specific cash flow, normal investments will be in securities such that the average weighted maturity of the Treasury Investment Pool shall not exceed 3.5 years. Proceeds of sales or funds set aside for the repayment of any notes issued for temporary borrowing purposes shall not be invested for a term that exceeds the term of the notes.

12.0 Selling Securities Prior to Maturity

Securities purchased shall normally be held until maturity. Occasionally, opportunities will exist to sell securities prior to maturity and purchase other securities (swap/trade). Securities that are no longer in compliance with this Investment Policy may be sold prior to maturity. Securities may also be sold in order to maintain the liquidity of the Treasury Investment Pool.

13.0 Authorized Financial Dealers and Institutions

The Auditor-Controller/Treasurer-Tax Collector shall maintain a list of financial institutions authorized to provide investment services. In addition, a list shall also be maintained of approved security broker-dealers selected by credit worthiness, who maintain an office in the State of California. These may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission Rule 15c3-1 (uniform net capital rule). No public deposit shall be made except in a qualified public depository as established by state laws.

All financial institutions and broker-dealers who desire to become qualified bidders for investment transactions must supply the following: audited financial statements, proof of Financial Industry Regulatory Authority membership, trading resolution, proof of state registration, completed broker-dealer questionnaire, certification of having read this Investment Policy, and if applicable, depository contracts. Broker-dealers are evaluated and selected based upon criteria that include: organization experience and credibility, individual broker-dealer qualifications, compliance, product inventory, and economic research.

An annual review of the financial conditions and registrations of selected brokers shall be conducted by the Auditor-Controller/Treasurer-Tax Collector. A current audited financial statement is required to be on file for each authorized financial institution and broker-dealer.

Investment managers are evaluated and selected based upon criteria that include: organization experience and credibility, staff experience, compliance, and performance.

The selection of any broker, brokerage firm, dealer or securities firm that has, within any consecutive 48 month period following January 1, 1996, made a political contribution in an amount exceeding the limitations contained in Rule G-37 of the Municipal Securities Rulemaking Board, to the Auditor-Controller/Treasurer-Tax Collector or member of the Board of Supervisors or any candidate for those offices is prohibited. The County will, to the best of its ability, monitor and comply with this requirement.

14.0 **Confirmation**

Receipts for confirmation of purchase of authorized securities should include the following information: trade date, par value, maturity, rate, price, yield, settlement date, description of securities purchased, agency's name, net amount due, and third party custodian information. Confirmation of all investment transactions should be received by the Auditor-Controller/Treasurer-Tax Collector within five business days of the transaction.

15.0 **Safekeeping and Custody**

Investments, excluding Non-negotiable Time Certificates of Deposit, Repurchase Agreements and investments that are under the management of contracted parties, shall be held in custody with the Service Bank or its correspondent or other institutions approved by the Auditor-Controller/Treasurer-Tax Collector. Investments in Repurchase Agreements shall be held in custody by the Custodian to the Tri-Party Agreement.

16.0 **Performance Standards**

The investment portfolio shall be designed to obtain a market average rate of return during budgetary and economic cycles, taking into account investment risk constraints and cash flow needs.

16.1 Market yield benchmark. The investment strategy is passive. Given this strategy, the basis used by the Auditor-Controller/Treasurer-Tax Collector to determine whether market yields are being achieved shall be the 0-5 year U.S. Treasury index rate.

17.0 **Administrative Cost of Investing**

The Auditor-Controller/Treasurer-Tax Collector may deduct actual administrative costs associated with investing, depositing, banking, auditing, reporting, or otherwise handling or managing of funds. The administrative costs shall be segregated and deducted from the interest earnings of the Treasury Pool each quarter prior to the distribution of interest earnings.

18.0 Credit of Interest Earnings

Interest shall be credited based on the average daily cash balance of money on deposit in the County Treasury for the calendar quarter and shall be paid quarterly.

19.0 Local Agency Deposit of Excess Funds

The County Auditor-Controller/Treasurer-Tax Collector is authorized to accept deposits of excess funds from local agencies within Fresno County pursuant to Resolution 98-354 and in accordance with Government Code section 53684. Such deposits will be accepted, if at all, subject to the terms and conditions of a written agreement between the depositing agency and the Auditor-Controller/Treasurer-Tax Collector. In deciding whether to accept such deposits, the Auditor-Controller/Treasurer-Tax Collector considers factors that may include, but are not limited to, the objectives of this policy, the potential effect of such deposits on the volatility of the investment portfolio, the human resources available to conduct investment activities, and the best interests of current depositors.

20.0 Withdrawal of Funds from the Treasury Pool

The withdrawal of funds by any depositor/participant in the County of Fresno Treasury Investment Pool shall not adversely affect the interests of the other depositors/participants in the County of Fresno Treasury Investment Pool. All withdrawals that are not considered as funds being utilized for operations shall be presented to the Auditor-Controller/Treasurer-Tax Collector for review and approval. The Auditor-Controller/Treasurer-Tax Collector shall perform an assessment of the effect of a proposed withdrawal on the stability and predictability of the investments in the Treasury Investment Pool as is required by GC 27136 and 27133. Prior to approving a withdrawal, the Auditor-Controller/Treasurer-Tax Collector shall find that the proposed withdrawal will not adversely affect the interests of the other depositors in the Treasury Investment Pool. All requests for withdrawals shall be considered in order of receipt and shall in no way affect the ability of the Auditor-Controller/Treasurer-Tax Collector to meet the pool's expenditure requirements.

If the Auditor-Controller/Treasurer-Tax Collector's assessment of the effect of the proposed withdrawal does not negatively impact the stability and predictability of the investments and the interests of other depositors, the Auditor-Controller/Treasurer-Tax Collector may authorize a total or partial withdrawal of funds from the Treasury Pool. A total withdrawal of funds from the County of Fresno Treasury Investment Pool by a participant requires a 30-day written notice to the Auditor-Controller/Treasurer-Tax Collector.

Withdrawals involving less than the participant's total funds (other than for operational needs) are subject to all of the following constraints:

- each withdrawal shall be limited to a maximum of \$5,000,000
- no more than two withdrawals of a non-operational purpose are allowed per 30 day period
- at least ten days must lapse before the second withdrawal in any 30 day period will be considered by the Auditor-Controller/Treasurer-Tax Collector
- each withdrawal shall be submitted to the Auditor-Controller/Treasurer-Tax Collector at least 2 business days prior to the date of withdrawal

The depositor/participant shall notify the Auditor-Controller/Treasurer-Tax Collector of normal operating expenditures or disbursements in excess of \$1,000,000 as early as possible, preferably three business days in advance of disbursement, in order to adjust the cash position to meet disbursement requirements.

21.0 Reporting

The Auditor-Controller/Treasurer-Tax Collector shall provide the Board of Supervisors with a monthly inventory report and a monthly transaction report of the Treasury Investment Pool. The Auditor-Controller/Treasurer-Tax Collector shall provide a quarterly investment report to the Board of Supervisors, the County Administrative Officer and the County of Fresno Treasury Oversight Committee. The quarterly report shall be submitted within 30 days following the end of the quarter covered by the report. Monthly inventory reports and quarterly investment reports are available to participants of the pool upon request (GC 53646).

22.0 Internal Control

As part of the County of Fresno's annual independent audit, the investment program shall be reviewed for appropriate internal controls that provide assurance of compliance with policies and procedures.

23.0 Investment Policy Review

This Investment Policy shall be reviewed on an annual basis by the Auditor-Controller/Treasurer-Tax Collector and rendered annually to the Board of

Supervisors and the County of Fresno Treasury Oversight Committee, which consists of the following members:

- The County Auditor-Controller/Treasurer-Tax Collector
- A representative appointed by the County Board of Supervisors
- The County Superintendent of Schools or the Superintendent’s designee
- A representative selected by a majority of the presiding officers of the governing bodies of the school districts and community college districts in the County
- A representative selected by a majority of the presiding officers of the legislative bodies of the special districts in the County that are required or authorized to deposit funds in the County Treasury

The Board of Supervisors shall accept and approve the investment policy and any changes thereto at a public meeting (GC 27133, 53646).

24.0 **Disaster/Business Continuity Plan**

The County of Fresno Treasurer’s banking and investment functions are critical to the function of Treasury Investment Pool and therefore must have a continuity plan to guide operations in the event of a disaster or business interruption.

The objective of the Disaster/Business Continuity Plan is to protect and account for all funds on deposit with the county treasurer and to be able to continue banking and investment functions for all participants in the event of an occurrence; i.e., earthquake, fire, flood, or some other event, which disrupts normal operations. The Plan provides for the ability to perform banking and investment functions at an off-site location under less than optimal conditions.

APPENDIX A
(Continued)

- (1) Investment policy limits any investment in bankers acceptances to the top 150 banks in the world as determined by their total assets and limited to those institutions in this group whose short term debt is of prime quality and of the highest ranking as provided for by Moody's or Standard and Poor's (P-1, A-1).
- (2) Banks, savings associations or federal associations having a "4 Star" or higher rating as provided by Bauer Financial, Inc. or a comparable rating service. For negotiable certificates of deposit, no more than 5 percent of the money shall be invested in any one institution. Negotiable certificates of deposit and account registry service deposits combined shall not exceed 30% of the portfolio. For non-negotiable certificates of deposit, no more than 15 percent of the money shall be invested in any one institution.
- (3) LAIF Board of Directors currently limits the investment to \$75,000,000, excluding bond and note proceeds. Government Code does not place a percentage limit on the amount of money that may be invested in LAIF.
- (4) Diversified management companies investing in the securities and obligations as authorized by California Government Code, Sections 53601, et seq., shall either (1) attain the highest ranking or the highest letter and numerical rating provided by two of the largest nationally recognized rating services, or (2) have an investment adviser registered with the SEC with at least five years of experience investing in the securities authorized by code sections noted in the policy and with assets under management in excess of \$500,000,000.

Diversified management companies issuing shares of beneficial interest that are money market funds registered with the Securities and Exchange Commission (SEC) under the Investment Act of 1940 shall either (1) attain the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations, or (2) retain an investment adviser registered or exempt from registration with the SEC with not less than five years of experience managing money market mutual funds with assets under management in excess of \$500,000,000. Only 10 percent of the money may be invested in any one mutual fund.

APPENDIX C

Glossary of Cash Management Terms

The following is a glossary of key investing terms, many of which appear in County of Fresno Treasury Investment Policy. This glossary has been adapted from the Government Finance Officers Association (GFOA) sample investment policy.

Accrued Interest - The accumulated interest due on a bond as of the last interest payment made by the issuer.

Agency - A debt security issued by a federal or federally sponsored agency. Federal agencies are backed by the full faith and credit of the U.S. Government. Federally sponsored agencies (FSAs) are backed by each particular agency with a market perception that there is an implicit government guarantee. An example of federal agency is the Government National Mortgage Association (GNMA). An example of a FSA is the Federal National Mortgage Association (FNMA).

Amortization - The systematic reduction of the amount owed on a debt issue through periodic payments of principal.

Average Life - The average length of time that an issue of serial bonds term bonds, or both, with a mandatory sinking fund feature is expected to be outstanding.

Bankers' Acceptance - A draft or bill or exchange accepted by a bank or trust company. The accepting institution, as well as the issuer, guarantees payment of the bill.

Basis Point - A unit of measurement used in the valuation of fixed-income securities equal to 1/100 of 1 percent of yield, e.g., 1/4 of 1 percent is equal to 25 basis points.

Bid - The indicated price at which a buyer is willing to purchase a security or commodity.

Book Value - The value at which a security is carried on the inventory lists or other financial records of an investor. The book value may differ significantly from the security's current value in the market.

Callable Bond - A bond issue in which all or part of its outstanding principal amount may be redeemed before maturity by the issuer under specified conditions.

Call Price - The price at which an issuer may redeem a bond prior to maturity. The price is usually at a slight premium to the bond's original issue price to compensate the holder for loss of income and ownership.

Call Risk - The risk to a bondholder that a bond may be redeemed prior to maturity.

Cash Sale/Purchase - A transaction which calls for delivery and payment of securities on the same day that the transaction is initiated.

APPENDIX C

(Continued)

Certificate of Deposit (CD) - A short-term, secured deposit in a financial institution that usually returns principal and interest to the lender at the end of the loan period.

Certificate of Deposit Account Registry System (CDARS) - A private CD placement service that allows local agencies to purchase more than \$100,000 in CDs from a single financial institution (must be a participating institution of CDARS) while still maintaining FDIC insurance coverage. CDARS facilitates the trading of deposits between the California institution and other participating institutions in amounts that are less than \$100,000 each, so that FDIC coverage is maintained.

Collateralization - Process by which a borrower pledges securities, property, or other deposits for the purpose of securing the repayment of a loan security, or both.

Commercial Paper - An unsecured short-term promissory note issued, with maturities ranging from 1 to 270 days.

Convexity - A measure of a bond's price sensitivity to changing interest rates. A high convexity indicates greater sensitivity of a bond's price to interest rate changes.

Coupon Rate - The annual rate of interest received by an investor from the issuer of certain types of fixed-income securities. Also known as the "interest rate."

Credit Quality - The measurement of the financial strength of a bond issuer. This measurement helps an investor to understand an issuer's ability to make timely interest payments and repay the loan principal upon maturity. Generally, the higher the credit quality of a bond issuer, the lower the interest rate paid by the issuer because the risk of default is lower. Credit quality ratings are provided by nationally recognized rating services.

Credit Risk - The risk to an investor that an issuer will default in the payment of interest principal on a security, or both.

Current Yield (Current Return) - A yield calculation determined by dividing the annual interest received on a security by the current market price of that security.

Delivery Versus Payment (DVP) - A type of securities transaction in which the purchaser pays for the securities when they are delivered either to the purchaser or his/her custodian.

Discount - The amount by which the par value of a security exceeds the price paid for the security.

Diversification - A process of investing assets among a range of security types by sector, maturity, and quality rating.

Fair Value - The amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

APPENDIX C

(Continued)

Federal Funds (Fed Funds) - Funds placed in Federal Reserve banks by depository institutions in excess of current reserve requirements. These depository institutions may lend fed funds to each other overnight or on a longer basis. They may also transfer funds among each other on a same-day basis through the Federal Reserve banking system. Fed funds are considered to be immediately available funds.

Federal Funds Rate - Interest rate charged by one institution lending federal funds to the other.

Financial Industry Regulatory Authority (FINRA) - The largest independent regulator for all securities firms in the United States.

Government Securities - An obligation of the U.S. government, backed by the full faith and credit of the government. These securities are regarded as the highest quality of investment securities available in the U.S. securities market. See "Treasury Bills, Notes, and Bonds."

Interest Rate - See "Coupon Rate."

Interest Rate Risk - The risk associated with declines or rises in interest rates which cause in investment in a fixed-income security to increase or decrease in value.

Inverted Yield Curve - A chart formation that illustrates long-term securities having lower yields than short-term securities. This configuration usually occurs during periods of high inflation coupled with low levels of confidence in the economy and a restrictive monetary policy.

Investment Company Act of 1940 - Federal legislation which sets the standards by which investment companies, such as mutual funds, are regulated in the areas of advertising, promotion, performance reporting requirements, and securities valuations.

Investment Policy - A concise and clear statement of the objectives and parameters formulated by an investor or investment manager for a portfolio of investment securities.

Investment-grade Obligations - An investment instrument suitable for purchase by institutional investors under the prudent person rule. Investment-grade is restricted to those obligations rated BBB or higher by a rating agency.

Liquidity - An asset that can be converted easily and quickly into cash without significant loss of value.

Local Agency Investment Fund - A voluntary investment fund open to government entities and certain non-profit organizations in California that is managed by the State Treasurer's Office.

Local Government Investment Pool (LGIP) - An investment by local governments in which their money is pooled as a method for managing local funds.

Mark-to-market - The process whereby the book value or collateral value of a security is adjusted to reflect its current market value.

APPENDIX C (Continued)

Market Risk - The risk that the value of a security will rise or decline as a result of changes in market conditions.

Market Value - Current market price of a security.

Maturity - The date on which payment of a financial obligation is due. The final stated maturity is the date on which the issuer must retire a bond and pay the face value to the bondholder. See "Weighted Average Maturity."

Medium-Term Note - Corporate or depository institution debt securities meeting certain minimum quality standards (as specified in California Government Code) with a remaining maturity of five years or less.

Money Market Mutual Fund - Mutual funds that invest solely in money market instruments (short-term debt instruments, such as Treasury bills, commercial paper, bankers' acceptances, repos and federal funds).

Mortgage Backed Securities - Mortgage-backed securities (MBS) are created when a purchaser of residential real estate mortgages creates a pool of mortgages and markets undivided interest or participations in the pool. MBS owners receive a prorate share of the interest and principal passed through from the pool of mortgages. Most MBS are issued guaranteed, or both, by federal agencies and instrumentalities.

Mortgage Pass-Through Obligations - Securities that are created when residential mortgages are pooled together and undivided interests or participations in the stream of revenues associated with the mortgages are sold.

Mutual Fund - An investment company that pools money and can invest in a variety of securities, including fixed-income securities and money market instruments. Mutual funds are regulated by the Investment Company Act of 1940 and must abide by the following Securities and Exchange Commission (SEC) disclosure guidelines:

1. Report standardized performance calculations.
2. Disseminate timely and accurate information regarding the fund's holdings, performance, management and general investment policy.
3. Have the fund's investment policies and activities supervised by a board of trustees, which are independent of the adviser, administrator or other vendor of the fund.
4. Maintain the daily liquidity of the fund's shares.
5. Value their portfolios on a daily basis.
6. Have all individuals who sell SEC-registered products licensed with a self-regulating organization (SRO) such as the National Association of Securities Dealers (NASD).
7. Have an investment policy governed by a prospectus which is updated and filed by the SEC annually.

APPENDIX C

(Continued)

Negotiable Certificates of Deposit - Short-term debt instrument that usually pays interest and is issued by a bank, savings or federal association, or state or federal credit union, or state-licensed branch of a foreign bank. Negotiable CDs are traded in a secondary market and are payable upon order to the bearer or initial depositor (investor).

Net Asset Value - The market value of one share of an investment company, such as a mutual fund. This figure is calculated by totaling a fund's assets which includes securities, cash, and any accrued earnings, subtracting this from the fund's liabilities and dividing this total by the number of shares outstanding. This is calculated once a day based on the closing price for each security in the fund's portfolio. (See below.)
$$\frac{[(\text{Total assets}) - (\text{Liabilities})]}{(\text{Number of shares outstanding})}$$

Nominal Yield - The stated rate of interest that a bond pays its current owner, based on par value of the security. It is also known as the "coupon," "coupon rate," or "interest rate."

Non-negotiable Certificates of Deposit - CDs that carry a penalty if redeemed prior to maturity. Non-negotiable CDs issued by banks and savings and loans are insured by the Federal Deposit Insurance Corporation up to \$100,000, including principal and interest. Amounts deposited above this amount may be secured with other forms of collateral.

Offer - An indicated price at which market participants are willing to sell a security or commodity. Also referred to as the "Ask price."

Par - Face value or principal value of a bond, typically \$1,000 per bond.

Positive Yield Curve - A chart formation that illustrates short-term securities having lower yields than long-term securities.

Premium - The amount by which the price paid for a security exceeds the security's par value.

Principal - The face value or par value of a debt instrument. Also, may refer to the amount of capital invested in a given security.

Prospectus - A legal document that must be provided to any prospective purchaser of a new securities offering registered with the SEC. This can include information on the issuer, the issuer's business, the proposed use of proceeds, the experience of the issuer's management, and certain certified financial statements.

Prudent Person Rule - An investment standard outlining the fiduciary responsibilities of public funds investors relating to investment practices.

APPENDIX C

(Continued)

Regular Way Delivery - Securities settlement that calls for delivery and payment on the third business day following the trade date (T+3); payment on a T+1 basis is currently under consideration. Mutual funds are settled on a same day basis; government securities are settled on the next business day.

Reinvestment Risk - The risk that a fixed-income investor will be unable to reinvest income proceeds from a security holding at the same rate of return currently generated by that holding.

Repurchase Agreement (Repo or RP) - An agreement of one party to sell securities at a specified price to a second party and a simultaneous agreement of the first party to repurchase the securities at a specified price or at a specified later date.

Reverse Repurchase Agreement (Reverse Repo) - An agreement of one party to purchase securities at a specified price from a second party and a simultaneous agreement by the first party to resell the securities at a specified price to the second party on demand or at a specified date.

Rule 2a-7 of the Investment Company Act - The Securities and Exchange Commission regulates money market funds in the United States and this rule restricts quality, maturity and diversity of investments by money market funds in an attempt to provide a safe, liquid alternative to bank deposits, while providing a higher yield.

Safekeeping - Holding of assets (e.g., securities) by a financial institution.

Swap - Trading one asset for another.

Term Bond - Bonds comprising a large part or all of a particular issue which come due in a single maturity. The issuer usually agrees to make periodic payments into a sinking fund for mandatory redemption of term bonds before maturity.

Total Return - The sum of all investment income plus changes in the capital value of the portfolio. For mutual funds, return on an investment is composed of share price appreciation plus any realized dividends or capital gains. This is calculated by taking the following components during a certain time period. $(\text{Price Appreciation}) + (\text{Dividends paid}) + (\text{Capital gains}) = \text{Total Return}$

Treasury Bills - Short-term U.S. government non-interest bearing debt securities with maturities of no longer than one year and issued in minimum denominations of \$10,000. Auctions of three- and six-month bills are weekly, while auctions of one-year bills are monthly. The yields on these bills are monitored closely in the money markets for signs of interest rate trends.

APPENDIX C

(Continued)

Treasury Notes - Intermediate U.S. government debt securities with maturities of one to 10 years and issued in denominations ranging from \$1,000 to \$1 million or more.

Treasury Bonds - Long-term U.S. government debt securities with maturities of ten years or longer and issued in minimum denominations of \$1,000. Currently, the longest outstanding maturity for such securities is 30 years.

Uniform Net Capital Rule - SEC Rule 15c3-1 outlining capital requirements for broker-dealers.

Volatility - A degree of fluctuation in the price and valuation of securities.

Weighted Average Maturity (WAM) - The dollar-weighted average maturity of all the securities that comprise a portfolio.

When Issued (WI) - A conditional transaction in which an authorized new security has not been issued. All "when issued" transactions are settled when the actual security is issued.

Yield - The current rate of return on an investment security generally expressed as a percentage of the security's current price.

Yield-to-call (YTC) - The rate of return an investor earns from a bond assuming the bond is redeemed (called) prior to its nominal maturity date.

Yield Curve - A graphic representation that depicts the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity. A normal yield curve may be alternatively referred to as a positive yield curve.

Yield-to-maturity - The rate of return yielded by a debt security held to maturity when both interest payments and the investor's potential capital gain or loss are included in the calculation of return.

Zero-coupon Securities - Security that is issued at a discount and makes no periodic interest payments. The rate of return consists of a gradual accretion of the principal of the security and is payable at par upon maturity.

Compliance

The Treasury Investment Pool is in compliance with the County of Fresno Treasury Investment Pool Investment Policy.

The Treasury Investment Pool contains sufficient cash flow to meet the expected expenditures for the next six months.

Review and Monitoring

Meeder Public Funds, the County's investment advisor, currently monitors the Treasury Department's investment activities.

Additional Information

Securities are purchased with the expectation that they will be held to maturity, so unrealized gains or losses are not reflected in the yield calculations.

The market values of securities were taken from pricing services provided by Ice Data Services.
